

SUPPLEMENT

TO THE

NEW SOUTH WALES GOVERNMENT GAZETTE,

OF TUESDAY, SEPTEMBER 19, 1848.

Published by Authority.

WEDNESDAY, SEPTEMBER 20, 1848.

*Colonial Secretary's Office,
Sydney, 20th September, 1848.*

CLAIMS TO LEASES OF CROWN LANDS, BEYOND THE SETTLED DISTRICTS. LIVERPOOL PLAINS DISTRICT.

HIS Excellency the GOVERNOR directs it to be notified, for the information of all persons interested, that in pursuance of Her Majesty's Order in Council, of 9th March, 1847, the under-mentioned persons have demanded Leases of the several Runs of Crown Land, particularised in connexion with their respective names.

Persons who object to any of these claims, either wholly or in part, should lodge caveats at this Office within two months from the present date, specifying the Lands to which their objections extend, and the grounds on which their objections are based.

It is to be distinctly understood, that the Government does not pledge itself to the issue of a Lease in any case until due enquiry has been made into the validity of the claim, and whether or not it may be necessary to reserve any portion of the Land claimed, for any of the public purposes contemplated in the Order in Council.

*By His Excellency's Command,
E. DEAS THOMSON.*

No. 1.

Armitage J. T., & Co.

Name of Run—Barraba.

Estimated Area—45 square miles.

Estimated Grazing Capabilities—1,300 Cattle.

Bounded on the northern side by Iron bark Creek, commencing at its junction with the Manilla River to about 5 miles, when that creek divides into two branches; by a range of hills on the east, running northerly about 7 miles, which divides the waters of Iron bark Creek and those of Conner's Creek, which last runs through the station and falls into the Manilla River near the public house on the opposite side; by a range of hills running north-west about 7 miles to the public road, these hills divide the waters of Cobrada Creek with those of part of Conner's Creek and another unnamed creek which also runs through the station and also falls into the Manilla River, from the last mentioned range of hills by the public road about 4½ miles to beyond the public house paddock crossing the river to a pond on the opposite bank at the junction of Conner's Creek with the river, and from that point by the river Manilla about 5 miles to its junction with Iron bark Creek. The Manilla River generally consists only of a few shallow standing pools of water and the creeks herein mentioned as running through the station being only channels for water in wet weather, or during rain, with the exception of one hole and the spring.

No. 2.

Allison William.

Name of Run—Bando Plains.

Estimated Area—50,000 Acres.

Estimated Grazing Capabilities—500 Cattle,
7,000 Sheep.

Commencing at the north end of Bando lagoon, bearing westerly about $\frac{1}{2}$ a mile to the Bando Creek, from thence westerly across the plain by Bingle mountain about 3 miles, from thence by a range of hills bearing southerly to Tilibra mountains about 10 miles, separating this run from Mr. George Cox's run of Nomby, from Tilibra mountains along a ridge bearing easterly about $1\frac{1}{2}$ miles south of Tambour springs, and that line continued easterly to Bomera Creek, about 5 miles, dividing this run from Mr. Hale's run of Bomera; from thence on the east partly by Bomera Creek, and partly by Bando Creek, bearing northerly about 6 miles to within $1\frac{1}{2}$ miles of Wittytorundi; from thence by a line crossing between Tommy and Billy ridges, bearing about east 30 degrees, north about 4 miles, dividing this run from the late Sir John Jamieson's run of Merigalaw; from thence by a line down the plain bearing northerly about 3 miles, from thence by a line bearing westerly to Bando Lagoon Creek 4 miles, from thence by Bando Lagoon Creek, to the commencing point bearing northerly, separating this run from the bald hill run belonging to W. Allison.

No. 3.

Allison William.

Name of Run—Bald Hill.

Estimated Area—32,000 Acres.

Estimated Grazing Capabilities—4,000 Sheep.

Commencing at a point midway between the Lagoon Well and Bando Well on the Bando Lagoon Creek, and bounded on the west by that creek and the Bando Lagoon, separating this run from Bando plain run, then by a line from the north end of the lagoon, bearing westerly about $\frac{1}{4}$ of a mile to Bando Creek; from thence on the west by the Bando Creek bearing northerly to the Milley ridges, separating this run from Mr. George Cox's run of Nomby, being a distance of about 6 miles; from thence on the north by the said Milley ridges, separating this run from Melville Plains' run held by Mr. Alfred Dennison, bearing easterly about 5 miles; from thence on the east by the western boundary of Mr. Ed. Sumner's run of Woondoobarr, bearing south-easterly to and through an impenetrable scrub about $2\frac{1}{2}$ miles on the north-east side of the Bald Hill being a distance of about 8 miles, from thence by a line across the plain separating this run from 'Trinke' run, held by Mr. Thomas Wiseman, bearing south-westerly about 5 miles, from thence by a line bearing north-westerly to a point midway on a line extending from the starting point at the Bando Lagoon to the Bald Hill, being a distance of about 4 miles, and from thence by the said line to the starting point at the Bando Lagoon, bearing westerly about 4 miles, separating this run from Bando run.

No. 4.

Australasia Bank of.

Name of Run—Black Creek.

Estimated Area—15,000 Acres.

Estimated Grazing Capabilities—4,000 Sheep.

Bounded on the north by a range of hills dividing it from Fitzgeralds run; on the west by the Liverpool Range; on the south and east by a range of hills, marked trees, and Surveyors' pass, dividing it from Hamilton's run.

No. 5.

Adams James Smith.

Name of Run—Yarraldool.

Estimated Area—30,000 Acres.

Estimated Grazing Capabilities—1,000 Cattle or
4,000 Sheep.

On the east by a line running north 5 miles, joining Messrs. Brown and Selwin's run, Bucklebone; on the north by a line 10 miles in extent running parallel with the Namoi River, as far as the western line; on the south by the Namoi River 10 miles in extent; on the west by a north and south line 5 miles in extent, parting it from Mr. Purcell's station.

No. 6.

Beattie and Taylor, (per John Taylor.)

Name of Run—Bundinbarrina.

Estimated Area—90,000 Acres.

Estimated Grazing Capabilities—2,000 Cattle.

Bundinbarrina is bounded on the north by a line commencing at a marked tree opposite the Pokataroo hut, and running back from the River Barwin in a westerly direction 6 miles, which line forms the south boundary of the Wirrabilla run; on the west by a line commencing at the extreme of the above line, and running in a southerly direction 26 miles; on the south by a line running in an easterly direction from the extreme of the western boundary to a marked tree at the Brothers' waterhole, which line forms the northern boundary of Mr. Hungerford's run; on the east by the River Barwin.

No. 7.

Blaxland Edward J., and Arthur, (now John Dobie and John Blaxland.)

Name of Run—Kickerbell.

Estimated Area—38,400 Acres.

Estimated Grazing Capabilities—10,000 Sheep.

Bounded on the south and east by the boundary lines of the Australian Company; on the north by an east and west line dividing it from Mr. Holmes' run, commencing from the Darling holes, and crossing a gap in the mountains extending to the Spring Ridge; and on the west by a north and south line dividing it from Mr. Wyndham's station.

N.B.—This run has been transferred, with the sanction of the Government, to Messrs. John Dobie and John Blaxland, in whose favor the lease will accordingly be prepared.

No. 8.

Blaxland E. J., and A., (now J. Dobie and J. Blaxland.)

Name of Run—Phillip's Creek.

Estimated Area—20,000 Acres.

Estimated Grazing Capabilities—5,000 Sheep.

Bounded on the east by a north and south line dividing it from Mr. Hamilton's station at Yaramemba; on the west by a north and south line dividing it from Mr. Hamilton's Black Creek station; on the north by the Australian Company's south side line; and on the south by the apex of the dividing range between Liverpool and Gammon Plains.

N.B.—This run has been transferred, with the sanction of the Government, to Messrs. John Dobie and John Blaxland, in whose favor the lease will accordingly be prepared.

No. 9.

Brodie Peter.

Name of Run—Swamp Oak Creek.

Estimated Area—51,200 Acres.

Estimated Grazing Capabilities—1,000 Cattle, 8,000 Sheep.

The valley of the Swamp Oak Creek, (one of the tributaries of the Peel) from its source in the great dividing range to the eastern boundary line of Mr. Henry Dangar, Moombi Creek, bounded on the north and south by mountain ranges, through which the Swamp Oak Creek with its tributaries run.

No. 10.

Browne John.

Name of Run—Pullaming.

Estimated Area—102,400 Acres.

Estimated Grazing Capabilities—7,000 Sheep.

Bounded by Johnstone on the north and west, and by a marked tree line on the west dividing it from Mr. John Howe, senior, station, known as Carroll; on the south by Eales' Long Point station to a marked tree, from thence bearing south-west; and on the west by Sumner station and Melville Plains to a dry creek on the plains.

No. 11.

Brown and Selwyn.

Name of Run—Ulah.

Estimated Area—32,000 Acres.

Estimated Grazing Capabilities—1,000 Cattle.

This Run is situated on the north bank of the Barwin river, about 18 miles below the confluence of the Namoi; it is a perfectly level country and bounded on the north by unoccupied Crown Lands; on the south by the river Barwin; on the east by a line north and south being the boundary line of Mr. Lawson's Run "Comboderryderry"; on the west by a line north and south being the boundary line of Mr. Abercrombie's run Miloray.

No. 12.

Brown and Selwyn.

Name of Run—Bugilbone.

Estimated Area—32,000 Acres.

Estimated Grazing Capabilities—750 Cattle.

This Run is situated on the north bank of the Namoi river, about 60 miles above its junction with the Barwin. It is a perfectly level country

and bounded on the north by unoccupied Crown Lands; on the south by the river Namoi; on the east by a line running north and south being the boundary line of Mr. Druitt's run Mille or Coega; on the west by a line running north and south being the boundary line of Messrs. Brown and Selwyn's run Berryabar; the water on this run is very uncertain, generally drying up between each flood in the river; in which case it becomes necessary to shift the cattle to the adjoining run Berryabar, which we likewise hold under License.

No. 13.

Brown and Selwyn.

Name of Run—Berryabar.

Estimated Area—32,000 Acres.

Estimated Grazing Capabilities—950 Cattle.

This run is situated 5 miles on the north, and 5 miles on the south bank of the Namoi River; about 50 miles above its junction with the Barwin. It is a perfectly level country and bounded (the northern side) on the north by unoccupied Crown Lands; on the south by the river Namoi; on the east by a line north and south; being the boundary line of Messrs. Brown and Selwyn's run Bugilbone; on the west by a line north and south being the boundary line of Mr. Adam's run Yarraldool. The southern side; on the south by Mr. Capp's run on the Milchamie creek; on the north by the River Namoi; on the east by a line north and south, being the boundary line of Messrs. Patch and Glennie's run Pilica; on the west by a line north and south, being the boundary line of Mr. Evan's run Bungleully; the water on this run will not last longer than 12 months, and depends upon floods in the river which are extremely uncertain.

No. 14.

Brown John and James.

Name of Run—Waterloo Creek or Milley.

Estimated Area—64,000 Acres.

Estimated Grazing Capabilities—2,400 Cattle.

