LEGISLATIVE COUNCIL.

THE Governor has this day issued a Writ for the election of a member to serve in the Legislative Council of Victoria, for the South Province, in the place of the Honorable Donald Kennedy, deceased; and the following arrangement has been made for such election, viz.:-

Date of writ	...	3rd March, 1864.
Day of nomination	...	17th March, 1864.
Day of polling	...	31st March, 1864.
Return of writ	...	12th April, 1864.

By Command,

H. L. WARDE,
Private Secretary.

Government Offices,
Melbourne, 3rd March, 1864.

ESCORTS BY RAILWAY.

THE Police Escorts hitherto run by railway to and from Ballarat and Sandhurst and Melbourne, will be discontinued from and after the 1st of April proximo; and the treasure hitherto brought by the police branch escorts to the lines of railway at Sandhurst, Castlemaine, Ballarat, &c., will in future be deposited in, and delivered at, the gold offices at those places instead of at Melbourne.

There being no gold office at Kyneton, the fortnightly escort to that place from Blackwood will be discontinued from the same date; but on the first Tuesday in each month the police will, if desired, accompany persons conveying treasure from Blackwood to Kyneton; not taking charge of, or incurring any responsibility with respect to, the treasure.

FRED. C. STANDISH,
Chief Commissioner of Police.

Melbourne, 1st March, 1864.

NOTICE TO OFFICERS OF THE MINING DEPARTMENT.

IT is hereby notified for the guidance of Officers of the Mining Department, that all communications on public business which they may have to make to the Government are to be forwarded to this Office, addressed to The Honorable the Minister of Mines.

J. F. SULLIVAN.

Office of Mines,
3rd March, 1864.

Melbourne, 16th February, 1864.

GRANT FOR FENCING CEMETERIES.

NOTICE is hereby given that the distribution of the Vote for 1864 for Fencing Cemeteries, will be taken into consideration on Monday, the 2nd May; and it is requested that all applications for aid from this vote be addressed to the Inspector General of Public Works, at Melbourne, on or before the 29th April.

Any application received after that date will not be considered during the present year.

MATTHEW HERVEY,
Commissioner of Public Works.

Public Works Office,
Melbourne, 2nd March, 1864.

TO ARTISTS.

NOTICE is hereby given that the Government of Victoria has determined to offer the sum of £200 for the purchase of a painting or paintings, by an artist or artists resident in Australia, provided such painting or paintings possess sufficient merit to qualify it or them to compare favorably with the works of eminent living artists of Europe. Such painting or paintings to be placed in the Public Gallery of Art of Victoria.

Every picture submitted must be painted and finished in oil on canvas, panel, or other suitable material, or in water colors.

The subject of the picture is left to the judgment and taste of the artist.

The pictures will be received in Melbourne, at the Museum of Building Materials, Queen street, between the 15th of October and the 15th of November, 1864, and will be publicly exhibited on and after the 1st December in that year for one month. Before the expiration of that period the judges appointed to determine upon those to be purchased will decide as to which, if any, be so purchased.

Each picture must be accompanied with a letter stating the name and address of the artist, and price required for the picture.

Every reasonable care will be taken of the pictures sent in; but the Government of Victoria will not be responsible for any loss of or for any injury to them.

Public notice will be given stating when the pictures may be removed from the place of exhibition.

The carriage, delivery, removal, unpacking and packing of the pictures must be provided for and done by the artists or their agents at their own risk and cost.

J. McCULLOCH.

POLLING PLACE FOR THE BURNT BRIDGE
ELECTORAL DIVISION.

At the Government House, Melbourne, the eighth day of
February, 1864.

PRESENT:

Mr. Michie presiding as the Senior Member of the Council
actually present.

