LIGHT HOUSE ON CAPE OTWAY.

HIS Excellency the Governor directs the publication, for general information, of the subjoined memorandum respecting the Light House which has recently been erected on Cape Otway, in Bass's Straits.

His Excellency further directs it to be notified, that at the expiration of one calendar month from the 20th day of October, 1848, the Dues towards the maintenance of the said Light House will become payable at the several Ports in New South Wales, as provided for by the Act of the Governor and Legislative Council, passed in the eleventh year of Her Majesty's reign, intituled, "An Act to provide for the payment of Dues towards the maintenance of Light Houses at Gabo Island and Cape Otway, respectively."

By his Excellency's command,
E. DEAS THOMSON.

The Light House on Cape Otway, Bass' Straits, latitude 38 degrees, 51 minutes south, longitude 143 degrees 29 minutes east, having been completed and lighted on the 29th August, 1848, a light is burning, and will continue from sunset until sunrise.

The reef off Cape Otway is one-half to three-quarters of a mile distant, bearing south-east to south south-west, and extends 1½ miles westward.

The Light House is erected on a cliff 251 feet 6 inches above high water mark; the supporting column is 45 feet high, and the lantern 7 feet high.

From highwater mark to the centre of the light is 300 feet.

The light is a revolving catoptric of three groups of lamps, each group containing 7 lamps; the entire revolves round once in 2 minutes and 39 seconds, shewing a flash of light of 3 seconds duration, and 50 seconds of darkness.

It is estimated that the light will be seen 8 leagues.

GOVERNMENT NOTICE.

NAVIGATION OF PORT ALBERT.

Habour Master's Office,
William's Town, November 14th, 1848.

WITH special reference to Captain Stoke's directions, given in a note page 427, vol. 2, of his "Discoveries in Australia," it is considered expedient that the following observations, made by C. J. Tyers, Esq., Commissioner of Crown Lands at Gipps Land, should be published for the information of Mariners.

The channel into Port Albert is available only for boats of about (15) fifteen tons and under.

In March 1846, while passing through it in the "Lucy" of about (17) seventeen tons, I grounded several times; and about half-way between Corner Inlet and Port Albert, found that a shoal had been formed across the channel, apparently by the meeting of the flood tide from Corner Inlet with that from Port Albert.

The only approach to the shipping place at Port Albert for vessels of any burthen (not above 200 tons) is by the Clonmel Channel or Shallow Inlet, of Stokes—and although there is not more than between two or three fathoms on the bar at low water, it is, I believe considered safe by Captain Bentley and many others, who have traded hither from Van Diemen's Land for several years past.

Proper precautions being taken, or the services of one of the Port Pilots being put into requisition, and would be rendered much more so by the aid of a few beacons and buoys.

The Superintendent,
C. J. LA TROBE.

NEW SOUTH WALES, DISTRICT OF PORT PHILLIP.

NOTICE is hereby given, that on and after the 1st January 1849, an alteration will be made in the mode of transferring goods under Bond in this District, and that the plan adopted in the Port of Sydney, as directed in a notice, dated the 3rd October, 1848, (copy of which is published below) which appeared in the New South Wales "Government Gazette" of the 27th October, 1848, No. 122, will be carried into operation in this Port.

Acting Collector.

Custom House, Melbourne,
27th November, 1848.

[COPY.]

NOTICE.

The system of recording all Transfers of Goods in Bond, as introduced in the year 1846, having been found to work extremely ill, the Honorable the Board of Customs have authorized its being altered, with the sanction of His Excellency the Governor; and notice is therefore hereby given, that in future no transfer of such goods will be recorded in the Transfer Book, except in cases where the goods sold are the property of the occupier of a Bonding Warehouse, as provided for in the 9th section of the Imperial Act of Parliament, 8 and 9 Victoria, chap. 91; and that no goods will in future be delivered from the warehouse, except upon the order of the person whose name is endorsed on the back of the bonding certificate, which will render it necessary that every time a sale of goods in bond takes place, the seller shall endorse on the back of the bonding certificate that the goods are sold to the person to whom the certificate is transferred.

In all cases the purchaser of goods under bond is authorised, by the 66th section of the 9th Victoria, No. 15, to give security by bond, that no part of such goods shall be taken out of the warehouse until duty entered for home consumption or exportation, thereby shewing that he is the owner of those goods, a course however, which has never been adopted in this colony, even when the transfer system was not in force.

Superintendent's Office,
Melbourne, 6th December, 1848.

SUPPLEMENTARY LIST OF CLAIMS TO LEASES OF CROWN LAND

BEYOND THE SETTLED DISTRICTS.
GIPPS LAND DISTRICT.

HIS Excellency the Governor directs
it to be notified for the information
of all persons interested, that in pursu-
ance of Her Majesty's Order in Council
of the 9th March, 1847, the undermen-
tioned persons have demanded Leases of
the several Runs of Crown Land, parti-
cularised in connexion with their respec-
tive names.

Persons who object to any of these
claims, either wholly or in part, should
lodge Caveats at this office within two
months from the present date, specifying
the lands to which their objections ex-
tend, and the grounds on which their ob-
jections are based.

It is to be distinctly understood, that
the government does not pledge itself to
the issue of a Lease in any case until due

enquiry has been made into the validity
of the claim, and whether or not it may
be necessary to reserve any portion of
the Land claimed, for any of the public
purposes contemplated in the Order in
Council.

In the case of the Gipps Land District,
it is possible that certain of these appli-
cations for lease may be found to have
reference to lands really situated within
the Settled District, and these only sub-
ject to occupation under the regulations
of March 29th, 1848.

By His Excellency's Command,
C. J. LA TROBE.
