MUNICIPALITY OF BALLAARAT EAST.

FIRST HALF-YEARLY REPORT OF THE MUNICIPALITY OF BALLAARAT EAST, ENDING 3RD DECEMBER, 1857, MADE IN PURSUANCE OF THE 43RD SECTION OF THE MUNICIPAL ACT.

THE INSTITUTION OF THE MUNICIPALITY.

A PETITION numerously signed by the householders in the district of Ballarat East having been duly presented to His Excellency the Governor, praying that the district might be raised into a municipality, His Excellency, by Proclamation dated 28th April, 1857, declared such district a municipal one, under the governance of the municipal council of Ballarat East.

BOUNDARIES.

The boundaries of the municipal district of Ballarat East were defined as follows:—Commencing at the north-eastern angle of the municipal district of Ballarat; thence by a line bearing east and by the River Yarroowee eastward two miles and forty chains; thence by a line bearing south two miles and forty chains; thence by a line bearing west three miles and ten chains, more or less, to the River Yarroowee aforesaid; and thence northward by that river, and by the eastern boundary of the municipal district of Ballarat to the commencing point.

ELECTIONS.

The district having been thus determined and proclaimed, a public meeting of householders and residents, presided over by Samuel Irwin, Esq., J.P., was held at the Charlie Napier Theatre, on the 30th May, 1857, pursuant to the provisions of the before mentioned Act, at which meeting it was decided—

- 1st. That the municipal council should consist of seven members.
- 2nd. That their services should be unremunerated.

Candidates were duly proposed and seconded, for whom, on the 1st June, a poll was taken at the same place, when the following gentlemen were elected in the order named:—

	Votes.
Daniel Sweeney	299
John Gibbs	259
William McCrea	253
Richard Belford	241
William B. Robinson	198
William B. Rodier	176
George Clendinning	166

The first sitting of the council took place on the 3rd June, when Wm. B. Rodier, Esq., was elected chairman.

MUNICIPAL OFFICERS.

Candidates for the various municipal offices have been duly advertised for.

Mr. John Campbell was appointed town clerk.
Messrs. Coote and Andrews, engineers and surveyors; and Mr. Timothy Hayes, town inspector.
Mr. Robert W. Holmes was likewise appointed solicitor to the council.

On the 10th July, Mr. Campbell having previously resigned the town clerkship, Mr. James Muitholland was nominated to that office.

Messrs. Dyte and Morrow were appointed as valuers, and Mr. John Lake collector of rates.

ASSESSMENT RETURNS.

According to the returns made by the valuers, 1200 householders were duly assessed, the annual value of whose property amounted to £91,657, thereby yielding at the rate of One shilling in the pound, the sum of £4582 17s. 0d. as municipal revenue.

RESIGNATION AND RE-ELECTION OF THE COUNCIL.

A promise having been made by the councillors elect that they would resign as soon as the list of ratepayers would be completed, Messrs. Gibbs, McCrea, Belford, and Robinson, did so on the 18th September, and were replaced at a poll taken on the 19th October, by councillors Wilson, who received 440 votes, Belford 346, Isaacs 328, and Scrase 318.

B. Rodier 391 votes, and D. Jones 373 votes, were returned to the council; that body now consisting of William B. BYE-LAWS.

The following bye-laws, passed by the council, have been assented to by His Excellency the Governor:—

No. 2. For an assessment of house and land property within the municipal district, for the year 1857-8.

No. 3. For imposing a rate of One shilling in the pound on the rateable property of the municipal district.

No. 1. Containing the standing rules and orders has not been forwarded for confirmation, the second chapter of the regulations not being yet compiled.

No. 4. For the appropriation of the sum of £3000 paid out of the public revenue for the year 1857, as an instalment of the grant-in-aid is in the hands of the Executive, and it is expected will receive the sanction of His Excellency.

PUBLIC WORKS.

The public works completed have been as follows:—

- 14 chains Bakery Hill road
- 20 chains Specimen Hill road
- 10 chains Arcade road

made into a passable condition.

