TO THE
NEW SOUTH WALES
GOVERNMENT GAZETTE,

OF FRIDAY, SEPTEMBER 29, 1848.

Published by Authority.

SATURDAY, SEPTEMBER 30, 1848.

*Colonial Secretary's Office,
Sydney, 30th September, 1848.*

CLAIMS TO LEASES OF CROWN LAND

BEYOND THE SETTLED DISTRICTS.

MURRUMBIDGEE DISTRICT.

HIS Excellency the GOVERNOR directs it to be notified, for the information of all persons interested, that in pursuance of Her Majesty's Order in Council, of 9th March, 1847, the under-mentioned persons have demanded Leases of the several runs of Crown Land, particularized in connexion with their respective names.

Persons who object to any of these claims, either wholly or in part, should lodge caveats at this Office within two months from the present date, specifying the Lands to which their objections extend, and the grounds on which their objections are based.

It is to be distinctly understood, that the Government does not pledge itself to the issue of a Lease in any case until due enquiry has been made into the validity of the claim, and whether or not it may be necessary to reserve any portion of the Land claimed, for any of the public purposes contemplated in the Order in Council.

*By His Excellency's Command,
E. DEAS THOMSON.*

No. 1.

Alleyne Eliza.

Name of Run—Uroly.

Estimated Area—57,600 Acres.

Estimated Grazing Capabilities—2,000 Cattle.

Bounded on the south by a line due south from the hut separating it from the run of Mr. Hill; on the north by the Murrumbidgee River; on the west by a sand hill separating it from the run of Mr. Gordon, and the west by the plains extending towards the Edward River, the boundaries have been defined and settled by the Commissioner and the owners of the adjoining runs.

No. 2.

Atkin John Drew, (now W. H. Broughton.)

Name of Run—Bundalumla.

Estimated Area—80,000 Acres.

Estimated Grazing Capabilities—500 Cattle, or 4,000 Sheep.

This run is on the Lower Billibong, extends 7 miles along its banks on both sides, and is a very badly watered run; the country on this part of the Billibong is perfectly level; it is bounded on the west by a line running north and south by the junction of a small watercourse called the Boree Creek to where the Yallong sand hills join a small watercourse called the Columba Creek; on the north by the Columba Creek to a clump of gum timber which joins the Columba on this

side; on the east by Mr. Shaw's boundary line and extensive barren plains on both sides of the Billibong; on the south by extensive forest and plains unavailable for want of water. This run is a perfect level, only a few sand hills covered with pine timber, the principal of which is called the Cockitshedong sand hill.

N. B.—This run has been transferred, with the sanction of the Government, to Mr. W. H. Broughton, in whose name the Lease will accordingly be prepared.

No. 3.

Atkinson William.
Name of Run—Cooleman.
Estimated Area—8,000 Acres.
Estimated Grazing Capabilities—500 Cattle.

Bounded on the north by lofty mountains; on the south, lofty mountains; on the east by lofty mountains; and on the west by lofty mountains.

No. 4.

Brougham and Woodford.
Name of Run—Chah Sing.
Estimated Area—44,800 Acres.
Estimated Grazing Capabilities—400 Cattle,
12,000 Sheep.

Bounded on the north by the Edward River; on the west by a line from a marked tree at the river to the Niemer Creek; on the south by the Niemer Creek to a marked tree, a distance of 14 miles; and the east by a line running north to the Edward River.

No. 5.

Brougham and Woodford, (now Heury Burchett.)
Name of Run—Coree.
Estimated Area—134,000 Acres.
Estimated Grazing Capabilities—18,000 Sheep.

Commencing at a waterhole known as Coree, and running east about 7 miles into a deep bend of the creek, and west about 7 miles to a sand hill dividing the Coree and Carrabungunang runs, north to the Yanko Creek, and south 10 miles.

N. B.—This run has been transferred, with the sanction of the Government, to Mr. Henry Burchett, in whose name the Lease will accordingly be prepared.

No. 6.

Broughton J. A.
Name of Run—Mundongudgee.
Estimated Area—55,680 Acres.
Estimated Grazing Capabilities—1,000 Cattle,
8,000 Sheep.

Bounded by the Tumut River on the south and west or left bank for about 2 miles, and by the runs of John Gibbons and the Messrs. Whitty on the south, and a marked tree line a quarter of a mile south of Bumbowleo Creek on the north, separating the run of Mr. William Shelley crossing the Tumut River, the run extends on the right bank for 8 miles; on the south by the Gilmore Creek and the marked tree lines of Robert Downey and Thomas Boyd; on the north by a dividing range separating the runs of Mr. Tooth and Mr. Peter Stuckey, the falls to the Tumut being my run; and on the west by the Addalong Creek and the marked tree lines of Mr. Francis West and Martin Curran.

No. 7.

Broughton and Bingham, (now A. Bloxham.)
Name of Run—Yaree.
Estimated Area—25,600 Acres.
Estimated Grazing Capabilities—4,000 Sheep.

Bounded on the north by the Yerren Creek; on the south by the Neimer and Wakool Creeks; on the east by a marked tree line separating the runs of Messrs. Brougham and Woodford; and on the west by a marked tree line separating the run of Mr. Lintott.

N. B.—This run has been transferred, with the sanction of the Government, to Arthur Bloxham, in whose name the Lease will accordingly be prepared.

No. 8.

Beckham Thomas.
Name of Run—Cavan.
Estimated Area—40,000 Acres.
Estimated Grazing Capabilities—8,000 Sheep.

Bounded on the north by the Murrumbidgee River, commencing at Turner's marked tree line, and from thence to the marked tree line of Manton's grant of 1,920 acres, and from thence by a marked tree line forming the boundaries of the said grant which divides it from the boundary of the settled districts of the Colony; west by a creek called Bushranger's Creek, which divides it from the run occupied by Samuel Taylor; south by the north marked tree line forming the Naragullen grant of 10,000 acres, and the boundary set out by Mr. Commissioner Bingham, dividing it from the run occupied by Mangham; and east by a range called the black range, and a marked tree line which separates it from the runs occupied by Messrs. Turner and Hall.

No. 9.

Bardwell Thomas Hill.
Name of Run—Ten Mile Creek.
Estimated Area—25,000 Acres.
Estimated Grazing Capabilities—5,000 Sheep.

Bounded on east by a line at right angles with the Ten Mile Creek, crossing it at Bowler's hut, 3 miles above the Port Phillip road, about 2 miles on south side of creek, and 1 mile on north side of creek, then along the top of the range to the springs which run down to Port Phillip road, dividing Ten Mile Creek run from Rev. J. J. Therry's run; bounded on west by a line at right angles with the general course of the creek about $3\frac{1}{2}$ miles south side of the creek, and $2\frac{1}{2}$ miles about on north side of the creek crossing the creek 4 miles below the Port Phillip road, dividing my run from Horiot's; bounded on north by a line from the northern extremity of western boundary to the northern end of eastern boundary, and crossing Port Phillip road about $2\frac{1}{2}$ miles from the Ten Mile Creek, dividing my run from J. C. and H. Whitty; bounded on south by a line from the southern extremity of western boundary along the top of a dividing range to the Port Phillip road about 4 miles, then by the road northerly about 1 mile and then about 3 miles by a spur of the main range up to the southern extremity of eastern boundary, dividing my run from Wyld and Mackenzie, east of Port Phillip road, and Purtell and Carmody west of road.

No. 10.

Bardwell Thomas Hill.

Name of Run—Oberne.

Estimated Area—40,000 Acres.

Estimated Grazing Capabilities—1,000 Cattle, and 4,000 Sheep.

Bounded on south by a line east of north about 8 miles from the dividing range at the top of Little Mannas Creek to the top of range dividing Oberne from Yevan Yevan Creek, this line crosses Oberne Creek at Dickey Cooper's pinch, about 1 mile below Goldspink inn, dividing Oberne run from Goldspink and D. R. Gales' runs; bounded on east by the main range running about north north-west, dividing Oberne and Yevan Yevan Creeks about 12 miles to a point 3 miles east of the ridge on the Oberne Creek, immediately above Galvin's cattle camp, dividing Oberne run from Billy Plap or Griffiths' run; bounded on north by a line east and west 5 miles, running from top of Oberne range to the top of the main range, dividing Oberne and Hoombango Creeks, crossing Oberne Creek at the ridge immediately above Galvin's cattle camp, about 1 mile below Oberne hut, dividing Oberne run from Galvin's run, on the east side of the creek and Oberne run from Mates on the west side of the creek; bounded on west by the main range, dividing Oberne and Hoombango Creeks, 18 miles from the top of the range at the head of Little Mannas Creek to the point west of the ridge immediately above Galvin's cattle camp, dividing Oberne run from William Walker and Co's. run.

No. 11.

Bray John.

Name of Run—Berry Jerry.

Estimated Area—86,400 Acres.

Estimated Grazing Capabilities—1,280 Cattle, or 8,000 Sheep.

Bounded on the north by the Murrumbidgee River; 15 miles on the west by James Rudds Woganaboiamb and Henry Osborne's Old Man Creek runs together 10 miles; on the south by Robertson and Davidson, Bullibung run and other unlocated land 15 miles; and on the east by a station occupied by Beaver and Ellingsworth, formerly Smith's run, 8 miles: total contents about 135 sections.

No. 12.

Bell Thomas, (now J. Garland.)

Name of Run—Maragle.

Estimated Area—16,000 Acres.

Estimated Grazing Capabilities—640 Cattle.

The Maragle station bounds Mr. Garland's station of Toomah by a line from a point immediately above the junction of the Spring Creek, with the Maragle Creek ascending a spur of the Maragle Mountain 1 mile north-west to the summit, thence 1 mile west along a range topping the falls into the Cowa Creek to the junction of this creek with the Tumberumba, thence ascending the Cowa Creek (which bounds Mr. Campbell's station of Burrab,) north-easterly 5 miles to a point due west from the junction of Ganya Creek with the Maragle, thence east by said junction 5 miles to the summit of the range which separates the falls

into the Toomah from the falls into the Maragle, thence 7 miles south-westerly along the summit of this range to a point where a spur descends 1 mile west (bounding Toomah), and falls upon the left bank of the Maragle Creek at a point near a rocky fall where a tree is marked T, thence $\frac{1}{2}$ a mile ascending the Maragle Creek to the point herein first mentioned.

N.B.—This run has been transferred, with the sanction of the Government, to Mr. James Garland, in whose name the Lease will accordingly be prepared.

No. 13.

Best William, (per R. H. Best.)

Name of Run—Wagga Wagga.

Estimated Area—40,000 Acres.

Estimated Grazing Capabilities—1,000 Cattle, and 3,000 Sheep.

Bounded on the north by the Murrumbidgee River, commencing at a marked tree 3 miles below Gumly Gumly paddock and extending 6 miles to a marked tree; on the west by a line south $2\frac{1}{2}$ miles along the top of the range to a marked tree $2\frac{1}{3}$ miles south south-west to the Sandy Creek, and across that creek south south-west $5\frac{1}{2}$ to Burke's Creek; on the south by Burke's Creek 3 miles up to where a deep creek enters Burke's Creek, opposite a sheep station hut; on the east by a line 30 degrees east of north 6 miles to the Sandy Creek (1 mile above the pipeclay bedding place) $2\frac{1}{4}$ miles 3 degrees east of north to the spring above West's hut, 10 degrees east of north 2 miles to the Stringybark Springs, 10 degrees north of east $1\frac{1}{2}$ miles down the Stringybark Creek to where it runs close to the road, 20 degrees east of north 2 miles to the head of the Swampy Plain, 10 (degrees?) west of north through the middle of Swampy Plain, 1 mile to a marked tree between two waterholes at the bottom of Stringybark Creek, 30 degrees north of east 1 mile, to a hole or lagoon at the foot of Best's Hill; and south 2 miles to the river, passing by the marked tree 3 miles below Gumly Gumly paddock.

No. 14.

Boyd Thomas.

Name of Run—Juhyong, or Gilmore.

Estimated Area—12,400 Acres.

Estimated Grazing Capabilities—800 Cattle, or 5,000 Sheep.

Bounded on the north-east by the Gilmore Creek, extending along that Creek $1\frac{1}{2}$ miles from Mr. Robert Broughton's fence; on the north-west a line from Mr. Broughton's fence to the Adelong Creek about 4 miles to the Windelga Range; on the south-west by the Adelong Creek from the Windelga Range 6 miles up the creek; on the south-east by a line from the upper end of the mile and a half over to the Adelong, being about south 5 miles.

No. 15.

Boyd Benjamin, (now W. S. Boyd.)

Name of Run—Deniliquin.

Estimated Area—700,000 Acres.

Estimated Grazing Capabilities—70,000 Sheep.

Commencing at the south-west corner of Mr. George Hillias' run, on the north bank of the

River Murray, and bounded by that river 8 miles and 20 chains in its general direction westerly to a marked gum tree, thence by a marked line north 155 chains to a marked box on the edge of plain, thence by a marked line bearing north 53 degrees west 3 miles and 40 chains to a marked box on sand hills; these lines form a portion of the western boundary of the Strathmerton or Tuppal run; thence by a line west 33 miles and 34 chains, crossing the Bulitale Creek and the Edward River, at the junction of a creek known as the Gulpha or Stuckey's Creek; this line forms the south boundary of the Strathmerton, Deniliquin, or Tuppal runs, (said line also forms the north boundary of Messrs. Lester, Hennessy, Barber, Rodfern and Alexander, McLaren, and Stuckey's runs;) thence by a ploughed line bearing north 10 degrees east 11 miles to the River Edward, crossing said river to its northern bank, this line forms the east boundary of Messrs. Phillips and Graves' run, and a portion of the western boundary of Deniliquin; thence by the River Edward 7 miles in its general direction north-westerly to a marked tree at the junction of a creek known as the Twelve Mile Creek; thence by a line north 12 miles, forming the remaining portion of the west boundary of Deniliquin run; thence by a line easterly until it reaches the outer lambing station at Coonargo; thence northerly 25 miles, crossing the Billybung Creek, thence a line easterly extending about 8 miles; thence by a line south until it reaches Yanco Creek, about 3 miles east of its junction with the before-mentioned Billybung Creek, thence down the said creek to its junction; thence a line south until it reaches the aforesaid easterly line, which constitutes the northern boundary of the Deniliquin station, continuing the said easterly line, which extends in all about 51 miles; thence a line south about 25 miles until it reaches the starting point on the Murray River, about 8 miles of which line is a marked line of trees.

N. B.—This run has been transferred, with the sanction of the Government, to W. Sprott Boyd, in whose name the Lease will accordingly be prepared.

No. 16.

Boyd Benjamin, (now W. S. Boyd.)
Name of Run—Poon Boon.
Estimated Area—220,000 Acres
Estimated Grazing Capabilities—16,000 Sheep.

Commencing at a marked tree on the south bank of the Wakool Creek, nearly opposite an old hut, known as Hawden's late head station, on said Wakool, and bounded on the east by a marked line running south to the River Murray; thence by the north bank of the said Murray to a marked tree at the south-west corner of Mooruma run, said river forming south and west boundary; thence by a line east which forms the north boundary to a marked tree on the south bank of the River Logan, 3 miles below the junction of the Edward River with the said Logan; thence by the River Logan and Wakool to the starting point on the Wakool.

N. B.—This run has been transferred, with the sanction of the Government, to W. Sprott Boyd, in whose name the Lease will accordingly be prepared.

No. 17.

Boyd Benjamin, (now W. S. Boyd.)
Name of Run—Neimar.
Estimated Area—120,000 Acres.
Estimated Grazing Capabilities—1,000 Cattle.

Commencing at Messrs. Gwynne's north-west corner pin on the south bank of the River Edward, and bounded on the north by that river to its junction with the Neimar; thence westerly by the Neimar to a marked tree at the junction of the Jingmaringle Creek with said Neimar; on the west by a line south 6 miles, or half way to the Wakool; on the south by a line east to Messrs. Gwynne's western boundary, produced straight from the Edward; on the east by said Gwynne's western boundary to the starting point.

N. B.—This run has been transferred, with the sanction of the Government, to W. Sprott Boyd, in whose name the Lease will accordingly be prepared.

No. 18.

Boyd Benjamin, (now W. S. Boyd.)
Name of Run—Nyang, or Lower Edward.
Estimated Area—180,000 Acres.
Estimated Grazing Capabilities—30,000 Sheep.

Commencing on the north bank of the Edward River, at a marked tree 5 miles below or westerly from Messrs. Gwynne's first erected hut, and bounded on the east by a line running at right angles with the general course of the Edward River to a marked tree on the Moolaman, or Billybung, to a marked tree at its junction with the River Edward; on the west by a line from said tree across the Edward to the Neimar River, (this line forms the east boundary of Messrs. Woodford and Brougham's run;) on the south by the Neimar River to its junction with the Edward, thence by said Edward to starting point.

N. B.—This Run has been transferred, with the sanction of the Government, to W. Sprott Boyd, in whose favor the Lease will accordingly be prepared.

No. 19.

Bell and Wilson.
Name of Run—Murray Downs.
Estimated Area—150,000 Acres.
Estimated Grazing Capabilities—1,000 Cattle,
24,000 Sheep.