On the Waterloo Creek, bounded by the run of John Eckford on the east, and it is believed by Government Lands otherwise.

No. 15.

Button Charles.

Name of Run—Burran.

Estimated Area—38,400 Acres.

Estimated Grazing Capabilities—1,000 Cattle.

Bounded on the west by a water hole called Buley, on Burran Creek and Gorion station; on the east by 10 miles frontage on each side of Burran Creek, from the commencing water hole Buley; on the south by Pine Creek, 3 miles; on the north 3 miles by unoccupied country and the station of Mr. Button. The water in Burran creek is not permanent.

No. 16.

Button John, Estate of, per H. and W. Dangar.

Name of Run—Cubbaroo.

Estimated Area—26,880 Acres.

Estimated Grazing Capabilities—1,500 Cattle.

Bounded on the west by White's Drildool station, on a line bearing north 6 miles, commencing from the Namoi River, and including a portion of a Lagoon called Dungan or Ulled hole, indicated

by a marked tree on the bank of that Lagoon; on the north by unoccupied land on a line bearing east 7 miles; on the east by Messrs. Loader's Murrah station, bearing south 6 miles to the Namoi River; and on the south by that river to the commencing corner, having a frontage of 7 miles on the river, and including the Pine Creek in the back part of the run; the water in such creek not being permanent.

No. 17.

Button John, Estate of, per H. and W. Dangar.
Name of Run—South Oreel.
Estimated Area—30,720 Acres.
Estimated Grazing Capabilities—1200 Cattle.

Bounded on the east by a part of Henry Dangar's Bullerewi station, commencing from Thalaba creek at a marked tree on that creek, near the old hut, on a line south 4 miles; on the south by unoccupied country, on a line bearing west 12 miles; on the west by Gordon's Merruoinboon station, on a line north 4 miles to Thalaba creek; such line to include one half of a water in the creek called the Nine mile water hole; and on the north by Thalaba Creek, to the commencing corner.

No. 18.

Button John, Estate of, per H. and W. Dangar.
Name of Run—Bullerawa.
Estimated Area—17,920 Acres.
Estimated Grazing Capabilities—600 Cattle.

Bounded on the east by Capps Bulgarry station, commencing from the River Namoi opposite to the Cabaroo station, bearing south 4 miles; on the south by a line bearing west through Briggalloo scrub 7 miles; on the west by John and William Dangar's Talaba station, bearing north 4 miles to the Namoi River, falling opposite the said Cabaroo station; and on the north by the Namoi River to the commencing corner including a frontage of 7 miles.

No. 19.

Bossley John Brown.
Name of Run—Attunga.
Estimated Area—40,960 Acres.
Estimated Grazing Capabilities—2,000 Cattle.

Bounded on the north by R. Pringle's boundary, commencing at a cattle camp at the lower end of Brady's Plain; bounded on the east by high stony ranges; bounded on the south by Jenkins line, Moonar Creek; bounded on the west by Peel's River 8 miles, containing an area of about 8 miles square.

No. 20.

Baldwin Otto and Harvest per O. Baldwin
Name of Run—Diniwarindi
Estimated Area—30,720 Acres
Estimated Grazing Capabilities—2,500 Cattle.

A frontage of 6 miles on the north side of the Namoi River, commencing at the junction of the Manilla and Namoi Rivers, to a point marked on the Myall Ridge, and a back run of 5 miles; on the south side a frontage of 8 miles from Mr. Hall's boundary line to Rushes Creek, with a back run of 7 miles.

No. 21.

Bell William Sims.
Name of Run—Keepit.
Estimated Area—16,000 Acres.
Estimated Grazing Capabilities—1000 Cattle.
Bounded on the east by the Namoi River; on the west and south by Mr. Larnach; and on the north by Mr. Baldwin.

No. 22.

Bell William Sims.
Name of Run—Keepit.
Estimated Area—15,000 Acres.
Estimated Grazing Capabilities—5,000 Sheep.
Bounded on the west by the Namoi River; on the east by Mr. Cobcroft; on the north by Mr. Baldwin; on the south by Mr. Larnach; separated from Baldwin's by a range running to the Namoi.

No. 23.

Bettington J. B.
Name of Run—Boovadil.
Estimated Area—15,680 Acres.
Estimated Grazing Capabilities—4,000 Sheep.
This run comprises three small creeks usually dry, known as Miller's, M'Donald's, and Taylor's Creeks; bounded on the west by a range dividing Taylor's Creek from Currygong Creek; on the east by a range dividing Miller's Creek from Jack's Creek; on the south by the Liverpool Range; and on the north by the Australian Agricultural Company's marked tree line, being from east to west about 7 miles, and from north to south averaging about $3\frac{1}{2}$ miles; there is usually no surface water, and the stock are supplied from wells.

No. 24.

Blaxland William.
Name of Run—East Bowen.
Estimated Area—20,000 Acres.
Estimated Grazing Capabilities—4,000 Sheep.
Bounded on the east by a mountain range dividing the waters of the Bandalah and Bowen Creek; west by Bowen Creek, the creek dividing this run from Mr. Nelson Lawson's; south by the Liverpool Range; north by a line which extends from the extreme point of the Bandalah Range to Bowen Creek, which line divides east Bowen run from Mr. Henry Bayley's run known as the Bandalah Creek run; east Bowen is badly watered, stock watered by wells.

No. 25.

Bartlett Falkner.
Name of Run—Wallah.
Estimated Area—25,600 Acres.
Estimated Grazing Capabilities—600 Cattle, 4,000 Sheep.

Bounded on the south by the River Namoi; on the east by a marked tree line of Sir John Jamieson's; on the west by Mr. Munro's station, by a line running north-east to the top of a pine ridge and afterwards by a line running north to a ridge dividing the waters from Ulla Creek and Ironbark Gully; on the south by five miles of the River Namoi; and on the north bearing 8 miles back by the main range of mountains.

No. 26.

Bagot and Bailey.
Name of Run—Yowenda.
Estimated Area—108 Square Miles.
Estimated Grazing Capabilities—1,000 Cattle.

Bounded on the north by the Barwin; on the east by a marked line running 9 miles south from a marked tree on the river at a place called by the natives Youen; on the west by a line running south from a tree on the river marked by F. Allman, Esq., Commissioner, in 1845; on the south by other vacant Crown Land.

No. 27.

Bagot and Bailey, per Walter Bagot.
Name of Run—Cambo Cambo.
Estimated Area—60 Square Miles.
Estimated Grazing Capabilities—1,050 Cattle.

Running along the creek for 12 miles, including a breadth of $3\frac{1}{2}$ miles on the western, $1\frac{1}{2}$ miles on the eastern side, commencing at Winum; on the south to the junction of the Bolodoob, and Mooney on the north.

No. 28.

Campbell and Smith.
Name of Run—Milrea.
Estimated Area—51,200 Acres.
Estimated Grazing Capabilities—500 Cattle.

Bounded on the east by a marked tree line dividing it from Messrs. Brown and Selwyn's run; south by the River Barwin; west by a marked tree line dividing it from the run of the Executors of the Estate of the late Mr. White of Edinlassie; north by a supposed line 5 miles back from the Barwin (originally granted to Mr. Payne as 10 miles.)

No. 29.

Campbell and Smith.
Name of Run—Walgett.
Estimated Area—32,000 Acres.
Estimated Grazing Capabilities—300 Cattle.

Bounded on the east by a marked tree line dividing it from Mr. Parnell's run; north-east by Mr. R. Rouse's run Urie Urie; north by the Barwin; south and west by the Namoi.

No. 30.

Clift Samuel.
Name of Run—Mooki River, Doono.
Estimated Area—Not stated.
Estimated Grazing Capabilities—600 Cattle, 4,000 Sheep.

Between 4 and 5 miles frontage on the Mooki River, and on the eastern side with the back run to the Breeza Road; on the western side the back run is undefined, being no back water, but the boundary line between Mr. Clift and Mr. Fales should run from the junction of the Dry Creek in a direction as nearly rectangular with the course of the river as possible, running back to Mr. Wyndham's station Cooliba Mountain, joining Mr. Lang's station at the oak tree Breeza Point, agreeably with Roderick Mitchell, Esq.'s, Certificate.

No. 103, 20TH SEPTEMBER, 1848.—2.

No. 31.

Cobcroft John, junior.
Name of Run—Menedebrie.
Estimated Area—19,000 Acres.
Estimated Grazing Capabilities—4,000 Sheep.

Bounded on the north by the River Peel; on the south by a chain of Mountains; on the east by Robert Pringle's run; and on the west by that of Samuel Dight. The run has eight miles frontage to the river, and 6 miles in depth.

No. 32.

Cobcroft John, senior.
Name of Run—Menedebrie.
Estimated Area—22,000 Acres.
Estimated Grazing Capabilities—1,000 Cattle.

Open forest and mountain land, bounded in the front by the Peel River, at the back by leased land to Mr. William Bell; on the upper side by Robert Pringle's leased land; and on the lower side by Larnach's leased land. The run has about 7 miles frontage on the Peel River, and extends to the junction of that river to the Namoi, and has about 5 miles back run to its boundary with Mr. Bell's land.

No. 33.

Cook Saml. Wellington.
Name of Run—Neminga.
Estimated Area—13,440 Acres.
Estimated Grazing Capabilities—700 Cattle or 4,000 Sheep.

Divided from the Estate of the Australian Agricultural Company by Peel's River, commencing at its junction with the Cockburn or Moonbi Creek, and extending 8 miles upwards to a hut called Piallamone; thence on the east by a line running north from this hut, and crossing a broken country, extending about 5 miles to a point on the Cockburn or Moonbi Creek called the Fishholes; and thence by this river downwards to its junction with Peel's River before-mentioned, a distance estimated at 10 miles, the run being triangular.

No. 34.

Cox William, junior.
Name of Run—Burindi, Manilla River.
Estimated Area—20,000 Acres.
Estimated Grazing Capabilities—400 Cattle 6,000 Sheep.

The run has a tributary of the Namoi, running through part of it, which is frequently dry. It is bounded on the northern side by W. Ogilvie, junior; and on the southern side by John Larnach, being about 7 miles long by 3 wide, and is principally ridgy, with one small plain about 1 mile in length, about the middle of the run, it is called Table Land.

No. 35.

Cox Henry.
Name of Run—Quantambone.
Estimated Area—64,000 Acres.
Estimated Grazing Capabilities—1,000 Cattle.

Frontage on the Barwin River of 10 miles, from east to west; bounded on the east by Richards' station, called Collearoy; and on west by Messrs. Druitt's station, called Noonoo or Brewana.

No. 36.

Cox Henry.

Name of Run—Navena.

Estimated Area—64,000 Acres.

Estimated Grazing Capabilities—1,000 Cattle.

Frontage on the Barwin River of 10 miles, from east to west; bounded on the east by Mr. Campbell's station, called Marraman. No licensed station below Nelcomby to the west.

No. 37.

Cox George.

Name of Run—Nomeby.

Estimated Area—60,000 Acres.

Estimated Grazing Capabilities—1,200 Cattle
2,000 Sheep.

