BAYSIDE PLANNING SCHEME
(Re-exhibited with Corrections)
Notice of Preparation of Planning Scheme

Bayside City Council has prepared a new Bayside Planning Scheme.

This Planning Scheme affects all of the area of the municipal district of the Bayside City Council and including the land, water and seabed between the high water mark and an imaginary parallel line 600 metres seaward from the low water mark.

The Planning Scheme introduces a new Bayside Planning Scheme as required by the **Planning and Environment (Planning Schemes) Act 1996**, including a new format containing selected State standard provisions from the Victoria Planning Provisions, a municipal strategic statement, overlays, particular provisions and a number of administrative provisions and definitions. The new Planning Scheme also incorporates a number of documents specified in the Planning Scheme, and contains new maps applying the standardised zones and overlays to land within the area covered by the scheme. The Planning Scheme, including incorporated documents and maps, can be inspected between 8.30 a.m. and 5.00 p.m. at Bayside's Corporate Centre, Royal Avenue, Sandringham and at the Department of Infrastructure, Level 3 Plaza, Nauru House, 80 Collins Street, Melbourne.

Submissions about the Planning Scheme must be sent to Michael Top, Development Manager, Bayside City Council, P.O. Box 27, Sandringham 3191, by Tuesday, 23 November 1997.

A submission may include a request that a State standard provision be included in or deleted from the Planning Scheme, but cannot request a change to the terms of any State standard provision.

This is a re-exhibition of the Bayside Planning Scheme for which original notice of exhibition was given on 25 September 1997. This has been done to clarify and correct the ordinance which contained formatting errors. A header with the words "Local Provision" was not printed and the Special Use provisions were not correctly identified as Schedules. This may have caused confusion in identifying local provisions of the Planning Scheme. These errors have now been corrected. The content of the local provisions or schedules of the Special Use Zone remains the same. A submission may be made about the terms and inclusion of those provisions marked "Local Provision" including the Special Use schedules.

Any submission already received by Council will be considered as a submission to the new Bayside Planning Scheme.

- A women only march challenges the notion that women require men to protect them.
- The march can demonstrate the resources and strength of women to others in the community, both women and men.
- It allows for women to organise and find their own strategies to overcome violence.
- It raises awareness of the issue of violence against women in our society.

The Tribunal grants an exemption from the operation of Sections 42, 100 and 195 of the **Equal Opportunity Act 1995**, to enable the applicant to advertise for and organise a "Reclaim the Night" March for women only on Friday, 31 October 1997.

President

EXEMPTION
Application No. 79 of 1997

The Anti-Discrimination Tribunal constituted by the President pursuant to Section 83 (5) (a) (ii) of the **Equal Opportunity Act 1995** ("the Act") has considered an application pursuant to Section 83 of the Act by Kathleen van der Weerden on behalf of Peninsula Reclaim the Night Collective. The application for exemption is to enable the applicant to advertise for and organise a "Reclaim the Night" March for women only on Friday, 31 October 1997.

Upon reading the material tendered in support of this application the Tribunal is satisfied that it is appropriate to grant an exemption from Sections 42, 100 and 195 of the Act to enable the applicant to advertise for and organise a "Reclaim the Night" March for women only on Friday, 31 October 1997.

In granting this exemption the Tribunal noted:

- The march provides an opportunity for women from all backgrounds to come together.
- It acknowledges the shared threat, or experience, by women, of male violence.
- A women only space can be a safe environment for women who have experienced violence.
- Women can draw energy and inspiration from others who are experiencing similar realities.

EXEMPTION
Application No. 80 of 1997

The Anti-Discrimination Tribunal constituted by the President pursuant to Section 83 (5) (a) (ii) of the **Equal Opportunity Act 1995** ("the Act") has considered an application pursuant to Section 83 of the Act by Open Learning Australia Pty Ltd. The application for exemption is to enable the applicant to advertise for and employ an Aboriginal or Torres Strait Islander person in the position of Indigenous Project Officer.

Upon reading the material tendered in support of this application the Tribunal is satisfied that it is appropriate to grant an exemption from Sections 13, 100 and 195 of the Act to enable the applicant to advertise for and employ an Aboriginal or Torres Strait Islander person in the position of Indigenous Project Officer.

In granting this exemption the Tribunal noted:

- The applicant and the Indigenous Project Committee recognise and support the involvement of Indigenous people in educational decision making consistent with the goals of the National Review of Education for Aboriginal and Torres Strait Islander Peoples (1995).

