## TOWN COMMONS.

## PROCLAMATION.

By His Excellency SIR CHARLES HENRY DARLING, Knight Commander of the Most Honorable Order of the Bath, Governor and Commander-in-Chief of the Colony of Victoria, &c., &c., &c.

WHEREAS by *The Land Act, 1862*, it is amongst other things enacted, that when any Crown land remains unsold in or within five miles of any municipal district, or upon or within five miles of any gold field, or in or within five miles of any town not contained in any municipal district, or within any agricultural area of which at least one-fourth part has been selected, the Governor in Council may proclaim such land to be a municipal common, or a gold fields common, or a town common, or a farmers' common respectively, as the case may be; and it is also enacted that the Governor in Council may at any time increase, diminish, alter, or abolish any common proclaimed before or after the passing of the said Act: Now therefore I, Sir Charles Henry Darling, the Governor of Victoria, with the advice of the Executive Council, do hereby abolish and proclaim (as the case may be) the commons herein-after mentioned, in accordance with the above-recited provisions of the said Act, that is to say:—

THE TOWN COMMON FOR GLENORCHY, described amongst others in a Proclamation bearing date the eighteenth day of February, 1861, is hereby abolished; and the area hereafter described shall be and constitute the Town Common for Glenorchy aforesaid, viz.:—Seven hundred and sixty acres, more or less, being the unappropriated and unsold lands within the township reserve of Glenorchy; and allotments 102 and 103, and that portion of land north of allotments 93 and 94, in the parish of Gampala, and west of the bridge over the Wimmera River; as shown on plan deposited in the Crown Lands Office, Melbourne.—(64.J.10304.)

THE TOWN COMMON FOR NAVARRE shall comprise the land hereafter described, viz.:—Containing four hundred acres: Commencing at the north-west angle of the boundary of the township of Navarre; thence south by the said town boundary eighty chains; thence by the north boundary of the sold land, bearing west fifty chains; thence by a line bearing north eighty chains; and thence by a line bearing east fifty chains to the commencing point.—(64.L8366.)

Given under my Hand and the Seal of the Colony, at Melbourne, this twenty-first day of November, in the year of our Lord One thousand eight hundred and sixty-four, and in the twenty-eighth year of Her Majesty's reign.

(L.S.)

C. H. DARLING.

By His Excellency's Command,

J. M. GRANT,

President of the Board of Land and Works.

GOD SAVE THE QUEEN!

## CONTROL OF THE BIRREGURRA FARMERS' COMMON.

## PROCLAMATION.

By His Excellency SIR CHARLES HENRY DARLING, Knight Commander of the Most Honorable Order of the Bath, Governor and Commander-in-Chief of the Colony of Victoria, &c., &c., &c.

WHEREAS by *The Local Government Act, 1863*, it is amongst other things enacted, that the council of each shire shall, in the place and stead of the Board of Land and Works, alone have control over all farmers' commons and temporary commons for the use of selectors of lands, such commons respectively being within the shire and proclaimed under the Act numbered CXLV, and over all farmers' commons within the meaning of the Act numbered CXVII, within the shire; and it is also enacted, that in all cases in which part only of any such common as hereinbefore mentioned shall be situated within any shire, the Governor in Council may order that the whole of such common either shall be and be deemed included in, or shall be and be deemed excluded from, such shire, or else may order that the several parts of such common so lying within and without such shire respectively shall be separate commons, and such common shall to all intents and purposes be deemed to be either within or without such shire, or such several parts thereof to be separate commons according to the tenor of such order: And whereas the farmers' common described amongst others in a Proclamation bearing date the fourth day of March, 1861, under the designation of the Farmers' Common at Birregurra, is situated partly within and partly without the shire of Winchelsea, and it is expedient that it should be wholly under the control of the council of the said

shire: Now therefore I, Sir Charles Henry Darling, the Governor of Victoria, with the advice of the Executive Council, do order and proclaim that the whole of the said Farmers' Common at Birregurra shall, in accordance with the provisions of the Act hereinbefore recited, be deemed to be included within the shire of Winchelsea.

Given under my Hand and the Seal of the Colony, at Melbourne, this twenty-first day of November, in the year of our Lord One thousand eight hundred and sixty-four, and in the twenty-eighth year of Her Majesty's reign.

(L.S.)

C. H. DARLING.

Mr. Wood	Mr. Mitchell
	Mr. Mac Mahon

WHEREAS by an Act of the Parliament of Victoria, passed in the twenty-fifth year of Her present Majesty's reign (No. 148), intitled, *An Act to amend the law relating to Leases of Auriferous Lands and for other purposes*, it is amongst other things enacted that it shall be lawful for the Governor in Council, from time to time, to make regulations, not being contrary to the provisions of the said Act, prescribing the amount of rent or royalty, or the fee to be paid by licensees under the said Act, the form of licenses, the conditions upon which such licenses shall be issued and the privileges to be enjoyed under them, the manner in which the amount of compensation to be paid by any licensees under the said Act shall be determined, and generally for carrying out the provisions of the said Act, and such regulations may be applicable either to the whole colony or any part thereof, or to any particular description of land or mode of mining, and such regulations from time to time to alter, amend, or rescind; and it is also enacted that no such regulation shall have any force or efficacy until twenty-one days after it shall have been published in the *Government Gazette*: And whereas it is expedient to make regulations respecting water-rights: Now therefore His Excellency the Governor, by and with the advice of the Executive Council, doth by this present Order make the regulations hereto subjoined respecting licenses authorizing persons to cut, construct, and use races, dams, and reservoirs, upon any Crown lands, in accordance with the provisions of the said Act, that is to say:—

1. *Interpretation clause.*—In the construction and for the purposes of these regulations, the word "race" shall mean an artificial channel for conveying water, whether formed by cutting and excavating the ground, or by boxes or troughs connected together.

The word "dam" shall mean an artificial earthwork, stone or wooden wall, formed and used for retaining water in a reservoir.

The word "reservoir" shall mean a place where water is stored and retained by artificial embankments or walls.

2. *Lands which may be licensed.*—Any Crown lands, whether the same shall or shall not have been demised under the provisions of any other Act now or hereafter to be in force.

3. *How application shall be made.*—Every person desirous of obtaining a license authorising him to cut, construct, and use a race, dam, or reservoir, shall apply therefor by forwarding, through the Commissioner of Crown Lands, to the minister having for the time being charge of the mining interests of the colony, and addressed to him, an application in the form in the schedule hereunto annexed marked A, and which application shall be signed by such person with his name and address, and shall bear date the day of its delivery to the said Commissioner of Crown Lands; and he shall also publish in one of the newspapers published in, or if none be published in, then in a newspaper published nearest to the district wherein the lands on which it is proposed to cut or construct such race, dam, or reservoir are situate, a copy of such application; such publication to appear in that issue of the said newspaper which shall appear next after the day of the delivery as aforesaid of the said application.

4. *The ground applied for to be marked.*—On or previous to the day of such publication the person or persons so applying shall, in case the application shall be for a race, erect or cause to be erected on the lands applied for, and on the course of the proposed race, posts, not less than three inches square, standing at least three feet in height above the surface of the ground, and distant not more than twenty chains from each other; and in case the application be for a reservoir, shall erect such posts at such principal angles of, or some other conspicuous spots on, the boundary of the ground proposed to be used for such reservoir; and all the posts herein referred to shall be maintained in their places until the application shall be granted or refused: Provided that if the lands applied for shall have been demised, and if the applicant shall be prevented from erecting such posts,

then and in such case it shall be sufficient if such applicant shall mark out the land as near to the mode herein in that behalf prescribed as the circumstances will permit.

5. *Applicant for a license for a dam or reservoir to furnish plans and sections.*—Every applicant for a license to construct a dam or reservoir, shall furnish sketch plans and sections, on the scale of twenty feet to one inch, showing the proposed situation of the dam or reservoir, and the proposed mode of construction of the works connected therewith, and these plans and sections shall accompany his application.

6. *Preliminary deposit to be made.*—Previous to the time of making such application the applicant or applicants must deposit with the clerk of the Commissioner of Crown Lands, or if there be no such clerk, with the clerk of the petty sessions holden nearest to the land or some part of the land to be affected by the grant applied for, the sum of Ten pounds as a guarantee for the payment of the expenses of survey, and of any other expenses which may, by or on behalf of or by direction of the Crown, be incurred in connection with such application, such payments to be made by the said clerk according as the minister having such charge as aforesaid shall direct, and such clerk shall give to the person or persons paying the said sum, a receipt therefor in the form in the schedule hereto marked B. Any portion of such sum which shall remain after the payment of such expenses shall be returned to the applicant, but if the application be withdrawn, or if the applicant shall neglect or refuse to take delivery of the grant, then the whole sum, after the payment of such expenses as aforesaid, shall be forfeited: Provided that the expression "Commissioners of Crown Lands" used herein and throughout these regulations shall mean the Commissioner of Crown Lands acting for the time being in the district within which the land, or some part of the land to be affected by the grant applied for, shall lie.

7. *Mining surveyor to survey the land applied for.*—Upon the receipt by the Commissioner of Crown Lands of such application and the money to be deposited as aforesaid, the said Commissioner of Crown Lands shall direct a mining surveyor to proceed to the proposed site of the race, dam, or reservoir, and survey the same, and furnish such Commissioner of Crown Lands with a report containing a description thereof, and a statement as to the intended course of such race, and the intended area and boundaries of such dam or reservoir, the probable supply of water for such race or reservoir, the plan proposed for obtaining such supply, whether it is proposed to take or divert water from any spring, lake, pool, or stream, and, if so, setting forth in what quantity, and whether there is there existing any other race, dam, or reservoir, which could or might be affected by the race, dam, or reservoir the license for which shall be applied for, and also whether the Crown lands forming the proposed site for such race, dam, or reservoir, have or have not been demised under the provisions of any Act of Parliament, and shall also at the same time furnish to such commissioner a map of the part of the district within which the said site shall be situate, showing the position and form, as nearly as may be, of the dam or reservoir, or the course of the race, and in such a manner as that the same may be capable of ascertainment by reference to some fixed points in such district.

8. *Surveyor to affix notices.*—The said mining surveyor shall, after having obtained such direction as aforesaid, proceed with all reasonable speed to carry out the same, and he shall also ascertain by inspection whether or not the posts erected by the applicant or applicants are sufficient to indicate the ground applied for, and if he shall think that additional posts should be erected he may order the same to be erected, and they shall accordingly be erected by such applicant or applicants, and the said surveyor shall affix at such convenient places as he shall think requisite on the line of the proposed race, or on the site of the proposed dam or reservoir, notices dated the day of the completion of the said survey, setting forth, in the form of the schedule hereunto annexed marked C, a general description of the land applied for, and the name and address of the applicant or each of the applicants, and such notices shall be effectually secured by the surveyor.

9. *Where more than one application is made for the same land.* In the event of applications being made for any such licenses which, if granted, would be inconsistent or would interfere with each other or could not be beneficially held concurrently, that one of such applications as shall have been first left with the Commissioner of Crown Lands shall be first considered, and in case any two or more of such applications shall be left with the said commissioner at the same time, it shall be in the discretion of the Governor to which of the applicants the license shall be granted.

10. *Objections to issue of license.*—Any person objecting to the issue of any such license shall, within twelve clear days after the date of the notice posted on the land by the surveyor as aforesaid, lodge with the Commissioner of Crown Lands, and deliver to the applicant or applicants, at the address or addresses stated in such notice posted as aforesaid, full notice of all objections against the issue of such license.

11. *Objectors to deposit a sum as security for due prosecution of objections.*—Every person so objecting shall (except in cases of interference or encroachment which are otherwise provided for) deposit with the clerk of the Commissioner of Crown Lands or of such petty sessions as aforesaid, the sum of Five pounds, to be disposed of by such clerk in such manner as the minister having such charge as aforesaid shall direct, in payment of all expenses to which the applicant or applicants may be put by reason of such objection, in case such objection shall not be prosecuted, or shall fail; and such clerk shall give to the person or persons making such deposit a receipt in the form in the schedule hereto marked D, and in case there shall be no such expenses, or if there shall be any then subject to the pay-

ment thereof, the said sum shall be refunded to the person so objecting.

12. *Enquiry into applications, &c., to be held after expiration of certain period.*—As soon as conveniently may be after the expiration of the twelve days, exclusive of Sunday, Good Friday, and Christmas Day, allowed for objections, and after the delivery to the Commissioner of Crown Lands of the receipt in the last preceding clause marked D, the said commissioner shall proceed to hold at a time and place to be named by him, and of which not less than two clear days' notice shall be given by him to the applicant and objector, or, if more than one, to each of the applicants and objectors, an enquiry into the truth of the particulars stated by the applicant or applicants and of the objections made by each objector, and the said commissioner shall have power to adjourn the hearing of such objections to any other time and place: Provided that if several men unite in one objection, notice to any one of them shall be sufficient.

13. *After enquiry, report to be forwarded.*—At such enquiry the Commissioner of Crown Lands shall hear such evidence as shall be tendered to him in relation to the application and objections, and on the second of the two days which shall next follow after such enquiry, or, should there be no objections, immediately after the expiration of the twelve days allowed for objections, he shall forward to the office of the minister having such charge as aforesaid the application and objections thereto, if any, and the evidence taken by him as aforesaid, if any, with his opinion thereon, together with the report, plan, and map to be furnished to him by the surveyor as aforesaid, and the sketch plans and sections referred to in clause 5 hereof.

