MUNICIPAL INSTITUTIONS.

PETITION FOR ANNEXATION TO MARYBOROUGH.

IN pursuance of the Act of Council 18 Victoria No. 15, His Excellency the Governor, with the advice of the Executive Council, has directed the publication of the substance and prayer of a petition addressed to His Excellency as hereinafter set forth, signed by two hundred and eighteen householders resident beyond the limits of the municipal district of Maryborough, praying to be included therein.

By His Excellency's Command,
E.4383. JOHN O'SHANASSY.

The petitioners refer to the proclaimed boundaries of the municipal district of Maryborough, the limited area of which they state is found to be extremely inconvenient.

They express themselves desirous of being brought within the municipal jurisdiction.

They add, that if the municipal district is extended as proposed, it will still not include a greater area than the Act allows, and no one point thereof will be distant more than six miles from any other point.

And the petitioners pray as follows:—

"Your petitioners therefore humbly pray that the limits and boundaries of the municipal district of Maryborough may be altered and extended as follows:—Commencing at the rear of the Camp Hotel; from thence bearing south 285 chains; from thence bearing north 45 degrees east, 240 chains; from thence bearing north 45 degrees west, 240 chains; from thence bearing south 45 degrees west, 240 chains; and from thence bearing south 45 degrees east, 240 chains."

AVOCA GAOL.

PROCLAMATION

By His Excellency SIR HENRY BARKLY, Knight Commander of the Most Honorable Order of the Bath, Captain-General and Governor-in-Chief of the Colony of Victoria, and Vice-Admiral of the same, &c., &c., &c.

WHEREAS a certain building has been erected at Avoca, in a county unnamed, at the public expense, and for a lock-up for police purposes: And whereas it is deemed expedient to proclaim such building to be a gaol, prison and house of correction, within the meaning of an Act of the Lieutenant Governor and Legislative Council of the said colony, passed in the sixteenth year of the Reign of Her present Majesty, intituled "An Act to make provision for the better control and disposal of Offenders:" Now therefore I, Sir Henry Barkly, the Governor of Victoria, in pursuance of the provisions of the said Act, with the advice of the Executive Council, do hereby proclaim the said building, called and known as the Police Lock-up, situated at Avoca as aforesaid, and to be a public gaol, prison and house of correction, within the meaning of the said Act.

Given under my Hand and the Seal of the Colony, at Melbourne, this first day of June, in the year of Our Lord One thousand eight hundred and fifty-eight, and in the twenty-first year of Her Majesty's Reign.

(L.S.)

HENRY BARKLY.

No. 16.

General Post Office, Melbourne.

LIST OF UNCLAIMED SHIP LETTERS FOR THE WEEK ENDING 31st MAY, 1858.

PARTIES applying for Letters at the General Post Office are particularly requested to give the correct number of the letter, and also the date and number of the list in which they may have observed their names, as such reference will materially facilitate delivery. Persons in the country making written applications, in addition to the number of the letter, and the date and number of the list, are requested to give their christian name or names in full, and state where they expect their letters from, and any information which may tend to prevent an unnecessary transmission of letters.

Application to be made at the General Delivery Department, entrance from Little Bourke street. The next List will contain all letters received by Ship up to the 8th June, 1858.

N.B.—Letters posted in any part of the Colony of Victoria are not advertised. The Lists contain only Letters received by Ship from England, Foreign Countries, and the neighbouring Colonies.

WILLIAM TURNER,
Secretary.

MARYBOROUGH MUNICIPALITY.

SECOND HALF-YEARLY REPORT OF THE PROCEEDINGS OF THE MARYBOROUGH MUNICIPAL COUNCIL FOR THE HALF-YEAR ENDING 4TH OF MAY, 1858.

SINCE the publication of the first half-yearly report, the council, having used its best endeavors, with the limited funds at its disposal, to improve in every possible respect the more frequented portions of the streets, has great pleasure in congratulating the ratepayers on the marked improvement which has been effected in the town since the formation of the municipality, affording in all quarters increased confidence in the importance and stability of the place.

The delay in the permanent formation of the High street has arisen, in the first place, from the disinclination of the council to distress holders of property encroaching on the street by too peremptory an order for removal; and, in the second place, by the delay on the part of the Board of Land and Works in appropriating the money grant for this purpose.

In accordance with the bye-law of the council to that effect, the holders of property encroaching in any way on the street are compelled under a penalty to move back to the building line on or before the 1st of July next.

The council therefore only awaits the removal of obstructions and the completion of the roadway to properly make the footpaths, as well as to carry out an efficient mode of kerbing and channelling.

It has also been suggested by the council that the unexpended balance of the sum voted for the construction of the road through the town should be appropriated to the formation of additional culverts at points where they are most urgently needed. The matter has been referred to the district road surveyor for his report thereon.

The council not feeling satisfied with the original plan of the municipal boundaries (which comprised scarcely half the area permitted by the Act), and such limited boundaries proving extremely inconvenient to numbers of residents, an extended survey has been made, and a petition in accordance with the 3rd section of the Municipal Act forwarded, praying that the boundaries may be altered and fixed as follows:—

Commencing at the rear of the Camp Hotel, from thence bearing south 285 chains, from thence bearing north 45 degrees east 240 chains, from thence bearing north 45 degrees west 240 chains, from thence bearing south 45 degrees west 240 chains, and from thence bearing south 45 degrees east 240 chains.

MEETINGS.

There have been twenty-four meetings held during the half-year, two having lapsed, there being no quorum.

The attendance of members of the council has been as follows:—

His Worship the Chairman	21
Councillor Campbell	23
" Taylor	23
" Fowler	21
" Garland	20
" Levy	19
" Roberts	15

There were also two special meetings at which all the members of council attended.

