[1861.

INTERNATIONAL EXHIBITION OF 1862.—COMMISSION.

VICTORIA, by the Grace of God, of the United Kingdom of Great Britain and Ireland Queen, Defender of the Faith :

To our trusty and well-beloved **SIR REDMOND BARRY**, Knight, one of our Judges of our Supreme Court of our Colony of Victoria; the Honorable **SIR FRANCIS MURPHY**, Knight, Speaker of the Legislative Assembly of our said colony; the Honorable **JOHN HENRY BROOKE**, President of the Board of Land and Works of our said colony; the Honorable **SIR JAMES FREDERICK PALMER**, Knight, President of the Legislative Council of our said colony; the Honorable **RICHARD HEALES**, Chief Secretary of our said colony; the Honorable **WILLIAM CLARK HAINES**, the Honorable **JOHN O'SHANASSY**, the Honorable **CHARLES HOTSON EBDEN**, the Honorable **CHARLES GAVAN DUFFY**, **JOHN MACADAM**, Esquire, *Medicinz Doctor*, Members of the Legislative Assembly of our said colony; the Honorable **JOHN BASSON HUMFFRAY**, Commissioner of Mines of our said colony; **FREDERICK MCCOY**, Esquire, F.G.S.L., Professor of Natural Science in the University of Melbourne, in our said colony; **WILLIAM PARKINSON WILSON**, Esquire, F.C.P.S., Professor of Mathematics in the University of Melbourne, in our said colony; **ALFRED RICHARD CECIL SELWYN**, Esquire, Government Geologist in our said colony; **FERDINAND MUELLER**, Esquire, *Medicinz Doctor*, Government Botanist in our said colony; **RICHARD EADES**, Esquire, *Medicinz Doctor*; **CHARLES E. BRIGHT**, Esquire, and **ROBERT MCDUGALL**, Esquire, of our said colony of Victoria,

GREETING :

WHEREAS it has been publicly notified, that an International Exhibition of Agricultural and Industrial products will be held at London, in the year One thousand eight hundred and sixty-two : And whereas it has been proposed that a Commission should be appointed for the purpose of selecting and transmitting to London such articles the produce or manufacture of the Colony of Victoria as may be thought worthy of exposition : Now know you, that We, reposing special trust and confidence in your knowledge and ability, have thought fit to constitute and appoint, and by these presents do constitute and appoint, you, Sir Redmond Barry, President of the said Commission; Sir Francis Murphy and John Henry Brooke, Vice-Presidents of the said Commission; and Sir James Frederick Palmer, Richard Heales, William Clark Haines, John O'Shanassy, Charles Hotson Ebdon, Charles Gavan Duffy, John Macadam, John Basson Humfray, Frederick McCoy, William Parkinson Wilson, Alfred Richard Cecil Selwyn, Ferdinand Mueller, Richard Eades, Charles E. Bright, and Robert McDougall, to be our Commissioners to devise and carry out the details necessary to facilitate the transmission to London of articles the produce or manufacture of our Colony of Victoria intended for exposition at the International Exhibition to be held at London in the year One thousand eight hundred and sixty-two : And for the purpose of aiding you in the execution of the premises, We hereby appoint our trusty and well-beloved John Macadam, Esquire, *Medicinz Doctor*, to be Honorary Secretary to this our Commission : And We do by these presents give and grant to you, or any three or more of you, full power and authority to carry into effect the purposes of this our Commission by all lawful ways and means whatsoever : And We do further will and direct that you do report in writing your proceedings from time to time to His Excellency our Governor of our said colony, and do submit all measures which you may deem requisite for his approval or disallowance previously to carrying the same into execution : And lastly, We do by these presents ordain that this our Commission shall continue in full force and virtue, and that you our said Commissioners, or any three or more of you, shall and may from time to time, and at any place or places, proceed in the execution thereof, and of every matter and thing therein contained, although the same be not continued from time to time by adjournment.

Witness our trusty and well-beloved **SIR HENRY BARKLY**, Knight Commander of the Most Honorable Order of the Bath, Captain-General and Governor-in-Chief of our Colony of Victoria, and Vice-Admiral of the same, at Melbourne, in our said colony, this seventh day of January, in the year of our Lord One thousand eight hundred and sixty-one, and in the twenty-fourth year of our reign.

(L.S.)

HENRY BARKLY.

By His Excellency's Command,

R. HEALES.

Government Offices,
Melbourne, 7th January, 1861.

LEGISLATIVE COUNCIL.

IT is hereby notified that His Excellency the Governor has this day issued a Writ for the election of a member to serve in the Legislative Council for the South Province, in the place of William John Turner Clarke, Esquire, who has resigned his seat; and that the following arrangement has been made for such election, viz.:-

Date of writ ... 7th January, 1861.
Day of nomination ... 21st January, 1861.
Place of nomination ... West Brighton.
Day of polling ... 31st January, 1861.
Return of writ ... 8th February, 1861.

By Command,

O. F. TIMINS,
Private Secretary.

THE POLLING PLACES FOR THE MINING DISTRICT OF BALLAARAT ALTERED.

At the Government House, Melbourne, the seventh day of January, 1861.

PRESENT:

His Excellency the Governor

Mr. Heales	Mr. Anderson
Mr. Ireland	Mr. Humfray
Mr. Verdon	Mr. Lander
Mr. Brooke	Mr. a'Beckett
Mr. Johnston	

WHEREAS by an Act passed in the twenty-first year of the reign of Her present Majesty, intituled, *An Act for amending the Laws relative to the Gold Fields*, it is amongst other things enacted, that a poll shall be taken for the election of members for each division of every mining district, at such places within such division as the Governor in Council shall from time to time direct, and every poll shall commence at Nine o'clock in the forenoon and close at Five o'clock in the afternoon, and shall be taken in such buildings as the returning officer shall select: Now therefore His Excellency the Governor, by and with the advice of the Executive Council, doth by this present Order direct, that in lieu of all places previously appointed for taking the poll at elections for the several divisions of the mining district of Ballarat, the poll shall be taken for the said elections at the several places named in the last column of the schedule hereunto annexed, within and for the divisions respectively set opposite thereto in the first column of the same schedule, that is to say:-

Names of the Divisions.	Polling Places.
Ballaarat ...	Ballaarat East and West, Sebastopol, and Little Bendigo.
Buninyong ...	Buninyong.
Creswick ...	Creswick.
Smythe's Creek ...	Smythe's Creek, Carngham, and Roke-wood.
Blackwood ...	Blackwood.
Steiglitz ...	Steiglitz.

And the Honorable John Basson Humfray, Her Majesty's Commissioner of Mines for Victoria, shall give the necessary directions herein accordingly.

J. H. KAY,

Clerk of the Executive Council.

Q.10590.

Department of Trade and Customs,
Melbourne, 7th January, 1861.

LIGHTS, BEACONS, AND BUOYS IN VICTORIA.

THE accompanying Notice to Mariners, relative to the various lights, beacons, and buoys throughout the colony of Victoria, is published for general information.

By His Excellency's Command,

T.&C.61/18.

ROBERT S. ANDERSON,
Commissioner of Trade and Customs.

NOTICE TO MARINERS, VICTORIA.

LIGHTS, BEACONS, AND BUOYS.

Various alterations having from time to time been made in the lights, beacons, and buoys, on the coast and within the ports of Victoria, the following revised lists are published for general information.

The buoys are divided into three classes: the first class are cone-shaped, built of pine, sixteen feet long, nine feet at broad end; the second class are cone-shaped, built of pine, fourteen feet long, seven feet at broad end; the third class are cone-shaped, eleven feet long, six feet at broad end.

These buoys are all secured with chain moorings and mushroom-anchors.

Entering from sea, white or red buoys, with even numbers, to be left on the starboard hand; black buoys, with odd numbers, on the port hand.

Chequered buoys to be passed on either side.

Green buoys, marked "Wreck," are moored close to sunken vessels.

Great inconvenience having been experienced, and much injury done to the lightships and buoys, by vessels running foul of them, the attention of commanders, pilots, and others in charge of vessels, is drawn to section vii. of 16 Victoria No. 12, which imposes a penalty of from two to one hundred pounds on persons injuring buoys, beacons, land or sea marks.

CHARLES FERGUSON,

Chief Harbor Master.

Office of Ports and Harbors,
Williamstown, 25th December, 1860.

LIGHTHOUSES AND HARBOR LIGHTS.

List of Coast, Harbor, Floating, and Pierhead Lights, in the Colony of Victoria.

PORTLAND BAY HARBOR LIGHT.

The lighthouse at Portland Bay is situated on Battery Hill; its approximate position is lat. 38° 22' S, long. 141° 39' E.

The light is a *fixed red light*, elevated one hundred and sixteen (116) feet above the mean level of the sea, and may be seen in clear weather at the distance of about thirteen (13) nautical miles, allowing ten (10) feet for the height of the eye, and at lesser distances according to the state of the atmosphere.

The light is visible from N. by W. round easterly to S.E.

The lighthouse is built of stone, and colored *grey*.

The light hitherto shown at the seaward end of the jetty is altered in color from *red* to *green*.

Caution.—Vessels from the westward bound to Portland Bay must be careful in rounding the Lawrence Rocks not to bring the light to bear to the northward of N.W. by W. After passing the Lawrence Rocks a course may be shaped for the light, keeping it on the port bow, and not standing in to less than six (6) fathoms. When abreast of the anchorage, the jetty light, colored green, will be visible bearing west.

Bearings taken from the lighthouse and the approximate distances:-

Lawrence Rocks, eastern point	S.E., 4 miles.
Whalers' Bluff, extreme north point	N.W. by N., 1 mile.
Whalers' Reef Buoy	N. by W. ½ W., ½ do.

PORT FAIRY HARBOR LIGHT.

The lighthouse at Port Fairy is situated on the eastern part of Rabbit Island, about five (5) yards from high water mark; its approximate position is lat. 38° 24' S, long. 143° 20' E.

The light is *fixed and flashing, colored red*, showing a *bright flash* every three minutes. At a distance of six (6) miles and upwards it will appear as a *steady light* for a space of one minute and forty seconds, be suddenly *eclipsed* thirty-four seconds, then exhibit a *bright flash* for twelve seconds, and be again *eclipsed* for thirty-four seconds, when the *steady light* will re-appear.

When a vessel is within about three (3) miles of the light the eclipses will be scarcely observable, a continued fixed light being at that distance, in clear weather, visible between the intervals of the bright flashes.

The light is elevated forty-one (41) feet above the mean level of the sea, and is visible from N. by W. ½ W. round by east and south to S.W. by W. ½ W., at the distance of nine (9) nautical miles, allowing ten (10) feet for the height of the eye, and at lesser distances according to the state of the atmosphere.

The lighthouse tower is circular, built of stone, and colored *red*.

Mariners are particularly requested to note the distinctive features of the Port Fairy and Cape Otway lights, the latter being *white*, and attaining its greatest brilliancy once every minute.

Caution.—Masters of vessels working in shore to the westward of Port Fairy must be careful not to bring the light to bear to the eastward of N.E. by E. ½ E.

The light should not be approached nearer than one (1) mile until it bears W. by S., when a N.W. by W. course may be steered for the roads. When the light bears S. by W. ½ W. anchor in six and a half (6½) or seven (7) fathoms.

To avoid fouling the moorings, do not bring the light to the southward of S. by W. ½ W.

No strangers should attempt to pick up this light in thick weather, nor enter Port Fairy at night.

Bearings taken from the lighthouse and the approximate distances:-

South end Julia Percy Island	W. by S. ½ S., 13 miles.
S.S.E. extremity of reef off Dusty Miller Island	S. by W. ½ W., ½ do.
N.E. extremity of Rabbit Island Reef	N.E. by E., ½ do.
Outer mooring anchor buoy	N. by E., ½ do.

WARRNAMBOOL HARBOR LIGHT.

The lighthouse at Warrnambool is situated on Middle Island; its approximate position is lat. 38° 26' S., long. 142° 32' E.

The light is a *fixed white light*, elevated seventy-eight (78) feet above the mean level of the sea, and may be seen in clear weather at the distance of about thirteen (13) nautic miles, allowing ten (10) feet for the height of the eye, and at lesser distances according to the state of the atmosphere.