This station being on the verge of the plains to secure a spring of water, comprises about one fourth part of inaccessible hills of stony ridges and high conical mountains, besides which the springs named are its only permanent waters, and they are comprised in a few rods in dry weather, and during the summer month of each year the other waters a Lagoon and creeks are frequently dry, and then the stock now on it are compelled to ramble to find water where they can; and bounded as follows, on the north by Belumbela ridges; south by Buballa range, east by Bowen or Cox's creek; west by rocky ridge.

No. 38.

Cox Edward, (now Alfred Denison.)

Name of Run—Namo Hut.

Estimated Area—19,200 Acres.

Estimated Grazing Capabilities—800 Cattle.

Situate on the southern side of the Namo River, commencing at its junction with Gunandaddy creek, and extending down the said river to Cocoliendi rock, a point below the hut occupied by a Doctor Adams. In a south westerly direction to Thura Mullen waterhole; south to within half a mile of Walla Walla ridge, on the east to the west side of Bonela.

N.B.—This Run has been transferred, with the sanction of Government, to Mr. Alfred Denison, in whose name the Lease will accordingly be prepared.

No. 39.

Campbell and Ryan.

Name of Runs—Gundemaine and Gurley.

Estimated Area—70,000 Acres.

Estimated Grazing Capabilities—2,000 Cattle.

Bounded on the south by the River Namo, about 12 or 13 miles, which divides it from Charles Ezzy's run, Molly and Wee Waa run; on the east by a line dividing it from B. Doyle's run, and running from the junction of the Bricklow and Doyle's creeks with the river, a mile above Gundemaine hut, due north about 9 miles, till it intersects Galather creek; on the north by a line from that point of intersection, running down the south side of Galather creek, and for the last mile or more of Galather creek, crossing and taking in both sides of the said creek, and continuing from that in a north-westerly direction, till it meets the western boundary, dividing Gundemaine from Mr. W. C. Wentworth's run Galather. The western

boundary divides the run from Wee Waa, commencing on the Namo, about 2 miles below Gurley Lagoon, and runs due north.

No. 40.

Campbell and Ryan.

Name of Run—Wee Waa.

Estimated Area—80,000 Acres.

Estimated Grazing Capabilities—2,000 Cattle,
10,000 Sheep.

Wee Waa on the south side of the Namo, bounded on the north by the River Namo, for about 15 miles, dividing it from Gundemaine and Tooydenna; on the east by a line from a marked tree at Gommell Gommell, running south and dividing it from Charles Ezzy's run Nolly; on the south by Bricklow scrub; on the west by a line from a marked tree, a mile below Weeta Waa water hole, and running south. Wee Waa on the north side of the Namo, bounded on the north by Galather plains; on the south by the Namo River, about 5 miles, dividing it from Wee Waa on the south side; on the east by a line commencing on the Namo, about 2 miles below Gurley Lagoon, running north, and on the west by a line from a marked tree at Harper's old station Coondrai Creek, and running north.

No. 41.

Campbell Robert Tertius.

Name of Run—Bora.

Estimated Area—16,000 Acres.

Estimated Grazing Capabilities—4,000 Sheep.

Bounded on the east by the Burrumbulla run; on the west by barren country; on the south by Mr. Purcell's run known as Gunawilla; and on the north by barren hills; extent about 10 miles of Bora Creek; Mr. Fitzsimmon's run, Yannebar, is adjacent.

No. 42.

Campbell Robert Tertius.

Name of Run—Bullumbulla.

Estimated Area—20,000 Acres.

Estimated Grazing Capabilities—4,000 Sheep.

Bounded on the east by Mr. George Cox's station known as Nombi; on the west by the Bora run; on the south by Mr. Purcell's station known as Garrawilla; and on the north-east by Dundee creek; extent about 10 miles of Bullenbulla creek. Mr. Denison's run is adjacent; this run is badly watered.

No. 43.

Cornish Edward Brooking.

Name of Run—Euroka.

Estimated Area—51,200 Acres.

Estimated Grazing Capabilities—1,000 Cattle.

Commencing at a marked tree on the bank of the Barwin River, at or near a waterhole called Coroombambilly, about 1 mile above Euroka hut; bounded on the north-east by a line bearing south 45 degrees east, extending 8 miles over flat country, being the boundary line between this run and the adjacent land occupied by Mr. McFarlane; on the south-east by a line bearing south 45 degrees west, extending 10 miles over open forest land, being the boundary line between this run and

unavailable Government land ; on the south-west by a line bearing north 45 degrees west, extending 8 miles over undulating forest land to a waterhole on the Barwin River, called Cannimbar, about a quarter of a mile above Ewenda hut, and being the boundary line between this run and the adjacent land, occupied by Mr. Bagot, or by Messrs. Bagot and Baillie ; and on the north-west by the River Barwin, extending 10 miles to the point of commencement. The lengths and general directions of these boundary lines being given with reasonable certainty.

No. 44.

Chapman A. C.

Name of Run—Booree.

Estimated Area—5,120 Acres.

Estimated Grazing Capabilities—not stated.

Boundaries as inserted in the Crown Commissioner's registry book, viz.,—Booree run south side Barwin River, commencing at a marked tree about $\frac{1}{2}$ a mile above the hut, and about 11 in a straight line below that of Mr. Parnell, and extending west down the river to a marked tree within 2 miles of the Doorall hut, and containing 8 miles, more or less. The boundary lines from the marked trees to run south.

No. 45.

Cohen David.

Name of Run—Tuckeraman.

Estimated Area—6 square miles.

Estimated Grazing Capabilities—4,000 Sheep.

Bounded on the south by Peel's River and the Moonbi Creek, from an old hut on the former to a dry gully joining the latter ; on the south-east by a boundary line of Mr. Dangar's, Moonbi station ; on the west by a line running north from an old hut on Peel's River, about 800 yards from Mr. Levy's inn to the Tamworth Hills ; and on the north by the Tamworth Hills.

No. 46.

Curtis George.

Name of Run—Pialaway.

Estimated Area—24 square miles.

Estimated Grazing Capabilities—5,000 Sheep.

Bounded on the south by the bald ridges by the lower cattle camp to the westward, by the fall of the water from the Uraie Creek station to the south-east over a ridge which divides the Uraie Creek station to Carabubla, and by the northward by the Duri range, and the fall of the water to Pialaway, and by a marked tree line dividing McDougall's run from the Pialaway station.

No. 47.

Capp Thomas.

Name of Run—Milihomi.

Estimated Area—35,200 Acres.

Estimated Grazing Capabilities—900 Cattle.

Bounded on the north by the Namoi River, 3 miles ; on the east by Selwyn and Brown, 5 miles ; again on the north by Selwyn and Brown, 5 miles ; again on the east by Patch and Glennie, 5 miles ; on the south by unoccupied land, 8 miles, to the western boundary, being Evans' run, 10 miles to the Namoi River.

Dangar Henry.

Name of Run—Moonbi.

Estimated Area—25,600 Acres.

Estimated Grazing Capabilities—8,000 Sheep.

Watered by the Moonbi Creek ; and bounded on the west by Cohen's run, commencing at a deep gully running into the Moonbi at about $\frac{3}{4}$ of a mile above the hut occupied by Mr. George Kettle, on said Cohen's run, and called the boundary gully ; by that gully to the top of the range dividing the waters between the Moonbi and Moone Creeks ; on the north-west and north by that dividing range to the summit where the New England Road passes over it ; thence on the north-east by the range dividing the waters of Moonbi and Oaky Creeks ; on the east by Brodie's Oaky Creek run at one mile above the junction of that creek with the Moonbi ; and on the south and south-west by the Moonbi Creek, dividing this from Mr. Cook's run, to the commencing corner.

No. 49.

Dangar Henry.

Name of Run—Buleori.

Estimated Area—64,000 Acres.

Estimated Grazing Capabilities—1,280 Cattle.

Watered by Thalaba Creek ; and bounded on the west by John Button and William Dangar's stations, on a line bearing north 5 miles passing a marked tree on the creek within half a mile of the Buleori Hut on Thalaba Creek ; on the north on an east line twenty miles by unoccupied country, extending towards Bucknell's Moonee station ; thence on the east by unoccupied country by a south line of 5 miles crossing the heads of Thalaba Creek ; thence by a west line twenty miles being unoccupied country, extending towards Charles Button and Loder's stations, to the commencing corner.

No. 50.

Dangar William and John.

Name of Run—North Oreel.

Estimated Area—30,720 Acres.

Estimated Grazing Capabilities—1,300 Cattle.

Bounded on the east by part of Henry Dangar's Bullerewi station, commencing at the north-east corner of Button's South Oreel station on Thalaba Creek ; on a north line 4 miles ; on the north by unoccupied country ; on a west line 12 miles ; on the west by a south line to Thalaba Creek to include one-half of the "Nine Mile Waterhole," adjoining the Merriwinboon station ; and on the south by Thalaba Creek to the commencing corner, having a frontage of 12 miles on that creek, and to comprehend the whole of a lagoon called Currytoorilah ; north-west of hut and stockyard one mile.

No. 51.

Dangar William and John.

Name of Run—Talluba.

Estimated Area—30,720 Acres.

Estimated Grazing Capabilities—900 Cattle.

Bounded on the east by John Button's Bel-lerawastation ; on a south line 4 miles to a Brigaloo scrub ; on the south by a west line through that scrub 12 miles ; on the west by Patche's Bellica

station; on a line north to the Namoi River, including a small creek near the boundary; and on the north side on that River 12 miles, to the commencing corner.

No. 52.

Dight Hannah.

Name of Run—Carroll.

Estimated Area—23,000 Acres.

Estimated Grazing Capabilities—400 Cattle, 3,000 Sheep.

South side of Namoi, commencing at Carroll Hut, running in a south-easterly direction about 7 miles to a place known as the Gap; thence about 6 miles to a marked line on the Peel about a mile and a half above its junction with the Namoi, and bounding Cobcroft's run; on the north side commencing at the junction of the Peel and Namoi, running in a northerly direction for about 7 miles, and from that point by a line running in a westerly direction to a place about $\frac{1}{2}$ a mile above the Springs; thence to the Namoi a distance of about $4\frac{1}{2}$ miles; bounded by the run of John Howe, Esquire.

No. 53.

Denison Alfred.

Name of Run—Melville Plains, (head station—Gullendaddy.)

Estimated Area—220 Square miles.

Estimated Grazing Capabilities—16,000 Sheep.

North commencing from a waterhole about a mile below the sheep station called Wallah Wallah in a direct line to the Bennilong Mountain; east, the top of a low ridge skirting the plains connecting the Bennilong Mountain and the Milley ridges which ridges are the boundary to the south till they meet the dry Melville Creek, thence from left bank of Melville Creek, a line due west to a rocky hill called Goally, thence a line to an apple ridge on plain opposite the sheep station called Dunnadea, thence into the Dunnadea Creek at the point where the iron-bark commences, thence to the deserted station called Callinal, thence to the Willalan Hills, following the Willalan Hills to Cobbulai and to the starting point.

No. 54.

Doyle B., and F. M.

Name of Run—Nunabry.

Estimated Area—44,800 Acres.

Estimated Grazing Capabilities—1,000 Cattle, 2,000 Sheep.