Brigadier-General Chute	Mr. Verdon
Mr. McCulloch	Mr. Hervey
Mr. Heales	Mr. Grant
Mr. Higinbotham	Mr. Sullivan

WHEREAS by *The Electoral Act, 1863*, it is amongst other things enacted that the Governor in Council shall, within thirty days after the commencement of the now reciting portion of the said Act, and afterwards as he shall see fit from time to time, appoint within and for each division of every province and district respectively one place, and not more, for taking the poll in such division at contested elections for the province or district, and every such appointment may revoke: Now therefore His Excellency the Governor, by and with the advice of the Executive Council, doth by this present Order revoke the appointment of Burnt Bridge as the polling place within and for the Burnt Bridge division of the Electoral District of South Grant and of the South-Western Province, and doth hereby appoint Morrison's Diggings to be the place for taking the poll in the said Burnt Bridge division at contested elections for the said district and province respectively.

And the Honorable James McCulloch, Her Majesty's Chief Secretary for Victoria, shall give the necessary directions herein accordingly.

J. H. KAY,
Clerk of the Executive Council.

A COUNTY COURT TO BE HOLDEN AT RUTHER-
GLEN.

At the Government House, Melbourne, the twenty-ninth day of
February, 1864.

PRESENT:

His Excellency the Governor	
Mr. McCulloch	Mr. Francis
Mr. Heales	Mr. Grant
Mr. Michie	Mr. Sullivan
Mr. Higinbotham	

WHEREAS by an Act passed in the twenty-first year of the reign of Her present Majesty, intitled, *An Act for the more easy Recovery of certain Debts and Demands*, it is enacted, that it shall be lawful for the Governor, with the advice of the Executive Council, to direct that county courts shall be holden for the recovery of debts and demands under the said Act, and from time to time, with the advice aforesaid, to direct in what towns and places a county court shall be holden, and that the judge of each court holden under the said Act shall attend and hold such court at the place where the Governor, with the advice aforesaid, shall have directed that such court shall be holden, at such times as such judge shall appoint for that purpose, so that a court shall be holden in such place once at least in such interval as the Governor, with the advice aforesaid, shall in each case direct: Now therefore His Excellency the Governor, by and with the advice of the Executive Council, doth by this present Order direct that a county court shall be holden for the recovery of debts and demands under the said Act, at the place and within the interval following, that is to say:—

At Rutherglen, once at least in every three calendar months.

And the Honorable Archibald Michie, Her Majesty's Minister of Justice for Victoria, shall give the necessary directions herein accordingly.

G. W. RUSDEN,
Acting Clerk of the Executive Council.

THE BEECHWORTH DISTRICT COURT OF MINES

THE SHIRE OF WIMMERA.

PROCLAMATION.

By His Excellency SIR CHARLES HENRY DARLING, Knight
Commander of the Most Honorable Order of the Bath,
Governor and Commander-in-Chief of the Colony of
Victoria, &c., &c., &c.

WHEREAS by *The Local Government Act, 1863*, it is amongst other things enacted, that if at any time in any district, whether single or united, which shall contain an area of not less than one hundred square miles, the total amount actually paid in respect of the general rate then last made shall have amounted to One thousand pounds, it shall be lawful for the Governor in Council to proclaim, if it shall seem fit, such district, by such name as in and by such Order in Council may be assigned thereto, to be a shire within the meaning of the said Act, and such district shall thereupon be and be called such shire accordingly; and no district, after the proclamation thereof as such shire, save as herein provided with regard to the adjustment of boundaries to those of electoral districts, shall be united with any other shire or district, or with any borough or municipal district: And whereas the area of the district hereinafter named, and the amount of the last general rate therein, are not less than the area and amount in the said Act mentioned, and it seemed fit to make an Order in Council this day to proclaim the said district to be a shire accordingly: Now therefore I, Sir Charles Henry Darling, the Governor of Victoria, with the advice of the Executive Council, do hereby proclaim the district heretofore proclaimed and called the Horsham Road District to be a shire within the meaning of the said Act, by the name in and by such Order in Council assigned thereto, that is to say:—

THE SHIRE OF WIMMERA.

