VALUATION.

The annual valuation of property in the district was made by Mr. F. Peterson, of Prahran. The amount of assessment was £33,597 @ 1s. 3d. = £2099 16s. 3d. The reductions on appeal were about one-half (10s.) per cent.

MISCELLANEOUS.

Arrangements have been made for temporary permissive occupation of certain unmade portions of Beach street, lying close to the bay, for purposes of trade in connection with the shipping, under sec. vii. of 18 Victoria No. 14.

The successful establishment of a fire-brigade in this district has been delayed in consequence of the dilatoriness of the United Fire Insurance Company's committee, as displayed in not replying to the council's correspondence in reference to certain arrangements necessary to be made previously to the organization of the brigade. On 29th August ultimo, William Marsh, of Bay street, was appointed by the council to the care of the fire engine and plant, at a weekly salary of Ten shillings. The voluntary efforts of the working men of Sandridge in connection with the extinguishing of fires in the district have been most praiseworthy. A system of rewards for giving the first alarm, by ringing the town bell, in case of fire, has been found to work exceedingly well. The Sewerage and Water Department has promised to proceed further with laying the water pipes so soon as those expected in April shall arrive. A system of permanent levels for the district, laid down by the council's surveyor, assisted by W. Bull, Esq., of Williamstown, has been adopted by the council. The question of the extension of Bay street direct to Spencer street has been discussed by this council in

conference with the municipal council of Emerald Hill, but as yet without result. Sites have been set apart by the Government for planting trees, &c., and for a town hall for the district. A movement has been initiated with a view to the construction of a direct road between Sandridge and St. Kilda at the rear of the line of batteries on the beach. Efforts have been made to secure a branch clearance office at Sandridge; also, a branch of the pilot service. The clearing away of the seaweed nuisance and the purifying the salt water lagoon have also been under consideration.

LONDON INTERNATIONAL EXHIBITION OF 1862.

The council contributed towards the above exhibition photographs of most of the public buildings in the district by Cox and Luckin, and the illuminated statistics of the municipality handsomely executed by J. H. S. Bonman.

Received and adopted as the third half-yearly report of the municipal council of Sandridge.
