2. Three members shall constitute a quorum, and the business of each meeting shall be commenced as soon as that number is in attendance; but if in half an hour after the time named for meeting there is not a quorum present, no business shall be transacted at that sitting, and the secretary shall make an entry of the fact, together with the names of the members present.

3. The minutes of any preceding meeting not previously confirmed shall be read first at all meetings in order that they may be confirmed, and no discussion will be allowed regarding them unless as to their accuracy; and all correspondence not previously submitted to the board, reports, reports ordered to be brought up by the secretary or any officer, or by any member or sub-committee of the board, and petitions to be presented to board, shall have precedence in the order named of the regular business of each meeting.

4. The orders of the day shall include all matters arising out of the proceedings of former meetings, and any business the chairman may think fit to introduce; and no member, except the chairman, can bring any business before the board without having given notice of it at the previous meeting, and all motions of which such notice has been given shall be considered in the order in which they appear in the notice book.

5. Any member bringing forward a motion or amendment shall be held to have spoken to it, except by way of explanation or reply; but no member merely seconding a motion or amendment shall be held to have spoken thereon.

6. One amendment only shall be discussed at a time, and if lost another may be moved before the original motion is put from the chair; but if any amendment be carried it shall be looked upon as the original motion, and it shall be competent to move thereon one other amendment, but not more.

7. That no motion or amendment shall be entertained by the board until the same be seconded, and no motion or amendment once brought forward shall be withdrawn without leave of the board.

8. The chairman shall put each question, first in the affirmative, and then in the negative, and shall there and then decide which is in a majority.

No discussion shall be allowed on any motion for adjournment of the board; but if on the question being put, the motion for adjournment be negatived, the subject then under consideration, or the next on the notice paper, or any other that may be allowed precedence by the chairman, shall be discussed before any subsequent motion for adjournment be entertained; and if the motion for adjournment be carried, then the business undispensed of shall have precedence at the next meeting of the board.

11. No motion, the effect of which, if carried, would be to rescind any motion which has already passed the board, shall be entertained for the same year, unless a call of the whole board has been made for that purpose; and no such motion for rescinding any resolution of the board which shall have been negatived by the board shall be again entertained during the next six months.

FIREWOOD.

TENDERS will be received until Noon on Friday, the 14th March, for the supply of Firewood for service on the Government Railways, at the undermentioned stations:—

Melbourne	1320 tons.
Geelong	500 "
Ballaarat	650 "

Tenders are to state the description of wood they propose to supply, and the price per ton of 40 cubic feet. The delivery at Melbourne is to be completed prior to the 31st May, and at Geelong and Ballaarat prior to the 30th April, 1862.

Tenders for each station will be accepted or rejected separately. The wood, which is to be split out of large timber into a convenient size for the engines, must be perfectly sound, and cut in billets of not more than two feet in length.

The firewood, when delivered, is to be solidly stacked where pointed out on the station ground, at the contractor's cost, and in stacks of such size as may be directed, ready for measurement.

The contractor will be paid only on the measurement of the wood by the officers of the Railway Department; and, at the completion of each delivery amounting to £100 in value, the account is to be rendered to the Government Storekeeper, for payment at the Treasury, Melbourne, or the Pay Office of the district.

The contractor will be required to provide cash security for due fulfilment of his contract, which security shall amount to the sum of £100 sterling for the Melbourne, and £50 sterling for the Geelong and Ballaarat contracts, respectively; in each case to be paid to the Government Storekeeper within seven days of acceptance of the tender.

On certificate of the Engineer-in-Chief, Railways, that the contract has been completed to his satisfaction, the amount will be repaid to the contractor.

For each and every week's delay in delivery beyond the time specified for completion, the Government shall be entitled to deduct as and for liquidated damages, the sum of £10 sterling from moneys due to the contractor for the Melbourne station, and £5 sterling from the contractors for Geelong and Ballaarat, respectively.

Tenders, endorsed, "Tender for Firewood," are to be addressed to the Government Storekeeper, Melbourne.

The lowest tender will not necessarily be accepted.

STORES FOR GOVERNMENT RAILWAYS.

TENDERS will be received until Noon on Tuesday, the 18th March, for the supply of Stores for service on the Government Railways from 1st November, 1862, to the 31st October, 1863. Tenders may state what goods they can supply at once or before 1st October. Schedules of the articles required, with the estimated quantities and full particulars, may be obtained from the Government Storekeeper, Melbourne, to whom tenders are to be addressed. The quantities on the schedule are, however, only approximative, and it is to be understood that the Government may order either more or less than stated.

Tenders are to be accompanied by a certificate from two responsible persons, that they are willing to become bound as sureties, in a sum not exceeding one-third of the estimated amount of the contract, for due fulfilment thereof; and the bond must be executed within seven days of acceptance of the tender, failing which the contract may be again advertised at the risk of the tenderer, or another tender accepted. The Government will not necessarily accept the lowest or any tender.

CONDITIONS.

1. Every article is to be strictly in accordance with the specification or sample, and subject to the approval of the Engineer-in-Chief and the Government Storekeeper.

2. Supplies are to be delivered at the Government Stores, Melbourne, on the order of the Government Storekeeper, and are to be accompanied by the order to supply, which, when properly receipted, will be returned to the contractor, to be rendered in support of his account.

3. The contractor will be required to prepare his account monthly in the prescribed form, and present the same to the Government Storekeeper for payment at the Treasury, Melbourne.

4. Should stores duly ordered not be delivered within seven days, it will be competent for the Government Storekeeper to purchase at the risk of the contractor, from whose accounts any expense over and above the contract price will be deducted.

5. In event of a difference of opinion between the contractor and the officer receiving the supply as to the quality, it is to be decided by the Engineer-in-Chief and the Government Storekeeper, whose decision shall be final.

6. Should the decision be adverse to the contractor, the supply must immediately be replaced, failing which it will be procured elsewhere, and the extra cost, if any, charged as in clause 4.

7. A repetition of irregularity, or delay in delivery or replacing articles when required, will subject the contractor to a mulct not exceeding 25 per cent. on the value of the order.
