PETITION UNDER THE MUNICIPAL ACT.

ANNEXATION TO SANDRIDGE.

THE Governor, with the advice of the Executive Council, has directed the publication of the substance and prayer of the petition hereinafter set forth, signed by two hundred and forty-one householders resident within the municipal district of Sandridge, praying that an adjoining area may be united with and may form part of the said municipal district.

JOHN O'SHANASSY.

Chief Secretary's Office,
Melbourne, 26th September, 1862.

6047.

The petitioners state that they are householders resident within the present limits of the municipal district of Sandridge, and that they are desirous of its limits and boundaries being altered.

They represent that the district comprises only about seven hundred and sixty acres, and is considerably less in extent than the other littoral municipalities of Brighton, St. Kilda, Emerald Hill, and Williamstown; and that while these municipalities enjoy the advantages of a large sea frontage, and two of them a good river frontage also, Sandridge has no river frontage, and only sixty-two chains of frontage to the Bay, of which about fifteen and a half chains are taken up by the reserve of the Melbourne and Hobson's Bay Railway Company and another part by military works.

Lastly, they urge that the restricted area of their district debars them from many advantages, such as the carrying out of needful sanitary measures and other matters of local importance, and subjects them to numerous disabilities, among which is their inability to project a road so as to establish direct communication with the metropolis independently of the control of any other district.

And the petitioners pray as follows:—

"Your petitioners therefore humbly pray that your Excellency will be pleased to exercise the powers vested in your Excellency by the clause aforesaid [§ 2 of 18 Victoria No. 15], and alter and vary the limits of the municipal district of Sandridge so as to include the area described below, that is to say: Commencing at the south-eastern angle of the present boundary line of the municipal district of Sandridge; thence following the said boundary line in a northerly and westerly direction until it strikes the banks of the River Yarra Yarra; thence along the south banks of the said river in a westerly direction as far as to the municipal limits of Footscray; thence following said municipal limits in a southerly and westerly direction until the banks of the River Yarra Yarra are again reached; thence following the banks of said river southerly to its junction with Hobson's Bay; thence following the high-water line of Hobson's Bay in an easterly direction as far as to the commencing point, as indicated upon the plan herewith forwarded."

PETITION UNDER THE MUNICIPAL ACT.

WANGARATTA.

THE Governor, with the advice of the Executive Council, has directed the publication of the substance and prayer of the petition hereinafter set forth, signed by one hundred and sixty householders resident within the town and suburbs of Wangaratta, praying that their locality may be incorporated as a municipal district.

JOHN O'SHANASSY.

Chief Secretary's Office,
Melbourne, 10th October, 1862.

6510.

The petitioners state that they are farmers, traders, and yeomen, and constitute the majority of the householders within the town and suburbs of Wangaratta, to which they desire the extension of municipal institutions.

They further state that the town contains a large trading and farming population, and is the centre of a very extensive agricultural district, comprising (amongst other localities) Oxley, Docker's Plains, Estcourt, and Tarrawingee, which are all thickly settled tracts; while the town itself is of twenty years' standing, is for the most part composed of substantial brick buildings, and contains 2 churches, 3 schools, 2 tanneries, 3 large steam flour-mills, 1 bank, 1 brewery, 12 stores, 1 steam bone-mill, 2 other steam-power works, 4 smithies, 3 wheelwrights' yards, 2 timber yards, and various other places of business.

And the petitioners pray as follows:—

"Your petitioners pray that the area contained within the following boundaries may be proclaimed a municipal district under the provisions of the Act of Council in that behalf: Commencing at the north-west angle of allotment G of section F, bearing north-easterly five miles to a point on south-east boundary of allotment 5 of section G; thence in a line bearing south-easterly to Reid's Creek Bridge two miles or thereabouts; thence in a line bearing south-westerly five miles and twenty chains to a point on the western side of the Fifteen-mile Creek; and thence by a line bearing north-westerly to the point of commencement; which area does not exceed nine square miles in extent, and no one point of which area is distant six miles from any other point thereof; and which area contains three hundred householders."

At every election it shall be the duty of the town clerk or his deputy to provide himself with the ratepayers' roll, and as each elector comes forward to demand his voting paper to see whether the name of such elector appears upon the roll as a ratepayer within the meaning of the Municipal Act, and as each elector deposits his voting paper within the ballot box, to mark off such elector's name as having voted at such election.

