PROPOSED ROAD DISTRICT.

DRUMMOND, BURKE, AND COLIBAN, DALHOUSIE.

IT is hereby notified that a memorial has been presented to the Governor, signed by fifty agriculturists resident in the parishes of Drummond, Burke, and Coliban, in the county of Dalhousie, setting forth to the following effect:—

The memorialists state that they deem it essential for the welfare and prosperity of the farming community in the districts of Drummond, Burke, and Coliban, that a road district should be proclaimed therein, under the Acts 15 Victoria No. 40 and 17 Victoria No. 29.

They suggest that the proposed district should comprise and be co-terminous with the parishes of Drummond, Burke, and Coliban, and should be designated "The Drummond, Burke, and Coliban District."

And they pray as follows:—

"Your memorialists therefore humbly pray that your Excellency will be pleased to proclaim by notice in the *Government Gazette* such road district as aforesaid, or will make such further or other order with respect to the same as to your Excellency may seem meet."

THE MUNICIPAL DISTRICT OF HAMILTON.

PROCLAMATION

By His Excellency SIR HENRY BARKLY, Knight Commander of the Most Honorable Order of the Bath, Captain-General and Governor-in-Chief of the Colony of Victoria, and Vice-Admiral of the same, &c., &c., &c.

WHEREAS by an Act of the Lieutenant Governor and Legislative Council of the colony of Victoria, passed in the eighteenth year of the reign of Her present Majesty, intituled, *An Act for the establishment of Municipal Institutions in Victoria*, it was amongst other things enacted, that any district of the colony of Victoria, the area whereof should not exceed nine square miles, and which should contain a population of householders not less than three hundred, might, subject to the provisions of the said Act, be constituted a municipal district as thereinafter mentioned, provided that no one point in any such area should be distant more than six miles from any other point; and it was further enacted that it should be lawful for the Lieutenant Governor, with the advice of the Executive Council, on the receipt of a petition signed by not less than one hundred and fifty householders resident within any such district, praying that such district might be declared a municipal district under the said Act, to cause the substance and prayer of such petition to be published in the *Government Gazette*, and (if no counter-petition, signed by an equal or greater number of householders resident within such locality, should have been delivered at the office of the Colonial Secretary within one month from the date of such publication) the Lieutenant Governor, with the advice aforesaid, might, if he should think fit, declare by Proclamation such locality a municipal district by a name to be mentioned in such Proclamation, and also by the same or any other Proclamation might define the limits and boundaries of such municipal district, and such limits and boundaries at any time thereafter in the same manner, on receipt of a similar petition, might vary and alter, but so as in no case save as thereinafter mentioned to include within the limits or boundaries of such municipal district an area of more than nine square miles, and upon the publication of any such Proclamation in the *Government Gazette*, such locality so defined should be deemed and taken to be a municipal district within the meaning of the said Act: And whereas a petition for the purposes aforesaid has been presented to the Governor by the householders and landholders at Hamilton, in the county of Dundas, the substance and prayer of which petition have been published as directed by the said Act, and the objections to granting the prayer of such petition set forth in a certain counter-petition from the same locality have after due enquiry been found insufficient: Now therefore I, Sir Henry Barkly, the Governor of Victoria, with the advice of the Executive Council, do by this my Proclamation declare that the district hereinafter described and named shall be a municipal district within the meaning of the said Act, that is to say:—

THE MUNICIPAL DISTRICT OF HAMILTON:—Commencing at the north-western angle of section A, in the parish of North Hamilton; thence south to the Grange Burn; thence westerly by the Grange Burn to the north-eastern angle of portion 32 of section 2B, in the parish of South Hamilton; thence south to the south-western angle of suburban allotment 3 in the said parish; thence east to the south-eastern angle of suburban allotment 63 in the said parish; thence north to the Grange Burn; thence easterly by the Grange Burn to the south-eastern angle of portion 7 of section 1, in the parish of North Hamilton; thence north to the north-eastern angle of the said section 1; thence west to the north-western angle of portion 1 of the said section; thence south to a point due east of the north-eastern angle of portion 1 of section C, in the parish of North Hamilton; and thence west to the commencing point.

And I do hereby, with the advice aforesaid, direct that the council of the said municipal district shall be called by the name and style of "The Municipal Council of Hamilton."

Given under my Hand and the Seal of the Colony, at Melbourne, this first day of November, in the year of Our Lord One thousand eight hundred and fifty-nine, and in the twenty-third year of Her Majesty's Reign.

By His Excellency's Command,

Schedules of the articles required and printed forms of tender may be obtained from the Government Storekeeper, by whom also any information or explanation will be afforded to persons tendering. A stock of stationery is in store, to a list of which tenderers will be afforded an opportunity of referring,

in order to ascertain what articles will and what will not be required.

