PROCEEDINGS UNDER ELECTORAL ACT

HIS Excellency the GOVERNOR has been pleased to direct the publication, for general information, of the following Circular Letter, which has been addressed to the respective Benches of Magistrates, calling their attention to the duties devolving upon them and upon the persons acting under them, in carrying out the provisions of the Electoral Act of 1851.

By His Excellency's Command,
E. DEAS THOMSON.

(CIRCULAR.)
No.

Colonial Secretary's Office,
Sydney, 15th May, 1851.

GENTLEMEN,

With reference to the concluding paragraph of my Circular of the 5th instant, I am now directed by His Excellency the Governor, with a view of aiding you by such suggestions as His Excellency deems suitable to the occasion, to draw your attention to the duties which will devolve on you and the persons acting under your orders, in carrying out the provisions of the Act of Council lately passed for the division of the Colony into Electoral Districts, and for the election of members to serve in the Legislative Council.

1. The Chief Constable in every Police District, must between the 1st and 28th days of June in every year, act as Collector for such District, and must accordingly make out a list of all persons entitled to vote in respect of any property situated within such Police District. In making out such list he must act according to the best of his judgment and the best information he can obtain.

2. If in any Police District there shall be no Chief Constable, or if there shall be any impediment or expected impediment to his acting as a Collector, it will be the duty of the Magistrates in Petty Sessions to appoint some other person to be and act as Collector in his stead.

3. It will be desirable that the duty to be performed by the Collector should be previously explained to him by the Magistrates, in order that on entering upon it, he may be the better prepared to perform it efficiently.

4. If it shall be found that it is not possible for the Chief Constable, alone, to prepare the Electoral Lists within the period hereinafter mentioned, it will be competent to you to appoint, subject to the Governor's approval, one or more persons to assist him in this duty, at such rate of remuneration as you may find practicable. But I am to impress upon you that no expense of this kind should be incurred which can possibly be avoided.

5. The Electoral Lists are to be made out in the form given in Form A annexed to this letter, and are in every case to be delivered to the Clerk of the Bench on or before the 28th of June, in all Districts except Corporate Towns, in which the preparation is to be completed by the 25th of June.

6. In every Police District which comprehends parts of two or more Electoral Districts, separate Electoral Lists are to be made out for each of such parts.

7. The following four classes of persons only are to be put upon the Electoral List, viz. :—

I. Every person having a freehold Estate (which includes an Estate for life) in possession, within the District, of the clear value of £100, above all charges and incumbrances in any way affecting the same, of or to which he has been seised or entitled either at law or in equity, for at least 6 calendar months next before the registration.

II. Every person occupying a Dwelling House of the clear annual value of £10, and having resided in the same house 6 calendar months next before such registration.

III. Every person who, at the date of such registration, holds a license from the Government to depasture lands within the District.

IV. Every person who, at the date of such registration, has a leasehold Estate in possession within the District, of the annual value of £10, held upon a lease which at that date has not less than three years to run.

the time of such Registration a man of the age of 21 years, and either a natural born or naturalized subject of Her Majesty, or legally made a Denizen of New South Wales.

9. The Collectors must exclude every man who has been attainted or convicted of treason, felony, or other infamous offence, in any part of Her Majesty's dominions, unless he has received a free pardon for such offence, or one conditional on not leaving the Colony, or has undergone his sentence. Ticket of leave holders are therefore in no case to be placed upon the lists of Voters.

10. The Collectors must also exclude every person otherwise entitled to vote who may have neglected to pay up all rates and taxes which have become payable by him, as owner or leascholder in respect of the estate which forms his qualification, or as occupier in respect of such occupancy, or as the holder of a license in respect of such license, except such as shall have become payable within 3 calendar months next before such Registration.

11. In respect of the first of the above classes, that of proprietors, it is to be observed that the property must be justly and truly of the value of £100 over and above all charges and incumbrances whatsoever, and where the interest of the freeholder is less than a title in fee, the value of that interest, and not the entire value of the land, must be taken.

