CONDITIONS.

1. All the articles required by this notice are to be of the best quality of their several kinds.

13. In the event of a difference of opinion between the contractor and the party receiving the supplies, as to the quality, the same is to be decided, in cases where the article is not of a perishable nature, by a Board of Survey according to the practice of the service. But in country districts, where a Board of Survey cannot be conveniently assembled, the party objecting will name one person as arbitrator, the contractor or his agent another, and these two will, (previously to any other proceeding on their part) concur in naming a third, as umpire, who in the event of the arbitrators not agreeing in opinion, will be called upon for his decision, which shall be final.

14. If the board, arbitrators, or umpire shall decide that the article is not of proper quality, it must be immediately replaced by the contractor, failing of which it will be procured by the department requiring it, and the expense charged to the contractor.

17. A repetition of irregularity in the quantity or quality of the supplies, or of any delay in delivering or replacing them when required, will subject the contractor, upon the report of the officer in charge of the parties or establishment, to such mulct, not exceeding one-fourth the amount of his monthly account, as the Governor may direct. It will also be in the power of the Governor, upon such repetition, to terminate the contract forthwith.

18. It will be in the power of either party to limit the duration of the contract, by giving in writing a notice of three full calendar months to the opposite party, and to end the contract at the expiration of that period, it being understood that such notice can be given only from the first day of a month, and within the period for which the contract is made or agreed to be made.

19. The contractor will be required to prepare his own account, monthly or quarterly, in the prescribed form; and on the production thereof, with the requisite vouchers in a complete state, to the Auditor General for examination, and upon their approval, a warrant will be prepared, and payment made from the Colonial Treasury.

24. The tenders must include the whole of the rations and separate articles above mentioned.

25. The tenders are to be given in for the undermentioned districts, which may be tendered for separately or collectively. When the latter is the case each locality, as given below, must be stated in the tender.
