

S U P P L E M E N T  
TO THE  
NEW SOUTH WALES  
GOVERNMENT GAZETTE,

OF FRIDAY, SEPTEMBER 29, 1848.

Published by Authority.

SATURDAY, SEPTEMBER 30, 1848.

*Colonial Secretary's Office,  
Sydney, 30th September, 1848.*

**CLAIMS TO LEASES OF CROWN LAND**

BEYOND THE SETTLED DISTRICTS.

MANEROO DISTRICT.

**H**IS Excellency the GOVERNOR directs it to be notified, for the information of all persons interested, that in pursuance of Her Majesty's Order in Council, of 9th March, 1847, the under-mentioned persons have demanded Leases of the several runs of Crown Land, particularized in connexion with their respective names.

Persons who object to any of these claims, either wholly or in part, should lodge caveats at this Office within two months from the present date, specifying the Lands to which their objections extend, and the grounds on which their objections are based.

It is to be distinctly understood, that the Government does not pledge itself to the issue of a Lease in any case until due enquiry has been made into the validity of the claim, and whether or not it may be necessary to reserve any portion of the Land claimed, for any of the public purposes contemplated in the Order in Council.

*By His Excellency's Command,  
E. DEAS THOMSON.*

No. 1.

Antill Henry Colden.

Name of Run—Tindreys.

Estimated Area—15,360 Acres.

Estimated Grazing Capabilities—500 Cattle, or 4,000 Sheep.

Bounded on the north by the Queanbeyan River; on the west by the County of Murray; on the south by the Tindrey Mountains; and on the east by Mr. John M'Gingan's. The run extends about 6 miles along the Queanbeyan River by about 4; the County of Murray bounds the Tindrey run on the north and west, the Queanbeyan River dividing the north side of the run from the south side of the County of Murray.

No. 2.

Beard and Rolfe.

Name of Run—Iron Mungy.

Estimated Area—84,000 Acres.

Estimated Grazing Capabilities—1,000 Cattle.

The general character of the run applied for is plains and forest, adjoining B. Boyd's station on the north; on the east by B. Boyd's, on the south by part of Dog Kennel run, now in our possession, on the west by Peters, Boyd, and Captain Gorman, and about 25 miles from the Commissioners residence at Cooma.

## No. 3.

Beard and Rolfe.

Name of Run—Dog Kennel.

Estimated Area—12,800 Acres.

Estimated Grazing Capabilities—400 Cattle.

It is bounded partly on the north by Iron Mungy run, on the remainder of the north by Benjamin Boyd's; on the east by Boyd's run; on the south-east by C. Wright's run; on the south by W. Bradley's run; on the south-west by F. Cooper's; and on the west by Boyd's run, and about 25 miles south-west of Cooma, the residence of the Commissioner.

## No. 4.

Boucher John.

Name of Run—Bukalong—(Mount Piper.)

Estimated Area—15,360 Acres.

Estimated Grazing Capabilities—5,400 Sheep.

Bounded on the north by a timbered range about 1 mile in length, which divides the watercourses leading into a watercourse which leads towards Gunningrath, or Mrs. T. Hughes' run; on the east by a line of marked trees at a right angle to above range separating Bukalong from Mount Pleasant, or Mr. Garnock's run, about  $1\frac{1}{2}$  miles in length; then by the skirt of a forest which abuts upon a plain for about a mile; then by a track for about  $1\frac{1}{4}$  miles to the top of the range timbered, which divides the watercourses leading through Tervine or Walter's and Stewart's run, from those which lead into a watercourse which leads into the Bukalong Creek; then by this range for about 4 miles which divides also the watercourses leading through Cotalmyong or Messrs. Matheson, and Co's., run, as well as those of Tervine from the watercourses leading into the Bukalong Creek; on the south by a watercourse leading from the top of the range which forms part of the eastern boundary for about  $1\frac{1}{2}$  miles separating Bukalong from Catalmyong and from Gollice's plain occupied by Mr. Garnock, till it crosses a track which runs through the centre of the run; then by another watercourse, almost in continuation of the last watercourse leading into Bukalong Creek, and separating Bukalong from Gollice's plain in length about half a mile; also by a portion of the Bombalo River for about 1 mile commencing at the point where the Bukalong Creek joins the said river which separates Bukalong from Bombalo or Captain Campbell's run; on the west by an untimbered range which divides the watercourses leading through Gunningrath and Cambalong runs, from those which lead into the Bukalong Creek in length about 4 miles; then by a watercourse about 1 mile in length, and at a right angle to this untimbered range, on its west side leading into a watercourse which leads into the Bombalo River, separating Bukalong from Cambalong or Mr. B. Boyd's run, the watercourse which leads into the river being in length about 4 miles.

## No. 5.

Barrett William.

Name of Run—Bollera.

Estimated Area—6,400 Acres.

Estimated Grazing Capabilities—725 Cattle.

Bounded on the north by Thomas Rourke's station and the Murrumbidgee River; on the south by James Shanley's station; on the west by Mount and Cosgrove's station; on the east by Bradley's station and the Murrumbidgee River.

## No. 6.

Brooks Richard.

Name of Run—Gejizrick.

Estimated Area—38,400 Acres.

Estimated Grazing Capabilities—640 Cattle, 10,000 Sheep.

Bounded on the east by Abram Brierly's run, called Arable; on the west by T. V. Blomfield's run, called Coolamatong; on the north by Wallace and Ryrie's run, called Coolringdon, passing along Spring Creek Range; and on the south by T. V. Blomfield's run aforesaid, and Abram Brierly's run, called Woolway.

N.B.—A detached sheep station called Rocky Plain is included in the above description.

## No. 7.

Brooks Richards.

Name of Run—Jindabine.

Estimated Area—22,400 Acres.

Estimated Grazing Capabilities—1,000 Cattle.

Bounded on the east at Taylor's Range, by E. S. Hall's run, called Cobban; on the west by a branch of the Snowy River; on the north by the Snowy River; and on the south by Pendergast and E. S. Hall's runs.

## No. 8.

Blomfield Thomas Valentine.

Name of Run—Coolamatong.

Estimated Area—35,000 Acres.

Estimated Grazing Capabilities—10,000 Sheep.

Bounded on the west by a high range bearing about south 5 miles to the Snowy River, separating this run from that of Mr. Cassel's, on the same side of the Snowy River as far as the Long Point, about 4 miles; on the north by a creek adjoining M. Cassel's run, bearing about north-east, and by a range on the same side separating this from Mr. Brook's run, about 4 miles; on the east by a line by Mr. Brook's Hill, bearing about south-east to Livingstone's Bald Hill, from thence on the same side by a line bearing about south to, and including the spring at Mick the blacksmith's, from thence by a line bearing about south by west, skirting a marked point of forest, to the Middle Creek, from thence by and including Middle Creek as far as Dairy Creek, from thence a line through a high range bearing about south-east to a marked line bearing about south to a marked tree. The above lines, about 8 miles in length, and separating this run from those of Messrs. Brook's and Brierly; on the south by a line bearing about south-west to the Snowy River, at the Long Point, and adjoining the run of M. Eccleston, this line about  $1\frac{1}{2}$  miles.

## No. 9.

Badgery Henry.

Name of Run—M'Leay's Flat.

Estimated Area—16,000 Acres.

Estimated Grazing Capabilities—500 Cattle, 3,000 Sheep.

M'Leay's Flat situate on a branch of the Bumbarla River; bounded on the west by the late J. Martin's run; on the south by William Hibburd's run; on the east by brush and gullies; on the north by Conland's station.

## No. 10.

Badgery Henry.  
Name of Run—Dry River.  
Estimated Area—16,000 Acres.  
Estimated Grazing Capabilities—200 Cattle,  
1,300 Sheep.

Dry River. Bounded on the south by Brogo River; on the west by a range of mountains; on the north by Tarlington run; on the east by the coast range.

## No. 11.

Bell David.  
Name of Run—Spring Flat.  
Estimated Area—10,240 Acres.  
Estimated Grazing Capabilities—480 Cattle.

Commencing on the River M'Laughlan and runs by a marked tree line, south-east to the top of the range, thence along the top of the range east to a track running south, dividing from Bowman; thence along the aforesaid track about 200 yards; and from thence by a line on the table land, south-west to the head of a gully running into the M'Laughlan; from the head of that gully by a line running north-west to the Green Gully; thence by the Green Gully into the M'Laughlan, from Boyd, and by the M'Laughlan from Bowman to the marked tree line first-mentioned. Country, — open forest, hilly, whinstone ranges.

## No. 12.

Binnie James.  
Name of Run—Burangandra.  
Estimated Area—4 Miles Square.  
Estimated Grazing Capabilities—189 Cattle, 8 Horses, and 2,400 Sheep.

North by the River Numeralia; west, Thom Grogan Creek; south, head of Thom Grogan Creek, by Mr. Stanton Nimity Bell's paddock, and Mr. Scot's station, to the Punch Bowl Creek head; east to the Numeralia River by Punch Bowl Creek. I consider, in drooping seasons, the run will keep about 3,000 sheep, not exceeding, one large third waste land, covered with rocks, crags, steep banks, and dense scrubs of peppermint; the other part of the run, in some places, thin stunted pasture soil, sandy loam, forest of scrubby trees, fast good loam, and black soil, good pasture land; from its great height, climate variable, and great extremes, no dependence on any crops; ironstone is in great abundance, granite and mica slate, the height is from 4 to 5,000 feet.

## No. 13.

Boyd Benjamin.  
Name of Run—Cudgee.  
Estimated Area—50,000 Acres.  
Estimated Grazing Capabilities—600 Cattle.

Cudgee run extends 14 miles up the Cudgee River, from the hut, and 7 miles down the river to the long flat, which divides the boundary between it, Uraabandella station.

## No. 14.

Boyd Benjamin.  
Name of Run—Mafra.  
Estimated Area—35,000 Acres.  
Estimated Grazing Capabilities—5,000 Sheep.

Is bounded on the west, commencing at the range back of Woolshed, by a line running north

2 miles (leaving the road 100 yards to the right) dividing Mr. Thomson's cattle station to the Bowbundera Creek; north by the lower Dog Kennel Creek, taking the fall of water into the Creek, dividing Mr. Charles Wright's station, to a dry creek 200 yards below Joseph Rolfe's cattle station hut, continuing up the creek in a southerly direction to a single tree, leaving the square range on the right, to a deep lake, crossing the lake in an easterly direction to the rock flat road; east, commencing at the road, by a line running south-west 3 miles, leaving a conical hill on the right hand, to some trees on the road to the M'Laughlin River, dividing Mr. Joseph Rolfe's station, continuing in west south-west direction, leaving a timbered range on the right, to Reece's station south; thence in a straight line to a clump of trees below the old paddock, in the direction of the Snowy River, continuing down a dry creek, dividing Mr. Timothy Beard's station, to the edge of the forest, skirting the forest in a westerly direction to the Pine Range Creek, following the Creek to the Snowy River, continuing up the Snowy River to Canoe Creek; west by the Canoe Creek, running in a northerly direction to a black lake, dividing Ecclestone's station; thence to some scattered gum trees west of Woolway range; thence in a south-easterly direction along the top of the range north of the Pipeclay Creek, dividing Mr. Charles Rootsay's station to the Boobundera Creek, crossing the creek, leaving the road to Mafra on the right about a quarter of a mile to the range back of the Woolshed, dividing Mr. Thomson's cattle station. Hill station is bounded on the north by Mr. Pendergrast's station, commencing at Reece's old sheep station hut, by a line running to the edge of the Black Lake; thence down the Rocky Waterhole Creek, leaving the rocky range on the left to a cattle

down the  
in an east south-east direction to the road, dividing Mr. Charles Rootsay's station, down the road to some springs, leaving Mr. Charles Wright's paddock on the right; thence in a straight line to a conical hill, below the old Hill station hut, and continuing up the Creek past the old hut in a northerly direction to the timber; thence to Reece's old hut. Bayliss station is bounded on the west by the Snowy River, commencing at the Deep Creek above the old horse paddock, to a range 1 mile below the lower sheep station hut; north by the Deep Creek, dividing Mr. Timothy Beard's leaving his sheep station on the left, to some scattered timber on the high plain between Mr. Joseph Peter's station; east from the scattered timber down the Green Lake; thence along the top of the range in the direction of the lower sheep station to the Snowy River.

## No. 15.

Boyd Benjamin.  
Name of Run—Moyallon Downs or Mamjellack.  
Estimated Area—20,000 Acres.  
Estimated Grazing Capabilities—1,200 Cattle.

Moyallon Downs or Mamjellack is bounded on the east by a line north, commencing at a knowl at the junction of Bibbenluke and Garnock's boundary, running along a range leaving the fall of water on the east to Bibbenluke, continuing on to the top of Ando height, leaving

Jones' station on the east, thence down a spur of the range in a westerly direction, crossing the Native Dog Creek up to a tree branded with a cattle brand Boyd, from thence down the creek on the south side of the Telegraph Hill to the highest point of the timbered range, immediately above Jincumbilly stockyards, from thence west to some scrubby gum trees continuing to a dry lake, this forms the boundary between Mr. Cooper's station; west by a line south skirting Burn's lakes to a timbered range south of the road, boundary between Jennong; south by a line east along said range to a single tree on the hill, (back of Wangillock old hut,) passing to the south of a little knowl where there is a grove, continuing in a direct line across Mr. Cooper's Creek, then over a range through some white flinty rocks, continuing on to a range north of Waterloo sheep stations, taking all the fall of water (belonging to Wargillick,) continuing to the knowl at the junction of Bibbenluke and Jennong boundary, this last line forms the boundary between Mr. J. T. Hughes' station.

## No. 16.

Boyd Benjamin.

Name of Runs—Bibbenluke, &amp;c.

Estimated Area—76,000 Acres:

Estimated Grazing Capabilities—2,000 Cattle.