Commencing at a point on the south side of the Walcool Creek, opposite to Mr. Lintott's hut, about $5\frac{1}{2}$ miles below the junction of the Neimar River with the Walcool Creek, and from thence in a direct line south to the Murray River, from thence in a straight line along the Murray River on the south 24 miles, or thereby; and on the east by a line bearing due north from the Murray River to the Walcool Creek; and on the north by the Walcool Creek to the commencing point; bounded on the west by the run of Benjamin Boyd, Esq.; on the south by the Murray River; on the east by the run of Unett and Pinkerton; and on the north by the Walcool Creek.

No. 20.

Beavor William.
Name of Run—Collingully.
Estimated Area—3,200 Acres. (32,000 ?)
Estimated Grazing Capabilities—640 Cattle,
1,000 Sheep.

Eastern boundary line of Collingully station commences on the bank of the Murrumbidgee, at

Mr. Church's stockyard, about 58 miles below Gundagai, on the southern bank of the river, and runs due south for 10 miles, from thence it runs due west 5 miles, from thence due north 10 miles to the Murrumbidgee River, and from thence 5 miles due east along the south bank of the said river (exclusive of sinuosities) to where the eastern boundary commenced at Mr. Church's stockyard on the bank of the river.

No. 21.

Barber Charles.

Name of Run—Wannock.

Estimated Area—31,360 Acres.

Estimated Grazing Capabilities—900 Cattle.

Bounded on the east by a marked line running north and south, dividing it from Huon and Lester's run; on the south by the Hume River; on the west by a marked line dividing it from Redfern's run; and on the north by a line running east and west. Low flat country, subject to floods; the lines extend 7 miles east and west, and 7 miles north and south.

No. 22.

Bradley William.

Name of Run—Bullanamang.

Estimated Area—96,000 Acres.

Estimated Grazing Capabilities—1,920 Cattle, 8,000 Sheep.

From the junction of Back Creek, dividing Rourke and Bradley, with the Murrumbidgee River to the head of the Murrumbidgee River about 3 miles; thence to top of Mountain Ash Range 2 miles—Rourke, neighbour; from the top of Mountain Ash Range to swamp at Yayack Falls 5 miles, thence to Scald Hill 3 miles—Hall, neighbour; from Scald Hill to back of Bobyong Hill 3 miles, thence to the other side of cattle across $2\frac{1}{2}$ miles, thence to the head of Kneif's Valley 2 miles—Crawford, neighbour; from the head of Kneif's Valley to the High Forest 3 miles, thence to the Gap 5 miles—Booth, neighbour; from the Gap to the Murrumbidgee River 3 miles; the rest of this run is bounded by the Murrumbidgee River.

No. 23.

Brown Robert.

Name of Run—Collandima.

Estimated Area—51,840 Acres.

Estimated Grazing Capabilities—100 Cattle, 5,000 Sheep.

Commencing at a point on the Hume River, known as the Travellers' Point, and extending north 9 miles; then west 9; then south 9 miles; then east up the course of the Hume to the above Travellers' Point, bounding on the east with Mr. Chapman, and on the west with Mr. John Hore, having unoccupied land bordering upon northern boundary, and the River Hume on the southern.

No. 24.

Buckland John.

Name of Run—Billabong.

Estimated Area—32,000 Acres.

Estimated Grazing Capabilities—8,000 Sheep.

Frontage to Billabong Creek of about 9 miles on both sides of said Creek; bounded on one side by Warby station and Creighton's station, and on

No. 111, 30TH SEPTEMBER, 1848.—2.

the other side by Ray's cattle station; on the south-east side direct from the head station, about 15 miles, called Burrumbattack, and 4 miles on every side of the waterhole; in a south-westerly direction, distant from the last about 7 miles, known as the Major's waterhole, and adjoins Mr. Pearse's cattle station; the station is also bounded in a southerly direction from the Billabong Creek about 4 miles back.

No. 25.

Bell Alfred.

Name of Run—Jerry Jerry.

Estimated Area—40,000 Acres.

Estimated Grazing Capabilities—4,000 Sheep.

This run is situated at the head of the Jerry Jerry Creek, (a tributary of the Billybong Creek,) and comprises all the lands on the east, north, and west, the waters from which fall into the Jerry Jerry Creek; it extends down the creek to the southward about 4 miles, where it adjoins John Post's run, the boundary line of which is a paddock fence known as John Kain's paddock. The land is only fit for pasturage, and exceedingly scantily watered

No. 26.

Curtis John.

Name of Run—Jeeger.

Estimated Area—48 Square miles.

Estimated Grazing Capabilities—1,700 Cattle.

On the north, Neimar River; on the south, Warcool Creek; on the east, a marked tree line; on the west, the junction of the Neimar and Warcool.

No. 27.

Carne T. B., and J. W., (now C. De Witt Jebb.)

Name of Run—Winduran.

Estimated Area—50,000 Acres.

Estimated Grazing Capabilities—6,000 Sheep.

Situated on the Billybong Creek; commencing at T. B. Carne's boundary, and running east, or up the Billybong, 14 miles, north eight miles, thence a line parallel with the Billybong 14 miles until it cuts Carne's eastern boundary. Country badly watered; the Billybong is solely dependant on the flooded waters of the Edward, which in any season runs but a short distance up the creek, and leaves the upper part unavailable.

N. B.—This run has been transferred, with the sanction of the Government, to C. De Witt Jebb, in whose name the Lease will accordingly be prepared.

No. 28.

Carne T. B., and J. W., (now A. Innes.)

Name of Run—Coonargo.

Estimated Area—60,000 Acres.

Estimated Grazing Capabilities—7,000 Sheep.

The run is bounded on the east by a line running north and south through Mr. Boyd's stockyard, at the Coonargoo waterhole; on the west by a line running parallel to the former through the most westerly part of the Ten mile waterhole; the northern and southern boundaries run east and west at a distance of 5 miles from the Billybong Creek, on each side. There being no water except in the Billybong Creek, where it is very uncertain and precarious, the whole run, for a great part of the year, is unavailable, except in the immediate vicinity of the creek; and as the water there exists only at wide intervals, it will be only by skilful management that 7,000 sheep can be maintained

on the station; Mr. Hindmarsh is the next occupant on the west; Mr. Boyd on the east; the intervening distance 9 miles.

N. B.—This run has been transferred, with the sanction of the Government, to Alexander Innes, in whose name the Lease will accordingly be prepared.

No. 29.

Carne T. B., and J. W., (per T. B. Carne.)

Name of Run—Mooloomoon.

Estimated Area—50,000 Acres.

Estimated Grazing Capabilities—7,000 Sheep.

Situated at the junction of the Billybong Creek with the Edward River, running east, or up the Billybong, 7 miles; west, or down the Edward, 8 miles; north 6 miles, into a plain known as the Big plain; thence running parallel with the Edward and Billybong about 13 miles; from thence a line due south until it cuts the Billybong at the eastern boundary. Many parts of the country are exceedingly scrubby, and there is no back water.

No. 30.

Chapman Thomas.

Name of Run—Brooklesby.

Estimated Area—64,000 Acres.

Estimated Grazing Capabilities—1,200 Cattle.

Bounded on the north north-east by the River Murray; on the south south-west by the Billybong forest; on the north north-west by Hieland's run; and on the south south-east by Brown's run.

No. 31.

Church John George.

Name of Run—Uranquintey.

Estimated Area—63,000 Acres.

Estimated Grazing Capabilities—7,000 Sheep.

Bounded on the north by $7\frac{1}{2}$ miles frontage of the Murrumbidgee River; on the south by Burke's Creek; on the east by a line running along a stony range alongside a waterhole to Burke's creek, and next to Mr. R. Best's run; on the west by W. Beaver's run and the Boungerie Creek, from which a line is continued to Burke's Creek; the distance from north to south about 14 miles. There is no certain back water.

No. 32.

Church John.

Name of Run—Toogombie.

Estimated Area—86,000 Acres.

Estimated Grazing Capabilities—1,000 Cattle.

Bounded on the north by 13 miles of the Murrumbidgee River; on the east by a line from the Box Creek for 8 miles from the river, and joins Mr. Tooth's run; on the west by Mr. M'Kinlay's run; on the south there is no particular boundary, as it consists of plains, and no creeks or waterholes; there is a great deal of poligimium, and the plains very thinly grassed.

No. 33.

Chapman and Huon, (per W. Chapman and G. Taber.)

Name of Run—Burroboege.

Estimated Area—60 Square miles.

Estimated Grazing Capabilities—1,400 Cattle.

Bounded on the east by Mr. William M'Leay, by a line commencing at the west end of a lagoon running into the Murrumbidgee, extending 5 miles south, and by a line running south-west 12 miles to Mr. William Guise's line; and on the west by Mr. W. Guises line, running north to the Murrumbidgee 5 miles, and running to a bluff point

on the river, being on the east side of Mr. Guise's hut about a mile; and on the north by the Murrumbidgee River.

No. 34.

Chapman and Huon, (per Chapman, Huon and Taber.)

Name of Run—Butherwah.

Estimated Area—50 square miles.

Estimated Grazing Capabilities—1,400 Cattle.

Commences on the Uramah Creek 2 miles above Butherwah hut at the big cluster of trees dividing Mr. Osborne's station and ours' then running south 5 miles over the big sand ridge on to the end of the long plain; then commencing from the Uramah Creek and running 5 miles north to the Big Pine scrub; and by a line of 5 miles running towards the big swamp; bounded by Smith and Neal, and by a line of 5 miles, running south to the Uramah Creek, on to the big pine bedding place, and continues to run south commencing from the Uramah Creek; bounded by Mr. Vardy's run of 5 miles, and by a line of 5 miles, running east through the big box scrub on to the long plain.

No. 35.

Chippindall Thomas.

Name of Run—Naas.

Estimated Area—15,360 Acres.

Estimated Grazing Capabilities—600 Cattle.

Bounded on the north by the stations of William Herbert and James Wright; on the east by a range of hills dividing it from the run of James Wright, until it joins a station belonging to James Booth, which station forms the southern boundary of the run; on the west bounded by a range situated about half a mile to the westward of a running stream, dividing it from the runs of Edward Severn and William Herbert.

No. 36.

Clark John.

Name of Run—Long Swamp or Pig Faced Plain.

Estimated Area—125,000 Acres.

Estimated Grazing Capabilities—1,000 Cattle, 10,000 Sheep.

Bounded on the north-west by a line of 10 miles bearing north 39 degrees east, separating this run from that of Edward James Hogg, Esquire, commencing at the site of an old burnt hut $7\frac{1}{2}$ chains north-west of Burra Burri Creek, and $5\frac{1}{2}$ south-east of the tree marked 22 (meaning 122 miles from the Murrumbidgee,) on the River Murray; on the north-east by a line of 16 miles bearing south 37 degrees east, the first 3 miles of which divides this run from that of the said Edward James Hogg, and the remaining 13 miles from the run occupied by James Maiden; on the east 10 miles 60 chains, by a line due south dividing this run from that of Benjamin Holmes, Esquire, to a bend of the River Murray, north of the milo tree marked 59 (meaning 159 miles from the Murrumbidgee,) and on the south-west by the River Murray, in a direct course 23 miles to the point of commencement.

No. 37.

Caldor Henry.

Name of Run—Cumboroona.

Estimated Area—21,000 Acres.

Estimated Grazing Capabilities—1,300 Cattle.

Bounded on the south by the River Hume running west 8 miles separating it from Mr. Jobbin's

run ; on the south-east by a range on the east side of Humphrey's bedding creek, running north-east to where it joins the range dividing the river from Fowler's swamp, about 2 miles separating it from the run of Mr. A. Hore, and by the range dividing the river from Fowler's swamp running west north-west 2 miles separating it from Mr. J. Hore's run ; on the east by a line running north past the west end of Fowler's swamp, 3 miles separating it from Mr. J. Hore's run ; on the north-east by the range dividing the creek forming the outlet of Fowler's swamp from the fall to the Mullingandrah Creek running south-west 1 mile, and by a creek running from that range to the Mullingandrah Creek west north-west about 3 miles separating it from the run of Mr. Morrico ; on the north and north-west by the Sydney road running west south-west about 8 miles, separating it from the runs of Mr. Morrico and Mr. Foote ; on the west and south-west by the range on the west side of Bownal Creek running to the river, east south-east about 4 miles separating it from the run of M. Smith. The Cumboroona run comprises on the west all the fall of ground to Bownal Creek, south of the Sydney road ; on the north all the fall of ground to the Mullingandrah Creek south of the Sydney road and west of the creek separating it from Mr. Morrico's run ; on the east all the fall of ground to the creek forming the outlet of Fowler's swamp ; on the south the river flats and all the fall of ground to them between the south-east and west and south-west boundaries.

No. 38.

Cox John.
Name of Run—Keyambeth.
Estimated Area—4 miles square.
Estimated Grazing Capabilities—500 Cattle.
1,200 Sheep.

On the north and west by John Peters ; on the east by Walker's station ; on the south by Alexander Mc'Clay's station.

No. 39.

Davis William, senior.
Name of Run—Booroaroombi.
Estimated Area—4,480 Acres.
Estimated Grazing Capabilities—600 Cattle.

Bounded on the north and part of the east by a small stream called Paddy's River, separating them from the two runs called Congwarra and Cupparumbulong, now in the respective occupations of Andrew Cunningham and James Wright ; on the remaining part of the east and part of the south by an imaginary line along the ridges of Castle Hill and Mount Tenant, separating them from the above named run of James Wright, on the remaining part of the south by an imaginary line along the ridge of a spur of Mount Tenant, dividing them from the run called Naas, now in the occupation of W. C. Herbert ; on part of the west by unoccupied ranges bounding the run called Ororal, occupied by W. C. Herbert, and on the remaining part of the west by a small stream called Gibraltar River, dividing them from the run called Tidbinbilla now occupied by George Webb.

No. 40.

Dight John.
Name of Run—Bungowannah.
Estimated Area—64,000 Acres.
Estimated Grazing Capabilities—640 Cattle,
4,000 Sheep.

On the south by the Hume River ; east by the village reserve of Albury ; west by a plough furrow dividing Bungowannah run from Mobrannah, north by a line bearing east and west 10 miles back from the Hume River.

No. 41.

Downie Robert.
Name of Run—Gilmore Creek.
Estimated Area—6,400 Acres.
Estimated Grazing Capabilities—300 Cattle.

On the east by the Gilmore Creek, commencing at the junction of the Kidara Creek with the Gilmore Creek, and running $2\frac{1}{2}$ miles frontage on the Gilmore Creek ; on the south from the junction of the Kidara Creek with the Gilmore Creek, 3 miles along the Kidara ; from thence bearing south-west by the Mingara Road to the Sawpit Gully ; and on the north up the Sawpit Gully on to the Mingara Range and the falls of that range to the Gilmore Creek ; the run is bounded by Mr. J. A. Broughton's run on all sides, with the exception of the frontage on Gilmore Creek.

No. 42.

De Salis W. F. and L. F.
Name of Run—Bondi.
Estimated Area—16,000 Acres.
Estimated Grazing Capabilities—4,000 Sheep.

Comprising all the watered country by the main western head of the Adginbilly Creek, known as Bondi Creek, above Messrs. Macdonnell's run on the western side, and Kern's run on the eastern side of the said creek ; also the country watered by the upper portions of another head of the Adginbilly, known as Irish Creek, on its western side. Bondi is bounded towards the south by the ranges dividing the Adginbilly from the Coodrudigbee and Little Tumut Rivers, towards the west by the main gully of the Swampy Creek ; on the north by a line running east from the mouth of Byron's Creek to that point where the said line touch on Irish Creek ; and eastward Bondi is bounded from Davis run by the main arm of Irish Creek, from the said point upwards to its source.

No. 43.

Evans George and Shepherd Joseph.
Name of Run—Uratta.
Estimated Area—90,000 Acres.
Estimated Grazing Capabilities—1,500 Cattle.

Bounded on the north by the Morumbidgee River, commencing at a point three-quarters of a mile above the hut and stockyard, and extending along it to a marked tree 1 mile below Bringely, being the boundary line between this and Mr. Mc'Leay's run ; bounded on the east and west by a line running due south from the eastern and western extremity of the northern boundary for 15 miles ; and on the south by a line joining the southern extremity of the eastern and western boundary.

No. 44.

Fitzgibbons Edward.
Name of Run—Nanangroo.
Estimated Area—20 Square Miles.
Estimated Grazing Capabilities—600 Cattle.

On the north by Murrumbidgee River; east by James Sinclair; on the south by Captain M'Donald; and on the west by Cornelius O'Brien.

No. 45.

Footo Thomas V.
Name of Run—Table Top.
Estimated Area—30,000 Acres.
Estimated Grazing Capabilities—8,000 Sheep.