7. In case the voting paper as of any person shall have been received, and any other person shall afterwards demand his voting paper as of the same person, the chairman, when such person shall propose to deposit his voting paper in the ballot box, shall refuse to allow the same to be put therein, but shall receive and keep the same apart, and at the close of the election decide whether such person has already voted or not; and if it shall appear to the chairman that such person has not already voted at such election, such vote shall be added to the number already polled, but if otherwise such vote shall not be allowed.

8. At the close of the poll, or as soon after as conveniently may be, the chairman, in the presence of the town clerk or his deputy, and the scrutineers, shall count the number of votes polled for each candidate, and upon ascertaining the result, shall make the same publicly known, and cause to be affixed a notice thereof in one or more places of public resort; and the chairman shall then, in the presence of the town clerk or his deputy, and the scrutineers, seal up all the voting papers given during the election, and safely preserve them for at least six months among the records of the council.

9. The chairman of the council shall be annually elected in the following manner:—At the first meeting of the council after the annual election, the senior councillor then present shall take the chair at the hour appointed for such meeting, provided the whole council be present, otherwise at the expiration of half an hour thereafter; and the council shall proceed by open voting, upon motion, as usual, to elect a chairman for the current year; and the councillor in whose favor the show of hands shall be shall be declared by the acting chairman to be the chairman of the council for the current year, and shall take the chair accordingly.

10. If the result of voting for chairman should be that the highest number of votes is held equally by more than two councillors, then another voting shall take place for those councillors only having such equality of votes until a majority is recorded.

11. Upon the resignation or disqualification of the chairman of the council, at the next meeting of the council thereafter, the senior councillor then present shall take the chair *pro tem.*, and immediately after the confirmation of the minutes of the last meeting shall proceed to the election of a chairman of council for the residue of the municipal year, in a manner prescribed by this bye-law.

12. In determining the seniority of councillors for the purpose of this bye-law, it shall be understood to mean those councillors who shall have held office for the longest period without re-election.

13. Any person or persons committing, or causing to be committed, any breach or neglect of this bye-law, shall, upon conviction thereof, forfeit and pay a penalty not exceeding Twenty pounds.

Mr. Duffy	

WHEREAS by an Act of the Parliament of Victoria, No. 148, intitled, *An Act to amend the Law relating to the Leases of Auriferous Lands and for other purposes*, it is amongst other things enacted, that it shall be lawful for the Governor in Council, from time to time, to make regulations, not being contrary to the provisions of the said Act for the purposes mentioned in the nineteenth section of the said Act; and also, that no such regulation shall have any force or efficacy until twenty-one days after it shall have been published in the *Government Gazette*; and also, that all regulations made by the Governor in Council under the provisions contained in the twelfth section of the Act numbered XXXII. shall, until rescinded, remain in force and be applicable not only to leases granted under such Act, but also, as far as possible, to leases granted under the now reciting Act: Now therefore His Excellency the Governor, by and with the advice of the Executive Council, doth by this present Order, in exercise of the power conferred by the above recited Act, rescind all regulations made under the said Act numbered XXXII., excepting as to leases granted thereunder; and doth make the following regulations, which shall be applicable to all leases to be hereafter granted, that is to say:—

REQUIREMENTS PRELIMINARY TO THE ISSUE OF LEASES.

I. Every person intending to make application for a lease of Crown lands for the purposes aforesaid, shall make such application in manner hereinafter directed, and shall, within seven days previous to the day on which the application shall be left with the warden as hereinafter directed, erect, or cause to be erected, at each angle of the land proposed to be leased, a post not less than three inches square, and standing at least three feet in height above the surface of the ground; and shall affix upon each post a board with the words "applied for lease," together with the name and address of the applicant, or if more than one, of each applicant, and the extent of the area to be applied for, legibly painted thereon; and such posts shall be maintained at the expense of such applicant or applicants until the application shall have been granted or refused by the Governor. The applicant or applicants, as the case may be, must also publish in a newspaper circulating in the district, or nearest to the district in which the land shall be situated, and seven days at least previous to the day of leaving the application with the warden as aforesaid, a notice in the form in the schedule hereto marked A; and also on the day of such publication, post a copy of such notice at the post office nearest to the land applied for, or if there shall be a police court nearer to the said land than such post office, then at such police court; and also on the same day, post a copy of such notice on the warden's, or mining surveyor's, or registrar's office nearest to the said land.