Eureka road

Bakery Hill road

temporarily repaired.

A commencement has also been made of the road from the Golden Point to the Main road, by the Montezuma Hotel.

A weighbridge was purchased from Messrs. Cairns and Co., and fixed opposite the Charlie Napier Hotel, on the main road; but, from defective brick work, resulting in the admission of water into the well, it has not yet been profitably worked.

Plans for the footpaths of the Main road have been decided upon, and sites for a town hall, for public markets, gardens and cemeteries have been fixed.

APPLICATIONS TO GOVERNMENT.

(Granted.)

For extension of the whole of the clauses of the Town and Country Police Act.

For extension of the Dog Act.

For approval of the corporation seal and motto.

For a grant of seven acres of land for a cricket and recreation ground.

For reduction of the upset prices of the Melbourne road frontages, from £300 for occupied, and £150 unoccupied, to £150 and £25 respectively, per acre.

For reduction of the width of the plank road within the municipal boundary, from 3 chains as proposed by the district surveyor, to 1½ chains.

For the establishment of postal receiving and delivery houses.

For the establishment of a central police station.

For a grant-in-aid of the sum of £3000.

For moiety of fines from the clerk of the bench, Ballarat.

For leave to be granted to the inhabitants of Bakery Hill to remain in occupation of their present sites for a term of six months.

For copies of the police regulations.

(Refused or remaining in abeyance.)

For the appointment of a board of enquiry to report upon disputed frontages on the Main road.

For the establishment of a central post office.

For the formation of the Yarrowee bridge the full width of the Main road.

For possession of the cross streets of the municipality, free from obstructions.

MISCELLANEOUS.

The resignation of the Council, and the suspension of the business consequent thereon, added to the tardiness of the Law Officer of the Crown in appointing a clerk to the Court of Petty Sessions in this district, retarded the collection of the rates and hindered the progress of the public works. The total absence of any surveys has also operated most disadvantageously against the settlement of the residents and the compilation of a satisfactory assessment.

Frequent applications that the cross streets should be surveyed and their possession free from obstructions given to the council, have been made to the Board of Land and Works. This request has been refused, the Board declining all responsibility in the matter.

A petition to Government from the inhabitants of the district, complaining of the width of the cross streets, was endorsed by the council, who strongly urged upon the Board of Works the necessity for making them one chain wide, as marked upon the lithographic plans of the Survey department; to which a reply was received to the effect that the streets, as proclaimed, viz.:—47, 37, and 30 feet respectively, were adequate to the traffic thereon. One instance of the absurdity of the statement may be cited.—Specimen Hill road and Windsor street are each to be laid out 1½ chains wide; at their junction, therefore, the width will be 3 chains, from which point it is immediately narrowed into a lane 37 feet in width, leading into the densest portion of the Main road.

The council were informed that a board of enquiry would be appointed to report upon disputed boundaries and trespass upon the sold frontages of the main road, and although application was made as far back as the 19th June, for the appointment of such board, no further information on the subject has been received from the Government.

A communication from the Central Road Board, dated 16th September, stated that the temporary extension of the Yarrowee bridge, according to the town surveyor's report, would be proceeded with immediately, notwithstanding which promise no steps have, up to the present, been taken to render that structure less dangerous than heretofore.

The drainage and water supply of the municipality have occupied the attention of the council, but from the difficulty of supplying either without aid from the general revenue, they have as yet been unable to undertake any active measures. A bill to combine both has been prepared, but is suspended. Another to secure a fair participation in the waters of the swamp has been initiated, at the suggestion of the Attorney General, and it is hoped will receive the sanction of the legislature. The prevention of fires has engaged the anxious consideration of the council, and some regulations have been adopted which will tend materially to the desired end.

In conclusion, the council have to anticipate much activity for the ensuing half-year. Their organization having become systematised, and their work fairly commenced, they hope shortly to secure to Ballarat East all the advantages of municipal institutions.

Chairman.