14. *Copy of report may be obtained by every applicant.*—Every applicant who shall require the same, shall be permitted to take a copy of the mining surveyor's report and map of the ground to be affected by the license applied for, and shall also at any time before the said commissioner shall have forwarded the evidence as aforesaid be entitled to examine the same and to make or cause to be made a copy of the same for his own use and guidance.

15. *Date and form of license, and where to be obtained.*—Every license shall bear date the day of the execution thereof by the Governor, or by such person as shall be duly authorised in that behalf by the Governor, and shall be in the form in the schedule hereunto marked E, and may be obtained at the office of the Commissioner of Crown Lands, who shall deliver the same to the applicant or applicants, or such person as shall be duly authorised by him or them to receive the same, upon delivering to the said commissioner a receipt showing that a fee of £1 has been paid by the applicant or applicants to the clerk of the said commissioner, or of such petty sessions as aforesaid, and also of a receipt from a receiver and paymaster for the first half year's rent.\*

16. *Extent of land to be sold under a license.*—The land which will be permitted to be used under a license for a race shall not exceed an area of four acres for every mile in length of such race, and no land bordering on any dam or reservoir shall be used for any other purpose than that of collecting, retaining, or storing water: Provided that in case the license shall be for a race, if by reason of any natural impediment it shall be impracticable or attended with unforeseen difficulty or expense to cut the same according to the line originally designed therefor, it shall be lawful for the licensee, having first obtained the permission of the minister having such charge as aforesaid, to deviate in the cutting of such race so far from such originally designed line as shall be necessary to escape the effects of such impediment.

17. *Term for which license can be granted.*—The term for which any license shall be granted shall be determined in each case according as the Governor from a consideration of the circumstances in each such case shall think fit, but such term can in no case exceed fifteen years.

18. *Rents to be paid.*—The rents to be paid shall be as follows:—

For every race such sum as shall be considered proper, having regard to the quantity of water and the expenditure necessary, but not less than Five pounds per annum.

For every reservoir Ten shillings per annum for every million gallons of water according to capacity.

The above rents to be paid yearly in advance.

19. *Conditions of license.*—The grants of licenses to cut and use races shall be subject to the following conditions:—If the drainage of any area through which such race shall be cut shall be more than adequate for the supply of the water authorised to be taken by the person to whom such license shall have been granted, and any other such license shall have been granted to some other person to cut and use a race to be supplied with water from the same area, the Governor shall have the right to require the persons to whom such licenses shall have been granted to construct, and they shall on such requisition at their joint cost construct a reservoir, to be approved by some person to be appointed by the Governor, for the purpose of the storage of the water of such area in sufficient quantity for the supply of both the said races; and in case any third, fourth, or other subsequent such license should be granted in respect of the water of the same area of drainage, the same being more than sufficient for the races then supplied therefrom, the Governor shall also have the right upon any such subsequent grant being made to require all the persons then holding such licenses to construct, if not theretofore constructed, and they shall on such requisition at their joint cost construct such reservoir, or if there shall have been theretofore constructed, then to enlarge, and they shall on such requisition enlarge the same so far as

shall be necessary for the purpose of the storage of water in sufficient quantity for the supply of all the races in respect of which licenses shall have been granted within such area; such enlargement to be approved of by such person as the Governor shall appoint for the purpose: Provided that if at any time the water derived from such area shall have become diminished to a quantity less than sufficient for the supply of all the races then existing and in use, the several licensees shall be entitled to use such water in the order of priority of dates of their respective grants; provided also that if on the occasion of any such enlargement of a reservoir the parties bound under the provisions hereof to effect the same shall not agree as to the proportion of the expense to be borne by them respectively, the Governor shall be entitled to fix such proportion. In case a license shall be granted to cut or construct a race or reservoir within a drainage area within which one or more than one race shall already have been cut, the Governor shall have the right to require the licensee or licensees for such one or more than one race, at his or their cost alone, to construct or enlarge such reservoir as in this clause first mentioned, and for the purpose therein mentioned, instead of requiring the same to be done by him or them jointly with the person to whom the license in this clause first mentioned shall have been granted, and the licensee or licensees so required shall construct or enlarge such reservoir accordingly. If any race shall intersect any road ordinarily used for the passage of wheeled vehicles, whether such road shall have been proclaimed or not, footway, race, or canal, the licensee shall, at his own expense, construct good and substantial bridges, footways, roadways, or aqueducts over the same, the several works to be subject to the approval of an officer appointed by the Governor; and such licensee shall maintain all such works in good repair, and shall, if required by a Commissioner of Crown Lands, make, or cause to be made, at his own expense, temporary roadways, footways, races, or aqueducts, in such manner as shall be by such commissioner ordered during the time the permanent roadways, footways, or other works are in course of construction: Provided that if any such roads, footways, or other works shall be under the control of any municipal council, road board, or other local body, then, and in such case the several works to be constructed by the licensee shall be subject to the approval of an officer to be appointed by such municipal council, road board, or other local body.

A license for a race shall be liable to be forfeited by order of the Governor in case the provisions of this and the last preceding clauses shall not be observed by the licensees bound to the observance thereof; and a license for a race or reservoir shall be liable to be forfeited at the will of the Governor in any of the following cases:—If any such race or reservoir shall without good cause be left without being *bond fide* used for any period of twelve months, the Governor to determine whether the same has been left without being so used or not. If any dam or any of the works connected with such race or reservoir shall become from neglect or imperfect construction dangerous to the public, or shall be suffered to remain out of repair for any unreasonable time, the Governor to determine whether such works have so become dangerous or not, or have been so suffered to remain out of repair.

The Governor shall be entitled at any time to revoke any such license and resume possession of the land upon which any such race, dam, or reservoir shall have been cut or constructed, upon payment to the person then entitled to the benefit of any such license of the value of the outlay by such person upon or in respect of such race, dam, or reservoir, and such per-centage thereon, not exceeding Fifty pounds per cent., as shall be just, having regard to the value and state of repair of such race, dam, or reservoir, and of the works connected therewith.

20. *Form of transfer.*—Any person to whom any such license shall have been granted shall be at liberty to transfer the same to any other person, provided that he shall give notice of such transfer to the minister having charge for the time being of the mining interests of the colony. Every such transfer shall be effected by an instrument in writing signed by the transferee in presence of a justice of peace, and shall be in the form in the schedule hereto marked F; and every person to whom any such transfer shall be made shall be subject to these regulations as fully as if the license had been originally granted to himself.

21. *Compensation for injury.*—In any case in which an application shall be granted to cut or construct any race, dam, or reservoir, in or upon any land demised under the provisions of this or any other Act now or hereafter to be in force, or occupied by virtue of a miner's right or business license, and if the licensee shall enter upon such land the Commissioner of Crown Lands shall, on complaint being made by the said lessee of the land or holder of miner's right or business license, give notice in writing to the licensee and the lessee of the land or the holder of the miner's right or business license, as the case may be, to appear before him at a time and place to be named in such notice, and shall then and there receive such evidence as may be tendered to him and as may be pertinent to such enquiry, and shall decide what shall be the amount of the compensation to be paid by the applicant.

22. *Special cases.*—In cases where it shall be shown that a departure from the foregoing areas or rents would, under special circumstances, be desirable, the same may be altered by the Governor, and such conditions and stipulations may be imposed and such rents and royalties reserved as by the said Governor may be considered necessary.

23. *Persons entering on land applied for subsequent to application.*—If any person or persons shall subsequently, to the making of any application under these regulations, whilst the same is under consideration, enter upon or occupy any Crown land for which such application has been made, such occupation or entry shall not operate to prevent the issue of a license to the said applicant or applicants.

J. H. KAY,  
Clerk of the Executive Council,

ORDER IN COUNCIL REGULATING LICENSES AUTHORISING PERSONS TO CUT AND CONSTRUCT RACES, DAMS, AND RESERVOIRS (UNDER THE LAND ACT, 1862).

At the Government House, Melbourne, the twenty-first day of November, 1864.

PRESENT:

His Excellency the Governor

Mr. McCulloch  
Mr. Higinbotham  
Mr. Verdon

Mr. Hervey  
Mr. Francis  
Mr. Sullivan

**WHEREAS** by *The Land Act, 1862*, it is amongst other things enacted, that it shall be lawful for the Governor in Council from time to time to make rules and regulations prescribing the form of licenses authorising persons to enter upon Crown Lands for the purpose of cutting and constructing upon and through the land described in such license, or for deepening, widening, cleaning, repairing, or otherwise improving any race, dam, or reservoir, the restrictions, limitations, and conditions to which any such license shall be subject, the fee to be paid therefor, and generally for the more fully carrying out the objects and purposes of the said Act; and to rescind such rules and regulations and to make other rules and regulations in lieu thereof; and it is also enacted that all such rules and regulations shall be laid before both Houses of Parliament within fourteen days after the making thereof, if Parliament be then sitting, and if Parliament be not sitting, then within fourteen days after the commencement of the next sitting of Parliament, and that such general regulations shall be published in the *Government Gazette*: Now therefore His Excellency the Governor, by and with the advice of the Executive Council, doth by this present Order make the rules and regulations hereto subjoined, that is to say:—

1. *Interpretation clause.*—In the construction and for the purposes of these regulations the word "race" shall mean an artificial channel for conveying water, whether formed by cutting, embanking, and excavating the ground, or by boxes or troughs connected together.

The word "dam" shall mean an artificial earthwork, stone or wooden wall, formed and used for retaining water in a reservoir.

The word "reservoir" shall mean a place where water is stored and retained by artificial embankments or walls.

2. *Lands which may be licensed.*—Any Crown lands not under lease.

3. *How application shall be made.*—Every person desirous of obtaining a license authorising him to cut, construct, deepen, widen, clean, repair, or otherwise improve any race, dam, or reservoir, shall apply therefor, by forwarding through the Commissioner of Crown Lands, to the minister having for the time being charge of the mining interests of the colony, and addressed to him, an application in the form in the schedule hereto marked A, and which application shall be signed by such person with his name and address, and shall bear the date of its delivery to the said Commissioner of Crown Lands; and such Commissioner shall, on receipt of the said application and on production to him of the receipt in the 5th clause hereof mentioned, give to the applicant a certificate in the form in the schedule hereto marked B; and the applicant shall also publish in one of the newspapers published in, or if none be published in, then in a newspaper published nearest to the district wherein the lands on which it is proposed to cut, construct, deepen, widen, clean, or otherwise improve any such race, dam, or reservoir, are situated, a copy of such application; such publication to appear in that issue of the said newspaper which shall appear next after the day of the delivery as aforesaid of the said application: Provided that the expression "Commissioner of Crown Lands," used herein and throughout these regulations, shall mean the Commissioner of Crown Lands acting for the time being in the district within which the land, or some part of the land to be affected by the license applied for, shall lie.

4. *The ground, license to enter upon which is applied for, to be marked.*—On or previous to the day of such publication, the person or persons so applying shall, in case the application be for a race, erect or cause to be erected along the course of the proposed race, posts not less than three inches square, standing at least three feet in height above the surface of the ground, and distant not more than twenty chains from each other; and in case the application be for a reservoir, shall erect such posts at such principal angles or of some other conspicuous spots on the boundaries of the ground proposed to be used for such reservoir. And all the posts herein referred to shall be maintained in their places until the application shall be granted or refused, provided that if the application be for a license to deepen, widen, clean, or otherwise improve any race, dam, or reservoir, theretofore constructed (but for the construction of which a license shall not have been granted), it shall be sufficient if the applicant erect one post in some conspicuous part on the course of the race, or on the boundary of the reservoir.

5. *Preliminary deposit to be made.*—Previous to the time of making such application, the applicant or applicants must deposit with the clerk of the Commissioner of Crown Lands, or if there be no such clerk, with the clerk of the Petty Sessions holden nearest to the land or some part of the land to be affected by the license applied for, the sum of Five pounds, as a guarantee for the payment of the expenses of survey and of any other expenses which may be by or on behalf of or by direction of the Crown be incurred in connection with such application, such payments to be made by the said clerk, according as the minister having such charge as aforesaid shall direct; and such clerk shall give to the person or persons depositing the said sum a receipt therefor in the form in the schedule hereto marked C. Any portion of such sum which shall remain after the payment of

such expenses shall be returned to the applicant; but if the application be withdrawn without the consent of such minister, or if the applicant shall neglect or refuse to take delivery of the license, subject to the provisions and within the time herein-after provided for, then the whole sum, after the payment of such expenses as aforesaid, shall be forfeited.