Given under my Hand and the Seal of the Colony, at
Melbourne, this twenty-second day of February, in
the year of our Lord One thousand eight hundred
and sixty-four, and in the twenty-seventh year of Her
Majesty's reign.

(L.S.) C. H. DARLING,
By His Excellency's Command,

J. M. GRANT,
Commissioner of Railways and Roads.

275. GOD SAVE THE QUEEN!

COMMON-TOLL ROADS.

PROCLAMATION.

By His Excellency SIR CHARLES HENRY DARLING, Knight
Commander of the Most Honorable Order of the Bath,
Governor and Commander-in-Chief of the Colony of Vic-
toria, &c., &c., &c.

WHEREAS the Councils of certain Boroughs and the District Board of a Road District have complained to the Governor in Council that they ought, by reason of the traffic passing along roads hereinafter mentioned being common to their own respective districts with the districts in which tolls are payable upon such roads, to have a share of such tolls in the manner provided in the 25th clause of *The Local Government Act, 1863*: Now therefore I, Sir Charles Henry Darling, the Governor of Victoria, with the advice of the Executive Council, do hereby proclaim the road and portion of road hereinafter mentioned to be Common-toll roads, for the purposes and within the meaning of the provisions of the said Act relating to Common-toll roads, viz:—

The portion of the road known as "The Geelong to Ballarat Road," passing through the road district of Buninyong and the borough of Ballarat East, shall be a Common-toll road of the said Buninyong road district and the said borough of Ballarat East.

The road passing through the boroughs of Richmond, Hawthorn, and Kew, and the road district of Boroondara, shall be a Common-toll road of the said boroughs of Richmond, Hawthorn, and Kew, and the said Boroondara road district.

Given under my Hand and the Seal of the Colony, at
Melbourne, this twenty-second day of February, in
the year of our Lord One thousand eight hundred
and sixty-four, and in the twenty-seventh year of Her
Majesty's reign.

(L.S.) C. H. DARLING,
By His Excellency's Command,

J. M. GRANT,
Commissioner of Railways and Roads.

GOD SAVE THE QUEEN!

THE WOODEND, NEWHAM, AND ROCHFORD ROAD
DISTRICT ADDED TO.

PROCLAMATION.

By His Excellency SIR CHARLES HENRY DARLING, Knight
Commander of the Most Honorable Order of the Bath,
Governor and Commander-in-Chief of the Colony of Vic-
toria, &c., &c., &c.

WHEREAS by *The Local Government Act, 1863*, it is amongst other things enacted, that it shall be lawful for the Governor in Council from time to time, if it shall seem fit, to add to any district not divided into subdivisions, or to any subdivision, or separately to two or more subdivisions of a district so divided, any portion of the colony actually adjoining to such district or subdivision, as the case may be, and not lying

within the limits of the city of Melbourne or town of Geelong, or of any municipal or road district; and every such portion so added shall thereupon become and be part of such first-mentioned district to all intents and purposes, and of the subdivision, if any, to which the same shall have been added: And whereas by a Proclamation under the hand of the Governor and the seal of the colony, bearing date the twenty-fifth day of November, 1861, the boundaries of the Woodend, Newham, and Rochford road district were defined as therein mentioned: And whereas it has seemed fit to the Governor in Council to make an addition to the said road district by the extension of the southern boundary thereof: Now therefore I, Sir Charles Henry Darling, the Governor of Victoria, with the advice of the Executive Council, do hereby proclaim the said addition to the Woodend, Newham, and Rochford road district by the extension of its southern boundary, in accordance with the above-recited provisions of the said Act; and do hereby re-define the whole of the said road district added to as aforesaid, in manner following, that is to say:—

Commencing at the north-west angle of the parish of Woodend; thence east by the northern boundary of the parish of Woodend to the western boundary of the parish of Newham; thence north to the north-west angle of the parish of Newham; thence northerly and easterly by the northern boundaries of the parishes of Newham and Rochford to the north-east angle of the parish of Rochford; thence southerly by the eastern boundary of the parish of Rochford to the south-eastern angle of the said parish; thence westerly to the eastern boundary of the Gisborne road district; thence northerly, westerly, and southerly by the said road district boundary to the county boundary of Dalhousie; thence southerly and westerly by the said county boundary to a point due south of the west boundary of the township reserve of Woodend; thence due north to the southern boundary of the parish of Woodend; thence westerly and northerly by the southern and western boundaries of the parish of Woodend to the commencing point; excepting the borough of Woodend.—(64348.)