II. Previous to the time of making such application, the applicant or applicants must deposit with the clerk of the warden, or, if there be no such clerk, with the clerk of the

petty sessions holden nearest the land about to be applied for, the sum of Fifteen pounds, as a fund for the payment of the expenses of survey and of any other expenses which may be incurred by or on behalf of or by direction of the Crown in connection with such application, such payments to be made by the said clerk according as the minister for the time being having charge of the mining interests of the colony, or warden, shall direct; and such clerk shall give to the person or persons paying the said sum a receipt therefor in the form in the schedule hereto annexed marked B. Any portion of such sum which shall remain after the payment of such expenses shall be returned to the applicant; but if the application be withdrawn, or if the applicant shall neglect or refuse to take delivery of the lease, then the whole sum, after the payment of any such expenses as aforesaid, shall be forfeited. Provided, that the expression "warden," used herein and throughout these regulations shall, unless the context shall require a different construction, mean the warden acting for the time being in the division of a mining district within which the land applied for shall lie.

III. Every person applying for any such lease shall apply therefor by addressing to the minister for the time being having the charge of the mining interests of the colony, and leaving with the warden an application in duplicate, in the form in the schedule hereunto annexed marked C, together with the receipt in the next preceding clause hereof mentioned; and the warden shall, as soon thereafter as it may conveniently be done, enter, or cause to be entered, in a book to be kept by him for the purpose, a copy of such application, numbered according to the order in which it shall have been received with a memorandum of the day and hour of such receipt, and such day and hour he shall also endorse upon such application; and he shall thereupon give to the applicant or applicants a certificate, in the form in the schedule hereunto annexed marked D; and the priority of every application shall be determined according to the time at which it shall have been so received as aforesaid.

OFFICIAL SURVEY.

I. Upon receipt by the warden of such application, and production to him of the receipt for the money to be deposited as aforesaid, he, the said warden, shall direct a mining surveyor to proceed to the land applied for and survey the same, and furnish the warden with a report thereon as to the area, boundaries, and description thereof, the character of the ground, the likelihood of any river, creek, or permanent water spring or artificial reservoir which may be included within the boundaries of the said land, being required for, or the feasibility of the same being applied to, public purposes, or for the use of the miners of the district generally; and also as to any claims to prior occupancy which shall come to his knowledge, enquiry as to which it shall be his duty to make, while making the said survey; and such report shall be accompanied by a plan of the said land on the scale of two chains to the inch, together with a map of so much of the district in which the said land shall lie on the scale of four inches to a mile, as will suffice for connecting the particular area applied for with at least one fixed point in the district.

II. If necessary, the surveyor may alter the situation of the posts as placed by the applicant or applicants; and such posts shall be maintained by the applicant or applicants in the places in which they shall be fixed by the surveyor, until the application shall be finally dealt with, as hereinafter provided. The surveyor shall at the time of making the survey before directed, also post a notice in the form in the schedule hereunto annexed marked E in some conspicuous place on the ground, and also on the outside of his own office, and of the post office nearest to his office.

III. In the event of more than one application being made for the same land, or any part thereof, such one of such applications as shall have been first left with the warden shall be first considered; and in case any two or more of such applications shall be left with the warden at the same time, it shall be in the discretion of the Governor, to which of the applicants the lease shall be granted.

OBJECTIONS.

I. Any person objecting to the issue of such lease to any applicant or applicants shall, within twenty-one clear days after the date of the posting of the notice by the surveyor on the ground, as hereinbefore required, lodge with the warden and deliver to the applicant or applicants, at the address or addresses stated in such notice, full notice of all his objections against the issue of such lease.

II. Every person so objecting shall deposit with the clerk of the warden or of such petty sessions as aforesaid, the sum of Five pounds, to be disposed of by such clerk in such manner as the minister having such charge as aforesaid shall direct, in payment of all expenses to which the applicant or applicants may without sufficient reason be put by reason of such objections; in case such objections shall not be prosecuted, or shall fail, and such clerk shall give to the person or persons making such deposit a receipt in the form in the schedule hereto marked F, and in case there shall be no such expenses, or if there shall be any, then subject to the payment thereof the said sum shall be refunded to the person so objecting.

ENQUIRY INTO APPLICATIONS AND OBJECTIONS.

I. After the expiration of the twenty-one days, exclusive of Sundays, Good Friday, and Christmas Day, allowed for objections, and after delivery to the warden of the receipt in the next preceding clause mentioned, the warden shall proceed to hold, at a time and place to be named by him, and of which two clear days' notice shall be given by him to the applicant and objector, or if more than one, to each of the applicants and objectors, an enquiry into the truth of the particulars stated by the applicant or applicants, and of the objections made by each

objector, and the warden shall have power to adjourn the hearing of such objections to any other time and place.