6. *Mining surveyor to survey the land, license to enter upon which shall be applied for.*—Upon the receipt by the Commissioner of Crown Lands of such application, and on the production to him of the receipt for the money to be deposited as aforesaid, the said Commissioner of Crown Lands shall, subject to the proviso in the next clause hereof, direct a mining surveyor to proceed to the proposed site of the race, dam, or reservoir, and survey the same, and furnish such Commissioner of Crown Lands with a report containing a description thereof, and a statement as to the intended course of such race, and the intended area and boundaries of such dam or reservoir; the water capable of being supplied to such race or reservoir; the scheme proposed for obtaining such supply; whether it is proposed to take or divert water from any spring, lake, pool, or stream, and if so, setting forth in what quantity; and whether there is any existing race, dam, or reservoir, which could or might be affected by the race, dam, or reservoir, the license to construct which shall be applied for; and shall also, at the same time, furnish to such commissioner a map of the part of the district within which the said site shall be situated, showing the position and form, as nearly as may be, of the dam or reservoir, or the course of the race, and in such manner as that the same may be capable of ascertainment by reference to some fixed points in such district.

7. *Surveyor to affix notices.*—The said mining surveyor shall, after having obtained such direction as aforesaid, proceed with all reasonable speed to carry out the same, and he shall also ascertain by inspection whether or not the posts erected by the applicant or applicants are sufficient to indicate the ground applied for; and if he shall think that additional posts should be erected, he may order the same to be erected by such applicant or applicants, by whom they shall accordingly be erected; and the said surveyor shall affix on the day or the day after the day of the completion of the said survey, at such convenient places as he shall think requisite on the line of the proposed race, or on the site of the proposed dam or reservoir, notices dated the day of such posting, setting forth in the form of the schedule hereto marked D, a general description of the land applied for, and the name and address of the applicant, or each of the applicants, and such notices shall be effectually secured by the surveyor; and all the matters and things referred to herein, as well as any other circumstances affecting the license applied for, shall be set forth in the report mentioned in the 6th clause hereof: Provided that if the application shall be for a license to deepen, widen, clean, or otherwise improve any race, dam, or reservoir theretofore constructed, the Commissioner of Crown Lands shall not in the first instance order the mining surveyor to make such survey or affix such notices; but he shall on receipt of the application and production to him of the receipt for the money to be deposited as aforesaid, forthwith forward such application to such minister as aforesaid, who may, if he shall think fit, direct such commissioner to cause such survey to be made and such notices to be fixed; and in such case the said commissioner shall proceed in respect of such survey and notices, and take all other proceedings in respect of such last-mentioned application as in the other cases hereby provided for.

8. *Objections to issue of license.*—Any person objecting to the issue of any such license must, in order to the examination of his objections, within twelve clear days after the date of the notice so posted as aforesaid, lodge with the Commissioner of Crown Lands, and also deliver to the applicant or applicants, at the address or addresses stated in such notices, full notice, in writing, of all objections against the issue of such license.

9. *Objectors to deposit a sum as security for due prosecution of objections.*—Every person so objecting shall, on the day of lodging his objections with the Commissioner of Crown Lands, deposit with the clerk of such commissioner, or if there be no such clerk, with the clerk of such petty sessions as aforesaid, the sum of Three pounds, to be disposed of by such clerk in such manner as the minister having such charge as aforesaid shall direct, in payment of all expenses to which the applicant or applicants may be put by reason of such objection, in case such objection shall not be prosecuted, or shall fail; and such clerk shall give to the person or persons making such deposit, a receipt, in the form in the schedule hereto marked E; and in case there shall be no such expenses, or if there shall be any, then, subject to the payment thereof, the said sum shall be refunded to the person so objecting.

10. *Enquiry into objections, &c., to be held after expiration of certain period.*—As soon as conveniently may be after the expiration of the twelve days, exclusive of Sunday, Good Friday, and Christmas Day, allowed for objections, and after production to the Commissioner of Crown Lands of the receipt in the last preceding clause mentioned, the said commissioner shall on the application of any person who shall have given notice of any such objection, fix a time and place to be named by him, and of which not less than two clear days' notice shall be given by him to the applicant and objector, or if more than one, to each of the applicants and objectors, at which he will hold an enquiry into the truth of the particulars stated by the applicant or applicants, and of the objections made by each objector; and at such time and place he shall hold such enquiry, and he shall have power to adjourn the hearing of such objections, to any other time and place: Provided that if several persons unite in one objection, notice of the time and place for such enquiry to any one of them shall be sufficient: Provided that if the person who shall have lodged any such notice of objections as aforesaid shall not within two days after the expiration of such twelve days as aforesaid, apply to the said commissioner to fix a time and place for holding such enquiry as aforesaid, such

person shall be deemed to have abandoned his objections, and thereupon, notwithstanding the same, but without prejudice to any other objections which may have been lodged, the license applied for may be granted if in other respects it be thought right so to do.

11. *After enquiry, report to be forwarded.*—At such enquiry, the Commissioner of Crown Lands shall hear such evidence as shall be tendered to him in relation to the application and objections, and on the second of the two days which shall next follow after such enquiry, or, should there be no objections, immediately after the expiration of the twelve days allowed for objections, he shall forward to the office of the minister having such charge as aforesaid, the application and objections thereto, if any; and the evidence taken by him as aforesaid, if any, with his opinion thereon, together with the report, and map to be furnished to him by the mining surveyor as aforesaid.

12. *Copy of report may be obtained by every applicant.*—Every applicant who shall require the same shall be permitted to take a copy of the mining surveyor's report and map of the ground to be affected by the license applied for, and shall also at any time before the said commissioner shall have forwarded the evidence as aforesaid, be entitled to examine the same, and to make or cause to be made a copy of the same for his own use and guidance.

13. *Date and form of license, and where to be obtained.*—Every license shall bear date the day of the execution thereof by the Governor, or by such person as shall be duly authorised in that behalf by the Governor, and shall be in the form in the schedule hereto marked F, or as near thereto as the circumstances of the case will permit. Whenever it shall be notified to the Commissioner of Crown Lands that any such license is to be granted, he shall with convenient speed by notice, in writing, inform the applicant or one of the applicants thereof, and that such license may, within seven days from the date of such notice, be obtained at the office of such commissioner, who shall on application to him therefor within such seven days, and on production to him of a receipt from a receiver and paymaster for the fee to be paid for such license, deliver such license to the applicant or applicants, or such person as shall be duly authorised by him or them to receive the same.

14. *Extent of land to be held under a license.*—The land which will be permitted to be used under a license for a race shall not exceed an area of four acres for every mile in length of such race, and no land bordering on any dam or reservoir shall be held under such license for any other purpose than that of collecting, retaining, or storing water: Provided that in case the license shall be for a race, if by reason of any natural impediment it shall be impracticable or attended with unforeseen difficulty or expense to cut the same according to the line originally designed therefor, it shall be lawful for the licensee, having first obtained the permission of the minister having such charge as aforesaid, to deviate in the cutting of such race so far from such originally designed line as shall be necessary to escape the effects of such impediment.

15. *Term for which license can be granted.*—The term for which any license shall be granted cannot exceed one year from the date of such license; but if the licensee shall, within fourteen days of the expiry of the term of such license, or any subsequent license to be granted as hereinafter mentioned, notify to the minister having such charge as aforesaid that he desires to have a new license, and if he adduce evidence sufficient to show that he has complied with the conditions of the license then in force, the Governor, or the person duly authorised in that behalf by the Governor, may grant a new license without requiring the applicant to erect posts, publish notices, or make application to the Commissioner of Crown Lands, as hereinbefore directed.

16. *Fees to be paid.*—The fees to be paid shall be as follows:—  
For every race, Five pounds sterling  
For every reservoir, Ten shillings for every million gallons of water according to capacity.

The receipt of a receiver and paymaster for the above fees to be produced to the Commissioner of Crown Lands at the time of the delivery of the license.

17. *Conditions of license.*—The grants of licenses to cut and use races shall be subject to the following conditions:—If the drainage of any area through which such race shall be cut shall be more than adequate for the supply of the water authorised to be taken by the person to whom such license shall be granted, and any other such license or licenses shall be granted to some other person or persons to cut and use a race or races to be supplied with water from the same area, the Governor shall have the right to require all the persons to whom such licenses shall have been granted, to construct, and they shall, on such requisition, at their joint cost construct a reservoir, to be approved by some person to be appointed by the Governor, for the purpose of the storage of the water of such area in sufficient quantity for the supply of all the said races; and in case any subsequent such license shall be granted in respect of the water of the same area of drainage, the same being more than sufficient for the races then supplied therefrom, the Governor shall also have the right upon any such subsequent grant being made to require all the persons then holding such licenses to construct, if not theretofore constructed, and they shall on such requisition, at their joint cost, construct such reservoir, or if there shall have been theretofore constructed then to enlarge, and they shall on such requisition at their joint cost enlarge the same so far as shall be necessary for the purpose of the storage of water in sufficient quantity for the supply of all the races in respect of which licenses shall have been granted within such area; such enlargement to be approved of by such person as the Governor shall appoint for the purpose: Provided that if at any time the water derived from such area shall have become diminished to a quantity less than sufficient for the supply of all the races then existing and in use, the several licensees shall be

entitled to use such water in the order of priority of dates of their respective grants: Provided also that if on the occasion of any such joint construction or enlargement of a reservoir the parties bound under the provisions hereof to effect the same shall not agree as to the proportion of the expense to be borne by them respectively, the Governor shall be entitled to fix such proportion. In case a license shall be granted to cut or construct a race within a drainage area within which one or more than one race shall already have been cut, the Governor shall have the right to require the licensee or licensees for such one or more than one race, at his or their cost alone, to construct or enlarge such reservoir as in this clause first mentioned, and for the purpose therein mentioned, instead of requiring the same to be done by him or them jointly with the person to whom the license in this clause first mentioned shall have been granted, and the licensee or licensees so required shall construct or enlarge such reservoir accordingly.

18. If any race shall intersect any road ordinarily used for the passage of wheeled vehicles, whether such road shall have been proclaimed or not, or any footway, race, or canal, the licensee shall, at his own expense, construct good and substantial bridges, footways, roadways, or aqueducts over such race, the same to be subject to the approval of an officer appointed by the Governor; and such licensee shall maintain all such works in good repair, and shall, if required by a Commissioner of Crown Lands, make, or cause to be made, at his own expense, temporary roadways, footways, races, or aqueducts, in such manner as shall be by such commissioner ordered during the time the permanent roadways, footways, or other works shall be in course of construction: Provided that if any such roads, footways, or other works shall be under the control of any municipal council, road board, or other local body, then and in such case the several works to be constructed by the licensee shall be subject to the approval of an officer to be appointed by such municipal council, road board, or other local body.

19. A license for a race shall be liable to be forfeited by order of the Governor in case the provisions of this and the last preceding clauses shall not be observed by the licensee bound to the observance thereof; and a license for a race or reservoir shall be liable to be forfeited at the will of the Governor if any dam, or any of the works connected with such race or reservoir shall become from neglect or imperfect construction dangerous to the public, or shall be suffered to remain out of repair for any unreasonable time, the Governor to determine whether such works have so become dangerous or not, or have been so suffered to remain out of repair.

20. *Persons entering on land applied for subsequent to application.*—If any person or persons shall subsequently to the making of any application under these regulations, whilst the same is under consideration, enter upon or occupy any Crown land for which such application has been made, such occupation or entry shall not operate to prevent the issue of a license to the said applicant or applicants.

21. Any person who shall, without the consent in writing of the minister having such charge as aforesaid, enter upon and occupy for mining purposes or otherwise any land the subject of an application for a license under these regulations, before the publication of the notice in the *Government Gazette* in respect of such land, which the Secretary for Mines is hereinafter required to cause to be published, shall be deemed to be in the unauthorised occupation of such land.

22. *Default in applying for license on notice that same is to be granted.*—If the applicant or applicants shall not by himself or themselves, or his or their duly authorised agent, within seven days after the service upon him or them or one of them of the notice referred to in the 13th clause hereof, apply for the license to the Commissioner of Crown Lands, and produce to him the receipt in that clause mentioned, such commissioner shall notify the same to the minister having such charge as aforesaid, and shall not deliver the license to any such applicant, unless and until he shall have received from such minister directions so to do, and such minister shall in such case have power either to withhold such license altogether or at any time thereafter to deliver or direct to be delivered the same, if he shall so think fit, and no license shall be considered as granted until the same shall have been delivered to the applicant or applicants, or to his or their duly appointed agent.

23. *Refusal of or withdrawal of application for license, &c.*—If any such license shall be refused or the application therefor shall be withdrawn, or if it shall be determined under the power in the last preceding clause mentioned, to withhold altogether any such license, or if the applicant or applicants shall refuse to accept the license applied for, then and in every such case the Secretary for Mines shall cause a notice thereof to be published in the *Government Gazette*, such notice also to make known that the ground described in the application for such license is open to the holders of miners' rights, or business licenses, or to applicants for leases or licenses under any Act empowering the Governor in Council or otherwise to grant the same; and further, shall direct a mining surveyor to proceed with convenient speed to the said ground, and cause all posts, notices, and other marks, if any, whereby such ground shall have been distinguished as applied for under these regulations, to be removed.

## SCHEDULES.

### SCHEDULE A. Form of Application.

I, the undersigned, hereby apply to the [official designation of the minister having for the time being charge of the mining interests of the colony] for a license for the purpose of constructing the particulars of which are hereunder set forth; and I herewith produce the receipt of the clerk of the Commissioner of Crown Lands [or petty sessions,

#### PETITION FOR A NEW BOROUGH. RAYWOOD, ETC.

NOTICE is hereby given, in accordance with the provisions of *The Municipal Corporations Act, 1863*, section 11, that a petition has been presented to the Governor, signed by one hundred and fifty-four inhabitant householders resident at Raywood and Neilborough, wherein the petitioners state that those localities are situate within and at the northern extremity of the Marong Road District, and have no local representative at the district board; and they declare themselves anxious to secure the benefit of local government, and suggest that the townships of Raywood and Neilborough, and lands immediately adjoining, to the extent of nine square miles, may be included in a borough; and they pray accordingly.

