COMMERCIAL TREATY BETWEEN HER MAJESTY
AND THE KINGS OF SIAM.

THE accompanying notice, which has been received in this department, is published for general information.
HUGH C. E. CHILDERS.

GOVERNMENT NOTIFICATION.

Her Majesty's Plenipotentiary and Chief Superintendent of Trade, publishes for general information, Treaty of Friendship and Commerce between Her Majesty and the Kings of Siam.

(Signed at Bangkok, 18th April, 1855.)

RATIFICATIONS EXCHANGED AT BANGKOK, 5TH APRIL, 1856.

Her Majesty the Queen of the United Kingdom of Great Britain and Ireland, and all its dependencies, and their Majesties Phra Bard Somdetch Phra Paramendr Maha Mongkut Phra Chom Klau Chau Yu Hua, the first King of Siam, and Phra Bard Somdetch Phra Pawarendr Ramesr Mahiswaresr Phra Pin Klau Chau Yu Hua, the second King of Siam, desiring to establish upon firm and lasting foundations the relations of peace and friendship existing between the two countries, and to secure the best interests of their respective subjects by encouraging, facilitating, and regulating their industry and trade, have resolved to conclude a treaty of amity and commerce for this purpose, and have therefore named as their plenipotentiaries, that is to say:—

Her Majesty the Queen of Great Britain and Ireland, Sir John Bowring, Knight, Doctor of Laws, &c., &c.; and their Majesties the first and second Kings of Siam, his Royal Highness Krom Hluang Wongsa Dhiraj Snidh; His Excellency Somdetch Chau Phaya Param Maha Puyurawongse; His Excellency Somdetch Chau Phaya Param Maha Bijai-neate; His Excellency Chau Phaya Sri Suriwongse Samuha Phra Kalahome; and His Excellency Chau Phaya, Acting Phra-Klang;

Who, after having communicated to each other their respective full powers, and found them to be in good and due form, have agreed upon and concluded the following articles:—

ARTICLE I.

There shall henceforward be perpetual peace and friendship between Her Majesty the Queen of Great Britain and Ireland, and her successors, and Their Majesties the first and second Kings of Siam, and their successors. All British subjects coming to Siam shall receive from the Siamese Government full protection and assistance to enable them to reside in Siam in all security, and trade with every facility, free from oppression or injury on the part of the Siamese; and all Siamese subjects going to an English country shall receive from the British Government the same complete protection and assistance that shall be granted to British subjects by the Government of Siam.

ARTICLE II.

The interests of all British subjects coming to Siam shall be placed under the regulation and control of a Consul, who will

be appointed to reside at Bangkok; he will himself conform to and will enforce the observance, by British subjects, of all the provisions of this treaty, and such of the former treaty negotiated by Captain Burney, in 1826, as shall still remain in operation. He shall also give effect to all rules or regulations that are now or may hereafter be enacted for the government of British subjects in Siam, the conduct of their trade, and for the prevention of violations of the laws of Siam. Any disputes arising between British and Siamese subjects shall be heard and determined by the Consul, in conjunction with the proper Siamese officers; and criminal offences will be punished, in the case of English offenders by the Consul, according to English laws, and in the case of Siamese offenders, by their own laws, through the Siamese authorities. But the Consul shall not interfere in any matters referring solely to Siamese, neither will the Siamese authorities interfere in questions which only concern the subjects of Her Britannic Majesty.

It is understood, however, that the arrival of the British Consul at Bangkok shall not take place before the ratification of this treaty, nor until ten vessels owned by British subjects, sailing under British colors and with British papers, shall have entered the port of Bangkok for purposes of trade, subsequent to the signing of this treaty.

ARTICLE III.

If Siamese in the employ of British subjects offend against the laws of their country, or if any Siamese having so offended or desiring to desert, take refuge with a British subject in Siam, they shall be searched for, and, upon proof of their guilt or desertion, shall be delivered up by the Consul to the Siamese authorities. In like manner, any British offenders resident or trading in Siam, who may desert, escape to, or hide themselves in Siamese territory, shall be apprehended and delivered over to the British consul on his requisition. Chinese, not able to prove themselves to be British subjects, shall not be considered as such by the British Consul, nor be entitled to his protection.

ARTICLE IV.