Bibbenluke is bounded on the east by the river 5 miles to a creek a little above Hawkins' old hut on the opposite side; on the north by the same creek, running over a slack or gap in a direct line to Bommamba Creek, and leaving the Old Dairy on the right hand, following up the leading creek to the little plain (adjoining Jones' run, where there is a marked tree line between the two springs on the little plain, running up to Ando height, on the north-west by Wangellack from the point of the head of the little plain by Jones' boundary) across in a direct line to a little height or knowl on Garnock's boundary, this is the end of Wangellack boundary on the east side, from thence in a south-west direction along a range which takes the fall of water to the river leaving the fall on the opposite side to Garnock's, then bearing to the west until it comes to the head of the Washing Pen Creek, leading down the creek until within half a mile of the river, then crossing the point from a marked tree in an easterly direction to the river. Boggy Creek, north-east by the Boggy Creek; north-west the second ranges starting from the creek three quarters of a mile below the hut, running up that range between it and little plain, continuing on the top of that range until it comes to the road, following the road to the Chain of Ponds' Creek, then up the creek to the top of (——?) range, continuing on that range, all the fall of water towards the bog belonging to this station. Bendock, west by the Bendock River, south by the Little River. Kirkenor, north by a creek down close to the hut from Delegate hill to the river, this forms the boundary between Delegate station; west by the Delegate River; south all the fall of water towards the Delegate River.

## No. 17.

Boyd Benjamin.

Name of Run—Suggan Buggun.

Estimated Area—50,000 Acres.

Estimated Grazing Capabilities—700 Cattle.

North-west, Omeo ranges; south, Black mountain; east, the ranges towards the Snow mountains.

## No. 18.

Boyd Benjamin.

Name of Run—Wog-Wog.

Estimated Area—20,000 Acres.

Estimated Grazing Capabilities—600 Cattle.

South by a line north-west, commencing at the peak to the M'Laughlan run, crossing the run up the one tree hill, continuing along the top of the ridge to Sherwin's range; west by a line running north-east 4 miles along the top of Sherwin's range, taking the fall of water towards the M'Laughlan as Wog-Wog run, and the fall of waters towards the Snowy River or Mr. T. Barret's to a spur of the range leading in a southerly direction to the river crossing the river, continuing up Garland's gully to a marked tree of Mr. Bell's boundary, thence in a south-west direction down a creek to the peak, this forms the Mr. Cooper's boundary.

## No. 19.

Boyd Benjamin.

Name of Run—Boco Rock.

Estimated Area—25,000 Acres.

Estimated Grazing Capabilities—800 Cattle.

East by a line north, commencing at the marked tree of Mr. Bell's boundary to the green gully down the green gully to the M'Laughlan River, crossing the river and continuing up the leading range to a small creek bearing south-west of Mr. Francis Cooper's station; north down the creek to Boco Creek, crossing Boco Creek continuing up a creek, leaving an old hut on the right to a conical hill on Sherwin's range; west following on the top of Sherwin's range takes all the fall of water to the M'Laughlan run the fall of water on the east side of range belongs to Joseph Rolfe, to a spur dividing Wog-Wog station down the spur in an easterly direction to Garland's Gully, continuing up Garland's Gully to the marked tree of Mr. Bell's boundary.

## No. 20.

Boyd Benjamin.

Names of Runs—Cambalong, &amp;c.

Estimated Area—60,000 Acres.

Estimated Grazing Capabilities—1,200 Cattle.

North by a line east, commencing on small range at the back of Cambalong house, crossing Mount Cooper creek to a spring, thence along the centre of the high ground between J. T. Hughes' station on a few scattered trees of Mr. Boucher's boundary, thence east in a southerly direction to a stony creek, following the creek to the bedding ground; this is the boundary between Mr. Boucher; south by a line from top of a range south of the bedding ground continuing in a straight line bearing west to the Slaughter House Creek; west, the fall of water into the Slaughter House Creek, thence up the creek to the Splitting Gully, from thence in an easterly direction to the range at the back of Cambalong house.

**Quin Burra.**—West by the Little River; east, Nicholson's Bog, running north and south, distance 8 miles.

**Snowy River.**—North by Mr. A. Brierly's station, commencing from an old sheep station hut of Blackburn, following the creek to Snowy River; west by a timbered range, known as the Merrymumble Hills, taking half the forest land between Smithhall springs and Mr. Gorman's station; south to a creek, thence in an easterly direction to the Stony Creek, dividing Mr. Joseph Rolfe's station, following the Creek to the Snowy River, east by the Snowy River, extending 4 miles to Blackburn's Creek

## No. 21.

Boyd Benjamin.

Name of Run—Gennong.

Estimated Area—20,000 Acres.

Estimated Grazing Capabilities—4,000 Sheep.

North by a line running north-east 3 miles on the top of Sherwin's Range to spur leading in an easterly direction to the One Tree Hill, continuing down to the river, crossing the river in a straight line to the Peak, continuing up the Peak Creek to the dry lake of Warrellick and Mr. Cooper's boundary; south by a line running west to a dry lake near the Combalong road, crossing the road to a high timbered range, thence in a north-west direction to the McLaughlan River, this forms the boundary between J. T. Hughes' station, crossing the river, and continuing up the centre of the Pipeclay Hill between Joseph Peters' boundary to the top of Sherwin's Range; east by a line south 3 miles, commencing in a dry lake at the junction of Mr. Cooper's and Warryellick boundary, continuing along the eastern edge of Buris Lakes to a timbered range south of the road to Warryellick.

## No. 22.

Boyd Benjamin.

Name of Run—Matong.

Estimated Area—32,000 Acres.

Estimated Grazing Capabilities—5,000 Sheep.

North boundary between Numba run and Mr. Gorman, a line running from a single tree south of the Black Lake in an easterly direction, taking the fall of water towards Matong to the Stony Creek, thence in a straight line to the Meadow Flat following the Meadow Creek to its junction with the Snowy River; this forms the boundary between Joseph Rolfe; east, Snowy River; south, boundary between Amos Coult's, the Long Flat Creek from its junction with the Snowy River to a timbered range in the Creek of Curlewis' old station to the Sheep Station Creek, from thence in a westerly direction to the Snowy River.

## No. 23.

Boyd Benjamin.

Name of Run—Bondi.

Estimated Area—50,000 Acres.

Estimated Grazing Capabilities—6,000 Sheep.

North by mountain range, dividing Mr. Chas. Throsby's run; south, Black Mountain, or Coorambocombala; east, White Rock Mountain, thence to the top of Manguatta Mountain, taking all the fall of water towards the Bondi River; west, Coombaroongar range, running north and south, taking the fall of water eastward to the Bondi River.

No. 112, 30TH SEPTEMBER, 1848.—2.

## No. 24.

Burcher Stephen.

Name of Run—Bridbow.

Estimated Area—15,360 Acres.

Estimated Grazing Capabilities—500 Cattle.

Bounded on the west by Mrs. Harnett's run, from west to north by the Bradbow River, which divides it from Mrs. Harnett's run, until it reaches the junction with Coura Creek, which forms the boundary on the east, dividing the run from the station of Mr. Davidson, called Good-good, an imaginary line, running south, then divides the run from Mr. P. Clifford's, on the Eumaralla River, understood to be about 6 miles from my station or residence, the same line is then continued, until it meets Mrs. Harnett's, to the westward, there being no geographical features to describe it otherwise on the south-east and south-west forming any division between Mr. Clifford and Mrs. Harnett.

## No. 25.

Bradley William.

Name of Run—Dangelong.

Estimated Area—15,000 Acres.

Estimated Grazing Capabilities—4,000 Sheep.

From the Peak, at back of George's paddock, the corner of Rock Flat run, to Archway Trees in Tom Groggin Creek,  $1\frac{1}{2}$  miles north-east by east—Driscoll, neighbour; from Archway Trees, in Tom Groggin Creek, to Tom Groggin Sheep Station 2 miles north-east half north, thence down the Googe into the Umarella River  $\frac{3}{4}$  miles north-east  $\frac{1}{4}$  north—Dr. Binnie, neighbour; from the junction of Tom Groggin Creek with the Umarella River, following the windings of the river to the corner of Moore's boundary  $6\frac{1}{2}$  miles—N. by W. Kelly and Moore, neighbours; from Moore's corner pin to top of Baxter's Gully Range  $1\frac{1}{2}$  west  $\frac{1}{4}$  south, thence through Single Tree to Bradley's and Moore's dividing gully, on the plain  $2\frac{1}{2}$  miles south-west, thence to Rock Flat Creek, 1 mile west by north  $\frac{1}{2}$  north—Moore, neighbour; from junction of Moore's and Bradley's dividing gully with Rock Flat Creek, up Rock Flat Creek to centre of Long Waterhole  $\frac{1}{4}$  mile south south-east—Kirwan, neighbour; from centre of Long Waterhole to peak at back of George's Paddock  $8\frac{3}{4}$  miles south south-east  $\frac{1}{2}$  east own Rock Flat run outside.

## No. 26.

Bradley William.

Name of Run—Cooma, &c.

Estimated Area—19,000 Acres.

Estimated Grazing Capabilities—640 Cattle,  
4,000 Sheep.

From Sandy Creek in Cooma Creek to Black Springs,  $3\frac{1}{2}$  miles east south-east, thence to within one quarter of a mile of the junction of Cooma and Rock Flat Roads,  $3\frac{1}{2}$  miles south by east—Kirwan, neighbour; from junction of Cooma and Rock Flat Roads to the top of Bald Peak, 2 miles, south by west half west—Rock Flat run the other side; from top of Bald Peak to head of Sparkes' sheep station creek, 2 miles north-west by west half west; thence to Sparkes' sheep station hut  $1\frac{1}{2}$  mile north by west; thence to Cooma Creek, at junction of sheep station, half a mile, south-west by west half west; thence down Cooma Creek, north-west half west, one

quarter of a mile; thence to the rocks on the upper part of Cooma forest  $1\frac{3}{4}$  miles west—Turner neighbour; from the rocks on the upper part of Cooma forest to a marked tree on the edge of Cooma forest,  $1\frac{3}{4}$  miles, north half east; thence to a clump of trees on Little Plain half a mile, north north-west half west; thence to a rock wall in Back Creek, half a mile, north-west by north; thence down Back Creek  $1\frac{1}{4}$  miles, north-east half east—Dawson, neighbour; from Back Creek over Pine Range to Sandy Creek in Cooma Creek,  $1\frac{1}{2}$  miles, north-east by east—Kirwan, neighbour.

Mettagong or Brigery, being a detached portion of the Cooma run. Junction of Snakes' Valley, up the same to the top of Pine range at the back of Kirwan's house, south-east half south, about  $2\frac{1}{4}$  miles; thence to junction of Deep Valley with Kirwan's Creek, keeping the Falls to the right, north-east 1 mile; thence to Gum-tree Creek in Kirwan's Creek, one-eighth of a mile north north-west; thence over the range passing over the boundary stone to a boundary bush on Flintstone range, 3 miles east by south; thence to rocks on ditto, one quarter of a mile, north by east three quarters east; thence through two trees over Rock Flat Road, to water-course near Black Rock, 1 mile, east  $\frac{3}{4}$  north—Kirwan, neighbour; from watercourse near Black Rock, down Middle Flat to Round Hill, east side of watercourse  $1\frac{1}{2}$  mile, north  $\frac{1}{2}$  west; thence to white patch 1 mile north-west by north; thence being in a line with Harnett's Peak, and the top of Wallaby Range, to the top of Wallaby Range  $3\frac{1}{2}$  miles west—Harnett, neighbour; from the top of Wallaby Range to the junction of Deep Creek, dividing York and Bradley with the Murrumbidgee River, 2 miles north-west by west  $\frac{3}{4}$  west—York, neighbour.

## No. 27.

Bradley William.  
Name of Run—Myalla.  
Estimated Area—42,000 Acres.  
Estimated Grazing Capabilities—10,000 Sheep.

From north Brother to clump of rocks near Dawson's one tree hill,  $2\frac{1}{2}$  miles west by north—Dawson, neighbour; from clump of rocks near Dawson's one tree hill to dry lagoon  $2\frac{3}{4}$  miles south-east by south; thence to foot of Bald hill, near the southern Brother,  $1\frac{1}{4}$  mile east by south half south; thence round the point of an intervening range; up the flats and over the range, to the Mount Pleasant road,  $3\frac{1}{2}$  miles, south by east; thence near a dry lake to leaning tree on top of range, near Brierly's hut, 1 mile, south-west by west three quarters west; thence to top of Wright's range, keeping the top of the ranges on the right, 3 miles, south-west half south—Brierly, neighbour; from top of Wright's range down into Mount Pleasant's Creek; thence down the creek to the junction of Mount Pleasant and Myalla Creeks 3 miles, south south-west; thence up Myalla Creek to first gully, one quarter of a mile, east by south; thence to rocky point, one quarter of a mile, south by east three-quarters east; thence to Bald Hill, one quarter of a mile, east; thence to west point of range south of Myalla Creek, one quarter of a mile, north-east three-quarters east; thence to east end of same range, one quarter of a mile, east by north; thence to

white patch in Sherwin's Creek, half a mile, east half south; thence to a single tree on dividing range between Wright and M'Laughlan's Flats,  $1\frac{3}{4}$  mile, south-east half south, Wright, neighbour; from single tree on dividing range between Wright and M'Laughlan's Flats, marked W B, to upper Dogkennel Creek, opposite Rolfe's sheep station hut,  $2\frac{1}{2}$  miles, south by east half east, extending to the summit of the ranges on the right—Wright or Boyd, neighbour; from opposite Rolfe's sheep station hut, up Dogkennel Creek, to the head of ditto, at a dry lagoon on M'Laughlan's road,  $3\frac{3}{4}$  miles, east three-quarters south—Rolfe and Boyd, neighbours; from dry lagoon on M'Laughlan's Road, at the head of upper Dogkennel Creek, to Cooper's dry lagoon, 2 miles, north north-east—Boyd and Cooper, neighbours; from Cooper's dry lagoon to gully south-east of Bald Hill,  $1\frac{1}{4}$  mile, north north-west—Cooper, neighbour; from gully south-east of Bald Hill to two hickory trees,  $1\frac{1}{2}$  mile, north north-east—Badgery, neighbour; from two hickory trees to BY double-forked tree, on the south side of Jenny Brother,  $2\frac{1}{2}$  miles, north north-west half west—Malady and Badgery, neighbours; from BY forked tree on the south side of Jenny Brother to Peak Gap,  $1\frac{3}{4}$  miles, north north-east—Malady, neighbour; from Peak Gap to Hickory, on Table Land Point, 2 miles, north north-east; thence to Crow's-nest tree, near Bald Hill, 3 miles, north north-west half west—own run both sides; from Crow's-nest tree, near Bald Hill, to top of the southern Brother, 2 miles, west by south three-quarters south—Bradley and Turner, neighbours; from south Brother to north Brother,  $4\frac{1}{2}$  miles, north-west half north, keeping the summits of the ranges on the right, and passing over the middle Brother—Turner, neighbour.