Separate tenders will be received for each schedule, but they must include the whole of the articles therein mentioned, and one price must be stated for each article. The value of all packages, whether bulk be broken or not, must be included in the prices demanded. The oil for lighthouses is to be delivered, when ordered, in strong iron drums, averaging 5 to 15 gallons each.

No tender will be entertained unless accompanied by a certificate from two responsible persons that they are willing to become bound as sureties in the sum specified above for the due fulfilment of the contract; and in the event of the tender being accepted, the bond must be executed within ten days, failing which the contract will be again advertised or another tender accepted.

The names of the tenderers and of their proposed sureties, together with their addresses, must be stated at full length.

All tenders must be enclosed in a separate envelope, marked "Tender for —" (as the case may be), and be deposited in the Tender Box at the Government Stores, King street; or, if sent by post, they must be addressed to the Government Storekeeper, Melbourne.

The Government will not necessarily accept the lowest or any tender.

The decision of the Government will be made known on the 25th November, 1859.

CONDITIONS.

1. The supplies are in all cases to be of the best quality and description, and should articles of any particular manufacture be ordered, the same are to be furnished at the rates set forth in the contract.

2. All orders for supplies under these contracts must issue from the Government Storekeeper's Department, and unless otherwise specially ordered, the supplies must be delivered to the Government Stores. When ordered, they are to be delivered free of charge to any part of Melbourne, and in the case of Ship Chandlery, Painters, &c., Materials, and Timber, at the Marine Yard, Williamstown.

3. The contracts entered into under this notice are not to be considered as being infringed or vitiated by the importation of stores for the Government service, or by any contracts made by the Military Commissariat, or by other departments of the public service. When desirable, raw material will be ordered for the manufacture in the Penal Establishments of articles required by the Government Storekeeper.

4. All supplies when delivered must be accompanied by the order, which will be receipted at the Government Stores, and the order thus receipted must be rendered with the contractor's account. No goods will be received unless accompanied by the order.

5. In the event of supplies ordered under these contracts not being delivered within forty-eight hours, it will be competent for the Government Storekeeper, should circumstances require it, to purchase the same at the risk of the contractor, from whose account any expense over and above the contract price will be deducted.

6. Each contractor will be required to prepare his own account monthly in the prescribed form, and present the same to the Government Storekeeper for payment.

7. In the event of a difference of opinion between the contractor and the Head of the Department requiring the supply, as to the quality, the same is to be decided by a Board of Survey, composed of persons named by the Government, and the decision of the Board is to be considered final. Any expense incurred on account of the rejection of supplies by a Board of Survey, will be charged to the contractor.

8. If the Board shall decide that the article is not of proper quality, it must be immediately replaced by the contractor, failing which it will be procured elsewhere, and the extra expense, if any, will be charged as in clause 5.

9. The Government Storekeeper will have power to reject such article or articles as are obviously of inferior quality, it being understood that he will be responsible to the Government for so doing, and the contractor must take back the rejected article, and supply good in its stead, failing which, it will be procured elsewhere, and the extra expense, if any, will be charged as in clause 5.

10. A repetition of irregularity in the quantity or quality of the supplies, or of delay in delivering or replacing them when required, will subject the contractor, upon report from the Government Storekeeper, to such mulct not exceeding one-fourth the amount of the monthly account, as the Government may direct. It will also be in the power of the Government, upon such repetition, to terminate the contract forthwith.

11. It will be competent, either for the contractor on his own behalf, or for the Government Storekeeper on behalf of the Government, to terminate the contract by giving a notice in writing of three full calendar months to the opposite party; it being understood that such notice can be given only from the first day of a month, and within the period for which the contract is made.

By His Excellency's Command,

Printed forms of tender may be obtained from the Government Storekeeper, Melbourne, or the officer in charge of the police at each station, by whom also any information or explanation will be afforded to persons tendering.

The tenders for each station will be accepted or rejected separately.

At stations where oats and bran cannot readily be procured, the tenders may be for hay or straw only; when all the supplies are included in one tender, it will, if advisable, be accepted for hay or straw, and not for the other articles.

Contractors will be allowed to deliver a quarter's supply on the 1st January, a six months' supply on the 1st April for a winter's stock, and the remainder on the 1st October, subject to the provisions contained in clause 2, Conditions of Contract.

The price must be per ton for hay and straw, and per bushel for oats and bran, including delivery at the stations, and all charges.

The net weight only after deducting the tare is to be charged.

No tender will be entertained unless accompanied by a certificate from two responsible persons that they are willing to become bound as sureties for the due fulfilment of the contract in one-third the estimated cost of the entire supply at the station tendered for; and in the event of the tender being accepted, the bond must be executed within twenty days, failing which the contract may be again advertised or another tender accepted. No bond will be required if the whole supply in value will not amount to £150.