II. At such enquiry the warden shall take evidence on oath in relation to the application and objections; and on the second of the two days which shall next follow after such enquiry, or should there be no objections, immediately after the expiration of the twenty-one days allowed for objections, he shall forward to the office of the minister for the time being having charge of the mining interests of the colony, the application and objections thereto, if any, and the evidence taken by him as aforesaid, if any, with his opinion thereon, together with the report, plan; and map to be furnished to him by the surveyor as hereinbefore mentioned.

III. Every applicant who shall require the same shall be permitted to take a copy of the mining surveyor's report and plan of the ground sought to be leased, and shall also, at any time before the warden shall have forwarded the evidence as aforesaid, be entitled to examine the same, and to make, or cause to be made, a copy thereof, for his own use and guidance.

LEASES.

I. All leases to be applied for, and which it shall be proposed to grant for mining purposes under these regulations, shall be designated "Gold Mining Leases," and shall be classified as *Ordinary Leases* and *Quartz Leases*.

1. *Ordinary leases* will include lands where gold is found in the drift alone, or wherein gold is found both in the drift and in veins or lodes of quartz.

2. *Quartz leases* will apply to lands consisting wholly of quartz lodes or veins.

II. Upon the receipt by the person having such charge as aforesaid of the matters to be forwarded to him by the warden as aforesaid, the same shall be laid before the Governor, who will, on consideration thereof, and of all objections to the granting of such lease, as well as those forwarded by the warden, if any, or any others which may be tendered to him, either refuse the lease applied for, or, after the expiration of one month after notice of the intention to grant the same shall have been published in the *Government Gazette*, grant the same as applied for, or modified, as he shall think fit; and every such lease shall be in the form in the schedule hereto marked G, or as near thereto as the nature of the purpose for which the same shall be required will permit.

III. Every lease shall bear date the day of the execution thereof by the Governor, and will be transmitted to the warden, at whose office the same may be obtained, who shall deliver the same to the applicant or applicants, or such person as shall be duly authorised to receive and execute the same upon his or their application therefor and execution thereof within the time hereinafter prescribed, and upon delivery to the warden of a receipt showing that a fee of One pound has been paid by the applicant or applicants to the clerk of the warden, or of such petty sessions as aforesaid, and also of a receipt from a receiver and paymaster for the first half-year's rent.

IV. Upon receiving the lease, the said warden shall, as soon after as he can conveniently do so, unless in the meantime the lessee or lessees shall apply for and obtain delivery of the said lease under the provisions of the next preceding clause, give notice of such receipt to such lessee or lessees by advertisement in the *Government Gazette*, and shall thereby request his or their attendance at his office to execute and take delivery thereof within seven days from the date of such notice; and should the said lessee or lessees, or his or their lawful attorney or attorneys, as hereinafter provided for, fail to comply with the terms thereof, the warden shall return the lease to the minister having such charge as aforesaid, who shall act in the matter thereof as shall be right.

V. If any lease so applied for shall be refused, either in the first instance or after a failure to comply with the terms of the notice in the last preceding section mentioned, or if any application for a lease shall be withdrawn, the Secretary for Mines shall cause a notice thereof to be published in the *Government Gazette*, and also shall require a mining surveyor to proceed without delay to the ground described in such mining lease, and cause all posts, notices, &c., by which such ground shall have been distinguished as applied for under the leasing regulations, to be removed; and, further, to notify, for the information of the miners in the vicinity, that such ground is open to persons holding miners' rights or business licenses, or to applicants for a lease, as if no lease of the said ground had ever been applied for.

VI. All costs and expenses incurred by or on behalf of or by direction of the Crown, by reason of the withdrawal of any application for mining lease, or of the non-execution of any such lease within the time aforesaid, shall be considered expenses within the meaning of the second of the series of clauses herein regarding requirements preliminary to the issue of leases.

VII. In case of the inability of any lessee or lessees by reason of absence, sickness, or any other lawful impediment, to execute a lease, then, upon proof of such inability to the satisfaction of the warden, and also upon proof to such satisfaction that the power of attorney hereinafter provided for has been duly executed by such lessee or lessees, the lawful attorney or attorneys of such lessee or lessees shall be permitted to execute such lease for and on his or their behalf.

VIII. All such attorneys shall be appointed under a power of attorney, in the form set forth in the schedule hereunto annexed, marked H; and the execution thereof shall be attested by a warden or police magistrate, if any such be resident at or near the place where the same shall be executed, and if not, then it shall be attested by a justice of the peace; and every such power of attorney shall be duly registered in the office of the Registrar General of the colony, before it shall be acted upon.

