10. A repetition of irregularity in the quantity or quality of the supplies, or of delay in delivering or replacing them when required, will subject the contractor, upon report from the Government Storekeeper, to such mulct not exceeding one-fourth the amount of the monthly account, as the Government may direct. It will also be in the power of the Government, upon such repetition, to terminate the contract forthwith.

CONDITIONS.

2. All orders for supplies under this contract must emanate from the Chief Medical Officer, or from the Government Storekeeper, and the articles must be delivered at the office of the Chief Medical Officer, or at the Government Stores, as the case may be.

3. All supplies, when delivered, must be accompanied by the order, which, when received, is to be rendered with the contractor's account. No supplies can be received unless accompanied by the order.

4. The contractor will be required to prepare his own account monthly in the prescribed form, and to present the same in a complete state to the Chief Medical Officer for examination and payment at the Treasury Pay Office, or to the Government Storekeeper, as the case may be.

5. In the event of a difference of opinion between the contractor and the officer receiving the supply, as to the quality, the same is to be decided by a Board of Survey, composed of persons named by the Government, and the decision of the Board is to be considered final.

6. If the Board shall decide that the article is not of proper quality, it must be immediately replaced by the contractor, failing which, it will be procured elsewhere, and the extra expense (if any) will be deducted from the contractor's account.

7. If from any cause injury would accrue to the public service by waiting for a Board of Survey, the Chief Medical Officer or the Government Storekeeper, as the case may be, will have the power to reject such article or articles as are obviously of inferior quality, it being understood that he will be responsible to the Government for so doing, and that the contractor must take back the rejected article and supply good in its stead, failing which, it will be procured elsewhere, and the extra expense (if any) will be charged as in clause 6.

8. A repetition of irregularity in the quantity or quality of the supplies, or of delay in delivery or replacing them when required, will subject the contractor to such mulct, not exceeding one-fourth the amount of the monthly account, as the Government may direct. It will also be in the power of the Government, upon such repetition, to terminate the contract forthwith.

9. It will be competent for the Government Storekeeper on behalf of the Government, or the contractor on his own behalf, to terminate the contract by giving in writing a notice of three full calendar months: it being understood that such notice can be given only from the first day of a month, and within the period for which the contract is made.

By His Excellency's Command,
GEO. HARKER.

Treasury,

All tenders must be enclosed in a separate envelope, marked "Tender for ——" (as the case may be), and deposited in the Tender Box at the Government Stores, King street, or if sent by post they must be addressed to the Government Storekeeper, Melbourne.

2. The excess over the estimate will, however, in no case exceed 50 per cent.

3. The contracts entered into under this notice are not to be considered as being infringed or vitiated by any contracts made by the military commissariat.

4. The forage when delivered must be accompanied by an invoice of quantity, showing the gross weight, the tare, and the net weight (this should be on the back of the requisition or order), which, when signed by the officer in charge of the station for the net quantity received, will be returned to the contractor, and by him rendered in support of his account.

5. Each contractor will be required to prepare his own account, monthly, in the prescribed form, and on presentation thereof to the officer in charge of the station or district, it will be forwarded for payment at the Government Stores, Melbourne, or the Treasury Pay Office of the district, as may be indicated on the account.

6. Should forage duly ordered under these contracts not be delivered within forty-eight hours from a reasonable time to be fixed on the order, it will be competent for the department, should circumstances require it, to purchase the same at the risk of the contractor, from whose account any expense over and above the contract price is to be deducted.

7. In the event of a difference of opinion between the contractor and the officer receiving the forage, as to quality of the same, it is to be decided by a Board of Survey, composed of persons named by the head of a department, and the decision of the board is to be considered final.

8. If the board shall decide that the forage is not of proper quality, it must be immediately replaced by the contractor, failing which it will be procured elsewhere, and the extra cost, if any, will be charged as in clause 6.

9. When a board of survey cannot be conveniently assembled, or when from some other cause injury would accrue either to the public service or to the contractor by waiting for a board of survey, the officer in charge will have the power to reject such supplies as are obviously of inferior quality, it being understood that he will be responsible to the Government for so doing; and the contractor must take back the rejected forage and supply good in its stead, failing which it will be obtained by the officer requiring it, and the expense will be charged as in clause 6.

10. A repetition of irregularity in the quantity or quality of the forage, or of delay in delivering or replacing it when required, will subject the contractor, upon report from the Government Storekeeper, to such mulct, not exceeding one-fourth of the monthly account, as the Government may direct. It will also be in the power of the Government, upon such repetition, to terminate the contract forthwith.

11. It will be competent for the Government Storekeeper on behalf of the Government, or for the contractor on his own behalf, to terminate the contract by giving in writing a notice of three full calendar months to that effect, it being understood that such notice can only be given from the first day of a month, and provided that no such notice can be given before the 30th April, 1860.

Footpaths.

Eighty-six chains re-formed and gravelled.

Four hundred and eighty-six chains gravel, carted by contractors, spread on footpath from Westgarth street to Napier street.

All the streets and channels have been repeatedly cleaned, the principal thoroughfares scraped during wet weather.

Six hundred and ten chains of channels have been lowered for better drainage, and several fresh channels cut. During dusty weather three men have been employed watering the streets. The council being of opinion one set of men was not sufficient for the requirements of the district, have ordered two more hydrants to be made, and the number of men employed for watering the streets increased, in order that every portion of the municipality may be well watered.

