#### TORRES' STRAITS.

**H**IS Excellency the GOVERNOR directs the publication of a letter from Captain Owen Stanley, recommending, that in the event of any vessel being unfortunately wrecked in attempting the outer passage through Torres' Straits in the present season, the crew should join Her Majesty's Ship "Rattlesnake," at Princess Charlotte's Bay, or Cape York, rather than attempt to cross the Gulf of Carpentaria to Port Essington.

By His Excellency's Command,  
E. DEAS THOMSON.

H. M. Sg. Ship *Rattlesnake*,  
Sydney, 29th April, 1848.

Sir,

Having landed Mr. Kennedy and his party, I shall commence the survey of the inner passage at Rockingham Bay, and work to the northward; I expect to be in the neighbourhood of Princess Charlotte's Bay the end of July, and at Cape York the beginning of October, so that in the event of any ships being unfortunately wrecked in attempting the outer passage this season, it would be better for the crew to join this vessel than to attempt to cross the Gulf of Carpentaria to Port Essington.

I am, Sir,

Your very obedient servant,  
OWEN STANLEY,

Officers on half-pay, residing in the Colony where they propose to settle, are admitted to the privileges of Military and Naval Settlers, without referring to this Country for Testimonials, provided they can satisfy the Governor that there is no objection to their being allowed the indulgence, and that the statement of their rank and length of service is accurate; and provided, if they belong to the Navy, they produce their letter of leave of absence from the Admiralty.

5. Military Chaplains, Commissariat Officers, and Officers of any of the Civil Departments of the Army; Pursers, Chaplains, Midshipmen, Warrant Officers of every description, and Officers of any of the Civil Departments of the Navy, are not allowed any privileges in respect of land. Although members of these classes may have been admitted formerly, and under different circumstances, they are now excluded. Mates in the Royal Navy rank with Ensigns in the Army, and Mates of three years standing, with Lieutenants in the Army, and are entitled respectively to corresponding privileges in the acquisition of lands.

6. Gentlemen who have ceased to belong to Her Majesty's Service are not allowed the advantages to which they were entitled while in the Army or Navy. This Rule, however, is not to affect Officers who desire to quit the Service, for the express purpose of settling in the Colonies; it is only required, that when they resign their Commissions, they should apply for a certificate from the Commander-in-Chief or from the Lords Commissioners of the Admiralty, or from the Master General of the Ordnance, that they do so with a view of emigrating, and such certificate, if produced to the Governor of any of the Colonies before-mentioned within one year from its date, *but not otherwise*, will be a sufficient warrant for allowing the bearer the same advantages as Officers who are still in Her Majesty's Service.

7. An actual residence of two years in the Colony must be proved before the Titles can be granted, except in cases in which death may have occurred before the expiration of that period.

8. For the convenience of Officers, the following heads are subjoined of the Rules for the sale of Land in the Australian Settlements:—

All Lands are disposed of by sale alone, and must have been once at least exposed to public auction.

The lowest upset price is not less than £1 per acre; but the Government has power to raise the same by Proclamation, though not again to reduce it.

The Lands are distinguished into three different classes; viz. Town Lots, Suburban Lots, and Country Lots.

Upon Town and Suburban Lots, as well as upon a proportion not exceeding one-tenth of the whole of the Country Lots offered for sale at any auction, the Governor has the power of naming a higher than the general or lowest upset price: these last to be designated "Special Country Lots."

Town and Suburban Lots are in no case disposed of except by public auction; but Country Lots, which have already been put up to public auction, and not sold, may be disposed of afterwards by private contract at the upset price.

No Lands are sold by private contract, except for ready money. When sold by public auction, one-tenth at least of the whole purchase money must be put down, and the remainder within one calendar month, or the deposit is forfeited.

Lands are put up for sale in lots not exceeding one square mile in extent.

9. In Ceylon, Land is sold by auction at an upset price of 5s. per acre, generally in lots of 100 acres each.

10. The several prices above-mentioned are of course subject to revision at any time by the proper Authorities, and the pecuniary amount of the Remission made to Officers cannot be increased on account of an increased value set upon the Lands.

NATIONAL EDUCATION.

**H**IS EXCELLENCY the GOVERNOR has been pleased to direct the publication of the following Regulations, to be attended to by all applicants for aid towards the building of School Houses, or for the support of Schools in connexion with the Board for superintending the National Schools.

His Excellency desires at the same time, to intimate to the public, that the Board for superintending National Schools, notwithstanding their anxiety to bring the system of National Education into operation as soon as possible, will not be in a situation to entertain proposals for the establishment of Schools generally, until they shall have received answers from the National Board of Ireland to their application for Teachers and Books.