The light is visible from all points of the compass.

Caution.—Vessels from the westward should not bring the light to bear to the southward of E., nor to the westward of N.W. by W. $\frac{1}{4}$ W. if from the eastward.

No stranger should attempt to enter this harbor at night.

Bearings taken from the lighthouse and the approximate distances:—

S.E. extremity of reef	S.E. by E. $\frac{1}{4}$ E., 5 cables' length.
Southern extremity of } Hopkins Reef	E. $\frac{1}{4}$ S., 2 miles.

WARRNAMBOOL LEADING LIGHT.

The leading lighthouse is built of wood, and stands a little above high water level in line with two (2) white obelisks. The lighthouse bears from the Middle Island light N. 37° 30' E., exhibits a fixed red light, and is visible three (3) miles from S. 1° 30' E. to S. 20° 30' E., thus only illuminating an arc of nineteen degrees.

CAPE OTWAY LIGHT.

The approximate position of the Cape Otway Lighthouse is in lat. 38° 51' S., long. 143° 34' E. It stands on the southern extremity of Cape Otway, at an elevation of three hundred (300) feet above high water level, and exhibits a white revolving light, showing a bright flash of four seconds' duration once every minute, and may be seen in ordinary weather twenty-four (24) miles. Mariners are particularly requested to note the distinction between the Otway and the Cape Schanck lights; the Otway showing a bright flash once every minute, the Schanck a bright flash once every two minutes.

SHORTLAND'S BLUFF LIGHTS.

There are two lighthouses on Shortland's Bluff.

The upper lighthouse is a circular stone tower, painted white, exhibits a white fixed light, which burns at an elevation of one hundred and eight (108) feet above high water level, and is visible from south round westerly to S.W. sixteen (16) miles.

The lower lighthouse is built of wood, painted white, and stands at an elevation of eighty (80) feet above the level of the sea, bearing from the centre of upper lighthouse S. 33° W. distant six hundred and seventy (670) feet. The light is fixed red, and is visible from S.W. to S.W. $\frac{1}{4}$ W. twelve (12) miles.

SWAN SPIT LIGHT.

The Swan Spit Lighthouse is built upon piles, and exhibits a fixed red light visible all round the compass.

The Swan Spit Lighthouse is situated on the S.W. end of the spit, in fifteen (15) feet at low water, two hundred and fifty (250) fathoms off shore, with the following bearings:—

Upper Light, Shortland's Bluff,	S. 56 W.
Royal George Perch Buoy,	S. 37 W.
Fairway Beacon, on Swan Island,	N. 69 W.

There are two small sand knolls outside of the lighthouse, with not more than twelve (12) feet of water over them, bearing respectively from the lighthouse E.N.E. and S.E. by E., distant forty (40) fathoms.

Vessels must not approach the lighthouse nearer than sixty (60) fathoms, outside of which distance there is a clear channel of one-third of a mile, with three, four, and five fathoms water.

WEST CHANNEL LIGHTSHIP.

This lightship is moored in three (3) fathoms at the north end of the west channel; she has three masts, two surmounted each with a ball; hull and balls painted red; exhibits two white lights, which, in ordinary weather, may be seen, from all points of the horizon, ten miles.

In the event of the lightship breaking adrift, the balls and lights will be discontinued, and instead two red lights substituted, one at the end of the davit forward, the other on a stanchion beside the ensign staff, and a flare light shown every quarter of an hour during the night.

GEELONG LIGHTSHIP.

This vessel is moored opposite the Bird Rock, on the port side of the channel leading into Geelong. She exhibits a bright fixed light, elevated twenty-seven (27) feet above the sea level, and may be seen in clear weather from the deck of a vessel ten (10) feet above the water, nine (9) nautic miles.

The vessel is moored in twelve (12) feet at low water, with the following magnetic bearings:—

Outer red dolphin, upon which a red ball	
has been placed	N. 82 W.
Beacon on Bird Rock	S. 89 E.
Point Henry	S. 4 W.

Tidal signals are hoisted by day on board the lightship to indicate the height of water on the Bar.

In the event of the lightship breaking adrift, the light will be discontinued, and instead two red lights substituted, one at the end of the davit forward, the other on a stanchion beside the ensign staff, and a red flare light shown every quarter of an hour during the night.

GELLIBRAND'S POINT LIGHTSHIP.

This vessel is moored off Gellibrand's Point, in five (5) fathoms, with the following bearings:—

Point Cook, S.W. $\frac{1}{4}$ W.,	8 miles.
Old Lighthouse, N. by W. $\frac{1}{4}$ W.,	550 fathoms.
Sandridge Sugar Works, N.N.E.,	2 miles 150 fathoms.
White buoy off St. Kilda bank, N.E. by N.,	1 mile 200 fathoms.

The Gellibrand's Point lightship has one mast surmounted by a ball.

This vessel exhibits a white revolving light, showing a bright flash every thirty seconds.

In the event of the lightship breaking adrift, the ball and light will be discontinued, and instead two red lights substituted, one at the end of the davit forward, the other on a stanchion beside the ensign staff, and a flare light shown every quarter of an hour during the night.

CAPE SCHANCK LIGHT.

The approximate position of the Cape Schanck Lighthouse is in latitude 38° 30' S., longitude 144° 54' E.; it stands upon the highest part of that Cape about half a mile N.N.W. of the Pulpit Rock.

The light is a catadioptric, first class, *fixed and flashing white light*, showing a *bright flash every two minutes*.

The light at a distance of eight (8) miles and upwards, according to the state of the atmosphere, will appear as a steady light for the space of one minute, be suddenly eclipsed for twenty-five seconds, then exhibit a bright flash for about ten seconds, and be again eclipsed for twenty-five seconds, when the steady light will re-appear.

When a vessel is within about six (6) miles from the light, the eclipses will be scarcely observable, a continued faint light being at that distance, in clear weather, visible between the intervals of the bright flashes.

The light is three hundred and twenty-eight (328) feet above the mean level of the sea, and visible from E. $\frac{1}{4}$ S. round southerly to N.W. $\frac{1}{4}$ W. at the distance of twenty-three (23) nautic miles, allowing ten feet for the height of the eye, and at lesser distances according to the state of the atmosphere.

The lighthouse tower is circular, built of stone, and painted red.

Mariners are reminded that the reef to the southward of the Pulpit Rock lies S.E. about seven (7) cables' length from the site of the lighthouse, vessels in passing the light must therefore give it a wide berth.

WILSON'S PROMONTORY LIGHT.

The Wilson's Promontory Lighthouse is situated on the south-eastern part of that headland: its approximate position is latitude 39° 9' S., longitude 146° 23' E.

The light is a catoptric, first class, *fixed white light*, elevated three hundred and forty-two (342) feet above the mean level of the sea, and seen in clear weather at the distance of about twenty-four (24) nautic miles, allowing ten feet for the height of the eye, and at lesser distances according to the state of the atmosphere.

The lighthouse tower is circular, built of stone, and painted white.

The light is visible from N.N.E. round southerly to W.S.W., excepting that by the intervention of the adjacent islands the light will be eclipsed to vessels upon the undermentioned bearings from it, and for a few degrees on either side of them.

Bearings of islands taken from the lighthouse, and their approximate distances:—

South part of Cleft Island	S.W. by W. $\frac{1}{4}$ W. $\frac{1}{2}$ miles.
Centre of Rodondo Island	S. $\frac{1}{4}$ W. 6 $\frac{1}{2}$ miles.
" Ten-foot Rock	S. $\frac{1}{4}$ E. 4 $\frac{1}{2}$ miles.
" West Moncur Island	S.E. $\frac{1}{4}$ S. 7 $\frac{1}{2}$ miles.
" East Moncur Island	S.E. $\frac{1}{4}$ E. 8 miles.
" Clifty or South Seal Island	N.E. $\frac{1}{4}$ N. 17 miles.
" North Seal Island	N.E. by N. 16 miles.
" Cape Wellington	N.E. by N. $\frac{1}{4}$ N. 4 $\frac{1}{2}$ miles.

Vessels steering through Bass's Straits, or from Port Phillip, bound eastward round Wilson's Promontory, may first see the light through the gap between Cleft and the adjacent Glennie Island, bearing E.N.E.; as they proceed to the southward and eastward it will be eclipsed for a few degrees by Cleft Island.

When the light bears N.E. the channel between Cleft Island and the Rodondo will be open, and vessels may steer direct for the promontory.

Vessels to the eastward of the Seal Islands, and bound round the promontory, sighting the light bearing to the southward of S.W., will be to the northward of the fairway, and should haul out until the light bears S.W. by W., which bearing will lead them clear of Clifty and the other Seal Islands.

PORT ALBERT HARBOR LIGHT.

The Port Albert Lighthouse is situated on the eastern end of La Trobe Island; its approximate position is in lat. 33° 46' S., long. 146° 31' E.

The light is *fixed and flashing*, colored *red*, showing a *bright flash* every three minutes at a distance of six (6) miles and upwards; it will appear as a *steady light* for a space of one minute and forty seconds, be suddenly *eclipsed* thirty-four seconds, then exhibit a *bright flash* for twelve seconds, and be again *eclipsed* for thirty-four seconds, when the *steady light* will re-appear.

When a vessel is within about three (3) miles of the light the eclipses will be scarcely observable, a continued fixed light being at that distance visible between the intervals of the bright flashes.

The light is elevated forty (40) feet above the mean level of the sea, and is visible from E. by N. round southerly to S.W. at the distance of nine (9) nautic miles, allowing ten (10) feet for the height of the eye, and at lesser distances according to the state of the atmosphere.

The lighthouse tower is built of wood and colored *red*.

Bearings taken from the lighthouse and the approximate distances:—

Outer red buoy, old channel	S.E. by E. $\frac{1}{2}$ E.	3 $\frac{1}{2}$ miles.
Clifty Island ...	S.E. by S. $\frac{1}{2}$ S.	13 do.
Rabbit Island ...	S. by W. $\frac{1}{2}$ W.	11 do.
Point Townsend ...	S.W.	3 $\frac{1}{2}$ do.

FLINDERS LIGHT, GABO ISLAND.

The lighthouse on Gabo Island, off Cape Howe, is situated in latitude 37° 31' 20" S., and longitude 140° 54' 40" E. The lighthouse is a skeleton timber erection painted white, the roof and

framing of the lantern painted red, and the ventilated ball painted yellow. It stands nearly in the centre of the island, about three quarters of a mile from its southern point, upon a sandhill one hundred and fifty-seven feet six inches (157 feet 6 inches) above the sea. The following magnetic bearings are taken from the lighthouse:—

Cape Howe, N. 32° E.

Ram Head, S.W.

The light is a fixed white light of the first class, and is eclipsed by a small range of sandhills from S. 15° E. to S. 4° W. (in all 19°) to a distance averaging about two (2) miles out to sea. It is estimated that the light can be seen twenty (20) miles distant in clear weather.

A new lighthouse is now building on the S.E. point of the island, on which will be exhibited a first class fixed catadioptric light.

Pierhead lights are exhibited at the undermentioned places:—

Portland.—A green light, visible two miles, on end of old jetty.

Queenscliff.—A green light, visible four miles, on end of jetty.

Geelong.—A white light, visible three miles, on end of steamboat jetty.

Williamstown Breakwater.—A red light, visible three miles, on end of breakwater.

Williamstown Jetty.—A red light, visible two miles, on end of old jetty.

Sandridge Railway Pier.—A fixed green light, visible two miles, on end of railway pier.

Sandridge Jetty.—A red light, visible two miles, on end of old pier.

Snapper Point Jetty.—A red light, visible two miles, erected on end of jetty.

During thick weather gongs are sounded on board the lightships and at the Swan Spit Lighthouse, at intervals of ten minutes.

BEACONS.

