Amendment RL43

The Surf Coast Shire has prepared Amendment RL43 to the Surf Coast Planning Scheme.

The amendment proposes to change the Local and Regional Sections of Book 1 of the Planning Scheme by:

1. Rezoning land at 15 Bimbadeen Drive, Fairhaven, from "Rural Natural Features Zone" and "Rural Floodland Zone", both with a "Preservation Order Area Overlay" to part "Residential A Zone" with a "Preservation Order Area Overlay" and part "Public Open Space (Existing) Reservation F—(Flora and Fauna Reserve)".

2. Rezoning land at 23 to 79 Bamba Road, Aireys Inlet, from "Rural Natural Features Zone" and "Rural Floodland Zone", both with a "Preservation Order Area Overlay" and "Public Open Space (Proposed) Reservation A—(Foreshore and Streamside Reserve)" to part "Residential A Zone" with a "Preservation Order Area Overlay", part "Public Open Space (Existing) Reservation A—(Foreshore and Streamside Reserve)" and part "Public Open Space (Existing) Reservation B—(Public Park)".

3. Inserting two site specific clauses which would:

VICTORIAN CASINO AND GAMING AUTHORITY

Variation to the Rules of Games that may be Played in the Temporary Casino at the Galleria in the World Trade Centre

Under Section 60 (1) of the Casino Control Act 1991 the Victorian Casino and Gaming Authority on 18 October 1996 resolved to amend the Rules of the Games that may be played in the Temporary Casino at the Galleria in the World Trade Centre, which were published in the Government Gazette on 16 June 1994, by inserting the following after Part XIII—Keno:

"PART XIV RULES FOR SUPER PAN 9

1. Definitions
 - 1.1 In these rules the following meanings apply:
 - 1.1.1 "Dealer" means the person responsible for dealing the cards at a Super Pan 9 table;
 - 1.1.2 "Point count" means the value of a hand determined in accordance with the method set out in rule 3.3;
 - 1.1.3 "Games Supervisor" means the person responsible for the supervision of the operation of the game.
 - 1.1.4 "Casino Supervisor" means a person other than a games supervisor who is responsible for the supervision and management of gaming operations.
2. Equipment
 - 2.1 The Super Pan 9 table shall have on one side, places for players and, on the opposite side, a place for the dealer. The tablecloth shall be marked in a manner similar to that shown in diagram "A" with:
 - 2.1.1 areas for wagers, the number of areas being seven as per diagram "A"; and
 - 2.1.2 inscriptions to the effect that:
 - 2.1.2.1 winning wagers pay 1 to 1 minus 5% commission; and
 - 2.1.2.2 dealer must stand on 6 and draw to 5
 - 2.1.3 the name and/or logo of the casino imprinted thereon.
 - 2.2 A dealing shoe shall be used from which all cards shall be dealt.
3. The Cards
 - 3.1 Super Pan 9 shall be played with:
 - 3.1.1 10 or 12 decks of cards from which the 7s, 8s, 9s, 10s and Jokers have been removed;

- 3.1.2 cards with backs of the same colour and design; and
- 3.1.3 one cutting card.
- 3.2 Cards shall be checked prior to use on a gaming table and may be checked at the conclusion of gaming.
- 3.3 The value of cards is as follows:
 - 3.3.1 for cards 2, 3, 4, 5 and 6—face value;
 - 3.3.2 for an Ace—one; and
 - 3.3.3 subject to rule 7.2, for a Jack, Queen or King—zero.
- 3.4 The point count for a hand shall be:
 - 3.4.1 when the total value of the cards in a hand is a number between 0–9 inclusive—that number;
 - 3.4.2 when the total value of the cards in a hand is the number 10 or a higher number—the right digit of that number.
- 4. Shuffle and Cut of the Cards
- 4.1 The cards shall be shuffled so that they are randomly intermixed:
 - 4.1.1 prior to the start of play;
 - 4.1.2 when the cut card is exposed or drawn as the first card of a new round;
 - 4.1.3 at the completion of the round of play in which the cutting card is exposed; and
 - 4.1.4 immediately if, in the opinion of a game supervisor, the cards are dealt in a sequence which is abnormal.
- 4.2 After the cards have been shuffled, the dealer may offer the stack of cards, with the backs facing away from him or her, to the players to be cut. When this occurs the player to cut the cards shall be:
 - 4.2.1 the first player to the table, if the game is just beginning;
 - 4.2.2 the player on whose playing area the cutting card appeared during the last round of play;
 - 4.2.3 the player at the farthest point to the right of the dealer if the cutting card appeared on the dealer's hand during the last round of play; or
 - 4.2.4 the player at the farthest point to the right of the dealer if the cards are replaced in accordance with these rules.
- 4.3 If the player designated in rule 4.2 of these rules refuses the cut, the cards shall be offered to each player moving clockwise around the table until a player accepts the cut. If no player accepts the cut, a game supervisor or casino supervisor shall cut the cards.
- 4.4 The person designated in rule 4.2 of these rules shall cut the cards by placing the cutting card in the stack approximately one and a half decks in from either end of the stack.
- 4.5 Once the cutting card has been inserted by the person designated in this rule, the dealer shall take all the cards in front of the cutting card and place them to the back of the stack, after which the dealer shall insert the cutting card approximately one deck in from the rear of the stack. The stack of cards shall then be inserted in the dealing shoe for commencement of play.
- 4.6 Cards may be replaced after any hand if, in the opinion of the game supervisor, they become unfit for further use. If all the cards are replaced under this rule, the new cards shall be checked, reshuffled and cut as if the next hand were the first hand of the game.