The area of the proposed borough, the petitioners describe as follows:—"Five thousand seven hundred and sixty acres or nine square miles: Commencing at the north-western angle; thence north 46° east one hundred and eighty chains; thence south 44° east three hundred and twenty chains; thence south 46° west one hundred and eighty chains; thence north 44° west three hundred and twenty chains to the commencing point aforesaid. The block is connected with the north-east angle of allotment 3, section 23, parish of Yarraberr, county unnamed, in the following manner:—Commencing at the said north-east angle; thence south 55° 35' west seventy-eight chains to the north-western angle of the proposed municipal area; bearings magnetic."

The Governor has been pleased to order that the said petition be taken into consideration by his Executive Council, on Monday, the 2nd day of January, 1865.

J. McCULLOCH,  
Chief Secretary.

Chief Secretary's Office,  
Melbourne, 1st December, 1864.

## SHIRE OF LEXTON.

## PROPOSED SUBDIVISION.

THE Governor has received a petition, signed by forty persons liable to be rated under *The Local Government Act*, 1863, in respect of rateable property in the Shire of Lexton, wherein the petitioners state that the area of the shire is large, and that by subdividing it into three Ridings, with the boundaries which they describe, a more complete representation of the ratepayers at the council, and a more certain apportionment of the local revenues, will be secured; and further, that as the proposed boundaries will be "contained by the leading main and trunk roads," an equable distribution of the shire funds will be thus brought about. And the petitioners pray as follows:—  
 "Your petitioners therefore pray that your Excellency will be pleased to order the subdivision of the Shire of Lexton into three subdivisions, called respectively the North, South, and West Ridings, with the boundaries set forth in the schedule attached [to the petition]."

J. F. SULLIVAN.

Office of Roads and Bridges,  
 Melbourne, 25th November, 1864.

## CASTLEMAINE MINING DISTRICT.

BYE-LAW.—[21st November, 1864.]

At a meeting of the mining board of the mining district of Castlemaine, holden at the Board Room, Castlemaine, in the said district, on the 21st day of November, One thousand eight hundred and sixty-four, it is ordained by the said board as follows, that is to say:—

## BYE-LAW 18.—CLAIMS IN BANKS AND BEDS OF RIVERS.—SECTION 1.

To give greater encouragement for the working of the beds and banks of rivers, it shall be lawful for any person being the holder of a miner's right, to take up and hold a claim on the course of any river, such claim not to exceed twenty acres in extent; provided there shall be employed in connection with such claim one man for every acre so held; and in no case shall the said claim exceed in length four times the breadth thereof. Application according to bye-law 13.

## SECTION 2.

That where it is considered necessary or advisable to divert the course of any river by expensive cutting to provide a channel for the same, the miner shall be allowed sufficient ground for such purpose exclusive of his claim; provided he mark off the course of such channel by pegs fixed in the ground at a distance of twenty yards, or thereabouts, and make application to the surveyor, who shall mark off the ground necessary for the same. Application according to bye-law 13.

Surveyor's fees:—Section 1. Survey, 20s. for two acres; for each acre above two, 5s. Mileage, 2s. per mile. Under section 2, survey, 20s.

The undersigned members of the said mining board concurred in making the foregoing bye-laws.

JOHN RAMSAY, Chairman.  
 THOMAS HART,  
 JAMES MOSCUP,

**C. MOLLISON,**  
Chairman of Local Board.

Warden's Office,  
Sandhurst, 24th November, 1864.

## FIREWOOD AND WATER AT SMYTHESDALE.

TENDERS will be received by the Chairman of the Tender Board at Smythesdale, up to Twelve o'clock noon on the 16th day of December, 1864, for the supply of Firewood and Water for the year 1865, to the various Government Departments at Smythesdale.

Full particulars may be obtained on application to the Chairman of the Board.

J. P. HAMILTON,  
Chairman of the Tender Board.

Smythesdale, 28th November, 1864.

## FUEL AT WARRNAMBOOL.

TENDERS will be received until Noon on Tuesday, 13th December, 1864, for supplying the Government Departments, at Warrnambool, during the year 1865, with Firewood (she-oak, white or red gum), at per ton of forty (40) cubic feet. Printed forms of tender and every information can be obtained from the Chairman of the Board, to whom the tenders, sealed and marked, "Tender for Firewood," are to be sent.

No tender will be entertained unless the certificate be filled up and signed by some responsible person willing to become bound in the sum of £20, for the due fulfilment of the contract. The bond to be executed within five (5) days after acceptance of the tender.

The Board will not necessarily accept the lowest or any tender.

LEWIS GILES,  
Chairman of Local Board.

Court House,  
Warrnambool, 24th November, 1864.

## CONTRACT SURVEYS.

SEPARATE tenders for the performance in each of the undermentioned Survey Districts of the several surveys enumerated below will be received at the Department of Lands and Survey, up to Twelve o'clock on Tuesday, the 3rd day of January, 1865, under the conditions notified to tenderers for Contract Surveys in the *Government Gazette* of the 14th May, 1861.

Survey of detached residence areas on gold fields under five acres in extent.

Survey and marking of main and secondary roads, and occupation roads.

Survey of connected township allotments, ranging from twenty perches to half an acre.

Survey of detached agricultural allotments, ranging from twenty up to six hundred and forty acres in extent.

Such surveys to be made at the instance of and under the specific directions of the District Surveyor, and will embrace only such surveys as may not be let by the department by tender in the usual way. The successful tenderer under this advertisement will therefore have no monopoly of the surveys required in the district.

Tenderers will state separately for each district:—

Rate per lineal mile trenched as directed on specification for township surveys.

Rate per lineal mile marked as directed for suburban surveys.

Rate per lineal mile marked for main and secondary roads unconnected with survey of allotments (both sides of road marked, but payment made by single measurement).

Rate per lineal mile chained in feature survey and connection lines.

Rate per lot for marking detached allotments under five acres in extent:—

1st class. Containing under fifteen allotments in one connected survey.

2nd class. Comprising fifteen allotments and upwards in one connected survey.

The requisite plans of these surveys to be finished in accordance with the specifications for contract surveying, and preparation of plans for photolithographic purposes.

The rates accepted for these surveys to be in operation up to the 31st December, 1865.

The surveys to be executed personally by the contractor, unless under very special circumstances, authority for which will have to be obtained from the Surveyor General.

The surveys in future are to be proceeded with in the following order. Lists of the applications for surveys in each district received in one calendar month will be handed to the contractor on or about the first day of the month following, and such surveys are to be proceeded with at once, and finished before any further applications of a more recent date can be commenced:—

- 65/1. Ballarat Survey District.
- 65/2. Ararat
- 65/3. Castlemaine
- 65/4. Sandhurst
- 65/5. Dunolly
- 65/6. Beechworth
- 65/7. Omeo
- 65/8. Crooked River
- 65/9. Gipps Land

Further particulars to be obtained at the above District Survey Office.

The Board of Land and Works will not necessarily accept the lowest or any tender.

J. M. GRANT,  
President of the Board of Land and Works.  
Lands and Survey Office,  
Melbourne, 30th November, 1864.

## Tenders for the Service of 1865.

## GENERAL STORES FOR RAILWAYS.

TENDERS will be received until Noon on Friday, the 23rd December, from persons willing to furnish the undermentioned Supplies, in such quantities as may be required by the Government Storekeeper, on behalf of the Department of Victorian Railways, during twelve calendar months, from the 1st January to the 31st of December, 1865.

Printed forms of tender may be obtained from the Government Storekeeper, by whom also any information or explanation will be afforded to persons tendering.

Separate tenders will be received for each schedule, but they must include the whole of the articles therein mentioned, and one price must be stated for each article. The value of all packages, whether bulk be broken or not, must be included in the prices demanded.

Tenderers must state the security proposed, whether in debentures, bank deposit receipt, cash deposit, guarantee society's bond, or surties; if the latter, the tender must be accompanied by a certificate from two responsible persons that they are willing to become bound as surties; and in either case, the bond must be executed within ten days of acceptance of the tender, failing which the contract may be again advertised at the risk of the tenderer, or another tender accepted. The Government will not necessarily accept the lowest or any tender, and may elect to require money surety. Persons failing to take up their contract will be disqualified as future contractors.

The names of the tenderers and their proposed surties, together with their addresses, must be stated at full length.

All tenders must be enclosed in a separate envelope, marked "Tender for —" (as the case may be), and be deposited in the Tender-box at the Government Stores, King street; or if sent by post, they must be addressed to the Government Storekeeper, Melbourne.

## CONDITIONS.

1. Every article to be of the very best quality and most serviceable description, and subject to approval; and should articles of any particular manufacture be ordered, the same are to be furnished at the rates set forth in the contract.

2. All orders for supplies under these contracts must issue from the Secretary of Railways, and all goods must be delivered free of charge to the Railway Stores, Williamstown, unless otherwise directed by the Secretary.

3. The contracts entered into under this notice are not to be considered as being infringed or vitiated by the importation of stores for the Government service of the Victorian Railways, or by the purchase of articles manufactured in the penal establishments.

4. The Government will not be bound to issue orders upon the contractors for the total quantities specified in the schedules, but only for such quantities as may from time to time be required.

5. Delivery, as a rule, is to be of the full quantity ordered at one time; but all deliveries must be accompanied with detailed invoices or bills of parcels in duplicate, showing quantity, rate, and value, also the number of the order for the goods, otherwise the goods will not be received.

6. In the event of supplies ordered under these contracts not being delivered within forty-eight hours, it will be competent for the Government Storekeeper, on the order of the Secretary, to purchase the same, or such articles as may be suitable for the service, at the risk of the contractor, from whose account any expense over and above the contract price will be deducted.

7. Each contractor will be required to prepare his own account monthly, in the prescribed form, and render the same to the Railway Storekeeper for certification, previously to payment at the Treasury.

8. In the event of a difference of opinion between the contractor and the head of the department requiring the supply, as to the quality, the same is to be decided by a board of survey, composed of persons named by the Government, and the decision of the board is to be considered final. Any expense incurred on account of the rejection of supplies by a board of survey will be charged to the contractor.

9. If the board shall decide that the article is not of proper quality, it must be immediately replaced by the contractor,

failing which it will be procured elsewhere, and the extra expense, if any, will be charged to the contractor.

10. The Government Storekeeper will have power to reject such article or articles as are obviously of inferior character, it being understood that he will be responsible to the Government for so doing, and the contractor must take back the rejected article, and supply good in its stead, failing which it will be procured elsewhere, and the extra expense, if any, will be charged to him.

11. A repetition of irregularity in the quantity or quality of the supplies, or of delay in delivering or replacing them when required, will subject the contractor, upon report from the Government Storekeeper, to such mulct, not exceeding one-fourth the amount of the monthly account, as the Government may direct. It will also be in the power of the Government, upon such repetition, to terminate the contract forthwith.

12. It will be competent, either for the contractor on his own behalf, or for the Government Storekeeper on behalf of the Government, to terminate the contract by giving a notice in writing of three full calendar months to the opposite party; it being understood that such notice can be given only from the first day of a month, and within the period for which the contract is made.

#### FINISHED BRASSWORK.

**TENDERS** will be received until Noon on Friday, 23rd December, from persons willing to furnish Finished Brasswork, in such quantities as may be required for the Government Railways, from 1st January until the 31st December, 1865.

The work required is the brass or gun-metal mountings and fittings of the locomotive engines, carriages, &c., including all kinds of steam or water cocks, or any other kind of finished gun-metal or brass work that the Locomotive Branch may require for the Victorian Railways, and which may be wanted to replace those now in use, or to be made of an entirely new form; and the contractor is to give one general price per lb. at which he will be prepared to execute all the finished gun-metal or brass work that may be ordered from him for the locomotive engines, carriages, &c., belonging to the Victorian Railways.

The gun-metal and brass work are both to be cast from pure copper and tin, and no old metal or mixture of any kind whatever is to be used, unless specially ordered by the Locomotive Superintendent.

The whole of the mountings, fittings, and all other gun-metal or brass work that may be ordered from the contractor, are to be made accurately to patterns or drawings, which will be supplied. The whole of the workmanship is to be of the very best description, and all the turning work is to be got up perfectly true, and polished on outside surfaces; and the whole of the work ordered to be polished is to be finished in a thoroughly workmanlike manner, and lacquered, if required, of a suitable color. The whole of the joints and every portion of the work must be perfectly sound and steam-tight under the full pressure of steam; and any article that shall prove at all defective, or in any way not in accordance with the patterns, drawings, or conditions of this specification, will be immediately returned to the contractor, who must take back the rejected article, and supply good in its stead, failing which it will be procured elsewhere, and the extra expense, if any, will be charged to the contractor.

The whole of the threads are to be chased, or cut up in a screw-cutting lathe, and are to be of Whitworth's threads, or such other threads as may be directed, and to be true and a thoroughly good fit male and female.