*By His Excellency's Command,*

E. DEAS THOMSON.

*REGULATIONS and Directions to be attended to in making application to the Commissioners of National Education, for aid towards the building of School Houses or for the support of Schools.*

I.—AS TO THE BUILDING AND SUPPORT OF SCHOOLS.

1. The Commissioners will grant aid towards the building and support of Schools of two classes, Elementary Schools and Schools of Industry; but they can only grant aid to a limited number of the latter, and they must be at certain distances from each other. One-third at least of the actual expenditure upon each building must be locally provided for under the guarantee of the local Patron or Patrons.

2. Applicants for aid towards the building of a School House, or towards the support of a School already established, will be considered as the local Patrons under the superintendence and direction of the Board of Commissioners, and they will be required to state the number of children expected to attend the School, distinguishing males from females.

3. The Commissioners will consider themselves at any time entitled to add to the number of local Patrons of a School, and to name such additional Patrons.

4. Applicants for aid towards the building of a School House, in cases where grants of land for this purpose cannot be obtained from the Crown, will be required to describe the site of the intended building, and to be prepared to execute a conveyance of the fee simple, or other tenure (as may be agreed on) of the Land to the Board of Commissioners. If the Commissioners approve of the application they will furnish a plan and specification of the necessary works, and the form of an Estimate which is to be returned to them duly filled up, and they will then notify the extent of aid which they are disposed to grant; but they are not to be required in any case to pay more than two-thirds of the sum which can be satisfactorily shewn to them to have been *actually* and *necessarily* expended.

5. The Commissioners will require by the plan which they furnish that a portion of each School building shall be divided from the rest by a partition, in order that it may be used as a separate class room; and as an indispensable condition for aid towards a School of Industry, that a work room shall be annexed to it, if it be situated in a City or Town; and if it be a rural or country School, that a certain quantity of land shall be provided for garden culture. They will consider Schools for Females as of the class of elementary Schools, but they will require that instruction be there given in sewing, knitting, and other works suited to females.

6. The School when finished is to be vested in the Board of Commissioners as a Corporate Body, which is to hold the school house for the purpose of National Education according to these regulations.

7. The Commissioners do not contribute to the ornamenting of school houses, but merely to such expenditure as may be necessary for having the children accommodated in plain substantial buildings. If buildings of another description be preferred, the whole of the extra expense must be provided by the local patrons.

8. The Commissioners will contribute where necessary, a portion of the expense which may be in the first instance required for fitting up or furnishing a school house, but provision must thenceforth be locally made for keeping the house repaired and furnished.

9. The Commissioners will furnish at a stated price to each school a first stock of school books, which will be renewed at the end of every four years; they are to be kept as a school stock for which the master or mistress will be held responsible, and they are on no account to be taken out of the school. The Commissioners will also supply books from time to time for the general use of the children, and school requisites,—as paper, slates, quills, &c., also at a stated price.

II.—AS TO THE GOVERNMENT OF SCHOOLS, WITH RESPECT TO ATTENDANCE  
AND RELIGIOUS INSTRUCTION.

1. The ordinary school business, during which all children of whatever denomination they may be, are required to attend, is to embrace a competent number of hours each day, according to the instructions which the Commissioners will give to the Master and Inspectors.

2. One day in each week, or part of a day, (independently of Sunday) is to be set apart for the religious instruction of the children, on which day such pastors, or other persons as are approved of by the parents or guardians of the children, shall have access to them for that purpose, whether those pastors have signed the original applications or not.

3. The Local Patrons, Masters, and Mistresses of Schools, are also required to afford convenient opportunity and facility for the same purpose on other days of the week; but where any course of religious instruction is pursued in a School during school hours to which the parents of any of the children attending it object, the Local Patrons are to make an arrangement for having such instruction given to those who are to receive it at a stated time or times in a separate place from the class room, so that no children whose parents or guardians object to their being so, shall be present at it.

4. Any arrangement of this description that may be made is to be publicly notified in the Schools, in order that those children, and those only, may be present whose parents or guardians approve of their being so.

5. The reading of the Scriptures either in the Protestant authorised or Douay versions, comes within the above rules, as to religious instruction.

6. If any other books than the Holy Scriptures, or the standard books of the Church to which the children using them belong, are employed in communicating religious instruction, each work is to be made known to the Local Patron or Patrons by the Pastor or religious Instructor, and the said Local Patron or Patrons are required to report the title and character of such work to the Commissioners.

7. The Masters and Mistresses of schools are required to use for the ordinary school business such works *only* as have been published by the Commissioners of National Education in Ireland. The titles of all other books which the conductors of schools may wish to use for the ordinary schools business, are to be reported to the Commissioners, and none such are to be used until the Board shall have notified its approval of them.