British subjects are permitted to trade freely in all the seaports of Siam, but may reside permanently only at Bangkok, or within the limits assigned by this treaty. British subjects coming to reside at Bangkok may rent land, and buy or build houses, but cannot purchase lands within a circuit of two hundred sen (not more than four miles English) from the city walls, until they shall have lived in Siam for ten years, or shall obtain special authority from the Siamese Government to enable them to do so. But with the exception of this limitation, British residents in Siam may at any time buy or rent houses, lands, or plantations, situated anywhere within a distance of twenty-four hours journey from the city of Bangkok, to be computed by the rate at which boats of the country can travel. In order to obtain possession of such lands or houses, it will be necessary that the British subject shall, in the first place, make application through the Consul to the proper Siamese officer; and the Siamese officer and the Consul having satisfied themselves of the honest intentions of the applicant, will assist him in settling, upon equitable terms, the amount of the purchase money, will mark out and fix the boundaries of

the property, and will convey the same to the British purchaser under sealed deeds. Whereupon he and his property shall be placed under the protection of the Governor of the district and that of the particular local authorities; he shall conform, in ordinary matters, to any just directions given him by them, and will be subject to the same taxation that is levied on Siamese subjects. But if through negligence, the want of capital, or other cause, a British subject should fail to commence the cultivation or improvement of the lands so acquired within a term of three years from the date of receiving possession thereof, the Siamese Government shall have the power of resuming the property, upon returning to the British subject the purchase money paid by him for the same.

ARTICLE V.

All British subjects intending to reside in Siam shall be registered at the British Consulate. They shall not go out to sea, nor proceed beyond the limits assigned by this treaty for the residence of British subjects, without a passport from the Siamese authorities, to be applied for by the British Consul; nor shall they leave Siam, if the Siamese authorities show to the British Consul that legitimate objections exist to their quitting the country. But within the limits appointed under the preceding Article, British subjects are at liberty to travel to and fro under the protection of a pass, to be furnished them by the British Consul, and counter-sealed by the proper Siamese officer, stating, in the Siamese character, their names, calling, and description. The Siamese officers at the Government stations in the interior may, at any time, call for the production of this pass, and immediately on its being exhibited, they must allow the parties to proceed; but it will be their duty to detain those persons who, by travelling without a pass from the Consul, render themselves liable to the suspicion of their being deserters; and such detention shall be immediately reported to the Consul.

ARTICLE VI.

All British subjects visiting or residing in Siam shall be allowed the free exercise of the Christian religion, and liberty to build churches in such localities as shall be consented to by the Siamese authorities. The Siamese Government will place no restrictions upon the employment by the English of Siamese subjects as servants, or in any other capacity. But wherever a Siamese subject belongs or owes service to some particular master, the servant who engages himself to a British subject without the consent of his master may be reclaimed by him, and the Siamese Government will not enforce an agreement between a British subject and any Siamese in his employ, unless made with the knowledge and consent of the master, who has a right to dispose of the services of the person engaged.

ARTICLE VII.

British ships of war may enter the river, and anchor at Paknam, but they shall not proceed above Paknam, unless with the consent of the Siamese authorities, which shall be given where it is necessary that a ship shall go into dock for repairs. Any British ship of war conveying to Siam a public functionary accredited by Her Majesty's Government to the Court of Bangkok, shall be allowed to come up to Bangkok, but shall not pass the forts called Pong Phrachamit and Pit-pach-nuck, unless expressly permitted to do so by the Siamese Government; but in the absence of a British ship of war, the Siamese authorities engage to furnish the Consul with a force sufficient to enable him to give effect to his authority over British subjects, and to enforce discipline among British shipping.

ARTICLE VIII.

The measurement duty hitherto paid by British vessels trading to Bangkok under the treaty of 1826 shall be abolished from the date of this treaty coming into operation, and British shipping or trade will thenceforth be only subject to the payment of import and export duties on the goods landed or shipped. On all articles of import the duties shall be 3 per cent., payable, at the option of the importer, either in kind or money, calculated upon the market value of the goods. Drawback of the full amount of duty shall be allowed upon goods found unsaleable and re-exported. Should the British merchant and the custom house officers disagree as to the value to be set upon the imported articles, such disputes shall be referred to the Consul and proper Siamese officer, who shall each have the power to call in an equal number of merchants as assessors, not exceeding two on either side, to assist them in coming to an equitable decision.

Opium may be imported free of duty, but can only be sold to the opium farmer or his agents. In the event of no arrangement being effected with them for the sale of the opium, it shall be re-exported, and no impost or duty shall be levied thereon. Any infringement of this regulation shall subject the opium to seizure and confiscation.

Articles of export from the time of production to the date of shipment shall pay one impost only, whether this be levied under the name of inland tax, transit duty, or duty on exportation. The tax or duty to be paid on each article of Siamese produce previous to or upon exportation, is specified in the tariff attached to this treaty; and it is distinctly agreed that goods or produce which pay any description of tax in the interior shall be exempted from any further payment of duty on exportation.

English merchants are to be allowed to purchase directly from the producer the articles in which they trade, and in like

manner to sell their goods directly to the parties wishing to purchase the same, without the interference in either case, of any other person.

The rates of duty laid down in the tariff attached to this treaty are those that are now paid upon goods or produce shipped in Siamese or Chinese vessels or junks; and it is agreed that British shipping shall enjoy all the privileges now exercised by, or which hereafter may be granted to, Siamese or Chinese vessels or junks.