Name of Beacon.	Position.	Color and Description.	Remarks and Bearings.
Apollo Bay Beacons	Two on Cape Bunbury, situated about 11 miles N.E. from Cape Otway Lighthouse	Inner white, outer red ...	Bearing from each other S.E. $\frac{1}{2}$ S. and N.W. $\frac{1}{2}$ N.
	Two on Point Hayley, situated about 9 miles N.E. from Cape Otway Lighthouse	Inner white, outer black	Bearing from each other E. $\frac{1}{2}$ N. and W. $\frac{1}{2}$ S. These beacons are intended to mark the position of Henry's Reef, which lies about 2 miles off Cape Bunbury, with not more than 18 feet on it at low water. The position of the reef is marked by the intersection of two lines, the one drawn through the beacons on Point Hayley, and through the beacons on Cape Bunbury.
Nepean Rock Beacon	Nepean dry rock, at entrance of Port Phillip	Red, cone shaped ...	Thwart mark to clear Corsair Rock.
Point Nepean Beacon	On Point Nepean, a little above high water mark	White, cone shaped, 20 feet high	Bears E. and W. with Nepean Rock beacon when in a line, and Low Lighthouse on with Shortland's Bluff flagstaff marks position of Corsair Rock.
Point Lonsdale Beacon	Point Lonsdale, 200 feet N.W. of the Flagstaff	Red pillar, with skeleton ball, 20 feet high	Thwart mark to mark rock off Point Lonsdale, bearing in one with flagstaff N.W.N.
Swan Point High Beacon	Middle of Swan Point	White mast, 80 feet high, surmounted with red cone	This beacon kept open of Low Lighthouse point leads clear of Lonsdale Rock.
Anonyma Rock Beacon	Rock off Red Bluff, near Brighton	White mast, with chequered ball, in 5 feet water, 16 feet high from high water mark	Three fathoms round the rock. Gellibrand's Point N.W. $\frac{1}{2}$ N., Red Bluff E. $\frac{1}{2}$ S.
Geelong North Shore Beacon	North Beach (entrance of ship channel, Bird Rock)	A red skeleton globe, 30 feet high	This beacon on with the summit of Station Peak clears the spit extending to the westward of Bird Rock.
Bird Rock Beacon	On Bird Rock ...	Cone of stone, with white globe, skeleton beacon	Centre of Bird Rock.
North Dolphins ...	Three on the north side of Geelong Channel	Red	To show the north edge of the ship channel.
South Dolphins ...	One on the south and inner edge of Geelong Channel	Black	To show the south and inner edge of the ship channel.
Little River ...	On rocky patch about a mile off shore	Sunken beacon, with mast and red ball, 11 feet above level of water	Situated between Point Wilson and the Halfway Trees, centre of Arthur Seat touching Indented Head, Western Hummock. Station Peak W.N.W., entrance of Little River N. by W.
St. Leonard's Beacon	On St. Leonard's Reef, Indented Head	Sunken beacon, with mast and black ball, 16 feet above level of water	Placed in 10 feet water. Extreme of Indented Head N.W., St. Leonard's Jetty S.S.W.
Western Port Beacon	Eagle Rocks, Western Port	Staff and red ball, in 6 feet water, 7 feet above high water level.	Summit of Mount Wellington, on French Island, S.E. by S.; Sandstone Island S.S.W.
Warrnambool Beacons	On mainland at Warrnambool	Two white stone obelisks	Bearing from each other N. 1° E. and S. 1° W. kept in one line of bearing lead in clear of the reefs.

BUOYS—PORT PHILLIP BAY.

Position.	Name and No. of Buoy.	Place of Buoy, and Depth moored in at low water.	Color and Description of Buoy.	Magnetic Bearings of remarkable objects from each Buoy.
On Pope's Eye Shoal	South Pope's Eye, marked S.	South end of Pope's Eye Shoal, in 30 feet	Red, 1st class, cone	High Lighthouse, W. by N. $\frac{1}{2}$ N.
	North Pope's Eye, marked N.	North end of Pope's Eye Shoal, in 24 feet	Red, 3rd class, cone	Entrance of Point Nepean, S.W. by W.
South side of West Channel	Royal George, No. 2.	S.W. extremity of Royal George Shoal, in 18 feet, between south end of Simmond's and West Channel	White, 2nd class, cone, staff and ball	High Lighthouse, S.W. $\frac{1}{2}$ W. Mount Eliza, E. by N. $\frac{1}{2}$ N.
	Simmond's Spit, No. 4	S.W. end of Simmond's Spit, in 30 feet	White, 2nd class, cone	High Lighthouse, S.W. by W. $\frac{1}{2}$ W.
	Fork, No. 6	West edge of Williamsand, in 18 feet	White, 3rd class, cone	White Cliff, S.E. $\frac{1}{2}$ E.
	Wandsworth Knoll, No. 8	E. side of West Channel, in 18 feet	White, 2nd class, cone	High Lighthouse, W.S.W.; south extremity of trees on Mud Island, S.E. by E. $\frac{1}{2}$ E.
	Channel Buoy, No. 10	West edge of Williamsand, in 18 feet	White, 3rd class, cone	Black Beacon on Swan Point, S.W. $\frac{1}{2}$ W.
	Elbow Buoy, No. 12	N.W. elbow of Williamsand, in 18 feet	White, 2nd class, cone, with staff and ball	Black Beacon on Williamsand, E. by N. $\frac{1}{2}$ N.
	Channel Buoy, No. 14	Western side of Williamsand, in 18 feet	White, 3rd class, cone	High Lighthouse, S.W.
	North-East Buoy, No. 16	Northern extremity of Williamsand, in 18 feet	White, 2nd class, cone	Arthur's Seat, S.E. by E. $\frac{1}{2}$ E.

It is hereby notified that the Office of the Paymaster and Gold Receiver at Pleasant Creek has been removed to the township of Stawell.

GEO. VERDON,
Treasurer.

MARYBOROUGH MINING DISTRICT.

BYE-LAWS.—[26th October, 1860.]

At a meeting of the Mining Board of the Mining District of Maryborough, begun and holden at Maryborough, in the said district, on the 26th day of October, One thousand eight hundred and sixty, it is ordained by the said board as follows, that is to say:—

MARYBOROUGH MINING BOARD BYE-LAWS.

By an Act entitled *An Act for amending the laws relative to the Gold Fields*, 21 Victoria No. 32, it was enacted, that any person who shall infringe any lawful bye-law of any board shall, on conviction thereof, forfeit and pay for every such offence any sum not exceeding Ten pounds.

BYE-LAW I.

1. *Repealing clause.*—All bye-laws regulating mining operations now in force in the mining district of Maryborough shall be and are hereby repealed and rescinded, always saving the rights of all persons obtained previous to and held at the time of this bye-law coming into operation.

2. *Interpretation clause.*—In the construction and for the purposes of any of the bye-laws of this board, the following terms, if not inconsistent with the context or subject matter, shall have the respective meanings hereby assigned to them, that is to say:—The word "registrar," or the words "mining registrar," shall mean and be interpreted to mean the mining registrar of the division for which he shall have been appointed; and words importing the singular number shall include the plural number, and words importing the plural number shall include the singular number; words importing the masculine gender shall include females; the words "miner," "person," "claimholder," "shareholder," "party" shall mean and include his or her agent respectively; and for all the purposes of the bye-laws of this board any act done by an agent duly authorised shall be deemed to have been done by the person by whom he shall have been authorised to act.

BYE-LAW II.—RELATING TO MINING REGISTRARS.

1. *Divisions of the district.*—The mining district of Maryborough shall be divided into six divisions, and the boundaries of such divisions shall be the same as those specified in the *Government Gazette* of Friday, the 13th day of January, 1860, for the election of members of the mining board.

2. *Duties of mining registrars.*—It shall be the duty of the mining registrar appointed for each such division, under the provisions of an Act 24 Victoria No. 115, section 2, to keep his office in a convenient place in his division, and to keep it open during certain hours each day, that is to say, from Ten o'clock a.m. to Twelve o'clock noon, and to post outside of said office a notice to that effect; and such mining registrar shall also perform within his division all the several duties specified in the bye-laws of this board in reference to such mining registrar; and he shall keep a register book in the form of schedule A hereunto annexed, and shall register therein all transactions which under such bye-laws he shall be required to register, and shall furnish a monthly return of all such transactions in the first week of every month to the mining board, and shall also produce such register book when required by the mining board. The mining registrars may also prosecute in all cases of breaches of the bye-laws of this board coming under their notice.

3. *Powers of mining registrars.*—Any mining registrar shall have power within the division for which he is appointed to register in accordance with the bye-laws of this board. In all cases where an objection or complaint, as hereinafter mentioned, shall have been lodged to any registration, the registrar shall not register until such complaint or objection shall have been determined by the warden or the proper authority. And in all cases where an objection is lodged against any registration, the registrar shall not register until the decision of a warden has been obtained.

4. *Information to the public.*—Any person requiring any information from the transaction book of the mining registrar may obtain same on payment of One shilling, and it shall be the duty of the mining registrar to furnish such information.

5. The fees for registration to be paid to the mining registrar, and which he may demand, shall be as follow:—

	s.	d.
Under bye-law 3, sec. 7, each share	...	1 0
Under bye-law 6, sec. 10, each share	...	2 6
Under bye-law 7, sec. 4, each share	...	2 6
Under bye-law 8, sec. 4, each share	...	1 0
Under bye-law 9, sec. 4, each share	...	2 6
Under bye-law 9, sec. 10, each claim	...	5 0
Under bye-law 10, sec. 3, each share	...	2 6
Under bye-law 10, sec. 15, each claim	...	2 6
Under bye-law 11, sec. 2, each share	...	7 6
Under bye-law 12, sec. 4	...	2 6
Under bye-law 13, sec. 7	...	2 0
Under bye-law 13, sec. 16	...	5 0
Under bye-law 13, sec. 21	...	1 6
Under bye-law 13, sec. 22	...	2 6

BYE-LAW III.—RELATING TO PROSPECTING.

1. *Alluvial sinking.*—Any miner or party of miners discovering a new gold field not less than one mile distant from any other gold field shall be entitled to an area of ground 200 feet square on such new gold field. Any miner or party of miners discovering a lost lead or working which has been abandoned, or any miner or party of miners commencing and continuing to sink a shaft not less than 200 yards distant from the last shaft bottomed at the time such miner or miners commence to sink such shaft, shall be entitled to an area of ground of 100 feet square on such new gold field. Any miner or party of miners discovering a new gold field not less than three miles distant from any other gold field shall be entitled to an area of ground of 300 feet square on such new gold field.

2. *Prospecting claims.*—Any miner or party of miners discovering a new gold field not less than five miles from any other gold

No. 7.—JANUARY 15, 1861.—A

field shall be entitled to an area of ground 400 feet square on such new gold field; and any miner or party of miners prospecting and discovering a new gold field not less than fifteen miles from any other gold field shall be entitled to an area of ground 600 feet square on such new gold field.

3. *Wet alluvial sinking.*—Any prospecting party not exceeding eight striking water shall be entitled to a prospecting claim as follows:—For each miner forming such party 40 feet along the supposed course of the lead by a width of 300 feet, provided the ground has not been previously taken up and then occupied.

4. *Quartz reefs.*—Any miner or party of miners commencing to prospect a quartz reef, or taking up a previously worked and abandoned quartz reef, shall be entitled to 150 feet along the course of any such reef, if it be defined, or the supposed course thereof, by a width of 300 feet; 150 feet on each side from the centre of such reef, if it be defined, or the supposed centre thereof; and any miner or party of miners marking out a claim on any quartz reef at least 300 yards ahead of the last quartz reef claim obtaining payable gold, and commencing and continuing to sink a shaft or shafts on same, shall be entitled to a like area, and the owner or owners thereof respectively shall be entitled to every vein and leader and all alluvial deposits within such limits.

5. *Encouragement to prospect.*—To encourage and facilitate the prospecting of quartz reefs, it shall be lawful for any number of miners, not less than four nor exceeding twenty, to combine for the purpose of sinking a prospecting shaft or shafts in common. A list of the names of the miners forming such party, and a description of the locality where it is intended to prospect, shall be sent to the mining registrar at the time of their commencing to work, and a copy of such list shall be kept posted on a conspicuous part of the claim. The extent of claim for such party shall be at the rate of 25 feet in length by the width of 300 feet for every miner forming such party, with 150 feet added to such length, and of a like width of 300 feet for prospecting. Such party may employ only as many of their number as are necessary to sink such shaft or shafts, or otherwise to prospect the ground; provided that if they discover a payable quartz reef they shall employ, within two months after such discovery, the full number of miners forming such party.

