**First—Extent and Position of Claims.**—That every party of twelve men shall be allowed thirty-four (34) feet, irrespective of width, until they have found the "gutter" or "lead;" but no party shall have protection for more than forty (40) feet in width upon the ascertained "lead" or "gutter."

**Second—Marking of Claims.**—That all claims be marked at right angles with the supposed course of the "lead," and a wall of six (6) feet be left between each claim: Provided always that no miner or single company of miners shall have a grant of more than one claim at the same time.