British subjects will be allowed to build ships in Siam, on obtaining permission to do so from the Siamese authorities.

Whenever a scarcity may be apprehended of salt, rice, and fish, the Siamese Government reserve to themselves the right of prohibiting, by public proclamation, the exportation of these articles.

Bullion or personal effects may be imported or exported free of charge.

ARTICLE IX.

The Code of Regulations appended to this Treaty shall be enforced by the Consul, with the co-operation of the Siamese authorities; and they, the said authorities and Consul, shall be enabled to introduce any further regulations which may be found necessary, in order to give effect to the objects of this treaty.

All fines and penalties inflicted for infraction of the provisions and regulations of this treaty shall be paid to the Siamese Government.

Until the British consul shall arrive at Bangkok, and enter upon his functions, the consignees of British vessels shall be at liberty to settle with the Siamese authorities all questions relating to their trade.

ARTICLE X.

The British Government and its subjects will be allowed free and equal participation in any privileges that may have been, or may hereafter be granted by the Siamese Government to the government or subjects of any other nation.

ARTICLE XI.

After the lapse of ten years from the date of the ratification of this treaty, upon the desire of either the British or Siamese Governments, and on twelve months notice given by either party, the present and such portions of the treaty of 1826 as remain unrevoked by this treaty, together with the tariff and regulations hereunto annexed, or those that may hereafter be introduced, shall be subject to revision by Commissioners appointed on both sides for this purpose, who will be empowered to decide on and insert therein such amendments as experience shall prove to be desirable.

ARTICLE XII.

This treaty, executed in English and Siamese, both versions having the same meaning and intention, and the ratifications thereof having been previously exchanged, shall take effect from the sixth day of April in the year one thousand eight hundred and fifty-six of the Christian era, corresponding to the first day of the fifth month of the one thousand two hundred and eighteenth year of the Siamese Civil era.

In witness whereof the abovesigned Plenipotentiaries have signed and sealed the present treaty in quadruplicate at Bangkok, on the eighteenth day of April, in the year one thousand eight hundred and fifty-five of the Christian era, corresponding to the second day of the sixth month of the one thousand two hundred and seventeenth year of the Siamese Civil era.

General Regulations under which British Trade is to be conducted in Siam.

REGULATION I.

The master of every English ship coming to Bangkok to trade, must either before or after entering the river, as may be found convenient, report the arrival of his vessel at the custom house at Paknam, together with the number of his crew and guns, and the port from whence he comes. Upon anchoring his vessel at Paknam, he will deliver into the custody of the custom house officers all his guns and ammunition, and a custom house officer will then be appointed to the vessel and will proceed in her to Bangkok.

REGULATION II.

A vessel passing Paknam without discharging her guns and ammunition as directed in the foregoing regulation will be sent back to Paknam to comply with its provisions, and will be fined 800 ticals for having so disobeyed. After delivery of her guns and ammunition she will be permitted to return to Bangkok to trade.

REGULATION III.

When a British vessel shall have cast anchor at Bangkok, the master, unless a Sunday should intervene, will, within four and twenty hours after arrival, proceed to the British Consulate, and deposit there his ship's papers, bills of lading, &c., together with a true manifest of his import cargo; and upon the Consul's reporting these particulars to the custom house, permission to break bulk will at once be given by the latter.

For neglecting so to report his arrival, or for presenting a false manifest, the master will subject himself, in each instance, to a penalty of 400 ticals; but he will be allowed to

correct within twenty-four hours after delivery of it to the Consul any mistake he may discover in his manifest, without incurring the above mentioned penalty.

REGULATION IV.

A British vessel breaking bulk, and commencing to discharge before due permission shall be obtained, or smuggling either when in the river or outside the bar, shall be subject to the penalty of 800 ticals, and confiscation of the goods so smuggled or discharged.

REGULATION V.

As soon as a British vessel shall have discharged her cargo, and completed her outward lading, paid all her duties, and delivered a true manifest of her outward cargo to the British Consul, a Siamese port clearance shall be granted her on application from the Consul, who, in the absence of any legal impediment to her departure, will then return to the master his ship's papers, and allow the vessel to leave. A custom house officer will accompany the vessel to Paknam; and on arriving there she will be inspected by the custom house officers of that station, and will receive from them the guns and ammunition previously delivered into their charge.

REGULATION VI.

Her Britannic Majesty's Plenipotentiary having no knowledge of the Siamese language, the Siamese Government have agreed that the English text of these Regulations, together with the Treaty of which they form a portion, and the Tariff hereunto annexed, shall be accepted as conveying in every respect their true meaning and intention.

GOVERNMENT NOTIFICATION.

Diplomatic Department.