6. *Quartz reefs.*—Any miner or party of miners discovering any new quartz reef not less than five miles distant from any other gold field shall be entitled to 300 feet along the course of such reef, if it be defined, or the supposed course thereof, by a width of 300 feet; 150 feet on each side from the centre of such reef, if it be defined, or the supposed centre thereof; and any miner or party of miners discovering any new quartz reef not less than fifteen miles distant from any other gold field shall be entitled to 400 feet along the course of such reef, if it be defined, or the supposed course thereof, by a width of 300 feet; 150 feet on each side from the centre of the reef, if it be defined, or the supposed centre thereof.

7. *Taking possession of prospect claims.*—All prospecting claims shall be marked by pegs in the manner by these bye-laws set forth for the marking of alluvial claims or quartz claims, as the case may be, by the miner or party of miners, at the time of his or their commencing to work the ground, and such marking and working shall be deemed a good and sufficient title to such claim until gold has been discovered in the claim, on the discovery whereof the miner or party of miners making such discovery shall, with as little delay as possible, give information thereof to the mining registrar, and thereupon apply for registration of such prospecting claim, upon which the mining registrar shall register such miner or party of miners therefor, and give a certificate of registration in the form of schedule B hereunto annexed, a copy of which shall, as soon after as possible, be posted on the claim, and continue so posted until same shall be abandoned. The mining registrar shall also keep a list or schedule of all such prospecting claims so registered posted outside of his office for at least one week from the day of such registration.

8. *Information to adjoining claimholders.*—The occupier or occupiers of prospecting claims shall at all times, on the application of the occupier or occupiers of adjoining claims, give the utmost information in his or their power to such occupier or occupiers as to the course of the gold and the quantity he or they have obtained or are obtaining from such claim. The non-compliance herewith shall be deemed a breach of this section of the bye-law.

BYE-LAW IV.—RELATING TO DRY ALLUVIAL SINKING.

1. *Extent of claim in new ground.*—The extent of claim in new ground shall be, for—

One miner, 28 feet square;
Two miners, 40 feet square.

2. *Marking claim.*—Any miner or miners marking out a claim shall evidence his or their boundary by firmly driving in a substantial peg at each corner of the claim, to be kept visible during the working of the claim.

3. *The wall.*—A wall of two feet shall be left between adjoining claims by the miner or miners last marking out, which said wall may be worked by either of the adjoining parties, but the miner or miners working or removing the said wall must place good and sufficient props and sole pieces not more than three feet apart along the entire length of the wall so worked or removed. Where vacant ground exceeding the wall of two feet shall have been left between adjoining claims, any miner or miners wanting a claim may take possession of such vacant ground and wall without let or hindrance from adjoining claimholders.

4. *Marking more ground.*—Where any miner or miners has or have marked more ground than he or they are entitled to, any other miner or miners may mark off such ground on any side of the claim, and the miner or miners having marked too much ground shall not be entitled to a wall on the side taken from him or them.

5. *Shepherding.*—All claimholders must be present on his or their claim every lawful day (after that on which the claim was

taken possession of) two consecutive hours between Nine o'clock a.m. and Twelve o'clock at noon, until the shaft thereon has been bottomed. Any miner or miners not complying herewith shall be deemed to have forfeited his or their claim or share, unless in case of dispute he or they can justify such absence under the bye-laws of this board.

6. *Extent of claim in old ground.*—The extent of claim in dry sinking in ground previously worked and abandoned shall be, for—

One miner, 50 feet square;

Two miners, 72 feet square.

7. *Forfeiture.*—Any miner or miners being absent from his or their claim after the shaft thereon has been bottomed, and during the working thereof, for a longer period than forty-eight hours, his or their share or shares shall be deemed forfeited, unless in case of dispute he or they can justify such absence under the bye-laws of this board.

8. *Claims flooded by storm water.*—In the event of any lead in dry alluvial workings becoming flooded by means of a fall of rain or storm water, then and in such case the miner or miners holding a claim or claims, or a share or shares in any claim or claims, on such lead, shall bale his or their claim or claims every lawful day until such claim or claims are cleared of such water. The non-compliance with this section shall be deemed a forfeiture of the claim.

BYE-LAW V.—RELATING TO WET ALLUVIAL SINKING.

1. *Wet sinking.*—The term wet sinking shall mean sinking where slabbing may be necessary on account of water, provided that in no case shall surface water cause any claim to be considered wet sinking.

2. *Extent of claim in wet sinking.*—The extent of claim in wet sinking shall be for four miners 80 feet square.

3. *Claim, how to be marked.*—Any miner or miners marking out a claim in wet alluvial sinking shall evidence his or their boundary by firmly driving in a substantial peg at each corner of the claim; such pegs to be kept visible during the working of the claim.

4. *The wall.*—A wall of four feet shall be left between each claim by the miner or miners last marking out, which said wall may be worked by either of the adjoining parties, but the party working or removing said wall must secure the ground by placing props with good and sufficient caps and sole pieces not more than three feet apart along the entire length of the wall so worked or removed.

5. *Wet sinkings, how to be worked.*—All claimholders, within six claims in every direction of the last shaft which has struck water, shall sink their shaft all and every lawful day until the well is completed, and shall bale the water from their shaft for at least eight hours daily till it be exhausted; and it shall be competent for not less than one-half of the claimholders to fix the minimum capacity of the bucket or other vessel used in such water baling. Beyond the limits mentioned, that is to say, beyond six claims in every direction from the last shaft which has struck water, the claimholders shall be allowed to hold their claim unworked, provided they are all present on the claim during two consecutive hours between Nine o'clock a.m. and Twelve o'clock at noon on every lawful day, unless they can justify their absence under the bye-laws of this board. The non-compliance with this section shall be deemed a forfeiture of the right to the claim.

6. *Night work.*—Whenever the majority of the holders of claims which may have struck water shall decide night and day baling to be necessary, all parties who have struck water shall bale such water all and every day and night till it be exhausted, and it shall be competent for the majority of claimholders as aforesaid to fix the minimum capacity of the bucket or other vessel used in such water baling; and the claim of the party not complying with this section shall be deemed forfeited.

7. *Extent of claim in old ground, wet sinking.*—The extent of claim in wet sinking in ground previously worked and abandoned shall be for four miners 200 feet square.

8. *Drawing slabs from abandoned shafts.*—Any person or persons drawing slabs from an abandoned shaft where there is drift or any other strata from whence water proceeds, must immediately fill up such shaft to a sufficient height to prevent the water flooding adjoining claims.

9. *Forfeited shares.*—Any miner or party of miners being absent from his or their claim after the shaft thereon has been bottomed, and during the working of such claim, a longer period than 48 hours, his or their share or shares shall be deemed to have been forfeited, unless in case of dispute he or they can justify such absence under these bye-laws.

10. *Beds of creeks or rivers.*—The extent of claim in the beds of creeks or rivers shall be for each miner 12 yards along the course of said creek or river; but no claim shall be more than 144 yards along the course of the said creek or river, by a breadth not exceeding 23 yards.

11. *Extent of claim for steam machinery in new ground, wet sinking.*—Where wet sinking (new ground) cannot be worked without the aid of steam machinery, any party erecting such machinery shall be entitled to an area of 84 feet square of ground to each miner forming the party, such block of ground not to exceed 3 acres.

BYE-LAW VI.—RELATING TO QUARTZ REEFS.

1. *Extent of claim.*—Every miner shall be entitled to 25 feet along the course of the reef, if it be defined, and if not along the supposed course thereof, by a width of 300 feet; 150 feet on each side from the centre of the reef, if it be defined, or if not defined the supposed centre thereof; but no ordinary claim shall be more than 100 feet in length, and the owner or owners shall be entitled to every vein and leader as well as all alluvial deposits within such limits.

2. *Boundary.*—The boundary of any claim shall be defined by a line drawn at right angles with such course or supposed course of the reefs.

3. *Marking claim.*—Any miner or miners marking a claim on a quartz reef shall do so by fixing two posts, one at each end of the claim, on such course or supposed course of the reef; such posts to stand at least three feet above the surface, and to be kept visible during the working of the claim.

4. *The wall.*—A wall of five feet shall be left between adjoining claims by the party last marking out; and when any miner or party of miners shall have neglected to leave the proper space for the wall, the necessary length may be deducted from the last claim marked, and assigned as a wall between such claim and the claim previously marked. The wall to be the common property of the claimholders between whose claims such wall may be situate, and no miner or miners shall take down, mine into, or remove any such wall without obtaining the consent in writing thereto of the owner or owners of adjoining claims.

5. *Marking more ground.*—Where any miner or miners has or have marked more ground than he or they are entitled to, any other miner or miners may mark off such ground on any side of the claim, and the miner or miners having marked too much ground shall not be entitled to a wall on the side taken from him or them.

6. *Water baling and night work.*—Whenever the majority of the holders of claims which may have struck water shall decide night and day baling to be necessary, all parties who have struck water shall bale such water all and every day and night till it be exhausted; and it shall be competent for the majority of claimholders as aforesaid to fix the minimum capacity of the bucket or other vessel used in such water baling, and the share or shares of any such miner or miners not complying with the provisions of this section shall be deemed forfeited.

7. *Pumping by steam.*—When water baling by hand in any quartz reef is found to be very expensive and inefficient, and that steam or other machinery is desirable, any eight shareholders on such reef may call a meeting of shareholders thereon, to take into consideration the propriety of obtaining such machinery; notice of such meeting to be inserted in some newspaper published nearest to such reef at least fourteen days before the day appointed therefor. The meeting being duly constituted, with chairman and secretary, the subject shall be fully discussed, and on a motion to the effect that such machinery is requisite being carried by at least three-fourths of the shareholders on said reef, the majority shall attach their signatures to such motion, and the dissentients (if any) shall be bound by the arrangements of the majority to the extent of paying their share of the expense of working said machinery: Provided always that the agreement entered into between the majority of shareholders as aforesaid, and the owner or owners of the machine or engine, shall be to the following or like effect, that is to say—The engine shall be erected at the sole expense of the owner or owners, who in consideration thereof shall be entitled to receive from each claim such proportion of the gold obtained therefrom below the water line, by means of and through the agency of the said engine or machine, as shall have been agreed upon at the commencement of the undertaking between the said parties. A copy of said agreement shall, as soon as completed, be in all cases lodged with the mining registrar.

8. *Claims, how to be worked.*—Any claim of 100 feet held by four miners must be worked regularly every working day by at least two of the party, until payable quartz is found, when the full number of miners shall be employed in the claim.

9. *Names of shareholders must be kept posted.*—The names of the shareholders must always be kept posted on some conspicuous part of the claim.

10. *Registration.*—Any quartz claim may be held unworked for a period of three months if registered with the mining registrar, and subject to the conditions as hereinafter provided. The mining registrar shall give a certificate of registration in the form of schedule C hereunto annexed, a copy of which shall be kept posted on the claim. Such registration may be once renewed for a second period of three months. But in no case shall any quartz claim be protected by registration, or be allowed to remain unworked for a longer period than six months under these bye-laws.

11. *Conditions.*—The reasons for which a claim may be registered shall be as follow:—

(a.) Any ordinary claim having been worked for at least three months. Any prospecting claim having been worked for at least six months. Any amalgamated claim having been worked for at least twelve months by the party wishing to register, no payable quartz being obtained for at least one month previous.

(b.) Sickness.

(c.) Any claim which is sunk and worked to the water, the party being unable to overcome the same, the adjoining claims not being down to water.

(d.) Any claim, the holders of which intend to procure steam machinery for quartz crushing or water baling during the term of registration.

And for no other reason shall any claim be registered; and any miner or miners assigning any of the reasons abovenamed, such not being true, or not performing the same, shall not be protected in the possession of such claim by such registration. An application for such registration, or renewal thereof, shall be made to the mining registrar in writing, a copy of which shall be posted on some conspicuous part of the claim, and also at the registrar's office, for at least seven days previous to such registration or renewal thereof.

