The Commissioners of National Education wish it to be understood that, on account of the present circumstances of the Colony, and the great increase of building expenses, they do not restrict their grants to the amounts hitherto advanced for the erection of Schoolhouses; but that where the population is large, and the contribution, by private subscription, proportionate, they will be prepared to take these circumstances into consideration, and to make a much more liberal advance.

# REGISTRATION OF BIRTHS AND DEATHS IN VICTORIA.

(UNDER THE ACT OF LEGISLATIVE COUNCIL, 16TH  
VICTORIA, No. 26.)

**N**OTICE is hereby given, that for the purpose of receiving Notices and other particulars, required by the Act of Legislative Council, 16th Victoria, No. 26, respecting Births and Deaths occurring in the City of Melbourne and its suburbs, a Deputy Registrar will be in attendance every day, except Sundays and Holidays, from the 1st July next, at the Office, 28, William-street, opposite St. James's Church, Melbourne, between the hours of Eleven and Two o'clock.

The Registrations are made, and original Certificates granted by the Deputy Registrars, *free of charge*, and the public is invited to give immediate notice of all births and deaths which have occurred since the 31st March, 1853.

All Children born on and after the 1st July, 1853, should be registered within *sixty days* from the date of birth.

Every person dying should be registered *before the funeral takes place*, so that the Deputy Registrar may give a Certificate of Registration to the undertaker, who, after the body is buried, is required to attest *place and date of interment*. The importance of this proceeding may be estimated by section 25 of the Act, where it is enacted that certified copies of Registers, or entries of Registers, shall be received as *prima facie* evidence in any Court of Justice, "*provided that no entry of the register of any death shall be received as evidence of the fact of such death, unless there shall also be an entry of the register of the burial.*"

As every inhabitant of the Colony may, at some time or other, be interested in knowing the precise time of some Birth or Death; and, as a complete system of registration will prevent much litigation in future years, and otherwise protect individual rights of property; besides throwing light on many social questions, as to duration of life among children and the upgrown population, to the increase of statistical science, and the general advantage of the inhabitants of Victoria: it is of the utmost importance that they should be well acquainted with the nature and provisions of the Act of Legislative Council, 16th Victoria, No. 26, under which the New Registration System has been formed.

All Letters or Packets, addressed on Registration business only, to the REGISTRAR GENERAL, or any of the DEPUTY REGISTRARS, provided the sides are open, pass through the Post Office *free of charge*.

Any additional information necessary, will be promptly furnished on application.

W. H. ARCHER,  
Acting Registrar General.

Hay per ton
Oats per bushel
Bran per bushel
Straw per cwt.

As may be required.

**CONDITIONS.**

1. All the articles required by these Notices are to be of the best quality of their several kind.
2. The Flour and Bread must be the produce of clean sound Colonial wheat, from which, on the rations of Immigrants, Surveying parties, Border Police, 20 per cent, and on the rations to Prisoners of the Crown, 10 per cent has been extracted in bran and waste.
3. Beef and Mutton to be issued in such proportions as may be required, and when the quantity admits of it, to be delivered in fore and hind quarters alternately.
4. The Maize meal to be similar in quality to the Wheat meal, and to be twice ground.
5. When the Government may think fit to substitute one article for another, the following proportions are to be observed, viz.: 1 lb wheat flour or 1 lb biscuit equal to 1½ lbs. bread; 1 lb salt beef or 1 lb mutton, or 10 ozs. salt pork equal to 1 lb fresh beef.
6. The above substitutions are not to be made except on the requisitions of the Officer authorised to draw the several rations.
7. The Tobacco to be the best Colonial.
8. Vegetables to be supplied in reasonable proportions of potatoes, greens, pumpkins, onions, &c., &c.
9. The supplies for road parties and surveying parties are to be delivered at the nearest fixed stations to the places where the party may be employed, on the requisition of the Officer in charge.

No. 41.—JULY 13TH, 1853.—5.

10. The supplies (not specified in the preceding paragraphs) are to be delivered direct to the parties or establishment entitled thereto, on the written order of the person duly authorised for the purpose.

11. Provisions and Forage, when required by rations, according to the scales under their respective heads, the Tenders are to express the price per ration only.

12. The Tenders for forage are not required to state the price per ration for oxen, as when the latter is required, one half the allowance fixed for horses will be drawn, and one half the price allowed to the contractor, whose engagement is to provide for both horses and oxen.

13. In the event of a difference of opinion between the contractor and the party receiving the supplies, as to the quality, the same is to be decided, in cases where the article is not of a perishable nature, by a board of survey, according to the practice of the service; but, in country districts, where a board of survey cannot be conveniently assembled, the party objecting will name one party as arbitrator, the contractor or his agent another, and these two will (previously to any other proceeding on their part) concur in naming a third as umpire, who, in the event of the arbitrators not agreeing in opinion, will be called upon for his decision, which shall be final.

14. If the Board, Arbitrators, or Umpire shall decide that the article is not of proper quality, it must be immediately replaced by the contractor, failing of which it will be procured by the department requiring it, and the expense charged to the contractor.

15. In the event of any unnecessary delay or failure of the contractor to supply the articles when required, they will be otherwise procured, and charged in like manner.

16. In cases where the article is of a perishable nature, or from other cause, injury would be sustained, either by the parties to whom the rations are due or the contractor by waiting for a Board of Survey, the Head of the Department or Officer in charge of the party or parties for whom the rations are to be received, shall have the power to reject such article or articles as are obviously of inferior quality; it being distinctly understood that he will be responsible to the Government for so doing, and that the contractor will have a right of appeal to the Governor, although in the meantime he must take back the rejected article and supply good in its stead; failing of which it will be obtained by the Officer or party requiring it, and its expense charged to the contractor.

17. A repetition of irregularity in the quantity or quality of supplies, or of any delay in delivering or replacing them when required, will subject the contractor, upon the report of the Officer in charge of the parties or establishments, in such mulet, not exceeding one fourth the amount of his monthly account, as the Governor may direct. It will also be in the power of the Governor, upon such repetition, to terminate the contract forthwith.

18. It will be in the power of either party to limit the duration of the contract by giving in writing a notice of three full calendar months to the opposite party, and to end the contract at the expiration of that period, it being understood that such notice can be given only from the first day of a month; and within the period for which the contract is made or agreed to be made.

19. The contractor will be required to prepare his own accounts monthly or quarterly, in the prescribed form; and, on the production thereof, with the requisite vouchers, in a complete state, payment will be made, after due examination, from the Sub-Treasury at Geelong. From this rule are excepted all accounts against the Police Department, which will be defrayed by the Paymaster in Melbourne.

20. The value of all packages to be included in the prices demanded.

21. Printed forms of Tender may be obtained from the Auditor or the Sub-Treasurer at Geelong, and a security of £2000 will be required for the due fulfil-

ment of the contract. No tender can be attended to unless accompanied by a certificate from two responsible parties proposed as security, stating they are willing to become bound or securities for the contractor accordingly; and the bonds must be executed within twenty days from the day of acceptance of the Tender being notified, failing of which the contracts will be again advertised or another Tender accepted.

22. The Tenders to contain the names of the Tenderers and their sureties, and places of residence at length.

23. All Tenders to be enclosed in separate envelope and marked, "Tender for Provisions," or "Tender for Forage," (as the case may be) and to be deposited in the Tender Box at the entrance to the Audit Office, Lonsdale-street west.

24. The Tenders must include the whole of the rations and separate articles above mentioned.