His Excellency Her Majesty's Plenipotentiary and Chief Superintendent of British Trade in China, is pleased to publish for general information the Articles of Agreement entered into between the Siamese Commissioners and Mr. Parkes, with a view to the better understanding of the treaty between Great Britain and Siam.

(By Order)

W. WOODGATE.

Superintendency of Trade, Victoria,
Hong Kong, 18th June, 1856.

Agreement entered into between the undermentioned Royal Commissioners, on the part of Their Majesties the First and Second Kings of Siam, and Harry Smith Parkes, Esquire, on the part of Her Britannic Majesty's Government.

Mr. Parkes having stated, on his arrival at Bangkok, as bearer of Her Britannic Majesty's Ratification of the Treaty of Friendship and Commerce concluded on the 18th day of April, 1855, between Her Majesty the Queen of the United Kingdom of Great Britain and Ireland, and Their Majesties Phra Bard Somdetch Phra Paramendr Maha Mongkut Phra Chom Klau Chau Yu Hua, the First King of Siam, and Phra Bard Somdetch Phra Pawarendr Kamesr Mahiswarestr Phra Pin Klau Chau Yu Hua, the Second King of Siam, that he was instructed by the Earl of Clarendon, Her Britannic Majesty's Principal Secretary of State for Foreign Affairs, to request the Siamese Government to consent to an enumeration of those articles of the former treaty concluded in 1826, between the Honorable East India Company and Their late Majesties the First and Second Kings of Siam, which are abrogated by the Treaty first named, and also to agree to certain explanations which appear necessary to mark the precise force and application of certain portions of the new treaty:—Their aforesaid Majesties, the First and Second Kings of Siam, have appointed and empowered certain Royal Commissioners, namely, His Royal Highness Krom Hluang Wong-sa Dhiraj Snidh, and Their Excellencies the four Senapathies or Principal Ministers of Siam, to confer and arrange with Mr. Parkes the matters abovenamed, and the said Royal Commissioners having accordingly met Mr. Parkes for this purpose, on repeated occasions, and maturely considered all the subjects brought by him to their notice, have resolved:—

That it is proper, in order to prevent future controversy, that those clauses of the old treaty which are abrogated by the new treaty should be distinctly specified, and that any clause of the new treaty which is not sufficiently clear, should be fully explained. To this end they have agreed to, and concluded, the following twelve articles:—

ARTICLE I.

ON THE OLD TREATY CONCLUDED IN 1826.

The articles of the old treaty not abrogated by the new treaty are 1, 2, 3, 8, 11, 12, 13 and 14, and the undermentioned clauses of articles 6 and 10.

In article 6, the Siamese desire to retain the following clause:—

"If a Siamese or English merchant buy or sell, without enquiring and ascertaining whether the seller or buyer be of a good or bad character; and if he meet with a bad man, who takes the property and absconds, the rulers and officers on either side must make search and endeavor to produce the property of the absconder, and investigate the matter with sincerity. If the party possess money or property, he can be made to pay;

but if he does not possess any, or if he cannot be apprehended, it will be the merchant's own fault, and the authorities cannot be held responsible."

Of article 10, Mr. Parkes desires to retain that clause relating to the overland trade, which states:—

"Asiatic merchants of the English countries, not being Burmese, Pegoyans, or descendants of Europeans desiring to enter into, and to trade with, the Siamese dominions from the countries of Mergui, Tavoy, Tenasserim, and Ye, which are now subject to the English, will be allowed to do so freely overland and by water, upon the English furnishing them with proper certificates." Mr. Parkes, however, desires that all British subjects without exception shall be allowed to participate in this overland trade. The said Royal Commissioners therefore agree, on the part of the Siamese, that all traders under British rule may cross from the British territories of Mergui, Tavoy, Ye, Tenasserim, Pegu, or other places, by land or by water, to the Siamese territories, and may trade there with facility, on the condition that they shall be provided by the British authorities with proper certificates, which must be renewed for each journey.

The commercial agreement annexed to the old treaty is abrogated by the new treaty, with the exception of the under-mentioned clauses of articles 1 and 4:—

Of article 1, the Siamese desire to retain the following clause:—"British merchants importing fire-arms, shot, or gunpowder, are prohibited from selling them to any party but the Government. Should the Government not require such fire-arms, shot, or gunpowder, the merchants must re-export the whole of them."

Article 4 stipulates that no charge or duty shall be levied on boats carrying cargo of British ships at the bar. The Siamese desire to cancel this clause, for the reason that the old measurement duty of 1700 ticals per fathom, included the fees of the various officers. But as this measurement duty has now been abolished, the Siamese wish to levy on each native boat taking cargo out to sea, a fee of 8 ticals 2 salungs, this being the charge paid by Siamese traders; and Mr. Parkes undertakes to submit this point to the consideration of Her Majesty's Minister Plenipotentiary to the Court of Siam.

ARTICLE II.