12. *Shareholders of registered claims.*—The shareholders in registered claims may employ themselves elsewhere during the time of registration.

13. *Claims remaining unworked.*—Any unregistered claim which may have been worked for a less period than three months remaining unworked for three clear working days shall be deemed abandoned. Any unregistered claim which may have been worked for a longer period than three months remaining unworked for six clear working days shall be deemed abandoned. Any unregistered claim which may have been

worked for a longer period than six months remaining unworked for nine clear working days shall be deemed abandoned. Any unregistered claim which may have been worked for a longer period than twelve months remaining unworked for twelve clear working days shall be deemed abandoned.

14. *Tunnelling.*—Any miner, or party of miners, wishing to cut a tunnel for a quartz reef, shall be allowed 20 feet in breadth as a protection for their tunnel, for any necessary distance outside the parallel boundary of their quartz claim not exceeding 200 yards, and also a space of 60 feet square at the mouth of the tunnel, on which to deposit quartz or other substances taken from such tunnel or claim; and if payable quartz is struck in the tunnel outside the claim, the holders of such claim shall be entitled to a prospecting claim, of the area and under the conditions as in section 3 of bye-law 3, provided same be not previously occupied.

BYE-LAW VII.—RELATING TO FRONTAGE SYSTEM.

1. *Interpretation.*—Frontage system shall mean a width of claim of 400 yards until the lead or gutter is defined, or until gold in payable quantities is discovered, when the width shall be in accordance with section 5 of this bye-law.

2. *Declaration of frontage lead.*—It shall be competent for the mining registrar, on the application in writing of twenty miners working on any lead or workings, to proceed to such leads or workings seven days after receiving such application, hear all the evidence that may be offered, and on his finding that the majority of miners working on such lead or workings are in favor of such application, to declare the same under the frontage system: Provided that a copy of such application shall have been posted seven days in some conspicuous part of such lead or workings, and also at the mining registrar's office, previous to the mining registrar proceeding to such lead or working as aforesaid.

3. *Claims to be laid out by registrar.*—After the declaration of any frontage lead, claims shall be laid off, or caused to be laid off, by the mining registrar; and the mining registrar may also receive applications for claims or shares on such lead, and every such application shall be registered in a book to be kept for that purpose, under the date and hour upon which such application is made: The claims shall be numbered consecutively, and priority of right to any claim or share in any claim shall be according to the priority of registration.

4. *Certificate of registration.*—A certificate of registration shall be given by the mining registrar to every miner registered for a share in any claim on a frontage lead, in the form of schedule B hereunto annexed.

5. *Extent and position of claim.*—The extent of ground for every six miners shall be 200 feet along the course or supposed course of the lead with a width of 400 yards until such gutter or lead is defined, or until gold in payable quantities is discovered, and when the gutter shall be defined, then the party shall have full width of the same with an additional 50 feet on each side thereof; but should there be no gutter, then the party shall be entitled to hold 200 feet in width, to be marked off at right angles from the point where gold in payable quantities was first obtained. A wall of six feet shall be left between adjoining claims, and may be worked by either adjoining parties, such party who may take out the wall or any portion of it must secure the ground with props, caps, and sole pieces not more than three feet apart.

6. *Mode of taking possession.*—Every miner wishing to take up a share in any frontage claim shall first apply to the mining registrar to be registered for such share, and the mining registrar shall inform every person so registered of the number of the claim for which he is registered, and within four days after the necessary number of shares have been registered for any claim, the owners of the same shall commence to sink their shaft, and continue to do so all and every lawful day; and when such parties shall strike water, they shall, if necessary, sink their shaft all and every day and night until their well is complete, after which they shall continue to bale the water all and every day and night until the claim is abandoned, except in cases of erection or breakage of machinery, such machinery and breakage, as the case may be, to be erected and repaired without delay; and it shall be competent for not less than half the number of claimholders on said lead to fix the minimum capacity of the bucket used for such water baling. The non-compliance with this section shall be deemed a forfeiture of the claim or share therein.

7. *Names of claimholders shall be posted.*—As soon as any party or company shall have legal possession of their claims, such party or company shall post the names in full of each shareholder therein on some conspicuous part of their claim, and the names of the shareholders of such party or company must continue to be posted and kept legible until the claim is abandoned.

8. *Discovering lead, or gutter, or payable ground.*—As soon as the gutter, lead, or payable ground is discovered in any claim, the shareholders must forthwith report the same to the mining registrar, who shall thereupon proceed to the ground and mark off, or cause to be marked off, the claims in accordance with section 5 of this bye-law.

9. *Position of claims in case of deviation of lead.*—In cases where the gutter or lead changes its course from the original supposed one, the position of the claims shall be changed accordingly, taking precedence as before according to their number.

10. *Absence from claim.*—Any miner or miners being absent from his or their claim for more than four working days, unless from illness or other unavoidable cause under these bye-laws, the share of such absentee or absentees shall be forfeited, unless he or they shall have sent a proper representative to work his or their share during his or their absence.

11. *Forfeiture of shares.*—In case the interest held by any shareholder shall be forfeited, such forfeiture shall only include the portion of the claim then the legal property of the person incurring such forfeiture; but if the other shareholders in the claim have been to any expense or loss in consequence of neglect of such absentee whose interest has become forfeited, such loss

must be made good to the shareholders by the person to whom such forfeited share is transferred.

12. *Stoppage and re-opening of registration.*—When it shall appear to the mining registrar that two or more leads are likely to form a junction, he shall post on his office a notice in the form of schedule E hereunto annexed; and after the posting of such notice he shall refuse to register any person for any claim upon any of the leads upon which the registration has been so stopped; but if at any time after having stopped the registration upon any lead as aforesaid, the mining registrar shall find that any unoccupied ground exists between the point at which the registration was stopped and the point at which the leads join, he shall post on his office, and on such ground, notices in the form of schedule F hereunto annexed, stating that at a certain day and hour he will register applicants for shares or claims upon the aforesaid unoccupied portion of the said lead.

13. *Declaration of frontage lead may be rescinded.*—At any time that the majority of miners working at any frontage lead may think it expedient to have the frontage system rescinded on such lead, and it being apparent to the mining registrar that such is the opinion of the majority, he may declare the frontage system to have ceased on such lead: Provided that such declaration shall not interfere with any parties being in possession of any frontage claim in accordance with this bye-law. The frontage system shall further cease on any lead which has been deserted or abandoned for one month.

BYE-LAW VIII.—RELATING TO AMALGAMATION OF CLAIMS.

1. *Interpretation.*—An amalgamated claim shall mean a number of ordinary claims, limited as hereinafter mentioned, the owners whereof have combined to facilitate the working thereof and sharing the proceeds of same.

2. *Alluvial sinking and quartz reefs.*—Any number of claims in wet alluvial ground or quartz reefs not exceeding six claims, the holders of which wishing to amalgamate may do so on applying to the mining registrar. A notice of the intention to apply for such amalgamation in the form of schedule G hereunto annexed shall be posted on some conspicuous part of the claims, and also at the mining registrar's office, for at least seven days previous to the amalgamation thereof, and any objections to such amalgamation shall be made in writing, stating the objections and the name or names of the miner or miners objecting; such objection shall be made and lodged with the mining registrar within the abovementioned seven days.

3. *Dry alluvial sinking.*—Any number of claims not exceeding four, the holders of which wishing to amalgamate may do so by applying and posting a notice as in the next preceding section set forth, such notice to contain also a plan of the ground so intended to be amalgamated, the names of the shareholders so applying, and the number and date of their miners' rights, subject to be objected to as in said section also stated.

4. *Certificate.*—A certificate of registration of amalgamation, in the form of schedule B hereunto annexed, shall be given by the mining registrar in case of registration, a copy of which shall be kept posted on a conspicuous part of the claim during the working thereof.

5. *Employment of shareholders in quartz reefs.*—During the sinking of any shaft or shafts on amalgamated quartz claims by virtue of such amalgamation, the shareholders therein shall be at liberty to employ only as many of their number as are necessary to sink such shaft or shafts, or otherwise prospect said claim: Provided that within two months after discovering payable quartz the full number of miners forming such amalgamated party shall be employed on the claim.

6. *Employment of shareholders in amalgamated alluvial claims.*—During the sinking of a shaft or shafts on amalgamated alluvial claims, the shareholders therein shall be at liberty to employ only as many of their number as are necessary to bottom their shaft or shafts: Provided that within six days after discovering payable gold the full number of miners forming such amalgamated party shall be employed on the claim.

BYE-LAW IX.—RELATING TO RACES OR WATERCOURSES.

1. *Races or watercourses.*—Any miner or miners desirous of securing water for mining purposes from any river, creek, or other source which may be lawfully diverted, by constructing a race or watercourse, may do so by virtue of his or their miner's rights on registering such water privilege with the mining registrar, and subject to the conditions as hereinafter provided.

2. *Conditions.*—A notice, in the form of schedule G hereunto annexed, shall be posted on some conspicuous part of the place where it is intended to divert the water, and also at the mining registrar's office, for a period of fourteen days previous to the registration thereof. A plan particularising the exact place whence such diversion is to be made, giving the bearings and distances of the proposed course, also showing any place of note or private property, within a quarter of a mile of such watercourse or race, shall be lodged with the mining registrar and filed by him in his office for future reference.

3. *Objections.*—Any objection to the registration of such water privilege shall be made in writing to the mining registrar, stating the nature of the objection, and the names of the person or persons objecting, and any such objection shall be made within the abovenamed fourteen days.

4. *Certificate.*—A certificate of registration in the form of schedule B, hereunto annexed, shall be given by the mining registrar in case of registration, to the applicants.

5. *Priority of water right.*—The right to any water shall take precedence according to the date of registration, and if at any time the supply of water shall become insufficient, the party or company being last registered shall cease to enjoy such right during such deficiency of water as against any antecedent registration.

6. *Water gauge.*—All races or watercourses shall have placed at the head of the race, at the place from where the water is diverted, a box for purpose of gauging or measuring the quantity of water flowing into the race or watercourse, such gauge box to be 12 feet long, with a fall of half an inch to the foot, and the

gauge or measurement which shall be considered a sluice-head shall be such a quantity of water as will pass through an aperture at the top end of the abovenamed gauge box of 20 inches wide and 3 inches deep, or 60 square inches.

7. *Quantity of water allowed to each race.*—The quantity of water or number of sluice-heads for any race or watercourse shall be in proportion to the number of miners forming the party or company constructing or being in possession of any race, at the following scale, that is to say:—

One or two miners	One sluice-head of water
Four miners	Two sluice-heads of water
Seven miners	Three sluice-heads of water

And so on at the rate of one sluice-head to every additional three miners.

8. *Protection to water-races.*—Any miner or miners holding a duly registered race or watercourse shall be protected against any other race or watercourse being made within twenty feet on either side of their race or watercourse, except in such cases as would prevent another race or watercourse passing through the district, in which case a race may be cut or constructed at any distance from another, provided it shall not injure the banks or in any way inconvenience the working of the first cut race. Any such miner or miners holding a duly registered race or watercourse shall also be protected against any other person occupying the ground within 20 feet of either side of the same for any other purpose.

9. *Extent of sluicing claim.*—The extent of mining claims for sluicing purposes in new surfacing or ground previously worked and abandoned shall be 120 yards in length by a breadth of 60 yards, provided that five miners are constantly employed on the same; and any such claim not being registered, as next hereinafter mentioned, or being left unworked by such five miners for a period exceeding six days shall be deemed abandoned.

10. *Registration.*—All mining claims for sluicing purposes may be held unworked for any time during which there may be an insufficient supply of water, if registered with the mining registrar, who shall on registering the same give a certificate of such registration in the form of schedule B hereunto annexed, a copy of which shall be kept posted on the claim during such registration.

BYE-LAW X.—RELATING TO PUDDLING MACHINES, WATERDAMS, ETC.

1. *Puddling machines, waterdams, &c.*—Any miner or miners wishing to erect puddling machines, waterdams, quartz crushing machines, may do so on registering the same with the mining registrar, subject to the conditions as hereinafter provided.