Given under my Hand and the Seal of the Colony, at Melbourne, this twenty-second day of February, in the year of our Lord One thousand eight hundred and sixty-four, and in the twenty-seventh year of Her Majesty's reign.

By His Excellency's Command,
J. M. GRANT,
Commissioner of Railways and Roads.
GOD SAVE THE QUEEN!

SECTIONS V. TO X. OF THE TOWN AND COUNTRY POLICE ACT EXTENDED TO RAYWOOD.

PROCLAMATION.

By His Excellency SIR CHARLES HENRY DARLING, Knight Commander of the Most Honorable Order of the Bath, Governor and Commander-in-Chief of the Colony of Victoria, &c., &c., &c.

WHEREAS by an Act passed in the eighteenth year of the reign of Her present Majesty (Number 14), intituled, *An Act to provide for the Management of Towns and other places in Victoria*, it is amongst other things enacted, that so many of the provisions of the said Act as relate to the good order of towns and other populous places, being sections numbered V., VI., VII., VIII., IX., and X., in the said Act, shall extend to and be in force in such cities, towns, districts, and places as the Lieutenant Governor may by Proclamation in the *Government Gazette* declare to come under the operation of the same respectively, or any of them; and it shall be lawful for the Lieutenant Governor to define the limits of such places, and to vary and alter such limits and revoke any such Proclamation; and all the other provisions of the said Act except the last (being numbered XXXIX.) shall extend to and be in operation throughout Victoria and its dependencies from and after the passing thereof: Now I, Sir Charles Henry Darling, the Governor of Victoria, with the advice of the Executive Council, do hereby declare that the district or area comprised within a radius of half a mile of the Bank of New South Wales, at the corner of Inglewood and Sandhurst streets, in the township of Raywood, shall come under the operation of the sections of the said Act numbered respectively V., VI., VII., VIII., IX., and X.

Given under my Hand and the Seal of the Colony, at Melbourne, this twenty-ninth day of February, in the year of our Lord One thousand eight hundred and sixty-four, and in the twenty-seventh year of Her Majesty's reign.

(L.S.) C. H. DARLING,
By His Excellency's Command,
J. McCULLOCH.

COMMON ALTERED.

PROCLAMATION.

By His Excellency SIR CHARLES HENRY DARLING, Knight Commander of the Most Honorable Order of the Bath, Governor and Commander-in-Chief of the Colony of Victoria, &c., &c., &c.

WHEREAS by *The Land Act*, 1862, it is amongst other things enacted, that the Governor in Council may at any time increase, diminish, alter, or abolish any common proclaimed before or after the passing of the said Act: Now there-

fore I, Sir Charles Henry Darling, the Governor of Victoria, with the advice of the Executive Council, do hereby alter the common hereinafter mentioned, in accordance with the above-recited provisions of the said Act, that is to say:—