The question of compelling payment of a portion of the cost of constructing rights-of-way has repeatedly occupied the attention of the council. As local board of health, they have in two cases, viz., that of a right-of-way near the south end of George street and Little Gore street, north of Webb street, ordered their construction, on receiving payment of a portion of the cost from the owners of property abutting on those lanes. The council, however, are not desirous of making those cases precedents, preferring rather to judge of each application on its own merits, and the necessity there exists for its repair in a sanitary point of view. The council have ordered the erection of thirty additional lamps, and are in communication with the Melbourne Gas Company respecting an extension of their main down from Nicholson street, in order that the cross streets, to Brunswick street, north of Johnson street, may be properly lighted.

The council have repeatedly inspected the kerking and channelling recently laid down in the principal streets, both during its progress and after its completion, and have reason to believe the work had been faithfully executed.

BYE-LAWS.

The following bye-laws prepared by the legislative committee have received the approval of His Excellency the Governor in Council:—

No. 8. For regulating the erection of external projections, verandahs or awnings.

No. 9. For regulating the security of buildings in which public meetings are held and public amusements conducted.

REVENUE.

The council have received two further instalments of the grant-in-aid to municipalities, making a total of £12,375 7s. 6d. received from Government up to 30th September.

The total amount of rates collected is £9753 16s. 6d., leaving a balance of about £1034 5s. 6d. still to collect, and which is due chiefly from lands and untenanted houses.

GENERAL.

In reply to an application made by this council, the Crown Lands Office set apart that triangular portion of land lying between Napier street and the Heidelberg road and Reilly street as a site for bath-houses and for purposes of recreation.

The Government have also given permission to the Council to obtain gravel from Crown Lands near the Heidelberg road.

The council have again renewed the subject of the powers held under the Fitz Roy Ward Improvement Act: pending that arrangement being carried out, the council have solicited the Government to proceed with the erection of a court house on the market site, before the vote lapses at the close of this year.

The inhabitants of that portion of Smith Ward lying east of Nicholson street, with the concurrence of this council, presented a memorial to His Excellency, praying for the annexation of that locality to the municipality of Fitz Roy, but in consequence of receiving a counter petition from the residents of the northern portion of this district, the Executive declined to consent. Subsequently another memorial was forwarded to His Excellency, praying for an alteration in the northern boundary, so as to embrace that triangular portion of land lying between the Heidelberg road, Smith and Reilly streets, but owing mainly to the opposition of the city council, the prayer of the petitioners was not complied with.

In consequence of an invitation on the part of the Health Committee of the city council to co-operate with that body respecting the extension of the gardens in Victoria parade, the members of the Public Works Committee, to whom the matter

was referred, had an interview with the former-committee. The subject eventually lapsed. Attention, however, was again directed to it, in consequence of a letter brought before the council on 31st August, from the town clerk, Melbourne, enquiring whether, in the event of the Fitz Roy Council declining to join the city corporation in carrying out the plans respecting the gardens in Victoria parade, steps would be taken to alter the southern boundary of this municipality, so as to give the city council sole control over the plantations; the question was left to the decision of the ratepayers. At a public meeting, held on 24th August, it was decided that the municipal council should be recommended to consent to the request of the city council, on the following conditions:—1st. That when the plantations were sufficiently advanced, they should be thrown open to the public generally. 2nd. That the city council join the municipal council in their endeavors to obtain annexation of the triangular portion of land above alluded to. These conditions, together with one added by the municipal council, that openings be left in the line of plantation opposite Napier, Gore, and Smith streets, were transmitted to the city council, and in this position the matter remains.

DEPUTATIONS.

A deputation from the council waited on the Commissioner of Crown Lands and Survey with reference to the completion of Reilly street drain. Owing to the representations then made, the Government have called for fresh tenders, without the bluestone lining. The council believe the work will be tendered for at an amount within the sum voted by Parliament; and if so, expect to see the works commenced forthwith. Deputations have also repeatedly waited on the Commissioners of Sewers and Water Supply, with reference to watering the streets from the fire-plugs laid down in the municipality. Owing to liability of the Commission for any damages occasioned by the bursting of the fire-plugs, permission to use them would not be granted unless the council undertook that responsibility: certain concessions having been made, the council entered into an obligation relieving the Commission of their responsibility, whereon permission was at once granted. The council believe that, with judicious care, and the insertion of brass balls in the fire-plugs, instead of those made of gutta percha, as at present in use, the risk of any accident is materially reduced.

MARKET.

The council have to state that, during the last six months, the receipts at the weighbridge amounted to £90 13s., which has not only defrayed the salary of the market-keeper for that period, but yielded a revenue at the rate of about 5 per cent. per annum on the total cost of the market sheds and weigh-bridge.

BENEVOLENT COMMITTEE.

The benevolent committee have had occasion to relieve several very pressing cases of poverty and distress that have occurred within this district. Every care has been taken that the laudable end the council had in view, when voting the necessary funds, should not be abused, and that none but extreme cases, and those only after investigation, should be relieved. The committee was appointed last February, and since that time (upwards of seven months) have disbursed £45 6s. in the relief of nine cases, all of which, with one exception, were women in great poverty.

PUBLIC LIBRARY COMMITTEE.

The public library committee have concluded their labors and brought up their report, which was adopted by the council, and instructions given that a bye-law be prepared by the municipal solicitor, vesting the proposed site in Smith street in the joint councils of East Collingwood and Fitz Roy, and for authorizing the appropriation of a portion of the municipal funds for the purpose of carrying out the recommendations of the committee.