## No. 28.

Bradley William.  
Name of Run—Upper Rock Flat.  
Estimated Area—25,000 Acres.  
Estimated Grazing Capabilities—4,000 Sheep.

From Peak Gap to one tree hill, keeping the tops of the ranges about a mile in on the right,  $4\frac{1}{4}$  miles, east  $\frac{1}{2}$  south—Malady and Badgery, neighbours; from one tree hill to the point of Driscoll's dividing range, 1 mile, east by south  $\frac{1}{4}$  south—Driscoll or Badgery, neighbours; from point of Driscoll's dividing range, at WB tree, to peak at back of George's paddock, 3 miles, north-east  $\frac{1}{4}$  north—Driscoll, neighbour; from peak at back of George's paddock to centre of Rock Flat long waterhole,  $8\frac{3}{4}$  miles, north north-west  $\frac{1}{2}$  west—own run (Dangclong) the other side; from centre of Rock Flat long waterhole to Rock Flat road, near its junction with the Cooma road,  $1\frac{1}{2}$  mile, south-west by west; thence to junction of Cooma and Rock Flat roads, one-eighth of a mile, north by west  $\frac{1}{4}$  west—Kirwan, neighbour; from junction of Cooma and Rock Flat roads to top of Bald Peak, 2 miles, south by west  $\frac{1}{2}$  west—own run the other side; from Bald Peak to Crow's-nest tree, keeping the Falls on the right,  $2\frac{1}{2}$  miles, south south-west—Turner, neighbour; from Crow's-nest tree to hickory tree on Table Land Point, 3 miles, south south-east; thence to Peak Gap, 2 miles, south south-west—own Myalla run outside.

## No. 29.

**Bradley William.**  
Name of Run—Lower Rock Flat.  
Estimated Area—2,200 Acres.  
Estimated Grazing Capabilities—400 Sheep.  
From the Rock on Rock Flat, 1 mile in every direction,

N. B.—This was originally sold for the use of an Inn; the Inn is now down, and the land again added to the Rock Flat run, to which it originally belonged.

## No. 30.

**Brierly Abram.**  
Name of Run—Arable.  
Estimated Area—30,000 Acres.  
Estimated Grazing Capabilities—4,000 Cattle, 8,000 Sheep.

Bounded on the north by a creek on the south side of the Brothers, which divides this run from Bradley's run, Myalla, and by Dawson's run, Jil-lamatong; on the west by Wallace and Rylie's run, Coolringdong; on the south by Brooks' run, Jezigrich, and my own run, Woolway; and on the east by Bradley's run at Mount Pleasant Creek and by Prendergast run, Cottage Creek.

## No. 31.

**Brierly Abram.**  
Name of Run—Murraumbra.  
Estimated Area—20,000 Acres.  
Estimated Grazing Capabilities—1,500 Cattle.

Bounded on the north by the Snowy River; on the south by the Sawpit Range; on the east by Gorman's run, Mumbra, at Gallows Creek, and by Boyd's run along the road commencing at Hickey's crossing place to an old sheep hut, and from thence to the top of Lanking's Range, following the range till we join Gorman's run; and on the west by Kairles run called Boloco.

## No. 32.

**Brierley Abram.**  
Name of Run—Woolway.  
Estimated Area—12,000 Acres.  
Estimated Grazing Capabilities—300 Cattle, 3,000 Sheep.

Bounded on the north by a creek and range which divides this run from Pendergast's run, called Cottage Creek and by my own run called Arable; on the west by the said Arable run, and by Bloomfield's run called Collerematong; on the south by the said Collerematong run; and on the east by the Woolway Range.

## No. 33.

**Brown George.**  
Name of Run—Kydra, (Green Gulley.)  
Estimated Area—26,880 Acres.  
Estimated Grazing Capabilities—700 Cattle.

Bounded on the east by the station of Charles Throsby, Esq., divided by the Kybean River; this line runs about south from the Yumanalla Ranges to the Gap Ranges, say about 7 miles; on the south by the Gap Ranges, Clifford's Creek station, which is divided by Bauldpoint Creek, and also bounded by other land; this line runs about west from the Gap Ranges to the head of the Green Gully, say about 6 miles; on the west by Scott's station, divided by Punchbowl Creek, running about north from the head of the Green Gully, to the conjunction of the Punch-

bowl Creek with Cooper's Creek for about 7 miles; on the north by Doctor Binnie's station divided by Cooper's Creek, running about east from the conjunction of the Punchbowl Creek to the Kydray River for about 2 miles, and by a line from the Kydra River to the Kybreen River, for about 4 miles, bounded by the Youmarralla Ranges.

## No. 34.

**Bull Joseph.**  
Name of Run—Anembo, Upper Jingereé.  
Estimated Area—5,000 Acres.  
Estimated Grazing Capabilities—200 Cattle, 5,000 Sheep.

Granite soil, part scrubby, mountainous, and unavailable, the remainder forest land, watered by the head of the Qucanbeyan River and Springs, and part of the Ningcabella River; bounded on the east by the Bellallalby Mountains; north-east by James Sherlock's station, and John Hunt; north by John M'Guigan; west by Mr. Glass; south-west by William Cooper.

## No. 35.

**Bowman William, per J. Bowman.**  
Name of Run—Mohawk.  
Estimated Area—4,000 Acres.  
Estimated Grazing Capabilities—400 Cattle, 2,000 Sheep.

Bounded on the westerly side by the Native Dog Creek, which separates it from Dr. Robertson's run; northerly by the Poor Man's Corner Creek, separating the run from M'Donald and Thornton's runs; easterly by Mickey Heroun's Creek, separating it from Bell's run; south by M'Donald's Creek, separating it from M'Donald's run—all said four creeks empty themselves into the M'Laughlin River, which crosses this run from east to west, dividing it into two parts.

## No. 36.

**Campbell Robert, Estate of, now A. Jeffreys.**  
Name of Run—Mount Cooper.  
Estimated Area—21,000 Acres.  
Estimated Grazing Capabilities—7,000 Sheep.

Take departure from Mount Cooper north-west about 3 miles in a direct line to a tree marked D on Bryant's Range, passing Bryant's old hut, follow down a creek running west by south and gradually veering round west south-west for three-quarters of a mile, creek then bends away south-west by south  $2\frac{1}{2}$  miles to the foot of Sherdan's Peak; from Sherdan's Peak follow a creek which winds away south-east by east and east south-east about 2 miles to some table land, then crossing the most eastern of Burn's Lakes, ascend a dividing range, and having crossed it at a point marked by some stones and old sticks, descend about south-east by east and follow the dry bed of a creek which leads down to a chain of ponds, then following a cattle track bend away round the south-east side of Telegraph Hill (bearing from Mount Cooper south-east about  $2\frac{1}{2}$  miles); follow on the range for about half a mile to where a cattle track makes a sudden descent to the Native Dog Flat—this point is the boundary between Boyd and Rankins (as far as this point from marked tree on Bryant's Range, Mr. Boyd forms boundary); follow round dividing

range of Native Dog Flat, which runs in a north-north-easterly direction until it is intersected by a deep creek, which forms the boundary between Rankin and Hosking; follow down another creek into the River M'Lachlan, follow the windings of the river to the westward (Brown occupies northern side) until a point is reached from which a line of marked trees running north and south will reach the top of a low range, then turning about south-west will lead into the high road at a point where stands a tree marked I H; from marked tree follow on about west by north  $1\frac{1}{2}$  mile to a creek which springs from top of some table land and runs north and south into the M'Lachlan River—(from the marked tree on M'Lachlan River to this creek, Dr. Robertson forms boundary); follow round the ridge, which assumes the form of a horse shoe, about quarter of a mile which will lead to another creek running about east and west into the M'Lachlan River—between these two last mentioned creeks Bowman forms boundary; from the last mentioned creek follow in the direction about west south-west for 2 miles to Mickey Herring's Peak, rounding which, on the north-west side, follow a south-west direction about  $1\frac{1}{2}$  mile to the marked tree on Bryant's Range, from whence this description commences; from the last named creek to tree on Bryant's Range Bell forms boundary.

*N. B.—This run has been transferred, with the sanction of the Government, to Arthur Jeffreys, in whose name the Lease will accordingly be prepared.*

#### No. 37.

Campbell Robert, Estate of, now S. J. Campbell.  
Name of Run—Deligate.  
Estimated Area—38,400 Acres.  
Estimated Grazing Capabilities—1,400 Cattle, or 10,000 Sheep.

The portion of the run extending to the westward for a distance of about 7 miles with a frontage of the Deligate River, bounded on the west by the creek passing Mr. Boyd's, (cattle station hut known as Kirkanong,) and bounds to the southward the station next described. The portion of the run to the southward and south-west extends to the bottom of Deligate hill on the eastward side, and on the westward side to the Bendoek River at the bottom of the hill, this said portion of the run as a frontage of a creek named the Boggy Creek, about 6 miles long, and is bounded on the west by scrubby ranges; and on the east by Mr. Simpson's run, boundary line about half a mile from his hut, commencing from the Boggy Creek, and running in a direct line to the bottom of Deligate hill on the eastward side, and bounded on the southward by Deligate hill and Bendoek River. The portion of the run extends to the top of a high range about 6 miles off which runs nearly north and south, bounded on the top (on the eastward side by Messrs. Nicholson and Lawson, bounded on the south side by Messrs. Hensleigh and Simpson, by marked tree lines from the top of the high range to the Boggy Creek within half a mile on the north side of Mr. Simpson's hut, bounded on the north-east side by Mr. Marsden's boundary line marked trees from the top of the range joining Mr. Nicholson to the deep creek entering the Deligate River,

this said portion has a frontage of four half miles of the Deligate River. The portion of the run towards the north has a frontage of 7 miles of the Deligate River, and bounded on the north-east side by Mr. Matheson's run, boundary line a deep creek (from the top of a high range running nearly east and west) to the Deligate River, about 2 miles from the sheep station hut, bounded on the north by Mr. Whittaker's run, boundary line, the top of the Tong Bong ranges, bounded on the westward side by Mr. Alexander Ross, boundary line, where two creeks join about half a mile above the sheep station hut on the Corro-waong road, and extends along the righthand creek to the first gully branching off to the Tong Bong ranges, and to the south-west from the junction of the two creeks along the west side of the big-round hill to the lagoon on the Deligate River.

*N. B.—This run has been transferred, with the sanction of the Government, to Miss S. J. Campbell, in whose name the Lease will accordingly be prepared.*

#### No. 38.

Crisp Amos, junior.  
Name of Run—Jimen Buen.  
Estimated Area—30,720 Acres.  
Estimated Grazing Capabilities—1,500 Cattle.

Jimen Buen is a plain surrounded by a forest, is hilly, of a sandy nature, bounded on the north by Boyd; on the east, south, and west by the Snowy River.

#### No. 39.

Clifford Patrick.  
Name of Run—Nudrum Nadran or Rose Valley.  
Estimated Area—20,000 Acres.  
Estimated Grazing Capabilities—800 Cattle, or 5,000 Sheep.

Bounded on the east by D. Lucy, Numeralla River, by a line bearing from Moran's grave to the south-east point of black range; on the south by Mr. L. Harnett, Rosebrook, by a line west from the black range over the top of bald hill to the top of Dr. Reid's peak, thence by a line over the top of Dutton's gap to the Numeralla River, thence along the river to York's waterhole; on the west by Mr. Cosgrove's station, Belly lingra, by a line from York's waterhole along the top of the bald ridge to the junction of the Bredbo road and the dry creek, thence along the road to the top of the bald hill leading to Bredbo River; on the north-west by Mr. Burcham, Bredbo, by a line from the last named bald hill to Macknally's old saw pit, thence north-east to Macknally's flats; on the north by Thomas Kelly, Cowra, from thence by a line bearing due east by the creek at the back of George King's hut to the Numeralla River.

#### No. 40.

Clifford Patrick.  
Name of Run—Greenland.  
Estimated Area—15,000 Acres.  
Estimated Grazing Capabilities—600 Cattle.

Bounded on the east by the Nimithybell mountain; on the south and south-west by Gilbert Warren's station, thence south-west by the river to Mr. Joseph Ward's paddock fence; on the north-west by Joseph Ward's station; and on the north by Mr. Throsby's station known as Kyebeyan.

## No. 41.

Campbell Ronald.

Name of Run—Bombalo.

Estimated Area—16,000 Acres.

Estimated Grazing Capabilities—400 Cattle, 7,000 Sheep.

Divided from Cambalon, Mr. B. Boyd's station; on the north by a creek called the Needles, running east and west, divided from Maharatta (Mr. Throsby's station); on the south-east by a lagoon and gully running east to the Bombalo River, and west to a deep gully, which divides it from Lewes, W. Matheson's station, on the west; on the south, divided from Lewes, by the Deligate road running north and south to a range which divides it from the Little Plain run, belonging to Mr. J. Nicholson, divided on the west from Tombong, Mr. W. Whittaker's station by a deep gully running north and south to the Deligate River.

## No. 42.

Coghill John.

Name of Run—Jinden.

Estimated Area—15,360 Acres.

Estimated Grazing Capabilities—600 Cattle.

Commencing at the junction of a blind creek, called the Waddle Creek, with the Jinden or Tabbut Creek, bearing south-east; thence by a line also running south-east to the foot of the Eurambine Mountain, this line divides it from the Wamba Guggarum in the occupation of Hugh Gordon, Esq.; on the south-west by part of the Eurambine Mountain, and the Big Badga Mountain; and on the north-west by the Jinden or Talbut Creek aforesaid.

## No. 43.

Crooke Edward.

Name of Run—Hinno Mongy.

Estimated Area—36,000 Acres.