THE UNITED BOROUGH AND GOLD FIELD COMMON OF ARARAT, separately described in two several Proclamations bearing date respectively the twenty-eighth day of January, 1861, and united by a Proclamation bearing date the first day of February, 1864, is hereby altered; and the boundaries hereafter described shall be the boundaries of the said United Common, viz.—Commencing at the north-west angle of allotment 1, section 10, parish of Burrumbeep; thence by a straight line bearing north-easterly to the north-west angle of allotment 1, section 31, parish of Langhi Ghiran; thence north to the south-east angle of allotment 18, section 1, parish of Ararat; thence west by the south boundaries of allotments 18 and 16, same section, to the south-west angle of allotment 16; thence N. 30° 6' W., by the south-western boundaries of sections 1, 2, and part of 3, two hundred and ten chains, more or less, to a point on the south-western boundary of allotment 12, last-named section; thence west four hundred and sixteen chains, more or less; thence south about two hundred and sixty chains to the dividing range; by that range southerly to a point bearing west from the north-west angle of allotment 1, section 10, parish of Burrumbeep; thence east by a line and the north boundaries of allotments 1, 2, and 3, section 1, and allotments 1 and 2 of section 2, parish of Burrumbeep; again east by a line till it intersects the western boundary of the Langhi Ghiran run by part of the said boundary of that run southerly about sixty chains; thence south-easterly by said run about sixty-five chains; thence by a line southerly about forty-eight chains to a point bearing west fifty chains, more or less, from the south-west angle of allotment 5, section 13, parish of Burrumbeep; thence east to said south-west angle of allotment 5 of section 13; thence north to the north-west angle of allotment 1, last-named section; thence west to the Hopkins River; by that river northerly to a point bearing about S. 65° W. from the commencing point; thence by a line north-easterly to the point of commencement; deducting all sold or legally appropriated land, as shown on plan deposited in Crown Lands Office, Melbourne.—(64467.)

GOD SAVE THE QUEEN!

PROCLAMATION UNDER THE NEW ZEALAND "DISEASED CATTLE ACT, 1861" (OTAGO).

THE accompanying Proclamations, by His Honor the Superintendent of Otago, under the New Zealand *Diseased Cattle Act*, 1861, are published for the information of Shippers of Cattle and others.

JAS. G. FRANCIS,
Commissioner of Trade and Customs.
Department of Trade and Customs,
Melbourne, 1st March, 1864. 1061.

PROCLAMATION

DECLARING A CERTAIN PORTION OF THE PROVINCE OF OTAGO TO BE AN INFECTED DISTRICT UNDER THE "DISEASED CATTLE ACT, 1861."

By the Honorable JOHN HYDE HARRIS, Superintendent of the said Province.

WHEREAS by section the 10th of an Act of the General Assembly of New Zealand, intituled, *The Diseased Cattle Act*, 1861, it is enacted that if at any time it shall be made to appear that any infectious or contagious disease has broken out amongst cattle in any district of the colony, it shall be lawful for the Governor, by Order in Council, to declare that such district is infected within the meaning of the said Act, and from time to time to make such regulations for destroying cattle therein, and for prohibiting the removal or transportation of cattle from one part of the colony to another, and for preventing the further spread of such disease.

And whereas by section the 14th of the said Act it is enacted that the Governor in Council may, by warrant under his hand, from time to time delegate to the Superintendent of any province all or any of the powers vested in the Governor or the Governor in Council by the said Act, subject to such regulations as he may think fit:

And whereas the Governor in Council did, by warrant under his hand, dated the 9th day of May, 1863, delegate to me, John Hyde Harris, so long as I shall hold the office of Superintendent of Otago, amongst others the powers vested in the Governor by the 10th section of the said Act:

And whereas by proclamation under my hand and under the public seal of the said province, on the 14th day of January last, at Dunedin, I, the said John Hyde Harris, Superintendent of the said Province, by virtue of the powers vested in me in that behalf, did thereby proclaim and declare that from and after the date thereof until further notice, that portion of the Province of Otago, in the colony of New Zealand, therein described, should be deemed to be an infected district within the meaning and for the purposes of the said *Diseased Cattle Act*, 1861:

And whereas it is expedient to extend the limits of the said district so as to include that portion of the said province as lies between the Shag River, in the said north-eastern district of the said province, and the Horse Range, in the said north-eastern district:

