Published by Authority.

No. 151.]

TUESDAY, NOVEMBER 9.

[1858.

Public Lands Office (Occupation Branch),  
Melbourne, 27th October, 1858.

## NOTICE TO OCCUPANTS OF RUNS THROUGHOUT THE COLONY.

NOTICE is hereby given that unless all arrears of Licenses to Depasture on Crown Lands, Assessment on Stock, and Transfer License Fees, are paid into the Treasury on or before the 31st day of March, 1859, the runs for which such arrears became due will be *absolutely forfeited*.

C. GAVAN DUFFY,  
President of the Board of Land and Works.

Public Lands Office (Occupation Branch),  
Melbourne, 4th November, 1858.

## NOTICE TO LICENSEES REGARDING RIGHT OF PRE-EMPTION.

LICENSED occupants of runs who are entitled to purchase any land under pre-emptive right are hereby requested to take notice that their claims for pre-emption will be required to be forwarded to the Board of Land and Works prior to the 1st day of November, 1859.

C. GAVAN DUFFY,  
President of the Board of Land and Works.

Treasury.  
Melbourne, November, 1858.

## BAGATELLE TABLES.

LICENSED Publicans are hereby notified that by keeping Bagatelle Tables without obtaining a Billiard License, as directed by the Act 13 Victoria No. 29, clause 36, they render themselves liable to the penalties prescribed by the clause referred to.

GEO. HARKER.

## CAUTION.

A RANGE for Rifle Practice having been marked out on a line from St. Kilda Railway to the sea coast, 200 yards S.E. of the Sandridge Battery, the following arrangements for safety have been established, and are now published for the information of the public:—

During the hours of practice a red flag will be hoisted on the flagstaff at Sandridge Battery, and lowered as a signal to cease firing on the approach of any person, or boats crossing the line of fire.

The public are therefore requested not to cross the range until they see the flag lowered.

J. MARTIN BLADEN NEILL,  
Lieut.-Col., Deputy Adjutant-General.

Public Lands Office,  
Melbourne, 5th November, 1858.

## BACCHUS MARSH LAND SALE.—9TH NOVEMBER, 1858.

WITH reference to the Proclamation contained in the *Government Gazette* of the 6th October last, relative to a sale of certain Crown Lands to be held at Maddingley, Bacchus Marsh, on the 9th November instant: Notice is hereby given that country lots 5 to 8, 10, 17 to 21, and 25 to 42 inclusive, have been withdrawn from the said sale.

By His Excellency's Command,  
C. GAVAN DUFFY.

Department of Trade and Customs,  
Melbourne, 4th November, 1858.

## LICENSING OF POWDER HULKS.

(Act 21 Victoria No. 21, sec. 2.)

THE following conditions on which Licenses will in future be granted for Powder Hulks, having received the approval of His Excellency the Governor in Council, are published for general information.

By His Excellency's Command,  
HENRY MILLER.

## CONDITIONS FOR WHICH A LICENSE WILL BE GRANTED FOR POWDER HULKS.

(21 Victoria No. 21, sec. 2.)

1. THAT the vessel proposed to be licensed be inspected and approved by the Chief Harbor Master as being proper for the purpose.
2. That all projecting iron bolts be drifted out of the sides and decks, and all prominent ironwork be removed from the windlass, masts, and bowsprit.
3. That the ship be moored with a cable of which the portion above water-mark shall be coir or hemp. That the hold be decked, floored, and fitted with partitions fore and aft, so as to afford a clear passage up the centre; and proper bins be set up for receiving powder; that no iron be used in their erection, but they must be secured by wooden pegs or copper nails.
4. That copper lightning conductors be placed on each side of each mast to the water's edge; that the pumps be of wood or copper.
5. That all tools used in coopering casks be of wood or copper, and all locks and bars on board be of copper.
6. That all persons employed on board shall not be permitted when below to have any matches, knives, or articles of steel or iron on their persons, and shall wear shoes free from any metal except copper.
7. That no fires nor lights be allowed on board except during the hours from sunset to sunrise.
8. That the vessel be always open for the inspection of the Tide Inspector of Her Majesty's customs, or other officer on behalf of the Government.
9. That an approved trustworthy person be in charge of the hulk, and a requisite number of assistants be kept on board, so as to ensure quick despatch in receiving and delivering powder, and that constant watch be kept on deck night and day.
10. That the provisions of the Act 21 Victoria No. 21, in every respect be complied with.
11. That the vessel be moored in such place as may be appointed by the Chief Harbor Master.
12. That the vessel be inspected in her hull and appurtenances at least once in six months by the chief harbor master, and that his certificate that they are in good condition or otherwise be obtained.
13. That all persons in charge live on deck, and that the vessel be always kept closed except for the receipt and delivery of gunpowder.
14. That in the event of the infringement of any of the provisions of the Act 21 Victoria No. 21, regulations under that Act, or of the foregoing conditions, that the license be withdrawn at fourteen days' notice, and the powder be transferred to such place as the commissioner of trade and customs may determine.

