General Post Office,
 Melbourne, 3rd January, 1854.

THE immensity of the number of applications made at this Office to have letters forwarded otherwise than directed, or arrested and re-directed in course of proper transmission according to the address, makes invariable attention to such requests impossible. Persons changing residence are therefore requested to give the necessary directions to their correspondents, as, while every possible attention will be rendered to their requests, unvarying and prompt compliance cannot always be ensured without unjustly delaying the circulation of the correspondence of the bulk of the population.

Persons addressing letters to the country districts are particularly requested to use the authorised name of the proper Post Office, without which this Department cannot be responsible for the due forwarding of the same.

A. McCRAE,
 Postmaster General.

IN pursuance of Section 8 of the Victoria Steam Navigation Act, the Victoria Steam Navigation Board hereby limits the Number of Passengers to be carried by the undermentioned Steamers to the numbers placed opposite their respective names.