Now therefore I, the said John Hyde Harris, by virtue of the powers delegated to and vested in me in this behalf, do hereby proclaim and declare that from and after the date hereof, and until further notice, that portion of the north-eastern district of the province of Otago, in the colony of New Zealand, herein-after described, shall be deemed an infected district within the meaning and for the purposes of the said *Diseased Cattle Act*, 1861, that is to say: All that area situate in the north-eastern district of the province of Otago, bounded towards the north-east by the boundary line of run No. 109 to its south-eastern corner; thence by a line to the Horse Range; thence by the Horse Range to the ocean; towards the east by the ocean; towards the south by the southern boundary of the Waikouaiti Native Reserve; thence by a direct line to Trigonometrical Station L, in the Waikouaiti survey district; thence towards the west by a direct line to Trigonometrical Station O, in the said Waikouaiti survey district; thence by a line due north to the Waikouaiti River; thence by the boundary of New Hawksbury Hundred to the southern boundary of run numbered 80; thence by the southern and north-western boundaries of the said run, numbered 80, to the boundary of New Moeraki Hundred; thence by the boundary of the said New Moeraki Hundred to the boundary line of run numbered 109, the starting point.

Given under my Hand and issued under the Public Seal of the Province of Otago, at Dunedin, this sixteenth day of February, One thousand eight hundred and sixty-four.

(L.S.) J. HYDE HARRIS,
Superintendent.
By His Honor's Command,
THOMAS DICK,
Provincial Secretary.

PROCLAMATION

PROHIBITING THE IMPORTATION OF CATTLE FROM GIPPS LAND AND MORNINGTON.

By the Honorable JOHN HYDE HARRIS, Superintendent of the said Province of Otago.

WHEREAS by Proclamation under my hand, and issued under the public seal of the Province of Otago, at Dunedin, the eighteenth day of January last, and published of that date in the *Provincial Government Gazette*, I, John Hyde Harris, by virtue of the powers delegated to and vested in me in that behalf, did thereby proclaim and declare that from and after the date thereof all the Australian Ports, with the exception of Gipps Land and Mornington, in the colony of Victoria in Australia, should be deemed infected districts, places, or ports, within the meaning and for the purposes of the *Diseased Cattle Act*, 1861; and that no cattle, from and after the date thereof until further notice, should be permitted to be imported into the Province of Otago from any of the said Australian ports, with the exception of Gipps Land and Mornington aforesaid:

And whereas it has been made to appear to me that a certain contagious or infectious disease has broken out in Gipps Land and Mornington aforesaid, and it is expedient to declare that such districts are infected within the meaning of the said Act, and to prohibit the importation of cattle into the said province from the said districts:

Now therefore I, the said John Hyde Harris, by virtue of the powers delegated to and vested in me in this behalf, do hereby rescind the said exceptions, and do proclaim and declare that from and after the date hereof Gipps Land and Mornington shall be deemed infected districts within the meaning and for the purposes of the abovementioned Act.

Given under my Hand and issued under the Public Seal of the Province of Otago, at Dunedin, this sixteenth day of February, One thousand eight hundred and sixty-four.

(L.S.) JOHN HYDE HARRIS,
Superintendent.
By His Honor's Command,
THOMAS DICK,
Provincial Secretary.

The mortality of Melbourne and suburbs, the mean temperature in the shade, and the mean atmospheric pressure during the month of January, for the four years, 1860-63, were as follow:—

	Number of Deaths.	Mean Temperature.	Mean Height of Barometer.
January, 1860	407	68.7°	29.827 inches.
" 1861	450	67.2°	29.798 "
" 1862	401	68.0°	29.797 "
" 1863	443	68.2°	29.820 "
Mean of four years	425	68.0°	29.810 "

The number of deaths which took place in January, 1864, was 324, the mean temperature was 64.1°, and the mean atmospheric pressure was 29.825 inches.

The mean temperature of the month was thus four degrees lower than the average, and this coolness of the weather resulted in a greatly diminished mortality as compared with previous years. The deaths which occurred amounted to 101 less than the average; they, however, increased by 37 upon the number which took place in December, 1863, and by 124 and 123 upon the numbers in November and October.