BYE-LAWS.

The following bye-laws have been passed by the council:— No. 2.—For regulating the deposit of night-soil, manure, offal, or other offensive refuse.

No. 8.—For the appropriation of the first moiety of the grant in aid.

No. 9.—To regulate the erection of shades or awnings, and prevent any obstructions upon, over, or across the public footpaths.

No. 10.—For licensing and regulating nightmen carters.

PUBLIC WORKS.

In the prosecution of public works, the council has confined improvements, in the first place, to those parts of the town more immediately central, and where the greatest amount of traffic exists.

The following works have either been completed or are now in progress, viz.:—

1. The formation of crossings and culverts over the leads forming the approaches to Hospital, Nolan, and Inkerman streets.

2. The filling up and forming roads across the various leads in the direction of Amberst, Alma, Chinaman's Flat, McCullum's Creek, and the neighboring diggings.

3. Filling up holes and metalling roads where required, in the surrounding district.

4. Clearing Clarendon street of manure and other offensive refuse.

5. Grubbing stumps and forming Clarendon street, from Nightingale to Inkerman street, 20 chains.

6. The forming and metalling Nolan street, from the Main Lead to Clarendon street, 10½ chains.

7. Building three stone culverts in Clarendon street, together 114 yards.

8. Building stone culvert down Nolan street, chains from the High street to Alma street, 61 yards.

9. The erection of a Town-hall in Clarendon street (not yet completed).

The council has deemed it necessary on several occasions to send deputations to Melbourne, for the purpose of more urgently representing the claims and requirements of the town and district, and a reference to the above report will show that they have been eminently successful in their endeavors.

APPLICATIONS TO GOVERNMENT (GRANTED).

1. For the erection of a lock-up on the reserve for public purposes, in the centre of the town.

2. For building a court of petty sessions and court of mines.

3. For reserves for municipal chambers, literary institute, market, cemetery, manure depot, and other public purposes.

4. For an increased sum for the erection and maintenance the post office.

5. For the extension of the Dog Nuisance Act to Maryborough.

6. For a further sum out of the grant in aid of municipalities created during 1857.

7. For the withdrawal from sale and reserve of certain allotments of land in the parishes of Rodborough and Craigie, required by this district for the purpose of a water supply.

8. For the extension of the line of telegraph to Maryborough.

9. For the erection of county court and court of general sessions within the town.

10. For an enlarged lock-up to be built of stone instead of wood, as originally contemplated by the Government.

11. For the building a survey office.

12. For a complete survey of the town.

13. For the sale of town allotments in Alma street.

14. For the immediate expenditure of the money grant for roads in and about Maryborough.

The following public buildings are now being built, namely, survey office and guard room, while tenders have been called for the erection of court of general sessions, post office, and lock-up.

APPLICATIONS REFUSED OR NOT YET COMPLIED WITH.

1. To build municipal chambers on portion of town reserve fronting Clarendon street.—Refused.

2. For power to license and direct the working of stone quarries within the municipal district.

3. For a Government survey of the reserved land through which it is proposed to bring the water supply into Maryborough.—Deferred to await the report of the water supply commission.

4. For appropriation of balance of road grant to the formation of additional culverts in the High street.—Referred for report of district road surveyor.

5. For establishment of a direct mail to Ararat *via* Avoca.—Under the consideration of the Postmaster General.

6. That the reserve for public purposes might be under the supervision and control of the municipal council.

FINANCE.

On the 3rd day of March, 1858, the council received a further sum of £500, on account of the vote of 1857.

The Honorable the Treasurer having required a return of the amount of rates actually collected up to the 30th of April, the council applied for an extension of the time, in order that as much of the rate as possible might be got in.

It is to be regretted that this was refused, inasmuch as it is proposed to base the grants to municipalities for 1858 on the returns made.

MUNICIPAL CHAMBERS.

The town-hall and municipal offices are now in course of erection, and will be opened for public purposes in about a fortnight. The new building will afford increased accommodation both to the municipal council and the public; a great saving will also be effected in the item of rent.

CEMETERY.

In consequence of the shallow nature of the ground in the cemetery in common use, the council applied for a reserve for this purpose, and an eligible piece of ground has been determined on, and tenders called for enclosing same.

WATER SUPPLY.

This question has for some time occupied the attention of the council, who are fully impressed with the imperative necessity of procuring for the town and district, as speedily as possible, an ample supply of water both for domestic and mining purposes.

With this view, steps were taken to ascertain the quantity of water to be derived from certain springs distant about nine miles

from the town, and a survey having been made by Mr. English, that gentleman reported "that having gauged the springs, and taken the levels of the line by which the water would have to be brought into the town, he had arrived at the satisfactory conclusion, that the supply was ample for the requirements of the district, and that there was a sufficient declivity to carry the water without mechanical aid to within about two miles of the town."

An application was made to the Board of Land and Works that an engineer should be appointed to report on the matter, and a reply was received, "That it was proposed to appoint a commission to enquire into the question of supplying the gold fields generally with water."

In the meantime the chief difficulty in the way of taking immediate and active measures, arises from the inability of the council to proceed further without a grant from the general revenue, and a deputation is now in Melbourne for the purpose of urging the great importance of this question, with others, on the Government.

Mr. English's plans and report have been laid before the Commissioner of Public Works, who has promised to give the matter full consideration.

In conclusion, the council is desirous of expressing a sense of its obligations, and the thanks that are due to B. C. Aspinall, Esq., M.L.A., for his unremitting attention in bringing under the immediate notice of the Government and Assembly, all matters tending to the improvement of this town and district.
