PROCLAMATION

By His Excellency CHARLES JOSEPH LA TROBE, Esquire, Lieutenant Governor of the Colony of Victoria and its Dependencies, &c., &c., &c.

WHEREAS by an Act of the Lieutenant Governor and Legislative Council of the Colony of Victoria, passed in the sixteenth year of the reign of Her present Majesty Queen Victoria, intituled, "An Act to make Provision for the better Administration of Justice in County Courts in the Colony of Victoria," it was amongst other things enacted, that Local Courts, to be called County Courts, should be established and holden in and for such Cities, Towns, Counties, and other portions of the said Colony of Victoria as the Lieutenant Governor should appoint; and that it should be lawful for the Lieutenant Governor of the said Colony from time to time to define by Proclamation the limits and boundaries of such Cities, Towns, Counties, and portions of the said Colony, and the times at which such Courts should be holden, and any such limits, boundaries, places, and times to vary, alter, and repeal as the said Lieutenant Governor should think fit: And whereas by a Proclamation under my hand and the seal of the said Colony, bearing date at Melbourne, in the said Colony, the third day of January, 1853, I did amongst other things declare and appoint the times at which the County Court of Grant should be holden; and whereas it is expedient that the time for holding the said County Court of Grant should be altered and varied: Now therefore I, the Lieutenant Governor aforesaid, by virtue of the power and authority in that behalf in me vested, do hereby direct and appoint that the County Court of Grant shall be holden at the Town of Geelong, on the sixteenth day of August, the fourteenth day of September, the sixteenth day of November, and the twenty-seventh day of December, 1853: And I do further declare and appoint, that if the Judge of the said Court should not arrive in the said town of Geelong in time to open the said Court on the days hereinbefore appointed, the same may be opened and held on any day or days following such days so appointed.

Given under my Hand and the Seal of the said Colony, at Melbourne, in the said Colony, this twenty-sixth day of July, one thousand eight hundred and fifty-three.

(L.S.) C. J. LA TROBE.

By His Excellency's Command,

JOHN FOSTER

CONDITIONS, ETC.

1. It must be understood that, in all instances, the usual Mail road between the points above mentioned is understood to be signified; and, where no Mail has been previously run, that course is to be adopted which the Chief Postmaster may direct, or which the Contractor may specify in his tender.

2. Intending Contractors must give due consideration to the winter difficulties of the roads, including the necessity for provision for the crossing of rivers and creeks by boat or otherwise; and they must bear in mind that no excuse for delay will be even entertained, unless supported by the certificates of persons of known position and respectability, as to the cause of delay, and that it is attributable to no want of liberal provision both for ordinary duties, and to overcome difficulties arising from stress of weather, or the various accidents to which the men, horses, vehicles, and other means employed may be liable.

3. It is to be understood that the Mails are to be despatched and conveyed on the days and hours to be fixed by the Chief Postmaster, either according to the present arrangement, or as he may afterwards determine for the public convenience.

4. On all roads where wheel vehicles can travel, a preference will be given to carriage conveyance; but Contractors may propose any method, bearing in mind that they will be held strictly bound to use the conveyance they propose. The rate of travelling is not to be less than six miles an hour, including all stoppages.

5. The Contractors are to carry all bags, letters, packets, and newspapers, which may be delivered to them under the authority of the Chief Postmaster or any of the Postmasters, and to provide secure and waterproof lockers for the Mails in carriages, and covering for the bags on horseback.

6. In the event of the Contractor neglecting to perform the duty of conveying the Mails, at such times as the Chief Postmaster may choose to appoint, all necessary conveyance will be engaged at the expense of the Contractor, and the cost deducted from any payment becoming due to him.

7. Contractors will be liable to a fine of five shillings for every five minutes delay after specified time of starting; and to a like penalty for every ten minutes delay after the specified time of arrival, except for the first five or ten minutes respectively.

8. Contractors are particularly to remember that both on the main and branch lines they will be fined for the full delay that may, in consequence of their late arrival at any point on their line, ensue, in the further transmission of the Mail entrusted to them,

and not merely for the amount of late arrival at such point. In such cases, unless strong disproof of blame can, as prescribed in Clause No. 2, be produced, the delaying Contractor can only avert or lighten the penalty by forwarding the Mail by express to its final destination, or until it overtakes the proper conveyance at a Post Office, and is there consigned to the charge of the Postmaster in time for due transmission.