**REGULATIONS.**

- No charge will be made for the date, address, or signature to any message.
- Messages must be written with ink, and bear a proper date, address, and genuine signature.
- Messages will be delivered free of charge within one mile of the office, over that distance cab or omnibus fare will be charged. Messages to be delivered on ship board an extra charge, to cover boat expenses, will be made.
- Messages will be transmitted in the order of their reception, and no precedence will be allowed in transmission except for Government despatches, the Police service, and in cases of sickness or death.
- All messages will be held strictly confidential.
- Payment of charges in advance will be required, except for replies to interrogatory messages on which may have been written the words "Reply paid for."

7. To lessen as much as possible any liability to error in the transmission of messages from defective manuscripts, it is desirable that the use of figures should be avoided, and that words at length be substituted; and the public in using the Electric Telegraph are requested to be particular in giving a full and correct address to every message, so that no duty in delivery may occur. It is also recommended for the transmission of messages by the public generally, between the hours of 8.30 a.m. and 5 p.m.

G. S. EVANS, Postmaster General.

Treasury,  
Melbourne, 28th October, 1858.

### Tenders for Supplies for the Service of 1859.

Chief Secretary's Office,  
 Melbourne, 5th November, 1858.

#### MEDICAL ATTENDANCE ON PRISONERS IN PENAL HULKS.

TENDERS will be received until Noon on Monday, the 29th day of November, from legally qualified medical practitioners willing to contract for the supply of medical attendance and the necessary medicines for the prisoners on board the Penal Hulks in Hobson's Bay during the year 1859.

The service required is the provision of medicines and medical attendance for the female prisoners and children (averaging about 100 in number) on board the hulk *Sacramento*; and the prisoner seamen in the hulk *Lysander* (numbering from about 12 to 50), for the period stated. Arrangements will be made by which the medical contractor can be conveyed to and from the hulks.

Tenders are to be made at so much per annum, and one sum is to be named for the performance of the entire service.

Tenders are to be endorsed, "Tender for Medical Attendance on Prisoners in Hulks," and forwarded to the Chief Medical Officer, Melbourne.

The lowest or any tender will not necessarily be accepted.

The decision of the Government will be made known on the 14th December next.

#### CONDITIONS OF CONTRACT.

1. To give medical attendance and the necessary medicines to such persons on board the hulks named above as may require the same, for one year from the 1st January, 1859. The contractor will be required to attend for the above purpose on board each hulk regularly twice in each week, on such days as may be fixed, and as often otherwise as he may be required in cases of emergency.

2. To forward to the Chief Medical Officer all such returns, reports, &c., as may be required, and to follow all instructions given by that officer with reference to the performance of the contract.

The contract will be terminable by one month's notice, either from the contractor, or from the Chief Medical Officer on behalf of the Government, such notice to be given from the 1st of any month within the period for which the contract is made.

By His Excellency's Command,  
 JOHN O'SHANASSY.

#### Chief Secretary's Office, Melbourne, 29th October, 1858. MEDICAL ATTENDANCE ON PRISONERS AND IMMIGRANTS.

TENDERS will be received until Noon on Monday, the 29th day of November next, from legally qualified medical practitioners willing to contract for the supply of medical Attendance and Medicines for Prisoners and Immigrants at the undermentioned places, during the year 1859, viz. :—

Castlemaine	... Prisoners.
Sandhurst	... Prisoners.
Ballaarat	... Prisoners.
Beechworth	... Prisoners.
Kyneton	... Prisoners.
Ararat	... Prisoners.
Portland	... Prisoners and Immigrants.
Belfast	... Prisoners and Immigrants.
Warrnambool	... Prisoners and Immigrants.
Port Albert	... Prisoners in Alberton Lock-up, and Immigrants at Port Albert.