Of the total number of deaths which took place during the month 53 per cent. were of males, and 47 per cent. were of females. The per centages of deaths of persons under and over five years of age were respectively 64 and 36. In January, 1863, they were also 64 and 36. In January, 1862, they were 68 and 32. In January, 1861, they were 71 and 29, and in January, 1860, they were 73 and 27. It may be remarked that since last June, or for a period of seven months, the month under review is the first in which more than fifty per cent. of the deaths have been of children under five.

The greatest mortality was experienced on the 23rd, on which day 19 deaths occurred. 16 deaths also took place on the 9th, 11th, 14th, and 29th. Only 4 deaths were recorded on the 3rd, 16th, and 24th.

The death of a female at the advanced age of 90, and of a male at that of 83, were reported during the month. The former of these resulted from brain disease and the latter from apoplexy. A male also died of apoplexy at the age of 75 years.

Five persons died from drowning during the month, one a female aged 17, the others adult males. In two instances these deaths are supposed to have been suicidal. A carpenter, aged 40, was killed by a truck on the Hobson's Bay Railway; a female, aged 26,

described as a dressmaker, poisoned herself; a child, aged 1½ years, died of a scald; a laborer, aged 60, was accidentally suffocated; a master mariner, aged 49, died from accidental causes; and a female, aged 24, committed self-destruction in the Lunatic Asylum. In these three latter instances the manner of death was not specified in the returns.

Fifty-two deaths, or 16 per cent. of the total mortality occurred in public institutions, as follows: Melbourne Hospital, 31; Benevolent Asylum, 4; Immigrants' Home, 7; Yarra Bend Lunatic Asylum, 7; Collingwood Stockade, 2; Pentridge Stockade, 1.

The following table shows the number of persons of all ages according to the last census, the number of deaths of persons under and over five years of age, the total at all ages, and the number of deaths to every 1000 of the population during the month of January, 1864, in the Statistical District of Melbourne and suburbs, and in each of the sub-districts of which it is composed:—

NOTE.—The Melbourne Hospital is in Melbourne Proper, the Benevolent Asylum in North Melbourne and Carlton, and the Yarra Bend Lunatic Asylum in Jika-jika parish (remainder of).

Of the 208 deaths of children under five years of age, 105, or nearly 51 per cent., were of males, and 103, or about 49 per cent., were of females; of those dying, 149 were under one year, 36 were between one and two years, 8 were between two and three years, 6 were between three and four, and 6 were between four and five.

Of the 116 persons dying beyond the age of five years, 65, or rather less than 57 per cent., were males, and 51, or slightly over 43 per cent., were females; 10 were between five and ten years of age, 5 were between ten and fifteen, 4 were between fifteen and twenty, 5 were between twenty and twenty-five, 8 were between twenty-five and thirty, 16 were between thirty and thirty-five, 13 were between thirty-five and forty, 14 were between forty and forty-five, 9 were between forty-five and fifty, 12 were between fifty and fifty-five, 2 were between fifty-five and sixty, 8 were between sixty and sixty-five, 4 were between sixty-five and seventy, 3 were between seventy and seventy-five, and 3 were seventy-five and upwards.

The following table shows the causes of the deaths of persons of both sexes under and over five years of age, and the proportions per cent. of deaths from each cause, in Melbourne and suburbs, during the month of January, 1864:—

Deaths from zymotic diseases increased from 75 in December to 128, and from 26 to nearly 40 per cent. of the total mortality. In this class, deaths from typhus and infantile fever rose from 3 to 11, and those from diarrhoea and dysentery from 40 to 78. The following developmental diseases also increased,—teething, from 4 cases to 11, and atrophy and debility, from 20 cases to 28. The mortality from other causes of disease showed diminished numbers, especially that from constitutional diseases, in which class deaths from phthisis decreased from 33 to 23.

PERMANENT RESERVATION AND CONTROL OF THE CITY PARK LANDS, ETC.