8. A Register is to be kept in each school, recording the daily attendance of each scholar, and the average attendance in each week, and each quarter, according to a form to be furnished by the Commissioners.

III.—AS TO TEACHERS.

1. The appointment of the Teachers of schools rests solely with the Board of Commissioners, who are to be satisfied of the fitness of each, both as to character and general qualification.

2. But while the Board thus reserves to itself the right of nomination, it will in all cases pay special regard to the recommendation by the local Patrons of Candidates for the office of Teacher. A Teacher should be a person of Christian sentiment, of calm temper and discretion, should be imbued with a spirit of peace, of obedience to the law, and loyalty to the Sovereign; and should not only possess the art of communicating knowledge, but be capable of moulding the mind of youth, and of giving the power which education confers, a useful direction. These are the qualities for which Patrons of Schools, on their recommendation of Teachers, should anxiously look. They are those which the Commissioners are anxious to find, to encourage, and to reward.

3. The Commissioners will provide a Normal Establishment in Sydney, for training Teachers, and educating persons destined to undertake the charge of Schools, and they will not sanction the appointment of a Teacher *permanently*, to any school unless he or she shall have received a certificate from them, or from such person as they may authorize to examine him or her on the spot, to ascertain due qualification for the office.

4. Persons presented for admission to the Normal Establishment must produce a certificate of good character from an officiating Clergyman of the Communion to which they belong; they must make a solemn declaration of allegiance before a Magistrate, or in the presence of the Commissioners; they must pass through an examination in Grammar and Arithmetic, and also in the third, fourth, and fifth lesson books published by the Commissioners for National Education in Ireland.

5. The Commissioners will grant a salary to each Teacher, of from the minimum sum of £40 a year, to such augmented sum as they may consider proportioned to the nature and extent of the instruction which his or her school may afford; they will also grant annual gratuities to the most deserving Teachers according to the reports made upon their conduct; and they will require that a further income be received, either by local subscription or school fees to such amount, in each case, as they may direct.

6. Should the Commissioners consider any Teacher employed in a school towards which they have contributed unfit for his or her office, or otherwise objectionable, they shall have the power to dismiss summarily, the said Teacher, and to provide another.

7. Salaries granted by the Commissioners are granted to the Teachers individually, therefore no new Teacher can receive a salary from them, until they shall have first approved of his or her qualification for the office.

---

#### IV.—ON THE INSPECTION OF SCHOOLS.

1. Clergymen of all denominations residing in the neighbourhood of a School, or having any ecclesiastical connexion with the District in which it is situated, although they may not have signed the original application for it to the Commissioners, are to have free admission to it; but they are not to take part in the ordinary business nor to interrupt it, but merely as visitors to observe how it is conducted.

2. Every teacher of a National School, is required to receive courteously known clergymen or other gentlemen of the neighbourhood of all denominations who purpose to inspect it, to afford them free access to the School Room, and full liberty to observe what books are in the hands of the children or upon the desks, what tablets are hung up on the walls, and what is the method of teaching; but Teachers are by no means to permit any person to interrupt the business of the School by asking questions of the children, examining classes, calling for papers of any kind, or in any other way diverting their own attention or that of the scholars from their usual business.

3. Should any such visitors wish for information which they cannot obtain by such inspection, it will be the duty of the teacher to refer them to the local Patrons of the School for it.

4. Every teacher is required to have his visitors' book lying upon his desk, that visitors may, if they choose, enter remarks in it. Such remarks as may be made the teachers are by no means to alter or erase.

5. With respect to persons, not clergymen, or not of the neighbourhood proposing to visit a School, the local Patrons are at liberty to make such regulations as they may deem expedient. The Commissioners however expect that whether such visits be received or declined, the persons

persons who offer them shall be always treated with respect, and their inspections subjected to the same regulations with those of clergymen residing in the neighbourhood.

6. As the religious instruction of the children is under the control of the clergymen or lay person communicating it, with the approbation of their parents, the Commissioners can give no liberty to any other visitor, whether clergyman or layman, to interfere at all upon the subject.

7. The Commissioners, by themselves or their Officers, have the right to visit and examine the schools whenever they shall think fit. Those who visit on the part of the Commissioners will be furnished with credentials under their seal, which such visitors will shew to the teachers.

8. The Commissioners will divide New South Wales into School Districts, the number and limits of which will be hereafter defined, and they will appoint a Superintendent for each. He is frequently to visit the several schools committed to his charge; to receive a monthly report upon each from the Teacher, and to make one quarterly to the Commissioners. He is also to supply the Board with such local information as they may from time to time require from him, and to act as their agent in all matters in which they may employ him; but he is not invested with authority to decide upon any question affecting a National School, or the general business of the Commissioners without their directions.

