**H**IS Excellency the Lieutenant Governor has directed the publication of the following Regulations for General Information.

By His Excellency's Command,  
W. LONSDALE.

*Rules and Regulations of the Denominational School Board, under which aid may be given in the erection or enlargement of School Buildings.*

THE Board will make grants towards the erection or enlargement of School Buildings on the following conditions:—

1. In the case of Schools which have not been in previous operation the person or persons applying for aid shall send in to the Denominational School Board, through the head of the Denomination to which such School may belong, a written statement, with a description of the locality in which the proposed School is to be situated, and a list of the children who are engaged to attend, to the number of not less than 30, signed by their Parents.

2. In the case of Schools which have been in operation, it will be necessary that a Certificate be furnished by the Clergyman, or Clergyman and Local Board as the case may be, countersigned by the Inspector, stating that there are no sufficient School Buildings belonging to the School, but that otherwise it has been efficiently conducted, with an average attendance of not less than Thirty scholars for the previous Quarter.

3. In every case a plan of the Site and of the Building or Buildings to be erected be sent in, with a statement of the number of Children who can be properly accommodated, and an authorised Estimate of the total expense to be incurred for Site, Buildings, Furniture, and Apparatus.

4. In giving aid in the establishment of Schools, the Board will prefer giving assistance towards the erection of School Buildings on sites granted by Government for Educational purposes.

5. Where this is not the case, satisfactory evidence will be required that the site and premises of the School are so vested as to ensure that they shall not be diverted in any way, from their intended use for public Education.

6. Security may also be required that in the event of the property being diverted from its original destination, or arrangements made which shall in any way prevent the business of the School from being properly conducted, the Sum of Money granted by the Board shall be refunded.

7. Before any Grant can be made, a sum of not less than Fifty Pounds must have been subscribed towards the erection, or of Twenty-five Pounds towards the enlargement of School Buildings, and a proper site must have been secured.

8. Before any Grant can be paid, a Certificate must be furnished by the Clergyman, or Clergyman and Local Board as the case may be, that the School-house has been completed in a substantial manner, with Brick or Stone walls, according to the plan submitted to the Board, with the signature of the Contractor for the

building attached. This certificate must be countersigned by the Inspector or some person authorised by the Board, and the accounts, if required, must be submitted to an audit.

9. If any unnecessary expense is incurred in ornamental work, it will not be allowed for in any way by the Board, but must be provided at the cost of the Managers of the School.

10. Subject to these conditions the Board will issue Grants of Money towards the establishment of Schools, and the erection or enlargement of School-buildings out of the Funds at their disposal, to an amount not exceeding two-thirds ( $\frac{2}{3}$ ), of the sum shewn to have been locally subscribed and expended.

#### REGULATIONS TO BE OBSERVED IN THE HIRING OF IMMIGRANTS.

**T**HE hiring of the families and single men, who arrive by a Government Immigrant Ship, takes place on board, that of the single women in the Depot.

##### SHIP.

2. The Immigrants are open for engagement on board, between the hours of ten (10) A.M. and four (4) P.M., on and after a day of which due notice is given, until the conclusion of the fourteen lay days allowed by the Charter Party. Those who remain disengaged at the termination of the lay days, are forwarded to one of the out

ports, or required to leave the ship on their own account.

3. Persons coming on board to engage servants are expected to address themselves to the Surgeon Superintendent. It is his duty to point out such Immigrants as are of the class sought for, and generally to assist employers in making the necessary agreements. It is also his duty to see that no *unreasonable* engagement is made by an employer, and no reasonable offer refused by an Immigrant.

4. If an unreasonable offer be made by an employer, the Surgeon Superintendent should in the first place address him separately, and afterwards, if necessary, warn and advise the Immigrant.

5. All agreements are written out, and registered; on the first days, by an officer of the Immigration Department, sent on board for that purpose, and, afterwards, under the direction of the Surgeon.

6. All Immigrants are expected to take service; but those who, for sufficient cause, decline to do so, are allowed to leave the ship as soon as the hiring commences. They must, in every case, take their boxes with them, and report their names and place of destination to the Surgeon, or officer, who superintends the hiring. No Immigrant, after leaving the ship, is allowed to return, without express permission from the Master.

7. No person is allowed to visit the Ship, under any pretence whatever, before the hiring commences.

#### DEPÔT.

8. The single women are open for engagement in the Depôt, between the hours of eleven (11) A.M. and two (2) P.M. on days of which due notice is given.

9. No person is admitted into the Depôt to hire servants without an order; which may be obtained by personal application at the Immigration Office, during the usual hours of business. Employers are admitted in the order of their applications.

10. Any employer, unknown to the Immigration Agent, may be required to bring an introduction from a respectable householder in Melbourne. No publican or lodging-house keeper, is, on any pretence, allowed to hire servants at the Depôt.

11. Applications for servants, at the Depôt, should be made to the Matron. It is her duty to point out those who are of the class sought for, and to assist employers in making agreements. She will report to the Officer, who superintends the hiring, any *unreasonable* offers on the part of employers, or refusals by Immigrants of reasonable wages.

12. It is the duty of the Officer, who superintends the hiring, to prevent any unsuitable engagements being undertaken by women under twenty-one years of age, without the consent of their parents or guardians.

13. Single women, who have parents in the Colony, or who, for some other cause, are unable to take service, are allowed to leave the Depôt, with their boxes, at a stated time.

14. No person is allowed to visit the Depôt, except during the time of hiring, without special permission.

#### GENERAL.

15. Any Immigrant, who, either on board

ship, or in Depôt, refuses a reasonable offer of service, will cease to be maintained by the Government, and may be required to leave immediately. The fact of such refusal should be reported without delay.

16. With reference to Clauses 3, 11, and 15, and for the guidance of employers and employed, certified lists of the current wages are posted in conspicuous places at the time of hiring.

17. Agreements are made in duplicate, registered in the Immigration Office, and cannot be cancelled there without the consent of both parties.

18. Immigrants, who have accepted service, must leave the Ship or the Depôt without delay, and cannot be re-admitted.