IX. The parcel of land demised shall be, in ordinary leases, in the form of a parallelogram (except where the same shall be impracticable by reason of the adjoining land being occupied, or from insuperable impediments), and the maximum length thereof shall not, except as hereinafter provided for, exceed more than twice the maximum breadth, and shall be accurately described by metes and bounds.

X. The term of the lessee or lessees in the land demised cannot in any case exceed fifteen years.

XI. *The extent of the areas* of leases shall be (except in special cases hereinafter provided for):—

1. For *ordinary leases*, an area not less than one acre nor more than thirty acres.

2. For *quartz leases*, an area the length of which shall not exceed six hundred yards, nor be less than one hundred yards along the line of the lode; and the width thereof shall not be more than two hundred yards, nor less than fifty yards measured across the lode.

XII. *The rents reserved* shall in all cases be at the rate of Two pounds and ten shillings sterling per acre per annum; and the said rents shall be made payable *half-yearly in advance* during the entire term; and the day of the execution of the lease by the Governor shall be deemed to be the day upon which the first payment shall be due.

XIII. In all leases hereafter to be applied for, the land shall be demised, and the rent reserved, as herein prescribed.

MODE OF DETERMINING AMOUNT OF COMPENSATION TO BE PAID FOR BUILDINGS OR IMPROVEMENTS ON LAND OCCUPIED FOR RESIDENCE BY HOLDER OF A MINER'S RIGHT OR BUSINESS LICENSE.

I. If any person shall desire to obtain a gold mining lease of any land, or part thereof, occupied for the purpose of residence by the holder of a miner's right or business license, or of land including land so occupied, or part thereof, he shall, at the time of causing the notice to be published in a newspaper, as hereinbefore required, serve upon the person so occupying a copy of such notice, with a memorandum subjoined thereto stating that the land about to be applied for includes land occupied by the person so served, and specifying the amount of compensation which he will be willing to pay in respect of any building or other improvements erected or made by such lastmentioned person or any person under whom such person derives title on such land, or the part thereof which shall be required; and in case the person so served shall not be satisfied with the amount so specified, he shall be entitled to take an objection to the granting of the said lease on the ground that such amount is insufficient, and such objection shall be prosecuted in the manner hereinbefore prescribed for the prosecution of objections generally; and at the time and place fixed for the hearing of objections, the warden shall proceed to enquire into the matter of such compensation, and shall determine the amount thereof, and make an award of the same in the form in the schedule hereto marked I.

II. Upon the application for the delivery of a lease granted to any person made liable by any such award to the payment of compensation, such person shall produce to the warden evidence satisfactory to him that the amount of such compensation has been paid to the person entitled thereto or tendered to and refused by him, and if so refused, or in case such lastmentioned person cannot be found, lodged to his credit in some bank in or near to the mining district in which the land demised shall be; and until such evidence shall be so produced, the warden shall not deliver the said lease; but upon the same being produced, and the said lease delivered, the lessee shall be entitled to enter upon the land so occupied as aforesaid, and be deemed to be in possession thereof.

III. In case of an application for a lease of land so occupied as aforesaid, if the person occupying the same shall refuse to permit the person applying for the lease to enter upon such land for the purpose of marking out the same, as hereinbefore directed, it shall be sufficient if such lastmentioned person shall mark out the land applied for as near to the mode herein in that behalf prescribed as the circumstances will permit.

REGISTRATION OF LEASES.

I. All leases granted under the said Act shall be registered in the manner provided by law for the registration of deeds in the colony; and the fees to be paid upon the registration of any such lease, and the duties of the persons conducting such registration, shall be the same as are now by law required in respect of the registration of leases in the colony.

SPECIAL CASES.

I. In cases where it shall be shown that a departure from the foregoing rents or areas would, under special circumstances, be desirable, such areas may be diminished, extended, or otherwise altered, and such rents may be increased by the Governor; and such covenants, conditions, and stipulations may be imposed, and such rents subject to the said Act reserved as by the said Governor may be considered necessary: Provided, that the warden shall not enquire into any objections to a lease for a greater or less extent of land than the maximum or minimum quantity hereinbefore stated without a special order from the person for the time being in charge of the mining interests of the colony; and further provided, that any such special application already made, or which shall hereafter be made, shall take its priority as in cases of ordinary applications.