9. The Commissioners will take an early opportunity of issuing more detailed instructions to the inspectors of their schools.

#### V.—MISCELLANEOUS.

1. It is the earnest wish of the Government and of the Commissioners that the clergy and laity of the different religious denominations in the Colony should co-operate with one another in conducting National Schools, but the Board choose rather to leave this expression of their desire to the good feeling of the applicants for aid to such schools, than to make it the subject of any express stipulation.

2. When any school is received by the Commissioners into connexion with them, the inscription "National School," and no other, shall be put up conspicuously on the school house.

3. The Board require that no use shall be made of their school houses tending to contention—such as the holding of political meetings in them, or bringing into them political petitions, or documents of any kind for signature; and that they shall not at any time be converted into places of public worship. Such use or uses made of a school house built by aid from the Commissioners, or of a school house after its establishment into connexion with the Board, being a violation of the principles of the National Education system, will be regarded by the Commissioners as a sufficient reason for dismissing the master or mistress, and withdrawing their confidence from the local patrons.

4. The Commissioners will require that the principles of the following lesson be strictly inculcated in all schools admitted into connexion with them, and that a printed copy of the lesson itself, to be furnished by them, shall be hung up in each school:—

"Christians should endeavour, as the Apostle Paul commands them, to live peaceably with all men."—*Rom. ch. xii, 18.*

"Our Saviour Christ commanded his disciples to love one another. He taught them to love even their enemies, to bless those that cursed them, and to pray for those that persecuted them. He, himself, prayed for his murderers."

"Many men hold erroneous doctrines, but we ought not to hate or persecute them. We ought to seek for the truth and to hold fast what we are convinced is the truth; but not to treat harshly those who are in error. Our Saviour did not intend his religion to be forced on men by violent means. He would not allow his disciples to fight for him."

"If any persons treat us unkindly, we must not do the same to them, for Christ and his Apostles have taught us not to return evil for evil. If we would obey Christ, we must do to others not as they do to us, but as we should wish them to do to us."

"Quarrelling with our neighbours and abusing them, is not the way to convince them that we are in the right and they in the wrong; it is more likely to convince them that we have not a Christian Spirit."

"We ought to shew ourselves followers of Christ, who when he was reviled, reviled not again."—1. *Pet. ch. ii, 23.*

5. The Commissioners will regard the conduct of any teacher attending Meetings held for political purposes, or taking part in Elections of Members of the Legislative Council, as incompatible with the performance of his duties, and accordingly dismiss him.

6. The Commissioners would wish to establish in the more thinly peopled districts of the Colony a system of boarding children in the vicinity of the National Schools; and in the meantime they request from such employers of labor beyond the boundaries as are favorable to general Education, and inclined to become Patrons of Schools, in connexion with the Board, every local information on the subject which they may consider themselves able to afford.

7. The Commissioners reserve to themselves the power of revoking or altering any of the foregoing Regulations as from time to time it shall seem to them to be either expedient or necessary.

DESIGNATION OF ROMAN CATHOLIC  
PRELATES.

**H**IS Excellency the GOVERNOR is pleased to direct the publication of the following Despatch from the Right Honorable the Principal Secretary of State for the Colonies, relative to the mode of addressing Prelates of the Roman Catholic Church, in official correspondence.

*By His Excellency's Command,*

E. DEAS THOMSON.

(CIRCULAR.)

*Downing-street,  
20th November, 1847.*

Sir,  
My attention has lately been called by the Lord Lieutenant of Ireland to the fact, that the Prelates of the Roman Catholic Church in the

British Colonies, have not hitherto, in their official correspondence with the Governor and Authorities, been usually addressed by the title to which their rank in their own Church would appear to give them a just claim. Formerly there were obvious reasons for this practice, but as Parliament has by a recent Act (that relating to Charitable Bequests in Ireland,) formally recognised the rank of the Irish Roman Catholic Prelates, by giving them precedence immediately after the Prelates of the Established Church of the same degree, the Roman Catholic Archbishops and Bishops taking rank immediately after the Protestant Archbishops and Bishops respectively; it has appeared to Her Majesty's Government that it is their duty to conform to the rule thus laid down by the Legislature, and I have accordingly to instruct you hereafter officially to address the Prelates of the Roman Catholic Church in your Government by the title of "Your Grace," or "Your Lordship," as the case may be.

Parliament not having thought proper to sanction the assumption by the Prelates of the Roman Catholic Church in Ireland of titles derived from the Sees which they hold, a similar rule will be followed in the Colonies; thus, for example, the Roman Catholic Prelate in New South Wales will be addressed as the Most Reverend Archbishop Polding, and in Van Diemen's Land, as the Right Reverend Bishop Willson.