Estimated Grazing Capabilities—2,000 Cattle, or 12,000 Sheep.

Situated on the Mitta Mitta,  $1\frac{1}{4}$  miles below the junction of the Livingstone or Little River, extending in a southerly direction from Mr. M'Farlane's watering place on the Mitta Mitta, about 2 miles below this place for about 17 miles up the Livingstone, and comprising all pasturing ground thereon; bounded on the north by Mr. M'Farlane's watering creek, on the Mitta Mitta, which is common to both runs; and thence by a line extending across the river to the ranges, length about  $1\frac{1}{4}$  miles, direction east and west; on the south by the head of the Livingstone and by the termination of the available country; on the east by Mr. M'Farlane's runs; north-east by Omio Plains; south-east by Thun. E. O. Mongy, the north-east boundary being the watershed from Omio Plains (extending from the head of Mr. M'Farlane's watering creek on the Mitta Mitta, to the fall of water into the Reedy Creek); southerly  $2\frac{1}{2}$  miles, then along the watershed (from Omio Plains) into said Creek to the ranges dividing the Gipps Land water from that of Omio; easterly  $5\frac{1}{2}$  miles, (the water of reedy creek is common to both runs); the south-east boundary is the ranges forming the watershed between the Tunbo and Livingstone, southerly  $15\frac{1}{2}$  miles; on the west by part of the lower ranges of the Snowy Mountains and extending in a southerly direction from a line drawn across the Mitta

No. 112, 30TH SEPTEMBER, 1848.—3.

Mitta, at Mr. M'Farlane's watering-place, and crossing the Mitta Mitta about 1 mile above the large flat, at the dry Spring Creek, and extending up it to Livingstone ranges, and by said ranges to the head of Livingstone River, about 19 miles southerly. I have no information of the country to the westward, being occupied on this side the mountains.

## No. 44.

Cosgrove John.

Name of Run—Quecingallery.

Estimated Area—25,600 Acres.

Estimated Grazing Capabilities—5,000 Sheep.

Bounded on the north by James Shanley and Barratt and Mort; on the west by Cosgrove's and York's; on the south by the Fryingpan Creek, which partly divides Driscoll's and Graham, and on the remainder of this line by a main range which divides Graham's; on the east by Mr. Graham's run, which crosses the Dry Plains, going to the east of the Long Lake.

## No. 45.

Cassels David, (now David and Robert Cassels.)

Name of Run—Island Lake.

Estimated Area—9,000 Acres.

Estimated Grazing Capabilities—2,000 Sheep.

Commencing at a point on the plain at the north-east corner of the Cootalandra, Mr. Ryrie's run, and running up a ridge, and in a north-west direction to the head of Rats Castle Creek, distance about 4 miles, bounded by Cootalandra, then in a straight line in a north north-west direction to the head of the Waterfall Creek about 2 miles, bounded by Midaling Bank, Mr. Neals run, then in a straight line in a north-east direction to the public road about  $1\frac{1}{2}$  miles, bounded by Dry Plains, Mr. Graham's run, then along said road about 3 miles to a fixed point near the branching of it to Wambrook and Island Lake, then along a ridge to the Waterfall Creek, then along another ridge in the same line to a fixed point on the Cooleringdong boundary, distance about  $2\frac{1}{2}$  miles, bounded by Mr. Frerick, of Wambrook run, then from the point on the top of the ridge in a south-west direction to the first mentioned starting point, distance about  $2\frac{1}{2}$  miles, bounded by the Cooleringdong run, belonging to Wallace and Ryrie.

*N. B.—This run has been transferred, with the sanction of the Government, to David and Robert Cassels, in whose names the Lease will accordingly be prepared.*

## No. 46.

Cassels David, (now D. and R. Cassels.)

Name of Run—Carrott.

Estimated Area—16,000 Acres.

Estimated Grazing Capabilities—4,000 Sheep.

Commencing at the highest point of the public road crossing Varney Range, along the top of that range in a southerly direction to Varney Creek about a mile, then along a range in a south-west direction about 7 miles to the Snowy River, bounded by Mr. Bloomfield's, then up the river about 2 miles to the Devil's Hole Creek, then about 3 miles up said creek, then in a north-west direction about  $1\frac{1}{2}$  miles to the top of a range about a mile in a westerly direction from the head of said creek, bounded by Mr. Ryrie and Mr.

Gore, then about  $4\frac{1}{2}$  miles northerly, crossing the lower end of the Little Dry Plain, across the point of a ridge and through the Stony Creek on to a ridge, then across the public road and along a higher ridge to the north-east corner of Mr. Gore's run, of Taylor's Flat, then about  $1\frac{1}{2}$  miles in a north-east direction, bounded by Mr. Thomson, to Varney's Range, then about 3 miles in an easterly direction along the top of said range to the first mentioned starting point, bounded by Mr. Brooks.

*N. B.—This run has been transferred, with the sanction of the Government, to David and Robert Cassels, in whose names the Lease will accordingly be prepared.*

## No. 47.

Cosgrove and York.

Name of Run—Billy Lingera.

Estimated Area—16,640 Acres.

Estimated Grazing Capabilities—4,000 Sheep.

Bounded on the west by the Murrumbidgee River; on the south by the Numeralla River; on the east by a black range; on the north by the Braidbo River. The high-road runs through to Boyd Town from Sydney.

## No. 48.

Cosgrove and York.

Name of Run—Adamindumee.

Estimated Area—16,000 Acres.

Estimated Grazing Capabilities—640 Cattle.

Bounded on the north by a scrubby range, dividing it from Mowatt's run, at the north side of the Long Plain, and by that range westerly to the Snowy River; on the west by the Snowy River; on the east by Cosgrove's run called Queengallery and Mowatt's run; and on the south by a line easterly running over the Bald Hill to Queengallery run, which divides it from Daniel Driscoll's run.

## No. 49.

Curtis Peter.

Name of Run—Rock Forest.

Estimated Area—5,500 Acres.

Estimated Grazing Capabilities—400 Cattle.

Bounded on the west by the Little Snowy River in an irregular line of about 3 miles long ascending towards the Snowy Mountains on the north; on the north by the Mungar Ranges for about 3 miles, which separates this run from Mangar Plain and Eccles run; on the east, extending  $1\frac{1}{2}$  mile along a small range unnamed, which separates this run from Mr. Mowitt's run; on the south extending 3 miles along a range unnamed, which separates this run from York's run.

## No. 50.

Davison Simpson.

Name of Run—Goodgood.

Estimated Area—15,000 Acres.

Estimated Grazing Capabilities—4,000 Sheep.

The run is bounded on the north by a creek known as Hurdle Flat Creek as far as a road leading from Mr. Cutmore's to Mr. Glass's, thence by the said road—this boundary is about 5 miles; neighbouring occupier John Cutmore; on the east a very high range of mountains dividing it from the run of Thomas Kelly extending about 5 miles; on the south a high range on the south of Cowrah Creek, dividing it from the run

of Stephen Burcher about 5 miles; on the west a road from Jingerry as far as two large waterholes, thence by high mountains to the confluence of the Bredbo River and Cowrah Creek, together about 6 miles; neighbouring occupier William Glass.

## No. 51.

Driscoll Daniel.

Name of Run—Ucumbean.

Estimated Area—2,840 Acres.

Estimated Grazing Capabilities—500 Cattle.

A plain, and forest scrubby hills; on the north by Mowat, deceased; on the east by William Graham, Esq.; on the south by Ryan and Kennedy; on the west by the Snowy River.

## No. 52.

Dawson Robert, junior.

Name of Run—Gellimatong.

Estimated Area—16,000 Acres.

Estimated Grazing Capabilities—900 Cattle.

Bounded on the east by Mr. Bradley's run; on the west by Mr. Ryrie's run; on the north by Mr. Kerwan's run; and on the south by Messrs. Bradley and Brierly's runs. Part open forest and part plains with sandstone and whinstone ranges badly watered.

## No. 53.

Eccleston John.

Name of Run—Doodle.

Estimated Area—10,240 Acres.

Estimated Grazing Capabilities—710 Cattle.

Bounded on the east by Mr. Boyd 4 miles; north by Brierly 4 miles; west by Bloomfield 4 miles; south Snowy River 4 miles.

## No. 54.

Eccles Thomas.

Name of Run—Bulgar Creek.

Estimated Area—10,000 Acres.

Estimated Grazing Capabilities—500 Cattle.

The run called Bulgar Creek is bounded on the north-east by the River Murrumbidgee; on the south-west by a creek flowing into the Murrumbidgee; on the north-west by Nungai Plains; and on the south-east by a creek flowing into Atkinson's Morass.

## No. 55.

Frederich's Burchard.

Name of Run—Wambrook.

Estimated Area—15,000 Acres.

Estimated Grazing Capabilities—320 Cattle,  
2,000 Sheep.

Divided from Messrs. Wallace and Ryrie's, and Mr. D. Cassels' runs; on the south by the road from Cooma Forest to the waterholes in Slack's Plains; thence in a straight line to the southern edge of Bowler's Range, and on to the top of Coobringdong hill, thence keeping the top of the range past Mr. Cassels till it meets the road to the dry plains, and following that road to the Sawpit Gully, 10 miles; in the west from Mr. Graham's run by a line from the Sawpit Gully to the highest peak of the Sawpit Gully Range; 1 mile in the marsh from Mr. Graham's and Messrs. Wallace and Ryrie's runs, by a straight line from the highest peak of the Sawpit Gully Range, to the top of the peak hill, thence by the foot of the Spring Plain to Slack's Creek 10 miles; on the east from Mr. Kirwan's run by the top of the range on the eastern side of Slack's Creek on to the Cooma road  $3\frac{1}{2}$  miles.

## No. 56.

Flinn Jeremiah, (now J. Kirwan.)  
 Name of Run—Numeralla.  
 Estimated Area—2,140 Acres.  
 Estimated Grazing Capabilities—163 Cattle.

Bounded north-west by ranges which separate it from W. Goodwin's run; south-west by the Numeralla River, which separates it from Daniel Lucy's run; on the north-east by ranges which separate it from Walter Pepper's run; on the south by the Numeralla River which separates it from White's run; on the east by ranges which separate it from Countigaing.

*N. B.—This run has been transferred, with the sanction of the Government, to James Kirwin, in whose name the lease will accordingly be prepared.*

## No. 57.

Flinn Jeremiah.  
 Name of Run—Countigaing.  
 Estimated Area—3,200 Acres.  
 Estimated Grazing Capabilities—167 Cattle,  
 709 Sheep.

On the west by a line bearing north-east 4 miles along the Little River, which separates it from Jeremiah Flinn's station on the Numeralla; thence by a line bearing south to north 6 miles which separates it from Terence Mahoney's run; on the south by a line bearing north-east by north-west 6 miles, running along a bridle road, which separates it from James Kirwan's station; on the east by a line bearing north-east 4 miles along a tier of ranges occupied. This run is of a broken hilly description not admitting definite boundary lines.

## No. 58.

Garnock George.  
 Name of Run—Mount Pleasant.  
 Estimated Area—6,500 Acres.  
 Estimated Grazing Capabilities—600 Cattle,  
 4,000 Sheep.

Bounded by Messrs. Walters and Stewart, by an old road towards the south with a right to the water in the creek, and also by Mr. Boucher on the road towards the Little plains, and thence by the extremity of the forest towards the west with marked trees towards Mrs. Hughes' old sheep hut this line 3 miles long, from Mrs. Hughes' old hut in the creek towards the east one quarter of a mile long, and hence by a line towards the north to Waterloo springs a mile long, bounded by Mr. Boyd from the old road towards the south in the creek, from hence towards the east to the fall of the ground above Thurry old sheep hut, from hence keeping as the line the fall of the ground towards Pickery Pick springs towards the north, from hence north-east to the fall of the ground, and hence keeping the fall of the ground down to Waterloo springs, this boundary line is 4 miles long; bounded by Mr. Boucher, from Bumbarly River by a creek towards the north, from hence up to the middle of Gallears plain, from hence up a dry creek through the middle of the plain to the forest, this line is 2½ miles long, from hence Mr. Matthewson's boundary down the side of the forest to the Bumbarly River 1½ mile long, from thence down the river 1 mile long to Mr. Boucher's boundary.

## No. 59.

Gore John.  
 Name of Run—Geekle.  
 Estimated Area—5,120 Acres.  
 Estimated Grazing Capabilities—300 Cattle.

On the north-west by a line running nearly north-east and south-west of about 3½ miles between Geekle and Mr. Stewart Ryrie's run; on all the other sides by a line of about 9 miles, keeping along the top of the ranges between this run and the adjoining runs of Mr. Cassels and Thompson, including all the fall of ground towards the Geekle and Meadow Creeks, excepting a flat, commonly called the Dry plain, belonging to Mr. Cassels' run.

## No. 60.

Gow Alexander.  
 Name of Run—Wallandilby.  
 Estimated Area—31,360 Acres.  
 Estimated Grazing Capabilities—360 Cattle,  
 5,000 Sheep.

Bounded on the west by the range on the west side of Caruwang Creek; on the south by a chain of ranges called the Dingaringa mountains; on the west by a line marked between Patrick M'Guigan's run and this run; and on the north by the Barren ranges on the left bank of the Snowy River.

## No. 61.

Gordon Hugh.  
 Name of Run—Wambaguga.  
 Estimated Area—20,000 Acres.  
 Estimated Grazing Capabilities—640 Cattle.

Wambaguga is bounded on the west by the Big Badga Creek and Bombala Hill (the Big Badga Creek divides the Wambaguga run from that of John Coghill, Esq.); on the north by part of the counties Murray and St. Vincent; and on the east and south by the range of hills commonly called the Sea Coast range.

## No. 62.

Goodwin William.  
 Name of Run—Windy Corner.  
 Estimated Area—6,000 Acres.  
 Estimated Grazing Capabilities—400 Cattle.

High stoney ranges, watered by Numeralla River, and Badga River, and Spring of Cowra Creek; bounded by the lands of W. Peppard; Big Badger, on the east; on the west by Numeralla River; on the north by the lands of Kelly, and Cowra Creek, and part by ranges of the lands held by Clifford; and on the south by Badger River.