2. *Conditions.*—A notice of the intention to register any such puddling machine, waterdam, quartz crushing machine, or any other machine or engine, shall be posted on a conspicuous part of the claim where it is intended to erect or construct any of the abovenamed machines or dams, and also at the mining registrar's office, in the form of schedule G hereunto annexed, for at least seven days previous to the registration thereof; and any objections to such registration shall be made to the mining registrar in writing, stating the nature of the objection, with the names of the person or persons objecting; and any such objection must be made within the abovenamed seven days.

3. *Certificate.*—A certificate of registration in the form of schedule B hereunto annexed shall be given by the mining registrar in case of registration.

4. *Excavation of waterdams.*—Any miner or miners constructing a waterdam shall on the higher side of such dam excavate to the bed rock, provided that such rock shall not be more than 10 feet from the surface; and if in excavating for the bed rock gold in payable quantities should be found, the miner or miners so finding the same shall within three days give information thereof to the mining registrar, and upon doing so shall be entitled to a prospecting claim. Should any party so excavating strike gold in payable quantities, and not make the discovery known as aforesaid, he or they shall forfeit all right to his or their waterdam.

5. *Disposing of sludge.*—Parties working puddling machines or sluices shall, in all cases, prevent their sludge from running into old workings and waterholes used for domestic purposes, and shall dispose of such sludge in such way as the mining registrar may direct.

6. *Roads to be bridged.*—When it may be found necessary to make a sludge or water drain across any road or thoroughfare, the party making such drain shall construct a substantial bridge over such drain across the road, which bridge shall be kept in repair by the owner of the drain.

7. *Protection to drains.*—When any miner or miners shall for his or their convenience or advantage make any water or sludge drain under or over any other drain previously made, he or they shall also provide a good and proper trough-bridge for the conveyance of water or sludge, as the case may be, across the drain beneath; and such trough-bridge shall be kept always clear and properly secure from leakage. And in no case shall any person make any water drain upon drainage ground already claimed by or assigned to others, or cut across or divert any drain previously existing and owned by any other miner or miners, with a view of appropriating to himself or themselves a portion of such drainage water, unless the consent of the owner or owners has been first obtained, in writing, for that purpose.

8. *Further protection of drains.*—No person shall on any pretence whatever dig upon or into, or divert, or undermine any drain, or cast into any sludge or waterchannel anything which may tend to stop up any such sludge or waterchannel, whether the same shall be a private or public channel, unless the neighbors or any other miner or miners working in the adjoining ground, and who may be liable to be damaged thereby, shall have previously consented to such being done.

9. *Area for site of puddling machine.*—The area for the site of any horse puddling machine shall be 100 feet square.

10. *Area for site of waterdam for puddling machine.*—The area for the site of any waterdam for use of puddling machines shall not exceed 70 x 70 yards, or 4900 superficial yards.

11. *Area for site of waterdams.*—The area for the site of any

waterdam for use of toms, tub and cradle washing, and domestic purposes, shall be determined in every instance by the mining registrar, but shall in no case exceed the superficial area of 100,000 square yards.

12. *Protection to waterdams.*—Any miner or miners having erected a waterdam, in compliance with this bye-law, shall be protected against any other miner or miners using any water therefrom (domestic purposes excepted); and no person or persons shall be allowed to take water from such dam for the purpose of sale, except the owner or owners thereof, or by his or their authority in writing.

13. *Extent of claim for puddling.*—The extent of mining claim for puddling machines shall be for each miner, in old surfacing and previously worked and abandoned ground, 30 yards in length and not exceeding 20 yards in breadth for every miner employed not exceeding four; and every such claim not being registered as hereinafter mentioned, and being left unworked for a period of six days by the holder or any of the holders thereof, the same or the part thereof of the party so leaving same unworked shall be deemed abandoned.

14. *Area of site for quartz crushing machines.*—The area of ground for a site of any quartz crushing machine shall not be more than three acres, and the owner or owners of such machine shall be protected in the possession of such ground, except if required for mining upon; but, if required for such purpose, the owner or owners of such machine shall be protected against actual loss or serious inconvenience. The owners of such quartz crushing machine shall be further protected in the possession of any waterhole on which such machine may be situated and from which it receives its supply of water.

15. *Registration.*—All mining claims for puddling may be held unworked for any time that there may be an insufficiency of water, if registered by the mining registrar, who shall on registering the same, give a certificate, in the form of schedule B hereunto annexed, a copy of which shall be kept posted on the claim during the time of such registration.

16. *Forfeiture of waterdams, &c.*—All waterdams and sites of puddling machines, if left unused for a period of two months, shall be deemed abandoned and forfeited; provided a sufficient supply of water has been in such dam to enable the mining operations for which same were constructed to be carried on during such period of two months.

BYE-LAW XI.—RELATING TO BUSINESS LICENSES.

1. *Area of ground under business license.*—The holder of a business license shall be entitled to an allotment of ground having a frontage of 45 feet by a depth of 120 feet.

2. *Streets.*—Wherever a large rush may be anticipated, the mining registrar shall mark off, or cause to be marked off, a site for a street or streets in a convenient situation, but not likely to be auriferous, such streets to be one chain wide, and shall mark the allotments for business places along such street or streets; and after such site has been marked off it shall be reserved for holders of business licenses only; and no holder of a miner's right shall be allowed to occupy any of such allotments for the purpose of residence except such as had erected their abodes previous to the marking off of same as aforesaid; and to entitle any holder of a business license to occupy any of such allotments for business purposes, he shall first cause same to be registered by the mining registrar, who shall give a certificate of such registration in or to the effect of the form of schedule B hereunto annexed.

3. *Space to be left between allotments.*—A space of 10 feet shall be left between adjoining allotments available for mining purposes, and the stores and premises may be undetermined; provided that such undermining does not injure or endanger such stores or premises.

BYE-LAW XII.—RELATING TO REGISTERED EXTENDED CLAIMS.

1. *Extended claims.*—Any party of miners may, by virtue of their miner's right, mark off and take possession of extended claims in previously worked and abandoned ground or quartz reefs, subject to the conditions as hereinafter provided.

2. *Conditions.*—Every such extended claim shall be registered with the mining registrar, and a notice of the intention to apply for such registration shall be posted on some conspicuous part of the claim, and also at the mining registrar's office, in the form of schedule G hereunto annexed, for at least seven days previous to the registration thereof; and any objection to such registration shall be made in writing to the mining registrar, stating the nature of the objection, with the names of the person or persons objecting, and any such objection must be made within the abovenamed seven days.

3. *Further condition.*—Before any party shall be registered for any extended claim they shall show to the satisfaction of the mining registrar that they will work the ground efficiently with machinery.

4. *Certificate.*—A certificate of registration, in the form of schedule B hereunto annexed, shall be given by the mining registrar in case of registration, a copy of which shall be kept posted on the claim.

5. *Old ground, dry alluvial sinking.*—An area of not more than six acres in dry alluvial sinking, previously worked and abandoned, may be occupied by any party of not less than four miners to each acre.

6. *Old ground, wet alluvial sinking.*—An area of not more than twelve acres of ground in wet alluvial sinking, previously worked and abandoned, may be occupied by any party of not less than three miners to each acre.

7. *Quartz reefs.*—In quartz reefs, previously worked and abandoned, the area which may be occupied by each miner shall be 50 feet along the course of the reef, by a width of 300 feet, such claim not to exceed 600 feet in length by a like width of 300 feet, with all the veins and leaders, as well as all alluvial deposits within such limits.

8. *Form of claim.*—Claims in alluvial ground must be taken in rectangular blocks, not exceeding in length three times their width.

BYE-LAW XIII.—RELATING TO MINING IN GENERAL.

1. *Justifiable absence from claim.*—No miner or miners shall forfeit his or their share or shares by being absent through accident or sickness, or in consequence of attendance on any sick person, a court of justice, or mining board, and miners may be further absent from their claims without forfeiting their shares on the following days:—Good Friday to Easter Tuesday inclusive, Christmas Day to the 3rd day of January inclusive, and all other public holidays.

2. *Injury to shafts.*—No party shall be allowed to remove the pipeclay or any other substance from the top of any shaft, without leaving an embankment around the mouth of the same sufficient to prevent the water running into such shaft, neither shall any party be allowed to cut a drain into any shaft whereby another may be injured.

3. *Waterholes for domestic use.*—Where any miner or miners find that a waterhole is necessary for domestic purposes, he or they may enclose the same for such purposes only, but to be open to the use of the public.

4. *Plurality of claims.*—It shall be lawful for any miner or miners to hold, by virtue of his or their miners' right, one or more claim or claims, or share or shares in any claim; provided the required number of miners are employed to represent such claim or claims, or share or shares.

5. *Ground to be secured with props.*—Any miner or miners working any claim in alluvial sinking must secure the ground by placing good and sufficient props, with good and sufficient caps and sole pieces, not more than six feet apart, throughout the whole extent of ground so worked and removed.

6. *Measurement of disputed ground.*—In all cases where the right to certain ground forms matter of dispute between miners, each claim shall be measured from the boundary pegs opposite to the side of the claim in dispute, and no party shall be protected from encroachment unless the boundary pegs shall have been kept visible during the working of the claim.

7. *Transfer.*—When the holder of any registered share or shares, claim or claims, or of any interest therein respectively, or any part thereof, intends to transfer such claim or interest, to another miner, such transfer shall be made in the form of schedule H hereunto annexed; and immediately upon such transfer being made, he shall inform the mining registrar thereof, who shall enter in his register book a memorandum of same; and if such claim or interest therein be only in part transferred, a memorandum shall be made in the original certificate of registration, and also in the registrar's said book, stating the portion which has been transferred.

8. *Inspection of claims.*—Every claimholder shall, upon a written authority from the warden, allow any miner, mining registrar, or surveyor to enter into and upon his claim, for the purpose of measuring the depth of any shaft or the dip, direction, inclination, or length of any tunnel or drive, but such inspection shall only be made during ordinary working hours, and in the presence of one or more of the owners of the claim under examination.

9. *How to take possession of any claim.*—Any miner or miners considering himself or themselves justified in taking possession of any claim, water right, or any other easement or share therein respectively, may do so provided that no other person is then in the possession or occupation thereof respectively; and in the event of such miner or miners so taking such possession, and any other miner or miners disputing his or their right thereto, the miner or miners so disputing shall apply to the warden upon the subject.

10. *Boundary pegs and notices.*—No person shall remove, destroy, or cover any pegs marking the boundary of any claim, and no person shall efface, remove, or destroy any notice posted on any claim.

11. *Willfully cutting channels.*—No person or persons shall wilfully cut a channel so as to cause the escape of water from any dam that is being used by any miner or miners.

12. *Persons without miners' rights.*—In no case shall a person without a miner's right, and being a shareholder in any portion of ground assigned as a claim, cause by such non-possession of a miner's right the forfeiture of the share or shares of the party or company in which such person shall be a shareholder.

13. *Land to be occupied for residence.*—Every holder of a miner's right shall be entitled to hold 20 perches, or 73 feet square of land, for the purpose of residence and cultivation, and shall be protected in the possession thereof against any other party, but then only if a lead or working has been traced to within 100 yards of such land. In no case shall any person take up such allotment of land in old alluvial working in the line of any lead or working.

14. *Payable gold.*—Payable ground or quartz shall be understood to mean such auriferous ground or quartz as will yield to every miner working such quartz or ground the current rate of wages in the locality.

15. *Blasting.*—Any party blasting through rock or any other substance shall cover their shaft so as to prevent any pieces from being thrown up into the air.

16. *Mortgages on claims.*—The mortgagee of any claim or share in a claim, whether quartz or alluvial, shall, by registering his interest in such claim with the mining registrar, be thereby protected from the consequences of any neglect or omission committed by the mortgagor or his agent in contravention of any of the bye-laws enacted by this board, and shall not be deemed or held to have relinquished, forfeited, or lost his claim or lien upon the mining claim of the mortgagor through or by such his the mortgagor's neglect; provided always that seven days after due notice to the mortgagee his interest be duly represented in conformity with these bye-laws. A certificate of registration shall be given by the mining registrar in the form of schedule B hereunto annexed.