I have, &c.,  
(Signed) GREY.

Governor  
SIR CHARLES A. FITZ ROY,  
&c., &c., &c.

FEMALES (UNMARRIED.)

Cooks .....	1

Nursemaids .....	5
Needlewomen .....	3
General House Servants	2
Dairy Women .....	2
Farm Servants .....	9
Kitchenmaid .....	1

On Wednesday, the Thirty-first instant, persons desiring to obtain female servants from this Ship will be admitted on board between the hours of 10, a.m., and 4, p.m., but it is to be understood that on that day the hiring will be restricted to the unmarried females.

On Thursday, the First June next, and following days, between the hours of 10, a.m., and 4, p.m., the hiring of the remainder of the Immigrants will be proceeded with.

Before 10 o'clock on the morning of Wednesday, the Thirty-first instant, or at any other times than those fixed, as above stated, for the hiring of the Immigrants, no stranger or person in quest of servants will be admitted, or allowed to remain on board. Strict orders have been given to the Policeman on duty in the Ship, to enforce the observance of this rule.

All applications for servants must be made to the Surgeon Superintendent on board, and the Immigrants will be cautioned against hiring themselves to any person without his sanction, and without a formal agreement, to be signed by the two contracting parties, and witnessed by an Officer of the Immigration Department, who will attend on board of the ship for the purpose.

Before sanctioning any engagement, the Surgeon Superintendent will be required to satisfy himself of the respectability of the hiring party, either by reference to the Officer of the Immigration Department who will be in attendance, or by such other

means of enquiry as may be available. This rule will be observed in every instance, but it will be acted upon with especial strictness in the case of the unmarried females; and these latter will be recommended not to accept situations in Inns or other Houses of public entertainment, as it is considered that such places are better suited to servants who have been for some time in the Colony, than to Immigrant girls on their first arrival.

No stranger will be allowed to visit the 'tween decks of the vessel unless accompanied by the Surgeon Superintendent. Any person infringing this rule will be ordered to quit the ship forthwith.

The Ship will be anchored on the western side of Sydney Cove, near the landing place between the Water Police Office and Campbell's wharf, and will be provided with an external accommodation ladder.

HIS Excellency the GOVERNOR, with the advice of the Executive Council, directs it to be notified for general information, that the state of the Survey not yet admitting of the issue of Leases for Runs beyond the Settled Districts, all existing Licenses for the occupation of Crown Lands so situated, will be renewed for the ensuing year, commencing on the 1st July next, on the same terms as Licenses have been granted for the now current year, subject, of course, to the adjustment of the License Fee according to the quantity of Stock returned by the Commissioner as depastured on every such Run.

2. Adverting to the 5th section of chapter II. of Her Majesty's Order in Council, dated 9th March, 1847, which declares that Leases of Runs issued thereunder will be absolutely and indefeasibly forfeited if the stipulated Rent be not paid within the time therein prescribed, His Excellency the Governor desires it to be distinctly understood, that claims to Leases will, in like manner, be held to have become forfeited and void, if the Licenses for the continued occupation, for the ensuing year, of the Lands for which Leases are sought, shall not have been taken out within the time fixed by the present Notice, namely, between the 1st day of July, and the 30th day of September next.

3. If, within the year commencing the 1st July next, the Government shall be in a position to grant Leases of Runs under Her Majesty's Order in Council, any Licensee under this Notice who may obtain a Lease, will receive credit in the payment of

his first year's rent, for so much of the amount paid for his License as may be proportionate to the unexpired part of the term for which the License was granted.

4. The present Regulation does not, however, extend to Lands which have been brought by the Order in Council within the settled class, but which have hitherto been held under Squatting Licenses for pastoral purposes. The occupants of such Lands will be enabled to obtain Leases for the same, on the terms prescribed in sections 22, 23, and 24 of the Notice of 29th March last.

E. DEAS THOMSON.*

CROWN LANDS BEYOND THE SETTLED DISTRICTS.

(RENEWAL OF PASTURAGE LICENSES.)

**H**IS Excellency the GOVERNOR, with the advice of the Executive Council, directs it to be notified for general information, that the state of the Survey not yet admitting of the issue of Leases for Runs beyond the Settled Districts, all existing Licenses for the occupation of Crown Lands so situated, will be renewed for the ensuing year, commencing on the 1st July next, on the same terms as Licenses have been granted for the now current year, subject, of course, to the adjustment of the License Fee according to the quantity of Stock returned by the Commissioner as depastured on every such Run.