N.B.—Printed copies of the forms in these schedules will be issued at the office of the warden, free of expense.

called the lessee) of the other part: Whereas by an Act of the Parliament of Victoria numbered one hundred and forty-eight, it was made lawful for the Governor, in the name and on behalf of Her Majesty, to demise to any person, for any term not exceeding fifteen years from the time of the making of the lease, any Crown land not demised under the provisions of any Act now or hereafter to be in force, and not occupied by the holder of a miner's right or business license, unless with the consent of such holder, to any person, for the purpose of mining thereon for gold and for the other purposes therein mentioned; and it was by the same Act also made lawful for the Governor in Council, from time to time, to make regulations, not being contrary to the provisions of the said Act, prescribing the matters and things in connexion with the granting of any such lease, in the said Act in that behalf mentioned, and such regulations have accordingly been made: And whereas the said lessee has duly applied for a lease of the land and premises hereinafter described in compliance with the said regulations, it is witnessed that, in consideration of the rents, reservations, covenants, provisos, and agreements hereinafter contained, on the part of the said lessee, his executors, administrators, and assigns, to be paid, observed, and performed, Her said Majesty doth by these presents grant and demise unto the said lessee, his executors, administrators, and assigns (but subject to any interest or authority which any person may now lawfully use or exercise for mining purposes, or for discovering the existence of gold in or upon the land here demised), all piece or parcel of land particularly described in the first schedule hereto, and as the same set forth and delineated in the map or plan hereon endorsed and therein colored yellow, together with all and singular shafts, levels, drifts, works, ways, waters, water-courses and appurtenances to the same now, or which may, during the term hereby granted, be belonging, or therewith occupied and enjoyed, for the purpose of mining on the said land for gold, with liberty to erect thereon buildings and machinery to be used for washing, smelting, crushing, and obtaining gold, or any rock, mineral, or earth containing gold, or of pumping or raising water from the said land, and of residing thereon in connexion with such mining; and also with full and free liberty for the said lessee, his executors, administrators, and assigns to search for, dig, sink, drive, make and use all such pits, shafts, pumps, levels, water-courses, and other works which may be necessary for winning, working, and obtaining the gold therein contained; except and always reserved unto Her Majesty, her heirs, successors, and assigns, full and free liberty at all proper and reasonable times during the continuance of this demise, to enter into and upon the land, mines, works, and premises hereby demised, in order to view and examine the condition thereof, and for that purpose to make use of any of the roads, ways, machinery, and works, now or which may, at any time, be belonging to the said land, mines, and premises; and also to use any drifts, levels, shafts, or water-courses, adits, or passages, now being or hereafter to be, or to make and use any drifts, leads, shafts, or water-courses, adits, or passages, in or upon any part of the premises hereby demised, or the surface thereof, for the purpose of freeing any other land or mines whatsoever from water, or for conducting water for the use of any such lastmentioned land or mines, or the machinery or works connected therewith, or for supplying the same with good fresh air; and also full and free liberty at all times during the continuance of this demise to make any level, drift, shaft, adit, water-course, railroad, or other road or way in, through, or upon any parts of the premises hereby demised, or the surface thereof, for effectually winning or working any other adjoining or neighboring mines, or for any public purpose whatsoever, causing thereby nevertheless as little

All tenders are required to be written on a form, printed copies of which may be had gratuitously on application at any post office in the colony, and may be forwarded (if by post prepaid) addressed to the Honorable the Postmaster General, or placed in the Tender Box at the General Post Office.

The cover of each tender must be endorsed "Tender for Conveyance of Mails, No. —." It is particularly requested that the number of the service tendered for may be inserted in the above endorsement.

Tenderers are requested to describe by their numbers, as below, the mail services for which they tender, and every tender will be taken to include the entire service as called for.

Tenders, on separate forms, are required for each service, as well as for the periods mentioned, namely, one year or two years.

Every tender must bear the *bond fide* signatures of the tenderer, and two responsible persons willing to become bound with him in such sum as the Honorable the Postmaster General may direct, not exceeding the gross amount of the contract.

Timber, &c.	200
Tinware	50

Separate tenders will be received for each schedule, but they must include the whole of the articles therein mentioned, and one price must be stated for each article. The value of all packages, whether bulk be broken or not, must be included in the prices demanded.

No tender will be entertained unless accompanied by a certificate from two responsible persons that they are willing to become bound as sureties in the sum specified above for the due fulfilment of the contract; and in the event of the tender being accepted, the bond must be executed within ten days, failing which, the contract will be again advertised or another tender accepted.

The names of the tenderers and their proposed sureties, together with their addresses, must be stated at full length.