- A task force of the National Review of Education for Aboriginal and Torres Strait Islander Peoples (1995) recommended adopting a national policy for the education of Aboriginal people and Torres Strait Islanders, recognising that the key to improving Aboriginal and Torres Strait Islander people's education lay in concerted, co-operative, long term strategies which involved all governments and Aboriginal and Torres Strait Islander people themselves.
- The National Aboriginal and Torres Strait Islander Education Policy (the Joint Policy) was endorsed by all governments in 1989 and came into effect from 1 January 1990. The Joint Policy sets out long term goals for Aboriginal and Torres Strait Islander education which include:
 1. Increasing the number of Aboriginal people employed as educational administrators, teachers, curriculum advisers, teachers assistants, home school liaison officers and other education workers, including community people engaged in teaching of Aboriginal culture, history and contemporary society, and Aboriginal languages.
 2. Establishing effective arrangements for the participation of Aboriginal students and community members in decisions regarding the planning, delivery and evaluation of post-school education services, including technical and further education colleges and higher education institutions.
 3. Increasing the number of Aboriginal people employed as administrators, teachers, researchers and student services officers in technical and further education colleges and higher education institutions.
- The position of Indigenous Project Officer will involve regular liaison and communication with all members of the Indigenous Open Learning Project Steering Committee and with the

Indigenous higher education community and identifying expressed needs of Aboriginal and Torres Strait Islander communities to access higher education appropriate for open learning and on-line delivery.

The Tribunal grants an exemption from the operation of Sections 13, 100 and 195 of the **Equal Opportunity Act 1995**, to enable the applicant to advertise for and employ an Aboriginal or Torres Strait Islander person in the position of Indigenous Project Officer, this exemption to remain in force until 22 October 2000.

President

EXEMPTION
Application No. 84 of 1997

The Anti-Discrimination Tribunal constituted by the President pursuant to Section 83 (5) (a) (ii) of the **Equal Opportunity Act 1995** ("the Act") has considered an application pursuant to Section 83 of the Act by Anglicare Victoria. The application for exemption is to enable the applicant to advertise for and employ female only Youth Workers at the Mission to Streets and Lanes Napier House program.

Upon reading the material tendered in support of this application the Tribunal is satisfied that it is appropriate to grant an exemption from Sections 13, 100 and 195 of the Act to enable the applicant to advertise for and employ female only Youth Workers at the Mission to Streets and Lanes Napier House program.

In granting this exemption the Tribunal noted:

- Mission to Streets and Lanes and other Anglican agencies have recently amalgamated to form Anglicare Victoria pursuant to provisions of the **Anglican Welfare Agency Act 1997**.
- The applicant operates the Napier House program which is a short term accommodation unit for young women from 12 up to 16 years of age who are deemed to be at risk.
- Napier House was originally set up in 1990 with a State-wide target group as a community based alternative to Winlaton for those young women who

through no fault of their own were unable to remain safely in their homes and were therefore viewed as being in need of "care and protection". Napier House provides accommodation for periods from 1 night—3 months while protective interveners and Courts make decisions regarding their long term accommodation.

- All referrals to Napier House come from Reception Services of Department of Human Services and admission is dependent on the young woman being:
 1. On a protection application.
 2. Undergoing an investigation by protective interveners.
 3. Unable to remain safely at home.
 4. Unable to be placed in less intrusive options.
 5. Subject to placement breakdown.

The Tribunal grants an exemption from the operation of Sections 13, 100 and 195 of the **Equal Opportunity Act 1995**, to enable the applicant to advertise for and employ female only Youth Workers at the Mission to Streets and Lanes Napier House program; this exemption to remain in force until 22 October 2000.

EXEMPTION

Application No. 85 of 1997

The Anti-Discrimination Tribunal constituted by the President pursuant to Section 83 (5) (a) (ii) of the **Equal Opportunity Act 1995** ("the Act") has considered an application pursuant to Section 83 of the Act by Kathleen van der Weerden, Womens' Officer, on behalf of Peninsula Institute of TAFE Student Union Inc. The application for exemption is to enable the applicant to exclude men from the planned forums on issues that affect women to be conducted as part of Blue Stocking Week, commencing 2 November 1997 and concluding 7 November 1997.

Upon reading the material tendered in support of this application the Tribunal is satisfied that it is appropriate to grant an exemption from Sections 37, 42, 100 and 195 of the Act to enable the applicant to exclude

men from the planned forums on issues that affect women to be conducted as part of Blue Stocking Week, commencing 2 November 1997 and concluding 7 November 1997.

In granting this exemption the Tribunal noted:

- Blue Stocking Week is an occasion designed to provide women with an opportunity to discuss and debate issues that affect them.
- The function of the week is to provide forums where women will meet and share information, experiences and feelings in a non-threatening environment.
- Working with other women can provide a supportive environment to enable women to initiate changes for recognising their own abilities.
- If men were to be included in the forums, this would inhibit women's expression of their experiences and perceptions and work against the goal of women coming together and supporting one another.
- Women only events can send a strong message to others, both women and men, that women are able to organise events for themselves.