## No. 63.

Harnett Patrick, Estate of.  
 Name of Run—Breadbow.  
 Estimated Area—30,720 Acres.  
 Estimated Grazing Capabilities—250 Cattle,  
 and 7,500 Sheep.

Bounded on the north by Collyer's Creek, being the southern boundary of Captain Rossi's run; on the south by the Breadbow River, being the northern boundary of Messrs. Cosgrove's and York's run; on the east by the western boundary of Mr. Burcher's run, and by unlocated land; and on the west by the Murrumbidgee River. The distance from the north to the south boundary is estimated at about 6 miles; and from the eastern to the western boundary at about 8 miles.

## No. 64.

**Harnett Lawrence.**  
**Name of Run—Rosebrook.**  
**Estimated Area—15,360 Acres.**  
**Estimated Grazing Capabilities—150 Cattle,**  
**4,500 Sheep.**

Bounded on the north by the Numeralla Rivulet and a dividing range, being the southern boundary of P. Clifford's station, Rose Valley; on the south and in part west by a fixed and determined line, being the northern and in part western boundary of Mr. William Bradley's station, Bingera, and by a fixed line, being the northern boundary in part by James Kirwan's station, Cooma; on the east by a dividing range and a marked tree, being the western boundary of J. J. Moore's station, Umeralla; and on the west by a dividing range, being the eastern boundary of Henry York's station, Billy Rumpete. The distance from the northern to the southern boundary is estimated at about 8 miles, and from the eastern to the western boundary about 3 miles.

## No. 65.

**Hibburd William.**  
**Name of Run—Bibbinluka.**  
**Estimated Area—25,600 Acres.**  
**Estimated Grazing Capabilities—800 Cattle.**

On the north by the Sugar Loaf Hill at the foot of the Maneroo Mountain; on the east by Boggy Creek near Yucklama; on the south by a creek called the Reedy Creek; on the west by a range of mountains. This run is situated between the mountains leading from Maneroo to Twofold Bay, commencing about 3 miles from the foot of the Maneroo Mountain; the occupants of the adjacent lands are William Walker, Esquire, and Henry Badgery, Esquire.

## No. 66.

**Hibburd William.**  
**Name of Run—Archer's Flat.**  
**Estimated Area—8,000 Acres.**  
**Estimated Grazing Capabilities—600 Cattle.**

On the east by a scrubby range adjoining Martin's run; on the north by a dry lake and a black lake adjoining T. M. Moore; on the west from the black lake down Garrety's Creek to the back river adjoining the said T. M. Moore; on the south by a scrubby range adjoining G. F. Pickering.

## No. 67.

**Hensleigh J. S.**  
**Name of Run—Bendock.**  
**Estimated Area—2,560 Acres.**  
**Estimated Grazing Capabilities—200 Cattle,**  
**1,000 Sheep.**

Bendock is bounded on the east by a main range which runs nearly north and south from the Bendock River to the little plain which divides Mr. Charles Lawson and myself; on the west by Deligate mountains; on the north by a marked boundary between the late R. Campbell, Esq., and myself, but now the property of Miss Sarah Campbell; on the south by the Bendock River, dividing B. Boyd, Esq., and myself. The length from east to west is 3 miles, varying in width from 1 to  $\frac{1}{2}$  mile.

## No. 68.

**Haslingden Edward.**  
**Name of Run—Big Badger.**  
**Estimated Area—16,000 Acres.**  
**Estimated Grazing Capabilities—600 Cattle.**

Situate on the eastern bank of the Big Badger River, commencing at a creek emptying into that river, called Boggy Plain Creek; proceeding up the river to a point where it divides into two streams; up the western stream or creek skirting a swamp known as Peppard's Swamp, to its course in the Big Badger mountain; from the source of this creek, crossing the mountain road, by a line bearing east to a creek called Wowley Creek; crossing that creek, and proceeding down its southern bank to the eastern base of the coast ranges, adjoining Wallace's station, Bulorory, to a river known as Toole's River; up this river's northern bank to a line bearing north to the source of the Boggy Plain Creek; down that creek to the Big Badger River.

## No. 69.

**Hawdon John.**  
**Name of Run—Boatalley.**  
**Estimated Area—30,000 Acres.**  
**Estimated Grazing Capabilities—500 Cattle,**  
**1,000 Sheep.**

Bounded on the east by Kila Lake, and the reserve of 3 miles from the sea; and on the north by the same; on the west by Boatalley mountains; and on the south by the Wagonga River.

## No. 70.

**Holland William.**  
**Name of Run—Mowenbah.**  
**Estimated Area—16,000 Acres.**  
**Estimated Grazing Capabilities—500 Cattle,**  
**2,000 Sheep.**

Bounded on the east by the Snowy River, which separates it from Bloomfield station; north by the Mowenbar River, which separates it from Hall's run; west by Prendergast's station; on the south by Guise's ranges, which separate it from M'Guigan and Keirle's runs; running about 5 miles each way.

## No. 71.

**Hosking John.**  
**Name of Run—Glen-bog.**  
**Estimated Area—32,000 Acres.**  
**Estimated Grazing Capabilities—800 Cattle.**

Near Mount Cooper partly bounded by stations of Campbell and Scott; other boundaries not known being undefined.

## No. 72.

**Imlay George, (per P. Imlay.)**  
**Name of Run—Bega.**  
**Estimated Area—20,000 Acres.**  
**Estimated Grazing Capabilities—640 Cattle,**  
**4,000 Sheep.**

Bounded on the north and east by Mumbra Range; on the south by Bega River and Grossis Creek, being the boundary lines with the Waragubra and Brichago stations occupied by William and James Walker; and on the west by a swamp running parallel to the east side of the Numbugga Swamps and nearly joining the Double Creek.

## No. 73.

Imlay Peter.

Name of Run—Cobargo.

Estimated Area—6,400 Acres.

Estimated Grazing Capabilities—300 Cattle,  
2,000 Sheep.

Bounded on the east and north by Mr. Tarlington's station, called Nareira; and on the south and west by his station called Braidbatoura.

## No. 74.

Imlay Peter.

Name of Run—Murrrah.

Estimated Area—1,000 Acres.

Estimated Grazing Capabilities—300 Cattle.

Bounded on the east by the scrubby lands adjoining the coast; on the north by Mr. Tarlington's station, called Barmagai; on the west and south by the coast range.

## No. 75.

Imlay Peter.

Name of Run—Double Creek.

Estimated Area—10,000 Acres.

Estimated Grazing Capabilities—320 Cattle,  
2,000 Sheep.

Bounded on the south by the Double Creek; on the east by the Brogo River; on the north and west by Mr. Polack's station and the Numbugga ranges.

## No. 76.

Jones Thomas, Estate of, (per K. Robertson.)

Name of Run—Juttabah.

Estimated Area—2,560 Acres.

Estimated Grazing Capabilities—1,500 Sheep.

Open forest, commencing on the River MacLaughlan at a creek running south south-east from Bowman to the top of the range; thence by a marked tree line south south-east, east, east north-east, and north, to a deep creek; thence by a track to the M'Laughlan from Jeffreys'; thence by the M'Laughlan to the first mentioned creek from Thornton.

## No. 77.

Kirwan James.

Name of Run—Cooma.

Estimated Area—30,000 Acres.

Estimated Grazing Capabilities—500 Cattle,  
4,000 Sheep.

Commencing at the junction of a sandy creek with Cooma Creek, about  $1\frac{1}{2}$  mile above Commissioner of Crown Lands' establishment, and bearing about north 85 east for about half a mile, thence along rocky ridges and a crooked creek in a gully on a general bearing of north 40 east to the junction of said creek with Cooma back Creek at road between Cooma and Rock Flat, thence up Cooma back Creek about half a mile to some springs, thence in a straight line on a bearing of about south 75 east to head of the springs at road between Bingara and Rock Flat, thence along road to Rock Flat, which road is one general bearing of south 10 east to about a quarter of a mile nearer the Rock Flat than the junction of the Cooma Road with the Rock Flat Road, thence about north 55 east, passing over a remarkable rocky peak to the centre of a large waterhole at Rock Flat Creek.

No. 112, 30TH SEPTEMBER, 1848.—4.

thence down Rock Flat Creek about a mile and a half, thence about north 75 west to Bingara and Rock Flat Road aforesaid, which it meets at about three-eighths of a mile nearer Bingara than the springs aforesaid, thence along the said road towards Bingara, bearing about north 19 west about 4 miles, where the boundary is in dispute with Mr. Bradley, thence say south 70 west about 1 mile to head of a remarkable gully, thence about north 80 west crossing road between Cooma and Bingara aforesaid; soon afterwards crossing rugged ridges to Cooma Creek, thence in a north-west by north direction through a broken country to the Murrumbidgee River, a portion of land of this part of the boundary of the run being in dispute with Mr. Bradley; thence up the Murrumbidgee River to Slack's Creek; thence up Slack's Creek about  $2\frac{1}{4}$  miles, taken in a straight line, to a remarkable head of said creek, near a sheep station hut; thence east a quarter of a mile; thence about south 10 east, crossing road between Cooma and Wanbrook to a flat at road between Cooma and Coolingdon; thence in a zig-zag direction, over ridges and up and down gullies, in a general bearing of about south 75 east to a flat at Cooma Creek; thence down Cooma Creek to the junction of sandy Creek aforesaid. The adjacent lands to this run are occupied thus,—on the north by William Bradley; on the east by Lawrence Harnett, and J. J. Moore; on the south by William Bradley, and Robert Dawson, and Messrs. Wallace, and Ryrie; on the west by Burchard Frericks. In this run are included the establishment and paddocks of the Commissioner of Crown lands.

## No. 78.

Kirwan James.

Name of Run—Countigeny.

Estimated Area—20,000 Acres.

Estimated Grazing Capabilities—4,000 Sheep.

This run is partly surrounded by broken ranges and a creek; the adjacent lands are occupied; on the north by Jeremiah Flynn; on the east by unoccupied and barren ridges; on the south-east by John Green; on the south by Charles Throsby; and on the west by Umaralla ranges, and Jeremiah Flynn. This is such a broken country that the bearings and distance could not be ascertained.

## No. 79.

Kirwan and Clifford.

Name of Run—Wadbillaga.

Estimated Area—10,000 Acres.

Estimated Grazing Capabilities—500 Cattle.

This run is in the heart of rugged barren ranges, and is itself of a very broken character; the occupants on the adjacent lands; on the north by Hugh Wallace; north north-east Henry George Scutoff; south and east is an unoccupied barren country, on the west by west north-west boundary of County of Auckland.

## No. 80.

Keirle James.

Name of Run—Boloco Creek.

Estimated Area—13,000 Acres.

Estimated Grazing Capabilities—700 Cattle.

Bounded on the east by range terminating on the Snowy River, and dividing this run from A. Brierley's run; on the west by Guise's Range

separating this run from R. Holland's run; on the north by the Snowy River opposite J. W. Bloomfield's; on the south by a creek called the Upper Sheep station Creek which separates this run from John M'Guigan's, and which boundary is in dispute between the first John M'Guigan and myself. This run proceed from south to west 7 miles and from east to west 3 miles.

No. 81.

Kelly Thomas.  
Name of Run—Coura.  
Estimated Area—13,000 Acres.  
Estimated Grazing Capabilities—300 Cattle, 700 Sheep.

Bounded on the east by a leading range and Mr. W. Pepper; on the west by Good-good, occupied by Mr. S. Davison; on the north partly by Bredbo River, and Mr. William Cooper's run, and on the south by Mr. P. Clifford to Coura Creek.

No. 82.

Kennedy William Francis.  
Name of Run—Biggam.  
Estimated Area—14,500 Acres.  
Estimated Grazing Capabilities—600 Cattle, or 5,000 Sheep.

Bounded on the north-west by a range dividing it from Mr. York's and the Snowy River; the run extends about 4 miles along the Snowy River by about  $4\frac{1}{2}$ ; on the east it is divided from Maurice Lawlee for about  $1\frac{1}{2}$  miles; and on the south and west from Mr. Brook's by about 3 miles.

No. 83.

Lawson Charles.  
Name of Run—Craigie.  
Estimated Area—24 Square Miles.  
Estimated Grazing Capabilities—600 Cattle.

Bounded on the east by the Little Plains River and Mr. Boyds' station; on the south by the river; on the west by a leading range between Mr. Hensleigh's and Mr. Campbell's runs; and on the north by a creek to Mr. Nicholson's.

No. 84.

Lawson Charles.  
Name of Run—Gingallila.  
Estimated Area—25 Square Miles.  
Estimated Grazing Capabilities—700 Cattle.

Bounded on the west by a river to Mr. Thomas Moore's station; on the east by a range to Mr. M'Laughlan's station; on the north by broken ranges; and on the south by a swamp.

No. 85.

Lucy Daniel.  
Name of Run—Umeralla.  
Estimated Area—8,000 Acres.  
Estimated Grazing Capabilities—300 Cattle, 1,600 Sheep.

Fronted towards the east by the Umeralla Creek, which separates it from John White's run; on the back by the fall from the bush station hills which separates it from the runs of L. Harnott, Esq.; northerly divided by J. J. Moore's run between, and which the only definite boundary is a tree in the middle of the Umeralla Flat, part of which belongs to this run, and the other part by J. J. Moore's run; southerly by the Gingalee

Creek, which separates it from Mr. P. Clifford's run, running about 4 miles along the Umeralla Creek, and 3 miles backward.

No. 86.

Langhorn John.

Name of Run—Junction.  
Estimated Area—4,000 Acres.  
Estimated Grazing Capabilities—400 Cattle.

Thickly timbered, hilly, and of indifferent quality; bounded on the east by Mr. Boyd's Cambalong run at the part called Slaughter house Creek; on the north by the M'Laughlin River; and on the west by the Snowy River; and on the south by the Bombalo or Deligate Rivers (below their junction.)

No. 87.

Lunn Daniel.

Name of Run—Pawpang.  
Estimated Area—11,000 Acres.  
Estimated Grazing Capabilities—500 Cattle.

Running from the head of a Creek called Stoney Creek, which empties itself into the Snowy River 7 miles from the source; bounded on the right by John M'Guigan's run, and on the left by Captain O'Gorman's run, being  $2\frac{1}{2}$  miles in breadth and 7 miles in length.