All tenders must be enclosed in a separate envelope, marked "Tender for —" (as the case may be), and be deposited in the Tender Box at the Government Stores, King street; or, if sent by post, they must be addressed to the Government Storekeeper, Melbourne.

The Government will not necessarily accept the lowest or any tender.

The decision of the Government will be made known on or before the 21st November, 1862.

CONDITIONS.

1. The supplies are in all cases to be of the best quality and description.

2. All orders under these contracts must issue from the Government Storekeeper's Department, and unless otherwise specially ordered, the supplies must be delivered at the Government Stores. When ordered, they are to be delivered free of charge to any part of Melbourne.

3. The contracts entered into under this notice are not to be considered as being infringed or vitiated by the importation of stores for the Government service, or by any contracts made by the military commissariat, or by other departments of the public service. When desirable, raw material will be ordered for the manufacture in the penal establishments of articles required by the Government Storekeeper.

4. All supplies when delivered must be accompanied by the order, which will be receipted, and must be rendered with the contractor's account. No goods will be received unless accompanied by the order, and net weight or quantity only will be paid for.

5. In the event of supplies ordered under these contracts not being delivered within forty-eight hours, it will be competent for the Government Storekeeper, should circumstances require it, to purchase the same, or such articles as may be suitable for the service, at the risk of the contractor, from whose account any expense over and above the contract price will be deducted.

6. Each contractor will be required to prepare his own account monthly in the prescribed form, and present the same to the Government Storekeeper for payment at the Treasury.

7. In the event of a difference of opinion between the contractor and the Government Storekeeper as to the quality, the same is to be decided by a board of survey, composed of persons named by the Government, and the decision of the board is to be considered final. Any expense incurred on account of the rejection of supplies by a board of survey, will be charged to the contractor.

8. If the board shall decide that the article is not of proper quality, it must be immediately replaced by the contractor, failing which, it will be procured elsewhere, and the extra expense, if any, will be charged as in clause 5.

9. The Government Storekeeper will have power to reject such article or articles as are obviously of inferior quality, it being understood that he will be responsible to the Government for so doing, and the contractor must take back the rejected article, and supply good in its stead, failing which, it will be procured elsewhere, and the extra expense, if any, will be charged as in clause 5.

10. A repetition of irregularity in the quantity or quality of the supplies, or of delay in delivering or replacing them when required, will subject the contractor, upon report from the Government Storekeeper, to such mulct, not exceeding one-fourth the amount of the monthly account, as the Government may direct. It will also be in the power of the Government, upon such repetition, to terminate the contract forthwith.

11. It will be competent, either for the contractor on his own behalf, or for the Government Storekeeper on behalf of the Government, to terminate the contract by giving a notice in writing of three full calendar months to the opposite party; it being understood that such notice can be given only from the first day of a month, and within the period for which the contract is made.

WILLIAM C. HAINES.

Treasury,

The tenders must include the whole of the articles mentioned in the schedule, and one price must be stated for each article.

The value of all packages, whether bulk be broken or not, must be included in the prices demanded.

No tender will be entertained unless accompanied by a certificate from two responsible persons that they are willing to become bound as sureties in the sum of Two hundred pounds for the due fulfilment of the contract; and in the event of a tender being accepted, the bond must be executed within ten days, failing which, the contract will be again advertised or another tender accepted.

All tenders must be endorsed, "Tender for Medicines, &c.," and be deposited in the Tender Box at the Government Stores, King street; or, if sent by post, they must be addressed to the Government Storekeeper, Melbourne.

3. All supplies, when delivered, must be accompanied by the order, which, when receipted, is to be rendered with the contractor's account. No supplies can be received unless accompanied by the order, and net weight or quantity only will be paid for.

4. The contractor will be required to prepare his own account monthly in the prescribed form, and to present the same in a complete state to the Chief Medical Officer, or to the Government Storekeeper, for payment at the Treasury.

5. In the event of a difference of opinion between the contractor and the officer receiving the supply, as to the quality, the same is to be decided by a board of survey, composed of persons named by the Government, and the decision of the board is to be considered final.

6. If the board shall decide that the article is not of proper quality, it must be immediately replaced by the contractor, failing which, it will be procured elsewhere, and the extra expense (if any) will be deducted from the contractor's account.

7. If from any cause injury would accrue to the public service by waiting for a board of survey, the Chief Medical Officer, or the Government Storekeeper, as the case may be, will have the power to reject such article or articles as are obviously of inferior quality, it being understood that he will be responsible to the Government for so doing, and that the contractor must take back the rejected article and supply good in its stead, failing which, it will be procured elsewhere, and the extra expense (if any) will be charged as in clause 6.

