It will be optional with parties to offer for one or more of the above lines of stages, and to propose the mode of conveyance; but on all roads where wheel vehicles can travel, a preference will be given to carriage conveyance, and the contractors will be held strictly bound to use the conveyance they propose, and to travel at the rate agreed upon. All vehicles and horses employed in the conveyance of mails, are to be at all times subject to the inspection and approval, or rejection of the Chief Postmaster, or person appointed by him for that purpose.

The drivers and postmen are to be free men, and of certified good character.

All fines and penalties incurred under the agreement, are to be deducted by the Chief Postmaster from the next quarterly instalment falling due to the Contractor, and are to be considered as over and above any penalties established by any Act of Council.

Each party tendering, or an agent for him, must attend at this office, on the day appointed for opening the Tenders, and each Tender must bear the signature of two respectable and solvent persons, engaging to enter into a bond with the contractor, for the safety of the mails, and the due performance of the contract, and every stipulation therein.

The hours of starting from each Post Office, or stage, and all other particulars may be ascertained at the Post Office, Melbourne, where parties proposing to tender are invited to seek information.

##### CONDITIONS.

1. All the articles required by this notice are to be of the best quality of their several kinds.

4. The maize meal to be similar in quality to the wheat meal, and to be twice ground.

5. When it may be necessary to substitute one article for another, the following proportions are to be observed, viz., 1 lb wheat flour or 1 lb biscuit equal to 1 lb bread; 1 lb salt beef or 1 lb mutton, or 10 oz salt pork, equal to 1 lb of fresh beef.

6. The tobacco to be the best colonial.

7. The above substitutions are not to be made except on the requisition of the officer authorised to draw the several rations.

8. Vegetables to be supplied in reasonable proportions of potatoes, greens, pumpkins, onions, &c. &c.

9. The supplies for road parties and surveying parties are to be delivered at the nearest fixed stations to the places where the party may be employed, on the requisition of the officer in charge; and in case the whole ration of forage be not required, or delivered, each of the species to be reckoned as the portion of the ration undermentioned:—The maize or barley 4-12—the hay 5-12—the bran, 2-12—the straw 1-12.

10. The supplies (not specified in the preceding paragraph) are to be delivered direct to the parties or establishments entitled thereto, on the written order of the person duly authorised for the purpose.

11. Provisions and forage, when required by rations, according to the scales under their respective heads, the tenders are to express the price per ration only.

12. The tenders for forage are not required to state the price of the ration for oxen, as when the latter is required, one-half of the allowance fixed for horses will be drawn, and one-half the price allowed to the contractor, whose engagement is to provide for both horses and oxen.

13. In the event of a difference of opinion between the contractor and the party receiving the supplies, as to the quality, the same is to be decided, in cases where the article is not of a perishable nature, by a Board of Survey according to the practice of the service. But in country districts, where a Board of Survey cannot be conveniently assembled, the party objecting will name one person as arbitrator, the contractor or his agent another, and these two will (previously to any other proceeding on their part) concur in naming a third, as umpire, who, in the event of the arbitrators not agreeing in opinion, will be called upon for his decision, which shall be final.

14. If the board, arbitrators, or umpire shall decide that the article is not of proper quality, it must be immediately replaced by the contractor, failing of which, it will be procured by the department requiring it, and the expense charged to the contractor.

15. In the event of any unnecessary delay or failure of the contractor to supply the articles when required, they will be otherwise procured and charged in like manner.

16. In cases where the article is of a perishable nature, or from some other cause, injury would be sustained either by the parties to whom the rations are due or the contractor, by waiting for a Board of Survey, the head of the department or officer in charge of the party or parties for whom the rations are to be received, shall have the power to reject such article or articles as are obviously of inferior quality; it being distinctly understood that he will be responsible to the government for so doing; and that the contractor will have a right of appeal to the Governor, although in the meantime he must take back the rejected article and supply good in its stead, failing of which it will be obtained by the officer or party requiring it, and the expense charged to the contractor.

17. A repetition of irregularity, in the quantity or quality of the supplies, or of any delay in delivering or replacing them when required, will subject the contractor, upon the report of the officer in charge of the parties or establishment, to such mulct,

not exceeding one-fourth the amount of his monthly account, as the Governor may direct. It will also be in the power of the Governor, upon such repetition, to terminate the contract forthwith.

18. It will be in the power of either party to limit the duration of the contract, by giving in writing a notice of three full calendar months to the opposite party, and to end the contract at the expiration of that period, it being understood that such notice can be given only from the first day of a month, and within the period for which the contract is made or agreed to be made.

19. The contractor will be required to prepare his own account, monthly or quarterly, in the prescribed form; and on the production thereof, with the requisite vouchers in a complete state, to the Sub-Treasurer for examination, and upon their approval, payment will be made by him at Melbourne.

20. The value of all packages to be included in the prices demanded.

21. Printed forms of tender may be obtained from the Sub-Treasurer; and a security of £2000 will be required for the due fulfilment of the contract. No tender can be attended to unless accompanied by a certificate from two responsible parties proposed as security, stating they are willing to become bound as securities for the contractor accordingly, and the bonds must be executed within twenty days from the day of acceptance of the tender being notified, failing of which the contracts will be again advertised or another tender accepted.

22. The tenders to contain the names of the tenderers and their sureties, and places of residence at length.

23. All tenders to be enclosed in a separate envelope, and marked "Tender for Provisions, &c." and to be deposited in a box marked "Tenders" at the western entrance of the Government Offices.

24. The tenders must include the whole of the rations and separate articles above mentioned.

25. The tenders are to be given in for the undermentioned districts, which may be tendered for separately or collectively. When the latter is the case each locality, as given below, must be stated in the tender.

1. Melbourne, including the county of Bourke, the Mounted and Police Stations on the Goulburn and Broken Rivers, and any other Stations on or near the Sydney Road within the Port Phillip boundary, also the Aboriginal Stations at the Goulburn and Loddon.