Any connections that may require brazing or soldering are to be so brazed or soldered as may be directed.

Tenders must state the security proposed, whether in debentures, bank deposit receipt, cash deposit, guarantee society's bond, or sureties; if the latter, the tender must be accompanied by a certificate from two responsible persons that they are willing to become bound as sureties; and in either case the bond must be executed within ten days of acceptance of the tender, failing which the contract may be again advertised at the risk of the tenderer, or another tender accepted. The Government will not necessarily accept the lowest or any tender, and may elect to require money surety. Persons failing to take up their contract will be disqualified as future contractors.

The names of the tenderers and their proposed sureties, together with their addresses, must be stated at full length.

All tenders must be enclosed in a separate envelope, marked "Tender for Brass Castings," and be deposited in the Tender-box at the Government Stores, King street; or, if sent by post, must be addressed to the Government Storekeeper, Melbourne.

Security for due fulfilment of contract £50.

#### CONDITIONS.

1. All orders for supplies under these contracts must issue from the Secretary of Railways, and all goods must be delivered free of charge to the Railway Stores, Williamstown, unless otherwise ordered by the Secretary.

2. Notwithstanding the delivery of the articles into the store, and a receipt having been given for them, should such articles turn out unsound, not in accordance with pattern or instructions, or in any way whatever defective, or of different quality of gun-metal or brass to that ordered, they must be taken away from the Railway Store at Williamstown at the expense of the contractor, and other articles must be supplied in lieu thereof, without any delay, and without additional charge.

3. Should the contractor, in the opinion of the Engineer-in-Chief, fail to furnish work in accordance with this specification, then, in seven days after due notice to that effect shall have been given in writing, the Government Storekeeper shall have full power to re-advertise and relet this contract to any other person the Government shall think fit; and at the expiration

of seven days after such notice shall have been given to the contractor this contract shall become null and void.

4. The contractor must furnish with each delivery detailed invoices, or bills of parcels in duplicate, showing quantity, rate, and value, also the number of the order of the goods, otherwise they will not be received. Delivery, as a rule, is to be of the full quantity ordered at one time.

5. The contractor will prepare his own account on the prescribed form, and render the same to the Railway Storekeeper for certification previously to payment at the Treasury.

6. In the event of a difference of opinion between the contractor and the head of the department requiring the supply as to the quality, the same is to be decided by a board of survey, composed of persons named by the Government, and the decision of the board is to be considered final. Any expense incurred on account of the rejection of supplies by a board of survey will be charged to the contractor.

7. If the board shall decide that the article is not of proper quality it must be immediately replaced by the contractor, failing which it will be procured elsewhere, and the extra expense, if any, will be charged to the contractor.

8. The Locomotive Superintendent will have power to reject such article or articles as are obviously of inferior character, it being understood that he will be responsible to the Government for so doing, and the contractor must take back the rejected article, and supply good in its stead, failing which it will be procured elsewhere, and the extra expense, if any, will be charged to him.

9. Irregularity in the quantity or quality of the supplies, or delay in delivering or replacing them when required, will subject the contractor, upon report from the Locomotive Superintendent, to a penalty not exceeding Ten pounds; and it will be in the power of the Government, upon repetition of such irregularities, to terminate the contract forthwith.

10. The contractor, under this specification, shall have no claim to execute the whole of the gun-metal or brass work that may be required by the Locomotive Branch of the Railway Department; the department reserving to itself the right either to buy or make such portions of the work as may be deemed expedient.

11. It will be competent either for the contractor on his own behalf, or for the Government Storekeeper on behalf of the Government, to terminate the contract by giving a notice in writing of three full calendar months to the opposite party; it being understood that such notice can be given only from the first day of a month, and within the period for which the contract is made.

#### IRON CASTINGS.

**TENDERS** will be received until Noon on Friday, 23rd December, from persons willing to furnish Iron Castings, in such quantities as may be required for the Government Railways, from 1st January until the 31st December, 1865.

The castings are required for locomotive engine work, carriage work, &c., all patterns being supplied by the Railway Department.

Whenever specially ordered, the castings shall be run from the very best "cold blast iron," and of such particular brand, quality, and mixture, as may be described in the order; or of such other substituted mixture as may be approved or directed by the Locomotive Superintendent, so as to produce a hard, close, soft, or other description of metal.

The following must all be of good mixture of "cold blast" iron:—

No. 1.—Locomotive or engine cylinders, as specified	per cwt.
No. 2.—Castings of all descriptions, moulded in loam and oven dried, as specified...	"
No. 3.—Very best description of sand castings, moulded in boxes, as specified, and dried if required	"
No. 3a.—Chilled castings	"

The following must all be of good mixture of "hot blast" iron:—

No. 4.—Open sand castings	per cwt.
No. 5.—Common heavy castings, for furnace work, &c.	"
No. 6.—Furnace bars	"
No. 7.—Railway chairs	"
No. 8.—General heavy permanent way castings	"
No. 9.—Water pipes, bends, sockets, T pieces, &c., of four inches diameter and upwards	"
No. 10.—Water pipes in straight lengths of four inches diameter and upwards	"

Tenders must state the security proposed, whether in debentures, bank deposit receipt, cash deposit, guarantee society's bond, or sureties; if the latter, the tender must be accompanied by a certificate from two responsible persons that they are willing to become bound as sureties; and in either case the bond must be executed within ten days of acceptance of the tender, failing which the contract may be again advertised at the risk of the tenderer, or another tender accepted. The Government will not necessarily accept the lowest or any tender, and may elect to require money surety. Persons failing to take up their contract will be disqualified as future contractors.

The names of the tenderers and their proposed sureties, together with their addresses, must be stated at full length.

All tenders must be enclosed in a separate envelope, marked "Tenders for Iron Castings," and be deposited in the Tender-box at the Government Stores, King street; or, if sent by post, must be addressed to the Government Storekeeper, Melbourne. Security required £50.

#### CONDITIONS.

1. All orders for supplies under these contracts must issue from the Secretary of Railways, and all goods must be delivered free of charge to the Railway Stores, Williamstown, unless otherwise ordered by the Secretary.

2. Notwithstanding the delivery of any castings into the store and a receipt having been given for them, should such castings turn out unsound, not in accordance with pattern or instructions, or in any way whatever defective, or of different quality of iron to that ordered, they must be taken away from the Railway Store at Williamstown at the expense of the contractor, and other castings must be supplied in lieu thereof, without delay, and without additional charge.

3. Tenderers must fill in opposite to each particular item in the schedule the price at which he undertakes to execute the work, according to the specification and conditions.

4. Should the contractor, in the opinion of the Engineer-in-Chief, fail to furnish work in accordance with this specification, then, in seven days after due notice to that effect shall have been given in writing, the Government Storekeeper shall have full power to re-advertise and relet this contract to any other person the Government shall think fit; and at the expiration of seven days after such notice shall have been given to the contractor, this contract shall become null and void.

5. The contractor must furnish with each delivery detailed invoices or bills of parcels, in duplicate, showing quantity, rate, and value, also the number of the order of the goods, otherwise they will not be received. Delivery, as a rule, is to be of the full quantity ordered at one time.

6. The contractor will prepare his own account on the prescribed form, and render the same to the Railway Storekeeper for certification, previously to payment at the Treasury.

7. In the event of a difference of opinion between the contractor and the officer requiring the supply, as to the quality, the same is to be decided by a board of survey, composed of persons named by the Engineer-in-Chief, and the decision of the board is to be considered final. Any expense incurred on account of the rejection of supplies by a board of survey will be charged to the contractor.

8. If the board shall decide that the article is not of proper quality, it must be immediately replaced by the contractor, failing which it will be procured elsewhere, and the extra expense, if any, will be charged to the contractor.

9. The Locomotive Superintendent will have power to reject such article or articles as are obviously of inferior character, it being understood that he will be responsible to the Government for so doing, and the contractor must take back the rejected article, and supply good in its stead, failing which it will be procured elsewhere, and the extra expense, if any, will be charged to him.

10. Irregularity in the quantity or quality of the supplies, or delay in delivering or replacing them when required, will subject the contractor, upon report from the Locomotive Superintendent, to a penalty not exceeding Ten pounds; and it will be in the power of the Government, upon repetition of such irregularities, to terminate the contract forthwith.

11. It will be competent either for the contractor on his own behalf, or for the Government Storekeeper on behalf of the Government, to terminate the contract by giving a notice in writing of full three calendar months to the opposite party; it being understood that such notice can be given only from the first day of a month, and within the period for which the contract is made.

#### FIREWOOD.

TENDERS will be received until Noon on Friday, the 9th day of December, for the supply of 6366 tons of Firewood at the undermentioned stations, for the use of the Engineer in Chief and Traffic Superintendent:—

	Tons.
At Woodend ... ..	3000
Woodend pumping engine ...	100
Kyneton ditto ... ..	100
Middle Gully ditto ... ..	100
Lal-lal ditto ... ..	100
Lal-lal Station ... ..	2100

The wood is to be split out of large forest timber of either red or white gum, box, or she-oak, and must be perfectly sound; peppermint and stringy bark will not be received.

The wood is to be split into billets of convenient sizes for the use of the engines, and is to be cut into billets 2 feet in length, and no small branches will be received.

The whole of the firewood, when delivered, is to be stacked where pointed out, in stacks of such sizes as will be directed, ready for measurement, at the contractor's expense. The stacks are to be 2 feet wide by 5 feet high, with space between each stack for measuring, and the billets are all to lay the same way, viz.: crossways of the stacks, in the form of a cord, and are to be laid as closely and solidly as possible in the stack.

The wood for the locomotive engines is to be stacked on the station grounds as aforesaid, but that required for the pumping engines will have to be delivered at the pumping engines, and stacked inside the fence.

Tenderers are to state the price at per ton of 50 cubic feet. No wood will be measured until it shall have been stacked fourteen days, so as to have settled down, and must then stand 5 feet high by 2 feet wide. The contractor will be required to provide cash security for the due performance of his contract, which security shall amount to the sum of ten (10) per cent. on the total amount of the said contract, and must be paid into Her Majesty's Treasury, at Melbourne, to the credit of the Commissioner of Railways, within seven days from the acceptance of his tender, and shall remain to the credit of the said Commissioner until the final completion of his contract, when on the Engineer in Chief's certificate that the whole of the contract has been completed to his entire satisfaction, the amount of such security will be returned to the contractor.

The contractor will be paid only on the measurement of the wood by the officers of the Government, after it has been delivered and properly stacked by the contractor and left as aforesaid; payment will then be made at the rate of 90 per cent. at the completion of each delivery of 100 tons; the remaining 10 per cent., together with the cash security, will be paid over to the contractor on the certificate of the Engineer-in-Chief that the whole of the contract has been completed to his satisfaction.

The firewood is to be delivered at each place mentioned herein, and is to be delivered at the rate of at least 100 tons per week at each place mentioned, commencing not later than the 1st day of January, 1865.

Also for the use of the traffic superintendent at the under-mentioned stations:—

Woodend 650 tons  
Buninyong 216 "

A separate price is to be stated for delivery at each station, and tenderers must specify the description of wood, and if mixed, in what proportion of kind; the date of commencing and completing delivery must also be given.

The wood is to be tendered at per ton of fifty cubic feet, to be split out of large timber, to be perfectly sound, and cut into billets not exceeding nor less than two feet in length.

When delivered, the wood is to be solidly stacked where pointed out on the station ground, at the contractor's cost, and in stacks of two feet wide by five feet high, or such other dimensions as may be directed ready for measurement; but no stack is to exceed two feet in width, and must be measured and certified to by the railway storekeeper. Cash security to the amount of 10 per cent. will be required for due fulfilment of the contract.

On certificate of the traffic superintendent that the contract has been completed to his satisfaction, the amount deposited as security will be repaid to the contractor.

For each and every week's delay in delivery beyond the time specified for completion of the contract, the Government shall be entitled to deduct as and for liquidated damages the sum of £10 sterling.

Tenders, endorsed, "Tenders for Firewood, ——— Station, are to be deposited in the tender-box at the Government Store, King street, or if sent by post must be addressed to the Government Storekeeper, Melbourne.

The Government will not necessarily accept the lowest or any tender.

Persons failing to take up their contract will be disqualified as future contractors.

#### COAL.

TENDERS will be received until Noon on Friday, the 16th of December next, from persons willing to supply Coal at Melbourne and Geelong, in such quantities as may be required by the Engineer-in-Chief, for Government Railways, from the 1st of January to the 31st December, 1865, inclusive.

The estimated consumption at Melbourne, during the year, will be about 12,000 tons, and at Geelong 4000 tons.

The coal is to be delivered daily, and during such hours as may be required by the officer receiving on the coal platforms, at such part of the station-ground as may be pointed out, in bags each containing 1½ cwt. net, weighed at the expense of the contractor on the platform.

The contractor will be required at his own cost to provide a sufficient supply of coal bags to keep two days' supply upon the Melbourne and on the Geelong platforms, and the contractor will bear all loss through wear and tear of bags.

The bags will be returned to the contractor on the third day following the delivery, and a receipt must be given by the contractor or his agent, at the time of receipt of the bags, for all bags returned, and the Government hold themselves responsible only for deficiency in return of bags.