8. A repetition of irregularity in the quantity or quality of the supplies, or of delay in delivery or replacing them when required, will subject the contractor to such mulct, not exceeding one-fourth the amount of the monthly account, as the Government may direct. It will also be in the power of the Government, upon such repetition, to terminate the contract forthwith.

9. At the first meeting of council for the current year, held on the 4th day of September, Mr. Councillor James Warnock was unanimously elected chairman.

BYE-LAWS.

The following bye-laws have been made by the council during the past half-year:—

No. 25. For the protection of the streets, footpaths, roads, and reserves within the municipal district of Maldon.

No. 26. For the appointment of managers for the Maldon Town Common, in accordance with the 69th clause of *The Land Act*.

PETITIONS AND MEMORIALS.

A petition to the Honorable the Speaker and Members of the Legislative Assembly, praying that the road from Castlemaine to Maryborough, *via* Maldon, may be proclaimed a main road.—Granted.

A memorial to the Honorable the Treasurer, praying for the re-establishment of a Receipt and Pay Office at Maldon.—Under consideration.

A memorial to the Chief Commissioner of Police, praying that the escort from Castlemaine to Maryborough may pass through Maldon, as formerly.—Granted.

A memorial to the Commissioners of Savings Banks, Melbourne, praying that the necessary steps may be taken for the establishment of a Savings Bank at Maldon.—Under consideration.

A memorial to the Commissioner of Trade and Customs, praying that a set of standard weights and measures may be apportioned for this district.—Under consideration.

PUBLIC WORKS.

The following public works have been satisfactorily carried out during the past half-year:—

Kerbing, channelling, and forming 7 chains 83 links of footpaths, extending from Fountain street to the Post Office.

Formation of 12½ chains of footpath in Long Gully.

Formation of 5 chains of footpath on east side of High street.

Formation of about 5 chains of High street, extending southward from Francis street.

Erection of culvert and approaches at Porcupine Flat.

Erection of a bridge leading to Fountain street.

Repair of 3½ chains, of the Parkins' Reef road.

Formation of 28 chains of Templeton street.

Construction of pitched crossing at the junction of Union street and High street.

Together with repairs to roads in various parts of the municipality, where the same were most urgently required.

MISCELLANEOUS.

At the close of the last year, the question of the route of the main road from Castlemaine to the north-west was supposed to have been definitely settled in favor of the same being proclaimed *via* Maldon, but owing to some unexpected influences being brought to bear on the question, there was great danger of Maldon being shelved in the matter; the council therefore took immediate steps (and were encouraged so to do by a large public meeting of ratepayers), to prevent such a calamity and injustice,

and is happy to add, that with the able and energetic assistance of John Ramsay, Esq., M.P., the claims of Maldon for prior consideration were recognised by a large majority of the Legislative Assembly in Parliament assembled, and votes were accordingly passed declaring the main roads to be:—From Castlemaine to Maldon, Maryborough, and Avoca; from Castlemaine to Maldon, Dunolly, and Inglewood; and from Maldon to Bendigo; thus making Maldon the point of divergence for three highly important main roads, the present and prospective benefits of which fully justified the council in expending the amount it did in bringing about a consummation of such vital interest to the district.

The disaster of a large fire in the town aroused the inhabitants to a sense of the great danger to property, from the fact that Maldon had no fire engine or fire brigade. A brigade was formed at a public meeting called for that purpose, and a petition forwarded to the council praying that a fire engine should be purchased. Acting on this, the council authorised Mr. Councillor Courtin (whilst in Melbourne on municipal business) to purchase an engine at a cost not exceeding £100, and although this was a low price, Mr. Courtin succeeded in obtaining one at the maximum sum mentioned, which remains the property of the council, who also have a direct control over the appointment of superior officers in the brigade.

An adequate water supply, by means of the Government reservoir, has unfortunately been delayed by defect in the construction of its embankment. The council, however, has taken such steps as will speedily bring the matter to an issue; a Government engineer, together with one appointed by the council, having received instructions to inspect and report upon the safety, or otherwise of the embankment. Should their report remove the apprehension felt by a portion of the ratepayers, a few weeks will suffice to complete the arrangements for opening the reservoir and laying down pipes to the centres of population.

HEALTH OF THE DISTRICT.

The health officer reports that during his residence of eight years on Maldon he has never known the district so totally free from any disease, only a few cases of colds having presented themselves for several months.

Received and adopted as the eighth half-yearly report of the municipal council of Maldon.