ON THE EXCLUSIVE JURISDICTION OF THE CONSUL OVER BRITISH SUBJECTS.

The 2nd article of the treaty stipulates that, "Any disputes arising between British and Siamese subjects shall be heard and determined by the Consul in conjunction with the proper Siamese officers; and criminal offenders will be punished, in the case of English offenders, by the Consul, according to English laws, and in the case of Siamese offenders by their own laws, through the Siamese authorities. But the Consul shall not interfere in any matters referring solely to Siamese, neither will the Siamese authorities interfere in questions which only concern the subjects of Her Britannic Majesty."

On the non-interference of the Consul with the Siamese or of the Siamese with British subjects, the said Royal Commissioners desire, in the first place, to state that, while for natural reasons they fully approve of the Consul holding no jurisdiction over Siamese in their own country, the Siamese authorities, on the other hand, will feel themselves bound to call on the Consul to apprehend and punish British subjects who shall commit, whilst in Siamese territory, any grave infractions of the laws, such as cutting, wounding, or inflicting other serious bodily harm. But in disputes, or in offences of a slighter nature committed by British subjects among themselves, the Siamese authorities will refrain from all interference.

With reference to the punishment of offences, or the settlement of disputes, it is agreed:—

That all criminal cases, in which both parties are British subjects, or in which the defendant is a British subject, shall be tried and determined by the British Consul alone.

All criminal cases in which both parties are Siamese, or in which the defendant is a Siamese, shall be tried and determined by the Siamese authorities alone.

That all civil cases in which both parties are British subjects, or in which the defendant is a British subject, shall be heard and determined by the British Consul alone: all civil cases in which both parties are Siamese, or in which the defendant is a Siamese, shall be heard and determined by the Siamese authorities alone.

That whenever a British subject has to complain against a Siamese, he must make his complaint through the British Consul, who will lay it before the proper Siamese authorities.

That in all cases in which Siamese or British subjects are interested, the Siamese authorities in the one case, and the British Consul in the other, shall be at liberty to attend at and listen to the investigation of the case, and copies of the proceedings will be furnished from time to time, or whenever desired, to the Consul or the Siamese authorities until the case is concluded.

That although the Siamese may interfere so far with British subjects, as to call upon the Consul, in the manner stated in this article, to punish grave offences when committed by British subjects, it is agreed that—

British subjects, their persons, houses, premises, lands, ships, or property of any kind, shall not be seized, injured, or in any way interfered with by the Siamese. In case of any violation of this stipulation, the Siamese authorities will take cognizance of the case, and punish the offenders. On the other hand,

Siamese subjects, their persons, houses, premises, or property of any kind, shall not be seized, injured, or in any way interfered with by the English, and the British Consul shall investigate and punish any breach of this stipulation.

ARTICLE III.

ON THE RIGHT OF BRITISH SUBJECTS TO DISPOSE OF THEIR PROPERTY AT WILL.

By the 4th article of the treaty, British subjects are allowed to purchase in Siam "houses, gardens, fields, or plantations." It is agreed in reference to this stipulation that British subjects who have accordingly purchased houses, gardens, fields, or plantations, are at liberty to sell the same to whomsoever they please. In the event of a British subject dying in Siam, and leaving houses, lands, or any property, his relations, or those persons who are heirs according to English law, shall receive possession of the said property, and the British Consul, or some one appointed by the British Consul, may proceed at once to take charge of the said property on their account. If the deceased should have debts due to him by the Siamese, or other persons, the Consul can collect them; and if the deceased should owe money, the Consul shall liquidate his debts as far as the estate of the deceased shall suffice.

ARTICLE IV.

ON THE TAXES, DUTIES, OR OTHER CHARGES LEVIABLE ON BRITISH SUBJECTS.

The 4th article of the treaty provides for the payment, on the lands held or purchased by British subjects, of "the same taxation that is levied on Siamese subjects." The taxes here alluded to are those set forth in the annexed schedule.

Again, it is stated in the 8th article, that "British subjects are to pay import and export duties according to the tariff annexed to the treaty." For the sake of greater distinctness, it is necessary to add to these two clauses the following explanation, namely,—That beside the land tax, and the import and export duties, mentioned in the aforesaid articles, no additional charge or tax of any kind may be imposed upon a British subject, unless it obtain the sanction both of the Supreme Siamese authorities and the British Consul.

ARTICLE V.

ON PASSES AND PORT CLEARANCES.

The 5th article of the treaty provides that passports shall be granted to travellers, and the 5th article of the regulations that port clearances shall be furnished to ships. In reference thereto, the said Royal Commissioners, at the request of Mr. Parkes, agree that the passports to be given to British subjects travelling beyond the limits assigned by the treaty for the residence of British subjects, together with the passes for cargo boats and the port clearances of British ships, shall be issued within twenty-four hours after formal application for the same shall have been made to the proper Siamese authorities. But if reasonable cause should at any time exist for delaying or withholding the issue of any of these papers, the Siamese authorities must at once communicate it to the Consul.

