NOTICE TO MARINERS.

HIS Excellency the GOVERNOR directs the republication, for general information, from the *Port Phillip Government Gazette*, of the following notice respecting the navigation of Port Albert.

*By His Excellency's Command,
E. DEAS THOMSON.*

NAVIGATION OF PORT ALBERT.

*Harbour Master's Office,
Williams Town, November 14th, 1848.*

WITH special reference to Captain Stokes' directions given in a note page 427, vol. 2, of his "Discoveries in Australia," it is considered expedient that the following observations made by C. J. Tyers, Esq., Commissioner of Crown Lands at Gipps' Land, should be published for the information of mariners.

The channel into Port Albert is available only for boats of about (15) fifteen tons and under.

In March, 1846, while passing through it in the "Lucy" of about (17) seventeen tons, I grounded several times, and about half way between Corner Inlet and Port Albert, found that a shoal had been formed across the channel apparently by the meeting of the flood tide from Corner Inlet with that from Port Albert.

The only approach to the shipping place at Port Albert for vessels of any burthen, (not above 200

tons,) is by the Clonmel Channel or Shallow Inlet, of Stokes, and although there is not more than between two or three fathoms on the bar at low water, it is, I believe, considered safe by Captain Bentley and many others, who have traded hither from Van Diemen's Land for several years past—proper precautions being taken, or the services of one of the port pilots being put into requisition,—and would be rendered much more so by the aid of a few beacons and buoys.

(Signed) R. A. BUNBURY,
By order of His Honor the Superintendent,
C. J. LA TROBE.