5. Wagers
 - 5.1 Wagers shall be accepted only in chips.
 - 5.2 A wager by a player shall be placed on the appropriate areas of the Super Pan 9 layout prior to the first card being dealt for a round of play.
 - 5.3 Wagers orally declared shall only be accepted if accompanied by chips or cash which must be immediately converted to chips and placed on the layout before the dealer announces "no more bets".
 - 5.4 No wager may be handled, placed, increased or withdrawn after the first card of the round has been dealt.
 - 5.5 Up to three players may wager on any one playing area of the Super Pan 9 layout but the game supervisor may restrict the number of players to less than 3.
 - 5.6 Where more than one player wagers on a playing area the decisions with regard to the cards dealt to that area shall be called by:
 - 5.6.1 the player seated at the playing area;
 - 5.6.2 where there is no seated player, the player with the highest wager in the playing area; or
 - 5.6.3 where all wagers are of equal value, the player whose wager is nearest the dealer.
 - 5.7 The dealer shall, prior to the commencement of a round of play, ascertain the player who shall call the decisions with respect to any playing area in accordance with subrule 5.6.
 - 5.8 The dealer shall ensure that—
 - 5.8.1 the player calling the decisions places his/her wager in the portion of the playing area nearest to the dealer's side of the table; and
 - 5.8.2 all other players wagering on the playing area place their wagers in a vertical line with the wager referred to in rule 5.8.1.
 - 5.9 At the discretion of a game supervisor, a player may wager on more than one playing area at a Super Pan 9 table provided there are sufficient seats at tables with equivalent limits operating in the casino to accommodate patron demand. In the case of full patronage a player may wager on more than one playing area but may only call the decisions with respect to the playing area at which he/she is seated or is otherwise entitled to control.
 - 5.10 Where it is not possible to pay a wager exactly in chips it shall be paid to the next highest amount to which payment can be made in chips.
 - 5.11 A wager may be refused prior to the initial deal if in the event of the player winning, it would not be possible to pay the wager exactly in chips.
6. Minimum and Maximum Wagers
 - 6.1 The minimum and maximum wagers permitted per player per playing area shall be shown on a notice at the table. Unless stated on this notice, wagers are not required to be made in multiples of the minimum. This notice may also state the minimum unit in which wagers may be made above the table minimum.
 - 6.2 Wagers below the minimum shall be paid or collected after the result and the owner of the wager shall be advised that further wagers under the minimum shall be returned regardless of the result.
 - 6.3 Wagers above the maximum shall be paid or collected to the maximum.
 - 6.4 A casino supervisor may alter the limits on a gaming table at any time except that a minimum wager can only be changed to a higher minimum if a sign showing the proposed new minimum has been displayed at the table for at least 20 minutes before the time of the proposed change.