Passports for British subjects travelling in the interior, and the port clearances of British ships, will be granted by the Siamese authorities free of charge.

ARTICLE VI.

ON THE PROHIBITION OF THE EXPORTATION OF RICE, SALT, AND FISH, AND ON THE DUTY ON PADDY.

The 8th article of the treaty stipulates that, "Whenever a scarcity may be apprehended of salt, rice, and fish, the Siamese Government reserve to themselves the right of prohibiting by public proclamation the exportation of these articles."

Mr. Parkes, in elucidation of this clause, desires an agreement to this effect, namely,—That a month's notice shall be given by the Siamese authorities to the Consul, prior to the enforcement of the prohibition; and that British subjects who may previously obtain special permission from the Siamese authorities to export a certain quantity of rice which they have already purchased, may do so even after the prohibition comes in force. Mr. Parkes also requests that the export duty on paddy should be half of that on rice, namely, two ticals per koyan.

The said Royal Commissioners, having in view the fact that rice forms the principal sustenance of the nation, stipulate that, on the breaking out of war or rebellion, the Siamese may prohibit the trade in rice, and may enforce the prohibition so long as the hostilities thus occasioned shall continue. If a dearth should be apprehended, on account of the want or excess of rain, the Consul will be informed one month previous to the enforcement of the prohibition. British merchants who obtain the royal permission upon the issue of the proclamation, to export a certain quantity of rice which they have already purchased, may do so irrespective of the prohibition to the contrary; but those merchants who do not obtain the royal permission, will not be allowed when the prohibition takes effect to export the rice they may already have purchased.

The prohibition shall be removed as soon as the cause of its being imposed shall have ceased to exist.

Paddy may be exported on payment of a duty of two ticals per koyan, or half the amount levied upon rice.

ARTICLE VII.

ON PERMISSION TO IMPORT GOLD-LEAF AS BULLION.

Under the 8th article of the treaty, bullion may be imported or exported free of charge. With reference to this clause, the

said Royal Commissioners, at the request of Mr. Parkes, agree that foreign coins of every denomination, gold or silver in bars or ingots, and gold-leaf, may be imported free; but manufactured articles in gold and silver, plated-ware, and diamonds or other precious stones, must pay an import duty of three per cent.

ARTICLE VIII.

ON THE ESTABLISHMENT OF A CUSTOM HOUSE.

The said Royal Commissioners, at the request of Mr. Parkes, and in conformity with the intent of the 8th article of the new treaty, agree to the immediate establishment of a custom house, under the superintendency of a high government functionary, for the examination of all goods landed or shipped, and the receipt of the import and export duties due thereon. They further agree that the business of the custom house shall be conducted under the regulations annexed to this agreement.

ARTICLE IX.

ON THE SUBSEQUENT TAXATION OF ARTICLES NOW FREE FROM DUTY.

Mr. Parkes agrees with the said Royal Commissioners that whenever the Siamese Government deem it to be beneficial for the country to impose a single tax or duty on any article not now subject to a public charge of any kind, they are at liberty to do so, provided that the said tax be just and reasonable.

ARTICLE X.

ON THE BOUNDARIES OF THE FOUR MILE CIRCUIT.

It is stipulated in the 4th article of the treaty, that "British subjects coming to reside at Bangkok, may rent land and buy or build houses, but cannot purchase lands within a circuit of 200 sen (not more than 4 miles English) from the city walls, until they shall have lived in Siam for ten years, or shall obtain special authority from the Siamese Government to enable them to do so."

The points to which this circuit extends due north, south, east and west of the city, and the spot where it crosses the river below Bangkok, have accordingly been measured by officers on the part of the Siamese and English, and their measurements having been examined and agreed to by the said Royal Commissioners and Mr. Parkes, are marked by stone pillars placed at the undermentioned localities, viz:—

- On the north—1 sen north of Wat Kemabherataram.
- On the East—6 sen and 7 fathoms south-west of Wat Bankapi.
- On the south—About 19 sen south of the village of Bangkok.
- On the west—About 2 sen south-west of the village of Bangphrom.

The pillars marking the spot where the circuit line crosses the river below Bangkok are placed on the left bank 3 sen below the village of Bangmanan, and on the right bank about one sen below the village of Banglumpuluen.

ARTICLE XI.

ON THE BOUNDARIES OF THE TWENTY-FOUR HOURS JOURNEY.

It is stipulated in the 4th article of the treaty, that "Excepting within the circuit of 4 miles, British merchants in Siam may at any time buy or rent houses, lands, or plantations situated anywhere within a distance of twenty-four hours journey from the city of Bangkok, to be computed by the rate at which boats of the country can travel."