2. Adverting to the 5th section of chapter II. of Her Majesty's Order in Council, dated 9th March, 1847, which declares that Leases of Runs issued thereunder will be absolutely and indefeasibly forfeited if the stipulated Rent be not paid within the time therein prescribed, His Excellency the Governor desires it to be distinctly understood, that claims to Leases will, in like manner, be held to have become forfeited and void, if the Licenses for the continued

occupation, for the ensuing year, of the Lands for which Leases are sought, shall not have been taken out within the time fixed by the present Notice, namely, between the 1st day of July, and the 30th day of September next.

3. If, within the year commencing the 1st July next, the Government shall be in a position to grant Leases of Runs under Her Majesty's Order in Council, any Licensee under this Notice who may obtain a Lease, will receive credit in the payment of his first year's rent, for so much of the amount paid for his License as may be proportionate to the unexpired part of the term for which the License was granted.

4. The present Regulation does not, however, extend to Lands which have been brought by the Order in Council within the settled class, but which have hitherto been held under Squatting Licenses for pastoral purposes. The occupants of such Lands will be enabled to obtain Leases for the same, on the terms prescribed in sections 22, 23, and 24 of the Notice of 29th March last.

## NOTICE.

ON Tuesday, the first day of August next, a Special General Muster of all ticket of leave holders for the District of Moreton Bay, will be commenced at the Police Office, in North Brisbane, and will be continued until the 14th of the same month, when the Muster Book will be closed, and every absentee will be immediately reported to the Principal Superintendent of Convicts, excepting in instances where the distance is too great to permit personal attendance, or where absence would be a serious inconvenience to the employer, in either of which cases it will be absolutely necessary that the ticket of leave be forwarded to Brisbane, together with a certificate to the above effect, under the hand of the employer, and if the prisoner is residing without the boundaries of the Police District of Moreton Bay, he must state by what authority he does so. A neglect of either of these conditions will cause the offender to be treated as an absentee. All prisoners whose tickets of leave have been granted, but not taken from this Office, are hereby directed to apply at once in person for the same; any such tickets remaining in this Office after the above named 14th day of August, will be returned to the Office of the Principal Superintendent of Convicts.

Prisoners who have applied through this Bench for tickets of leave, and have not yet received a reply, may (if the application has been put in more than three months,) apply at once to the Clerk of the Petty Sessions in order that enquiry may be made; such prisoners will be careful to state correctly their names, ships, sentences, years of arrival, and present places of abode.

On Thursday, the Fifteenth instant, persons desiring to obtain female servants from this Ship will be admitted on board between the hours of 10, a.m., and 4, p.m., but it is to be understood that on that day the hiring will be restricted to the unmarried females.

On Friday, the Sixteenth instant, and following days, between the hours of 10, a.m., and 4, p.m., the hiring of the remainder of the Immigrants will be proceeded with.

Before 10 o'clock on the morning of Thursday, the Fifteenth instant, or at any other times than those fixed, as above stated, for the hiring of the Immigrants, no stranger or person in quest of servants will be admitted, or allowed to remain on board. Strict orders have been given to the Policeman on duty in the Ship, to enforce the observance of this rule.

All applications for servants must be made to the Surgeon Superintendent on board, and the Immigrants will be cautioned against hiring themselves to any person without his sanction, and without a formal agreement, to be signed by the two contracting parties, and witnessed by an Officer of the Immigration Department, who will attend on board of the ship for the purpose.

Before sanctioning any engagement, the Surgeon Superintendent will be required to satisfy himself of the respectability of the hiring party, either by reference to the Officer of the Immigration Department who will be in attendance, or by such other

means of enquiry as may be available. This rule will be observed in every instance, but it will be acted upon with especial strictness in the case of the unmarried females; and these latter will be recommended not to accept situations in Inns or other Houses of public entertainment, as it is considered that such places are better suited to servants who have been for some time in the Colony, than to Immigrant girls on their first arrival.

No stranger will be allowed to visit the 'tween decks of the vessel unless accompanied by the Surgeon Superintendent. Any person infringing this rule will be ordered to quit the ship forthwith.

The Ship will be anchored on the western side of Sydney Cove, near the landing place between the Water Police Office and Campbell's wharf, and will be provided with an external accommodation ladder.

CROWN LANDS BEYOND THE SETTLED  
DISTRICTS.

(RENEWAL OF PASTURAGE LICENSES.)

**H**IS Excellency the GOVERNOR, with the advice of the Executive Council, directs it to be notified for general information, that the state of the Survey not yet admitting of the issue of Leases for Runs beyond the Settled Districts, all existing Licenses for the occupation of Crown Lands so situated, will be renewed for the ensuing year, commencing on the 1st July next, on the same terms as Licenses have been granted for the now current year, subject, of course, to the adjustment of the License Fee according to the quantity of Stock returned by the Commissioner as depastured on every such Run.