Tenders are to be endorsed, "Tender for Medical Attendance at —," and forwarded to the Chief Medical Officer, Melbourne.

Tenders to be made at so much per annum, and where there are both immigrants and prisoners, one sum is to be named for the performance of the entire service.

Information as to the probable number of prisoners and immigrants may be obtained from the officers in charge at the respective places.

The lowest or any tender will not necessarily be accepted.

The decision of the Government will be made known on the 14th December.

#### CONDITIONS OF CONTRACT.

1. To give medical attendance and the necessary medicines to such immigrants and prisoners as may require the same, for one year, commencing on the 1st day of January, 1859.

2. To examine all persons charged with lunacy, and to give the necessary evidence respecting the same.

3. To forward to the Chief Medical Officer all such returns, reports, &c., as may be required, and to follow all instructions given by that officer with reference to the performance of the contract.

4. It will be competent for either party to terminate the contract by giving a written notice of one calendar month to the opposite party, such notice to be given from the first day of a month within the period for which the contract is made.

By His Excellency's Command,  
 JOHN O'SHANASSY.

G.9034.

General Post Office,  
 Melbourne, 2nd October 1858.

#### CONVEYANCE OF MAILS, 1859.

TENDERS are hereby invited, and will be received until Noon of Tuesday, the 16th November, 1858, for the conveyance of Post Office Mails, and other transport services, as undermentioned, for one year, from the 1st January to the 31st December, 1859.

All tenders are required to be written on the prescribed form, printed copies of which may be had gratuitously on application at any post office in the colony, and must be forwarded (if by post prepaid) addressed to the Honorable the Postmaster General, with the words "Tender for conveyance of Mails" endorsed on the cover.

Tenderers are requested to describe by their numbers, as below, the mail services for which they tender.

Persons are invited, besides tendering in accordance with the detailed list of services, to propose for any special times and arrangements or combination of services, or any route not specified, that would afford advantage to the public.

Every tender must bear the *bona fide* signatures of the tenderer, and of two responsible persons willing to become bound with him in double the amount of the contract for the due performance of the service.

Persons tendering are requested to state whether they propose to convey the mails on horseback or in a carriage; in the latter case they are to state the description of vehicle they intend to use, and the number of horses by which it is to be drawn.

In the performance of the services numbered 13, 25, and 45, contractors will be required to provide free conveyance, by every journey, for a mail guard—an officer of the Post Office—who will have special custody of the mails in course of transit.

In cases where it may at any time be practicable to convey mails by railway, a rateable deduction will be made in the amount of the contract, according to the proportion of the service so performed; and contractors will be required to take up the mails at any part of the road thus rendered necessary.

The mails to Castlemaine, Sandhurst, and Ballaarat will be required to be conveyed by night.

The Government will not necessarily accept the lowest or any tender.

Printed forms of tender may be obtained from the Government Storekeeper, Melbourne, or the officer in charge of the police, at each station, by whom also any information or explanation will be afforded to persons tendering.

The tenders for each station must be separate, and will be accepted or rejected separately.

At stations where oats and bran cannot readily be procured, the tenders may be for hay or straw only. When all the supplies are included in one tender, it will, if advisable, be accepted for hay or straw, and not for the other articles.

Contractors will be allowed to deliver a quarter's supply on the 1st January; a six months' supply on the 1st April, for a winter's stock; and the remainder on the 1st October, subject to the provisions contained in clause 2, "Conditions of Contract."

The price must be per ton, for hay and straw, and per bushel for oats and bran, including delivery at the stations and all charges.

The net weight only, after deducting the tare, is to be charged.

No tender will be entertained unless accompanied by a certificate from two responsible persons that they are willing to become bound as sureties for the due fulfilment of the contract in one-third the estimated cost of the entire supply at

the station tendered for; and in the event of the tender being accepted, the bond must be executed within twenty days, failing which, the contract will be again advertised or another tender accepted.

The names and addresses of the tenderers and of their proposed sureties, must be stated at full length.

All tenders must be enclosed in a separate envelope, marked "Tender for —," as the case may be, and deposited in the tender box at the Government Stores, King street, or if sent by post, they must be addressed to the Government Storekeeper, Melbourne.

The Government will not necessarily accept the lowest or any tender.

The decision of the Government will be made known on the 10th December, 1858.

