CROWN LANDS, PORT PHILLIP.

HIS Excellency the GOVERNOR has been pleased to direct the re-publication, from the Port Phillip *Government Gazette*, of the following demands for Leases of Crown Land beyond the Settled Districts, under Her Majesty's Order in Council of 9th March, 1847.

By His Excellency's Command,
E. DEAS THOMSON.

*Superintendent's Office,
Melbourne, 23rd August, 1848.*

CLAIMS TO LEASES OF CROWN LAND

BEYOND THE SETTLED DISTRICTS.

GIPPS LAND DISTRICT.

His Excellency the GOVERNOR directs it to be notified, for the information of all persons interested, that in pursuance of Her Majesty's Order in Council, of 9th March, 1847, the undermentioned persons have demanded Leases of the several runs of Crown Land, particularized in connexion with their respective names.

Persons who object to any of these claims, either wholly or in part, should lodge caveats at this Office within two months from the present date, specifying the Lands to which their objections extend, and the grounds on which their objections are based.

It is to be distinctly understood, that the Government does not pledge itself to the issue of a Lease in any case until due enquiry has been made into the validity of the claim, and whether or not it may be necessary to reserve any portion of the Land claimed, for any of the public purposes contemplated in the Order in Council.

In the case of the Gipps Land District, it is possible that certain of these applications for Lease may be found to have reference to Lands really situated within the Settled District, and these only subject to occupation under the regulations of March 29th, 1848.

By His Excellency's Command,