2. Adverting to the 5th section of chapter II. of Her Majesty's Order in Council, dated 9th March, 1847, which declares that Leases of Runs issued thereunder will be absolutely and indefeasibly forfeited if the stipulated Rent be not paid within the time therein prescribed, His Excellency the Governor desires it to be distinctly understood, that claims to Leases will, in like manner, be held to have become forfeited and void, if the Licenses for the continued occupation, for the ensuing year, of the Lands for which Leases are sought, shall not have been taken out within the time fixed by the present Notice, namely, between the 1st day of July, and the 30th day of September next.

3. If, within the year commencing the 1st July next, the Government shall be in a position to grant

Leases of Runs under Her Majesty's Order in Council, any Licensee under this Notice who may obtain a Lease, will receive credit in the payment of his first year's rent, for so much of the amount paid for his License as may be proportionate to the unexpired part of the term for which the License was granted.

4. The present Regulation does not, however, extend to Lands which have been brought by the Order in Council within the settled class, but which have hitherto been held under Squatting Licenses for pastoral purposes. The occupants of such Lands will be enabled to obtain Leases for the same, on the terms prescribed in sections 22, 23, and 24 of the Notice of 29th March last.

(By order of the Official Assignee.)

The Mount Prudhoe Estate, in the County of Camden.

**M**R. EDWARD SALAMON will sell by auction, at his Rooms, George-street, on Tuesday, 5th July, at 12 o'clock:—

The right, title, and interest of the Official Assignee in and unto the unexpired term of the lease of the celebrated Mount Prudhoe Estate, consisting of five thousand nine hundred and three acres of rich and fertile land, situate within six miles of the Village of Camden, and has a frontage of four miles on both sides of the Public Road.

About 150 acres have been cleared for cultivation, and sixty acres are now under wheat and oats, which promise a most abundant crop.

The whole of the property (excepting a small portion of the north-east boundary) is fenced and divided into many paddocks, and there has been erected a substantial dwelling for an overseer, dairy, huts, yards, and every necessary for carrying on extensive cultivation and dairy operations.

On this property are the well-known Razorback accommodation paddocks and yards, yielding a steady and increasing return.

The lease is held from the Crown, of which 15 years are unexpired.

To Carcass Butchers, this property would be invaluable, for the receipt of cattle and sheep.

The rent would be more than paid out of the profits of the establishment, and leave the greater portion of the Estate for grazing their stock, of

which it would carry a large number without at all interfering with the Cultivation, Dairy, or accommodation of teams, &c.

It is, moreover, unquestionably the best situation on the Southern Road for the erection of a good Inn.

Further particulars may be ascertained on application to the Auctioneer, where a plan of the property may be seen; and also to Mr. Buckland, who will afford any information required respecting the property.

Terms at sale.

MR. SPEAKER, AND GENTLEMEN  
OF THE LEGISLATIVE COUNCIL,

The business of the Session has now arrived at that stage which enables me to release you from further attendance on your arduous and important duties.

A Copy of the Address which you have presented to me on the subject of establishing Steam Communication with England shall, in conformity with your request, be transmitted by an early opportunity to Her Majesty's Government, with my earnest recommendation that this highly desirable measure may be carried out with the least possible delay, according to the plan, and upon the terms, proposed by the Select Committees of 1846, and of the present Session.

With respect to your Address on the subject of establishing Railways in this Colony, it is only necessary at present that I should assure you of my ardent desire to see the surpassing advantages of that mode of transit extended to the Colony, and of my readiness to co-operate with the Council in every way in which, consistently with a just consideration for the public interests, it may be in my power to promote this very important object.

Your Address on the subject of the reception of Exiles in this Colony, has already been trans-

mitted to Her Majesty's Secretary of State for the Colonies.

The other Addresses which you have presented to me, and to which no special answer has been returned, will receive every attention on my part, with a view, as far as may be found practicable, to carry out the objects to which they relate.

I have to thank you, Gentlemen, for the liberality with which you have voted the supplies; you may rely upon my anxious endeavours to use them with every regard to economy, consistent with the due efficiency of the public service.

In addressing the present Council for the last time, I have great pleasure in acknowledging the great ability which you have evinced, and the effective co-operation which you have afforded me, in maturing and perfecting those measures for the public welfare, which it has been my duty, since I assumed this Government, to bring under your consideration.

It only remains for me to express my good wishes towards the Members individually and collectively, and to declare this Council now to be dissolved, and the same is hereby dissolved accordingly.