Bounded on the south by the northern bank of a creek, known as the Four Mile Creek, for a distance of 2 miles, in a south-west by south direction, or where a small creek joins the above-mentioned Four Mile creek; from said junction up the northern bank of said small creek in a west north-west direction, for a distance of 1 mile; from thence by a line drawn west and by north to a hill known as the Red Hill; from said Red Hill along the top of a range of mountains running due west from said Red Hill, and such line continued across a creek, known as the Forest Creek, for a distance of 2 miles; bounded on the west by a line drawn from the south-west point of the south boundary in a due north direction for the distance of $1\frac{1}{2}$ miles; and from thence in a straight direction to the most southerly point of the table part of Table Top Mountain, or Mount Battery; from thence in a northerly direction along the top of the Table Top Range for a distance of 4 miles, or to where the spur called Jumbola Range joins that of Table Top, or Mount Battery; bounded on the north by the top of said Jumbola Range to a point known as the Three Hills, distant 3 miles from Table Top Mountain; bounded on the east by a line drawn from the Three Hills before-mentioned, along the eastern foot of the dividing range to a point known as the Five Mile station; and from thence by a line due east to the Sydney Road; and from thence along the Sydney Road to the Four Mile Creek, or south-eastern extremity of the south boundary.

No. 46.

Fergusson R. D.
Name of Run—Gooroomyragong.
Estimated Area—10,000 Acres.
Estimated Grazing Capabilities—2,500 Sheep.

The Gooroomyragong run is bounded on the east by the Adjinbilly Creek, beginning at the point of the rango near the Sandy Falls Crossing-place, and ending at the junction of the Stringybark Creek with the Adjinbilly; thence north by the Stringybark Creek to its source; thence by a line to Lawler's Swamp; thence on the west by a line up Lawler's Swamp, to its source in the Red Hills, to that range whose extremity ends at the Sandy crossing-place above Captain M'Donald's now paddock. The run is bounded on the north, south, and west by Mr. De Salis' run, and the Adjinbilly Creek separates it from the runs of Captain M'Donald and Mr. C. O'Brien.

No. 47.

Grant and Trevelyan, per W. P. Trevelyan.
Name of Run—Khancoban.
Estimated Area—23,040 Acres.
Estimated Grazing Capabilities—500 Cattle, or 4,000 Sheep.

Khancoban, the station of Messrs. Grant and Trevelyan, is bounded on the east and south-east by the Dargal Mountain; on the south by the Black Creek; on the west by the Hume River; and on the north by a range dividing the waters of the Swampy Plain Creek from those of the Spring Creek; the frontage to the Hume is about 9 miles.

No. 48.

Galvin George.
Name of Run—Oberne.
Estimated Area—8,640 Acres.
Estimated Grazing Capabilities—500 Cattle, and 500 Sheep.

Bounded on the south by a marked tree about 30 rods from Mr. Bardwell's paddock fence, on the Oberne or Tarcutta Creek; thence nearly east by line from the tree striking the road about half way to the range; thence by the road to the top of the range, say 3 miles, Mr. Bardwell's being on the right; thence by a line due north along the top of that range to Mr. Challacombe's old hut, on a swamp, say about 6 miles, Mr. Griffiths being $1\frac{1}{2}$ and Mr. McArthur $4\frac{1}{2}$ miles on the right; thence by a line nearly south-west into the Oberne or Tarcutta Creek, about $1\frac{1}{2}$ miles above its junction with the Hormbango Creek, Mr. Mate's run being on the right, say about $4\frac{1}{2}$ miles; thence up the creek, past the homestead, to the southern corner first-named, Mr. Mate's still being on the right, say 3 miles.

No. 49.

Gwynne Messrs.
Name of Run—Barratta.
Estimated Area—50,000 Acres.
Estimated Grazing Capabilities—1,000 Cattle.

The Baratta run is situated on the north bank of the River Edward, and is bounded on the east by a run at present occupied by Mr. William Patterson; and on the west by a run held by Mr. Benjamin Boyd. The distance between the two boundaries is about 10 miles; the lines extend back 8 miles to a run occupied by Mr. James Hyndmarsh; the general course of the river is north-west by west, and the boundary lines, according to the original application upon which our present license was granted and subsequently by agreement with Mr. Thomas Wills (who formerly occupied Mr. William Patterson's Range), and Mr. Benjamin Boyd, are at right angles with the said course of the river; the back boundary with Mr. James Hyndmarsh is a line running parallel with the course of the Edward River.

No. 50.

Gwynne Messrs.
Name of Run—Weraí.
Estimated Area—50,000 Acres.
Estimated Grazing Capabilities—1,000 Cattle.

The Weraí run is situated on the south bank of the Edward River, and is bounded on the east by

a run at present occupied by Mr. James Ogilvie Craig, and on the west by runs held by Mr. Benjamin Boyd. The distance between the two boundary lines is ten miles; the lines extend back from the river 8 miles; the general course of the river is north-west by west, and the boundary lines, according to the original application upon which our present license was granted, and subsequently by agreement with Mr. Thomas Wills (who formerly occupied Mr. James Ogilvie Craig's run), and with Mr. Benjamin Boyd, are at right angles with the river; the back boundary is 8 miles from the river, and parallel with the general course of the same.

No. 51.

Gale David R.

Name of Run—Glen Roy (formerly Ondemaline).

Estimated Area—20,000 Acres.

Estimated Grazing Capabilities—400 Cattle, 3,000 Sheep.

Bounded on the east and north-east by the mountain range dividing the waters of the Manus Creek from those of the Oberne and Tumba Rumba Creeks, and the stations now, or formerly in the occupation of Mr. Campbell of Wingello, known by the name of Tumba Rumba and Curabillah, now or formerly occupied by Dalroe and Shaw; on the north and north-west by the mountain range dividing Glen Roy from the stations in the occupation respectively of Jonathan Goldspink, William Walker and Co., and Angus Campbell, and known by the names Beago, American yard, and Carabost respectively; on the west by the mountain range dividing Glen Roy from the station occupied by James Robinson, Esq., known by the name of Copabella; and on the south by the mountain range, dividing Glen Roy from the Manus stations, now or formerly occupied by Mr. Hawden, and Messrs. Musgrave and Son.

No. 52.

Gordon Samuel Deane.

Name of Run—Banandra.

Estimated Area—50,000 Acres.

Estimated Grazing Capabilities—1,200 Cattle, 8,000 Sheep.

Bounded on the north by the Murrumbidgee River; on the east by a creek dividing it from Guise's run; on the south by unoccupied forest land at the extreme south point of the large plain to the marked trees (diamond); and on the west by the Deep Creek and marked tree G within a dividing it from John Peter's run called Uggoble.

No. 53.

Griffiths Thomas.

Name of Run—Dutgon.

Estimated Area—16,000 Acres.

Estimated Grazing Capabilities—4,000 Sheep.

Bounded on the north by Macarthur's run, commencing at a waterhole in the "Gap" on the Yabben Yabben Creek about 20 miles from its junction with the Murrumbidgee River, bounded on the east by the dividing range and Sharpe's run; on the west by the dividing range and Bardwell's run, extending south to its source about 13 miles, and having an average breadth of about 2 miles, as shewn by the annexed sketch.

No. 111, 30TH SEPTEMBER, 1848.—3.

No. 54.

Green Edward B.

Name of Run—Boromagad.

Estimated Area—69,000 Acres.

Estimated Grazing Capabilities—10,000 Sheep.

Bounded on the west by a line of 6 miles 30 chains due north from the Wakool Creek, being a prolongation of the western boundary line of Barham run; on the north by a line of 14 miles 10 chains due east; on the east by a line of 7 miles due south to the Wakool Creek at the north east point of Barham run; and on the south, (14 miles 20 chains in a direct course from east to west) by the said creek to the point of commencement.

No. 55.

Green E. B.

Name of Run—Barham.

Estimated Area—110,500 Acres.

Estimated Grazing Capabilities—1,500 Cattle.

Bounded on the north (14 miles 20 chains in a direct course from west to east) by the Wakool Creek; on the east by a line of 7 miles 15 chains south, 5 degrees east; thence by a line of 2 miles 40 chains south, 45 degrees west to Thule Creek; thence in a southerly direction of 7 miles by the said creek to the River Murray; on the south-west (15 miles 20 chains in a direct course to the tree marked 96,) (miles from the Murrumbidgee) by the said river; and on the west by a line of 9 miles 50 chains due north to the point of commencement on the Wakool Creek.

No. 56.

Guise William.

Name of Run—Cunningardroo or Cunningroo.

Estimated Area—50,000 Acres.

Estimated Grazing Capabilities—1,500 Cattle, or 9000 Sheep.

Bounded on the north side by the southern bank of the Murrumbidgee River, (commencing at the north-east corner of Joseph Peter's run,) and passing over Kiambla Creek until it meets Tar Cutter Creek at its junction being a distance of about 7 miles; on the east by Tar Cutter Creek parting it from Hillas' run to M'Leay's run; on the south-east by the north-western boundary of M'Leay's run, being a south-westerly line of about 14 miles, and on the west by a line running from thence northerly and parting Peters' run to the commencing corner on the Murrumbidgee River.

No. 57.

Guise William.

Name of Run—Bringenbrong.

Estimated Area—60,000 Acres.

Estimated Grazing Capabilities—1,500 Cattle, or 9,000 Sheep.

Bounded on the south-west side by the north-eastern side of the Murray River, (commencing at the south-east corner of Harvey's run,) and running along the bank of the same about 10 miles to the south-west corner of Grant and Trevillion's run; on the south-east by the centre of a range dividing it from the same about 10 miles; on the north-east by the centre of a range of high mountains, and on the north-west by the centre of a range being the boundary of Harvey's run to the River Murray.

No. 58.

Guise William.
Name of Run—Elelewar.
Estimated Area—220,000 Acres.
Estimated Grazing Capabilities—2,000 Cattle.

It is situated on the south bank of the Murrumbidgee, about 50 miles above the junction of the Lachlan; bounded on the north by the Murrumbidgee 14 miles; east by a line drawn from a marked tree on the river bank running south for 25 miles forming the boundary with Chapman; west by a line running parallel with Chapman's boundary, and forming the boundary with Tooth's Run; south by a line running between the ends of these two lines. There is no back water (permanent) and it only carries so many cattle from having occasional water about 18 miles back from the river.

No. 59.

Garland James.
Name of Run—Toomah.
Estimated Area—15,000 Acres.
Estimated Grazing Capabilities—7,000 Sheep.

The Toomah Station is bounded from Mr. Reed's Station of Manus by a line from a tree on the left bank of the Manus Creek marked T, bearing easterly 2 miles along Dandy Creek to the summit of a high dividing range between the Tumberumba and Manus Creeks, thence along the top of this range, north 2 miles to a point from which the line bears east $\frac{1}{2}$ a mile to the junction of the Cowa or Waterfall Creek with the Tumberumba; thence easterly $1\frac{1}{2}$ miles by a ridge topping the falls into the Cowa Creek, and bounding Mr. Campbell's Station of Burra to the summit of the Merigul Mountains; thence by 1 mile of a spur of that Mountain which leads south-easterly and bounds Dr. Bell's Station of Merigul till said spur falls into the Merigul Creek on its right bank immediately above the Spring Creek's junction with the Merigul Creek; thence along the latter creek southerly $\frac{1}{2}$ a mile to a point at the extremity of a ridge on the left bank near a rocky fall where a tree is marked T; thence along this ridge easterly 1 mile separating the falls into the Merigul Creek above those below said marked tree to the summit of a very high range which leads about south-east by east $2\frac{1}{2}$ miles and falls by a spur into the Toomah or Gregnuk River, at a point where a tree is marked T; thence along this river south-westerly 4 miles, bounding Thomas Richards' and Messrs. Harvey's station to a point where a remarkable round hill meets the river on its right bank at a tree marked TW; thence ascending this hill and leading along the summit level of the forest range (which top the falls into the Hume, and separate the falls into the Toomah above and below last mentioned marked tree,) bounding Messrs. Hay and Chalmer's Station of Walaregong, and bearing north-west $4\frac{1}{2}$ miles to a point in the range being the summit of a conical hill at a tree marked TW; thence northerly along a spur of said conical hill $\frac{1}{2}$ a mile to the west bank of the Manus Creek at a remarkable cliff where there is a box tree with a double stem growing out of said cliff marked TW; and thence along the Manus Creek north-westerly to a point on its left bank where a tree is marked T herein first mentioned.

No. 60.

Hawdon Joseph.
Name of Run—Manus.
Estimated Area—30,000 Acres.
Estimated Grazing Capabilities—1,000 Cattle.

Bounded on the north-east by the Manus Creek, between Mr. Gale and Manus station, and by the dividing Tumberumba range, between Mr. Campbell or his successors; bounded on the south by east by a mountain known as Ike's mountain which runs to Crawley Creek; and bounded on the south-west by Crawley Creek and a range dividing the waters of the Boy's Gig Creek from those of Doctor's Creek.

No. 61.

Hawdon J.
Name of Run—Ingelluck.
Estimated Area—25,000 Acres.
Estimated Grazing Capabilities—800 Cattle.

Bounded on the south by the River Hume, commencing at a marked tree near Niton's hut, and running about a mile and a half above Jingelluck hut; bounded on the east by the dividing range between Mr. Scott's station and the Horse Creek, commencing at the aforesaid range, and running in a north-east direction to Mr. Louis' station—this includes all waters falling into the Horse Creek; bounded on the north by the waters falling into the aforesaid Horse Creek near its source, and all waters falling into the aforesaid Sandy Creek hole, after which it is bounded by a dividing range with Mr. Robinson, running towards the Billybong range; bounded west by the Billybong range to Ninton's hut.

No. 62.

Heaver Richard.
Name of Run—Rosebank, (Gilmore Creek?)
Estimated Area—12,000 Acres.
Estimated Grazing Capabilities—640 Cattle,
4,000 Sheep.

Bounded on the north by George Shelly, Esq., sheep station, and by a leading range running north and south for $3\frac{1}{2}$ miles on the east side, dividing my run from that of Charles and Henry Whittey, Esqrs., J. P's.; and on the west by a creek called the Spring Creek, or better known as the Springs, running from south-east in a north-westerly direction; and bounded on the north 8 miles up the creek by the station of John Macnamarra and Timothy Mara—on the north-east end, and by ranges on the north-west end, which range runs to the brink of the creek, which range branches off from the Spring Creek, and runs from the west in an easterly direction.

No. 63.

Hall Henry.
Name of Run—Yaouk.
Estimated Area—20,000 Acres.
Estimated Grazing Capabilities—1,000 Cattle.

Five miles frontage on the Murrumbidgee River, and bounded by that river on the west side, and extending back to the Mount Murray Range.

No. 64.

Hall Henry.
Name of Run—Mullion.
Estimated Area—10,000 Acres.
Estimated Grazing Capabilities—3,000 Sheep.

Five miles to the west of the Murrumbidgee River, 10 miles to the south of Cavan; bounded

on the north by Mr. Beckham's run; on the south and east by J. E. Turner; and on the west by mountains.

No. 65.

Hill George.

Name of Run—Yanco.

Estimated Area—57,600 Acres.

Estimated Grazing Capabilities—1,200 Cattle.

Bounded on the north by the River Murrumbidgee; east by a creek on the east side of the Salt Bush Plain; south by Yaraty, about 10 miles from the river; west by a north line $1\frac{1}{2}$ miles west of Guise's hut.

No. 66.

Herbert William C.

Name of Run—Naas and Orarell.

Estimated Area—6,000 Acres.

Estimated Grazing Capabilities—700 Cattle.

Bounded on part of the north by an imaginary line along the ridge of a spur of Mount Tenant, dividing the lands now described from the run called Boorooroomba, now occupied by William Davis; on the remaining part of the north by an imaginary line along the ridge of another spur of Mount Tenant bearing nearly east to a small stream called Little River, dividing them from Stony Creek sheep station, in the occupation of James Wright; on the east by an imaginary line running about south-west from a bend in the Little River, called the Corner-hole, to the ridge of a range about half a mile from the dwelling-house at Naas; and thence in about the same direction across ranges to a hut on the Gudgenby River, occupied by Thomas Chippendall, dividing the lands now described from the run called Naas, occupied by Thomas Chippendall; on the south by ranges dividing them from the run called Gudgenby, now occupied by Edward Severne; on part of the west by ranges called Bimberri Ranges; and on the remaining part of the west by ranges dividing the now described lands from Boorooroomba run.

No. 67.

Hervey W. and M.

Name of Run—Indi.

Estimated Area—16,000 Acres.

Estimated Grazing Capabilities—800 Cattle.

Indi is in the fork formed by the junction of the two highest tributaries of the Hume River; bounded west by the Indi River, flowing from south to north, forming the boundary from Beggang, the run of Mr. Collins, and from Towong, the run of Mr. Alleyne, these parties being in the Port Phillip District; bounded east by the Swampy Plain River, flowing nearly parallel to the above, and forming the boundary from Khan Coban, the run of Messrs. Grant and Trevelyan, and from Binglumberong, the run of Mr. Guys; bounded north by the junction of these rivers; south without neighbours, the mountains, about 9 miles up either river, becoming quite precipitous to the river side.

No. 68.

Hervey Wm. and M.

Name of Run—Gri Grik.

Estimated Area—17,000 Acres.

Estimated Grazing Capabilities—1,000 Cattle.