No. 88.

Moore Joshua John.

Name of Run—Numarella.  
Estimated Area—18,000 Acres.  
Estimated Grazing Capabilities—5,000 Sheep.

Open forest limestone ranges, in parts watered by the Numeralla River, part plains, watered by springs and Rock Flat Creek; bounded on the east by the Numeralla Mountains or Ranges; on the south by lands of Bradley, to the Rock Flat Creek; on the west by that Creek and lands of Kerwin, and Harnett; and on the north by a marked line of Harnett's land, and part land held by Lucy.

No. 89.

Moore Thomas Matthew.

Name of Run—Burnima.  
Estimated Area—23,040 Acres.  
Estimated Grazing Capabilities—300 Cattle, 8,000 Sheep.

Bounded on the north by a watercourse leading from a range into the Bombala River; on the west by the Bombala River (including a small point on the other side of the river, opposite to the head station, whereon the hut and paddock are placed, to a large waterhole opposite Cotalmyong; on the south by a leading range dividing Cranky Plain from Messmate Maharatta to the Bald Hills; and on the east by the Bald Hills till it joins the Back River, and by that river till it reaches Archie's Flat to Hibburd's cultivated paddocks, and from a spring near his paddock to the crossing place on the Back River, and from thence following the top of the range northerly to the point started from.

No. 90.

Malady Patrick.

Name of Run—Peak Station.  
Estimated Area—10,240 Acres.  
Estimated Grazing Capabilities—900 Cattle.

Bounded on the east by Mr. Andrew Badgery's run; on the west by Mr. J. Rourke; on the

north by Mr. Bradley; and on the south by Mr. Bradley's run, Whinstone ranges, high and stoney, badly watered.

## No. 91.

Mowatt Francis.

Name of Run—Bolero.

Estimated Area—28,800 Acres.

Estimated Grazing Capabilities—10,000 Sheep.

Commencing where the Coona road crosses the Murrumbidgee, the run is bounded on the north-east by the Murrumbidgee for about 6 miles up to a high range running about west which forms the boundary on that side for 5 or 6 miles, dividing it from Eccles and Curtis' stations, and including within the boundary, Atkinson's morass, and an old sheep station known by the name of Marr's flat; on the south-west it is bounded by another range for about 3 miles, dividing it from Yorke's run, a line is then struck across to Bolero bald hill, embracing within the line an old sheep station known as the new burn't hut, dividing it from Cosgrove's sheep run until it meets the Cooma road at the base of the bald hill which forms the boundary to the starting point at the crossing place of the Murrumbidgee.

## No. 92.

Marjoribanks Gilbert.

Name of Run—Mungerarie.

Estimated Area—2,560 Acres.

Estimated Grazing Capabilities—160 Cattle, 9,000 Sheep.

South bank of the Moruya River, the opposite side of the river, either Mr. Hawdon's purchased land or land belonging to the Crown, the following is a more particular description.—Bounded on the north-east by the Moruya River, opposite to Hawdon's purchased land; on the south by Wumbran, Flanigan's licensed station; on the west by the Rev. Mr. M'Fae's station, and extending 4 miles up the river.

## No. 93.

M'Evoy James.

Name of Run—Woolindibby.

Estimated Area—11,520 Acres.

Estimated Grazing Capabilities—640 Cattle.

Bounded on the east by R. Brook's forest range, extending 6 miles south-west towards the Snowy mountains; and on the north and south by high mountain ranges. Thickly timbered and of indifferent quality.

## No. 94.

M'Phee Donald.

Name of Run—Mila, (Boggy Creek.)

Estimated Area—18,000 Acres.

Estimated Grazing Capabilities—650 Cattle.

Bounded on the east by Maharatta, Mr. Throsby's station, from a spring near the ranges or mountains, on the borders of the east side of Maneroo table land, running west to the east end of a leading range, commencing at the rock flat, running west from the top or summit of said range, following the windings as the waterfalls to the south-west, along and bounding the Chain of Ponds, Mr. John Nicholson, senior's station, until said range inclines to the south-west, and dips into the run-

ning stream named the Boggy Creek, where it bounds on the west with the Little Plain; Mr. John Nicholson junior, station, again along the north side of said Boggy Creek stream south to the said mountain ranges, and on the south-east by the mountains.

## No. 95.

M'Guigan John.

Name of Run—Boloka Creek.

Estimated Area—8,000 Acres.

Estimated Grazing Capabilities—500 Cattle.

Bounded on the east by Deep Stoney Creek; on the north by Carroll's run, Sheep Station Creek; on the west by Pendar's run, Moamba ranges; on the south by a run lately occupied by James Hayes. Each line is about  $3\frac{1}{2}$  miles in length.

## No. 96.

M'Guigan Patrick.

Name of Run—Stockyard Flat.

Estimated Area—7,000 Acres.

Estimated Grazing Capabilities—600 Cattle.

It is bounded on the east by scrubby ranges dividing it from Mr. Alexander Gow's, of Wallandibby; on the west by a dry river and black range lying between my run and the Snowy River; on the north by a creek known by the name of Sandy Creek, which divides my run from a part of Mr. A. Gow's, called the Kangaroo ground; on the south by high scrubby ranges.

## No. 97.

Macfie George.

Name of Run—Purra or Burra.

Estimated Area—25,600 Acres.

Estimated Grazing Capabilities—400 Cattle.

This station is separated from the settled districts by the Moruyah or Doura River by which it is bounded on the eastward commencing at a barren ridge where the dray road crosses the river at the cultivation paddock, and including the land on the left bank of the river to a distance of 4 miles up the river, and extends backward into the mountains to a place called Woomanderry, distant from the river by calculation about 10 miles, and includes Woomanderry, and also Burra Creek and its branches, and is bounded by barren ranges from the river round to the river again.

## No. 98.

Marsden James.

Name of Run—Junction Station.

Estimated Area—5,000 Acres.

Estimated Grazing Capabilities—4,000 Sheep.

Open forest land at the junction of the Little Plain and Deligate River, bounded on the east by the Little Plain River; on the west by Mr. C. Campbell and Captain Nicholson's; on the north by Mr. C. Campbell's Deligate station; and on the south by Captain Nicholson's Little Plain stations.

## No. 99.

M'Donald Dugald.

Name of Run—Nimitybelle.

Estimated Area—8,000 Acres.

Estimated Grazing Capabilities—700 Cattle.

From the junction of M'Donald's Creek with the M'Lachlan's River; Northward in a straight

line to the angle of Crab's Creek and along that creek to a gully forming from the south end of the square range continuing along the top or ridge of the range to the north end thereof; from that in a straight northerly line by the east side of different clumps of timber along the west margin of the spring gully in the same northern line to Curry's Creek, and along the creek westward, till past the second waterhole; from that due south or nearly so, to the highest stoney eminence south-east of Mr. Badgery's station and in sight of his offices; from that in the same straight southerly line to the highest point of the range towards Bocco; from that in the same southerly line through Bocco Flat, and along the ranges to the top of Cock-pit Hill; from that through Cock-pit Creek to the M'Lachlan River; from that eastward along the north bank of M'Lachlan's River to the junction of M'Donald's Creek with the said river.

## No. 100.

Nicholson Charles.  
Name of Run—Ketchencary and Brogo.  
Estimated Area—23,000 Acres.  
Estimated Grazing Capabilities—800 Cattle.

On the north by the Caroon Mountains and a leading range dividing from Jorlington's run; on the south by the Dry River dividing from Badgery run; on the east by the Biga Road, dividing from Henry Badgery's run; on the west by the Brogo River, and a chain of mountains dividing from Polack's run.

## No. 101.

Nicholson Charles.  
Name of Run—Windella.  
Estimated Area—26,800 Acres.  
Estimated Grazing Capabilities—1,000 Cattle.

Bounded on the north by the Wandillo Mountains; on the west by the Illawambura Creek dividing from Lintot's run; on the south by the Caroon Mountains; on the east by Mengunamballo range dividing from Tarlington's run.

## No. 102.

Nicholson John, junr.  
Name of Run—Little Plain.  
Estimated Area—28,000 Acres.  
Estimated Grazing Capabilities—1,800 Cattle, or 11,000 Sheep.

The little plain station commencing at the north-west corner of the boundary at the junction of the Little Plain River into the Deligate River; it is bounded north and north-east by a range about 5 miles which separates it from Lewis' station, Thacker and Co., and Bumbarlo station, Ronald Campbell, also Mr. M'Phee's to a boggy crossing creek, then divided by a range on the east from Morandoge Station, B. Boyd's, for about 6 mile, then by a scrub for 6 miles on the south-west to another boggy creek which creek separates it from Qullenbarra station and B. Boyd's, for about 6 miles; on the west to the Little Plain River, then crossing the Little Plain River, is separated by a deep creek from C. Lawson's station Craigi; on the south about 2½ miles to the top of a range, which range separates it from Deligate Station Mr. Campbell's and Mr. Marsden's station; on the west for about 4 miles, then by Marsden's station; on the north-west by a flat, to the Deli-

gate River about 3 miles, then by the Deligate River; on the west for about 1½ miles to the junction of the Little Plain River with the Deligate.

## No. 103.

Nicholson John, Jun.  
Name of Run—Dundundra, late Chain of Ponds.  
Estimated Area—6,000 Acres.  
Estimated Grazing Capabilities—400 Cattle, 3,000 Sheep.

Dundundra late Chain of Ponds station, commencing at the north-west corner of the boundary; it is divided on the north and north-east by the Saucy Creek for about 4 miles; thence on the east by the Spring Flat about 2 miles, it being bounded on both sides by Maharatta station, Charles Throsby's, and by a range on the south about 3 miles, which separates it from Mr. M'Phee's run Milo; then by a range dividing it on the west from Lewis' station, Thacker and Co., for about 3½ miles; then from the range by Jones' Creek to the Saucy Creek 1 mile, dividing it from Maharatta station.

## No. 104.

O'Hara Hugh, per D. O'Hare.  
Name of Run—Nimitybell.  
Estimated Area—8,000 Acres.

Estimated Grazing Capabilities—640 Cattle.

Commencing at the spring at the top of Nimitybell creek, and from that spring to the main southerly dray road, and along the road in a southerly direction to the crossing place on the M'Lachlan river; then following said river eastward, and along the north-west bank to a creek forming from the side of a long range, and following that range northward to an old sawpit road, and along that road westward to the spring at the top of Nimitybell Creek aforesaid whence commenced.

## No. 105.

Pendergrass John.  
Name of Run—Homeo.  
Estimated Area—25,000 Acres.  
Estimated Grazing Capabilities—850 Cattle.

Bounded on the west extending about 3 miles by the run of water running leading towards Gibbo; on the north-west by barren craggy mountains extending about 4 miles, thence forward about 4½ miles by barren scrubby ranges; on the outside of Mount Leinster Flats in this run; thence on the easterly side by the first leading gap from Limestone range called Mount Leinster Gap, and extending about 2 miles; thence forward about 3 miles by barren scrubby ranges and flats unoccupied; thence on the southerly side for about 2 miles by a creek rising in the Tamboun mountains, and running into a morass, and separating this run from M'Farlane's run, and which boundary is in dispute with M'Farlane; thence for about 7 miles further by a morass, which receives Mount Leinster Creek, and which separates this run from M'Farlane's run. This run is mountainous and scrubby, and one half of no use.

## No. 106.

Pendergrass John.

Name of Run—Cottage Creek.

Estimated Area—15,000 Acres.

Estimated Grazing Capabilities—700 Cattle, 4,000 Sheep.

On the west extending 3 miles in a straight line to Woolway, by a fall of ground leading to Woolway and separating this run from Abram Brierly's run; on the south by a clump of rocks bearing off to Reece's waterhole extending 3 miles, and dividing this run from Style's old run, thence forward  $3\frac{1}{2}$  miles; from Reece's waterhole along a ridge unnamed to the Burnt Hut creek range, and separating this run from Charles Wright's run; on the east along the ridge that leads to the Burnt Hut Creek extending  $2\frac{1}{2}$  miles, and separating this run from said Wright's run; thence forward 3 miles, across some ranges leading from the Brothers, and crossing the head of Cottage Creek, and leading up to the Twin hills, and separating this run from said Brierly's run; on the north across the two Twin Hills, in a line extending 5 miles, and leading down to the corner of Arable flat, and separating from Brierly's run; thence forward to the west 3 miles along Arable Creek, and separating this run from said Brierly's run.

## No. 107.

Pendergrass John.

Name of Run—Moonbar.

Estimated Area—24,000 Acres.

Estimated Grazing Capabilities—1,000 Cattle.

Bounded by the Moonbar River, which makes a semicircle half way round this run, commencing on the westerly side, and running round the north to the east  $8\frac{1}{2}$  miles to Holland's run; from thence on the east running 4 miles along a chain of small ridges, which divide this run from said Holland's run; thence  $4\frac{1}{2}$  miles further by Hobbes range; thence on the south in a straight line half a mile along Grosse's Plain Creek; thence forward in a straight line 7 miles, through rocky hills and scrubs, and which line separates this run from Payton's old run; on the west by south coming nearly to a point by Snowy Mountains.

## No. 108.

Peters Joseph.

Name of Run—Bungarby.

Estimated Area—36,000 Acres.

Estimated Grazing Capabilities—1,000 Cattle, 8,000 Sheep.

Commencing on the west at the junction of the McLaughlin with the Snowy river, and running along the Snowy river 10 miles, then bending down towards the east, along standing timber for 1 mile, then westerly  $1\frac{1}{2}$  mile along a Pine range, then further bending down towards the east  $2\frac{1}{2}$  miles along standing timber, and which separates this run from Beard's run; then northerly along Beard's Lake 4 miles to Sherwin's road, and along said road 2 miles down to the eastern boundary; thence on the east running along timber 2 miles to Cooper's Hill, along said hill 1 mile to McLaughlin river, and along said river 12 miles to its junction as aforesaid with the Snowy River.

No. 112, 30TH SEPTEMBER, 1848.—5.

## No. 109.

Pickering and Snape, (per J. Snape.)

Name of Run—Bald Hills Station.

Estimated Area—16,000 Acres.

Estimated Grazing Capabilities—600 Cattle.