12. The Act does not specifically fix the date from which the 6 months previous tenure is to be reckoned; but by analogy to the English Reform Act it would appear reasonable to construe the words "next before the Registration" as meaning next before the day on or before which the Collector is bound to deliver in the Electoral List prepared by him, *i. e.*, 28th June, (or 25th June in Corporate Towns.)

13. The qualification in class 2 requires both occupation and residence by the Elector. An inmate or lodger, though he may have possession of a large portion of the house, is not considered the occupier; neither is a person who resides in a house as a servant only and in virtue of, and in connection with, his service or employment. To constitute residence, the house must have been the ordinary dwelling place of the occupier during the specified period of six months, though it need not have been uninterruptedly his actual habitation, if during any absence he had the power and intention to return.

14. It is essential to bear in mind that in respect of classes I, III, and IV, actual occupation is not necessary. Hence the same property, though worth only £10 a year, may qualify several persons.

15. In respect of the household franchise, the abstract annual value, without reference to incumbrances, is alone to be considered. The annual value is the amount at which the dwelling might be expected to let at the date of the Registration, and not what the occupier may, from accidental circumstances, personal to himself, be enabled to make by his occupation.

16. In estimating the annual value of dwelling houses, out-buildings required for the use of the family may be included, as well as the garden, if there be one; but farm buildings, or market gardens or nursery grounds, are excluded equally with land used for agricultural or grazing purposes.

17. The duties which are then to be performed by the respective Clerks of the Benches are clearly expressed in the 15th and 16th sections of the Act. The lists are to be printed or fairly transcribed and hung up to public view by the 2nd July at the latest, and are to remain so exposed to public view until the evening of the 15th. And at any time on or before the 15th July, the Clerk of the Bench is bound to receive such claims or objections as may be delivered to him in the forms B and C; and by the 17th July at the latest, he must cause to be prepared lists of such claims and objections in the forms D and E, which lists are to remain exposed to public view until the 31st of July.

18. The next operation, the most important of the whole, and the one which is to be performed under the heaviest responsibility, is the revision of the Lists of Voters.

19. In the City of Sydney, the Aldermen and Assessors are to revise the lists in open Court; in other places the Court of Petty Sessions, in open Court also. The duty is in either case strictly a judicial one, and as such is to be performed with all the solemnity which belongs to a Court of Justice, and under the obligation of the Oath of Office, by which Magistrates are bound in the performance of their duties.

preside at all Courts held for the revision of the Lists; and if there be no Police Magistrate, the Senior Justice of the Peace, resident in the Police District, who may happen to be present, is to preside. And such President will be the person by whose hand the lists are to be amended, in accordance with the decision of the Bench.

21. In the event of a deficiency, or expected deficiency, of Justices in any District, the Governor will appoint another person, or other persons, to perform the duties of a Justice at any such Court of Revision; but it is very necessary that the probability of there being a deficiency of Magistrates should be pointed out by the Bench, so as to enable His Excellency to make the necessary appointments in proper time.

22. With respect to the Petty Sessions acting as Courts of Revision, it will be necessary to give notice of the holding of such Courts, in the time and manner prescribed by the Act, by causing to be posted in conspicuous places within each Police District for which such Court of Petty Sessions is usually held, notices that such Sessions for the purpose of revising the Electoral Lists, will be held on the days (insert day and date), and at the place or places, as the case may be, (insert place) so appointed; and that claims and objections which may have been preferred to the Clerk of the Bench, will then be taken into consideration.