Bounded on the south by a line defined in the year 1834, and subsequently marked in the presence of Mr. W. C. Wentworth's overseer, Mr. O'Brien, and Mr. Patrick Quin, dividing Nunabry from Taberena station, the line running from the river to the mountains; on the east by the mountain range; on the west by the river Namoi, running a north line 7 miles to the spot where the Gundamane stockyard was soon after erected; on the north side by Gundamane and Gullatheral stations to the mountains.

No. 55.

Doyle A. B., and F. M., (per A. Doyle.)

Name of Run—Cooma.

Estimated Area—22,400 Acres.

Estimated Grazing Capabilities—250 Cattle, 1,600 Sheep.

Bounded on the south by a west line commencing at the Rocky waterhole, the same being the

north line of Mr. W. C. Wentworth's station; on the east by the River Namoi, running a north line 7 miles to the Molly station, extending along that station by a west line 5 miles, the Cooma station being backed in by a brigalo scrub.

No. 56.

Doyle Cyrus Edward.

Name of Run—Thurradulba.

Estimated Area—26,880 Acres.

Estimated Grazing Capabilities—600 Cattle.

Bounded on the north-east by a line running by Batty's waterhole to Jack's Creek, and along that creek to the Willylan ranges, from thence to Cowally Creek by an iron-bark ridge forming the boundary line between Thurradulba and the station occupied by Mr. John B. Robertson, the back line bounded by Cockill Forest, and a dense brigalo scrub.

No. 57.

Doyle Cyrus Matthew.

Name of Run—Willylaw.

Estimated Area—38,400 acres.

Estimated Grazing Capabilities—4,000 Sheep.

Willylaw station, bounded by lines extending from Mr. E. Cox, Namoi hut station, commencing at the south-west corner along the back of Eather's run, by the east end of Thunamullin waterhole, and running about 2 miles along the back of Bainba station, from thence by a line about west south-west to the Willylaw Mountains, and running south to the end of said mountains, from thence by a line running over the Bald Hill to the south-west corner of Mr. E. Cox's station.

No. 58.

Evans James.

Name of Run—Myall Lowry, or Bungell Gully.

Estimated Area—70 Square miles.

Estimated Grazing Capabilities—1,000 Cattle.

It adjoins Mr. Henry Bailey's on the west; on the east by Mr. Sullivan; on the north by the Namoi River; on the south by a line to include the quantity.

No. 59.

Evans James.

Name of Run—Dandry.

Estimated Area—40,000 Acres.

Estimated Grazing Capabilities—500 Cattle.

Bounded on the west by the station of the Revd. H. H. Bobart; on the north H. Gavan's station; on the east by the western boundary of Mr. Fitzsimmon's station, and on the south by unoccupied land.

No. 60.

Ezzy Charles.

Name of Run—Molly.

Estimated Area—70 Square Miles.

Estimated Grazing Capabilities—640 Cattle.

Bounded on the east by the Namoi River; on the west by Briglow scrub; on the south by Briglow Creek, and on the north by a tree marked CE on the boundary of Campbell and Ryan's station.

No. 61.

Eckford John.

Name of Run—Malaraway.

Estimated Area—48 Square Miles.

Estimated Grazing Capabilities—400 Cattle, 3,000 Sheep.

6 miles by 8 miles to the east of Mr. T. Parnel, west by Messrs. J. and J. Brown; north by land

occupied by the Bank of Australasia; south by W. C. Wentworth, Esquire.

No. 62.

Eckford John.

Name of Run—Burran Burran.

Estimated Area—88 Square Miles.

Estimated Grazing Capabilities—1,000 Cattle.

11 miles by 8 miles, to the east by the River Barwin, by Messrs. Bagot and Bailey; north by Messrs. Ryan, south Lieut. Smith.

No. 63.

Eather Robert.

Name of Run—Muggarie.

Estimated Area—32,000 Acres.

Estimated Grazing Capabilities—1,000 Cattle.

Bounded on the west by the Narran Creek, having 10 miles frontage extending from one marked tree to another, and on the north and south by lines running 5 miles east from these points; on the east by unoccupied Crown Lands.

No. 64.

Eales John.

Name of Run—Dury.

Estimated Area—40,000 Acres.

Estimated Grazing Capabilities—6,000 Sheep.

Bounded on the south by a marked line adjoining Loder's run about 7 miles; on the east by the New England Road, about 7 miles to the cross roads; on the north by a line from the cross roads, bearing west to a gap in the Lagoon Mountain about 2 miles, from the said gap by a line bearing south south-west about 6 miles to the Australian Agricultural Company's line; and on the west by the Australian Agricultural Company's line.

No. 65.

Eales John.

Name of Run—Walhollow.

Estimated Area—50,000 Acres.

Estimated Grazing Capabilities—6,000 Sheep.

Bounded on the south by a cattle track adjoining the Hawkesbury Society's Grant, bearing west about 4 miles and by a line from Allen's fence bearing east about 1½ mile; then south-east to the Dury boundary; on the east by the Werries Creek ranges; north by a line from Cuna Gap adjoining Brezer bearing west about 7 miles to the Mucki River, then by a gully known as the Dog Trap Gully, adjoining Clift's about 3 miles bearing west.

No. 66.

Eales John.

Name of Run—Currubula.

Estimated Area—19,000 Acres.

Estimated Grazing Capabilities—4,000 Sheep.

Bounded on the north and east by the Australian Agricultural Company's line about 7 miles; on the south by a range of mountains; and on the west by a line running about 2 miles below the Accommodation House, bearing south about 3 miles; on the south by a range of mountains.

No. 67.

Eales John.

Name of Run—Jacob & Joseph.

Estimated Area—18,000 Acres.

Estimated Grazing Capabilities—4,000 Sheep.

Bounded on the south and east by the fall land adjoining Mr. Loder's run and the New England Road; on the north by a line from the

No. 103, 20TH SEPTEMBER, 1848.—3.

Cross Roads, bearing east; and on the east by a range of mountains adjoining Martyn and Coombs' run.

No. 68.

Eales John.

Name of Run—Long Point.

Estimated Area—45,000 Acres.

Estimated Grazing Capabilities—6,000 Sheep.

Bounded south by a line from Carbuncle Creek, bearing west about 9 miles, adjoining Breezer; on the east by a range of mountains; on the north by a line from Oakey Creek, in the direction of the Battery Mountain, about 5 miles to the Mucki River; then from a marked tree on the river bearing west about 4 miles to the mountains; and west by the range of mountains.

No. 69.

Fitzgerald Robert.

Name of Run—Yaraman.

Estimated Area—112 Square Miles.

Estimated Grazing Capabilities—200 Cattle.

Yaraman is situated on a creek taking its source from Liverpool Range, and extending to the middle of the large plain, dividing it from Blaxland's run, and extending to dividing ranges between Yaraman and Commo Commo; on the west by a marked tree; and on the east by dividing Range and marked tree from Black Creek; there is no surface water on this run except sufficient for 200 head of cattle; Commo Commo is Mr. Pringle's station; Black Creek is belonging to the Bank of Australasia.

No. 70.

Fitzgerald Robert.

Name of Run—Nassau Burgurrah.

Estimated Area—200 Square Miles.

Estimated Grazing Capabilities—4,000 Cattle.

Forty miles by 5 miles, on the east side of the Balonne River running upwards, the extremes are distinguished by marked trees F, and by Sir Thomas Mitchell's Camps Nos. 8 to 13 of the east side inclusive; the run commences from St. George's Bridge.

No. 71.

Fleming Joseph.

Name of Run—Mundowey.

Estimated Area—56,000 Acres.

Estimated Grazing Capabilities—1,200 Cattle.

Bounded on the north by mountain ranges, dividing, by falls, the Namoi from the Macdonald River; on the south and west by the station of the late G. Hall, known by the name of Curindi; and on the east by a mountain range to the aforesaid northern dividing falls, of which only one-third of its area is available for depasturing.

No. 72.

Fitzsimmons Charles.

Name of Run—Yaminginba.

Estimated Area—19,200 Acres.

Estimated Grazing Capabilities—400 Cattle.

Bounded on the east by Borah, a station of Mr. Orr's; on the west by Dandree, a station of Mr. Evan's on the north by an unoccupied country and a line of marked trees running east and west from a waterhole named Thonwindi; on the south by a sheep station, called Monon, on the

Yaminginba Creek, and a range of mountains dividing the Districts of Bligh and Liverpool Plains.

No. 73.

Fitzsimmons Charles.

Name of Run—Bugaldi.

Estimated Area—30,000 Acres.

Estimated Grazing Capabilities—4,000 Sheep.

Situated on the Bugaldi Creek, and extending from Bono to Cookabarrabia, being a distance of 10 miles. Bounded on the east by the Cookabarrabia Creek; on the west by the Keenby Creek; on the north by Barradeen, a station of Mr. Walker's; on the south by Yarragon, a station of Mr. Brown, and distant from that station about 8 miles.

No. 74.

Gally George, (now James King.)

Name of Run—Gunerai.

Estimated Area—83,000 Acres.

Estimated Grazing Capabilities—2,200 Cattle.

Commencing at a point on the Gwydir River, about 2½ miles eastward of Gunerai hut, where a gully enters the said river from the northward; thence by a line northerly, passing through a sugarloaf hill, known as Mount Rodd, and thence along the ridge, dividing the waters of Oak Creek from those of Spring Creek, to a main range of mountains roughly parallel with the course of the Gwydir River; from thence on the north-east by that range to a small gully that runs into a creek or gully known as Kelly's Gully, about 2 miles up that gully from its junction with Reedy Creek, thence down that Kelly's Gully to its junction with Reedy Creek; thence north-westerly in a direct line to the Highland Plains Range of hills, from thence on the westward by that range to a creek known as Little Reedy Creek, or Thuliabah Creek, and thence by that creek to its junction with the River Gwydir, and from thence on the south by that river to the commencing point; on the east by land in the occupation of J. F. Beattie; on the north and north-east by land in the occupation of H. Dangar and J. Clives; on the north-east and north-west by land in the occupation of A. Bell; on the west by land in the occupation of John Eales; on the south by the river and land in the occupation of John Hoskisson, J. E. Gilman, and James Mitchell, or R. B. Outley.

The extent is about 15 miles, bounded by the River Gwydir, and varying from 6 to 11 miles to the back range of hills already mentioned.

N. B.—This run has been transferred, with the sanction of the Government, to Mr. James King, in whose name the lease will accordingly be prepared.

No. 75.

Gally George, (now James King.)

Name of Run—Wellbon.

Estimated Area—60,000 Acres.

Estimated Grazing Capabilities—1,500 Cattle.

Bounded on the west by a line commencing at a watercourse about 3 miles south of Terrila Creek, passing thence north through a marked tree on Terrila Creek, about ½ a mile below its junction with Wallon Creek, and thence due north to a point 5 miles distant from the said marked tree; from thence on the north by a line of about 11

miles easterly parallel to, and 5 miles distant from, Terrila Creek; from thence by a line due south, passing through a marked tree on Terrila Creek about 11 miles above the marked tree first mentioned to Wallon Creek; from thence by that creek to a point of scrub about a ¼ of a mile below the point where the Medgun Road to Wellbon crosses that creek, and from thence by a line westerly to the commencing point; on the west by land in the occupation of G. M. Pitt; on the north by unoccupied Crown Lands; on the east by land in the occupation of C. J. Jolliffe; on the south by land in the occupation of Richard King and Robert Fitzgerald.

