HER Majesty's Government having determined to defray a moiety of the expense of conveying to this Colony the families of those married persons who arrived at Port Phillip as "Exiles" from Great Britain, His Excellency the Governor directs it to be notified that, in any case in which the Exile shall place in the hands of the Local Government a sum sufficient to cover one half the expense of conveying his wife and children to the Colony, the other half will be defrayed by the Home Government.

Persons of this class, therefore, who are desirous of availing themselves of this indulgence, will make application accordingly to His Honor the Superintendent of Port Phillip, if still resident in that District, or otherwise to the Principal Superintendent of Convicts in Sydney.

As, however, it will not be possible to predetermine the actual expense of providing passages for each such family, the applicants will be required to deposit in the Colony such a sum of money as will cover one moiety of the probable expense, calculated according to the following scale, and the balance, (if any) after paying a moiety of the actual expense incurred, will be returned to the parties, namely:

	Passage-Money.	Deposit.
	£	£
Wife .....	18	10
Each Child above fourteen years .....	18	10
Each Child under fourteen years .....	9	5

By His Excellency's Command,  
E. DEAS THOMSON.

**IMMIGRATION.**

**W**ITH reference to the Government Notice of 7th April, 1847, respecting the allowance of Bounties for Emigrants from the Continent of Europe, in which the testimonials of intended Immigrants are required to be authenticated, by a certificate of the Secretary to the Land and Emigration Commissioners in London, His Excellency the Governor directs it to be notified, with a view to meet a case of possible occurrence, in which this obligation might involve considerable inconvenience and expense, that in the event of a labourer being engaged at the port of embarkation, in order to supply a vacancy of unexpected occurrence, the signature of the British Consul at such Port will be admitted in lieu of the signature of the Secretary to the Land and Emigration Commissioners, if accompanied by such Consul's certificate, that the interval between the laborer's selection and the time fixed for the ship's sailing, was too short to admit of the usual reference to the Commissioners in London, or that there was some equally valid cause for non-compliance with the regulation requiring such reference.

His Excellency also directs it to be explained, in order to remove a misapprehension which appears to have been entertained by some persons interested in the objects of the Notice of 7th April, 1847, that it is not intended that either the laborers selected for Emigration under that Notice, or the persons who selected them, should present themselves, with the certificates, at the office of the Land and Emigration Commissioners in London, but merely that the certificates should be sent to that office for inspection and approval.

By His Excellency's Command,

E. DEAS THOMSON.

Superintendent's Office,

## CONDITIONS.

1. All the articles required by this notice are to be of the best quality of their several kinds.

2. The flour and bread must be the produce of clean sound colonial wheat, from which on the ration of emigrants, surveying parties, border police, mounted police, 20 per cent, and on the ration to prisoners of the crown 10 per cent; has been extracted in bran and waste.

3. Beef and mutton to be issued in such proportions as may be required, and, when the quantity admits of it, to be delivered in fore and hind quarters alternately.

4. The maize meal to be similar in quality to the wheat meal, and to be twice ground.

5. When it may be necessary to substitute one article for another, the following proportions are to be observed, viz.—1 lb wheat flour or 1 lb biscuit equal to 1 lb bread; 1 lb salt beef or 1 lb mutton, or 10 oz salt pork, equal to 1 lb of fresh beef.

6. The tobacco to be the best colonial.

7. These substitutions are not to be made except on the requisition of the officer authorised to draw the several rations.

8. Vegetables to be supplied in reasonable proportions of potatoes, greens, pumpkins, onions, &c., &c.

9. The supplies for road parties and surveying parties are to be delivered at the nearest fixed stations to the places where the party may be employed, on the requisition of the officer in charge; and in case the whole ration of forage be not required or delivered, each of the species to be reckoned as the portion of the ration undermentioned:—The maize or barley 4-12—the hay 5-12—the bran 2-12—the straw 1-12.

10. The supplies (not specified in the preceding paragraph) are to be delivered direct to the parties or establishments entitled thereto, on the written order of the person duly authorized for the purpose.

11. Provisions and forage, when required by rations, according to the scales

under their respective heads, the tenders are to express the price per ration only.

12. The tenders for forage are not required to state the price of the ration for oxen, as when the latter is required one half of the allowance fixed for horses will be drawn; and one half the price allowed to the contractor, whose engagement is to provide for both horses and oxen.

13. In the event of a difference of opinion between the contractor and the party receiving the supplies, as to the quality, the same is to be decided, in cases where the article is not of a perishable nature, by a Board of Survey, according to the practice of the service. But in country districts, where a Board of Survey cannot be conveniently assembled, the party objecting will name one person as arbitrator, the contractor or his agent another, and these two will (previously to any other proceeding on their part) concur in naming a third, as umpire, who, in the event of the arbitrators not agreeing in opinion, will be called upon for his decision, which shall be final.

14. If the board, arbitrators, or umpire, shall decide that the article is not of proper quality, it must be immediately replaced by the contractor, failing of which it will be procured by the department requiring it, and the expense charged to the contractor.

15. In the event of any unnecessary delay or failure of the contractor to supply the articles when required, they will be otherwise procured and charged in like manner.

16. In cases where the article is of a perishable nature, or from some other cause, injury would be sustained either by the parties to whom the rations are due or to the contractor, by waiting for a Board of Survey, the head of the department or officer in charge of the party or parties for whom the rations are to be received, shall have the power to reject such article or articles as are obviously of inferior quality; it being distinctly understood that he will be responsible to the Government for so doing; and that the contractor will have a right to appeal to the Governor, although in the meantime, he must take back the rejected article and supply good in its stead, failing of which it will be obtained by the officer or party requiring it, and the expense charged to the contractor.

17. A repetition of irregularity in the quality or quantity of the supplies, or of any delay in delivering or replacing them when required, will subject the contractor, upon the report of the officer in charge of the parties or establishment, to such mulct, not exceeding one-fourth the amount of his monthly account, as the Governor may direct. It will also be in the power of the Governor, upon such repetition, to terminate the contract forthwith.

18. It will be in the power of either party to limit the duration of the contract, by giving in writing a notice of three full calendar months to the opposite party, and to end the contract at the expiration of that period, it being understood that such notice can be given only

from the first day of a month, and within the period for which the contract is made or agreed to be made.

19. The contractor will be required to prepare his own account, monthly or quarterly, in the prescribed form; and on the production thereof, with the requisite vouchers in a complete state, to the Sub-Treasurer for examination, and upon their approval, payment will be made by him at Melbourne.

20. The value of all packages to be included in the prices demanded.

21. Printed forms of tender may be obtained from the Sub-Treasurer, and a security of £2000 will be required for the due fulfilment of the contract. No tender can be attended to unless accompanied by a certificate from two responsible parties proposed as security, stating they are willing to become bound as securities for the contractor accordingly, and the bonds must be executed within twenty days from the day of acceptance of the tender being notified, failing of which the contracts will be again advertised or another tender accepted.

22. The tenders to contain the names of the tenderers and their sureties, and places of residence at length.

23. All tenders to be enclosed in a separate envelope, and marked "Tender for Provisions, &c." and to be deposited in a box marked "Tenders" at the western entrance of the Government Offices.

24. The tenders must include the whole of the rations and separate articles above mentioned.

25. The tenders are to be given in for the undermentioned districts, which may be tendered for separately, or collectively. When the latter is the case each locality, as given below, must be stated in the Tender.

1. Melbourne, including the county of Bourke, the Mounted and Police Stations on the Goulburn and Broken Rivers, and any other stations on or near the Sydney Road within the Port Phillip boundary, also all the Aboriginal Stations, excepting that at Mount Rouse.