17. *Claims belonging to deceased individuals.*—When any number of miners shall be in possession of any claim as co-partners, and one or more of such miners shall die, the surviving partners shall be entitled to hold possession of the share or shares of such deceased miner or miners as against every

other person or persons, but without prejudice to the rights of the executor or personal representatives of such deceased by agreement or by law against the surviving partners.

18. *Protection to parties applying for ground.*—Any miner or miners posting any authorised notice or marking off any ground to be applied for under these bye-laws shall be deemed in possession of the same from the time of marking or posting such notice till the application is disposed of; provided that no other miner or miners be then in the possession or occupation of such ground.

19. *Old ground.*—Old ground, or ground previously worked and abandoned shall mean only such ground on which a number of shafts has been sunk, and which for the greater part has been undermined or otherwise worked out.

20. *Non-forfeiture.*—Notwithstanding anything contained in these bye-laws, it shall not be deemed a forfeiture of any claim or share in any claim if any miner or party of miners shall be absent from his or their claim or share whilst engaged in the extraction of gold from any substance whatever raised from such claim, or procuring timber for the necessary working thereof; provided always that there be no water in such claim likely to be injurious to the adjoining claim or claims; nor shall it be deemed a forfeiture if any party be necessarily employed in erecting a whim or other machinery for water baling if, during the time he shall be so employed, he shall comply with the bye-laws of this board in reference to water baling.

21. If any party shall wish to procure steam or other machinery for the purpose of water baling, such party shall be allowed to keep their claim unworked for a period not exceeding three months on registering the same with the mining registrar, provided that if such party shall not procure any machinery for the purpose aforesaid during such period their claim shall be considered forfeited.

22. *Non-forfeiture of shares through neglect to employ labor.*—The interest of any party or parties holding any claim or portion of a claim, or share or part of a share therein, shall not be deemed forfeited, relinquished or abandoned, through any neglect or omission on the part of the workman or workmen employed, provided such interest shall have been registered with the mining registrar; and also, provided that after three days' notice to such party or parties, by same being posted on the claim, his or their interest shall be fully represented in conformity with the bye-laws of this board. A certificate of registration, in the form of schedule B hereunto annexed shall be given by the mining registrar.

23. *Absence from claim.*—In all cases of absence through neglect, the working party shall have power to hire a miner in the place of such absentee, such hired miner to work and hold possession until his wages shall be paid.

24. *Taking possession of vacant ground.*—In any case where vacant ground exceeding the wall shall have been left between adjoining claims, any miner or miners may take possession of such vacant ground, and the party leaving such vacant ground shall not be entitled to a wall on the side next such vacant ground.

SCHEDULE A.—FORM OF REGISTRATION.

Miner's Right.	Remarks.
	Date.
Transferee's	No.
	Surname.
Transfer.	Christian Name.
	Date.
Miner's Right.	No.
	Date.
Registered Shareholder's	No.
	Surname.
	Christian Name.
	No. and Section.
Bye-law under which registered.	
Locality.	
Extent of Claim.	
Class of Mining.	
Date of Registration.	

SCHEDULE B.
I hereby certify that I have this day of _____
registered A. B. and C. D. for a claim (or share in a claim) situated under the provisions of Bye-law No. _____
Miner's right No. _____ date _____

Mining Registrar Division of the Maryborough District.

SCHEDULE C.
I hereby certify that I have this day of _____
registered for a quartz claim, situated for the following reason _____
and under the provisions of Bye-law No. _____ sec. _____
Miner's right No. _____ date _____

Mining Registrar.

SCHEDULE D.
I (or we) hereby apply for registration of a claim situate under the provisions of Bye-law No. _____
sec. _____ the reason being _____
Date _____

(Signed)
To the Mining Registrar Division of the Maryborough District.

SCHEDULE E.
I, Mining Registrar for the division of the Maryborough mining district, do hereby give notice that, in consequence of the convergence of the _____ leads, the registration of persons for shares or claims will cease upon all but the _____ lead until further notice.
Date _____

(Signed) Mining Registrar.

SCHEDULE F.
I, Mining Registrar for the division of the Maryborough mining district, do hereby give notice that upon the _____ day of _____ at the hour of _____ or at any time thereafter, I will register persons for claims or shares upon _____ lead.
Date _____

(Signed) Mining Registrar.

SCHEDULE G.
I (or we) hereby give notice that after the expiration of _____ days, I (or we) will apply for _____ to the mining registrar of this division, in accordance with Bye-law No. _____ sec. _____
Date _____

Signature _____

SCHEDULE H.
I hereby certify that I have this day of _____
transferred in claim (or other property) originally registered by the mining registrar on the day of _____ register fol. _____ to A. B. under the provisions of Bye-law No. _____ sec. _____
Miner's right No. _____ date _____

The undersigned members of the said mining board concurred in making the foregoing bye-laws.

JOHN MOHR,
EDWARD O'FARRELL,
JOHN FRIEL,
RICHARD A. PITT,
C. F. LEWIS,
D. W. VIRTUE, Chairman. } Members.

It is hereby certified that the foregoing Bye-laws of the Mining Board for the District of Maryborough have been made in the form and have been signed in the manner prescribed by law; and any person desirous to dispute the validity of such bye-laws is hereby required to do so in accordance with the provisions of 31 Victoria No. 32, sec. 112.

Gazetted on the 15th day of January, 1861.

P.10892. RICHARD HEALES,
Chief Secretary.

Lands and Survey Office,
Melbourne, 11th January, 1861.

TITLE DEEDS.

THE following Title Deeds have, since the 27th ultimo, been forwarded for delivery at the Receipt and Pay Offices undermentioned, on receipt of the established fees.

J. H. BROOKE.

AT THE RECEIPT AND PAY OFFICE, MELBOURNE.
B 9 Brierty, Robert, 124a. Cr. 14p., Gruyere
Bryson, W. E., 26a. 3r. 20p., Macedon

Lands and Survey Office,
Melbourne, 12th January, 1861.
SALE (No. 69) OF SPECIAL LANDS IN FEE SIMPLE,
AT TARADALE, ON MONDAY, 28TH JANUARY, 1861.

WITH reference to the notification contained in the *Government Gazette* of 26th December last, relative to a sale of certain Special Lands to be held at Taradale on 28th January instant: Notice is hereby given that the improvements on lot 1 have been valued at £200.

J. H. BROOKE,
President of the Board of Land and Works.

Lands and Survey Office,
Melbourne, 12th January, 1861.
SALE (No. 76) OF SPECIAL LANDS IN FEE SIMPLE,
AT CASTLEMAINE, ON WEDNESDAY, 6TH FEBRUARY, 1861.

WITH reference to the notification contained in the *Government Gazette* of 4th January instant, relative to a sale of certain Special Lands to be held at Castlemaine on the 6th February next: Notice is hereby given that lot 7 has been withdrawn from sale.

J. H. BROOKE,
President of the Board of Land and Works.

Treasury,
Melbourne, 9th January, 1861.
SALE OF OLD STORES AT THE MARINE YARD,
WILLIAMSTOWN.

ON Wednesday, the 23rd January, at One o'clock p.m., the following Old Stores will be sold by public auction at the Marine Yard, Williamstown, viz.:-

4 whale boats	Hoop iron
2 small boats	Europe and coir rigging
1 gig	52 wood blocks
1 galley	Tents and frames
Empty oil cans and casks	Wrappers and bags, &c., &c.
Copper and yellow metal castings	
Terms—Cash.	

GEO. VERDON.

Courts.

INGLEWOOD.

NOTICE is hereby given that a County Court will be holden at the Court House, Inglewood, on Friday, the 23rd day of March, 1861, at the hour of Ten o'clock in the forenoon.

J. THOMPSON BIER, Clerk of the said Court.

Court House,
Inglewood, 8th January, 1861.

INGLEWOOD.

NOTICE is hereby given that the Court of Mines for the mining district of Maryborough will be holden at the Court House, Inglewood, on Monday, the 25th day of March, 1861, at the hour of Ten o'clock in the forenoon.

J. THOMPSON BIER, Clerk of the said Court.

Court House,
Inglewood, 8th January, 1861.

RIVER LEIGH POUND.

AT a Special Court of Petty Sessions, held at the Police Office, Shelford, on the 8th day of January instant,

MR. HUGH MAY WILSON
was duly appointed to the office of Poundkeeper, *vice* Mr. Alfred Denham, deceased.

(By Order) THOMAS JARDINE,
Clerk of Petty Sessions.

Police Office,
Shelford, 10th January, 1861.

THE holding of the undermentioned Courts has been duly notified in previous numbers of the *Gazette*, viz.:-

THE NEXT CIRCUIT COURTS.

(As fixed by the Order in Council of the 19th of November 1860.)

ARARAT—Tuesday 5 February.

BALLAARAT—Tuesday 12 February.

BEECHWORTH—Monday 1 April.

CASTLEMAINE—Monday 11 February.

GEELONG—Thursday 21 February.

PORTLAND—Saturday 6 April.

SANDHURST—Monday 4 February.

THE NEXT GENERAL SESSIONS.
(Pursuant to the Governor's Proclamations of 20th December 1860
and 7th January 1861.)

ARARAT—Tuesday 2 April.
BEECHWORTH—Thursday 31 January (in lieu of 20 February).
BELFAST—Saturday 16 February.
BOURKE—At Melbourne Friday 1 February.
BUNINYONG AND BALLAARAT—At Ballaarat Wednesday 29 May.
CARISBROOK—At Maryborough Friday 1 March.
CASTLEMAINE—Tuesday 21 May.
GIPPS LAND—At Palmerston Thursday 21 March.
GRANGE—At Hamilton Friday 14 June.
GRANT—At Geelong Monday 3 June.
KILMORE—Tuesday 29 January.
KINETON—Friday 8 February.
PORTLAND—Tuesday 19 February.
SANDHURST—Tuesday 14 May.
WARRNAMBOOL—Thursday 14 February.

COUNTY COURTS.

AMHERST—Friday 25 January.
ARARAT—
AVOCA—Saturday 6 April.
BACCHUS MARSH—
BALLAARAT—Friday 1 February.
BEECHWORTH—Monday 11 February.
BELFAST—Saturday 16 February.
BENALLA—
BUCKLAND—
CARISBROOK—Friday 25 January.
CASTLEMAINE—Monday 18 February.
COLAC—Monday 25 February.
CRESWICK—Tuesday 12 February.
DANDENONG—Saturday 2 March.
DAYLESFORD—Monday 11 February.
DUNOLLY—Friday 1 February.
FRYERSTOWN—Thursday 14 February.
GEELONG—Monday 4 February.
GISBORNE—Tuesday 5 March.
HAMILTON—Saturday 15 June.
HEATHCOTE—Tuesday 5 February.
INDIGO—Monday 18 February.
INGLEWOOD—
KILMORE—Wednesday 30 January.
KINETON—Wednesday 6 February.
MALDON—Friday 15 February.
MARYBOROUGH—Thursday 14 February.

SANDHURST DISTRICT—
Heathcote—Tuesday 5 February.
Kilmore—Thursday 31 January.
Sandhurst—Monday 18 February.

Personal Information.

At the instance of the friends of the undermentioned persons information respecting them is requested to be forwarded to the Honorable the Chief Secretary, Melbourne:—

HOOKS, JAMES. He was last heard from when employed on board a steamer plying between Cincinnati and New Orleans, and was not long since seen in Melbourne. He is about 25 years of age, about 5 feet 7½ inches high, and has fair or auburn hair.—P.11219.

KRAUSS, JOHANN FRIEDRICH WILHELM, native of Erfurt, in Prussia. He left Hamburg on 15th August, 1853, to proceed to this colony, *via* Liverpool.—P.11218.

Tenders.

Roads and Bridges Office,
Melbourne, 11th January, 1861.

ROAD WORKS.

TENDERS will be received until Twelve o'clock on Friday, 25th instant, for the construction of a Ford across the Kororoit Creek, on the Melbourne and Geelong road, in the Bacchus Marsh district.

Full particulars at this office, or at the Road Engineer's office at Bacchus Marsh district.

The Board will not necessarily accept the lowest or any tender.

J. H. BROOKE.

Roads and Bridges Office,
Melbourne, 4th January, 1861.

ROAD WORKS.