The Tribunal grants an exemption from the operation of Sections 37, 42, 100 and 195 of the **Equal Opportunity Act 1995**, to enable the applicant to exclude men from the planned forums on issues that affect women to be conducted as part of Blue Stocking Week, commencing 2 November 1997 and concluding 7 November 1997; this exemption to remain in force from 2 November 1997 to 7 November 1997 inclusive.

EXEMPTION

Applicant No. 86 of 1997

The Anti-Discrimination Tribunal constituted by the President pursuant to Section 83 (5) (a) (ii) of the **Equal Opportunity Act 1995** ("the Act") has considered an application pursuant to Section 83 of the Act by the Department of Human Services. The application for exemption is to enable the applicant to advertise for and employ nine Koorie Early Childhood Field Officers.

Upon reading the material tendered in support of this application the Tribunal is satisfied that it is appropriate to grant an exemption from Sections 13, 100 and 195 of the Act to enable the applicant to advertise for and employ nine Koorie Early Childhood Field Officers.

In granting this exemption the Tribunal noted:

- The Field Officers will be employed at various regional offices of the Department of Human Services. They will be employed to further develop and implement the Koorie Early Childhood Education Program which has been developed by the Department to enhance and increase the pre-school participation of Koorie children in Victoria.
- The pre-school participation rate of Koorie children is currently significantly below that of the eligible population as a whole and the Koorie Early Childhood Education Program aims to redress this imbalance and prevent or reduce the attendant disadvantages experienced by Koorie children as a consequence of this lack of participation.
- The main roles of the Koorie Early Childhood Field Officers will be:
 1. To promote within Koorie communities the importance of pre-school programs for Koorie children.
 2. In consultation with Koorie communities, to identify local barriers to Koorie pre-school participation and develop and implement strategies and initiatives to overcome these barriers.
 3. To liaise between Koorie families and pre-school services to facilitate and enhance the participation of Koorie children and the involvement of Koorie families.
 4. To facilitate the provision of cross-cultural programs and resources for pre-school staff.
 5. To provide advice and support to regional staff regarding cultural issues in Koorie early childhood services.

- The proposed positions will involve extensive consultation and liaison with Koorie communities and require a sound awareness of Koorie cultural issues.
- A field officer who is Aboriginal or a Torres Strait Islander person will find a greater acceptance within the Koorie communities and it is expected that the Koorie Early Childhood Field Officers will be able to most effectively promote the objectives of the Koorie Early Childhood Education Program to Koorie families. Koorie communities are more receptive to information provided by Koorie workers who communicate in culturally appropriate ways which include recognition of shared experiences and understandings of issues affecting Koorie people.

The Tribunal grants an exemption from the operation of Sections 13, 100 and 195 of the **Equal Opportunity Act 1995**, to enable the applicant to advertise for and employ nine Koorie Early Childhood Field Officers; this exemption to remain in force until 22 October 2000.

PROPOSED ENVIRONMENT

REGULATIONS 1997
Notice of Decision

I, Marie Tehan, Minister for Conservation and Land Management, give notice under Section 12 of the **Subordinate Legislation Act 1994**, that the proposed Environment Protection (Residential Noise) Regulations 1997 have been the subject of a Regulatory Impact Statement.

Public comments and submissions were invited and received and have been duly considered in accordance with Section 11 of that Act.

After consideration of submissions received, I now give notice of my intention to proceed with the making of the proposed regulations.

Minister for Conservation and
Land Management

Subordinate Legislation Act 1994
REGULATORY IMPACT STATEMENT
Residential Tenancies (Fees) Regulations
1997
Small Claims Tribunals (Fees) Regulations
1997

A Regulatory Impact Statement has been prepared in relation to the proposed Residential Tenancies (Fees) Regulations 1997 and Small Claims Tribunals (Fees) Regulations 1997 which increase the fee for lodgement of an application in the respective Tribunals.

The existing lodgement fees were each fixed at \$10 in July 1991, and have remained unchanged. The impact statement examines the level at which these fees should be fixed and concludes that each fee should be fixed at \$25 to ensure that persons instituting proceedings make an equitable contribution to the costs associated with the services provided.

In reaching this conclusion the impact statement examines the alternatives of establishing a fee structure that reflects full cost recovery, or establishing a structure where fees are set on a case by case basis to reflect the individual levels of action required in a particular matter. Neither alternative was considered desirable.

Public comments and submissions on the Regulatory Impact Statement are invited. Copies of the Regulatory Impact Statement may be obtained by telephoning Mr John Isaacs on (03) 9651 0389.

Written submissions on the Regulatory Impact Statement and the accompanying draft regulations will be received up to 28 days from the date of publication of this notice. All submissions will be treated as public documents.

Submissions should be addressed to Mr John Isaacs, Courts, Tribunals and Registries Division, Department of Justice, Level 4/55 St Andrews Place, Melbourne 3002.
