PETITION UNDER THE MUNICIPAL INSTITUTIONS ACT.
SMYTHESDALE.

IN pursuance of the Act of Council 18 Victoria No. 15, the Governor, with the advice of the Executive Council, has directed the publication of the substance and prayer of a petition addressed to His Excellency as hereinafter set forth, signed by one hundred and eighty-five householders resident at Smythesdale, praying for the erection of their locality into a municipal district.
R.832. R. HEALES.

The petitioners state that the township of Smythesdale is situated in the centre of a very extensive mining district; that the dwellings of the inhabitants are of a substantial character, and have been erected at considerable expense; and that there are more than 300 householders resident within the boundaries of the township.

That no provision exists for the formation and maintenance of the roads and streets of the township, which consequently are sometimes nearly impassable, and over which very heavy machinery and merchandise have to be carried at great risk and expense; and that the erection of the township into a municipal district will tend greatly to advance its interests and materially aid its improvement and good government.

The petitioners suggest that the boundaries of the township specified in the *Government Gazette* [of 19th April, 1859, page 808] be the boundaries of the municipality.

And the petitioners pray as follows, viz.:—
"Your petitioners therefore humbly pray that the district so defined may be proclaimed a municipality under the name of 'The Municipal District of Smythesdale,' according to the provisions of the Act of Council 18 Victoria No. 15."

[The signatures to the above-mentioned petition appeared in No. 19 of the *Gazette*, p. 271 ante.]

Should the contract be taken for delivery daily, the bags will be returned to the contractor on the day following.

Further particulars may be obtained from the Government Storekeeper, Melbourne, the Superintendent of the Locomotive Department at Williamstown, or the Foreman of Locomotives at Geelong.

No tender can be entertained unless accompanied by a certificate from two responsible persons that they are willing to become bound as sureties in the sum of £500 for due fulfilment of the contract; and the bond must be executed within five days of acceptance, failing which the contract may be again advertised or another tender accepted.

Tenders, endorsed, "Tender for Coal, Railways," are to be deposited in the box at the Government Stores, or addressed to the Government Storekeeper, Melbourne.

The Government will not necessarily accept the lowest or any tender.

The decision of the Government will be made known on or before the 7th March, 1861.

CONDITIONS.

1. The coal is to be the very best of its kind, and must be either screened before delivery over a screen with bars at least one inch apart and ten feet long, set to an angle of forty-five degrees to the ground level, or handpicked so as to be of the same size as if screened in the above manner, and be quite free from shale or other impurities.

2. The orders will be issued by the contractor if the contract be for delivery daily, and should an order not be complied with within twenty-four hours, it will be competent for the local officer who ordered, to purchase at the contractor's risk. Should the contract be taken for supplies in bulk the Government Storekeeper will issue orders, and one month from date of order will be allowed for delivery, failing which the coal will be obtained by the Government Storekeeper at the contractor's risk.

5. In the event of a difference of opinion between the contractor and the officer receiving the supply as to the quality, the

same is to be decided by a board of survey, composed of persons named by the engineer-in-chief of railways, and the decision of the board is to be final.

6. If the delay necessary for obtaining the decision of a board of survey should be detrimental to the public service, the engineer-in-chief, or officer in charge at the station, will have the power to reject coal which is obviously of inferior quality, it being understood that he will be responsible to the Government for so doing, and the contractor must take back the rejected coal and supply good in its stead, failing which it will be procured elsewhere, and the extra expense charged as in clause 2.

7. A repetition of irregularity in the quantity or quality of the supplies, or delay in delivering or replacing them when required, will subject the contractor to such mulct, not exceeding Fifty pounds, as the Government may direct. It will also be in the power of the Government to terminate the contract forthwith.

8. It will be competent for the contractor, or for the Government Storekeeper on behalf of the Government, to terminate the contract by giving in writing a notice of three calendar months, it being understood that such notice can be given only from the first day of a month.