Gri Grik, bounded north-east by Possum Point Creek, which flows north from a branch of the Australian Alps, called the Munyang Range, and

forms the boundary for about 4 miles from Thomas Richards, until it joins the Possum Point River, which flows from the same range; bounded north by the Possum Point River for three-quarters of a mile from Toomah, the run of Mr. Garland, until it joins the Toomah River, coming from the north-east, these rivers united from the Gri Grik river which flows south-west; bounded north-west and west by the Gri Grik River, about 2 miles from Mr. Garland, for about 5 miles more to its junction with the main branch of the Hume River, forming the boundary from Welaregang, the run of Messrs. Hay and Chalmers; bounded south-west by the Hume River, from the runs of Mr. Shelley for about 2 miles to a point of a high range, which terminates within 400 yards of the river; commencing at this point we follow the ridge of the range east for about 4 miles, when it trends north-east for about 5 miles, until we regain the creek forming the north-east boundary; this range is the boundary on the east and south-east, from Bingumberong, the run of Mr. Guy's.

No. 69.

Hyland Messrs.

Name of Run—Quat Quata.

Estimated Area—96,000 Acres.

Estimated Grazing Capabilities—1,300 Cattle.

Watered by the River Murray, having a frontage of 10 miles thereof, the river southing and northing, with a boundary line running from east to west, and dividing the run from that of Matthew Peace; lower down the River a boundary line running from east to west for 15 miles, dividing the run from that of Chapman, Esquire.

No. 70.

Huon A. A.

Name of Run—Gerogery.

Estimated Area—38,000 Acres.

Estimated Grazing Capabilities—400 Cattle; or 6,000 Sheep.

Commencing from a mountain called Table Top, by a line bearing south-west for a distance of 6 miles, the boundary being a marked tree line between Gerogery station and the station of Mr. Foote, from the termination of the 6 miles, bounded by a small creek or water-course, tracing which up to Gerogery Hill for 4 miles, then by the Gerogery Hill and by a small dividing range between Messrs. Crichton's station and my own, to a gully from the Table Top Range, the line from the small dividing range and the gully about east and west, the eastern line being bounded by spurs from the Table Top Mountain, and bearing nearly north and south a distance of 10 miles.

No. 71.

Hay and Chalmers.

Name of Run—Welaregang.

Estimated Area—17,600 Acres.

Estimated Grazing Capabilities—1,300 Cattle.

Bounded on the south-west by the Hume or Murray River, and commencing at a point being at the junction of a remarkable deep creek, about 100 yards above an island in the river, from Alston's run and Shelly's runs, upwards to the junction of the Tooma or Gregrek River, about 7 miles south-east; thence from Hervey's run by the said Tooma or Gregrek River to a point where a remarkable round hill meets the river, at a tree marked

(W. & T.), about 2 miles north-east; thence from Garland's run by a line in a straight direction to the top of the said hill, and running thence along the summit level of the forest range, separating the waters which fall into the Hume and the Tooma or Gregrek Rivers below the said point; on the latter river from those that fall into the Tooma or Gregrek river above that point, to a point in the range being the summit of a conical hill overhanging the Mannas Creek at a tree marked (W. T.); and thence along a spur of the said conical hill to the west bank of the Mannas Creek, at a point thereon, where a remarkable cliff meets the creek near a box tree with double stem, marked (W. T.), growing out of the said cliff, being about 6 miles in a general direction, north-north-west; thence from Garland's run also by the Mannas Creek to a point on the same, being at the junction of a small creek, called the Kangaroo Mountain Creek, at a marked gum tree about 1 mile west-north-west; thence from Reid's run (formerly Murray's) by a line proceeding nearly north from the said junction to a marked box tree on the ridge between these two creeks; thence along that ridge following the watershed between the said Kangaroo Mountain Creek and the Mannas Creek to a marked gum tree thereon; thence in a straight direction, crossing a branch of the Sapling Yard Creek, to a point close to a marked gum tree where the Big Hill Road crosses the ridge between the said branch creek and the Sapling Yard Creek; thence along the said ridge following the watershed between these two last named creeks to the crest of the range dividing the waters of the Mannas Creek from those of the creek known as Uranie or Glenken, being about 3 miles in a general direction west; and from Scot's run by the aforesaid deep creek (entering the Hume River) in its main branch to the ridge of the hill from which it falls; and thence along the summit level of the range, being the division of the waters which flow into the Hume above the said point from those which fall into it below, to the point in the said range aforesaid, being the termination of the boundary with Reid's run, at a marked stringybark tree, being about 3 miles nearly north.

No. 72.

Hay and Chalmers.

Name of Run—Wangaradyn, or the Niemer.

Estimated Area—86,400 Acres.

Estimated Grazing Capabilities—3,000 Cattle.

Bounded on the east from Mr. Boyd's run, &c., by a line running in a straight direction from the junction of the Jimmaringle Creek with the Niemer River to the Wakool River or Creek, being about 17 miles due south; on the south and south-west by the Wakool River or Creek, from the point where the said line meets it to the junction of the Wyam Creek therewith immediately above Mr. Curtis' present hut, dividing from Unett and Pinkerton's run, and being about 18 miles north-west; on the west and north-west from Curtis' run by a line running in a straight direction from the last named junction to the extreme south-western elbow of the Dybuggerainmong Creek to its junction with the Niemer, about 6 miles north-east; on the north from Boyd's sheep run, by the Niemer River or Creek from the said junction to

the aforesaid junction of the Jimmaringle Creek with the said Niemer River, about 10 miles east.

No. 73.

Hill and Crichton.

Name of Run—Walla Walla, (Columba Creek?)

Estimated Area—80 Square Miles.

Estimated Grazing Capabilities—1,400 Cattle.

The run is intersected by the Billy Bong Creek, which runs from east to west about 9 miles; it is bounded on the north by Doodle Swamp and Numilbla Ranges; south the stations of Jerigery, occupied respectively by Mr. Huon and Mr. Petrie; east Round Hill station, and on the northern part of the line by Coomar Plain, part of the run of Thomas Keachran; west Hogao and Simmons' runs and the Penny Range.

No. 74.

Hill and Crichton.

Name of Run—Round Hill, (Columba Creek?)

Estimated Area—80 Square Miles.

Estimated Grazing Capabilities—8,000 Sheep.

Intersected by the Billy Bong Creek which runs from east to west 8 or 9 miles; on the south side of the creek the run is bounded on the west by the Back Creek of Walla Walla and Walla Walla station, from thence a line east $1\frac{1}{2}$ miles to Table Top Range, forming a boundary with (Jerogery) M. A. Huon, from thence a line north-east along Table Top Range and Yambla Ranges 5 miles, which divides it from Purtle and Carnaby, from thence a line north-east $2\frac{1}{2}$ miles to the Billy Bong Creek, joining at $2\frac{1}{2}$ miles east of the Round Hill, forming the boundary with Mr. Harriot's station, (Carrabubla); it is bounded on the north side of the Billy Bong Creek; on the west by Walla Walla; on the north by a line commencing at the south-west corner of Coomar, and running along the south side of it to the south-east corner, from thence to the top of a low range south of Doodle Swamp, which range is 2 miles north of a creek called the Major's Creek, part of the run now described; this line is the boundary with Thomas Keachran, and runs east $4\frac{1}{2}$ miles from the said range a line east 5 miles till it joins the run of Jerry Jerry, Mr. Alfred Bell running parallel to the Major's Creek aforesaid $1\frac{1}{2}$ miles north of it—this line forms a boundary with John Morris, (Buckagina,) from thence along the top of a range south 3 miles, dividing from Jerry Jerry aforesaid, from thence south-west $3\frac{1}{2}$ miles boundary of Post and Kean, and joining the run Carrabubla, from thence south-west 4 miles to the Billy Bong Creek $2\frac{1}{2}$ miles east of the Round Hill.

No. 75.

Hore John, junior.

Name of Run—Wagra.

Estimated Area—23,000 Acres.

Estimated Grazing Capabilities—1,500 Cattle.

Bounded on the west corner on the bank of River Hume by three railed fence, also adjoining Mr. Andrew Hores' run; bounded south by River Hume running up to a marked tree adjoining Mr. H. Jeffrey's run; north boundary running to a spring on the top of a range, running west to a marked tree on the top of the dividing range between Fowler's Swamp and Murrangandra; south line across the Swamp Creek adjoining Mr. H.

Calder's run, and taking in all the fall of ground on both sides of the creek, running to the dividing range between the swamp and the river, then running east back to the west corner on the bank of the river; distance from west corner to the marked tree adjoining Mr. Jeffrey's run, 8 miles; from the marked tree adjoining Mr. Jeffrey's run to the Spring 5 miles; from the Spring to the marked tree on the Murrungandra dividing range 8 miles, from thence to the dividing range between the swamp and the river about 4 miles, from thence to the west corner on the bank of the River Hume about 4 miles.

No. 76.

Hore John, junior.

Name of Run—Turramia.

Estimated Area—64,000 Acres.

Estimated Grazing Capabilities—1,200 Cattle.

Bounded on the north-west corner by the remains of an old hut adjoining Mr. Hellis's run, running up the river east to a marked tree adjoining Mr. Robert Brown's about 9 miles; north line running back 12 miles; west line running 9 miles; south line back to the bank of the river 12 miles.

No. 77.

Heriot Elliot.

Name of Run—Carabobala.

Estimated Area—35,200 Acres.

Estimated Grazing Capabilities—700 Cattle, 4,000 Sheep.

On the upper part of the run my boundary with Mr. Whitty is the back creek for 3 miles in nearly a north-west direction, and opposite the mouth of that creek on the south side of the Billybong a line about south-east for 3 miles; from the extremity of the latter a line running about south-west to the mouth of the Four Mile Creek; from thence to the Native Dog Creek a mile from its mouth which it follows to its junction with the Mountain Creek, the latter it follows up to the mouth of a dry creek running from the Little Yambla Range, which it follows to its source, in all about 10 miles, making my boundary with Mr. Bardwell and Messrs. Purtil and Carmody, the little Yambla ranges, running about north-west 5 miles, or thereabouts, are my boundary with Messrs. Purtil and Camody and Mr. Crichton, and a line from the point of the Yambla in a north-east direction, crossing the Billybong 3 miles from my hut, from thence it crosses the low ranges and runs along about 3 miles from the creek till it reaches the line of the back creek first mentioned, in all about 10 miles, making my boundary with Mr. Crichton and Messrs. Post and Kane.

No. 78.

Hillas John, Estate of, per (Francis Watkins.)

Name of Run—Yab Tree.

Estimated Area—50,000 Acres.

Estimated Grazing Capabilities—1,100 Cattle, 4,000 Sheep.

Commencing on the Murrumbidgee River, at Jones' Flat, near the south-west corner of a lagoon by a spur ridge to the Tarcuttah Range, and bounded on the south-west by that range to within 3 miles of Mr. Charles Macarthur's station,

No. 111, 39th SEPTEMBER, 1848.—4.

thence about north-east to a tree on Yeven Yeven Creek marked by Commissioner Bingham, and bounded by Yeven Yeven Creek to its junction with the Nacky Nacky; thence by a spur ridge to Mount Adon, and by the source of the Black Springs to the Gilligro Range, and bounded on the east by part of that range and a spur of the same till it dips to the river at a sand ridge east of Mandurlon Flat.

No. 79.

Howe Thomas.

Name of Run—Gunnong Jugrawah.

Estimated Area—32,000 Acres.

Estimated Grazing Capabilities—640 Cattle, 6,000 Sheep.

Bounded on the west by the Murrumbidgee River 11 miles; on the north by the top of a ridge running from a piece of land, termed the Point, now in the occupation of Messrs. William and Edward Howe, near Jugiong, to the table land on the Red Hills, directly above the Oak Creek, a distance of 4 miles, the boundary between Mr. C. O'Brien and myself; on the east by the Oak Creek to a place named the Rocks, from thence by a spring creek to its source, and from thence by a marked line nearly or due north and south to the Augenbilly Creek, about a mile above John Murphy's hut the boundary line between Captain M'Donald, Mr. C. O'Brien, and myself; on the south by the Augenbilly Creek to the termination of the Bald Hill, the boundary between Mr. L. F. De Salis (a distance of 5 miles) and myself, beginning on the east about a mile above Murphy's hut, and ending on the west about three-quarters of a mile below the crossing place on the Augenbilly Creek, on the road for Denny's to and from Darby Lara and the Tumut.

No. 80.

Holmes Benjamin.

Name of Run—Tattaila.

Estimated Area—24,640 Acres.

Estimated Grazing Capabilities—4,000 Sheep.

Five and a half miles frontage to the Murray River; bounded on the east by a marked tree about one-third of a mile from my sheep station hut, known as Jingeena, and adjoining Mr. Lewis' run, by a line drawn north from that tree 7 miles out; on the west by a marked tree 3 miles from my homestead, known as Tattaila, and adjoining Mr. Clarke's run, by a line north from that tree 7 miles out at the termination of which by a line east.

No. 81.

Howe Edward and William, junr.

Name of Run—Long Point.

Estimated Area—3,500 Acres.

Estimated Grazing Capabilities—150 Cattle.

The station of Edward and William Howe, junr., in the district of Murrumbidgee, known as the Long Point, is on three sides surrounded by the River Murrumbidgee, and on the south by a fence which runs across a narrow neck of land. The station of C. O'Brien, Esq., is situated above the Long Point, and that of Thomas Howe, Esq., below it:

No. 82.

Hogg Edward James.
Name of Run—Thule.
Estimated Area—40,000 Acres.
Estimated Grazing Capabilities—8,000 Sheep.

The boundary is Thorle Creek up to a tree marked with a barbed arrow on the said creek 2 miles below E. J. Hogg's head station on the west; from thence a north-east line into the plains until met by the western boundary lines of Mr. J. Hogg's station, called Cobran, on the Wacool; and to the south by the runs of S. Clarke and E. J. Hogg.

No. 83.

Hogg E. J.
Name of Run—Cobran.
Estimated Area—50,000 Acres.
Estimated Grazing Capabilities—8,000 Sheep.

Bounded on the north by the Yallacool, and extends 7 miles into the plains south; on the west by the run of E. Green; on the east by the run of Messrs. Phillip's and Grave's.

No. 84.

Hogg E. J.
Name of Run—Tantonan.
Estimated Area—32,000 Acres.
Estimated Grazing Capabilities—500 Cattle.

A block on the Murray River, 7 miles by 7; bounded on the south by the Murray River; on the north by run of E. J. Hogg, called Thule; on the west by a creek called Thorle; and on the east by the run of J. Clarke.

No. 85.

Hobler George.
Name of Run—Nap Nap.
Estimated Area—130,000 Acres.
Estimated Grazing Capabilities—12,000 Sheep.

Bounded on the north-west by the river Murrumbidgee; on the south by the Wagorah Creek from its junction with the river to a marked tree on the creek, half a mile above Mr. Wentworth's sheep station hut on that creek, thence by a south line dividing Nap Nap from the run occupied by Mr. Wentworth, called Tarla, this line has been settled by a written agreement filed in the office of the Crown Land Commissioner; on the south-east by Crown land, by a line running parallel with the river, distant 10 miles, until it meets the dividing line between Nap Nap and Mr. M'Kinlay's run, thence to the river at a point opposite Mr. Darchy's house on the opposite bank of the river.

No. 86.

Howell William.
Name of Run—Bingagong.
Estimated Area—30,000 Acres.
Estimated Grazing Capabilities—6,000 Sheep.

This run is on the Yanko Creek, a watercourse from the Murrumbidgee River to the Billibong Creek, and which is frequently quite dry, making this run only available for sheep a part of the year, (except extraordinary seasons,) the run extends in a southerly direction towards Mr. Atkin's station, between it and which there is a larger quantity of unavailable country for want of water, as well as to the westward, also extending to the north to my other licensed station called Yarrabee, and to the east across extensive plains to a thick scrub.

No. 87.

Howell William.
Name of Run—Yarrabee.
Estimated Area—30,000 Acres.
Estimated Grazing Capabilities—600 Cattle,
2,000 Sheep.

This run is on the Yanko Creek, which is a watercourse from the Murrumbidgee River to the Billibong Creek, and is commonly very scarce of water. The run extends in a southerly direction to join my other licensed station called Bingagong; to the north it extends to a boundary line agreed upon between myself and Mr. Devlin, the late proprietor of the Yanko run on the river's front, now occupied by a Mr. Hill; to the eastward and westward it is bounded by extensive plains without water, being therefore unavailable for stock except as far as they can go out and return to the station for the same.

No. 88.

Howell William.
Name of Run—Goree on Yanko Creek.
Estimated Area—25,000 Acres.
Estimated Grazing Capabilities—4,000 Sheep.

This run is situated on the Yanko Creek which is a watercourse running from the Murrumbidgee River to the Billybong Creek, and is very badly watered, so much so that this run is usually only available in the winter months for stock, it extends backwards in a southerly direction towards the Billybong, but has no water; bounded on the west by Mr. Atkin's run; on the east by my own licensed station called Bingagong; and on the northern side by extensive dry plains.

No. 89.