N. B.—This run has been transferred, with the sanction of the Government, to Mr. James King, in whose name the lease will accordingly be prepared.

No. 76.

Gill John.

Name of Run—Doughboy Hollow.

Estimated Area—25,600 Acres.

Estimated Grazing Capabilities—6,000 Sheep.

Distant from Murrurundi about 7 miles, separated from the located lands within the boundaries by the Liverpool, or general dividing range. Bounded on the west by a north and south line separating it from Australian Agricultural Company's land, and by a continuation of that line to the crest of Liverpool Range; bounded on the south by the Liverpool Range; on the east by the Wollabydah Range; on the north-east and north by ranges separating it from Martin and Coombes' and Loder's run. The run includes all waters and watercourses emptying themselves into Chilcott and Colly Creeks; the run is further bounded on the west by Paranville Creek, separating it from Loder's run.

No. 77.

Hall Charles.

Name of Run—Moone Creek.

Estimated Area—20,000 Acres.

Estimated Grazing Capabilities—8,000 Sheep.

Bounded on the south by the Tamworth Hills; on the east by the range between Moone Creek and the Moonbi Creek; on the west by a north and south line, crossing Moone Creek, from the termination of the Limestone Range and including the head of Brown's Creek.

No. 78.

Hall George, Estate of, (per W. and J. Hall.)

Name of Run—Cuerindi.

Estimated Area—51,200 Acres.

Estimated Grazing Capabilities—1,500 Cattle.

First by a portion of Yarramunbully Creek; thence by a south marked tree line extending in all about 3 miles from the Namoi River, dividing the Cuerindi run from Baldwin's on the west; thence by a line about east about 2 miles to a marked box tree; thence by a line about north about 1½ miles to a marked box tree on the bank of Yarramunbully Creek; thence by a line about east about 3½ miles to a marked box tree, at a place called the Gap; thence by a line about north about 4 miles to a marked gum tree, at the head of Cuerindi Swamp; thence by a continuation of

the same line about $1\frac{1}{2}$ miles to the top of the ridge dividing the Cuerindi Creek from the Namoi River; thence by the top of that ridge bearing about west about $1\frac{1}{2}$ miles to a high mountain; thence by a line about north about 2 miles to a high mountain on the north side of the Namoi River. The above mentioned lines from the first marked box tree referred to, is the boundary between the Cuerindi run and Flemming's run; on the north side of the Namoi River the Cuerindi run is bounded by a continuation of the last mentioned mountain or range, which forms a half circle and terminates on the bank of the river opposite the junction of the Yarramunbully Creek; this range divides the water falling into the Namoi and Manilla Rivers, and is also the boundary between this and Wentworth's run. Extent about 10 miles long by 8 miles wide, and will feed 1,500 head of cattle.

No. 79.

Holmes Isabella.

Name of Run—Mooki Spring.

Estimated Area—18,000 Acres.

Estimated Grazing Capabilities—4,000 Sheep.

Bounded on the north by Parnel or the Australian Agricultural Company's station, by a line commencing at a water-course at the east side of the point of the pine ridge, and running 6 miles west, passing a tree branded IE; on the west by Blaxland's station, by a line running south about $4\frac{1}{2}$ miles, passing a waterhole or wells; on the south by Blaxland's station, by a line running east about 6 miles, passing an apple tree point above a quarter of a mile to the north, running across a pine ridge, &c., and leaving the Darling waterhole half a mile to the north; on the east by Parnel aforesaid, by a line about $4\frac{1}{2}$ miles north to the water-course at the east side of the point of the pine ridge aforesaid.

No. 80.

Howe John.

Name of Run—Carroll.

Estimated Area—30,000 Acres.

Estimated Grazing Capabilities—630 Cattle, 6,200 Sheep.

5 miles frontage on the south side of the Namoi River, the western boundary extending from a known point on that river to the Mooki River, and thence up that river 2 miles to a point 1 mile above the Battery Mountain; from thence the southern boundary line runs to Oaky Creek in the Dury range and to a known point; thence the eastern boundary to the Carroll hut, also 3 miles on the north side of the Namoi River, the side lines extending from marked trees on the river to the Namoi Range which forms the northern boundary on that side.

No. 81.

Hoskinson John.

Name of Run—Barraba.

Estimated Area—76,800 Acres.

Estimated Grazing Capabilities—2,000 Cattle.

Intersected by the line of Road leading from Maitland to the Big and M'Intyre Rivers, watered by the Manilla and Creeks, and bounded on the

north by Mrs. Esther Hughes, and Mr. I. T. Armitage; west by Mr. Cox, south by Mr. John Larnach, and east by Mr. W. C. Wentworth.

No. 82.

Hughes Esther.

Name of Run—Barraba.

Estimated Area—20,480 Acres.

Estimated Grazing Capabilities—900 Cattle, or 6,000 Sheep.

Barraba is bounded on the north and west by the Ranges dividing the Namoi and Gwydir waters and the runs of Mr. Eaton, Mr. Ogilvie, and Mr. Cox; on the south by Mr. Hoskinson, and on the east by the road to the Big and M'Intyre Rivers, and Mr. I. T. Armitage, and intersected by a water-course known as the Manilla River.

No. 83.

Hughes Esther.

Name of Run—Detached from Barraba.

Estimated Area—37,760 Acres.

Estimated Grazing Capabilities—8,000 Sheep.

These are situated on a high broken country between the waters of the Big River and Namoi having no natural boundaries except Mount Drummond on the north, the other boundaries are all understood;—bounded north by Mr. Allan Macpherson's; west by Mr. Cappel and Mr. J. T. Armitage; south by Mr. J. T. Armitage and Mr. Spencer; and east by Mr. Spencer and Mr. Dittmas. It is watered by springs and ponds.

No. 84.

Hale James.

Name of Run—Bomera.

Estimated Area—20,000 Acres.

Estimated Grazing Capabilities—960 Cattle, or 4,000 Sheep.

Both sides Bomera Creek, commencing opposite a sharp pointed ridge which runs down from the most easterly point of the Talibra mountain to very near the Bomera Creek, which ridge divides Mr. Allison's run from mine on the north; on the south by the ridge dividing the waters of Oaky Creek from Bomera Creek; on the east by the ridge dividing the waters of Bowen Plains, or Wm. Lawson's run, from that of Bomera Creek; on the west side of Bomera Creek by thick scrub, about 10 miles from north to south; on the north by Mr. Allison and the Talibra mountain.

No. 85.

Hale James.

Name of Run—Booballa Creek or Yulerman.

Estimated Area—20,000 Acres.

Estimated Grazing Capabilities—640 Cattle, or 4,000 Sheep.

Bounded on the east by the Bomera run; on the north, commencing under the Talibra mountain, by the Talibra mountain ridge westerly to the Yulerman forest, which said ridge divides the waters of Booballa Creek from the waters of Nomby, and forms a natural boundary between Mr. G. Cox's Nomby run and mine; on the south, commencing where the Nomby road crosses Bomera Creek, by a line westerly to a rocky water hole on the Tarawinda road, from thence by a

line north to the ridge dividing the waters of Nomby from that of Booballa Creek and Yulerman aforesaid, being about 10 miles from east to west by various widths.

No. 86.

Hale James.

Name of Run—Bundalla.

Estimated Area—20,000 Acres.

Estimated Grazing Capabilities—640 Cattle, 4,000 Sheep.

Bounded on the north by a line north-east to the ridge or Tamaran mountain, commencing at an old sheep station well on the east side of Bundalla Creek; on the west by Bundalla Creek to the mouth of Tamalus Creek, then both sides Bundalla Creek taking all the land on the south side of Tamalus Creek to the mountain, the Tamalus Creek being the boundary between Mr. H. Baily's run and mine; on the east by the ridge dividing the waters of Moodivil Creek, late Wiseman's station, now Bank of Australasia, from that of Bundalla Creek about 10 miles from north to south.

No. 87.

Hall James.

Name of Run—Gunnedah.

Estimated Area—22,400 Acres.

Estimated Grazing Capabilities—4,000 Sheep.

Bounded on the north by the Namoi River; on the east by Howe and Brown's run, by a line about south-west to the dividing range from the station of Sumner; on the south by Sumner; and on the west by Robertson, commencing at a lagoon by the river Namoi.

No. 88.

Hall James.

Name of Run—Gunningindi.

Estimated Area—19,200 Acres.

Estimated Grazing Capabilities—600 Cattle.

Bounded on the east by Moonie Creek; on the north by Mackay's run; on the south by Thorley's run; and on the west by unoccupied land. The flat nature of the country giving no marked geographical features.

No. 89.

Hamilton Edward.

Name of Run—Cattle Creek and Spring Station.

Estimated Area—24 square miles.

Estimated Grazing Capabilities—4,000 Sheep.

On the north by west end of the south boundary line of the Australian Agricultural Company, Warrah Great; on the west by the ridge dividing the waters that fall into the Cattle Creek from those that fall into Black Creek; on the south by the Liverpool range and a line drawn from a point $\frac{1}{4}$ of a mile to the north of Leary's gap through a point in Phillips Creek $1\frac{1}{4}$ mile due north of the old station belonging to Messrs. E. and A. Blaxland, till it meets the ridge dividing the waters that fall into the Yarramumbah valley from those which fall into the valley of Phillips Creek; on the east by the ridge dividing the waters which fall into the valley of the Cattle Creek from those

which fall into the valley of Phillips Creek, and the ridge which divides the waters which fall into the valley of the Yarramumbah from those which fall into the valley of Phillips Creek.

No. 90.

Hungerford Emanuel, Junr.

Name of Run—Yerangle.

Estimated Area—35 square miles.

Estimated Grazing Capabilities—800 Cattle.

Bounded on the north by the river Darling; on the south by Crown Lands; on the east by a line at right angles to the course of the stream running from a marked tree on the river, 1 mile below the hut on the adjoining station called Terribby or Manilla, occupied by the Messrs. Rouse; and on the west by a parallel line running from a marked tree on the river, 7 miles below the above, separating the station in question from the Ure Ure station occupied by the Messrs. Rouse.

No. 91.

Haig Isaac.

Name of Run—Dungowan.

Estimated Area—25,600 Acres.

Estimated Grazing Capabilities—8,000 Sheep.

The valley of Dungowan creek from its sources in the great dividing range to its confluence with Peel's River, having a frontage upon that river of about 4 miles above the said junction, and 1 mile below it; the boundaries on the north and south being the ranges that divide the creek from the neighbouring streams, the frontage on the river commences at Redbank, and extends to the eastern boundary of the Piallamore station, namely, a deep red gully, about a mile below the junction of Dungowan creek, and Peel's river.

No. 92.

Hungerford Emanuel, senior.

Name of Run—Dungaleer.

Estimated Area—70 square miles.

Estimated Grazing Capabilities—1,200 Cattle.