TENDERS for the following Works will be received until Twelve o'clock on the undermentioned day.

Melbourne District.

1. Maintenance of Church street Bridge ... 18th January.

Geelong District.

2. Maintenance of the Geelong to Buninyong road, contract No. 1 ... 18th January.

3. Ditto ditto, ditto No. 2 ... 18th January.

Full particulars at this office, or at the Road Engineers' offices of the respective districts.

The Board will not necessarily accept the lowest or any tender.

J. H. BROOKE.

Roads and Bridges Office,
Melbourne, 3rd January, 1861.

TOLL-HOUSE, GATES, ETC.

TENDERS will be received until Twelve o'clock on Friday, the 18th instant, for the Purchase of the Toll-house, Gates, and Fencing at the Darebin Creek, on the Upper Plenty road, Melbourne district.

Full particulars at this office.

The Board will not necessarily accept the highest or any tender.

J. H. BROOKE.

Office of Lands and Survey,
Melbourne, 28th December, 1860.

LEASE OF PROTECTORATE RESERVE ON THE GOULBURN.

TENDERS will be received at this office till Monday, the 28th day of January next, for the lease, to the end of the ensuing year, 1861, of the Old Protectorate Reserve on the Goulburn (area about 27 square miles).

A right-of-way ten chains wide along the northern boundary for stock to pass to water in dry seasons will be reserved, together with the agricultural reserve, and any land measured for sale or which may be required for commonage. The license will be liable to the assessment on stock as provided in Act No. 79.

The reserve will be let subject to be resumed at any time after giving one month's notice to the occupant, the latter to be allowed a rebate of license fee for the unexpired residue of the term.

Tenders to be sealed, and endorsed, "Tender for Protectorate Reserve."

Upset price £75 per annum.

J. H. BROOKE,
President of the Board of Land and Works.

REPAIRS TO THE POUND AT BROADMEADOWS.

TENDERS for Repairs to the Pound at Broadmeadows will be received at my office, Essendon, until the 26th instant.

Specifications can be seen at the pound, or here.

T. SOMERVILLE.
Essendon, 12th January, 1861.

Department of Public Works,
Sydney, 27th December, 1860.

WOLLONGONG HARBOR WORKS.

TO CONTRACTORS AND OTHERS.

FRESH tenders will be received at this office until Noon on Tuesday, the 5th March next, from persons willing to contract for the execution of Works required at Wollongong Harbor.

Tenders to be endorsed, "Tender for Works, Wollongong Harbor."

Plans and sections may be seen, and printed specifications, forms of tender, and further particulars obtained, at the Office of the Engineer-in-Chief for Harbors and Rivers, 33, Hunter street, Sydney; Office of Public Works, Melbourne; and at the Police Office, Wollongong.

Tenders must state the time within which it is proposed to complete the work; and at the foot of every tender there must be a memorandum signed by the party tendering, and two responsible persons as sureties, agreeing to be answerable for the due performance of the contract in the event of the tender being accepted, and undertaking, in that event, that they will severally execute and deliver at the Office of the Crown Solicitor, in Sydney, or at the Police Office, Wollongong, within seven days from the usual notification of acceptance, a bond to Her Majesty, in the penal sum of £3000, for securing such performance, otherwise the tender will not be taken into consideration.

W. M. ARNOLD.

Department of Public Works,
Sydney, 27th December, 1860.

KIAMA HARBOR IMPROVEMENTS.

FRESH tenders will be received at this office until Noon on Tuesday, the 5th March next, from persons willing to contract for the execution of certain Works required for the improvement of the Harbor of Kiama.

Tenders to be endorsed, "Tender for Kiama Harbor Works."

Plan, specification, and form of tender may be seen, and further particulars obtained, at the Office of the Engineer-in-Chief of Harbors and Rivers, Sydney; and at the Office of Public Works, Melbourne; as well as at the Police Office, Kiama.

Tenders must state the time within which it is proposed to complete the work; and at the foot of every tender there must be a memorandum signed by the party tendering, and two responsible persons as sureties, agreeing to be answerable for the due performance of the contract in the event of the tender being accepted, and undertaking, in that event, that they will severally execute and deliver at the Office of the Crown Solicitor, in Sydney, within fourteen days from the usual notification of acceptance, a bond to Her Majesty, in the penal sum of £3000, for securing such performance, otherwise the tender will not be taken into consideration.

W. M. ARNOLD.

NOTICE.

MR. JOHN NEILL retired from our firm on 31st December, 1860.
McCALLUM, NEILL AND CO.
 Geelong, 7th January, 1861. No. 76

ST. KILDA MUNICIPALITY.

SEVENTH Half-yearly Report of the Municipal Council of St. Kilda, for the half-year ending 10th September, 1860.

LIST OF WORKS COMPLETED, FROM 11TH MARCH TO 10TH SEPTEMBER, 1860.

FORMING.

Barkly street has been widened and formed to its full width, from the Court House to Carlisle street west.
 Bull street has been formed and lowered to meet the deep cutting in the Dandenong road, made by the Government.
 A new street leading from Barkly street to Acland street; Hotham street, from Glen Eira road to Grosvenor street; Grosvenor street the whole length (the council have also pur-

chased a piece of land in order to connect this street with the Brighton road and complete the main line of drainage); and Blessington street; from High street to Tenneyson street.

KERBING, FORMING, AND METALLING FOOTPATHS.

Patterson street, south side.
 Grey street, west side, from Robe to Fitz Roy streets.
 Burnett street, both sides, from Grey to Princes streets.

KERBING, CHANNELLING, AND METALLING FOOTPATHS.

Grey street, west side, from Robe street to Neptune street.
 Fitz Roy street, south side, from Grey street to Acland street.
 Barkly street, both sides, from Lukerman street to Gurner street.
 Clyde street, north side, from Grey street to open crossing.
 Princes street, south side, from Barkly street to Fitz Roy street.

STREETS METALLED WITH RED METAL.

Charles street, from Barkly street to High street.
 Carlisle street, west extension, from Barkly street to Esplanade.

BLUESTONE METAL.

Barkly street and Punt road, in conjunction with Prahran, from Brighton railway to High street, Prahran.
 Esplanade, Upper road, from Fitz Roy street to Acland street.
 Esplanade, Lower road, from Fitz Roy street to Acland street.
 Burnett street, from Grey street to Princes street.
 Princes street, from Barkly street to Fitz Roy street.

A considerable quantity of bluestone metal has also been purchased and used to repair and maintain the works already executed.

The bridge at Barkly street has been lengthened to the full width of the street, thus completing this line of communication.

The council having obtained a grant of the reserve lying between Blessington and Dickens streets, containing 16 acres, have had the whole of the gravel, amounting to over 2000 cubic yards, dug up and screened, and have thus accomplished the twofold purpose of obtaining a large quantity of material and trenching a considerable portion of the grounds.

They have likewise had the whole of this area enclosed by a substantial picket fence 6 feet high; and having the intention of forming this into a public gardens and promenade, they called for designs for laying out the same, offering a premium of £10. Various designs having been sent in, the council accepted that of Mr. Gloystein, and awarded him the prize.

The council have also had a very substantial iron roller cast for rolling the metal of the various streets, in order to prevent as much as possible the inconvenience arising to traffic passing over newly-metalled roads.

SPECIAL ELECTION.

Councillor Hale, whose term of office would have expired on the 10th of March, 1861, resigned his seat on the 14th of March last, and Mr. William Halliday was elected in his place on the 12th of April.

The attendance of members at council and committee meetings has been as follows:—

J. STEWART JOHNSTON,
THOMAS LOADER,
Auditors.

St. Kilda, 5th January, 1861.

Received and adopted as the Seventh half-yearly Report of the Municipal Council of St. Kilda, this ninth day of January, One thousand eight hundred and sixty-one.

B. COWDEROY,
Chairman of the Council.
E. BRADSHAW,
Town Clerk.

No. 79

BEECHWORTH MUNICIPALITY.

ELECTION NOTICE.

I HEREBY convene a public meeting of the ratepayers of this municipality to be held under 18 Victoria No. 15, at the Town Hall, Beechworth, on Wednesday, the thirtieth day of January instant, at the hour of Eight o'clock in the morning, for the purpose of electing a councillor to take the place in the Municipal Council of Beechworth of John Kennedy Brown, Esq., resigned; and in case of a poll being demanded by any candidate or six ratepayers on his behalf, the same will be taken on the following day, Thursday, the thirty-first day of January instant, to be opened at the hour of Eight o'clock in the morning and closed at Four o'clock in the afternoon, at the said Town Hall, in Beechworth aforesaid.

GEO. B. KERFERD,
Chairman of the Municipal Council of Beechworth.
Municipal Chambers,
Beechworth, 7th January, 1861.

No. 55

NOTICE OF PARTNERSHIP.

WE, the undersigned, do hereby certify that we have entered into copartnership; the business to be carried on at Broadford, in the colony of Victoria, and conducted under the name, style, or firm of "Parrier and Woolnough;" that the names of the partners are Vincent Parrier and John Woolnough, who both reside at Broadford aforesaid, and the amount of capital contributed by the partners to the common stock of the said partnership will be Two hundred and fifty pounds sterling each; that the general nature of the business to be transacted at Broadford aforesaid will be that of hay and corn dealers and general storekeepers; and that the said partnership is to commence from the 1st day of January, 1861, and to terminate on the 1st day of January which will be in the year 1864.

Dated at Kilmore, this 17th day of December, A.D. 1860.

VINCENT PURRIER,
JOHN WOOLNOUGH.

Signed and acknowledged by both the said partners, this 17th day of December, 1860, before me—
WILLIAM SPURLING, J.P.

No. 1833

DISSOLUTION OF PARTNERSHIP.

NOTICE is hereby given that the partnership hitherto existing between us, the undersigned, carrying on business at Ballarat and Brown's Diggings as clothiers and drapers, has this day been dissolved by mutual consent; and further, that the said business will in future be carried on by the undersigned Michael Cashmore, by whom all debts due to or from the said partnership will be received or paid.

Dated this 9th day of January, 1861.

MICHAEL CASHMORE,
ALFRED ABRAHAM.

Witness—
WM. M. LEVY.

No. 83

DISSOLUTION OF PARTNERSHIP.

THE partnership hitherto existing between Abraham Levy and Michael Samuel Levy, trading under the style or firm of "A. and M. S. Levy," auctioneers, accountants, &c., of Great Ryrie street, Geelong, is this day dissolved by mutual consent. All debts to and by the firm will be paid and received by Mr. M. S. Levy, who will continue the business as heretofore.

Geelong, 7th January, 1861.

A. LEVY,
M. S. LEVY.

Witness—
HARVEY E. COMBE,
Solicitor.

No. 77

DISSOLUTION OF PARTNERSHIP.

THE partnership heretofore existing between Jas. Mills, of Emerald Hill, and James Parker, of 13, Smith street, Collingwood, was dissolved on the 20th December, 1860.

JAMES MILLS.
64

Emerald Hill, 14th January, 1861.

DISSOLUTION OF COPARTNERSHIP.

NOTICE is hereby given that the partnership hitherto existing between the undersigned, under the name, style, or firm of "Cowtan and Bland," as general merchants at Belfast, Port Fairy, in the colony of Victoria, was dissolved by mutual consent on and from the 31st day of July last. All debts due to and by the late firm will be paid to and received by the undersigned John Cowtan.

Belfast, Port Fairy, 31st December, 1860.

JOHN COWTAN,
JOHN BLAND.

Witness to the signatures of both parties—

GEORGE BARBER,
Solicitor, Warrnambool.

No. 20

DISSOLUTION OF COPARTNERSHIP.

NOTICE is hereby given that the partnership hitherto existing between the undersigned, under the name, style, or firm of "Alexander Russell and Co.," as corn millers, at Belfast, Port Fairy, in the colony of Victoria, was dissolved by effluxion of time on the 31st day of December, 1860. All debts due to and by the late firm are to be paid to and received by the undersigned John Bland.

Belfast, Port Fairy, 1st January, 1861.

ALEX. RUSSELL,
JOHN COWTAN,
JOHN BLAND.

Witness to the signatures of all the parties—

GEORGE BARBER,
Solicitor, Warrnambool.