CH<sup>S</sup>. A. FITZ ROY,  
GOVERNOR.

Sydney, 20th June, 1848.

**W**HEREAS by a certain Act of the Imperial Parliament of Great Britain and Ireland, passed in the fifth and sixth years of the reign of Her Most Gracious Majesty Queen Victoria, intitled, "*An Act for the Government of New South Wales and Van Diemen's Land*," it was amongst other things enacted, that it should be lawful for the Governor of New South Wales to prorogue the Legislative Council thereof from time to time, and dissolve the same by Proclamation or otherwise, whenever he should deem it expedient; and

whereas it is expedient to dissolve the said Legislative Council: Now I, Sir Charles Augustus Fitz Roy, the Governor aforesaid, in pursuance of the power and authority so in me vested, do hereby dissolve the said Legislative Council accordingly.

Given under my Hand and Seal, at Government House, Sydney, this twentieth day of June, in the year of Our Lord one thousand eight hundred and forty-eight, and in the twelfth year of Her Majesty's Reign.

#### WHARVES.

CONSIDERABLE injury having been done to the navigation of the Harbour of Port Jackson, and other navigable waters of the Colony, by parties who have been allowed to erect Wharves, having extended them beyond the authorised limit by throwing rubbish into the water, His Excellency the Governor has been pleased to direct that in future no permission to form a Wharf, or extend one already made will be given without a stipulation, rendering it imperative that such wharf be fenced with stone, or in such other manner as will effectually prevent the injury complained of, to be accompanied by a bond, with two sureties for the due observance of all the conditions upon which such permission is granted.

All applications for this purpose must be accompanied by a tracing, showing the nature and extent of the proposed Wharf, and must contain the names of two solvent persons willing to become sureties for the due observance of the conditions above referred to.

Colonial Secretary's Office,

CROWN LANDS BEYOND THE SETTLED  
DISTRICTS.

(TRANSFER OF RUNS.)

WITH reference to the Notice of 1st January, 1848, headed "*Transfer of Runs*," in which it is provided, that "in consideration of the delay that must necessarily take place in the issue of Leases of Runs demanded under the 11th section of chapter II of Her Majesty's Order in Council of the 9th March, 1847, any licensed occupant who, after having demanded his Lease, may desire to part with his interest in the same, will be allowed to have the Lease made out in favor of any person recommended by the Commissioner of the District, on making written application, in the manner in the said Notice prescribed, but that, in this case, the original applicant will be debarred from all further claim to the Lease, the right of which will be thenceforth held to be vested in the person in whose favor he requested that it should issue." His Excellency the Governor, with the advice of the Executive Council, directs it to be notified, that in all cases in which Claimants of Leases of Runs shall have alienated their right thereto, under the provisions of the Notice above cited, the licenses for such Runs for the ensuing year will be issued not to the persons who previously held them, but to the proposed transferees.

CROWN LANDS BEYOND THE SETTLED  
DISTRICTS.

(RENEWAL OF PASTURAGE LICENSES.)

HIS Excellency the GOVERNOR, with the advice of the Executive Council, directs it to be notified for general information, that the state of the Survey not yet admitting of the issue of Leases for Runs beyond the Settled Districts, all existing Licenses for the occupation of Crown Lands so situated, will be renewed for the ensuing year, commencing on the 1st July next, on the same terms as Licenses have been granted for the now current year, subject, of course, to the adjustment of the License Fee according to the quantity of Stock returned by the Commissioner as depastured on every such Run.

2. Adverting to the 5th section of chapter II. of Her Majesty's Order in Council, dated 9th March, 1847, which declares that Leases of Runs issued thereunder will be absolutely and indefeasibly forfeited if the stipulated Rent be not paid within the time therein prescribed, His Excellency the Governor desires it to be distinctly understood, that claims to Leases will, in like manner, be held to have become forfeited and void, if the Licenses for the continued occupation, for the ensuing year, of the Lands for which Leases are sought, shall not have been taken out within the time fixed by the present Notice, namely, between the 1st day of July, and the 30th day of September next.

3. If, within the year commencing the 1st July next, the Government shall be in a position to grant Leases of Runs under Her Majesty's Order in

Council, any Licensee under this Notice who may obtain a Lease, will receive credit in the payment of his first year's rent, for so much of the amount paid for his License as may be proportionate to the unexpired part of the term for which the License was granted.

4. The present Regulation does not, however, extend to Lands which have been brought by the Order in Council within the settled class, but which have hitherto been held under Squatting Licenses for pastoral purposes. The occupants of such Lands will be enabled to obtain Leases for the same, on the terms prescribed in sections 22, 23, and 24 of the Notice of 29th March last.
