NOTICE TO MARINERS.

THERE being grounds for believing that, notwithstanding the publicity which was given in the month of March last, by direction of the Right Hon. the Lords Commissioners of the Admiralty, to the translation of a Notice, issued by the French Govern-

ment,—the alterations which have since been carried into effect in the Lights at Cape Grinez, and at Point D'Alpreck,—have not become generally known;—The said Notice is now republished for the farther information of all persons employed in the navigation of vessels in the English Channel, viz.—

Hydrographic-Office, Admiralty, March 18, 1842.

Notice to Mariners.—Received from the French Government.—Alterations in the Lights of Cape Grinez and of Point d'Alpreck, on the South Side of the strait of Dover.

CAPE GRINEZ LIGHT.

The fixed Light established on Cape Grinez in November 1837, in latitude 50° 52'10" N., and longitude 1° 35'9" E., of Greenwich, will on the 1st of July next be converted into a Revolving Light, which will re-appear every half minute.

The additional Flashing Light established in 1838, near the above Fixed Light, will then be discontinued.

The new Revolving Light will be visible 8 leagues, and will be distinguished from that of Calais by the difference of their respective intervals, that of Calais being 90 seconds, and that of Grinez only 30 seconds; and further, the bright glares of Calais Light are separated by perfect darkness, while in the intervals between those of Grinez a faint light will be visible to vessels within the distance of four leagues.

LIGHT OF POINT D'ALPRECK.

On the same day the Fixed Light on Point Alpreck, in latitude 50° 41'37" N., and longitude 1° 33'54" E., will every two minutes change into flashes of Red Light, which are to continue for three seconds.

This light will not be visible more than four leagues.

By Order,  
J. HERBERT.

#### PROPERTY AND INCOME TAX.

**H**IS Excellency the GOVERNOR is pleased to direct the publication of the following Circular Despatch, dated 19th December, 1842, from the Right Honorable the Secretary of State for the Colonies, on the subject of the liability of persons residing in the Colonies to pay the Property Tax, in respect of that portion of their incomes which may be derived from English funds.

*By His Excellency's Command,  
E. DEAS THOMSON.*

(CIRCULAR.)

*Downing-street,  
19th December, 1842.*

SIR,

I have the honor to acquaint you, that the Lords Commissioners of the Treasury have drawn my

attention to the liability of persons residing in the Colonies to pay the Property Tax, in respect of that portion of their incomes which may be derived from the funds of this Country, and at their Lordships' request, I have to convey to you the following instructions, on the subject for your own guidance.

All salaries and personal allowances and emoluments, and all pensions and superannuations, retired or compassionate allowances, paid from funds derived from the Revenues of Great Britain, whether provided by Special Parliamentary Grant or otherwise, are liable to this Tax, from the 5th of April last, at the rate of Seven pence in the Pound, except in cases in which the party can shew that his whole annual income does not amount to £150. It will, therefore, be your duty on all occasions to make the proper deductions accordingly, (retrospectively from the 5th of April last, when the deductions may not have already been made,) from the amount of the Bills which you may have occasion in future to draw on the Treasury, whether on your own account, or for the salaries or allowances of other parties; and I have to request you to convey an intimation to the same effect to any Officers or Functionaries within your Government, who may be authorised to draw Bills on the Treasury for any such payments.

In cases where exemption may be claimed from the Tax, an affidavit must be taken by the party, and transmitted with the Bill, to the effect that his income, including that on account of which the Bill is drawn, is less than £150 per annum, and such affidavit must have reference to the whole income of the party from whatever source derived, for, although emoluments derived from Colonial Revenues or property are not taxable, unless the recipients reside in Great Britain, they must be taken into account in considering a claim to exemption from the Tax on income derived from this Country.

When Bills are drawn on account of expenses or disbursements to other parties, a statement of the proportion of the amount applicable to salaries and allowances must accompany them, and the proper deductions be made therefrom, unless the parties shall claim exemption, when their affidavits ought to accompany the Bills.

You will distinctly understand, and cause it to be made generally known within your Government, that on the presentation at the Treasury of any Bill, drawn for salary or other allowance, becoming due on or after the 31st March, 1843, upon which the Income Tax has not been deducted, or claimed for remission, in conformity with the foregoing directions, such deductions will be made, including any arrear of the Tax, from the 5th April last, not previously retained or allowed for, and the parties by whom, or in whose favor, the Bill may have been drawn, will be alone responsible for any loss or inconvenience arising from the non-payment of the full amount drawn for.

I enclose herewith the form of Bill to be used when deductions are to be made, and of the affidavit to enable parties to claim exemption from the Tax.

I have the honor to be,

Sir,

Your most obedient servant,

(Signed)

STANLEY.