Jenkins J. and F., per John Jenkins.
Name of Runs—Buckenbong and Gillingbah.
Estimated Area—83,200 Acres.
Estimated Grazing Capabilities—1,400 Cattle.

The runs of Buckenbong and Gillingbah are bounded on the south by the Murrumbidgee River 13 miles; on the east by Berrewarrena, the run of R. P. Jenkins, 10 miles; on the west by Yanco, the run of James Devlin 10 miles; on the south by unlocated Government land, the runs consist of barren scrubs and thinly grassed plains, in proportion about one-third plains; the runs are intersected by a low scrubby range extending from the Murrumbidgee in a south direction, the water exclusive of the Murrumbidgee is the Sandy Creek, a back water from the Murrumbidgee, dry except when overflowed annually by the river, it enters the runs on the east line about 7 miles from the river, running about 1 mile, losing itself in a swamp dry in summer.

No. 90.

Jeffreys Henry.
Name of Run—Dora Dora.
Estimated Area—20,000 Acres.
Estimated Grazing Capabilities—1,300 Cattle.

This run is upon the northern bank of the Hume, about 25 miles above the junction of the Miteah Miteah with the Hume; it is bounded on the north by the range dividing the River Valley from the Billibong Country and Mr. Mackenzie's

station; on the east by a fence extending from the river to the ranges and Abraham Miller's run; on the south by the river across which is Mr. Walker's station; on the west by a stony creek falling at right angles into the river, Mr. Hore's station adjoins on that side.

No. 91.

Jenkins Robert Pitt.

Name of Run—Bangus.

Estimated Area—25,000 Acres.

Estimated Grazing Capabilities—8,000 Sheep.

Commencing from the junction of the Adalong Creek and Murrumbidgee River, thence by frontage to the Murrumbidgee extending to a range on the western side of the Oak Creek about 1 mile from that creek, thence by a line extending along the summit of the range and terminating at the Little Plain Gullies, thence by a line bearing easterly to Johnson's hut on the Adalong Creek, and along this creek to the junction with the Murrumbidgee River as before mentioned.

No. 92.

Jenkins R. P.

Name of Run—Brewarrena.

Estimated Area—45,000 Acres.

Estimated Grazing Capabilities—8,000 Sheep.

Bounded on the east by Rudd's run, commencing on the summit of the sandy ridges on the Murrumbidgee River by a line south to the Old Man Creek about $2\frac{1}{2}$ miles, and by the Old Man Creek to the north corner of Henry Osborne's fence; on the south by a south-west line to Jackson's waterhole (including that waterhole) $2\frac{1}{2}$ miles, thence skirting the brush beyond the Sandy Creek, to a hummock of sand hills west of the spot where Jackson has squatted 6 miles or thereabouts, being an irregular line of about 8 miles; on the west by a line north to the east side of John Jenkin's fence 6 miles or thereabouts; on the north by the Murrumbidgee River to the sandy ridges aforesaid, being an irregular line of about 8 miles.

No. 93.

Keighran John.

Name of Run—Brundell.

Estimated Area—13,000 Acres.

Estimated Grazing Capabilities—640 Cattle, or 4,000 Sheep.

Bounded on the north-east by Billywarra Mountain (Messrs. Osborne and Desalis are adjoining occupants); on the north-west by Tumut River; on the south-west by Killimacat Creek leading southerly to Wyanga Plain—occupants on the south side of the creek, the estate of the late William Shilly, Esq.; bounded on the south east by the Wiangel Range.

No. 94.

Kennedy James.

Name of Run—Mary's Creek, (Billy Bong.)

Estimated Area—80,000 Acres.

Estimated Grazing Capabilities—8,000 Sheep.

Situated on the Billybong Creek and occupying both sides. Boundaries as follows:—on the west by a line running due north from a point on the Billabong Creek known as "M'Kay's Gunyer" to a sand hill on the Yanco Plain, continuing for 5 miles; and on the north by a line from the above sand hill bearing eastward for 12 miles or

thereabouts; on the east by a line commencing at the north-east corner and bearing south to a point known as the Round waterhole on the Billybong Creek, and continuing from the above point southward for 5 miles to the south-east corner; on the south by a line commencing at the south-east corner, and running westward 12 miles, or thereabouts to a clump of box timber, and from the above clump by a line bearing north to M'Key's Gunyer.

No. 95.

Kiley William.

Name of Run—Spring's Creek.

Estimated Area—16,000 acres.

Estimated Grazing Capabilities—640 Cattle.

North by Messrs. De Salis and Smythe's marked tree line; east by Messrs. M'Donald's marked line and the Shaking Bog Creek; south by a marked line separating the run of the late W. Shelly; west by Bungle Creek and Tom Percival's marked line.

No. 96.

Lewis H. I. and Charles Throsby.

Name of Run—Moira.

Estimated Area—100,000 Acres.

Estimated Grazing Capabilities—3,000 Cattle, and 4,000 Sheep.

Bounded upon the east by the "Gulpa" Creek and the River Murray; upon the south by the River Murray to a marked tree (about 3 miles below the confluence of the Campaspie Creek) at the boundary between the Moira station and that of Mr. B. Holmes; upon the west by a true north line from the said marked tree extending about 14 miles; upon the north by a line between the Moira station and that of Peter Stucky, Esq., junior, commencing at a marked boundary tree situated at a place called the "Red Bank," upon the "Gulpa Creek," extending due west about 12 miles, to its intersection of the line forming the western boundary.

No. 97.

Love and Musgrave.

Name of Run—Munderoo.

Estimated Area—16,000 Acres.

Estimated Grazing Capabilities—2,000 Sheep, and 300 Cattle.

Bounded on the east by Mr. Reid's station late Hordern; on the south by Mr. Scott's station, Glenkin; on the north by Mr. James Robinson's station Copabella; and on the west by Mr. Reid's old head station, this part of the country is called the Mamins, distant from Gundagai about 70 miles, and near the head of the Hume River, and distant from the Hume 14 miles.

No. 98.

Lester William.

Name of Run—Morebringer.

Estimated Area—45,000 Acres.

Estimated Grazing Capabilities—1,200 Cattle, or 8,000 Sheep.

For 5 miles bounded by the river Hume, the general course of the river being from east to west, from the westernmost point of front boundary in a line bearing north from the river for a distance of 14 miles crossing a plain called the Howlong plains through a dry box forest, then a line from

west to east for a distance of 8 miles, bounded by Messrs. Buckland, Huon, and Foote's sheep stations; the northern line bounded by Messrs. Mitchell and Dight's stations, the stations being separated by a dividing range which approaches the river to within about 7 miles, from the ranges a ploughed furrow for about 4 miles is the boundary line.

No. 99.

Lewis Charles.

Name of Run—Weejasper.

Estimated Area—4,000 Acres.

Estimated Grazing Capabilities—500 Cattle.

One mass of broken mountains, consisting chiefly of clay, slate, and limestone rocks, without any alluvial soil, bounded on the east by the Yabring range of mountains; on the west by Mr. Hamilton's run; on the north by Mr. Mangan's run; on the south by impervious mountains.

No. 100.

Ledger John.

Name of Run—Stammer's Forest.

Estimated Area—22,000 Acres.

Estimated Grazing Capabilities—640 Cattle.

Bounded on the north by Mr. Hall's run; on the south by a creek called the Euriara Creek; on the east by a range called the Mallyon range; and on the west by Mr. Beckham's run.

No. 101.

Leahy and Rail, per B. Rail.

Name of Run—Killimicat.

Estimated Area—1280 Acres.

Estimated Grazing Capabilities—131 Cattle.

Bounded by the Brungle station on the north side, Nimbo station on the south side, the Tumut River on the west, and the main road on the east side.

No. 102.

Lintott Edward.

Name of Run—Kialat.

Estimated Area—28,160 Acres.

Estimated Grazing Capabilities—900 Cattle.

The eastern boundary on the Edwards, commencing at a marked tree on the Edwards, and running south to the Earin Creek, and on the Wacool, commencing at the junction of the Niemmer Creek with the Wacool, running north to the Earin Creek; the Edwards River as a north boundary, and the Wacool as a south boundary, the junction of the Edwards and Wacool as a western boundary.

No. 103.

M^cTier and Co.

Name of Run—Mooruna.

Estimated Area—38,400 Acres.

Estimated Grazing Capabilities—600 Cattle, or 4,000 Sheep.

Commencing at a marked tree on the south bank of the river Logan, 3 miles below its junction with the river Edward, and bounded on the south by a line west from the said tree to the north bank of the river Murray; on the west by the said river Murray to its junction with the Logan River; on the north and east by the Logan River to the starting point. This run lays between the Westmeath on the Poon Boon run and the junction of the Logan and the Murray Rivers.

No. 104.

Mitchell Thomas.

Name of Run—Mungabbaruna.

Estimated Area—35,840 Acres.

Estimated Grazing Capabilities—1,280 Cattle, or 8,000 Sheep.

Bounded on the east by a range, general bearing being north and south, distance $6\frac{3}{4}$ miles, terminating at the Port Phillip Road, adjacent to the run of the late Matthew Smith and Mr. Henry Calder; this line has been defined by Commissioner Bingham; bounded on the north by a line running west by north, distance 5 miles; adjacent to the run of Mr. T. V. Foote; this line is disputed; on the north by a line running west by south 5 miles, adjacent to the run of Mr. Wm. Lester; bounded on the west by a leading range, running north and south, distance $6\frac{3}{4}$ miles, adjacent to the run of Mr. John Dight; on the south by the Hume River, running east and west, distance $7\frac{1}{2}$ miles.

No. 105.

Mitchell Thomas.

Name of Run—Little Billybong.

Estimated Area—17,280 Acres.

Estimated Grazing Capabilities—640 Cattle, 4,000 Sheep.

Bounded on the north by a line north by east $3\frac{1}{2}$ miles, commencing from Ford's public house, and on the west side of Ford's by a line running half a mile west, adjacent to the run of Mr. Wm. Walker; on the east by a line bearing south by west 6 miles, commencing at the termination of the north boundary line, adjacent to Mr. Campbell's run; on the south by the Four Mile Creek, bearing about east and west 5 miles, adjacent to the run of the Revd. J. J. Therry, Billybong, and to the run of Messrs. Whittie; on the west by a line bearing north and south $5\frac{1}{2}$ miles, adjacent to the run of Mr. M^cLeay.

No. 106.

Morrice John.

Name of Run—Buckhargringle.

Estimated Area—38,000 Acres.

Estimated Grazing Capabilities—600 Cattle, 4,000 Sheep.

The station of Buckhargringle is bounded on the north by a granite range, which divides it from the station of Owen and Co., and called Mingrobbala; on the east by a small creek that runs parallel with the fence of the late A. Crisp's station; on the south by Dr. Hill's station, which it joins, and called Round Hill; and on the west by Doonale Swamp, the opposite side of which is not located at the present time.

No. 107.

Morrice John.

Name of Run—Mullingandra.

Estimated Area—25,000 Acres.

Estimated Grazing Capabilities—6,000 Sheep.

The station of Mullingandra is bounded on the north by a stringybark range, the top of which is the dividing line between it and the station of Messrs. M^cKenzie and Wylde, and known as Woommaganima; on the east by a large dividing range, which separates Mr. Hoare's run; on the south partly by the Deep Creek, which separates

t from Mr. Calder's station, to the eastern side of the Sydney Road to Port Phillip, from thence by the east side of that road until opposite the junction of the range with the Mullingandra Creek, and known as Edden's old hut; and on the west by a large dividing box range from that creek, which separates it from Mr. Foote's run, which continues until its junction with the stringybark range on the north.

No. 108.

Mate Thomas H.

Names of Runs—Umuther and Toonga.

Estimated Area—120,000 Acres.

Estimated Grazing Capabilities—800 Cattle, 11,000 Sheep.

Bounded on the east by the dividing range between Hillas' and Tacutta Creek, about 17 miles; on the north and north-west by a line from the aforesaid range, crossing the Tacutta Creek $1\frac{1}{2}$ miles below, or north of Gabbell's Inn, about 12 miles to the dividing range between Kyamba and Kaadgerie Creeks, westward by that range about 7 miles, then south-west to the old Port Phillip Road, and by that road about 5 miles to a line bearing east about 30 degrees south (crossing the Hoombango Creek about 2 miles from its junction with the Tacutta Swamp) to a remarkable rocky point of range dividing Hoombango and Obam Creeks, then by a line bearing about east to the Obam Creek, and east by that creek about 3 miles, or less, then by a line bearing east to first named dividing range; the aforesaid lands are bounded east by Messrs. Hillas and Galvin; north and north-west by Messrs. A. and G. M'Leay; south and west by Messrs. W. Walker and Co.

No. 109.

M'Arthur Charles.

Name of Run—Ellersbie (late Nackee Nackee.)

Estimated Area—32,000 Acres.

Estimated Grazing Capabilities—30 Cattle, 8,000 Sheep.

The run of Ellersbie is on the Nackee Nackee and Yeven Yeven Creeks, which run nearly north and south through it; from the Bald Hill or Nackee Nackee Hill the boundary runs nearly north down a spur, having the Nackee Nackee Creek on the left and the back Spring Creek on the right, crossing the latter about a quarter of a mile from its junction with the former, it again ascends the hills and following the range till it arrives at the north-east corner, on the range above Denn and Sawyers; thence it turns west and follows a marked tree line right across the two creeks on to the Obem range; it then turns south, and, keeping the Obem range, runs till opposite the gap; below Mr. Griffiths' station, it then turns east and runs across the Yeven Yeven at the gap ascending the hill; and from that hill it follows a marked tree line crossing Darlon's Creek and the Nackee Nackee, and gaining the range on which the Bald Hill is; it then turns north again to the Bald Hill; on the south and south-east is Mr. J. B. Sharpe's; south and south-west Mr. Griffiths' run, M. G. Galvin's & West, north J. Hillas, and Denn & Sawyer; east Messrs. Johnston.

No. 111, 30th SEPTEMBER, 1848—5.

No. 110.

Mason Robert.

Name of Run—Maracut.

Estimated Area—3,200 Acres.

Estimated Grazing Capabilities—500 Cattle.

Bounded on the north by Reid's Jengillick run; and on the south by a point coming into the river, below a large lagoon close to Millar's run; on the east by the Hume River; on the west by the falls of the water from the Billy Bong Ranges into the river; distance of water frontage 5 miles, and from the river across the ranges 5 miles.

No. 111.

Mara T. and John Macnamara.

Name of Run—Head of the Gilmore.

Estimated Area—16,000 Acres.

Estimated Grazing Capabilities—700 Cattle.

On the north by Mr. Davis' run; on the south dividing range; on the east by the Boojong Mountains, or Mr. John Wilkinson's run; and on the west indefinite.

No. 112.

Mackenzie & Wild.

Name of Run—Woomargama.

Estimated Area—16,000 Acres.

Estimated Grazing Capabilities—5,000 Sheep.

Length about 6 miles, as measured in a straight line, following the general course of the Seven Mile Creek; from the point where it is crossed by the old line of road from Sydney to Port Phillip, upwards to a point about half a mile above the hut of the upper station; the said creek runs nearly from east to west; breadth, about 2 miles on each side of the Seven Mile Creek, for the above-named length; bounded on the south by a line running parallel with the Seven Mile Creek, at a distance of 2 miles from that creek; bounded on the west and north by the old line of the Port Phillip Road, and about a mile of the present line of that road, separating Woomargama from the run of Messrs. Purtill and Carmody; bounded on the east by a range of hills, at an average distance of 2 miles from the Seven Mile Creek; this range, at its northern extremity follows the direction of the new line of road to Port Phillip, at a distance of about half a mile on the east of the said Road, and terminates at a point about a mile from the junction of the old and new lines of road to Port Phillip, on the north-east; this boundary separates Woomargama from the run of the Revd. J. J. Terry, or Mr. S. Bowler, now in dispute.

No. 113.

Name of Run—Wereborboldera.

Estimated Area—12,800 Acres.

Estimated Grazing Capabilities—500 Cattle.

Bounded on the north by Messrs. Whitty's run, Lofty Ranges; on the south by Mr. Vyner's run; on the east by the Tunnot River; on the west lofty ranges, indefinite.

No. 114.

Macdonald George.

Name of Run—Adginbilly or Noginbilly.

Estimated Area—40,000 Acres.

Estimated Grazing Capabilities—125 Cattle, 9,000 Sheep.

The Noginbilly run is bounded to the south by the Noginbilly Creek, commencing from a large

waterhole at the extremity of the long flat on Lawless' swamp and ending at the Soldier's Flat; thence to the west by a line running up the middle of the Soldier's Flat to the summit of Paddy's rock hill; and thence along the Black Range, to the Oak Creek, dividing the run from Mr. Cornelius O'Brien's, thence by the Oak Creek upward to a marked tree not far from the junction of T. Howe's Red Hill Creek with the Oak Creek, and from the said marked tree by a line running straight through a point $1\frac{1}{4}$ mile west of Ephraim Howe's old stockyard on the Sydney road and up to the summit of the Murrumbidgee Ranges, all dividing the run from T. Howe's; thence to the north by the summit of the Murrumbidgee Ranges, and also to the east by a continuation of the summit of the same Murrumbidgee Ranges till they join Smib's run; the Murrumbidgee falls being occupied by O'Brien, Sheahan, and Sinclair; thence the Noginbilly run is divided from Smile's run; the Murrumbidgee falls being occupied by O'Brien, Sheahan, and Sinclair; thence the Noginbilly run is divided from Smile's so that none of the falls to the Oak Creek or to the little creek belong to Smiles; thence from Davis' so that all the falls of the Little Creek on both sides above Captain Macdonald's, present sheep station; on the Little Creek belong to Davis, and further by a line running down the long flat to the large waterhole at the extremity of the said long flat on Lawless' swamp.