The said Royal Commissioners and Mr. Parkes have consulted together on this subject, and have agreed that the boundaries of the said twenty-four hours journey shall be as follows:—

1. On the North.—The Bangputsa Canal from its mouth on the Chow Phya River, to the old city walls of Lobjary, and a straight line from Lobjary to the landing-place of Tha Phirangam, near to the town of Saraburi on the river Pasak.

2. On the East.—A straight line drawn from the landing-place of Tha Phirangam to the junction of the Kloungkut Canal with the Bangpakong River; the Bangpakong River from the junction of the Kloungkut Canal to its mouth; and the coast from the mouth of the Bangpakong River to the isle of Srimaharajah, to such distance inland as can be reached within twenty-four hours journey from Bangkok.

3. On the South.—The isle of Srimaharajah and the islands of Se-chang on the east side of the gulf, and the city walls of Petchaburi, on the west side.

4. On the West.—The western coast of the Gulf to the mouth of the Meklong River to such a distance inland as can be reached within twenty-four hours journey from Bangkok. The Meklong River from its mouth to the city walls of Kappury. A straight line from the city walls of Kappury to the town of Sebhnarnapury, and a straight line from the town of Sebhnarnapury to the mouth of the Bangputsa Canal on the Chow Phya River.

ARTICLE XII.

ON THE INCORPORATION IN THE TREATY OF THIS AGREEMENT.

The said Royal Commissioners agree, on the part of the Siamese Government, to incorporate all the articles of this agreement in the treaty concluded by the Siamese Plenipotentiaries and Sir John Bowring, on the 18th April, 1855, when-

ever this shall be desired by Her Britannic Majesty's Plenipotentiary.

In witness whereof, the said Royal Commissioners, and the said Harry Smith Parkes, have sealed and signed this agreement in duplicate, at Bangkok, on the thirteenth day of May, in the year One thousand eight hundred and fifty-six of the Christian era, corresponding to the ninth day of the waxing moon of the lunar month of Wesakh in the year of the quadrupede Serpent, being the year One thousand two hundred and eighteen of the Siamese astronomical era, which is the nineteenth of Her Britannic Majesty's and sixth of their present Majesties' reigns.

PETITION FOR MUNICIPAL INSTITUTIONS.

SOUTH BARWON.

IN pursuance of the Act of Council, 18 Victoria No. 15, His Excellency the Governor, with the advice of the Executive Council, has directed the publication of the substance and prayer of a petition addressed to His Excellency as hereinafter set forth, signed by two hundred and eighteen householders, residing south of the River Barwon, and within the corporate boundaries of the town of Geelong, in the county of Grant.

By His Excellency's Command,
WILLIAM C. HAINES.

Z.10712.

The petitioners state that they are subjected to great loss through the state of the main line of roads leading into the town of Geelong, and have in vain applied to the corporation to render them passable.

That they have held several public meetings on this subject, and have after due consideration resolved to petition to be separated from the corporation of Geelong, and to be constituted a district municipality.

They further state that the area of the land south of the River Barwon and within the corporate boundaries of Geelong, is less than nine square miles and contains upwards of three hundred householders, and that no point in such area is distant six miles from any other point.

And the petitioners pray as follows:—

“Your petitioners therefore earnestly pray that your Excellency will be pleased to proclaim this portion of the town of Geelong to be a district municipality, in accordance with the Act 18 Victoria No. 15, under the name or title of ‘The South Barwon Municipality.’”

MUNICIPAL INSTITUTIONS.

COUNTER PETITION, BRUNSWICK.

IN pursuance of the Act of Council 18 Victoria No. 15, His Excellency the Governor, with the advice of the Executive Council, has directed the publication of the substance and prayer of a counter petition to his Excellency as hereinafter set forth, presented on the 7th instant, and signed by two hundred and fifty-nine householders resident within the district of Brunswick, in the county of Bourke, such counter petition being in opposition to a petition previously presented from the same locality, and gazetted on the 9th ultimo.

By His Excellency's Command,
 Y.166. WILLIAM C. HAINES.

The counter petitioners state that they are informed that there was presented to His Excellency the Officer administering the Government, a petition published in the *Government*

Gazette, of date 12th December, 1856, signed by two hundred and eleven householders resident within the district of Brunswick, in the county of Bourke, as defined in the said petition, as follows:—"Commencing at the bridge on the Merri Creek, at the village of Northcote, and bounded on the south by a line bearing west to the eastern boundary of the Prince's Park Reserve, by said reserve northerly and westerly to the Sydney road; thence westerly along the northern boundary of the Royal Park Reserve to the Moonee Ponds, by the said ponds north-westerly to the north-western corner of section 126, parish of Jika Jika; thence easterly along the northern boundary of said section and northern boundary of section 127, parish of Jika Jika, to the Merri Creek, and by said creek south-easterly to the point of commencement;" and that such petition prayed that the said district might be proclaimed a municipal district by the name of "The Municipal District of Brunswick," and that the limits and boundaries of such district might be declared by such Proclamation.

