**BRAYBROOK ROAD DISTRICT.
PROPOSED ENLARGEMENT.**

A PETITION signed by forty-one landholders and householders in the parishes of Maribyrnong, Kororoit, Pywheijorck, Tarnait, Truganina, Deutgam, Cut-paw-paw, and Douita Galla, has been addressed to the Governor, for the purpose of procuring the extension of the Braybrook Road District so as to include the area hereinafter described.

The petitioners state that they are not within any Road District, and that they deem it to be of the highest importance that means should be adopted for opening up and constructing the roads in their respective localities; and they pray as follows:—

“Your petitioners having interest in common with the Road District of Braybrook, humbly pray your Excellency to grant an extension of the boundaries of the said Road District [as described on a tracing accompanying the petition], and cause such extension to be proclaimed with as little delay as possible.”

Description of Braybrook Road District as proposed to be extended:—

“Commencing at the present boundary of the Braybrook Road District, being the north corner of portion A, section 22, parish of Cut-paw-paw; thence in a north-westerly direction by the Saltwater River to the north-east angle of portion F, section 13, parish of Maribyrnong; thence by a line due west crossing the Kororoit Creek to the western boundary of the parish of Kororoit; thence south-easterly by the boundary of the said parish and the parishes of Pywheijorck, Tarnait, and Deutgam; thence north-easterly by the boundary of the said parish of Deutgam and the parish of Truganina, to the boundary of the municipality of Williamstown; thence by the said boundary and the boundary of the municipality of Footscray to the present boundary of the Braybrook Road District.”

**PETITION UNDER THE MUNICIPAL ACT.
SALE.**

THE Governor, with the advice of the Executive Council, has directed the publication of the substance and prayer of the petition hereinafter set forth, signed by One hundred and fifty-three householders and landowners, at and near Sale, in the district of Gipps Land, praying for the erection of their locality into a municipal district.

JOHN O'SHANASSY.
Chief Secretary's Office,
Melbourne, 8th April, 1862. 2199.

The petitioners state that they are householders and landowners in the township and parish of Sale, and that necessity exists for the erection of the township into a municipal district, to further its improvement and good government.

They further state that it is the centre of a large agricultural district, and that the elements of wealth, such as a large and increasing population, genial soil, and mineral productiveness, are there concentrated; but the greatest inconvenience is caused by the want of proper roads, whereby the outlet of produce is obstructed and the cost of imported necessaries is enhanced.

That the township, possessing no improvements in the way of street making and draining, is during several months in the year, all but uninhabitable, and that owing to its isolation in position and interest, local self-government is indispensable to its welfare and progress.

They suggest the following area for a municipal district, viz. :— Bounded on the west by the western boundary of the

parish of Sale, commencing at Flooding Creek, at the south-west corner of lot 101, and bearing north to the north-west corner of the said parish; thence on the north by the northern boundary of the said parish, or two-chain road, bearing east to the one-chain road on the west side of “The Heart;” thence by a one-chain road bearing south, and a line in continuation till it intersects Flooding Creek; thence by that creek to the point of commencement; comprising an area of about nine square miles, no part of which is distant six miles from any other.”

And the petitioners pray as follows:—
“Your petitioners hereby pray that your Excellency will be pleased to cause the area above described to be proclaimed as ‘The Sale Municipal District.’”

[The signatures to the above-mentioned petition appeared in No. 43 of the Gazette, pp. 618, 619 ante.]

In pursuance of the Act 18 Victoria No. 15, clause 43, the municipal council of Maldon gives the following report of its proceedings for the half-year ending 10th day of March, 1862.

ELECTION.

On the 26th day of November Mr. Councillor Rivington tendered his resignation, and on the 4th day of February following Mr. Councillor Stevenson was elected to fill the vacant seat in the council.

VALUATION OF PROPERTY.

The property within the municipality has been assessed to the amount of £21,637
Reduced on appeal ... 502
£21,125

FINANCE.

The assessment for the year 1861-2 amounts to £21,125, on which a rate of 1s. 6d. in the pound has been levied, giving as the total amount of rate for the year £1584 7s. 6d.
The debt of £429 8s. 4d. owing at the last half-yearly report to the Bank of New South Wales, has been paid with interest, and the council had on the 10th day of March a balance in its favor of £451 6s. 1d.

The repayment of the debt to the bank, and the inability of the council to obtain an overdraft therefrom, has necessarily limited the expenditure of public works. The funds in hand, however, and the rates to be collected during the next half-year, will enable the council to shew a larger amount expended at the date of the next report.

BYE-LAWS.

The following bye-laws have been made and approved of by His Excellency, viz.:

For an assessment on the annual value of property for the year ending 10th day of September, 1862.

To impose a rate of 1s. 6d. in the pound for the current year ending 10th day of September, 1862.

A bye-law to amend the present market bye-law constituting the Maldon market a daily market.

MEMORIALS.

A memorial to the President of Lands and Works, praying that a sum of money may be placed on the estimates for the repair and maintenance of the roads in the district; also for the maintenance of the Maldon Hospital, grant-in-aid of the Cemetery, and for the survey of a line of railway from Castlemaine to Maryborough, *via* Maldon.

A memorial to the President of Lands and Works, praying for a grant of land for recreative purposes, also a grant-in-aid for fencing public reserves.

A memorial to the Honorable the Postmaster General, praying for a second delivery of letters within the municipal boundary.

A memorial to the Honorable the Chief Secretary, praying for the appointment of a resident coroner, as also a Chinese interpreter.

A memorial to the Honorable the President of Lands and Survey, praying for a grant of land as a site for municipal cattle yards and abattoirs.

A memorial to the Honorable the Commissioner of Railways and Roads, praying that the road from Castlemaine to Maryborough *via* Maldon may be proclaimed a main road.

The answer received from the several heads of departments to which the above have been forwarded has been to the effect that, on the introduction of the District Councils Bill, the different requirements will be met, with the exception of the three last, which have been already granted.

DEPUTATIONS.

The council, in order to secure the granting of various applications made to Government, have deemed it advisable to send to Melbourne several deputations during the past half-year.

The successful results of the labor of such deputations, as published in the reports of the council's proceedings, has fully justified it in incurring the expense to further the interests of the town.

PUBLIC WORKS.

The following public works have been satisfactorily carried out during the past half-year:

The formation and making of 31 chains of road in Peg Leg.

The formation and making of 84 chains of road leading to Porcupine Flat.

The repair of a portion of the road near the Springs.

The building of town surveyor's and rate collector's office.

HEALTH OFFICER'S REPORT.

This officer reports the health of the district as favorable.

WATER SUPPLY.

Since the last half-yearly report under this head the cutting of the race along the base of the Mount, and laying down pipes, has been delayed in consequence of a leak in the reservoir; the water has been let off, and a party of men are now engaged to discover and stop the leak, after which the works contemplated will be carried out. The cutting of the race alluded to will increase the drainage area from 74 to 350 acres.
