 New South Wales, passed in the second year of
 the Reign of Her Majesty Queen Victoria,
 intituled "An Act for Regulating the Police
 in the Towns of Parramatta, Windsor, Mait-
 land, Bathurst, and other towns respectively,
 and for the removing and preventing Nui-
 sances and Obstructions and for the better
 alignment of the streets therein," it was
 amongst other things enacted that, whenever

 Now, therefore, I, the Lieutenant Governor, in
 pursuance of the power and authority so vested
 in me by the said recited Act, do, by this my
 Proclamation, hereby direct that the Provisions
 of the said Act, as amended by a certain other
 Act of the said Governor and Council, passed in
 the eleventh year of Her said Majesty's Reign,
 intituled "An Act to amend an Act for Regu-
 lating the Police in the Towns of Parrá-
 matta, Windsor, Maitland, Bathurst, and
 other Towns respectively, and for the re-

For the Lunatic Asylum, Yarra, fresh beef, fresh mutton, suet, wheaten bread, bread of the 1st quality, flour 1st quality, raisins, rice, tea, sugar, salt, pepper, milk, tobacco, soap, vegetables, port wine, vinegar, sago, oatmeal, arrowroot, treacle, dip candles, common oil, common wick, forage, per ration; roach lime, straw, in such quantities as may be required.

CONDITIONS.

1. All the articles required by this notice are to be of the best quality of their several kinds.

2. The flour and bread must be the produce of clean sound colonial wheat, from which on the rations of emigrants, surveying parties, border police, 20 per cent., and on the ration to prisoners of the crown 10 per cent. has been extracted in bran and waste.

3. Beef and mutton to be issued in such proportions as may be required, and when the quantity admits of it, to be delivered in fore and hind quarters alternately.

4. The maize meal to be similar in quality to the wheat meal, and to be twice ground.

5. When it may be necessary to substitute one article for another, the following proportions are to be observed, viz., 1 lb wheat flour, or 1 lb biscuit, equal to 1 $\frac{1}{4}$ lb bread; 1 lb salt beef or 1 lb mutton, or 10 oz salt pork, equal to 1 lb of fresh beef.

6. The tobacco to be the best colonial.

7. The above substitutions are not to be made except on the requisitions of the officer authorised to draw the several rations.

8. Vegetables to be supplied in reasonable proportions of potatoes, greens, pumpkins, onions, &c., &c.

9. The supplies for road parties and surveying parties are to be delivered at the nearest fixed stations to the places where the party may be employed, on the requisition of the officer in charge; and in case the whole ration of forage be not required or delivered, each of the species to be reckoned as the portion of the ration undermentioned:—The maize or barley 4-12—the hay 5-12—the bran 2-12—the straw 1-12.

10. The supplies (not specified in the preceding paragraphs) are to be delivered direct to the parties or establishment entitled thereto, on the written order of the person duly authorised for the purpose.

11. Provisions and forage, when required by rations, according to the scales under their respective heads, the tenders are to express the price per ration only.

12. The tenders for forage are not required to state the price per ration for oxen, as when the latter is required, one half the allowance fixed

for horses will be drawn, and one half the price allowed to the contractor, whose engagement is to provide for both horses and oxen.

13. In the event of a difference of opinion between the contractor and the party receiving the supplies, as to the quality, the same is to be decided, in cases where the article is not of a perishable nature, by a Board of Survey according to the practice of the service. But in country districts, where a Board of Survey cannot be conveniently assembled, the party objecting will name one person as arbitrator, the contractor or his agent another, and these two will, (previously to any other proceeding on their part) concur in naming a third, as umpire, who in the event of the arbitrators not agreeing in opinion, will be called upon for his decision, which shall be final.

14. If the board, arbitrators, or umpire shall decide that the article is not of proper quality, it must be immediately replaced by the contractor, failing of which it will be procured by the department requiring it, and the expense charged to the contractor.

15. In the event of any unnecessary delay or failure of the contractor to supply the articles when required, they will be otherwise procured and charged in like manner.

16. In cases where the article is of a perishable nature, or from some other cause, injury would be sustained either by the parties to whom the rations are due or the contractor, by waiting for a Board of Survey, the head of the department or officer in charge of the party or parties for whom the rations are to be received, shall have the power to reject such article or articles as are obviously of inferior quality; it being distinctly understood that he will be responsible to the government for so doing; and that the contractor will have a right of appeal to the Governor, although in the meantime he must take back the rejected article and supply good in its stead, failing of which it will be obtained by the officer or party requiring it, and the expense charged to the contractor.

17. A repetition of irregularity in the quantity or quality of the supplies, or of any delay in delivering or replacing them when required, will subject the contractor, upon the report of the officer in charge of the parties or establishment, to such mulct, not exceeding one-fourth the amount of his monthly account, as the Governor may direct. It will also be in the power of the Governor, upon such repetition, to terminate the contract forthwith.

18. It will be in the power of either party to limit the duration of the contract, by giving in writing a notice of three full calendar months to the opposite party, and to end the contract at the expiration of that period, it being understood that such notice can be given only from the first day of a month, and within the period for which the contract is made or agreed to be made.

19. The contractor will be required to prepare his own account, monthly or quarterly, in the prescribed form; and on the production thereof, with the requisite vouchers in a complete state, to the Auditor General for examination, and upon their approval, a warrant will be prepared, and payment made from the Colonial Treasury.

20. The value of all packages to be included in the prices demanded.

21. Printed forms of tender may be obtained from the Auditor General; and a security of £2000 will be required for the due fulfilment of the con-

tract. No tender can be attended to unless accompanied by a certificate from two responsible parties proposed as security, stating they are willing to become bound as securities for the contractor accordingly, and the bonds must be executed within twenty days, from the day of acceptance of the tender being notified, failing of which the contracts will be again advertised or another tender accepted.

22. The tenders to contain the names of the tenderers and their sureties, and places of residence at length.

23. All tenders to be enclosed in a separate envelope, and marked "Tender for provisions, &c." and to be deposited in a box marked, "Tender" at the western entrance of the Government Offices.

24. The tenders must include the whole of the rations and separate articles above mentioned.

25. The tenders are to be given in for the undermentioned districts, which may be tendered for separately or collectively. When the latter is the case each locality, as given below, must be stated in the tender.

1. Melbourne, including the county of Bourke, the Mounted and Police Stations on the Goulburn and broken Rivers, and any other Stations on or near the Sydney Road within the Province of Victoria, also the Aboriginal Stations at the Goulburn and Loddon.