No. 115.

Murphy Daniel.

Name of Run—Adginbilly.

Estimated Area—2 miles square.

Estimated Grazing Capabilities—120 Cattle.

North-east by Adginbilly Creek, and bounded by T. Howe, Esquire; on the south-east by N. O'Brien, Esquire; on the north-west by De Salis Esquire, and Adginbilly Creek.

No. 116.

MacLeay A. and G.

Name of Run—Borambola, (Tarcuttah.)

Estimated Area—50,000 Acres.

Estimated Grazing Capabilities—1,600 Cattle, or 10,000 Sheep.

Bounded on the north by the Murrumbidgee River, commencing at a deep sandy creek at the upper end of Jones' Flat and extending along the River for 8 miles in a straight line to the junction of Tarcuttah Creek with the Murrumbidgee; on the west by three-fourths of a mile by the Tarcuttah Creek, then along the foot of a range on the south side of the creek for half a mile in a south-west direction, thence $1\frac{1}{4}$ mile south-west, up Major Mitchell's Gully; thence in a south south-east direction up a gully $2\frac{1}{4}$ miles to the top of the range dividing the Corajeen-bob waters and Major Mitchell's Gully along the top of the range in a south-west direction $2\frac{1}{2}$ miles to the Pullitup road, along that road in a west south-west direction for $2\frac{1}{2}$ miles to the Kyamba Creek, along that creek south south-east, $3\frac{1}{2}$ miles to the junction of Poole's and Kyamba Creeks; on the south for 3 miles by Toole's Creek east north-east to the top of the range dividing the Kyamba from the falls of the Corajeen-bob; thence for 10 miles in a direction east north-east through a scrub to the top of the

range dividing mates Gully from the falls towards Gabbett's store; and thence for $2\frac{1}{2}$ miles north north-east to the top of the range dividing Tarcuttah and Hillas' Creeks crossing Tarcuttah Creek half a mile below Gabbett's store; on the east by a line in a north direction from the above mentioned termination of the southern boundary to the Murrumbidgee at the eastern extremity of the northern boundary a distance of about 7 miles.

No. 117.

MacLeay A. and G.

Name of Run—Pullitop.

Estimated Area—45,000 Acres.

Estimated Grazing Capabilities—1,600 Cattle, or 10,000 Sheep.

Adjoining Owen's station, bounded on the west by a line 21 degrees north of east $3\frac{1}{2}$ miles from a marked tree $2\frac{1}{2}$ miles west north-west of the Turkey Flat hut to the top of Mount Burandana, a peak of the dividing range between Burke's and O'Brien's Creeks; on the north by a line along the same dividing range in a direction 10 degrees south of east for 5 miles to Mount Peter, thence along the range for 4 miles in a direction 25 degrees south of east to the Pullitop road; thence for $5\frac{1}{2}$ miles along the same range in a direction 30 degrees south of east to the junction of the ranges which divide the waters of the Billibong, Burke, and Kyamba Creeks; on the east by a line from that range for 5 miles in a direction 10 degrees east of south along the range dividing the Billybong from the Forest Creek, thence in a line 30 degrees south of west for 4 miles crossing the Forest Creek at a point 2 miles below the New Forest hut to a round hill in the Range which divides the Forest Creek, from the Jerri Jerri Creek; on the south by a line from the Round Hill, just mentioned, for $15\frac{1}{2}$ miles in a south-west direction to the marked tree forming the southern extremity of the eastern boundary.

No. 118.

M'Leay A. and G.

Name of Run—Toganmain, (Jingorambah.)

Estimated Area—192,000 Acres.

Estimated Grazing Capabilities—1,600 Cattle, or 10,000 Sheep.

On the south bank of the lower Murrumbidgee, commencing at the north-west corner of Shepherd's boundary, about 48 miles in a direct line below the junction of the Yanko-yanko Creek, running in a direct line 20 miles due west along the bank of the river (exclusive of sinuosities) to a point joining William M'Leay's north-east boundary; 100 yards east of the said William M'Leay's hut; from thence in a line due south running 15 miles to a point forming its south-west corner; from thence due east to a point forming its south-east corner; from thence along Shepherd's boundary line 15 miles due north to the bank of the river.

No. 119.

M'Leay W. & J., junior, per William M'Leay.

Name of Run—Mulberygong, (Moorooramble?)

Estimated Area—90,000 Acres.

Estimated Grazing Capabilities—7,000 Sheep.

Bounded on the north for 10 miles by the River Murrumbidgee; on the east by a line due south

by compass for 15 miles from a point on the river 100 yards east of the hut at Mulberygong, and adjoining the station of Messrs. A. and G. M'Leay; on the west by a line south-west by compass for 17 miles from a point on the Murrumbidgee 100 yards east from Mr. Chapman's stockyard; and on the south by a line drawn from the extreme southern points of the eastern and western boundary lines.

No. 120.

Macquoid T. H.
Name of Run—Freshford.
Estimated Area—5,000 Acres.
Estimated Grazing Capabilities—150 Cattle, or 1,500 Sheep.

Bounded on the east by the Murrumbidgee; on the west by a chain of ranges running nearly parallel to the Murrumbidgee; on the north it extends to a corner of the river known as Conlan's; and on the south the limit is the junction of the Cottars River with the Murrumbidgee.

Neighbours' names:—Mr. James Wright, Mr. William Davis, and Mr. Andrew Cunningham.

No. 121.

Miller Abraham.
Name of Run—Tahmalmo.
Estimated Area—7,680 Acres.
Estimated Grazing Capabilities—500 Cattle, 2,000 Sheep.

Bounded on the south by the Hume River; on the north by the Murray ranges; on the east by a small range running down to the Hume River, and which divides my run from Robert Mason's; on the west by Mr. Jeffries' fence, which divides my run from Mr. Jeffries.

No. 122.

Moore Charles and John.
Name of Run—Coulondonga, (Adelong.)
Estimated Area—12,000 Acres.
Estimated Grazing Capabilities—1,000 Cattle.

Starting on the centre of the dividing range joining Johnston's and Weston's to the north, and Sharp to the west; bounded by a line along the top of the dividing range south-east about 4 miles to the head of Hindmarsh's Creek; then by that creek to its junction with the Addilong Creek about 2 miles; then across Addilong Creek by a line east about $1\frac{1}{2}$ miles to the top of Windaligo range; then along that range about north north-west 5 miles; then down a spur of that range to Addilong Creek, by a line about west by north 1 mile, at Johnston's and Weston's south-east boundary.

No. 123.

M'Laurin and Sons.
Name of Run—Connallo.
Estimated Area—32,000 Acres.
Estimated Grazing Capabilities—1,000 Cattle.

Bounded on the south by the Murray River; on the west by the Edward River; on the north by the run of Messrs. B. Boyd and Co.; on the east by the run of Messrs. Redfern and Alexander; on the south estimated at 5 miles; on the west estimated at 10 miles; on the north estimated at 5 miles; on the east estimated at 10 miles.

No. 124.

M'Dougall Archibald.
Name of Run—Goboulong.
Estimated Area—6 Square Miles.
Estimated Grazing Capabilities—500 Cattle.
Water frontage Murrumbidgee River, joining Mr. Howe on one side, and Mr. O'Bryan at the back run, and Mr. Luff on the other side.

No. 125.

Mangan Thomas Joseph.
Name of Run—Little River, (Coura-digby?)
Estimated Area—3,000 Acres.
Estimated Grazing Capabilities—400 Cattle, 3,000 Sheep.

A mass of limestone and rocky mountains, a forest 3 or 4 miles circumference, a small flat containing the homestead, with about 10 acres of land for cultivation; bounded on the north by Mrs. Terry's run; on the south by broken mountains; on the east by the Narringullen hills; on the west by Mr. Lewis' run.

No. 126.

Manton Charles.
Name of Run—Giaour, (formerly Niermer.)
Estimated Area—64,000 Acres.
Estimated Grazing Capabilities—10,000 Sheep.

This run is situated on the Warcoal River, Lower Murray, in the Murrumbidgee district, and comprises the country between the Warcoal or Logan River, and the Minnon or Wild Cattle Creek, within the undermentioned boundaries, as certified in the accompanying copy of a memorandum by Henry Bingham, Esq., J. P., Commissioner of Crown Lands for the Murrumbidgee district, and as more particularly shewn in the accompanying plan of the run and adjacent country. It is bounded on the west by a ploughed line running south from an old hut on the Warcoal River opposite Mr. Hawdon's late intrusion or head station, to the Wild Cattle Creek or Mirron; on the south by the Mirron or Wild Cattle Creek; and on the east by a drayroad from the Mirron Creek to the Warcoal, and which road joins the Warcoal at the head station hut erected last year by Mr. Forster.

No. 127.

Nixon Robert.
Name of Run—Gregado or Tywong.
Estimated Area—20,000 Acres.
Estimated Grazing Capabilities—700 Cattle.

Bounded on the east by Kyambeth Creek 2 miles; on the south-east by O'Brien Creek 2 miles; on the south by a line from O'Brien Creek westerly 5 miles to a dividing range running about north and south; and westerly by that range 5 miles to the northern boundary; and on the north from thence to the Kyamba Creek; bounded on the south by Mr. Peters'; on the north by Mr. Peters'; on the east, Mr. Guiso; on the west, Mr. Peters'.

No. 128.

Nicholson Charles.
Name of Run—Benongal.
Estimated Area—44,000 Acres.
Estimated Grazing Capabilities—7,000 Sheep.

Situated on the south bank of the Murrumbidgee River, near its junction with the Murray;

bounded on the east by a line commencing at a mark tree on the Murrumbidgee, and running due south; on the north by the Murrumbidgee River for 14 miles; on the south-west by the Murray River for 10 miles; and on the south by a line from thence to a point on the eastern boundary line, distant 6 miles from the Murrumbidgee River; the east boundary line forming the lower boundary of Mr. W. Wentworth's station.

No. 129.

Osborne Henry.
Name of Run—Wagarabably.
Estimated Area—24,000 Acres.
Estimated Grazing Capabilities—640 Cattle, or 4,000 Sheep.

Bounded on the north by De Salis and Smith's run of Darbalara, commencing at the junction of a creek with the Tumut River on the lagoon, and from thence to the large lagoon at the foot of the range, and from thence by a range running east and west to the Oak Creek; bounded on the east by that creek; on the south by a dividing range to the cut road on the Tumut River, dividing it from Keighran's run; and on the west by the Tumut River for 6 miles from the cut road above referred to, the starting point on the lagoon.

No. 130.

Osborne Henry.
Name of Run—Bevokong Mana Arujoe or Old Man Creek.
Estimated Area—480,000 Acres.
Estimated Grazing Capabilities—640 Cattle and 22,000 Sheep.

Bounded on the north by the Bullinbong Creek, beginning at a marked line up the Bullinbong from the junction with the Old Man Creek, then by the Old Man Creek from the junction to a marked tree 1 mile below Jackson's waterhole being 10 miles; on the west by a line south-west 33 miles from the marked tree 1 mile below Jackson's waterhole to a marked tree on the Urana Creek, 1 mile and 1691 yards above Chapman and Huon's hut; on the south by a line north north-east $2\frac{1}{2}$ miles to the road from Chapman's to Moongo, then by that road $3\frac{1}{4}$ miles to the western extremity of the long plain, then by the forest skirting the long plain on its north side, about 4 miles to where the Moongo road leaves the plain at its eastern extremity, then by a line from that point $15\frac{1}{2}$ east south-east to Burke's hut on the Urana; on the east by a line 35 degrees east of north 28 miles through the scrub to the east of the Galore mountain to the marked tree on the Bullinbong Creek 7 miles above its junction with the Old Man Creek.

No. 131.

Osborne Henry.
Name of Run—Tootool.
Estimated Area—30,720 Acres.
Estimated Grazing Capabilities—640 Cattle.

Extending along both sides of the Bullinbong Creek for 8 miles in a straight line, commencing at Messrs. Robertson and Davison's southern boundary; bounded on the north by Messrs. Robertson and Davison's line east and west, 2 miles above the Bullinbong hut, 2 miles on the west

side of the creek and 4 on the east side; bounded on the south-east, and west 3 miles on each side of the creek, and intersecting the creek 5 miles in a straight line above Tootool hut; bounded on the east by a straight line from the eastern extremity of the northern boundary 8 miles; bounded on the west by a straight line from the western extremity of the southern boundary to the western extremity of the northern boundary.

No. 132.

O'Brien Cornelius.
Name of Run—Cotway or Agenbilly.
Estimated Area—19,000 Acres.
Estimated Grazing Capabilities—7,000 Sheep.

Commencing on a high rocky hill opposite Mrs. Kiley's hut on the Murrumbidgee River, is bounded on the south by said hill to a box tree marked on four sides on same range, and by a marked line to a small creek, thence by a line running south-east to the Yellow Creek, and continuing by that creek to its junction with the Oak Creek, following the Oak Creek to a box tree marked on four sides, south-west by a high rocky hill, thence by a marked line to the Adgimbilly road, and following said road to the north end of the swamp, and thence by a leading range to the Adgimbilly road; on the west by the Adgimbilly Creek to a high hill near Murphy's hut; on the north by a marked line to the Oak Creek, following said creek to the Dog trap Creek, thence by a marked line to the Adgimbilly road, the said road bearing north to the Murrumbidgee River; and on the east by the Murrumbidgee River to the high hill opposite Mrs. Kiley's hut before mentioned.

No. 133.

Owen Robert, (now Owen and Pring.)
Name of Run—Mangoplar.
Estimated Area—75,000 Acres.
Estimated Grazing Capabilities—12,000 Sheep.

Boundary commencing on the eastern side at Bourke Creek where a high range abuts on the said west north-west to a spring known as the washing place 2 miles, thence north north-west along the said range to another spring 1 mile, thence north-west along the said range, passing 1 mile east north-east of Coffin rock on to the ridge north of rocky fall creek 5 miles, thence west north-west down the said ridge to Bourke Creek 3 miles thence south south-east up Bourke Creek to a marked tree on its western bank 1 mile, thence west south-west to a peak on the bullock bullock range 1 mile, north north-west of its highest part 5 miles from the said peak, south-west by south crossing Herring Creek, 2 miles below a lambing station on the creek to the ridge south-west of a dry creek 7 miles, thence south by east up the said ridge to the head of the falls 4 miles, then east by north along the head of the falls to the Dry Creek, Herring Creek, Jim's Creek, and Bung eye Creek to the Jerry Jerry road 5 miles, thence south-east along the head of the falls to Paper Forest Creek to the dividing ridge between Suckoy flat and Paper Forest $4\frac{1}{2}$ miles, thence north along the said ridge to where a dray track crosses it 3 miles, then north north-east down the said track to Bourke Creek $1\frac{1}{2}$ mile, then east by

north up Bourke Creek to where the above mentioned high range abuts on the creek $1\frac{1}{2}$ mile.

N.B.—This Run has been transferred, with the sanction of the Government, to Messrs. Owen and Fring, in whose name the Lease will accordingly be prepared.

No. 134.

Peter John.

Name of Run—Gumly Gumly.

Estimated Area—30,720 Acres.

Estimated Grazing Capabilities—6,000 Sheep.

Gumly Gumly station commences at its eastern corner at the junction of Kyamba Creek with the Murrumbidgee, including the Kyamba Island, immediately opposite the junction of the said creek with the Murrumbidgee, where the river divides, running along the northern branch of the river so as to include the island and past its junction with the main stream 5 miles in a direct due west line (sinuosities not included) to a marked tree line boundary at Mr. Best's station, Wogga Wogga, which forms the western corner on the bank of the Murrumbidgee, from thence along this marked tree line for 2 miles running due south to the point of Best's range, from thence for 1 mile in a line south-west to two waterholes in the Stringybark Creek, one of which waterholes it includes, from thence for 1 mile in a line south south-east to the Swampy Plain, from thence for half a mile in a line due west to the bank of a creek called the Stringybark Spring Creek, following the Stringybark Spring Creek up to its head about 4 miles, passing the springs in which it takes its rise, to a gap in the range immediately above the springs; from this point along the ridge of a leading range in a general south-east line for 7 miles to a point joining its south corner, from thence along the top of a leading range running in a general north-east line for 10 miles, striking upon the Kyamba Creek about 4 miles above its junction with the Murrumbidgee, which creek it follows to its junction, where the eastern boundary corner commences as described above.

No. 135.

Peter John.

Name of Run—Ugoble Station.

Estimated Area—100,800 Acres.