#### CONDITIONS.

1. The hay to be eaten, good, sound and sweet; the straw to be wheat, and both to be in all respects of the best quality; oats and bran also to be sound and sweet, and of the best description.

2. The supplies to be delivered on the requisition of the officer in charge of the district or station, the quantities stated in the schedule being, however, only approximative; and it must be understood that the Government will draw either more or less than stated. The excess over the estimate will however in no case exceed 50 per cent.

3. The contracts entered into under this notice, are not to be considered as being infringed or vitiated by any contracts made by the Military Commissariat.

4. The forage when delivered must be accompanied by an invoice of quantity, showing the gross weight, the tare, and the net weight (this should be on the back of the requisition or order), which, when signed by the officer in charge of the station for the net quantity received, will be returned to the contractor, and by him rendered in support of his account.

5. Each contractor will be required to prepare his own account monthly, in the prescribed form, and on presentation thereof to the officer in charge of the station or district, it will be forwarded through the Government Storekeeper, for payment at the Treasury Pay Office, Melbourne, or the Pay Office of the district, as may be indicated on the account.

6. Should forage duly ordered under these contracts not be delivered within forty-eight hours, from a reasonable time, to be fixed by the officer in charge of the station or district, it will be competent for the department, should circumstances require it, to purchase the same at the risk of the contractor, from whose account any expense over and above the contract price is to be deducted.

7. In the event of a difference of opinion between the contractor and the officer receiving the forage, as to quality of the same, it is to be decided by a board of survey, composed of persons named by the head of a department, and the decision of the board is to be considered final.

8. If the board shall decide that the forage is not of proper quality, it must be immediately replaced by the contractor, failing which, it will be procured elsewhere, and the extra cost, if any, will be charged as in clause 6.

9. When a board of survey cannot be conveniently assembled, or when from some other cause injury would accrue either to the public service or to the contractor by waiting for a board of survey, the officer in charge will have the power to reject such supplies as are obviously of inferior quality, it being understood that he will be responsible to the Government for so doing; and the contractor must take back the rejected forage and supply good in its stead, failing which, it will be obtained by the officer requiring it, and the expense will be charged as in clause 6.

10. A repetition of irregularity in the quantity or quality of the forage, or of delay in delivering or replacing it, when required, will subject the contractor, upon report from the Government Storekeeper, to such mulct, not exceeding one-fourth the monthly account, as the Government may direct. It will also be in the power of the Government, upon such repetition, to terminate the contract forthwith.

11. It will be competent for the Government Storekeeper on behalf of the Government, or for the contractor on his own behalf, to terminate the contract, by giving in writing a notice of three full calendar months to the opposite party to that effect, it being understood that such notice can only be given from the first day of a month, and provided that no such notice can be given by either party before the 30th April, 1859.

By His Excellency's Command,  
GEO. HARKER.

## BEECHWORTH MUNICIPALITY.

FOURTH HALF-YEARLY REPORT OF THE MUNICIPAL COUNCIL OF BEECHWORTH, TO THE 9TH OCTOBER, 1858, INCLUSIVE.

THE municipal council, at the termination of this, the second year of their institution, have to present to the ratepayers a fourth report, embodying their proceedings for the previous six months, which they are glad to believe will be found to compare favorably with those of former half-years.

## ELECTIONS.

On the 29th September, Councillors G. B. Kerferd, F. Brown, and Eli Abbott, having retired from the council by rotation, the first named councillor was re-elected, and Messrs. John Sitch Clark (by 164 votes) and Louis Chevalier (by 159 votes) were elected members in the room of the other two. And on the 1st October instant, the council unanimously elected Councillor G. B. Kerferd as their chairman for the current year (in the room of Councillor F. Brown, retired); and on the same day appointed him as their honorary treasurer of the same period.

## MEETINGS.

During this half-year there have been thirty meetings of the council, nineteen of the public works committee, and fifteen of the finance committee, making a total of sixty-four meetings, the attendance at which has been as follows, viz.:—

	Council Meetings.			Public Works Committee Meetings.		Finance Committee Meetings.		Total.

Councillor J. S. Clark	2	...	2	1	1	...	...	3
Councillor Louis Chevalier	2	...	2	...	...	1	1	3

The hours of meeting are as hitherto, namely:—

The council, on Fridays, at Four p.m. weekly.

Public works committee, Wednesday, at Four p.m. weekly.