Tenderers are to specify the price for each of the following kinds of coal separately, viz.:—

Wallsend  
Australian Agricultural Company  
Mimmi  
Waratah  
Coal and Copper Company  
Or other New South Wales mines

Further particulars may be obtained from the Government Storekeeper, Melbourne, the Locomotive Superintendent, Melbourne, or the Loco. Foreman at Geelong.

Security will be required, to the amount of £1000, for the due fulfilment of the Melbourne, and £500 for the due fulfilment of the Geelong contract, either by debentures, bank deposit receipt, or by bond; if the latter, the tender must be accompanied by a certificate from two responsible persons that they are willing to become bound as sureties; and in either case the security must be completed within five days, failing which the contract may

be again advertised and another tender accepted. Persons failing to take up their contract will be disqualified as future contractors.

Tenders, endorsed, "Tender for Coal, Railways," are to be deposited in the tender-box at the Government Stores; or, if by post, addressed to the Government Storekeeper, Melbourne.

The Government will not necessarily accept the lowest or any tender.

#### CONDITIONS.

1. The coal is to be the very best of its kind, and must be either screened before delivery, over a screen with bars at least one inch apart and ten feet long, set at an angle of 45 degrees to the ground level, or hand-picked so as to be of the same size as if screened in the above manner, and be quite free from small shale or other impurities.

2. The orders will be issued by an officer of the railway department; and, should an order not be complied with within twenty-four hours, it will be competent for the local officer who ordered, to purchase at the contractor's risk.

3. Coal, when delivered, is to be accompanied by the order, which will be received by the officer receiving the supply, and must be rendered with the contractor's accounts.

4. The contractor will be required to prepare his own account monthly or bi-monthly on the prescribed form, and present the same in a complete state signed by the officer receiving the supply, to the Railway Storekeeper, who will send it forward for payment at the treasury, or at a district pay office, as the case may be.

5. In the event of a difference of opinion between the contractor and the officer receiving the supply as to the quality, the same is to be decided by the Engineer-in-Chief or the Locomotive Superintendent, and the decision of either is to be final.

6. The Engineer-in-Chief or officer in charge at the station will have the power to reject coal which is of inferior quality, and the contractor must take back the rejected coal and supply good in its stead, failing which it will be procured elsewhere, and the extra expense charged to the contractor.

7. A repetition of irregularity in the quality or quantity of the supplies, or delay in delivering or replacing them when required, will subject the contractor to such mulct not exceeding Fifty pounds for each case as the Government may direct. It will also be in the power of the Government to terminate the contract forthwith.

8. It will be competent for the contractor, or for the Government Storekeeper on behalf of the Government, to terminate the contract, by giving, in writing, a notice of three calendar months, it being understood that such notice can be given only from the first day of a month, and within the period for which the contract is made.

9. The contractor will not be exempt from wharfage or other import or landing rates.

#### COAL FOR SMITHY PURPOSES.

TENDERS will be received until Noon on Friday, the 23rd December, from persons willing to supply Coal for smithy purposes, in such quantities as may be required by the Government, for the Railway Department, from 1st January until the 31st December, 1865.

Tenderers to specify separately the price for each of the following kinds:—

Australian Agricultural Company  
English Tanfield Moor

Security will be required to the amount of Fifty pounds for due fulfilment of the contract, either by debentures, bank deposit receipt, cash deposit, Guarantee Society's bond, or sureties; if the latter, the tender must be accompanied by a certificate from two responsible persons that they are willing to become bound as sureties, and in either case the security must be completed within ten days, failing which the contract may be again advertised, at the risk of the contractor, or another tender accepted.

The Government will not necessarily accept the lowest or any tender.

Persons failing to take up their contract will be disqualified as future contractors.

Tenders, endorsed, "Tender for Coal for Smithy purposes," are to be deposited in the tender-box at the Government Stores, King street; or, if sent by post they must be addressed to the Government Storekeeper, Melbourne.

#### CONDITIONS.

1. The coal is to be of the very best of its kind, and must be screened before delivery over a screen with bars half an inch apart, and afterwards over a screen with bars an inch apart. The coal is to be of medium size, nobbly smith's coal, free from large lumps, dust, shale, sulphur, and other impurities.

2. The contractor is to deliver the coal screened, ready for use, into the waggon on the railway or breakwater pier at Williamstown, at the option of the Government, or may deliver at any station on the Victorian Railways, the cost of carriage from thence to the Williamstown Stores to be paid by the contractor. The coal will be weighed by the Government, and such weight and returns shall form the basis upon which the contractor's account will be made out.

3. The contractor will be required to produce the invoice and a letter from either company, to prove the genuineness of the coal, before it will be received. The coal will be afterwards subjected to such test as the Engineer-in-Chief may decide, before acceptance.

4. Orders for Tanfield Moor coal will be issued by the secretary one week previous to the departure of English mail; and if the coal ordered be not supplied at the expiration of seven

calendar months from the date of the departure of such mail, it will be competent for the Government Storekeeper, on the order of the secretary, to purchase, at the risk of the contractor, and subject him to a mulct not exceeding Five pounds for each and every day's delay in the delivery after the time specified, disasters of the seas excepted.

5. The contractor will be required to prepare his own account monthly or bi-monthly on the prescribed form, and present the same in a complete state, signed by the officer receiving the supply, to the Engineer-in-Chief, for his certificate; it must then be countersigned by the Railway Storekeeper previously to payment at the Treasury or at a District Pay Office, as the case may be.

6. In the event of a difference of opinion between the contractor and the officer receiving the supply, as to the quality of the coal, the same is to be decided by a board of survey composed of persons named by the Engineer-in-Chief, and the decision of the board is to be final.

7. If the delay necessary for obtaining the decision of a board of survey should be detrimental to the public service, the Engineer-in-Chief or Locomotive Superintendent will have the power to reject coal which is of an inferior quality, it being understood that he will be responsible to the Government for so doing; and the contractor must take back the rejected coal and supply good in its stead, failing which it will be procured elsewhere and the extra expense charged to him.

8. Irregularity in the quantity or quality of the supplies, or delay in delivering or replacing them when required, will subject the contractor to such mulct not exceeding Fifty pounds for each case, as the Government may direct; and it will also be in the power of the Government to terminate the contract forthwith.

9. It will be competent for the contractor, or for the Government Storekeeper on behalf of the Government, to terminate the contract, by giving, in writing, a notice of three calendar months, it being understood that such notice can be given only from the first day of a month and within the period for which the contract is made.

10. The orders will be issued by the secretary; and, should an order for Australian Agricultural coal not be complied with and satisfied within seven days, the secretary shall have power to obtain the supply elsewhere and charge the extra cost of the same to the contractor.

11. The estimated consumption of coal for smith's use during the year will be about three hundred tons; but the Government do not bind themselves to order that quantity, but only what may be required from time to time.

#### COKE FOR FOUNDRY USE.

TENDERS will be received until Noon on Friday, the 23rd December, from persons willing to supply Coke for foundry use, in such quantities as may be required by the Government, for the Railway Department, from 1st January to 31st December, 1865.

The coke must be made from Welsh or any good English coking coal.

Security will be required to the amount of One hundred pounds for due fulfilment of the contract, either by debentures, bank deposit receipt, cash deposit, Guarantee Society's bond, or sureties; if the latter, the tender must be accompanied by a certificate from two responsible persons that they are willing to become bound as sureties, and in either case the security must be completed within ten days, failing which the contract may be again advertised at the risk of the contractor, or another tender accepted. The Government will not necessarily accept the lowest or any tender. Persons failing to take up their contract will be disqualified as future contractors.

Tenders, endorsed, "Tender for Coke for Foundry," are to be deposited in the tender-box at the Government Stores, King street; or, if sent by post, they must be addressed to the Government Storekeeper, Melbourne.

#### CONDITIONS.

1. The coke must be of the very best description and quality of English coke, strong, hard and close, bright and silvery, oven burnt, free from all impurities, of large size, and entirely free from small or dust.

2. The contractor is to deliver the coke in good condition, free from dust and ready for use, into the waggon on the railway or breakwater pier, at Williamstown, at the option of the Government; or may deliver at any station on the Victorian Railways, the cost of carriage from thence to Williamstown to be paid by the contractor. The coke will be weighed by the Government, and such weight and returns shall form the basis upon which the contractor's account will be made out.

3. Orders will be issued by the secretary one week previously to the departure of the English mail; and if such orders be not supplied at the expiration of seven calendar months from the date of the departure of such mail, it will be competent for the Government Storekeeper, on the order of the secretary, to purchase, at the risk of the contractor, and subject him to a mulct not exceeding Five pounds for each and every day's delay in the delivery after the time specified, disasters of the seas excepted.

4. The contractor will be required to prepare his own account monthly or bi-monthly on the prescribed form, and present the same in a complete state, signed by the officer receiving the supply, to the Engineer-in-Chief for his certificate; it must then be countersigned by the Railway Storekeeper previously to payment at the Treasury or at a district pay office, as the case may be.

5. In the event of a difference of opinion between the contractor and the officer receiving the supply, as to the quality of the coke, the same is to be decided by a board of survey composed of persons named by the Engineer-in-Chief, and the decision of the board is to be final.

6. If the delay necessary for obtaining the decision of a board of survey should be detrimental to the public service, the Engineer-in-Chief Locomotive Superintendent will have the power to reject coke which is of an inferior quality, it being understood that he will be responsible to the Government for so doing; and the contractor must take back the rejected coke and supply good in its stead, failing which, it will be procured elsewhere and the extra expense charged to him.

7. Irregularity in the quantity or quality of the supplies, or delay in delivering or replacing them when required, will subject the contractor to such mulct not exceeding Fifty pounds for each case, as the Government may direct. It will also be in the power of the Government to terminate the contract forthwith.

8. It will be competent for the contractor, or for the Government Storekeeper on behalf of the Government, to terminate the contract by giving, in writing, a notice of three calendar months, it being understood that such notice can be given only from the first day of a month, and within the period for which the contract is made.

9. The estimated consumption of coke during the year will be about 200 tons; but the Government do not bind themselves to order this quantity, but only what may be required from time to time.

The value of all packages, whether in bulk or otherwise, is to be included in the price demanded.

In the event of any alteration of the tariff, affecting any of the items included in these contracts, the Government, or the contractor, as may be the case, must make a proportionate allowance by way of deduction from or increase of the price of the item so affected.

Tenders must state the security proposed, whether in debentures, bank deposit receipt, cash deposit, Guarantee Society's bond, or sureties; if the latter, the tender must be accompanied by a certificate from two responsible persons that they are willing to become bound in the sum specified for due fulfilment of the contract, and such security must be completed within ten days of acceptance of the tender, failing which the contract may be again advertised, or another tender accepted.

The Government may elect to require a money surety.

Tenders, endorsed, "Tender for ——" (as the case may be), are to be deposited in the Box at the Government Stores, or addressed to the Government Storekeeper, Melbourne.

The Government will not necessarily accept the lowest or any tender.

## CONDITIONS.

1. All the articles are to be of the best quality of the several kinds, in the best condition, and to be delivered in sound packages.

2. The flour and bread must be the produce of prime wheat, from which twenty per cent. has been extracted in bran and waste for second quality, and twelve per cent. for third quality of bread.

3. Fresh meat (except when ordered for the Lunatic Asylum free from bone) is to be supplied in such proportions as may be required, and when the quantity admits, to be delivered in fore and hind quarters alternately. When shins of beef form a portion of the supply, a fair proportion of the bone, not less than five inches, must have been cut off.

4. The supplies are to be delivered direct to the establishment entitled thereto, on the written order of the officer in charge, or at the Government Stores, on the order of the Government Storekeeper.

5. Should the contractor fail to supply any articles when required within twenty-four hours, they will be otherwise procured, and the expense over and above the contract price will be deducted from his account.

6. The contractor will be required to prepare his own account monthly, in the prescribed form, and forward the same, in a complete state, to the Government Storekeeper, for payment at the Treasury, Melbourne, or District Pay Office, as the case may be.

7. In the event of a difference of opinion between the contractor and the officer receiving the supplies, as to the quality, the same to be decided, in cases where the article is not of a perishable nature, by a board of survey, composed of persons named by the head of the department, and the decision of the board is to be considered final; in respect to breads of first quality, a sample of the best bread ordinarily retailed to the public will be considered as a test loaf.

8. If the board shall decide that the article is not of proper quality, it must be immediately replaced by the contractor, failing which it will be procured by the person requiring it, and the expense charged as in clause 5.

9. In cases where the article is of a perishable nature, or when from some other cause injury would be sustained either by the person to whom the rations are due, or to the contractor, in waiting for a board of survey, the head of the department, or officer in charge of the station, will have power to reject such article or articles as are obviously of inferior quality, it being understood that he will be responsible to the Government for so doing, and that the contractor must take back the rejected article and supply good in its stead, failing which it will be obtained by the officer requiring it, and the expense charged as in clause 5.

10. A repetition of irregularity in the quantity or quality of the supplies, or of delay in delivery or replacing them when required, will subject the contractor, upon report of the Government Storekeeper, to such mulct, not exceeding one-fourth the amount of the monthly account, as the Government may direct; it will also be in the power of the Government to terminate the contract forthwith.