9. Contractors will be bound to prevent the conveyance of any letter or packet by any of their servants or passengers, or otherwise, to the prejudice of the Post Office revenue; but they will be bound to collect loose letters and private bags on the road, which must be delivered up to the Postmaster at the first Post Office arrived at, under the penalty of £5 for each and every offence in either respect.

10. A mail cart or carriage drawn by one horse must not carry more than one passenger; by two horses, not more than three passengers; and by three or more horses, not more than six passengers, exclusive of the driver, under the penalty of £3 for each passenger in excess. The Chief Postmaster will have the power, when it appears that delays have ensued, or are likely to ensue, from the carrying of passengers, to limit the number further, or forbid the conveyance of any under the same penalty. A preference will be given to Contractors who will dispense with passenger traffic.

11. The drivers and postmen to be free, and of certified good character, and, together with the horses and vehicles employed in the conveyance of Mails, to be at all times subject to the inspection and approval or rejection of the Chief Postmaster.

12. Contractors are requested to state the rate at which they will provide, on the requisition of the Chief Postmaster, a seat in their conveyance for officers of the department travelling on the public service. The Contractors for Nos. 29 and 30 will be bound to provide such conveyance free whenever required.

13. The Chief Postmaster can appoint deputies to exercise all or any of the powers reposed in him by the Contracts.

14. All fines and penalties incurred under the agreement are to be deducted by the Chief Postmaster from the next instalment falling due to the contractors, and are to be considered as over and above any penalties established by any Act of Council.

15. Each party tendering, or agent for him, must attend at the Audit Office, on the day appointed for opening the Tenders, and each Tender must bear the *bona fide* signature of two respectable and solvent persons engaging to enter into a bond with the Contractors for the safety of the Mails and the due performance of the Contract and every stipulation therein.

16. Contractors will be strictly bound not to assign any portion of their Contract without consent of the Chief Postmaster.

17. The hours for starting from each Post Office, or Stage, and all other particulars, may be ascertained at the Post Office, Melbourne, where parties proposing to Tender are invited to seek information.

18. Contractors will have to prepare their own accounts (forms for which can be had on application at the General Post Office), and take the necessary steps for their collection themselves, according to any regulations which may exist or may be issued.

By His Excellency's Command,
JOHN FOSTER.

Colonial Secretary's Office,
Melbourne, 2nd August, 1853.

CONTRACT FOR THE ERECTION OF A LINE
OF ELECTRIC TELEGRAPH BETWEEN MEL-
BOURNE AND WILLIAMSTOWN.

THE existing system of Telegraphic communication between Melbourne and Williamstown being found inefficient for the increasing requirements of the Public Service, Her Majesty's Government

hereby invite Tenders, which will be received until 12 o'clock on Thursday, the 1st September, 1853, from parties willing to contract for the construction of a line of Electro-Telegraphic communication between the Government Offices in Lonsdale-street, Melbourne, and Williamstown; the Tenders to include the erection of all necessary Offices, Buildings, and Appurtenances, removal of trees, &c., near the line. The whole to be completed and in full operation within six months of the date of signing the Contract, and to furnish security for its being kept in working order for the ensuing six months.

Her Majesty's Government are prepared to receive either on the part of the Contractors, individually, or in a Company, Tenders for the lease of the line of Electro-Telegraphic communication, under the following conditions:—

1. All public and official correspondence being transmitted, at all hours, free of charge.
2. The approval of the appointment of all Officers and Clerks entrusted with the actual working of the Telegraph to rest with the Governor in Council, the nomination to the office to be vested in the Company.
3. The Crown to reserve to itself the power of, at any moment, on the grounds of public safety, assuming entire control, charge, and management of the line of Telegraph, compensating the Company by the payment of its usual income during the period of such assumption.
4. The Company to enter into a bond for the due performance of its lease and contract.

Her Majesty's Government are further prepared to consider proposals, in aiding the extension of a line of Electro-Telegraphic communication to Geelong and to the Port Phillip Heads.

Tenders to be sealed, and marked "*Contract for the Construction of Electric Telegraph*," to be deposited in the Tender Box at the entrance to the Audit Office, and addressed to the Surveyor General, to whom also application may be made for any additional information on the subject.
