TO HEADS OF DEPARTMENTS AND OTHERS.

WITH reference to the Notice respecting "Requisitions," dated 1st March, 1853, published in the *Government Gazette* of 22nd June, 1853, No. 35, page 835, His Excellency the Lieutenant Governor has been pleased to approve of the following additional regulations with reference to Bookbinding and Ruling:—

2. The Form of Requisition numbered one in the list of printed forms is, in every instance, to be used, and transmitted in duplicate direct to the Government Printer, instead of, as hitherto, to the Civil Commissary General.

3. Patterns of the books required or the forms to be ruled, must, in each case, be attached or accompany the Requisition upon which they are asked for.

4. The thickness of books required is to be indicated by the number of quires or pages they are to contain, and the length and breadth of the same by inches.

5. In cases where portions of the *Government Gazette*, Acts of Council or Legislative Council Papers are missing, special authority must be obtained by the Officer making the Requisition from the Honorable the Colonial Secretary for the same to be replaced, as required by the third paragraph of the regulation of the 30th May, 1853, headed "*Government Gazette and Printing Office.*"

6. Separate Requisitions must invariably be sent for Bookbinding and Ruling, apart from Printing, and in no instance may the same be included in Requisitions for printing.

Tender to include delivery and to be made for each Station separately.

Tenders to be endorsed, "Tender for Hay, _____ Station," addressed to the Civil Commissary General, or deposited in the Tender Box of the Civil Commissariat Office, Bourke-street west, where all necessary information will be given upon application.

The Government will not necessarily accept the lowest or any tender.

The decision of the Government will be made known on the 31st instant.

CONDITIONS.

The article supplied to be good sound sweet oaten hay, and to be delivered monthly, or as may be required by the Officer in charge of the Station, or if preferred in such quantities as there may be sufficient storage accommodation available at the Station for its protection.

In the event of a difference of opinion between the contractor and the party receiving the supply as to the quality, the same is to be decided by a Board of Survey, according to the practice of the service. But in country districts, where a Board of Survey cannot be conveniently assembled, the party objecting will name one person as arbitrator, the contractor or his agent another, and these two will (previously to any other proceeding on their part) concur in naming a third as umpire, who, in the event of the arbitrators not agreeing in opinion, will be called upon for his decision, which shall be final.

If the board, arbitrators or umpire shall decide that the article is not of proper quality, it must be immediately replaced by the contractor, failing which it will be procured by the party requiring it, and the expense charged to the contractor.

In the event of any unnecessary delay or failure of the contractors to supply the articles when required, they will be otherwise procured, and charged in like manner.

A repetition of irregularity in the quantity or quality of the supplies, or of any delay in delivering or replacing them when required, will subject the contractor, upon report of the officer in charge of the parties or establishments, to such mulct, not exceeding one-fourth the amount of his monthly account, as the Governor may direct. It will also be in the power of the Governor, upon such repetition, to terminate the contract forthwith.

The contractor will be required to prepare his own account, monthly or quarterly, in the prescribed form; and on the production thereof, with the requisite vouchers, in a complete state, to the Civil Commissary General, or Assistant Civil Commissary of the district, for examination, they will be forwarded to the Audit Office, and payment will be made through the Colonial Treasury.

Security will be required for the due fulfilment of contract, in amount equal to one-third of the estimated cost of the whole supply required at the station tendered for.

No tender can be attended to unless accompanied by a certificate from two responsible parties proposed as security, stating that they are willing to become bound as securities for the contractor accordingly, and the bonds must be executed within twenty days from the day of acceptance of the tender being notified, failing of which the contracts will be again advertised or another tender accepted.

The tenders are required to have attached to them the signature of the party or parties willing to supply the Government with the articles enumerated, as also the names of the persons proposed as sureties for the due fulfilment of their contracts, stating fully their addresses or residence.

WILLIAM C. HAINES.