Estimated Grazing Capabilities—8,000 Sheep.

Ugoble station commences at a marked tree on a small creek on the bank of the river, forming the western boundary of Mr. Gordon's station, following the river in a direct line for $10\frac{1}{2}$ miles (exclusive of sinuosities) to a marked tree at a large lagoon on the roadside leading to Shepherd's old hut, and by a plough furrow at Shepherd's present hut and stockyard from this point, forming its north-west corner, running in a line due south for 20 miles to a point forming its south-west corner, from thence in a line due east $10\frac{1}{2}$ miles to a point forming its south-east corner, from thence along Mr. Gordon's boundary for 20 miles due north to the river bank to the marked tree forming the eastern corner of the run as described above.

No. 111, 30TH SEPTEMBER, 1848.—6.

No. 136.

Peter John.

Name of Run—Sandy Creek.

Estimated Area—23,040 Acres.

Estimated Grazing Capabilities—3,600 Sheep.

Sandy Creek station commences from a point in the gap of the range immediately above the Stringybark Springs mentioned in the description of Gumly Gumly station, at its western corner on a line south south-west for $6\frac{1}{2}$ miles to a point on the summit of a range bounding Mr. Owen's and Wall's stations, from thence along the top of the range in a south-east direction for $6\frac{1}{2}$ miles to an eminence called Survey Hill, from thence along the top of the same range 2 miles in a direction north-east by east to a point forming the south corner of the station, from thence in a line running north north-east for 5 miles until it strikes upon the south corner of the Gumly Gumly station.

No. 137.

Pearce Matthew.

Name of Run—Howlong.

Estimated Area—64,000 Acres.

Estimated Grazing Capabilities—1,500 Cattle.

The Howlong run is a dead level, presenting no geographical features, but bounded on the south by the Murray River; on the east by Lester run and the Major's Waterholes; on the west by Ireland's run; and on the north by an undefined boundary.

No. 138.

Purtill and Carmody

Name of Run—Mountain Creek.

Estimated Area—20 square miles.

Estimated Grazing Capabilities—640 Cattle.

Bounded by Mr. Harrett's run on the west; on the north by Billybong Creek; on the east by the Port Phillip Road; by the same road on the south.

No. 139.

Post John, (per Post and Keane.)

Name of Run—Coordinia.

Estimated Area—15,660 Acres.

Estimated Grazing Capabilities—1,000 Cattle.

Bounded on the east by the Back Creek and Mr. Whitty's station, being a line of about 6 miles north; on the north by Mr. Bell's station, being a line of about 4 miles west; on the west by Coordinia Range and Messrs. Osborne's and Creighton's station, being a line of about 6 miles south; and on the south by Mr. Harret's station and plain, being a line of about 4 miles east.

No. 140.

Phillips and Graves.

Name of Run—Warbracum.

Estimated Area—50,000 Acres.

Estimated Grazing Capabilities—10,000 Sheep.

Commencing at the south-west corner of Benjamin Boyd's Deniliguim run, and bounded on the east by a line bearing north 10 degrees east 10 miles and 60 chains to the River Edward, this line forming a portion of Boyd's Deniliguim western boundary, thence by the south bank of

he said Edward River to its junction with the Yallakool Creek, (our boundary with O. Craig,) thence to a marked tree on the said creek, thence by a line bearing south-easterly to another marked tree on the Wackool Creek, (our boundary with E. J. Hogg,) thence by a line at right-angles with said creek until it intersects a line running west from the starting point.

No. 141.

Percival Thomas.
Name of Run—Brungle Creek.
Estimated Area—1,280 Acres.
Estimated Grazing Capabilities—50 Cattle.

Bounded on the west by the Brungle Creek 2 miles, which separates my run from the run belonging to the estate of the late W. Shelley; on the north 1 mile, which line divides my run from land in dispute between Mr. De Salis and Koighran; on the east by a tier of ranges, known as Brungle Creek Ranges; on the south by Ned Hughes' Creek.

No. 142.

Messrs. Redfern and Alexander.
Name of Run—Moroca.
Estimated Area—64,000 Acres.
Estimated Grazing Capabilities—2,300 Cattle.

This run has a south frontage to the River Murray of 10 miles; on the north it is bounded by Mr. Benjamin Boyd's run, the boundary as settled by the Commissioner being a creek running nearly parallel to the river at a distance, more or less, of 10 miles, and called the Tuppall; on the west it is bounded by Mr. McLaurin's run, called Conella, the boundary being a line running north from the river to the back boundary, passing a marked tree in the centre of a hill called the Boundary Sand Hill; on the east it is bounded by Mr. Barber's run, called the Meika, the boundary being a line running north, commencing from a tree marked R on the river bank, and thence along a belt of timber to the Tuppall or back boundary line.

No. 143.

Robinson James.
Name of Run—Copabella Creek.
Estimated Area—19,000 Acres.
Estimated Grazing Capabilities—750 Cattle, or 5,000 Sheep.

Bounded on the north by the dividing range between the Murrumbidgee and Murray Rivers; on the south by the Rocky Creek; on the east by the Mannus Range; and on the west by Mr. Vyner's cattle run.

No. 144.

Russell William.
Name of Run—Bumbilling.
Estimated Area—16,000 Acres.
Estimated Grazing Capabilities—400 Cattle.

On the east by the Murrumbidge River; on the south by the same river; on the north by Crown Land; on the west by Crown Land; about a mile from the road to Twofold Bay, which road lies to the east, and about 10 miles south-west of the Pindra Mountains.

No. 145.

Rourke Thomas.
Name of Run—Bolero.
Estimated Area—3,200 Acres.
Estimated Grazing Capabilities—500 Cattle, 3,000 Sheep.

The run is situated in Bolera, in the District of Monera, and bounded on the northerly, westerly and southerly sides by the Murrumbidgee, opposite to Barretts', Moat's and Hall's stations; and on the east by a creek called the Back Creek, which separates the run from Mr. Bradley's station.

No. 146.

Rudd James.
Name of Run—Wogangobiramby.
Estimated Area—40,320 Acres.
Estimated Grazing Capabilities—640 Cattle, or 4,000 Sheep.

Bounded on the north by the Murrumbidgee River 7 miles; on the west by R. P. Jenkin's Broweroner 8 miles; on the south by Crown Lands 7 miles; on the east by John Bray, Berry Jerry 10 miles. 63 sections, or 40,320 acres, one-fourth, or 10,000 acres scrub; this includes the Old Man Creek, occupied by Henry Osborne.

No. 147.

Robertson and Davidson.
Name of Run—Bullenbung.
Estimated Area—22,400 Acres.
Estimated Grazing Capabilities—1,000 Cattle.

Extending along both sides of the Bullenbung Creek for nearly 7 miles, commencing 4 miles and 16 chains below the Bullenbung hut and ending $2\frac{3}{4}$ miles above the hut; bounded on the south by a line east and west 2 miles on the west side of the creek and 4 on the east; bounded on the north by a line east south-east and west north-west 2 miles on the west side of the creek and 4 on the east; bounded on the east by a straight line from the eastern extremity of the southern boundary to the eastern extremity of the northern boundary $5\frac{1}{2}$ miles; bounded on the west by a straight line from the western extremity of the southern boundary to the western extremity of the northern boundary 7 miles and 24 chains; bounded by Mr. Osborne's lands on the south, and by Mr. Bray's on the north.

No. 148.

Richards Thomas.
Name of Run—Oppossum's Point.
Estimated Area—9,600 Acres.
Estimated Grazing Capabilities—640 Cattle.

Bounded by a line proceeding from the junction of the Oppossum Point Creek with the Tooma River, ascending this creek, bounding Gregrek easterly 5 miles to the summit of Jacombeo Range, thence along this range north 6 miles to the Tooma River, and thence south-westerly down the Tooma to the point hereinbefore first mentioned.

No. 149.

Scott Charles.

Name of Run—Glenken.

Estimated Area—49,920 Acres.

Estimated Grazing Capabilities—1,000 Cattle.

Bounded on the east by Hase's run, (Walero-gang) near a steep creek running into Hume River, near an island; on the west by the Gengellick run (Reid's Station) to a leading range coming into the river, close to the Gengellick run; on the south by the River Hume, 13 miles river frontage; and on the north by the Mannus Ranges, 6 miles back from the River. The country is very mountainous and covered in many parts with a thick scrub.

No. 150.

Shaw George.

Name of Run—Currabunganung.

Estimated Area—44,800 Acres.

Estimated Grazing Capabilities—8,000 Sheep.

Commencing at the junction of the Yanco and Billabong Creeks, and running thence south 10 miles; and bounded on the west by the Conargoo run, then in a line running east about 11 miles; and bounded on the south by unclaimed lands of the Crown; thence in a line running north across the Billabong and Yanco Creeks, 17 miles, and bounded on the east partly by Burchett's run, and partly by a run supposed to be in the occupation of Mr. Wentworth; thence in a line running west 8 miles, and bounded on the north by unclaimed lands of the Crown; thence in a line running south to a marked tree on the Yanco Creek, and bounded on the west by the Conargoo run aforesaid; thence in a south-westerly direction along the Yanco Creek to the commencing point or junction with the Billabong Creek, and bounded towards the north-west by the said Creek.

No. 151.

Supple Patrick.

Name of Run—Grubbin.

Estimated Area—21,120 Acres.

Estimated Grazing Capabilities—500 Cattle.

Bounded up Aaron Creek 5 miles, to Mr. Owen's run, from my hut down the creek half a mile to Vincent's run; at the back of hut about 3 miles to Keighan and Eggile's runs; front of hut about 3 miles to the Range or Hanging Rock

No. 152.

Sawyer and Dean.

Name of Run—Mount Adra.

Estimated Area—10,240 Acres.

Estimated Grazing Capabilities—550 Cattle.

Bounded by Yab tree, north-west marked tree; Adalong and Nacky Nacky east; Nacky Nacky Creek south marked tree; Yeven Yeven Creek south-west.

No. 153.

Shelly Wm., Estate of, (per Susannah M. Shelley.)

Name of Run—Bumbowleo.

Estimated Area—27,000 Acres.

Estimated Grazing Capabilities—1,200 Cattle, or 9,000 Sheep.

Bounded on the west by the Tumut River, commencing half a mile below Mundongaidgee hut, extending along the Tumut River to the lower end of Cockatoo; then by a tier of ranges

running over to a creek called Kilmacat, crossing that creek 1 mile below Shelley's Kilmacat sheep station; on the north by the Pine Mountain and Wianga Range; on the east by 2 miles of the Brangle Creek, commencing at the Black Swamps; then by a tier of ranges extending to a flat called the Spring Sheep station; on the south by a line of hills and ranges, which separate the run from Broughton's and Whitty's runs.

No. 154.

Shelley George.

Name of Run—Tumut Plains.

Estimated Area—20,000 Acres.

Estimated Grazing Capabilities—900 Cattle, or 4,000 Sheep.

Bounded on the north by Goubaragandra Creek for 8 miles; on the west by the Tumut River to where the Blowering Mountain comes into the River; on the south by Blowering Mountain, which separates my run from Whitty's; on the east by the Bongong Mountains.

No. 155.

Swift John.

Name of Run—Coradigby.

Estimated Area—10,000 Acres.

Estimated Grazing Capabilities—640 Cattle.

Bounded on the east side Mr. Bailey's side line of his granted ground; south Oakey Creek to the Little River; west by the Little River to the junction of the same; north Murrumbidgee, opposite Cave Flat, occupied by myself, it being but one portion of my run.

No. 156.

Stuckey Henry.

Name of Run—Tumblong.

Estimated Area—20,000 Acres.

Estimated Grazing Capabilities—500 Cattle.

Ranges and forest ground (Murrumbidgee River and dividing ranges, between Tumut River and Murrumbidgee); bounded on the east by the Big Ben Creek to the falls for the Big Ben Tumut River 5 miles; west by the Adelong Creek 3 miles; north by the Murrumbidgee 2 miles, south by the Adelong Creek 3 miles. Adjacent lands, —Mr. Tooth's, on the east; R. P. Jenkins, Esq., west; Mr. Peter Stuckey, north; Mr. Johnson, south.

No. 157.

Stuckey Peter.

Name of Run—Willie Plumah.

Estimated Area—60,000 Acres.

Estimated Grazing Capabilities—500 Cattle, and 8,000 Sheep.

On the north and east by the Murrumbidgee River, commencing at the junction of the Tumut with that river, downwards (with the exception of the land marked out by the Government, for the township of South Gundagai) to an imaginary boundary line about 1 mile to the north of Addilong Creek, running from the Murrumbidgee river to the Port Phillip Road, then by that Road to where it crosses the Addilong Creek; on the west by the Addilong Creek upwards, to an imaginary boundary line between the Messrs. Johnston's and my run; and on the south by an imaginary boundary line running from the Addilong Creek to the junction of the Tumut and Murrumbidgee rivers, and dividing my run from those of Messrs. Johnston, Broughton, and Tooth.

No. 158.

Stokey Peter, junior.
Name of Run—Mathara.
Estimated Area—60,000 Acres.
Estimated Grazing Capabilities—1,500 Cattle.

Bounded on the north by a line running west for about 10 miles from a marked tree on the river, at the junction of the Gulpha Creek with the Edward, which line forms the south boundary of Mr. Boyd's Deniliquin Run; bounded on the south by a marked line running west from the Red Bank Gulph Creek for about 10 miles, which line forms Messrs. Lew's and Throsby's north boundary; bounded on the east by the Edward River, which stream forms Mr. James M'Laren's west boundary line, and bounded on the west by a line.

No. 159.

Smyth and De Salis, per L. F. De Salis.
Name of Run—Darbalara.
Estimated Area—40,000 Acres.
Estimated Grazing Capabilities—200 Cattle,
10,000 Sheep.

Bounded on the north by the river Morumbidgee upwards, from its junction with the Tumut, to a main gully about $\frac{1}{4}$ of a mile west from Leggin's House; thence joining the runs of Leggin's, Quilter, Luff, and T. Howe, by the said gully to the summit of the dividing range between the Morumbidgee and Adjinbilly Creek; thence along the summit of the dividing range till the line meet the Gobarrolong road; thence down the said road to the Adjinbilly Creek; thence up the said Creek till it touch on the extreme southern boundary of T. Howe's run 1 mile above Murphy's residence; thence up and along the said boundary to the summit of the dividing range between the Oak and Adjinbilly Creeks; thence southward joining with C. O'Brien's along the said summit till meet the Black range; thence down the ridge of the Black range to the Adjine billy Creek; thence across the said creek and joining Mr. Fergusson's, up the main arm of the Rocky Creek to the Red Hills, whence down the ridge jutting opposite the woolshed of Captain M'Donald on the Adjinbilly Creek; thence up the said creek to the first range—spur of the Shaking Boy; thence joining Messrs. C. and A. Macdonnell, along the ridge to the summit of the dividing range between the Adjinbilly and Tumut waters; thence northward by a line along the summit till it meet the head of the creek upon which Fitzgerald resides; thence down the said creek till its junction with the Spring creek; thence joining Kiley's, up the said Spring creek to a point such that a line running due west shall pass through another point $\frac{1}{2}$ a mile north of Cox's old residence on Brungal Creek; from Spring Creek along the said line to Brungal Creek, joining in part on Perceval's; thence joining Keighran's, down Brungal Creek to the gully between the Bald and Stockyard Hills; thence up the said gully across the gap, and down the corresponding gully to that Oak Creek, which springs from the Kangaroo ground; thence up the said Oak Creek to a point $\frac{1}{2}$ a mile south of the old sheep station near the waterholes; thence joining Osborne's, along Osborne's road to the summit of the Big

Hill Range; thence along the summit till it join the range which divides the Blind Creek from other waters; thence along the summit to the main gully leading down the green arm at the head of the Durlialura Lagoon; thence down the said gully to Osborne's fence on the said Lagoon; thence along this fence to the River Tumut, and thence down the Tumut till its junction with the Murrumbidgee.

No. 160.

Smith Matthew.
Name of Run—Bownyan Creek, (Hume River.)
Estimated Area—16,000 Acres.
Estimated Grazing Capabilities—500 Cattle.

Commences at the south-west corner of Henry Calder's station on the Hume River, running 3 miles north and 5 miles west and 5 miles south, opposite junction of the Little River, and bounded by the river to the said south-west corner of Henry Calder's station.

No. 161.

Sinclair James.
Name of Run—Chitdowla.
Estimated Area—25,000 Acres.
Estimated Grazing Capabilities—800 Cattle.

Bounded on the north and west by a line the Morumbidgee River to a marked tree in the Yellow Clay Creek, dividing from J. Shehan's, on the west and south-west by a range dividing the waters of the Parsons' Creek, and Meetchains creek; on the south, and by a line extending from the most easterly point of the Forest Hill, to the head of Poppet creek; on the east by a high range dividing from Coradigban, and by the Morumbidgee on the north-east. The run is entirely mountainous, and partly impassable.

No. 162.

Sharp James Burleigh.
Name of Run—Greenhills.
Estimated Area—23,000 Acres.
Estimated Grazing Capabilities—1,200 Cattle.