Bounded on the north by vacant Crown Lands; on the south by the River Darling; on the east by a line running at right angles to the course of the river, from a marked tree at the Brother's waterhole, separating Dungaleer from the station adjoining, called Dundum bureena, occupied by the Aberdeen Company; and on the west by a line parallel to the above, running from a marked tree on the river 2 miles above the Umanba hut, and separating the said station from Mr. Rouse's station called Umanba.

No. 93.

Hill Richard.

Name of Run—Mungyer.

Estimated Area—76,860 Acres.

Estimated Grazing Capabilities—800 head of Cattle.

Boundaries commencing on the Moomyn creek, from a point opposite the western extremity of Mungyer waterhole, bounded on the south by the Moomyn Creek, 10 miles up that creek to a marked tree; on the east by a line extending to the River Mei 12 miles; on the north by a line 10 miles down the Mei; and on the west by a line

from that river to the Moomyn creek opposite the southern extremity of Mungyer waterhole as aforesaid.

No. 94.

Joseph Moses.

Name of Run—Merrumborough.

Estimated Area—35,840 Acres.

Estimated Grazing Capabilities—4,000 Sheep.

Sandy and scrubby; bounded on the north by Hyam Joseph's; on the south by Captain Patch; on the east unbounded; on the west by Dangar's marked tree.

No. 95.

Joseph Moses.

Name of Run—Bulgarrie.

Estimated Area—30,720 Acres.

Estimated Grazing Capabilities—5,000 Sheep.

Sandy and scrubby; bounded on the north by the Namoi River; on the south by Hyam Joseph's marked tree; on the east by Morrison's marked tree; on the west by Dangar's marked tree.

No. 96.

Joseph Hyam.

Name of Run—Sandy Creek (Moralgery?)

Estimated Area—30,720 Acres.

Estimated Grazing Capabilities—5,000 Sheep.

Sandy and scrubby; bounded on the north by Moses Joseph's marked tree; on the south by Bagot's marked tree; on the east by Morrison's marked tree; on the west by Dangar's marked tree.

No. 97.

Joseph Hyam.

Name of Run—Cumbil.

Estimated Area—12,800 Acres.

Estimated Grazing Capabilities—2,000 Sheep.

Sandy forest; bounded on the north by George Pounder's marked tree; on the south unbounded; on the east unbounded; on the west Wangan Creek.

No. 98.

Jamieson Lady, per W. C. Wentworth.

Name of Run—Baan Baa, Namoi River.

Estimated Area—107,520 Acres.

Estimated Grazing Capabilities—2,000 Cattle.

Baan Baa on the Namoi River, extending 8 miles on the west side of the river, and going into Button's paddock by a line west from the marked tree on the edge of the plain to a mountain known as Ballal, and from thence to Tarremullen waterhole; on the west by a line running north to a bald spur in the Brigalow range, and from thence on the north to a waterhole in the Namoi River, known as Bundur Wallur in Button's paddock, to a bald spur in the Brigalow range, on the eastern side of the Namoi River, from the confluence of Onus' or Ghooi Creek to Bundur Wallur, at the junction of Bibelah Creek with the Namoi, being 8 miles; bounded on the south by Onus' Creek up to Onus' hut, and from thence to the southern point of a brush mountain about 3 miles east from Onus' hut; on the east by the Pundawai range; on the north by a line east from Bundur Wallur to bald spur in the range opposite a mountain called Deeriah.

No. 103, 20TH SEPTEMBER, 1848.—4.

No. 99.

Jamieson Lady, per W. C. Wentworth.

Name of Run—Merrigala, Bowen's Plains.

Estimated Area—20,480 Acres.

Estimated Grazing Capabilities—1,000 Cattle.

Merrigala having a frontage of 8 miles on the Boomerah Creek, commencing from where the dividing range between Boomerah and Merrigala falls into the Boomerah Creek, and extending to a marked tree near Mr. Miller's old head station, the cap of the dividing range between Boomerah and Merrigala is the boundary on the west side; bounded on the south side from a tree on the Boomerah range to a clump of trees on Merrigala plains at a point below Weo Talabaa (Mr. Nelson Lawson's station), and from thence to the southern point of Tamarang Mountain, to the clump of trees on the large plain; bounded on the eastern side from Mr. Miller's old head station to the northern points of Tommy and Billy mountain, and up to the clump of trees on the large plain.

No. 100.

Jenkin George.

Name of Run—Wollomol.

Estimated Area—12,000 Acres.

Estimated Grazing Capabilities—500 Cattle, 4,000 Sheep.

Bounded on the west by Peel's River, to which it has a frontage of 7 miles, and thus divided from the Estate of the Australian Agricultural Company; on the south by a line running east from an old hut on Peel's river to the Tamworth Hills, about 3 miles in length; on the north by Moore's creek from its junction with Peel's River to the Limestone ranges; and on the east by a line from these ranges to the Tamworth Hills; Mr. Bosley's Cattle Run being on the northern and Mr. Cohen's stores on the south side.

No. 101.

Jenkins R. L.

Name of Run—Wooloomon (Duncan's Creek.)

Estimated Area—25,600 Acres.

Estimated Grazing Capabilities—5,000 Sheep.

On the south by the northern boundary of the station last described, Wooloomon; on the east by ranges of mountains; on the north by the range dividing the waters of Duncan's Creek from those of Dungowan Creek; and on the west by Peel's River, to which this station has 8 miles of frontage.

No. 102.

Jenkins R. L.

Name of Run—Piallamore or Swamp Station.

Estimated Area—6,400 Acres.

Estimated Grazing Capabilities—2,000 Sheep.

Piallamore has a frontage to the Peel of about 5 miles; separated on the east by the western range of Dungowan Creek; and on the west by a line extending from the river about 4 miles into the mountains and running parallel with a large lagoon situated nearly opposite to one of the A. A. Company's stations, formerly known as David Pattison's; this line separates the station from Nemingar; on the south by the River, which divides it from the Company's station; and on the north by high ranges.

No. 103.

Jenkins R. L.
Name of Run—Wombromurra.
Estimated Area—25,600 Acres.
Estimated Grazing Capabilities—5,000 Sheep.

Bounded on the south by the Wombromurra Creek, by the boundary line of the Australian Agricultural Company, and by about 8 miles of the River Peel; on the south by the mountain called Crawney, part of the great dividing range; on the east by a spur from this range; and on the north by the range dividing the waters of Duncan's Creek from those that fall into the Peels River above the point of its junction with it.

No. 104.

Lawson Nelson Simmons.
Name of Run—Bone.
Estimated Area—48,000 Acres.
Estimated Grazing Capabilities—2,500 Sheep.

Bounded on the east by Mount Tamarang; on the west by the licensed run of James Hale, called Bomera; on the north by the licensed run of Lady Jamieson, called Mogala; and on the south by my own licensed station called Premier.

No. 105.

Lawson Nelson Simmons.
Name of Run—Moorabie.
Estimated Area—32,000 Acres.
Estimated Grazing Capabilities—600 Cattle.

Bounded on the north by the River Barwin; on the south by the Castlereagh River; on the east by the licensed run of Messrs. Bagott and Bailey, called Youandah; and on the west by the licensed run of William Lawson, called Brewan.

No. 106.

Lawson Nelson Simmons.
Name of Run—Ginger.
Estimated Area—30,000 Acres.
Estimated Grazing Capabilities—600 Cattle.

Bounded on the south by the River Barwin; on the north by Crown Lands; on the east by the licensed run of Messrs. Rouse, called Umumbar; on the west by the licensed run of William Lawson, called Com-ber-derry-derry.

No. 107.

Lawson Nelson Simmons.
Name of Run—Premier (Bone Creek).
Estimated Area—32,000 Acres.
Estimated Grazing Capabilities—3,000 Sheep.

Bounded on the east by a large range, east of Bone Creek; on the west by Liverpool Ranges; on the north by my own licensed run called Boan; and on the south by Pandora's pass and Liverpool Ranges.

No. 108.

Lawson Wm. and N. S., per W. Lawson, senior.
Name of Run—Mohonia.
Estimated Area—38,400 Acres.
Estimated Grazing Capabilities—600 Cattle.

Bounded on the east by a line running 5 miles north from the junction of the Bookhira River with the Barwan River, and thus divided from

Mr. Druitt's station, Breewannia; bounded on the south by the Barwan River, a distance of 12 miles; on the west and north by unoccupied Crown Lands.

No. 109.

Lang Andrew.
Name of Run—Breeza.
Estimated Area—72 Square Miles.
Estimated Grazing Capabilities—1,500 Cattle.

Commencing at a point on the Mooki River, 4 miles to the northward of Breeza Hut, known as Kabunga Creek; and bounded on the north by a line west 10 miles, separating it from the run of John Eales, called Long Point; on the west by a line south 6 miles; on the south by a line east 12 miles, separating it from the station of Samuel Clift, called Doonos; on the east by a line north 6 miles; and on the north by a line west 2 miles to the commencing corner.

No. 110.

Larnach John, now R. Campbell.
Name of Run—Tuleumbah.
Estimated Area—71,680 Acres.
Estimated Grazing Capabilities—10,000 Sheep.

Bounded on the north by the Namoi and Peel's Rivers, commencing from a gully running from Cow Mountain to a marked tree line about 1 mile from Mr. Cobcroft's station, in extent 3 miles; on the east by a dividing ridge, running south-west to a point about 8 miles; and thence 8 miles to a point in Smith's Mountains; and on the west and south by a circuitous range of mountains about 30 miles in extent.

N.B.—This Run has been transferred, with the sanction of the Government, to Mr. Robert Campbell, tertius, in whose name the lease will accordingly be prepared.

No. 111.

Loder George Thomas.
Name of Run—Trinke.
Estimated Area—12,800 Acres.
Estimated Grazing Capabilities—500 Cattle, 5,000 Sheep.

Watered by springs; bounded on the north by the stations of Mr. Allison, Lady Jamieson, and Mr. Sumner; on the south by the station of the Bank of Australasia called Black Creek, and Mr. Pringle's station Coomo Coomo; and on the west by Mr. Hale's station.

No. 112.

Loder George Thomas, and Andrew.
Name of Run—Curindi Creek.
Estimated Area—25,600 Acres.
Estimated Grazing Capabilities—12,000 Sheep.

Bounded on the north and west by Mr. Eales' stations; on the south by the Australian Agricultural Company's line; on the east by Martyn and Coombes' station, and a range called Loder's range, dividing the head of Kangaroo Creek and flat from Chilcot's Creek.

No. 113.

Loder George Thomas, and Andrew.

Name of Run—Merah.

Estimated Area—32,000 Acres.

Estimated Grazing Capabilities—2,000 Cattle.

Bounded on the south by the Namoi River, to which it has 10 miles frontage; on the east by Mr. Morrison's run or station called Wittawaw; on the west by a marked tree, and the western extremity a waterhole called Cabin, joining Mr. Button's run called Cubberoo; and on the north by a line 10 miles in extent, running from east to west, and 10 miles back from the Namoi River.

No. 114.

Miller John.

Name of Run—Kiambir.

Estimated Area—16,000 Acres.

Estimated Grazing Capabilities—400 Cattle.

Bounded on the east by Mr. Joseph's station named Cumbul; on the west by Mr. Bettington's station named Thurdoiri (in the District of Bligh); on the north by a waterhole named Tura, on the Bardeen Creek; and on the south by a station of Mr. Walker's called Barradeen.