Finance committee, Fridays, at Three p.m. fortnightly.

## SPECIAL COMMITTEES.

A market committee was appointed, upon whose advice By-law No. 26 hereafter specified was passed by the council.

The council also appointed a public (or botanical) garden committee, for devising measures for rendering available to the inhabitants of Beechworth the garden reserve of about 18 acres granted by the Government, and extending from Kars street to the suburban allotments, and embracing the large rock to the north-east of the town beyond the camp; and upon their recommendation the council have entered into a contract for the fencing thereof, including the erection of a proper gate and turnstiles. And whilst on this subject the council desire to record their thanks for the efficient aid rendered them by the Central Board of Health at Melbourne, in obtaining the grant of this site, which, from its elevated and open position, they have every reason to hope will prove, as a place of public resort, no inconsiderable an auxiliary to their efforts to promote the general health of the township; in furtherance of which aim the council have likewise appointed a health committee, to carry out the beneficial provisions of the Health of Towns Act, which, at the council's instance, the Governor has, by Proclamation, extended

to Beechworth. And they are happy to say the working thereof under the committee's supervision, aided by the hearty co-operation of Mr. Superintendent R. O'Hara Burke, in granting them an extension of the services of their inspector of nuisances (Sergeant Lawrence Whelan), and in otherwise enforcing their bye-laws, has been found to answer admirably; and their endeavors in this direction have met with general acquiescence and assistance from the inhabitants of the township. And in this place the council would mention favorably the assiduity and discretion with which their inspector of nuisances has fulfilled the duties of his responsible and by no means agreeable office.

## BYE-LAWS.

The following bye-laws have been passed by the council since their last report, and having also been duly gazetted as sanctioned by His Excellency the Governor, are now in force, viz.:—

No. 17. For appropriating the second moiety of £3750 of the Government grant to this municipality for the municipal year 1856-7.

Gazetted 18th June, 1858.

No. 21. For compelling and regulating the formation across footpaths of proper paved, pitched, or planked cartways to private yards and premises, and for otherwise protecting the public footpaths and water-channels.

Gazetted 6th July, 1858.

No. 22. For licensing and regulating carters and others plying for hire within the municipal district.

Gazetted 9th July, 1858.

No. 23. For empowering the municipal council to close up any street, road, right-of-way, or footpath, during the progress of any work affecting the same.

Gazetted 5th August, 1858.

No. 24. For appropriating £3706, the first portion of the legislative grant for this municipality for the current municipal year (1857-8).

Gazetted 24th September, 1858.

No. 25. For regulating the elections of members of the municipal council.

Gazetted 17th September, 1858.

No. 26. For regulating the public market of the municipality, and for determining and levying rates, tolls, rents, and dues in respect thereof, and of the commodities exposed for sale therein.

Gazetted 21st September, 1858.

And to the end that not only these and their other bye-laws, but also the provisions of various Acts now in force in this district, may be thoroughly known to the inhabitants of the same, the council have compiled and extensively distributed in a large placard a summary thereof; and a full copy of the whole can be seen by any ratepayer, free of charge, at the town clerk's office.

## WATER SUPPLY.

The measures for obtaining a present temporary supply of water—more especially with a view to the prevention of fire in the municipality—are on the eve of completion; the large tank having been erected as originally intended in the position mentioned in the council's last report. But the council are sorry to have to state, that, notwithstanding that the selection of that site was notified (in a most definite manner) in such their report, and was consequently advertised in the local as well as the Melbourne and Government journals, and was otherwise before the public, not only since the publication and dissemination of that report, but for a period of ten months past, certain ratepayers residing in its vicinity have, since the contracts for the work were entered into, and the council consequently pledged to the necessary outlay for its completion, commenced a suit at equity to endeavor to compel the council to remove the tank, by which proceedings not only will a considerable expense fall upon the ratepayers, but should the parties to the suit prove successful in their present endeavors, the benefit of so advantageous a site as the present will be lost to the town, there not being another so eligible in every respect.

The council having been unanimous throughout their proceedings with respect to the same, and no objection having been raised to their intentions during the whole of the above ten months they have been so prominently before the public, have taken counsel's opinion upon the matter, which having been favorable to the council's position not only in equity but also at law, they have unanimously decided to resist the suit, but at the same time they are willing to remove the said tank (whatever may be the issue of the suit) whenever it can be proved to be actually a nuisance to the public.