Commencing at the lower end of a waterhole, being a branch of the Saucy Creek, known as the Round Waterhole; from thence on the south by a line east to the main coast range; from thence on the east by the crest of that range, to a distance of about 5 miles northward, where a main spur emanates, from that range dividing this run from land in the occupation of Mr. William Hibbard; from thence on the north by the crest of that range westward to a point, where another range emanates from it to the southward; and thence on the west by the crest of that range southward to the commencing point; on the north by Hibberd's station; on the east by the coast ranges; on the south by Messrs. Throsby, and Robinson's stations; and on the west by Messrs. Throsby and Robinson, and a portion of Mr. Moore's run.

## No. 110.

Polack S. and I.

Name of Run—Brogo.

Estimated Area—6,400 Acres.

Estimated Grazing Capabilities—400 Cattle.

Bounded on the north and east by the Brogo River; on the west by the mountains; and on the south by the Double Creek run.

## No. 111.

Roberts Thomas, (per Andrew Badgery.)

Name of Run—Curry Flat.

Estimated Area—16,000 Acres.

Estimated Grazing Capabilities—640 Cattle, or 4,000 Sheep.

Bounded on the north by Mr. Bradley's One Tree Hill station; on the east by Mr. Newman's Nymytable station; on the south by Joseph Rafe's Bald Hill station; and on the west by Jimmy Brothers Creek, bounding Patrick Malady's station.

## No. 112.

Robinson Thomas L. and C. G.

Name of Run—Hugandree.

Estimated Area—13,000 Acres.

Estimated Grazing Capabilities—340 Cattle.

This station is quadrangular; length about 5 miles, width 4 miles; the longest side running about 25 degrees west of north; north-west bounded by Carret in the possession of Mr. Castles. This line is divided by a range of hills, known as Varneys range; the western side by Bullomblerybong, occupied by Mr. G. Thompson. This is open forest; no natural division. This northern corner and the north-east line is bounded by Middling Bank, occupied by Mr. Neal; there are some springs, and dry creeks that will mark this line; the east line is wholly bounded by Gijzreek, occupied by Mr. Brooks. This side is marked to the north-east by a dry creek—by some called Tracey's Creek—a shepherd of that name once living near it, but from this creek to Varney's range, there is no natural mark.

## No. 113.

Rossi Francis Nicholas.  
Name of Run—Micilago.  
Estimated Area—35,000 Acres.  
Estimated Grazing Capabilities—9,000 Sheep.  
Micilago Creek on the north; Colliers Creek on the south; Tinderee Mountains on the east; Murrumbidgee River on the west.

## No. 114.

Throsby Charles.  
Name of Run—Maharatta.  
Estimated Area—22,000 Acres.  
Estimated Grazing Capabilities—1,000 Cattle, 8,000 Sheep.

Commencing at the junction of the Back River and Bambulla, by the Bambulla from Mr. Mathewson; thence by a low range running south-easterly from Captain Campbell and Mr. Mathewson; thence by a creek running north, the Saucy Creek east and a flat south from Mr. Nicholson's, a range and creek running east from Capt. M'Phee, a scrubby range north from Mr. Boyd, and the same range running west from Pickering and Snape, and continuing north from Mr. Thomas Moore to the aforesaid junction of the Back and Bamballa Rivers.

## No. 115.

Throsby Charles.  
Name of Run—Kybean.  
Estimated Area—20,000 Acres.  
Estimated Grazing Capabilities—1,000 Cattle.  
Bounded on the north and east by Kirwin and Green's stations; south by Bega Mountains; the west by Brown and Ward's stations.

## No. 116.

Rootsey Charles.  
Name of Run—Mount Pleasant.  
Estimated Area—5,000 Acres.  
Estimated Grazing Capabilities—600 Cattle,

Bounded on the south by Thomson's run, commencing at the Forest range, north-east of Pipeclay Creek, following the Bobundra Creek, 3 miles on the north side of the Woolway Road; on the east by the road to Woolway, 1 mile to a cattle track fronting Mr. Boyd's Hill station hut, and continue the track to the Rocky Creek; thence by the Creek to a little lake; on the north by a line 1 mile to the top of Woolway range, continue along the range to some scattered gum trees; and on the west by a line from the said trees between Boyd's lower station to the top of the Forest range; east from Pipeclay creek, following the range to its junction with the Bobundra Creek.

## No. 117.

Ross Donald.  
Name of Run—Glenroy (Bowerman's).  
Estimated Area—11,520 Acres.  
Estimated Grazing Capabilities—4,000 Sheep.

Bounded on the east by the Deligato run, occupied by Miss Sophia Campbell, boundary commencing at the lagoon on the Deligato River (about 2 miles below the hut); and from thence to the junction of the two creeks where the Corrowong Road passes; and from thence to the top of the Tombong Ranges, being about north from

the lagoon; extent, about 3 miles; bounded on the north by the Tombong run, occupied by Mr. Whittaker,—boundary line, the highest leading range, running nearly east and west; extent, about 3 miles; bounded on the west and north-west by the Corrowong run, occupied by Messrs. Staunton and O'Hare; boundary line, the top of the highest leading range, commencing from its junction with the Tombong range and running nearly in a southerly direction for about 3 miles; and from thence it extends in a westerly direction for about 8 miles to its termination at the Deligato River; bounded on the south by the Deligato River, having a frontage of about 9 miles.

## No. 118.

Ryrie Stewart, junior.  
Name of Run—Cootalandra.  
Estimated Area—7,680 Acres.  
Estimated Grazing Capabilities—330 Cattle, or 2,200 Sheep.

The Cootalandra run commences at a point in a small dry creek and runs about  $2\frac{1}{2}$  miles west, 130 degrees north, crossing Cootalandra Creek and a marked tree, exactly half way between the sheep stations of Messrs. Brooks and Ryrie to the top of a high range; this line is bounded by the run of Mr. R. Brooks; from the top of the range along the edge of several flats a line bearing round from west 145 degrees north to north 60 degrees east, and on the same bearing over a little forest ridge to a small lake, often dry, through the lake, on into a creek by a line nearly north; this line is bounded by Mr. J. Neale's run and is about 4 miles long down the creek past an old sheep station, thence on to the top of a low ridge, and along the crest of the ridge, in a south-easterly direction down on to a fixed point on a plain; this line may be about 3 miles long, and is bounded by the run of Mr. D. Cassels, from the point on the plain, a line south 43 degrees west to a marked tree near the north-east corner of Cootalandra big lake, across the lake to the south-west corner, and down the small dry watercourse to the first mentioned starting point; this line is about 4 miles long and is bounded by the run of Messrs. Wallace and Ryrie.

## No. 119.

Ryrie Stewart, junior.  
Name of Run—Jindabine.  
Estimated Area—13,000 Acres.  
Estimated Grazing Capabilities—600 Cattle, or 4,000 Sheep.

The Jindabine run commences at a point on the Snowy River, where a creek usually called the Boggy Creek falls into it and runs up the water course to the top of a high range about  $2\frac{1}{2}$  miles, then along the top of the range in a northerly direction about 1 mile to a fixed point; this line is bounded by the run of Messrs. Neale and Taylor; from the top of the range a line holding an average course of east 110 degrees south down a flat, and then a creek about  $1\frac{1}{2}$  miles to a marked tree; this line is bounded by the run of Mr. G. Thompson; from the marked tree along a marked line bearing about south-west to the top of a low ridge about  $\frac{3}{4}$  mile; this line is bounded by Mr. D. Cassel's run; from top of ridge a well defined line by several marks, as agreed on, past the pad-

docks of Messrs. Gore and Ryrie, to a clear patch on top of a range; this line holds an average course of south, may be about 4 miles long, and is bounded by Mr. Gore's run; along the top of the range where the water divides in an easterly direction about 1 mile to a high rocky range; this line is also bounded by Mr. Gore's run down the crest of the rocky range to the Snowy River about 2½ miles; this line is bounded by Mr. D. Cassel's run; top the Snowy River to the first mentioned starting point about 7 miles; this line is bounded by the runs of Messrs. Holland, Brooks, Neale, and Taylor.

## No. 120.

Rankin D., per Samuel Rankin.  
Name of Run—Native Dog Flat.  
Estimated Area—12,000 Acres.  
Estimated Grazing Capabilities—4,000 Sheep.

Bounded by an eminence, where the water falls south and north from Glenbeg and Mount Cooper, being the north-east corner, and from that in a south-western line along a rocky range of large stones, crossing the dry lagoon, and along the ridges to a small sugar loaf range, and in the same direction to Sugar Loaf Hill, always following the fall of the water from north to south along the ranges, then through a gully forming from the west side of Sugar Loaf Hill to a flat, and to a single gum tree on that flat, in the same line to Low Gap, going through between two gum trees in the same line to another gap towards Native Dog Flat Creek; from this gap westward along the ridge of the range to a cattle track coming to the angle of the creek, and from that angle eastward along the creek to next angle from that southward along the low ground, taking in the high ground to the east along the ridge to the southern extreme of the range, from that in a north-east direction, passing by the east side of Sugar Loaf Hill, and along a gully falling into the Deep Creek, and through that creek to the south corner of Touka Hill, and along the ridge of that hill and ranges to the fall of the water, and to the eminence where commenced, bounded as aforesaid by Glenbeg and Mount Cooper.

## No. 121.

Scott William.  
Name of Run—Nimity Bell.  
Estimated Area—36 Square Miles.  
Estimated Grazing Capabilities—600 Cattle.

Bounded on the south by a scrubby mountain near George's Gully; on the west by an arm of the Lachlan River; on the north by Wentworth's Range; and on the east by an arm of the Umeralla River, and 2 miles from a station occupied by Mr. Gill.

## No. 122.

Simpson George.  
Name of Run—Delegate.  
Estimated Area—12,800 Acres.  
Estimated Grazing Capabilities—450 Sheep.

On the south by Delegate Hill; on the north by Campbell's run; on the west by Campbell's run; on the east by Amesly and Campbell's runs. The length of this run is estimated to be 5 miles, and the breadth 4 miles.

## No. 123.

Styles James Richard.  
Name of Run—Bobundra.  
Estimated Area—24,000 Acres.  
Estimated Grazing Capabilities—600 Cattle.

Bounded on the north by the Black Range; on the east by Wright's run; on the west by the Snowy River; and on the south by Maffra, in the occupation of Mr. Boyd.

## No. 124.

Stanton John.  
Name of Run—Nimithybale.  
Estimated Area—4,000 Acres.  
Estimated Grazing Capabilities—1,500 Sheep.

Open forest ranges, and watered by springs; bounded on the north by the Square Range, and by the lands held by Driscoll and Williams; on the east by Binnie's station; on the south by Wilmots' former station, (now Tooth's); and on the west by Thornton's and M'Donald's stations.

## No. 125.

Stanton and O'Hare.  
Name of Run—Corrowang.  
Estimated Area—53,760 Acres.  
Estimated Grazing Capabilities—2,000 Cattle.

Bounded on the east by Whittaker's station; by Gore's on the west south-west; and by Alick Ross, east south-east; by M'Laughlan, south; north by the Snowy River.

## No. 126.

Stanley James.  
Name of Run—Caddygat Creek.  
Estimated Area—12,800 Acres.  
Estimated Grazing Capabilities—470 Cattle.

Bounded on the east by Mr. Graham's station; on the north by Mr. Barrett's; on the west by Mr. Mowett's; and on the south by Mr. Cosgrove's stations.

## No. 127.

Sherlock James.  
Name of Run—Gingary.  
Estimated Area—9,000 Acres.  
Estimated Grazing Capabilities—400 Cattle.

Bounded on the east by Majong-bella Creek, about 3 miles; on the north by John M'Guigan's run, about 5 miles; on the west by Pethick's run about 3 miles; and on the south by the said run about 5 miles.

## No. 128.

Thomson Joseph George.  
Name of Run—Bullumbullong.  
Estimated Area—14,000 Acres.  
Estimated Grazing Capabilities—1,000 Cattle.

The run called Bullumbullong, held under license for several years by George Joseph Thompson, is bounded as follows:—Towards the north by a line commencing on the eastern bank of the Snowy River, and running in about a north-east by east direction about 5 miles, (dividing it from the Rocky Plain run, belonging to Richard Brooks, Esq.) until it meets the south-west corner of W. H. Thompson's run, and continued until it reaches the crest of a dividing range, whose course is from south to south-east; on the most eastern side by the crest of the dividing range aforesaid, (separating it from the runs of Messrs. John Neale and

T. L. Robinson,) commencing at the point where it is met by the north-east by east line aforesaid, and continued about  $4\frac{1}{2}$  miles until the range is divided by a creek running to the eastward; on the most southern side by the crest of a branch of the dividing range aforesaid for about  $2\frac{1}{2}$  miles, (which trends towards the south-west, dividing it from the run of David Cassels, Esq.,) until it reaches a rocky waterhole, being the north-east corner of the run of Mr. Cassels, and the north-west corner of the run of Stewart Rylie, Esq.; and from thence up a creek running from west south-west about half a mile, and then leaving the creek, the boundary is continued in about the same direction up an open flat and water-course for about  $1\frac{1}{2}$  mile, until it meets the highest point of the range overlooking the Snowy River; and on the most western side by a line commencing at the last mentioned point, and running in a north-west direction  $1\frac{1}{2}$  miles, (dividing it from the run of William Neale,) until it meets the Snowy River, and then along the eastern bank of that river for about 3 miles, to the commencing point; the whole forming an area of about 32 square miles.

## No. 129.

Tarlinton William D.  
Name of Run—Broadbatowra.  
Estimated Area—10,200 Acres.  
Estimated Grazing Capabilities—500 Cattle.

Bounded on the east by Burraboroo Creek about 4 miles; north by P. Imlay's about 4 miles; west by Murrabine Swamp, which divides this run and Dr. Nicholson's station, about 4 miles; south by part of a range and Dr. Nicholson's station, Ketch-and-carry, about 4 miles.

## No. 130.

Tarlinton William D.  
Name of Run—Narira.  
Estimated Area—13,000 Acres.  
Estimated Grazing Capabilities—700 Cattle.