Bounded on the north by a marked tree line commencing at the head of a gully on the main range dividing the Adalong and Nacka Nacka Creeks, and running west 1 mile; thence bearing north half a mile, (having had Moore and Johnson's run on the right,) thence running westerly from the head of the Dogtrap Flat Creek, and following that creek to where it empties in a small flat; thence by the marked tree line to the Nacka Nacka Swamp, which it crosses at the Basin point; thence to Darlow's Creek, which it crosses at its junction with the Sod hut Creek; thence by the marked tree line which leads to the top of the range between Darlow's Creek and the Billapulap Creek, (having had Mr. Charles Macarthur's run, Eilerslie, on the right,) and which range constitutes the boundary between the Greenhills and Mr. Griffiths' run of Billapulap; this range on the western and the Adalong dividing range above mentioned, on the eastern side, followed round until they meet to the south, (enclosing all the falls into the Nacka Nacka and Darlow's Creeks,) comprise the boundaries to the east, west, and south.

No. 163.

Severne Edward.

Name of Run—Gudgenby.

Estimated Area—15,000 Acres.

Estimated Grazing Capabilities—1,000 Cattle.

The run lies about 15 miles in a westerly direction from Mt. Tennant, is distant 39 miles from Queanbeyan; the run is generally heavily timbered, and a large extent is composed of morass; it is bounded naturally on all sides by sundry nameless ranges.

No. 164.

Stockwell John.

Name of Run—Gilmore Creek.

Estimated Area—3,840 Acres.

Estimated Grazing Capabilities—200 Cattle.

Bounded on the south by the Gilmore Creek; on the west by a marked tree line dividing the run of Robert Downie, for about 1 mile, and the said line continuing for about 2 miles north of the terminus of Robert Downie's line; on the east by the Tumut River, from its junction with the Gilmore Creek running 3 miles due north; on the north by a marked tree line extending from a tree marked on the bank of the Tumut River to a marked tree where the west line terminates north forming a square block.

No. 165.

Tooth John.

Name of Run—Manelgingagell.

Estimated Area—160,000 Acres.

Estimated Grazing Capabilities—700 Cattle.

Bounded on the north by the Morumbidgee River; on the east by station of W. Guise; on the south by Government lands; on the west by another station called Penensey, licensed to said John Tooth.

No. 166.

Tooth John, Estate of, per George King.

Name of Run—Tarrabandra.

Estimated Area—17,920 Acres.

Estimated Grazing Capabilities—500 Cattle.

Bounded on the east by the River Tumut; on the south by Cocup Flat; on the west by the William Plomer Range; on the north by another licensed station, called Bendenderra.

No. 167.

Tooth John, Estate of, per George King.

Name of Run—Bondenderra.

Estimated Area—12,890 Acres.

Estimated Grazing Capabilities—400 Cattle.

Bounded on the east by the River Tumut; on the north by the River Morumbidgee; on the west by part Willie Plomer range and the station of Mr. Peter Stuckey; on the south by another licensed station of Mr. John Tooth, called Tarrabandria.

No. 168.

Throsby Charles.

Name of Run—Warcoal Creek.

Estimated Area—30,000 Acres.

Estimated Grazing Capabilities—500 Cattle, 6,000 Sheep.

Twelve miles in length on each side Mayoul Creek; bounded on the north by Messrs. Gwynn's southern boundary; on the east by Mr. Hogg's

No. 111, 30th SEPTEMBER, 1848.—7.

Womea station on same creek; on the south by the run lately licensed to Messrs. Lewes and Throsby; on west by Mr. Green's eastern boundary.

No. 169.

Taylor Samuel.

Name of Run—Tarmas.

Estimated Area—16,000 Acres.

Estimated Grazing Capabilities—940 Cattle.

Bounded on the west by the Cavan line granted to Edward Riley, 5 miles; on the south by the said Cavan line of Edward Riley's grant, 5 miles; on the east by the Cavan Road by the track to the Cavan Paddock, 5 miles; and on the south by the Murrumbidgee River, 5 miles.

No. 170.

Troy Nicholas, per Toole and Troy.

Name of Run—Kiamba Creek.

Estimated Area—10,240 Acres.

Estimated Grazing Capabilities—500 Cattle, 1,200 Sheep.

On the north by a main range that divides it from Alexander M'Leay's station; on the west by the Bullathorpe Road, extent 4 miles, and divides it from John Peter's; on the south by Walker's station; on the east by the said scrubby range separating it from Mato's station; these were formerly marked boundaries between the said stations, leaving the land now applied for as neutral.

No. 171.

Therry Reverend J. J.

Name of Run—Billabong.

Estimated Area—50,000 Acres.

Estimated Grazing Capabilities—3,000 Cattle.

Bounded on the east by stations occupied at present by Jeffrey and by Robinson; on the west by Whitty's head station and the Billabong Creek; on the north by a sheep station of Whitty's near the Four Mile Creek, which creek is on the Very Rev. John Joseph Therry's station; and on the south by Mr. David M'Kenzie's and by Mr. T. H. Bardwell's stations, taking in the large swamp on the Ten Mile Creek, on which Creek is a hut erected by the Reverend J. J. Therry; the eastern line being near twelve miles long, commencing at the head of the Ten Mile Creek, and runs in a northerly direction to the Four Mile Creek; the northern line is about 8 miles long to the Port Phillip Road.

No. 172.

Terry John, Estate of, per Eleanor Terry.

Name of Run—Corradigby.

Estimated Area—16,000 Acres.

Estimated Grazing Capabilities—500 Cattle.

Upon the Little River. Bounded on the north by Dutton's grant of 2,560 acres, extending 5 miles; on the west 5 miles; on the south 5 miles to the river at a limestone range, known as Lewis' boundary with the Corradigby Run; and on east about 5 miles by the Little River, to the starting point.

No. 173.

Vyner Frederick Wheeler.

Name of Run—Mungilidginula.

Estimated Area—12,000 Acres.

Estimated Grazing Capabilities—600 Cattle, or 4,000 Sheep.

On the north and east by the Tumut River; on the south by a marked tree line running into the

Tumut Ranges, which marked tree line separates my run from Thomas M'Alister's; on the west by a dry creek which runs into the Tumut River at the Police Establishment which divides mine from Shelley's Run.

No. 174.

Vincent Isaac, (per Elizabeth Vincent.)
Name of Run—Mittagang.
Estimated Area—100 Square Miles.
Estimated Grazing Capabilities—500 Cattle, 4,000 Sheep.

The run extends along the Mittagang Creek 4 miles in the direction of the late station of Mr. M'Kenzie, and up the dry bed of the creek to a place called Davies' Waterhole where it joins Mr. Edgehille's boundary; it extends up the Ayan Creek to within ½ a mile of Mr. Supple's house, where Mr. Supple's run begins; the boundary on the side of Mr. Wall's intersects midway, a line drawn from Mrs. Vincent's house to Mr. Wall's house; but it is particularly noticed, that Mrs. Vincent's boundary includes a place called the Dry Swamp; on the other side of the Mittagang Creek; the run extends backwards about 4 miles including the dry bed of a creek called Giningin, and the boundary on that side between Mr. M'Kenzie's late station and it, is the scrub on the top of M'Kenzie's Big Plain at the head of the run; the run extends half way to the station called the Urengelline; another station of Mr. Osborne's—say 7 miles.

No. 175.

Vardy John.
Name of Run—Eughranna. (Worarma?)
Estimated Area—15,000 Acres.
Estimated Grazing Capabilities—700 Cattle.

Bounded by Eughranna Creek on the north; one Neil occupying the opposite side of the creek; then running for 1 mile easterly up the creek until it meets the westerly boundary of Messrs. Paul Huon and William Chapman's run; thence running southerly for 5 miles to barren country; bounded by this barren country on the south; and on the west by a Swamp until it joins Enghranna Creek; and up this creek easterly until it comes to my hut, about 2 miles from the swamp.

No. 176.

Whitty J. C. and H., (now J. C. Whitty.)
Name of Run—Blowering.
Estimated Area—25,600 Acres.
Estimated Grazing Capabilities—640 Cattle.

North side bounded by Mr. Shelly's grant of land (Mr. Rose) and M'Alister's marked line by Commissioner; south Mr. Wilkinson's marked line and Tumut River; east high chain of mountains; west dividing chain of mountains.

N. B.—This run has been transferred, with the sanction of the Government, to J. C. Whitty in whose name the Lease will accordingly be prepared.

No. 177.

Whitty J. C. and H., (now J. C. Whitty.)
Name of Run—Lacmalack.
Estimated Area—12,800 Acres.
Estimated Grazing Capabilities—2,500 Sheep.

North the Estate of the late William Shelley, marked line by Commissioner; south Goberagundera River; east the Estate of the late William Shelley and marked lines of Commissioner; west small

range leading from J. Terry's Creek to junction of the Tumut and Goberagundera Rivers.

N. B.—This run has been transferred, with the sanction of the Government, to J. C. Whitty, in whose name the lease will accordingly be prepared.

No. 178.

Whitty J. C. and H. (now J. C. Whitty.)
Name of Run—Billybong.
Estimated Area—62,000 Acres.
Estimated Grazing Capabilities—1,000 Cattle, 6,000 Sheep.

North Mr. M'Lay's sheep stations and a marked line south Ten Mile Creek and high ranges dividing from the Reverend Mr. Therry's run; east Reverend Mr. Therry's run and high ranges; west Mr. Harriott's run and marked line.

N. B.—This run has been transferred, with the sanction of the Government, to J. C. Whitty, in whose names the Lease will accordingly be prepared.

No. 179.

Walker William, and Co.
Name of Run—Kyeamba.
Estimated Area—16,000 Acres.
Estimated Grazing Capabilities—160,000 Sheep.

Commencing on the Kyeamba Creek, at a point formed by the junction of an unnamed Creek with the Kyeamba Creek, situated 11½ miles north-west by north, of the buildings of the head station, and bounded on the north by the said unnamed Creek, bearing east by south to Mate's boundary on the top of the range dividing the waters of the Tarcutta, from those of the Kyeamba, then along that range until due west of the rocky waterhole in Mate's Creek, then by a straight line to that waterhole; then by a line to Hombango old stockyard, then by a line (crossing Hombango at Billy Owen's waterhole,) to the falls of Oburne Creek where Bardwells boundary joins; on the east by dividing ranges of Oburn's Creek occupied by Bardwell and others; on the south by the range dividing the Hombango and the Mannis' waters to a marked tree on the old Mann's road 10¾ miles from the American yard; thence to another tree marked, the main creek as a boundary between this run and Campbell's, 6½ miles from the American yard, then by a straight line to Mitchell's boundary on the marked tree gully, and then to a marked tree on little Billy Bong Creek, 1 mile south of Ford's public house, then round Ford's paddock, and up a dry Creek, which separates this from M'Leay's run; on the west by the dividing ranges of Bourke's Creek to Livingstone's Creek, and down that Creek until past a large hill near Cox's hut, then by way of the Sugar Loaf to a tree marked as a boundary between this and Mr. Peter's run; then to the Kyeamba Creek at about half a mile above Troy's hut; and then down the Kyeamba Creek to a point opposite the commencing point first above mentioned situated 11½ miles north-west by north of the Kyeamba head station buildings.

No. 180.

Walker Wm., and Co.
Name of Run—Jellingroo.
Estimated Area—25,000 Acres.
Estimated Grazing Capabilities—4,000 Sheep.

Commencing on the the left bank of the Murrumbidgee River at the termination of a stoney range, not far from Mr. Hillas' station, called Yabtree,

and bounded on the N. by that river, from the said commencing point upwards to the junction of the Oak creek with the said river; on the east by the said Oak creek from the river upwards, which creek separates this run from Mr. Jenkin's run, called Bangus; on the south by a range running from the head of the Oak creek to Hillas' creek at Sawyer's boundary, then by Hillas' creek down to the spur of a range near to the dirty bedding place; on the west by marked trees up the said spur to the main range, which divides the waters of the creek from those of the river round to the terminating point of the stoney range, abutting on the river Murrumbidgee which formed the commencing corner.

No. 181.

Warton Joseph, (now Wm. Conley.)

Name of Run—Mullinjandray.

Estimated Area—17,360 Acres.

Estimated Grazing Capabilities—640 Cattle, 4,000 Sheep.

Bounded on the east side by Mr. Morris's run, the determined line between these runs are starting from a stockyard known as Fowler's and Dutton's old stockyard bearing east 8 miles, from the same stockyard bearing south for a distance of 3 miles or thereabouts, to the Three mile Creek having as a frontage the Mullinjandray Creek for the whole distance to the Three mile Creek, which is the boundary between the Mullinjandray and Camberona run, being the southern boundary of the former run running through the Wattle Flat and having a frontage of Fowler's Swamp.

N. B.—This run has been transferred, with the sanction of the Government, to Mr. William Conley, in whose name the Lease will accordingly be prepared.

No. 182.

Wilkinson John.

Name of Run—Yellowin.

Estimated Area—25 Square Miles.

Estimated Grazing Capabilities—600 Cattle.

Bounded on the south by the Tumut River; on the north, east, and west by lofty ranges.

No. 183.

West Frank.

Name of Run—Buna buck buck, (Adalong?)

Estimated Area—13,000 Acres.

Estimated Grazing Capabilities—4,500 Sheep.

Buna Buck Buck is bounded on the north by the Mingery range, dividing it from Peter Stuckey's station; on the east by the Messrs. Broughton's station; on the south by a range known as the Wandalgee to the Adalong Creek; and on the west by the Adalong Creek dividing it from David Johnston's Station.

No. 184.

Woore Thomas.

Name of Run—Beewinwira.

Estimated Area—96,000 Acres.

Estimated Grazing Capabilities—3,000 Cattle.

Bounded on the south by the Murray River; on the west by Mr. Hilla's run; on the north undetermined; and on the east by Mr. Hilla's land.

No. 185.

Webb George.

Name of Run—Tidbinbilly.

Estimated Area—25 square miles.

Estimated Grazing Capabilities—800 Cattle.

Bounded on the west by the Tidbinbilly ranges; bounded on the east by Paddy's river; southward by a stream called Gibraltar river; northward by a creek called the Hurdle creek. The occupants of adjacent lands are Mr. Cunningham, Congwarra, Mr. Davis, Barroomba, and Mr. Herbert, Naas creek.

No. 186.

Webb Gabbett.

Name of Run—"Bogalegera."

Estimated Area—600 Acres.

Estimated Grazing Capabilities—70 Cattle, 300 Sheep.

The river Tumut from a paddock fence, (which comes into the river bank, and which fence is there the boundary between my run and Vyner,) to a hut of G. Shelley's, which is close to the river at the other extremity of my run, from said hut a marked tree line made by Mr. Bingham, and which goes from the hut, to a creek, called the Rocky creek; divides my run from Shelley's, from this point on Rocky creek; my boundary line dividing me from Vyner, is as follows, viz.—a marked tree line of Mr. Bingham's across the range to the river flat and terminating there at a marked tree; from this marked tree my boundary from Vyner, is made by my own paddock fencing and terminates at the river at the point where this description commenced.

No. 187.

Wentworth W. C., (now John Black.)

Name of Run—Tala.

Estimated Area—200,000 Acres.

Estimated Grazing Capabilities—1,500 Cattle, and 30,000 Sheep.

Bounded upon the east by a line running south, from the River Murrumbidgee, and commencing from a lagoon called Condoora, about 5 miles above the junction of the Lachlan with the Murrumbidgee, and adjoining a run held by Mr. George Hobler; bounded on the west by a line running south, and commencing at the River Murrumbidgee, from a marked tree about 13 miles from the junction of the Murrumbidgee and Murray, and forming a boundary with Mr. John Scott's run; the river frontage is about 40 miles in length, its general direction being north-east and south-west, and the side lines extend back about 8 miles.

N. B.—This run has been transferred, with the sanction of the Government, to Mr. John Black, in whose name the Lease will accordingly be prepared.

Wright James.
Name of Run—Cuppacumbalong.
Estimated Area—15,000 Acres.
Estimated Grazing Capabilities—1,200 Cattle, or
7,000 Sheep.

Bounded on the east by the river Murrumbidgee, from the Bald Hill Creek to Conlan's Corner for four fifths of the distance the river is inaccessible; upon the north from Mr. M'Quoid's run by a line of marked trees; upon the west from Mr. Davis' run by Paddy's Creek and the north spur of Mount Tenant, from Mr. Herberts run by the south spur of Mount Tenant and for a short distance by Gudgeby Creek; upon the south-east from Mr. Chippendale's run by the Neis Mountains to the Bald Hill Creek, thus almost forming an obtuse angle of which the Murrumbidgee River is the base.

Wall James Egan.
Name of Run—Hanging Rock.
Estimated Area—102,400 Acres.
Estimated Grazing Capabilities—7,000 Sheep.

Open forest land sixteen miles on the Creek known as Bank's Creek, 5 miles on each side of same; of the above 16 miles 9 miles are above (eastward) of the Hanging Rock, and 7 miles below (westward of same.)

SYDNEY: Printed by W. W. DAVIES, at the Government
 Printing Office, Bent-street, September 30, 1848.