## PUBLIC WORKS.

In their expenditure under this head the council have endeavored to give every portion of the municipality a share in the benefits accruing therefrom; and although some little discomfort has been felt from the council not having been able altogether to complete some works commenced under this plan, yet they have, by pursuing it, avoided incurring a charge of partiality towards any particular quarter of the district.

They have completed the primary clearance of such further portions of the streets whereon the lands abutting have been sold by the Government, and they are glad to observe that their desire thereby to promote the extension of the township has been fully realized.

The council's particular attention has also been directed to the formation of footpaths, not only as a means for obtaining, at a comparatively small outlay, a more than commensurate degree of comfort to the great majority of the residents in the town, but as a measure for facilitating the surface drainage of the streets,

and consequently effecting an economy in the item of repairs to the roadways thereof; and the council can congratulate the town upon the plan having proved eminently successful.

These works and others of less importance have been carried out by "day labor," under the supervision of the town surveyor, and are included under that head in the appended financial statement.

Portions of some of the streets the council (as an experiment) have had metalled with shingle (or large gravel) from the creek, as the expense is considerably less than metalling with the usual broken stone—and so far as they can see at present, the plan appears likely to work well; should their hopes in this respect be realized, the council will be able to effect an immense saving to the district in their future road works.

A portion of the west channel course in Ford street they have had pitched and kerbed; but whilst primary works were so much needed in other parts of the township, the council did not feel justified in incurring a larger expenditure on expensive finishing works of this nature.

The erection of the new municipal chambers referred to in their last report as commenced, the council are sorry to state is not yet complete, the contractor, after greatly neglecting the work, having at length gone into the Insolvent Court, and thereby caused a temporary suspension of the works, which however are now resumed under the directions of the official assignee, and the council hope to receive possession of the same complete in the course of a fortnight.

Owing to the council having discovered that although the contractor in this case received from them 75 per cent. on the value of each fortnight's work performed, the men and sub-contractors employed by him received little or nothing, whereby they consider a great injustice was committed; they, the council, have taken under their consideration the desirableness of framing some regulations to prevent the continuation of the evil.

The formation of High street from the Bridge to Short street, promised by the Government for the last two years, is at last commenced; together with the formation of the Main Sydney road through Bridge street, Newtown. And tenders are also called for for the clearing portions of the Main Sydney road beyond the entrances to the town on either side. But with regard to the Government provision for public works in the Owens district for 1859, the council are sorry to have to remark that the district is likely to suffer from the same injustice as in former years, a very much smaller share of the public funds being appropriated to a district acknowledged by the Government, in the memorandum appended to their estimates, to be actually in need of works indispensable for the ordinary business traffic, than is shown as intended for other localities not only already possessing the boon of thoroughly good roads, but on which a large expenditure on public works generally has been laid out in former years. This council have strongly remonstrated against this unjust mode of procedure, but without avail; the Government denying the right of the council to seek information relative to the expenditure of the public moneys in their district, thus impugning the consistency of their own assertion, that municipal councils were "the only true exponents of the wants of their respective localities."

The council, however, have a strong hope that through the able advocacy and kind assistance of J. D. Wood, Esq., the member for this district, and who has always shown a desire to advance its interests to the best of his ability, they may yet obtain an amelioration of the prospects which otherwise appear to await this gold field and its neighborhood.

#### APPLICATIONS TO GOVERNMENT.

The council have been unremitting in their endeavors to obtain from Government the formation of the roads leading from Beechworth to the surrounding townships and places with which there is a regular postal communication; and although not wholly successful, they have received an assurance from the Inspector General of Roads that some partial improvement in the same shall be made.

The application for the Suburban Water Reserve, referred to in the last report, has been granted, but the council have not as yet had funds or opportunity to bring the springs thereon into requisition.

An application from the council, that offices for the sheriff might, for the public convenience, be erected in connection with the New Court House, has been granted.

And in accordance with the council's request, provision has been likewise made by the Government in their estimates for the ensuing year, for the erection of a Powder Magazine, and also of a Court of Petty Sessions in this township distinct from the existing Supreme Court House, by which arrangement the council believe that much of the inconvenience hitherto experienced from the necessary transaction of the business of all the courts in one building will be for the future avoided.