- 6.5 The gaming shift manager may allow a player to wager in excess of the stated maximum wager permitted on that table, provided that a marker denoting the new maximum for that playing area is placed adjacent to the playing area.
- 6.6 In accordance with rule 6.5, where a new maximum limit is allocated to a player, he/she shall be the only player to play on that playing area.
7. Initial Deal
 - 7.1 All cards used to play the game of Super Pan 9 shall be dealt from a shoe located on the table to the left of the dealer.
 - 7.2 Before the start of play following each shuffle and cut of the cards, the dealer shall:
 - 7.2.1 remove the first card from the shoe, face up; and
 - 7.2.2 draw, face down, cards equal to the face value of the first card and burn them by placing them in the discard holder.
 - 7.2.3 in this procedure Jack, Queen or King shall have a face value of 10 and an Ace a value of 1.
 - 7.3 Immediately prior to a hand, and after all wagers are on the table, the dealer shall announce "no more bets". The dealer shall, starting from his/her left, deal the cards in the following order and manner:
 - 7.3.1 one card face up to each playing area containing at least one wager;
 - 7.3.2 one card face down to himself/herself;
 - 7.3.3 a second card face up to each playing area containing at least one wager;
 - 7.3.4 a second card face down to himself/herself;
 - 7.3.5 a third card face up to each playing area containing at least one wager; and
 - 7.3.6 a third card face down to himself/herself.
8. Subsequent Deal
 - 8.1 After 3 cards have been dealt to each betting area that contains at least one wager, the dealer, beginning from the left, shall announce the point count of the initial 3 cards in each hand. As the point count of each hand is announced, the player entitled to call the decision for the hand subject to rule 8.2 shall:
 - 8.1.1 request a further card by scratching the table toward himself/herself; or
 - 8.1.2 indicate to stand by a horizontal movement of the hand.
 - 8.2 Where the point count of the initial 3 cards of a player's hand is zero, the dealer shall automatically deal one further card face up to that hand.
 - 8.3 As each player entitled to call the decision for a hand indicates his/her decision, the dealer shall, if required, deal the one additional card to that hand face up.
 - 8.4 When all players' hands have been acted upon, the dealer shall turn his/her initial 3 cards face up and announce the point count.
 - 8.5 If the point count of the dealer's initial 3 cards is:
 - 8.5.1 5 or less, the dealer shall announce "dealer draws", deal one further card to the dealer's hand and announce the new point count; or

- 9.1.1 win if the point count of the player's hand is higher than the dealer's hand;.
 - 9.1.2 lose if:
 - 9.1.2.1 the point count of the player's hand is lower than the dealer's hand; or
 - 9.1.2.2 the point count of the player's hand and the dealer's hand both equal zero;
 - 9.1.3 neither win or lose, resulting in a Stand Off, if the point count of a player's hand and the dealer's hand are equal and that point count is any value other than zero.
- 9.2 All winning wagers made by the players shall be paid at odds of 19 to 20, or at 1 to 1 minus a commission of 5%.

- 9.4 At the conclusion of a round of play, all cards still remaining on the layout shall be picked up by the dealer, so that the cards can be readily reconstructed to indicate each player's hand in the case of a dispute.
10. Irregularities
- 10.1 If the dealer, in error, does not complete the procedure outlined in rule 7.2 after a shuffle has been completed, the dealer continues to deal.

 - 10.6 If after the initial deal and prior to the subsequent deal an error of card placement has occurred, the hand shall be reconstructed.
 - 10.7 If during the subsequent deal it is noticed that a hand has been dealt to a playing area without a wager the cards constituting that hand shall be discarded.
 - 10.8 If during the subsequent deal it is noticed that the dealer does not have three cards, the player with the hand being decided at the time may:
 - 10.8.1 complete his/her hand prior to the dealer taking an extra card/s; or
 - 10.8.2 instruct the dealer to take an extra card/s prior to making further decisions.
 - 10.9 If during the subsequent deal it is noticed that cards have not been dealt to a player's playing area containing a wager, that wager is void. If only one or two cards are dealt to a player's playing area containing a wager, the player shall have the option of retracting his/her wager or receiving an extra card/s when called upon to make a decision on that playing area.

- 10.10 If a player is not given the option of drawing an additional card, he/she shall have the option of retracting the wager or playing out the hand after all other players have completed their hands and before any further card is dealt to the dealer.
- 10.11 In the event that the cards are not shuffled following the exposure of the cutting card as provided by rule 4.1.3, a shuffle shall take place immediately at the completion of the round in play.
- 10.12 If there are insufficient cards remaining in the shoe to complete a round of play, all of the cards in the discard holder shall be shuffled and cut in accordance with rule 4 and the dealer shall complete the round of play and the game shall continue in accordance with these rules.