11. It will be competent for the Government Storekeeper on behalf of the Government, or the contractor on his own behalf,

to terminate the contract, by giving in writing a notice of three full calendar months; it being understood that such notice can be given only from the first day of a month, and within the period for which the contract is made.

J. McCULLOCH.

Chief Secretary's Office,  
Melbourne, 22nd November, 1864.

#### RATIONS.

**TENDERS** will be received until Noon on Friday, the 16th December, from persons willing to supply Provisions and other articles in such quantities as may be required by the various departments of the Public Service, except the Military, for delivery at the undermentioned places, during twelve calendar months, commencing on the 1st January, 1865.

The places for which tenders will be received, and the amount of security required for the due fulfilment of each contract, are as follows:—

Place.	Amount of Security.
Melbourne District, including Pentridge, Yarra } Bend, Collingwood, and Richmond ...	500
Williamstown, including vessels in Hobson's Bay ...	100
Geelong, Ararat, Ballarat, Beechworth, Castlemaine, Kilmore, Kyneton, Maryborough, Sandhurst, Portland, Belfast, Warrnambool, Alberton, each }	50

Tenders must state the security proposed, whether in debentures, bank deposit receipt, cash deposit, Guarantee Society's bond, or sureties; if the latter, the tender must be accompanied by a certificate from two responsible persons that they are willing to become bound in the sum specified for due fulfilment of the contract; and such security must be completed within ten days of acceptance of the tender, failing which the contract may be again advertised, or another tender accepted.

The Government may elect to require a money surety.

The tenders must include the whole of the rations and separate articles required in the respective localities, but the tender for each locality must be distinct, and will be accepted or rejected separately. For rations, according to the several scales, the price per ration is to be stated; for other supplies, the price of each article. The value of all packages, whether the supplies are in bulk or otherwise, is to be included in the price demanded.

In the event of any alteration of the tariff affecting any of the items included in this contract, the Government, or the contractor, as may be the case, must make a proportionate allowance by way of deduction from or increase of the item so affected.

All tenders must be enclosed in a separate envelope, marked, "Tender for Provisions, &c., at ——" (as the case may be), and be deposited in the tender-box at the Government Stores, King street; or, if sent by post, they must be addressed to the Government Storekeeper, Melbourne.

Printed forms of tender may be obtained from the Government Storekeeper, Melbourne, the Sheriffs at Geelong, Ararat, Ballarat, Beechworth, Castlemaine, Kilmore, Maryborough, Sandhurst, and Portland; and from the officers in charge of the police at Belfast, Warrnambool, Alberton, and Kyneton,—by whom also information will be afforded to persons tendering.

The Government will not necessarily accept the lowest or any tender.

At Castlemaine, Kilmore, Kyneton, Sandhurst, Ballarat, Beechworth, Ararat, and Maryborough, Nos. 1, 2, 3, 4, 6, 7, 8, 9, 10, rations only.

## CONDITIONS.

1. All the articles required by this notice are to be of the best quality of their several kinds, in the best condition, and to be delivered in sound packages.

2. The flour and bread must be the produce of prime wheat, from which on ration No. 1, twenty per cent., and on those of prisoners of the Crown, twelve per cent. has been extracted in bran and waste.

3. Fresh meat (beef and mutton), when ordered for the Lunatic Asylum, to be delivered entirely free from bone, and in all other cases to be supplied in such proportions as may be required, and when the quantity admits, to be delivered in fore and hind quarters alternately. When shins of beef form a portion of the supply, a fair proportion of the bone, not less than five inches, must have been cut off.

4. When it may be necessary to substitute one article for another, the following proportions are to be observed, viz.:-

Wheaten flour, 1 lb., or	} equal to 1½ lb. of bread.
Best wheaten biscuit, 1 lb.	
Salt beef, 1 lb. or	} equal to 1 lb. fresh beef.
Mutton, 1 lb. or	
Salt pork, 10 oz.	} equal to 1 lb. of potatoes in
Onions, ½ lb., or	
Other vegetables, 2 lbs.	all cases.

In scales Nos. 3, 4, and 5, the following substitutes may be made at the discretion of the head of the department:-

In lieu of 8 oz. of meal, 6 oz. bread, ½ oz. sugar, and ¼ oz. tea.

In lieu of 6 oz. of meal, 4 oz. bread, ½ oz. sugar, and ¼ oz. tea.

5. The above substitutions are intended for exceptional cases, and must be made whenever it may be considered advisable by the officer authorised to draw the rations, but not otherwise. Scales Nos. 3, 4, and 5, will be drawn at Pentridge, either with or without vegetables, as the officer in charge may direct.

6. The supplies are to be delivered direct to the establishment entitled thereto, on the written order of the officer in charge, except in the case of aboriginal stations.

7. Should the contractor fail to supply any articles when required, within twenty-four hours, they will be otherwise procured, and the expense, over and above the contract price, will be deducted from his account.

8. The contractor will be required to prepare his own account monthly in the prescribed form, and to forward the same in a complete state, signed by the officer by whom it was incurred, to the Government Storekeeper for payment at the Treasury, Melbourne, or Pay Office of the district, as the case may be.

9. In the event of a difference of opinion between the contractor and the officer receiving the supplies, as to the quality, the same is to be decided, in cases where the article is not of a perishable nature, by a board of survey, composed of persons named by the head of department, and the decision of the board is to be considered final; in respect to bread of first quality, a sample of the best bread ordinarily retailed to the public, will be considered as a test loaf.

10. If the board shall decide that the article is not of proper quality it must be immediately replaced by the contractor, failing which, it will be procured by the person requiring it, and the expense charged as in clause 7.

11. In the country districts, when a board of survey cannot be conveniently assembled, and in all cases when the article is of a perishable nature, or when from some other cause injury would be sustained either by the persons to whom the rations are due, or to the contractor, in waiting for a board of survey, the head of the department, or officer in charge of the station, will have the power to reject such article or articles as are obviously of an inferior quality, it being understood that he will be responsible to the Government for so doing, and that the contractor must take back the rejected article, and supply good in its stead, failing which it will be obtained by the officer requiring it, and the expenses will be charged as in clause 7.

12. A repetition of irregularity in the quantity or quality of the supplies, or of delay in delivering or replacing them when required, will subject the contractor, upon report of the Government Storekeeper, to such mulct not exceeding one-fourth the amount of the monthly account, as the Government may direct. It will also be in the power of the Government, upon such repetition, to terminate the contract forthwith.

13. It will be competent for the Government Storekeeper on behalf of the Government, or the contractor on his own behalf, to terminate the contract by giving in writing a notice of three full calendar months; it being understood that such notice can be given only from the first day of a month, and within the period of which the contract is made.

J. McCULLOCH.

Chief Secretary's Office,  
Melbourne, 22nd November, 1864.

## CONVEYANCE OF MAILS, 1865.

TENDERS are hereby invited and will be received until Noon of Tuesday, the 6th December, 1864, for the conveyance of Post Office mails, as undermentioned, for one year, from the 1st January, 1865, to the 31st December, 1865, both days inclusive.

All tenders are required to be written on a form, printed copies of which may be had gratuitously on application at any Post Office in the colony, and may be forwarded (if by post prepaid), addressed to the Deputy Postmaster General, or placed in the tender box at the General Post Office.

Tenderers are requested to describe by their numbers, as below, the mail services for which they tender, and every tender will be taken to include the entire service as called for.

Every tender must bear the *bona fide* signatures and addresses of the tenderer, and of two responsible persons willing to be-

come bound for the fulfilment of the same, in such sum as the Government may direct, not exceeding the gross amount of the contract.

Persons tendering are requested to state whether they propose to convey the mails on horseback or in a carriage; in the latter case, they are to state the description of vehicle they intend to use and the number of horses by which it is to be drawn.

A separate tender must be sent in for each service, but notwithstanding this condition any offer will be entertained for the performance of any number of services for a lump sum. The number of the service or services tendered for must be plainly endorsed on the outside of the cover.

Each tender for services Nos. 178, 180, and 192, must be accompanied by a bank deposit receipt for a sum equal to twenty per cent. of the amount for which the tenderer is willing to undertake the service; the money to be lodged to the credit of the Deputy Postmaster General, and to be absolutely forfeited to the Government in case the person whose tender may be accepted shall fail to complete, within ten days of the date of notice being given of the acceptance of his tender, the usual bond and contract, to the satisfaction of the Government. The notice of acceptance, if delivered at the address named in the tender, shall be deemed sufficient.

The money deposited by unsuccessful tenderers will be returned to them on application, and on their signing receipts for the respective amounts, but not otherwise.

The general conditions referred to in the printed form of tender, and upon which the tender is to be made, can be inspected by persons proposing to tender, either at the General Post Office or at any post office in the colony.

The Government will not necessarily accept the lowest or any tender.

## FUNERALS AT MELBOURNE AND GEELONG.

TENDERS will be received until Noon on Friday, the 2nd December, from persons willing to undertake Funerals, as required in the several departments of the Government, during the year 1865, at the undermentioned places:—

Melbourne (including Collingwood, Pentridge, Williamstown, and Hobson's Bay).

Geelong and Suburbs.

The funerals are to be of the most economical description consistent with propriety.

The attendance of a minister must be provided on every occasion, and in the case of Melbourne all funerals are to take place in the New Cemetery.

Separate prices must be stated for children under ten years of age and for adults—one sum is to be stated for each, including interment and minister's fees, conveyance, and all charges.

No tender will be entertained unless accompanied by a certificate from two responsible persons that they are willing to become bound as sureties for the due fulfilment of the contract; the amount of security will be, for Melbourne One hundred pounds, and for Geelong Fifty pounds.

The contract will be terminable by three months' notice, either from the Government Storekeeper on the part of the Government, or from the contractor, such notice to date from the first day of a month.

The account is to be rendered monthly to the officer ordering the service, for payment at the Treasury, Melbourne, or Pay Office, Geelong (as the case may be).

Further particulars and forms of tender may be obtained from the Government Storekeeper, Melbourne, or from the officer in charge of the police at Geelong.

Tenders, endorsed, "Tender for Funerals, —," are to be deposited in the Box at the Government Stores, or addressed to the Government Storekeeper, Melbourne.

The Government will not necessarily accept the lowest or any tender.

J. McCULLOCH.

General Post Office,  
Melbourne, 12th November, 1864.

## FUNERALS IN COUNTRY DISTRICTS, 1865.

TENDERS will be received until Noon on Friday, the 2nd December, from persons willing to undertake Funerals, as required in the undermentioned districts, from the 1st January to the 31st December, 1865:—

Avoca

Ballarat

Beechworth

Castlemaine

Inglewood

Maryborough

Sandhurst

Full particulars and forms of tender, with conditions thereon, may be obtained from the Government Storekeeper, Melbourne, to whom the tenders are to be addressed, or from the officer in charge of police at each station.

The lowest or any tender will not necessarily be accepted.

J. McCULLOCH.

Chief Secretary Office,  
Melbourne, 12th November, 1864.

## FUEL AND WATER.

TENDERS will be received until Noon on Friday, the 2nd December, from persons willing to furnish supplies of Coal, Wood, and Water, in such quantities as may be required on behalf of the Government (except for Railway purposes), during twelve calendar months, commencing on the 1st January, 1865.

The following is a schedule of the localities at which these supplies will be required:—

## Fuel.

Coal—To be delivered at the various Government Departments in the Melbourne District (including Hawthorn, Richmond, Collingwood, Prahran, St. Kilda, Emerald Hill, Sandridge, and Pentridge). Security £300	N.S.W., screened, per ton of 2240 lbs.
Ditto—To be delivered at the Penal Establishments, Pentridge and Collingwood, and at Richmond Barracks. Security £25	Smiths', ditto.
Ditto—To be delivered at Williamstown. Security £50	N.S.W., screened, ditto.
Ditto—To be delivered at the moorings in Hobson's Bay, on board s.s. Victoria, Penal Hulks, or other Vessels in the Government service. Security £100	N.S.W., screened, ditto.
Ditto—To be delivered on board Dredging Vessels employed in the Yarra	N.S.W., screened, ditto.
Ditto—To be delivered to Tug Steamers or Vessels, from a Hulk or Wharf in Hobson's Bay	N.S.W., screened, ditto.

Ditto—To be delivered to Tug Steamers or Vessels, in the Melbourne Basin (Security for Dredging Vessels £50.)

Ditto—To be delivered in Geelong, at all the Government Departments. Security £50

Ditto—To be delivered on board Dredging or other Vessels at Geelong. Security £50

Wood—Cut in billets, 2 feet long; to be delivered at the various Government Departments in Melbourne (including Richmond, Hawthorn, Collingwood, Prahran, St. Kilda, Emerald Hill, and Sandridge). Security £100

Ditto—To be delivered at Williamstown, and on board Vessels in Hobson's Bay. Security £25

Ditto—To be delivered in Geelong, at all the Government Departments. Security £25

## Water.

Fresh Water—To be delivered at the moorings in Hobson's Bay, on board Penal Hulks, or other Vessels in the Government service. Security £10

Ditto—Ditto on board Dredges, River Yarra. Security £10

Ditto—Ditto in Geelong, at any of the Government Departments. Security £10

Tenders will be accepted or rejected separately. The contracts for fuel, Melbourne, must comprise the suburbs mentioned.