The counter petitioners further state that they are of opinion that the inhabitants of the said district of Brunswick would not be at all benefited, but would, on the contrary, be seriously prejudiced by its being constituted a municipal district, and pray as follows:—

"Your petitioners therefore humbly pray that the prayer of the said recited petition be not granted."

MEMORIAL FOR A ROAD DISTRICT.
HAMPTON AND HEYTESBURY.

THE substance and prayer of a memorial to His Excellency the Governor, adopted at a public meeting of the landholders of the counties of Hampton and Heytesbury, held at Camperdown on the 16th ultimo, and praying for the separa-

tion of the county of Hampden from the Warrnambool Road District and the constitution of a new road district, are published below for general information.

By His Excellency's Command,
C. PASLEY.

The memorialists state that their distance from Warrnambool would prevent their being fully and fairly represented at the Warrnambool District Road Board; that the principal trade of those portions of the counties of Hampden and Heytesbury that they pray to be proclaimed a road district, is transacted in Geelong, which town is their shipping port, and consequently the repair and maintenance of the roads leading thereto are of paramount importance; that the population engaged in agricultural pursuits has greatly increased, a large quantity of land having been purchased from the Crown and brought under cultivation.

The memorialists point out that no objection can be made by the Warrnambool Board on the ground of their having entered into contracts on the faith of this year's assessment being collected, as the assessment has been already paid.

They recommend the boundaries of the proposed road district to be as follow.—Commencing at a point on Mount Emu Creek, being the north-east corner of the county of Hampden; thence by a line bearing in a southerly direction to the source of the Gnarkeet chain of Ponds; thence by the latter to its confluence with lake Corangamite; thence by the eastern shore of Lake Corangamite to the junction of it with Perrin Yaloak Creek, being the eastern boundary of the county of Hampden; thence by the Perrin Yaloak Creek $\frac{1}{2}$ miles in a southerly direction; thence by a line bearing west about 32 miles; thence by a line bearing north crossing Mount Emu Creek, along the western boundaries of the parishes of Terang and Glenormiston and eastern boundary of the parish of Mortlake to its north-east angle; thence by the north boundary of the latter to the intersection of the main road leading from Camperdown and Glenormiston, &c.; thence by the proposed continuation of the said road on to Hexham; thence by the river Hopkins in a northerly direction, being the western boundary of the county of Hampden, to a point where the northern boundary of the county of Hampden intersects it; and thence by the latter to the point of commencement, allowing that portion of the county of Hampden, being the south-west corner from the parish of Terang to Hexham, which is associated with the Warrnambool District in business and traffic, to remain under the control of the Warrnambool Road Board, and allowing the north-east corner of the county of Heytesbury, being a part of the pastoral and agricultural district of Timboon, to be under the control of the board now asked for.

And the memorialists pray as follows:—
"Your memorialists therefore pray that your Excellency will be pleased to revoke the proclamation annexing the whole of the county of Hampden to the Warrnambool Road Board District, and that you will proclaim those portions of the counties of Hampden and Heytesbury now prayed for, a road district under the control of its own local board."

MEMORIAL FOR A ROAD DISTRICT.
DUNDAS.

THE substance and prayer of a memorial addressed to His Excellency the Governor, and signed by two hundred and thirty-three freeholders and other inhabitants of the county of Dundas, praying for the separation of the said county from the Portland road district, and the constitution of a new road district, are published below for general information.

By His Excellency's Command,
C. PASLEY.

The memorialists state that a large portion of the amount raised by assessment by the Portland district road board has been levied in the county of Dundas, the inhabitants of which county, in consequence of their great distance from the town of Portland (where the sittings of the district road board are held), are unable to control the application of the fund, and consequently to procure the expenditure of a fair proportion in their county.

The memorialists consider that Hamilton is the county town of Dundas (all elections being held there, as well as the courts of general and petty sessions and county courts, and the stipendiary magistrate and commissioner of Crown Lands also residing there), and that as it is situate on the verge of the counties of Dundas and Normanby, and within a few miles of the boundary of the county of Villiers, it would be inexpedient that the boundary of Dundas should form the boundary of the new road district. They therefore propose that about 150,000 acres of the county of Normanby, and 50,000 acres of the county of Villiers, should be included in the new district.

And the memorialists in substance pray as follows: That His Excellency would proclaim a new road district, of which the county of Dundas should form the principal part, and that so much of the counties of Normanby and Villiers as is comprised in the police district of Hamilton should be included therein, the boundary line of the proposed district to run "from Koroit Creek to Branzholme, from thence to Mount Napier, from thence to Peshurst, from thence to Mount Abrupt including the township of Dunkeld, and thence from the boundary of Villiers to the boundary of Dundas."