The names and addresses of the tenderers, and of their proposed sureties, must be stated at full length.

All tenders must be enclosed in a separate envelope, marked "Tender for —" (as the case may be), and deposited in the Tender Box at the Government Stores, King street, or if sent by post they must be addressed to the Government Storekeeper, Melbourne.

The Government will not necessarily accept the lowest or any tender.

The decision of the Government will be made known on the 9th December, 1859.

CONDITIONS.

1. The hay to be eaten, good, sound, and sweet; the straw to be wheaten, and both to be in all respects of the best quality; oats and bran also to be sound and sweet and of the best description.

2. The supplies to be delivered on the requisition of the officer in charge of the district or station, the quantities stated in the schedule being, however, only approximative, and it must be understood that the Government will draw either more or less than stated. The excess over the estimate will, however, in no case exceed 50 per cent.

3. The contracts entered into under this notice are not to be considered as being infringed or vitiated by any contracts made by the military commissariat.

4. The forage when delivered must be accompanied by an invoice of quantity, showing the gross weight, the tare, and the net weight (this should be on the back of the requisition or order), which, when signed by the officer in charge of the station for the net quantity received, will be returned to the contractor, and by him rendered in support of his account.

5. Each contractor will be required to prepare his own account, monthly, in the prescribed form, and on presentation thereof to the officer in charge of the station or district, it will be forwarded for payment at the Government Stores, Melbourne, or the Treasury Pay Office of the district, as may be indicated on the account.

6. Should forage duly ordered under these contracts not be delivered within forty-eight hours from a reasonable time to be fixed on the order, it will be competent for the department, should circumstances require it, to purchase the same at the risk of the contractor, from whose account any expense over and above the contract price is to be deducted.

7. In the event of a difference of opinion between the contractor and the officer receiving the forage, as to quality of the same, it is to be decided by a Board of Survey, composed of persons named by the head of a department, and the decision of the board is to be considered final.

8. If the board shall decide that the forage is not of proper quality, it must be immediately replaced by the contractor, failing which it will be procured elsewhere, and the extra cost, if any, will be charged as in clause 6.

9. When a board of survey cannot be conveniently assembled, or when from some other cause injury would accrue either to the public service or to the contractor by waiting for a board of survey, the officer in charge will have the power to reject such supplies as are obviously of inferior quality, it being understood that he will be responsible to the Government for so doing; and the contractor must take back the rejected forage and supply good in its stead, failing which it will be obtained by the officer requiring it, and the expense will be charged as in clause 6.

10. A repetition of irregularity in the quantity or quality of the forage, or of delay in delivering or replacing it when required, will subject the contractor, upon report from the Government Storekeeper, to such mulct, not exceeding one-fourth of the monthly account, as the Government may direct. It will also be in the power of the Government, upon such repetition, to terminate the contract forthwith.

11. It will be competent for the Government Storekeeper on behalf of the Government, or for the contractor on his own behalf, to terminate the contract by giving in writing a notice of three full calendar months to that effect, it being understood that such notice can only be given from the first day of a month, and provided that no such notice can be given before the 30th April, 1860.

By His Excellency's Command,
GEO. HARKER.

General Post Office,
Melbourne, 1st October, 1859.

CONVEYANCE OF MAILS, 1860.

TENDERS are hereby invited and will be received until Noon of Tuesday, the 15th November, 1859, for the conveyance of Post Office Mails, as undermentioned, for one year, from the 1st January to the 31st December, 1860.

All tenders are required to be written on the prescribed form, printed copies of which may be had gratuitously on application at any post office in the colony, and must be forwarded (if by post prepaid) addressed to the Honorable the Postmaster General, with the words "Tender for the Conveyance of Mails" endorsed on the cover.

Tenderers are requested to describe by their numbers, as below, the mail services for which they tender.

Every tender must bear the *bona fide* signatures of the tenderer, and of two responsible persons willing to become bound with him in double the amount of the contract for the due performance of the service.

Persons tendering are requested to state whether they propose to convey the mails on horseback or in a carriage; in the latter case they are to state the description of vehicle they intend to use, and the number of horses by which it is to be drawn.

In the performance of the services numbered 18, 32, and 47, contractors will be required to provide free conveyance by every journey for a mail guard, an officer of the Post Office, who will have special custody of the mails in course of transit.

In cases where it may at any time be practicable to convey mails by railway, a rateable reduction will be made in the amount of the contract, and contractors will be required to take up the mails at any part of the road to which railway communication may extend.

The mails to Castlemaine, Sandhurst, Maryborough, Heathcote, Ballaarat, Echuca, and Moama, and between Sandhurst and Runnymede, will be required to be conveyed by night.

The Government will not necessarily accept the lowest or any tender.