Tenderers are to specify the kind of coal tendered for delivery by them, also the kind or kinds of wood, and the proportions of each kind.

Printed forms of tender may be obtained from the Government Storekeeper, Melbourne, the Chief Harbor Master, Williamstown, and the Police Magistrate at Geelong, by whom also any information or explanation will be afforded to persons tendering.

Tenderers must state the security proposed, whether in debentures, bank deposit receipt, cash deposit, guarantee society's bond, or sureties; if the latter, the tender must be accompanied by a certificate from two responsible persons, that they are willing to become bound in the sum specified for due fulfilment of the contract, and such security must be completed within ten days of acceptance of the tender, failing which the contract may be again advertised, or another tender accepted.

The Government may elect to require a money surety.

The names of the tenderers and their proposed sureties, together with their addresses, must be stated at full length.

All tenders must be enclosed in a separate envelope, marked "Tender for —" (as the case may be), and be deposited in the Tender Box at the Government Stores, King street; or, if sent by post, they must be addressed to the Government Storekeeper, Melbourne.

The Government will not necessarily accept the lowest or any tender.

## CONDITIONS.

1. The articles to be of the best quality.

2. Orders for wood or coal under these contracts must issue from the Department concerned; but in the case of the Victoria and Dredging and other Vessels, the supplies are to be made on the order of the officer in command.

For water, orders will be issued by the several Departments as it may be required.

3. Both fuel and water are to be delivered direct to the Departments requiring them.

4. The contracts entered into under this notice are not to be considered as being infringed or vitiated by any contracts made by the military commissariat or Railway Department.

5. All supplies of fuel, when delivered, must be accompanied by the order, which will be receipted by the officer requiring it, and the order thus receipted must be rendered with the contractor's account.

6. The contractor, when delivering coal, will be bound to furnish scales and weights, in order that the quantities may be checked.

The contractor for wood will be bound to place it in suitable stacks for measurement on such ground as may be pointed out.

7. In the event of supplies ordered under these contracts not being delivered within forty-eight hours, it will be competent for the officer requiring the supply, should circumstances require it, to purchase the same at the risk of the contractor, from whose account any expense over and above the contract price will be deducted.

Supplies are to be delivered on board Steam Dredges wherever the same may be employed, and on board Steam Tugs at any wharf or hulk selected by the contractor in Hobson's Bay, the Yarra River, or Geelong, as the case may be, in quantities from six to twenty tons at a time.

8. The contractor will be required to prepare his own account monthly, in the prescribed form, and to present the same in a complete state to the officer receiving the supply, by whom it will be certified and forwarded for payment to the Government.

Storekeeper, for payment at the Treasury or at the District Pay Office, as the case may be.

9. In the event of a difference of opinion between the contractor and the officer receiving the supply, as to the quality, the same is to be decided by a board of survey, composed of persons named by the head of the department, and the decision of the board is to be considered as final.

10. If the board shall decide that the article is not of proper quality, it must be immediately replaced by the contractor, failing which it will be procured elsewhere, and the extra expense, if any, will be charged as in clause 7.

11. If from any cause injury would accrue to the public service by waiting for a board of survey, the head of department, or officer in charge of station, will have the power to reject such articles as are obviously of inferior quality, it being understood that he will be responsible to the Government for so doing, and that the contractor must take back the rejected article, and supply good in its stead, failing which it will be procured elsewhere, and the extra expense, if any, will be charged as in clause 7.

12. A repetition of irregularity in the quantity or quality of the supplies, or of delay in delivering or replacing them when required, will subject the contractor to such mulct, not exceeding one-fourth the amount of the monthly account, as the Government may direct. It will also be in the power of the Government, upon such repetition, to terminate the contract forthwith.

13. It will be competent for either party to terminate the contract, by giving in writing a notice of three calendar months to the opposite party, it being understood that such notice can be given only from the first day of a month, and within the period for which the contract is made.

Treasury,  
Melbourne, 15th November, 1864.

#### MEAT FOR SANATORY STATION.

**TENDERS** will be received until Noon on Friday, the 2nd December, from persons willing to supply Fresh Meat (Beef and Mutton), in such quantities as may be required at the Sanatory Station, Point Nepean, during the year 1865.

The meat is to be of the very best description, and to be delivered in fore and hind quarters alternately, on order from the surgeon superintendent.

The contractor or his agent must reside at Point Nepean; and should be fail to supply when required, the meat will be otherwise procured, the expense over and above the contract price being chargeable to the contractor.

The contract will be terminable by three months' notice, either from the Government Storekeeper on behalf of the Government, or the contractor; such notice to date from the first of a month.

Security will be required in the sum of £100 for the due fulfilment of the contract, and the bond must be entered into within ten days from the date of acceptance.

Further information may be obtained from the Government Storekeeper, Melbourne, or from the medical officer in charge at the Sanatorium.

Tenders, endorsed, "Tender for Meat, Sanatory Station," are to be deposited in the Box at the Government Stores, or addressed to the Government Storekeeper, Melbourne.

The Government will not necessarily accept the lowest or any tender.

J. McCULLOCH.

Chief Secretary's Office,  
Melbourne, 12th November, 1864.

#### BOOTS AND SHOES.

**TENDERS** will be received until Noon on Friday, the 16th December, for the supply of Boots and Shoes, in such quantities as may be required at any of the Government Establishments, during the year 1865.

Samples can be seen and full particulars obtained at the Office of the Government Storekeeper, Melbourne, to whom tenders are to be addressed.

Security to the amount of £50 will be required, either in debentures, bank deposit receipt, cash deposit, Guarantee Society's bond, or sureties; if the latter, the tender must be accompanied by a certificate from two responsible persons that they are willing to become bound as sureties in the sum specified, for due fulfilment of the contract; and such security must be completed within seven days of acceptance of the tender, failing which the contract may be again advertised or another tender accepted.

The Government may elect to require a money surety.

The supplies are to be furnished on order of the Government Storekeeper, and if required, at the rate of fifty pairs per week from date of order.

The boots and shoes are to be in every respect equal to sample, of such size as may be ordered, and subject to the approval of the head of the department to which they are supplied. In case of a difference of opinion, as to quality, between the contractor and the officer receiving the supplies, the Government will appoint a board of survey, whose decision shall be final.

The contractor will be liable for any cost incurred by purchase on the part of the Government, owing either to delay in delivery or to rejection of the supply as not in terms of contract, and in case of repeated irregularities the Government may terminate the contract forthwith, and re-let the same at the contractor's risk.

All supplies, when delivered, must be accompanied by the order, which will be receipted, and must be rendered with the contractor's account.

The contractor will be required to prepare his own account monthly in the prescribed form, and present the same to the Government Storekeeper for payment at the Treasury.

It will be competent either for the contractor, on his own behalf, or for the Government Storekeeper, on behalf of the Government, to terminate the contract by giving a notice in writing to that effect of three full calendar months to the opposite party, it being understood that such notice can be given only from the first day of a month.

J. McCULLOCH.

Chief Secretary's Office,  
Melbourne, 25th November, 1864.

#### GAS.

**TENDERS** will be received until Noon on Friday, the 9th December, for the supply of Gas, in such quantities as may be required at the various Government Departments in and about Melbourne, from the 1st January to the 31st December, 1865.

The contract is to commence on the evening of the 1st January, 1865, and terminate on the morning of the 1st January, 1866.

Tenders for each establishment will be accepted or rejected separately. A list of stations can be seen at the office of the Government Storekeeper.

The rate stated is to include cost of meters, laying down the necessary pipes, and all charges whatsoever.

The outside lamps at the Parliament Houses and elsewhere are to be lighted, extinguished, kept in good repair, painted, glazed, and cleaned by the company supplying the gas, at a rate per lamp.

Tenderers may also state a price for a term of years.

The contract will be terminable by a notice of one month from the Government Storekeeper or such other officer as may be appointed on behalf of the Government, and any expense incurred owing to defective supply will be deducted from the accounts of the contractors.

Tenders are to be addressed to the Government Storekeeper, Melbourne, who will furnish any further information that may be necessary.

GEO. VERDON.

Treasury,  
Melbourne, 18th November, 1864.

#### MILK FOR THE LUNATIC ASYLUM.

**TENDERS** will be received until Noon on Friday, the 9th December, for the supply of Fresh Milk, in such quantities as may be required at the Lunatic Asylum, Yarra Bend, from the 1st January to the 31st December, 1865.

The milk must be of the best quality, and is to be delivered on order of the officer in charge at the Asylum.

Security will be required in the sum of £50 for due fulfilment of the contract.

The consumption will probably vary from ten to fifty quarts daily, but it is to be clearly understood that the contract is only for such quantities as may be ordered, if any.

The contract will be terminable by three months' notice, either from the Government Storekeeper on the part of the Government, or from the contractor; such notice to date from the first of any month.

Further particulars and forms of tender can be obtained from the Government Storekeeper, Melbourne, to whom tenders are to be addressed.

The Government will not necessarily accept the lowest or any tender.

## THE ST. KILDA AND BRIGHTON RAILWAY SALE BILL.

NOTICE is hereby given that application is intended to be made in the next session of the parliament of Victoria, for leave to bring in a bill for the following objects, that is to say:—  
To authorise the sale and purchase of the undertaking and property of the St. Kilda and Brighton Railway Company, upon such terms and conditions and subject to such special stipulations as regards the title as a majority of two two-thirds in number and value of the creditors of the said company may think fit.

To provide that such sale shall be made either free from any existing mortgages made by the said company, or with the consent of the mortgagees, subject to any such mortgages.

To provide for paying out of the purchase money in the first place, all costs, charges, and expenses of and incidental to the intended application, and the passing of the said bill; and in the next place, so far as the balance of such purchase money will extend, all debts due or owing by the said company to the mortgagees (other than those, if any, to whose mortgages the sale may be made subject), and other creditors of the company rateably and in proportion to the several amounts of their respective debts; and for distributing the surplus of the purchase money (if any) after such payments, amongst the preferential or other shareholders of the company, according to their respective rights and interests.

To unite, if necessary, the purchasers of the said undertaking and property into a company, and to incorporate such company for the purpose of carrying on the said undertaking, with perpetual succession and a common seal, and with power to take and hold lands for the purposes of the undertaking, and to sue and be sued by its corporate name.

To empower the company to be incorporated as aforesaid, or any incorporated company which may purchase the said undertaking and property, to borrow money from time to time for the discharge of any mortgages to which the sale may be made subject, and otherwise for the purposes of the undertaking, to an amount exceeding in the whole by not more than Fifty thousand pounds the sum or aggregate sums which may be applied in discharge of such mortgages as last aforesaid.

To confer upon the company to be incorporated as aforesaid, or any incorporated company which may purchase the said undertaking and property, and the directors and officers of such company respectively, all or any of the rights, powers, and privileges, including power to levy toll, rates, and duties conferred

by *The St. Kilda and Brighton Railway Act, 1857*, the Act of the Parliament of Victoria number seventy-three, and the Act of the Parliament of Victoria number one hundred and twenty-seven, or any of such Acts, upon the St. Kilda and Brighton Railway Company, and the directors and officers thereof respectively; and also to empower the company so to be incorporated as aforesaid, or any incorporated company which may purchase the said undertaking and property, to make bye-laws for any purpose for which the St. Kilda and Brighton Railway Company, by virtue of any Act of Parliament in force at the time of such purchase, or railway companies generally by virtue of any Act of Parliament then or afterwards to be in force, may lawfully make bye-laws and otherwise to provide for the direction, management, and government of such company, and to confer upon such company, its directors, and officers respectively, such other powers, rights, and privileges, and to impose upon them respectively such duties as may be necessary or expedient for that purpose.

To provide for carrying out and giving effect to any traffic arrangements which may have been made in pursuance of any Act of Parliament, and which may exist at the time of such purchase between the St. Kilda and Brighton Railway Company, the Melbourne Railway Company, and the Melbourne and Hobson's Bay Railway Company, or any two of such last-mentioned companies, and any other lawful contracts for the conveyance of passengers or goods, or the use, occupation, or letting of the pier belonging to the St. Kilda and Brighton Railway Company, or any buildings or premises connected therewith which may have been entered into by the said company, and which may exist at the time of such purchase.

To alter and amend, so far as may be necessary or expedient for carrying on the said undertaking by the purchasers thereof, and for the other objects aforesaid, *The St. Kilda and Brighton Railway Act, 1857*, the Act of the Parliament of Victoria number seventy-three, and the Act of the Parliament of Victoria number one hundred and twenty-seven, and if necessary or expedient to repeal the said Acts, or any of them, and to re-enact the provisions of the Acts so repealed, or any of such provisions.

To provide that such costs, charges, and expenses of and incidental to the application and the passing of the said bill as may not be made payable out of the purchase money of the said undertaking and property shall be borne and paid by the creditors of the St. Kilda and Brighton Railway Company, promoting the Bill rateably and in proportion to the several amounts of the debts owing to them by the said company.

And notice is hereby also given that copies of the bill will be deposited with the Clerk of the Legislative Assembly on or before the thirty-first day of December next, and that the title of the Bill will be, "A Bill to authorise the Sale and Purchase of the St. Kilda and Brighton Railway, and for other purposes." Dated the sixteenth day of November, in the year of our Lord One thousand eight hundred and sixty-four.