23. Although the period of holding such Courts extends from the 1st to the 21st of August, (both inclusive), and it is competent to hold a Court on any day included in that period of time, yet it is desirable to avoid an interval of several days taking place on the adjournment of the Courts; and for the purpose both of preventing delay and a protracted excitement, it would be advisable that the Court of Petty Sessions having fixed a day for the commencement of the revision of the Lists, should adjourn *de die in diem*, until the revision of the Lists for the portion of the Electoral District within its jurisdiction be completed; due care, however, being taken to fix a sufficiently early day in the month of August, to admit of the registration being efficiently gone through.

24. Though it is desirable, as already stated, that the Courts for revising the Electoral Lists should be held early in August, it is not desirable that all the Courts of Petty Sessions in the same Electoral District should be held on the same day. If in the County of Camden, for instance, a Court were held at the Village of Camden on the 1st of August, a Court at Berrima on the 3rd, and at Wollongong on the 5th, a single agent for any candidate might attend successively at each Court, whereas separate agents would be required if all the Courts were held on the same day.

25. In my Circular Letter of the 5th instant, I reminded you that it was necessary that every person performing any duty under the Electoral Act should make a declaration of acceptance of office in the form prescribed by the Act.

I have the honor to be,

Gentlemen,

Your most obedient servant,

E. DEAS THOMSON.

CROWN LANDS BEYOND THE SETTLED LANDS.

(RENEWAL OF PASTURAGE LICENSES.)

HIS Excellency the GOVERNOR, with the advice of the Executive Council, directs it to be notified for general information, that the preliminary proceedings necessary for the issue of leases for runs beyond the Settled Districts, being as yet for the most part incomplete, existing Licenses for the occupation of Crown Lands so situated, will be renewed on the 1st July next, on the same terms as licenses have been granted for the now current year, subject of course to the adjustment of the license fee, according to the quantity of stock returned by the Commissioner as pastured on every such run.

2. The Licenses must be taken out on or before the 30th day of September next.

3. If, within the year commencing on 1st July next, the Government shall be in a position to grant leases of runs under Her Majesty's Order in Council, any licensee under this notice who may obtain a lease, will receive credit in the payment of his first year's rent, for so much of the amount paid for his license, as may be proportionate to the unexpired part of the term for which the license was granted.

4. It will be understood that the licenses to be renewed under this notice, are those for pastoral runs beyond the Settled Districts only. Leases of lands held for other than pastoral purposes, and of runs or parts of runs brought within the Settled Districts by the operation of Her Majesty's Order in Council of 9th March, 1847, are provided for by the Notice issued from this Office, on the 11th February last.

By His Excellency's Command,
E. DEAS THOMSON.

*Colonial Secretary's Office,

QUIT RENTS.

UNDER the authority of the Right Honorable the Secretary of State, and with the advice of the Executive Council, His Excellency the GOVERNOR directs it to be notified, that on the expiration of the year ending on the 31st December next, all Quit Rents on Country Lands of higher annual amount than two shillings for each one hundred acres will be reduced to that uniform rate, provided that the holders of the lands shall have made the four annual payments, according to the rates fixed in their respective Grants, which will then have become due under the Regulation of the 9th of October 1846, and provided that the future

Rents be punctually paid until the claim to them on the part of the Crown, shall have been extinguished by the completion of twenty annual payments, or by an equivalent payment in cash, according to the scale laid down in the said Regulation. It is to be understood, that parties having made the four annual payments at the present rate, in the manner above directed, will be entitled to redeem at the reduced rate of two shillings per one hundred acres, the further payments necessary to complete twenty years rent, according to the scale set forth in the notice above referred to.

2. It is further notified, that the Quit Rents on allotments in Country Towns will be reduced to one fourth of the rates fixed in the Deeds of Grant, but in all other respects the same principle is to be applied to them as is laid down in this notice respecting Country lands.

2. It may perhaps be proper to remind the different Benches, that Collectors for the preparation of the Electoral Lists are to be appointed not later than the first June next, and that the Lists are to be completed between the first and the twenty-eighth day of June in all Electoral Districts, except Corporate Towns, wherein they are to be prepared by the twenty-fifth of June.