Bounded on the east part by Cooloolite range and part by Mr. Campbell's, about 6 miles; north by a creek leading into Wolloga Lake, about 4 miles; south-west by a range and part of P. Imlay's, about 7 miles; south an angle by a high range about 1 mile.

## No. 131.

Turner Walter (now W. Bradley.)  
Name of Run—Cooma Creek.  
Estimated Area—5,000 Acres.  
Estimated Grazing Capabilities—300 Cattle,  
2,000 Sheep.

Bounded on the east by a direct line from a spring to a conical hill near the rock flat, from this hill to a few trees on a line for the peak range, from these trees crossing the Cooma Creek up the main creek to the Southern Brother, from this to the Western Brother, from this to a conical hill on the creek running from the Western Brother, from this hill through a portion of Cooma bush crossing the Cooma Creek and up to the spring on the eastern side.

*N. B.—This run has been transferred, with the sanction of the Government, to William Bradley, in whose name the Lease will accordingly be prepared.*

## No. 132.

Thompson William.  
Name of Run—Biggam.  
Estimated Area—25,000 Acres.  
Estimated Grazing Capabilities—640 Cattle,  
3,000 Sheep.

The land for which a lease is applied for is situate in the District of Maneroo, containing about 25,000 acres, part of which land is now held under license by applicant, the remaining part by license to G. J. Thompson, from whom I purchased. It is bounded on the western side by Snowy River and Brook sheep station; on the eastern side by J. Neale and J. Fraser; on the northern side by M. Ryan and M. Lawler; on the southern side by G. J. Thompson, and which said land or run is known by the name of the Biggam run, and originally held by G. J. Thompson with the run he at present claims under one license.

## No. 133.

Thacker and Co. (now J. Matheson.)  
Name of Run—Aston.  
Estimated Area—25,600 Acres.  
Estimated Grazing Capabilities—6,500 Sheep.

Divided on the east by Mr. Charles Throsby's run, by a leading range bearing north and south  $2\frac{1}{2}$  miles from Mr. Nicholson's by a continuation of the same leading range  $1\frac{1}{2}$  mile, divided on the south from Mr. Nicholson's run by a leading range east and west 5 miles by a continuation of the same leading range from Mr. Donald M'Phee's run 2 miles, again by Mr. Nicholson's by the Deligate River 3 miles, divided on the west by Mr. Whittaker's run by a leading range north and south 4 miles; on the north from Mr. Ronald Campbell's run by the Deligate River 2 miles, by a road running south-east  $4\frac{1}{2}$  miles, by a road running north-east half a mile, by the edge of the plain on the north, running east and west half a mile, by Boundary Creek on the north, running east and west half a mile.

*N. B.—This run has been transferred, with the sanction of the Government, to Mr. James Matheson, in whose name the Lease will accordingly be prepared.*

## No. 134.

Thacker and Co., (now J. Matheson.)  
Name of Run—Cotalmyong.  
Estimated Area—5,120 Acres.  
Estimated Grazing Capabilities—1,600 Sheep.

Bounded on the east by a leading range and Gallahir's Plain, Mr. Boucher's run; and on the north, west, and south by the Bombala River. Extent of run about 2 miles by 4.

*N. B.—This run has been transferred, with the sanction of the Government, to James Matheson, in whose name the Lease will accordingly be prepared.*

## No. 135.

Thornton Morgan.  
Name of Run—Square Range.  
Estimated Area—10,240 Acres.  
Estimated Grazing Capabilities—300 Cattle.

Bounded on the north by Macdonald's station; on the west by the M'Laughlin River; on the south by O'Haro's station; on the east by Stanton's station.

No. 136.

Whittakers William.

Name of Run—Tom Bong.

Estimated Area—13,000 Acres.

Estimated Grazing Capabilities—300 Cattle,  
4,000 Sheep.

Bounded on the north by a high range running from west to east, (being the boundary between Currawang and Tom Bong,) to the Bombalo River, where it empties itself into the Snowy; on the west and south by a continuation of the same range; and on the east by broken ranges, a continuation of the above boundary range running towards the Bombalo River, forming the run into a kind of basin; on the west is Currawang, occupied by Messrs. Stanton and O'Hare; on the south Deligate, occupied by C. Campbell, Esq.; on the east by the Noll Bundari Ranges; and on the north the Bombalo River. The run is watered by a chain of ponds.

No. 137.

Warren Gilbert.

Name of Run—Greenland.

Estimated Area—6,400 Acres.

Estimated Grazing Capabilities—400 Cattle.

This part of the Maneroo District is very elevated, scrubby and thickly timbered, with small swampy flats among the ranges; the mountain range, separating Maneroo from the sea-coast country, running nearly north and south, being the eastern boundary; Scott's station to the north-west; Clifford's north-east; Hosking's station south.

No. 138.

Wright Charles.

Name of Run—Bobundra.

Estimated Area—10,000 Acres.

Estimated Grazing Capabilities—400 Cattle,  
2,000 Sheep.

On the north by ranges, which separates it from Pendergast's run; east by creeks, gullies, and ranges, which separate it from Bradley's run; west by ranges, which separate it from the runs of Boyd, Roots, and Thomson; south by a creek and ranges, which separate it from the stations of Boyd and Rolfe, and running about 4 miles in each direction.

No. 139.

Williams John.

Name of Run—Head of Curry Flat.

Estimated Area—10,240 Acres.

Estimated Grazing Capabilities—840 Cattle.

Head of Curry Flat is a plain surrounded by a forest, hilly and stony; it is bounded on the east by Dr. Benny; on the west by H. Badgory; on the north by Driscoll; on the south by Stanton.

No. 140.

Waite John, junior, (now J. J. Moore.)

Name of Run—Warren's Corner.

Estimated Area—7,000 Acres.

Estimated Grazing Capabilities—2,000 Sheep.

Open flats, forest ranges, and part scrubby, watered by the Numarolla and Kyboan Rivers; bounded on the east by lands of Kerwin and Mr. Throsby; on the west by the Numerolla River;

No. 112, 30TH SEPTEMBER, 1848.—6.

on the north by Flinn's land; and on the south by lands of J. J. Moore.

*N. B.—This run has been transferred, with the sanction of the Government, to J. J. Moore, in whose name the Lease will accordingly be prepared.*

No. 141.

Wallace Hugh.

Name of Run—Bellowra.

Estimated Area—12,800 Acres.

Estimated Grazing Capabilities—800 Cattle.

The station is situated in a valley, completely surrounded by mountains; it is bounded on the north by a range dividing Wawley Creek station, occupied by Hugh Wallace; on the east by a high range of mountains, dividing it from Cudgee, a station of Benjamin Boyd's; on the south by a high range of mountains, dividing it from the station of Windellah, occupied by Dr. Nicholson, Gowrie, occupied by Mr. Lintot's, and Wadbillygong, occupied by Mr. Clifford; on the west by Wanley Creek.

*N. B.—From the nature of the country in which the station is situated, it is impossible to give a more accurate description of it, as it is nearly surrounded by inaccessible mountains.*

No. 142.

Wallace Hugh.

Name of Run—Wanley Creek.

Estimated Area—6,400 Acres.

Estimated Grazing Capabilities—300 Cattle.

This station is situated on each side of Wanley Creek; bounded on the north by the Eurenbeen Mountains, dividing it from Wambaggugga station, occupied by Hugh Gordon; on the east by mountains, dividing it from Bendithong, also occupied by Hugh Gordon; on the south by Bellowra station, occupied by Hugh Wallace; on the west by the Big Badger ranges, dividing it from the station occupied by Mr. Haslendon.

*N. B.—From the nature of the country in which the station is situated, it is impossible to give a more accurate description of it, as it is nearly surrounded by inaccessible mountains.*

No. 143.

Walker William.

Name of Run—Kameraka, (Warragubbera?)

Estimated Area—192,640 Acres.

Estimated Grazing Capabilities—6,400 Cattle,  
20,000 Sheep.

Northern boundary, commencing at the north-east point of the Bega River, where the Government reserve of 3 miles from the sea coast strikes that river, thence along the south side of the said river until it is joined by the Benbooka River; thence south along the Benbooka River 2½ miles to the Bomlara old hut creek; thence crossing the river in a north-west direction to Bomlara old hut and yard; thence in a similar direction along a dividing range to the north-east point of Numbugga fence, about 6 miles; thence along the north side of the said fence 3 miles to base of the Maneroo dividing range; western boundary, commencing at the north-west point of the Numbugga fence running south along the base of the Maneroo dividing range, round the base of the Benbooka Peak; thence north-west until it joins the road

going up Nimitybelle Mountain from Benbooka; thence south round the base of the Maneroo dividing range to the road going from Tantawangala to Hibbard's Inn; southern boundary, from the road going from Tantawangala to Hibberd's as above, continuing in an east direction round the base of a branch of the said Maneroo dividing range past Woolumba Peak 2 miles or thereabouts to the west side of the sea coast range; eastern boundary, along the west side, commencing from the south-east point of the southern boundary as above, in a northerly direction along the base of the sea coast range, until it reaches the Government reserved line of 3 miles from the sea; thence north to the north-east point of the north boundary as above described; on the north boundary Mr. P. Inlay and Mr. M'Phee are the occupants. The Maneroo range is the boundary on the south and west side, and the sea coast range on the east side.

## No. 144.

Walker William.

Name of Run—Stockyard, (Candello.)

Estimated Area—12,800 Acres.

Estimated Grazing Capabilities—3,000 Sheep.

Northern boundary, commencing at a point about 2 miles north of the Stockyard old hut or Mataganah running in an easterly direction about 4 miles to the ranges; western boundary commencing at the north-west point of the above northern boundary running south-westerly and parallel with the Mataganah River for a distance of about 4 miles; southern boundary commencing at the south-west point of the above western boundary running easterly crossing the Mataganah River at a place where the road crosses from Mataganah or the stockyard to Yaclama; thence continuing easterly across the Honeysuckle Flat Creek, and thence easterly for about 2 miles to the ranges eastern boundary commencing at the south-east point of the above south boundary, running north crossing the road from Panbula to the stockyard or Mataganah, to the north-east point of the north boundary as above described Mr. Benjamin Boyd, trespassing; on the north portion of the above run. No other near neighbours the boundaries being high mountains.

## No. 145.

Walker William.

Name of Run—Yacklama (Candello?)

Estimated Area—5,760 Acres

Estimated Grazing Capabilities—14,000 Sheep.

Northern boundary commencing at the S.W. point of the south boundary of the stockyard, or Mataganah run, running E. along the said south boundary for a distance of about 4 miles; western boundary commencing at the N.W. point of the N. boundary as above, running S.W. parallel with the Mataganah River, until the said line strikes the Towamba River, about 2 miles above the junction of the Mataganah and Towamba Rivers; southern boundary commencing at the S.W. point of the W. boundary, running S.E. about 5 miles along the N. side of the Towamba River; eastern boundary commencing at the S.E. point of the S. boundary, running N.E. along and parallel with the Mataganah River

until it strikes the N.E. point of the N. boundary; on the N. is the Stockyard Run; on the W. Mr. Hibberd and Mr. Boyd's purchased land at Yacklama; on the south Mr. Hibberd; on the E. mountain ranges.

## No. 146.

Walker William, Junr.

Name of Run—Tuamba. (Candello?)

Estimated Area—35,200 Acres.

Estimated Grazing Capabilities—1,000 Cattle, 2,000 Sheep.

Northern boundary commencing on the Tuamba River 2 miles or thereabouts, from Puricat Hut, running in an east direction about 4 miles towards the Jingerry Mountains, and from the same point on the Tuamba River in a west direction, until runs into the Wag Wag Ranges. Western boundary commencing at the north-west point of the above; north boundary running south nearly parallel with the Tuamba River, until its junction with the Wag Wag Creek; thence west about 2 miles on the north side of the Wag Wag Creek about 3 miles; thence due south to the commencement of the south branch of the Wag Wag Creek, continuing along the south branch crossing the road from Towamba, to Mr. Lett's to the rise of the said branch in the Wag Wag Mountains; thence south about 2 miles across the said mountains to the Puricat Creek, crossing that creek about 3 miles above the Puricat old Hut, continuing south about 2 miles until joining the ranges. Southern boundary commencing at the south-west point of the above west boundary, running east round the base of the ranges to the foot of mount Inlay; thence down both sides of the Towamba River for 6 miles or thereabouts; eastern boundary commencing at the S.E. point of the above south boundary running in a north-west direction, along the base of the ranges to the Jingerry Mountain, until joining the north-east point of the north boundary. N.B.—A large portion of the above ascribed run, is extremely mountainous and scrubby, and unavailable. Mr. Hibberd occupies the adjacent lands to the north divided by high ranges and Mr. Lett westward; mountains are on south and east sides.

## No. 147.

Wallace and Ryrie.

Name of Run—Coolringdong.

Estimated Area—26,000 Acres.

Estimated Grazing Capabilities—1,500 Cattle, or 6,000 Sheep.

Commencing at the junction of the Coolringdong and Wambrook Roads, and along the former to the edge of the plain; thence a line from east 178 degrees south to south 27 degrees west to a small dry lake about  $4\frac{1}{2}$  miles; bounded by Mr. R. Dawson's run; from the lake a line south 67 degrees west to top of a ridge, and thence south 73 degrees west across a plain to top of a Bald Hill about 6 miles, bounded by W. A. Brierley's Run; from top of Bald Hill west 112 degrees north to the centre of a lake; from the lake to top of a Conical Hill west 157 degrees north; from top of hill to a marked

tree in Briggs' Creek, and thence to the junction of a small dry creek with Cootalandra Creek; this southern boundary may be 6 miles long, and is bounded by Mr. R. Brook's run up the Small Creek to the south-west corner of Cootalandra Big Lake, across the lake to the north-east corner, and thence a line running along the Coolringdong Road to where it joins the Wam Brook Road; another portion of the run separated from the former by 2 miles, begins at a fixed point in Slack's Creek and runs down to the Mur-

rumbidgee River; up the river about 5 miles to Bennett's Creek; up Bennetts Creek to the remains of an old hut, and thence a line to the top of the Peak Hill, about 3 miles, bounded by Mr. William Geaham's run; from top of Peak a line east 127 degrees south, to the starting point in Slack's Creek about 4 miles, bounded by Mr. Frerick's run.