No. 115.

Martin John and James Coombes.

Name of Run—Warrah.

Estimated Area—12,000 Acres.

Estimated Grazing Capabilities—300 Cattle.

Mountainous, and bounded on the east by the Liverpool range, bearing south from the Australian Agricultural Company's grant about 3 miles; on the south by the Liverpool range, bearing westerly about 6 miles; on the west by Mr. Bettington's station by a dividing range, bearing northerly to the Australian Agricultural Company's grant about 3 miles; on the north by the Australian Agricultural Company's grant bearing easterly to the Liverpool range about 6 miles.

No. 116.

Martin John and James Coombes.

Name of Run—Wallabadah.

Estimated Area—44,000 Acres.

Estimated Grazing Capabilities—8,000 Sheep.

Mountainous, and bounded on the west by Mr. Loder's and Mr. Eales' stations, from Floras ponds to a gully bearing northerly to the waterholes at Jacob and Joseph, and on to the Australian Agricultural Company's grant about 10 miles; on the north by the Australian Agricultural Company's grant running easterly to the Liverpool range about 7 miles; on the east by the Liverpool range bearing south about 7 miles; on the south by the Liverpool range and the range dividing the waters from Mr. Loder's station at Kangaroo flat, bearing westerly to Floras ponds about 10 miles; including the right of water at Floras ponds, and at Jacob and Joseph.

No. 117.

Morris James, junior.

Name of Run—Nimbocourigina.

Estimated Area—16,000 Acres.

Estimated Grazing Capabilities—640 Cattle.

Commencing at a marked tree on the Barwin River, and running along that river for 10 miles in a westerly direction; bounded on the south by

the Barwin River aforesaid; on the north by the Nerong Creek; on the east by Mr. Wright's station; and on the west by Mr. Benjamin Richards' station.

No. 118.

McDonald John.

Name of Run—Gorriagilla.

Estimated Area—16,000 Acres.

Estimated Grazing Capabilities—4,000 Sheep.

Bounded on the north by a range of hills, dividing this run from Mr. George Cox's run of Nomby, bearing easterly about 5 miles; on the east by the said Nomby run, bearing southerly about 5 miles; and on the west by a creek dividing this run from Mr. Purcell's run of Garwily, bearing northerly about 5 miles; on the south by Mr. Hale's run of Boomera, bearing westerly about 5 miles.

No. 119.

Mackay John.

Name of Run—Ningan.

Estimated Area—43,620 Acres.

Estimated Grazing Capabilities—1,000 Cattle.

To commence at Mr. Johnston's north boundary supposed to terminate at a tree marked JM conjoined in an angle in the creek about $\frac{1}{2}$ a mile below my buildings at Guariman waterhole, from thence to run up the creek to a tree marked JM conjoined at the upper or north end of Ningan waterhole, estimated distance 10 miles. From the scrubby nature of the country and the absence of back water this run is not adapted for sheep, but is capable of grazing a thousand head of cattle.

No. 120.

Marks James.

Name of Run—Goodar.

Estimated Area—32,000 Acres.

Estimated Grazing Capabilities—9,000 Sheep.

On the east by a north and south line cutting Collyeo Creek at a point 5 miles east of the centre of the waterhole known as Goodar; on the south by a line parallel to and $2\frac{1}{2}$ miles distant from the said creek; on the west by a north and south line cutting the said creek at a point 5 miles west of the waterhole aforesaid; and on the north by a line parallel to and distant $2\frac{1}{2}$ miles northward from the said creek.

No. 121.

Munro Alexander.

Name of Run—Tarriaro.

Estimated Area—16,000 Acres.

Estimated Grazing Capabilities—640 Cattle, or 4,000 Sheep.

Bounded on the south by the Namoi River, commencing at a marked tree on the river frontage to another on the centre of the pine ridge, from thence continuing along the top of said ridge to where it strikes the range which divides the waters that fall into the Bullawall Creek from the waters that fall into the Namoi River; on the west by the Bullawall Creek; and on the north and east by the ranges, from which that creek takes its rise, and thus including the whole of the land from which the waters fall into Bullawall

Creek, and also the whole of the land lying to the westward of the pine ridge, and known as the Ironbark gully, watered at the back of the run by two wells, with a river frontage of 2 miles, Mr. Bartlett's station, Wallah, being on the east, and Mr. W. C. Wentworth's station, Tipperena, on the west.

No. 122.

McFarlane Daniel.

Name of Run—Ulambo.

Estimated Area—5 square miles.

Estimated Grazing Capabilities—800 Cattle.

Bounded on the south by the Namoi River at its junction with the Barwin for a distance up the Namoi River 10 miles more or less, there bounded by waste Crown Lands; and on the south-east by lands occupied by Messrs. Cornish and Walker.

No. 123.

Morison Charles.

Name of Run—Weeta Waa.

Estimated Area—64,000 Acres.

Estimated Grazing Capabilities—1,500 Cattle.

To the southward this run is bounded by the Brigallo; to the northward 10 miles back from the Namoi River; to the eastward by a dry creek 4 miles west of Tooloodana; to the westward by Marrah, Messrs. Loder's station, (Narrah) marches with me to the west, Captain Smith's, Tooloodoona, east, Messrs. Campbell and Ryan south, to the north 2 miles on the other side of pine creek.

No. 124.

Milner Robert Halliley.

Name of Run—Turrawan.

Estimated Area—17,320 Acres.

Estimated Grazing Capabilities—600 Cattle, or 3,000 Sheep.

Bounded on the north by the River Namoi for 7 miles; on the south by Bricklow Scrub; on the east by a line from a marked tree at the Gully Keiry, bearing south 4 miles, dividing it from the run of Baamba, occupied by Lady Mary Jamieson; on the west by a line from a marked tree at a waterhole, Burroo, bearing south 4 miles, dividing the run from Tibberina, occupied by Mr. W. C. Wentworth.

No. 125.

O'Dell John, for the Hawkesbury Benevolent Society.

Name of Run—Mooki.

Estimated Area—82,560 Acres.

Estimated Grazing Capabilities—2,580 Cattle.

Boundaries on the east side of the Mooki, viz.:—On the north by Allen's line, which is a line bearing east about 8 miles from the Rocky Crossing Place to a small hill near Douri; on the east by Eales' run, which is a line of 10½ miles, bearing south, running into Warra Ridge, and meets to the Australian Agricultural Company's line; on the south by the Australian Agricultural Company's land, which is a line of 8 miles, bearing west, running to the west end of the Round Island; on the west by a line of about 5 miles, bearing north across the Pine Ridge to Singleton's old yard to the water mark, and from thence by a north line of 5½ miles up the Mooki to Allen's boundary line. Boundaries

on the west side of the Mooki, viz.:—On the north by Wallalla, which is a line bearing west about 9 miles from the Rocky Crossing Place to the top of the Spring Ridge; on the west by Wyndham's and Blaxland's runs, which is a line of 5½ miles, bearing south-east on to the plains; on the south by Holmes' run, which is a line of about 7½ miles, bearing east to the water mark at Singleton's old hut, at the Pine Ridge; on the east by 5½ miles of the Mooki River to the Rocky Crossing Place.

No. 126.

Ogilvie William.

Name of Run—Terula.

Estimated Area—23,040 Acres.

Estimated Grazing Capabilities—1,000 Cattle.

Bounded on the south by a gully and a marked line to the summit of the range dividing the waters from the Manula and Hoskinson's Creek; on the east by that range; on the west and south-west by a range dividing the Manula waters from those of Onus' Creek and the Gwydir River; and on the north by a marked line forming the boundary between the Terula station and that of Barraba.

No. 127.

Ogilvie William.

Name of Run—Culpa.

Estimated Area—51,200 Acres.

Estimated Grazing Capabilities—Not stated.

Situated on the north-west bank of the Bolloon River, which forms its south-eastern boundary; commencing from Sir Thomas Mitchell's XI, and extending to his XIV camp; on the south-west by a line running at right-angles with the river 5 miles; thence on the north-west by a line running parallel with, and 5 miles distant from, the river to a point exactly opposite No. XIV camp, and thence by a line on the north-east from this point to No. XIV camp.

No. 128.

Patch and Glennie.

Name of Run—Piliga.

Estimated Area—40,000 Acres.

Estimated Grazing Capabilities—800 Cattle.

Bounded on the north by the Namoi River, to which the run has a frontage of 10 miles, measured in a straight line due east and west; on the west by Messrs. Brown and Selwyn's run, the fixed boundary being a line drawn from a point on the Namoi due south, cutting the Thurragal Creek at the point of its junction with the Gilgil Creek; on the south by unoccupied Crown Lands; and on the east by Mr. W. Dangar's run, Taluba. The lands on this run consist of level plains and forest land, in some places scrubby and barren. It is watered by the Namoi River and back lagoons, but is liable, in dry seasons, to be destitute of water, and, in average seasons, we do not estimate that it is capable of depasturing more than 800 head of cattle. The unoccupied Crown Lands beyond the southern boundary are chiefly scrubby and barren, and quite destitute of water.

No. 129.

Patch and Glennie.

Name of Run—Wangen.

Estimated Area—32,000 Acres.

Estimated Grazing Capabilities—600 Cattle.

This run is bounded on the north by Mr. W. Dangar's run, Taluba; on the east by Mr. Millar's run, Kaimbri; on the south by unoccupied Crown Lands; and on the west by unoccupied Crown Lands. It is watered by the Wangen Creek, which runs through it in a general direction from east to west, distant about 20 miles from the Namoi River, the northern and southern boundary lines being 10 miles, and the lands applied for being situated on both sides of the creek. The country is perfectly level, and in some places scrubby, and the water is very uncertain, not lasting more than nine or ten months without heavy rains. The unoccupied Crown Lands by which it is bounded on the south and west are quite destitute of water.

No. 130.

Pearse Joseph.

Name of Run—Gnoolooma.

Estimated Area—44,800 Acres.

Estimated Grazing Capabilities—1,200 Cattle, 4,000 Sheep.

Bounded by the south or lower side line by my marked tree on the junction of the Balandoole Creek with the Moonie Creek; on the north or upper side taking in a waterhole called Toreel; on the east bounded by Bonnington station, or M'Donald's, on the Barwin River, situated about 8 miles from the Moonie Creek; and on the west by Government Land.

No. 131.

Pearse Joseph.

Name of Run—Gorian.

Estimated Area—46,080 Acres.

Estimated Grazing Capabilities—1,850 Cattle.

Bounded on the east taking to the head of a waterhole called Wanderrie, and marked tree by Buren run; on the west taking down to my marked tree on a waterhole, called Buleranulindi, by Cayan run; and on the north and south by Government Land.

No. 132.

Purcell Charles.

Name of Run—Girriwillie.

Estimated Area—24 Square Miles.

Estimated Grazing Capabilities—400 Cattle, 3,000 Sheep.

Girriwillie bounded on north-east by a stony ridge, which divides the Nombio run from this my present application; on the south by a dividing range; and on the west by a scrub.

No. 133.

Purcell Charles.

Name of Run—Tory-wee-wha.

