2. *Land which may be leased.*—All crown lands within the colony of Victoria may be leased under these regulations, except—

Lands occupied by any person by virtue of a miner's right, business license, or Chinese residence license, other than the applicant, of which any person other than the applicant may be entitled by any lease or license to hold for mining purposes:

The whole or any part of any land in or over which any person other than the applicant has any interest or authority other than those above mentioned, which he may lawfully use or exercise for mining purposes, or for discovering the existence of gold or other metal or mineral:

The whole or any part of any lands leased for agricultural or other purposes.

On or previous to the day of such publication, the person or persons so applying, shall erect at or near to each angle of the land for a lease of which the application shall be made, a post not less than three inches square, and standing at least three feet above the surface of the ground; upon one of which posts he or they shall affix a copy of such application.

The commissioner of crown lands, or warden of the gold fields to whom such application shall have been delivered, shall as soon as conveniently may be after such delivery, enter or cause to be entered in a book kept for that purpose such application, numbered according to the order in which it shall have been received; and shall thereupon, and upon receipt of the deposits referred to in the application, give to the applicant a certificate and receipt in the form in the schedule hereunto annexed marked B; and the priority of every application shall be determined according to the time at which it shall have been received and entered as aforesaid.

land applied for, and survey the same, and furnish such commissioner of crown lands or warden of the gold fields with a report thereon as to the area, boundaries, and description thereof, the character of the ground, and extent of the surface thereof, which he shall consider ought to be included in the lease applied for, having regard to the nature of the mining intended, also setting forth as accurately as may be the minerals or metals which it is supposed to contain, as also any claims to prior occupancy respecting which he shall make enquiry while making the survey, accompanied by a plan of the ground on the scale of two chains to the inch, showing whether the lands are applied for on or below, or both on or below the surface, together with a map of the part of the district within which the ground is situate, so as to connect the particular area applied for with at least one fixed point in the district.

6. *Surveyor to mark out the land applied for.*—The said mining surveyor shall, after having obtained such direction as aforesaid, proceed with all reasonable speed to carry out the same, and he shall also mark out the land applied for, by fixing at each angle thereof, and in or near the middle of the side lines thereof, a post painted white, and standing at least three feet above the surface of the ground, and he shall also mark out that portion of the surface of the said land which he shall consider ought to be included in the lease applied for, by fixing at each angle of such portion, and in or near to the middle of each of the boundary lines thereof, a post painted red, and standing at least three feet above the surface of the ground; and shall securely affix, upon some convenient place within the boundaries of the land applied for, a notice, dated on the day of the completion of the survey, setting forth, in the form of the schedule hereunto annexed marked C, the description of the land applied for, and the name and address or names and addresses of the applicant or applicants.

PETITION UNDER THE MUNICIPAL ACT.

VICINITY OF GISBORNE.

THE Governor, with the advice of the Executive Council, has directed the publication of the substance and prayer of the petition hereinafter set forth, signed by fifty-seven householders, purporting to be the majority resident within an area adjoining to the municipal district of Gisborne, containing an average of thirty-six resident householders for each square mile of such contiguous area, praying that their locality may be united with and form part of the said municipal district.

JOHN O'SHANASSY.

Chief Secretary's Office,
Melbourne, 15th July, 1862.

4274.

The petitioners state that they are householders resident upon lands outside of and adjacent to the municipality of Gisborne, and that they constitute a majority of the residents within an area surrounding the said municipality containing an average of thirty-six resident householders for each square mile, which area they are desirous should be annexed to and form part of the said municipality.

And the petitioners pray as follows:—

"Your petitioners therefore pray that your Excellency will be pleased to declare by Proclamation the respective localities within which we reside be united with and form part of the said municipality of Gisborne, by the following general description, as defined and set forth on the plan [which accompanied the petition], viz:—Commencing at a line from the south-east corner of block xxx. on the Mount Alexander road, running north two miles forty chains to the north-east corner of section 1, known as Todd's paddock; then running west one mile twenty chains to the south-east corner of that part of Early's allotment known as New Gisborne; then north fifteen chains to the south side of the railway line; then along the railway line eighteen chains to the section of the west boundary of allotment 17, known as Hurst's paddock, with the Mount Alexander Railway; then along the west boundary of Hurst's paddock south twenty chains to the north-east corner of the Racecourse paddock; then west twenty-four chains along the Racecourse boundary; then south-west along the same boundary twenty-five chains to the Mount Alexander road; then south along the Mount Alexander road forty-five chains to the section of the west boundary of block xxxiv. with the main Mount Alexander road; then due south along the west boundary of section 34 one mile sixty-four chains to the south-west corner of section 1, known as the Gisborne town common; then due east one mile sixty chains to the south-east corner of section xxx., the starting point."

PETITION UNDER THE MUNICIPAL ACT.

RUTHERGLEN.—No. II.

IN pursuance of the Act 18 Victoria No. 15, the Governor, with the advice of the Executive Council, has directed the publication of the substance and prayer of a petition* addressed to his Excellency as hereafter set forth, signed by One hundred and sixty-four householders resident in the township of Rutherglen, praying for the erection of their locality into a municipal district.

JOHN O'SHANASSY.

Chief Secretary's Office,
Melbourne, 5th August, 1862.

4883.

The petitioners state that they are householders residing in the township of Rutherglen, and that it is in the centre of a large and important mining and agricultural district, the population of which, according to the census returns, is over four thousand.

They further state, that the town contains more than three hundred householders; that the buildings are, for the most part, well and substantially constructed; and that at the earnest wish of the townspeople the land in the township has recently been sold; but that as at present no means exist for effecting local improvements otherwise than by private enterprise, the streets and roadways are unformed, and in winter partially impassable.

They therefore believe that the establishment of a municipality will greatly conduce to the prosperity and permanent welfare of the town, and suggest the following municipal boundaries, viz:—Commencing from a point sixty-seven chains south-east (magnetic) from the south-eastern angle of allotment No. 7, section 20, parish of Carlyle; bearing thence due west one mile; bearing thence due north two miles; bearing thence due east one mile; bearing thence due south two miles to the commencing point.

And the petitioners pray as follows:—

"Your petitioners therefore humbly pray that the district as above defined may be proclaimed a municipality under the name of 'The Municipal District of Rutherglen,' according to the provisions of the Act of Council 15 Victoria No. 15."

[The signatures to the above-mentioned petition appeared in the Gazette, No. 91, pp. 1372-3 ante.]

* This petition is for the same purpose and nearly in the same terms as that gazetted on the 13th of June last, with the exception of the proposed boundaries.

A second donation has been made to the trustees of the Queen's Gardens.

The junction of the Germantown and Colac roads has received the attention of the council, and it is expected this necessary work will shortly be accomplished.

The Conewarre Road Board having applied that the traffic on the four main roads might be retaken, such has been done, and the returns show a marked increase on the Mount Colite road.