The remetalling of Ford street proper, the necessity of which has been continually urged upon the Government by this council, is not yet even granted, so little consideration do even the most pressing wants of the district receive at the hands of that department of the present Government which has been loudest in its promises.

#### FINANCE.

By an examination of the items of the appended balance sheet of the council's receipt and expenditure for the half-year, it will be seen that of their total expenditure of £8129 12s. 6d., £5400 has been laid out upon public works alone, including an outlay of

about £2226 in increasing the efficiency of their precautions against fire.

And as the remainder of the account (about £729) shows the council to have been as economical in their other necessary disbursements as a due regard to the efficient conduct of their officers would permit (the item for printing and advertising alone being £60 below that of last half-year, and most of the other items showing a similar retrenchment), they believe that their constituents will see no reason to view their proceedings for the past six months with a less favorable eye than they did those detailed in former half yearly reports, which the council are glad to know gave satisfaction on all sides.

Chairman.

# MUNICIPALITY OF NEWTOWN AND CHILWELL.

THE FIRST HALF-YEARLY REPORT OF THE MUNICIPAL COUNCIL  
OF NEWTOWN AND CHILWELL, ENDING 13TH OCTOBER, 1858.

THE municipality of Newtown and Chilwell was proclaimed on  
the 2nd day of March, 1858.

At the first election of municipal councillors, held on the 8th  
April, 1858, James Stevens Paul, William Fordham, Charles  
Nantes, Neville Butler Headland, Duncan Scott, William Siddall,  
and Sanders Trotman, were duly elected.

At the first meeting of the council, Charles Nantes, Esq., was  
elected chairman for the current year.

Mr. Sanders Trotman resigned on the 12th October, 1858.

The council have held during the last six months twenty-seven  
general meetings, at which

A special meeting was also held for the revision of the rate-  
payers' roll, which was attended by the whole council.

The finance committee, consisting of Councillors Scott, Ford  
ham, and Headland, held fourteen meetings.

The public works committee, consisting of Councillors Paul,  
Fordham, and Headland, held nineteen meetings.

The total valuation of assessable property amounted to  
£43,902, upon which a rate of one shilling and sixpence in the  
pound was struck.

The following officers were appointed:—

Mr. Daniel Sherrin, town clerk, at a salary of £200 per  
annum.

Mr. Edward Prowse, surveyor, at a salary of £200 per annum.

Mr. William Whitfield, rate collector, inspector and messen-  
ger, at a salary of £150 per annum.

The following applications have been made to the Govern-  
ment:—

For the establishment of two receiving houses for letters.—  
Granted.

That a sum of £4000, supposed to be reserved on the Esti-  
mates for making the approaches to Geelong, may be expended  
on the Great Western Road.—The works are being proceeded  
with, and are nearly completed.

For supplementary aid.—£1000 granted.

For additional police protection.—Granted.

For a police station to be erected.—A small cottage has been  
rented, but is only a temporary arrangement pending the erec-  
tion of a proper building.

For plan of municipal district.—Granted.

For extension of postal delivery.—In abeyance.

For a Court of Petty Sessions.—Will be considered before the  
commencement of next year.

For a larger plan of municipal district.—Granted.

For land for a quarry. 1 acre 2 roods 15 perches.—Granted.

For staging used in construction of new bridge when the same  
is completed, for the purpose of building a pile bridge within the  
district.—Refused.

The following bye-laws have been gazetted:—

Bye-law No. 1. To regulate by means of standing orders the  
proceedings of the council.

Bye-law No. 2. For levying a rate of one shilling and six  
pence in the pound.

Bye-law No. 5. For the prevention of nuisances arising from  
allowing offensive matters to remain exposed.

Bye-law No. 6. To prevent nuisances arising from suffering  
horses and other animals to be at large.

Two deputations attended the South Barwon municipal  
council, respecting the disposal of the pontoon bridge, when the  
bridge in course of construction across the River Barwon has  
been completed.

A deputation attended at the Town Hall, Geelong, respecting  
the collection of the rates due previous to the proclamation of the  
municipal district.

The chairman attended as delegate to the municipal conference.

Public works projected—Forming, metalling, pitching, and  
channelling portions of La Trobe terrace; a tender for perform-  
ance of the same, amounting to the sum of £1337 16s. 6d.,  
from Mr. Owen, was accepted.

The repairing, simultaneously with the Geelong Corporation,  
Aberdeen street, from La Trobe terrace to West Melbourne road.