Estimated Area—25 Square Miles.

Estimated Grazing Capabilities—500 Cattle.

On the south by the Nomia River; on the east by a marked tree about half a mile east from the Tory-wee-wha waterhole; and on the north and west by the lines as to be pointed out.

No. 103. 20TH SEPTEMBER. 1818.—5.

No. 134.

Parnell Thomas.

Name of Run—Burrell.

Estimated Area—44,800 Acres.

Estimated Grazing Capabilities—2,500 Sheep.

Bounded on the east by a north and south line, 7 miles in extent, striking the Namoi River at a known point; thence and (on ?) the south by that River, extending 10 miles to a point upon it.

No. 135.

Parnell Thomas.

Name of Run—Bull.

Estimated Area—25,600 Acres.

Estimated Grazing Capabilities—1,700 Cattle, 2,000 Sheep.

Bounded on the east by Mr. Wentworth's stations called Binbingate, striking the Namoi River at a known point; on the south by that river at a known point; thence on the south by that river at a known point; thence on the south by that river 8 miles to a point upon it, within a quarter of a mile of Mr. John Panton's station Bogaboy; thence on the west by a line running north from that point 5 miles; and on the north by a line 8 miles in extent, running parallel with and 5 miles northward, distant from the aforesaid river.

No. 136.

Parnell Thomas.

Name of Run—Woolabra (Collywarry ?)

Estimated Area—22,400 Acres.

Estimated Grazing Capabilities—1,900 Cattle, 35,000 Sheep.

On the east by a north and south line striking the Woolabra Creek at a known point; on the north by the Creek 7 miles to a point upon it; on the south by Boggy Creek; and on the west by Mr. Eckford's station, called Malaraway.

No. 137.

Parnell Thomas.

Name of Run—Wyabray.

Estimated Area—32,000 Acres.

Estimated Grazing Capabilities—1,600 Cattle, 2,500 Sheep.

Divided on the east by Mr. Lawson's station, Browan, by a north and south line striking the Barwin River at a point a quarter of a mile above the Wyabrah hut; thence on the north by the Barwin River 10 miles to a point within a quarter of a mile of Mr. Chapman's station, Boree, and thence divided from this station on the west by a line running south 5 miles; and on the south by a line 10 miles in extent, running parallel with, and 5 miles southward, distant from the Barwin river.

No. 138.

Pringle Robert, (now Bank of Australasia.)

Name of Run—Bubbogullian.

Estimated Area—147,200 Acres.

Estimated Grazing Capabilities—1,500 Cattle, or 10,000 Sheep.

On the east by the estate of the Australian Agricultural Company, on the southern side of Peel's River, and by Atunga Creek, on the northern side of it; on the south by the Duri range of mountains; on the west by a line thence to Peel's

River, striking it at a point about 1 mile east of Mr. Coberoff's hut, and by a line running north from the point where it receives Sandy Creek, to the range of mountains dividing the Peel and Namoi waters; and on the north by that range.

N.B.—This run has been transferred, with the sanction of the Government, to the Bank of Australasia, in whose favor the lease will accordingly be prepared.

No. 139.

Pringle Robert, (now Bank of Australasia.)

Name of Run—Cumoo Cumoo.

Estimated Area—38,400 Acres.

Estimated Grazing Capabilities—640 Cattle, or 4,000 Sheep.

Bounded on the south by the Liverpool range; on the east by a marked tree line dividing it from Mr. Fitzgorald's station, Yarramon; on the north by marked trees dividing it from Mr. Wyndham's station; and on the west by a marked tree line dividing it from the station of the Bank of Australasia called Moredevil.

N.B.—This run has been transferred, with the sanction of the Government, to the Bank of Australasia, in whose favor the lease will accordingly be prepared.

No. 140.

Panton John.

Name of Run—Boggibrie.

Estimated Area—96 Square miles.

Estimated Grazing Capabilities—1,600 Cattle.

Commencing from a point on the Namoi River about 300 yards above the Boggibrie hut; thence downwards to a point upon it denoted by a marked tree, about 1 mile above Mr. Eaton's hut; at this point, or near it, a ridge meets the river, and a creek joins it; both side lines run north.

No. 141.

Roberts Robert.

Name of Run—Willabilla.

Estimated Area—100 Square miles.

Estimated Grazing Capabilities—1,000 Cattle.

Bounded in the front by the Barwin River, with a 10 mile frontage; on the lower or one side by Captain Maine's leased land, 10 miles side line; on the upper or other side by Richard Lewis' Leased Land, 10 miles side line, with a 10 mile back run from the river, open grazing land. The land is 10 miles square, brushy land, and incapable of depasturing sheep.

No. 142.

Rouse Richard.

Name of Run—Manilla.

Estimated Area—32,000 Acres.

Estimated Grazing Capabilities—1,000 Cattle.

In the district of Liverpool Plains, on eastern side of the Barwin River, commencing at a marked box tree about $3\frac{1}{2}$ miles below a station called Brothers, bearing east about 5 miles, joined by Scott's station, Brothers; then south about 10 miles to a portion of R. Rouse's station, Pagan Plains; then west to a waterhole named Willow, on the said river, joined by R. Rouse's station, Pagan Plains; and from thence about 10 miles by the river in a northern direction to the starting point.

No. 143.

Rouse Edwin and George.

Name of Run—Humumba.

Estimated Area—28,000 Acres.

Estimated Grazing Capabilities—900 Cattle.

In the District of Liverpool plains on the western side of the Barwin River, commencing at a portion of the river known as Curramongolong, bearing west about 5 miles, joined by a station named Dungalere, occupied by Hungerford; then south about 9 miles to a portion of Lawson's station, Ging Ging; then east about 5 miles to a portion of the river named Collyerramble, opposite the junction of the Namoi with the Barwin, and joined by Lawson's station Ging Ging, and from that point northerly about 9 miles by the River to the starting point.

No. 144.

Rouse E. and G., per R. Rouse.

Name of Run—Pagan Plains.

Estimated Area—32,000 Acres.

Estimated Grazing Capabilities—1,000 Cattle.

In the District of Liverpool plains, on the eastern side of the Barwin River, commencing at a waterhole named Willow, bearing east about 5 miles, joined by R. Rouse's station Manilla; then south about 10 miles to a portion of Abercromby's Station Worlitt; then west 5 miles to the Barwin River, joined by Abercromby's station Worlitt, and from thence in a northern direction about 10 miles by said river to the starting point.

No. 145.

Robertson John.

Name of Run—Arrarrowme.

Estimated Area—20,000 Acres.

Estimated Grazing Capabilities—600 Cattle, or 3,000 Sheep.

Northern boundary commences at a point $1\frac{1}{2}$ mile below the Poker waterhole on the Briggalee Creek. Its southern boundary commences at a point 3 miles above the Coorobi hut, and extends across to the Yammingingbar Creek, which it strikes at about 2 miles above the Goat waterhole; the eastern and western boundaries are the barren lands on either side of those creeks; the station of the Messrs. Doyle is the nearest to the northward, and that of Mr. Orr, or Messrs. Orr and Campbell called Bura, is the nearest to the southward.

No. 146.

Reid James.

Name of Run—Pokataroo.

Estimated Area—Not stated.

Estimated Grazing Capabilities—3,000 Cattle.

No. 157.

Vidal Revd. F.
Name of Run—Weia Weia Creek.
Estimated Area—32,000 Acres.
Estimated Grazing Capabilities—1,500 Cattle.

On the south divided from Mr. Single's station, Summer Hill, by Weia Creek, commencing at a point where a range meets it, facing the Ironbark Ridges, and extending downwards about 10 miles; thence on the west divided from Mr. Clift's station by the Road for 5 miles; thence on the north divided from Mr. Curtis' station, Piallaway, by a line running east crossing the Bald Ridge and extending about 10 miles to the range facing the Ironbark Range; and on the east by this range, which runs about north and south 5 miles.

No. 158.

Wentworth W. C.
Name of Run—Burburgate.
Estimated Area—65,920 Acres.
Estimated Grazing Capabilities—1,000 Cattle.

On the northern bank of the Namoi. Bounded on the east from Mr. Parnell's station, Wee Tuliba, by a marked tree line; on the west from Mr. Parnell's station, Bull, by a line running north from a marked tree on the Namoi 10 miles in length, and including my sheep stations on Mihi Creek; on the north by a range of hills on the south bank of the Namoi, bounded from Mr. Thorley on the east and from Mr. Towns on the west by marked tree lines; and on the south by a range of hills. The estimated extent of this run being $7\frac{1}{2}$ miles by 10 miles on the north bank of the Namoi, and $4\frac{1}{2}$ miles by 6 on the south bank; the country in general cut and lightly timbered.

No. 159.

Wentworth W. C.
Name of Run—The Monilla and Glen Riddle.
Estimated Area—26,800 Acres.
Estimated Grazing Capabilities—2,000 Cattle.

Having 1 square mile fronting on the south bank of the Namoi, opposite to the junction of Namoi and Monilla, on the north bank of the Namoi having a frontage of 2 miles on each side of the above junction; bounded on the east from Mr. Hall's station on the Namoi by a high range, and extending up the Monilla in a northerly direction to Ironbark Creek, up which it runs about 6 miles and joins Mr. Spencer's run, from the junction of Ironbark Creek up the opposite bank of Monilla to an old sheep station formerly belonging to Mr. Hickoy; thence bounded from Mr. Hoskisson's run, called Burrahbah, (on the north,) by a line from that point to the Boundary Camp, on the road from Tamworth to Barrabah, which road forms the boundary to crossing place of Oak Creek, this creek being from that place the boundary to its source in the range, which range thence is the boundary on the west between this run and Mr. Larnach's, called Borah, and Mr. Baldwin's run, on the Namoi, to a point on the Namoi 2 miles below the junction of the Monilla and Namoi Rivers.

No. 160.

Wentworth W. C., now Bank of New South Wales.
Name of Run—Galathra.
Estimated Area—61,440 Acres.
Estimated Grazing Capabilities—1,000 Cattle.

Includes all the country between Galatherall and Nundy and Boggy Creek, running from the Gwyder Mountains, on the north-east to their termination at the Reedy Waterhole, and including it; southward from the Galatherall Creek, bounded by a line parallel to and distant from the creek 4 miles, continued to its intersection by a line bearing east from an old sheep station belonging to me on the said Creek, where the run joins that of Messrs. Campbell and Ryan, called Gundimaine, on the River Namoi, all this country being open plains with Myall Scrubs.

N.B.—This run has been transferred, with the sanction of the Government, to the Cashier of the Bank of New South Wales, in whose name the Lease will accordingly be prepared.

No. 161.

Wentworth W. C.
Name of Run—Tiberenah.
Estimated Area—51,500 Acres.
Estimated Grazing Capabilities—1,000 Cattle.

Bounded on the east from Mr. Munroe's run by Bullawa Creek; and from Mr. Milner's run by a line south from the junction of the said Creek with the Namoi River; on the west by Mr. Doyle's runs from which it is divided by lines north and south by a marked tree on the River Namoi; on the north by the Gwyder Mountains; and on the south by dense scrub, the country being flat and in general lightly timbered.

No. 162.

Walker James.
