#### LIGHT HOUSE ON CAPE OTWAY.

**H**IS Excellency the Governor directs the publication, for general information, of the subjoined memorandum respecting the Light House which has recently been erected on Cape Otway, in Bass's Straits.

His Excellency further directs it to be notified, that at the expiration of one calendar month from the 20th day of October, 1848, the Dues towards the maintenance of the said Light House will become payable at the several Ports in New South Wales, as provided for by the Act of the Governor and Legislative Council, passed in the eleventh year of Her Majesty's reign, intitled, "An Act to provide for the payment of Dues towards the maintenance of Light Houses at Gabo Island and Cape Otway, respectively."

By his Excellency's command,  
E. DEAS THOMSON.

The Light House on Cape Otway, Bass's Straits, latitude 38 degrees, 51 minutes south, longitude 143 degrees 29 minutes east, having been completed and lighted on the 20th August, 1848, a light is burning, and will continue from sunset until sunrise.

The reef off Cape Otway is one-half to three-quarters of a mile distant, bearing south-east to south south-west, and extends 1½ miles westward.

The Light House is erected on a cliff 251 feet 6 inches above high water mark; the supporting column is 45 feet high, and the lantern 7 feet high.

From highwater mark to the centre of the light is 300 feet.

The light is a revolving catoptric of three groups of lamps, each group containing 7 lamps; the entire revolves round once in 2 minutes and 39 seconds, shewing a flash of light of 3 seconds duration, and 50 seconds of darkness.

It is estimated that the light will be seen 8 leagues.