IN pursuance of the 8th section of *The Land Act*, 1862, and in accordance with an Order in Council made on the 1st day of February instant, it is hereby notified that it is the intention of the Governor in Council to permanently reserve from sale the lands hereinafter described, for purposes of public recreation.

It is also hereby notified that the Governor in Council has, by the same Order, directed the said lands to be vested in the Council of the City of Melbourne, as Trustees thereof. The lands above referred to are the following, viz.:-

FAWKNER PARK—County of Bourke, parish of South Melbourne.—One hundred acres, more or less: Commencing at the north-west angle of South Yarra Church of England reserve; thence by the Gardiner's Creek road west thirty-four chains seventy-five links, more or less; thence by a line south-easterly, being five chains easterly and parallel to the Brighton road; by said line south-easterly forty-three chains fifty links, more or less, to the north side of Commercial road; by that side thereof east sixteen chains fifty links, more or less, to the south-west angle of the Wesleyan reserve; thence north to the point of commencement.

CARLTON GARDENS—County of Bourke, parish of Jika-jika.—Sixty-three acres, more or less: Commencing at the north-east angle, being a point bearing south one chain from the south-east angle of St. Mark's Church of England reserve; thence by Carlton street west seventeen chains seventy-seven links, more or less, to a point due south of the south angle of allotment 1, block 51; thence south by Rathdowne street to a point bearing east one chain fifty links from the south-east angle of block 19; thence by Victoria street east to a point bearing west one chain fifty

links from the intersection of the east side of Nicholson street with the north side of Victoria parade; thence by Nicholson street north to the point of commencement.

YARBA PARK (formerly known as Richmond Police Paddock)—County of Bourke: Commencing at the south-east angle of the Mounted Police Barracks reserve; thence west to the south-west angle thereof; thence north to Wellington parade; by that parade west to the north-east angle of the property of C. J. La Trobe, Esq.; thence south and west by that property to Jolimont road; by that road south to the Yarra Yarra River; by that river easterly to the Punt road; and by that road north to the point of commencement. Land to be excluded from above-described area.—The land occupied by the Melbourne Railway; the Metropolitan Cricket Ground; extension of Botanical Gardens; and proposed road one chain fifty links wide, parallel to the north bank of the Yarra Yarra River, extending in a westerly direction from the Punt road. The permanent reservation of this land for public recreation to be subject to the condition that the Richmond Cricket Club, the Lonsdale Cricket Club, and the Press Cricket Club, be allowed by the City Council to retain the use of the portions of ground hitherto occupied by those clubs.

LINCOLN SQUARE (Carlton)—County of Bourke, parish of Jika-jika.—Three acres one rood, more or less: Commencing at the south-east angle, being a point bearing north one chain fifty links from the north-east angle of block 24, Carlton; bounded on the east by Madeline street, bearing north six chains fifty links, more or less; on the north by a street bearing west five chains, more or less; on the west by Bouverie street, bearing south six chains fifty links, more or less; and on the south by a street bearing east five chains to the point of commencement.

ARGYLE SQUARE (Carlton)—County of Bourke, parish of Jika-jika.—Three acres one rood, more or less: Commencing at the north-east angle, being a point bearing south one chain fifty links from the south-west angle of block 33, Carlton; bounded on the north by a street bearing west five chains, more or less; on the west by Cardigan street, bearing south six chains fifty links, more or less; on the south by a street bearing east five chains, more or less; and on the east by Lygon street, bearing north six chains fifty links, more or less, to the point of commencement.

MELBOURNE—County of Bourke, parish of Jika-jika (at Carlton).—About three roods twenty-two perches, more or less, being the portion of land bounded on the north by Macarthur place north; on the west by Rathdowne street; on the south by Macarthur place south; and on the east by Canning street. The corners of the above-described portion of land are to be curved with a radius tangential to the straight boundaries of the streets surrounding the reserve.

MELBOURNE—County of Bourke, parish of Jika-jika (at Carlton).—About three roods twenty-eight perches, more or less, being the portion of land bounded on the north by Murchison street; on the east by a street forming the west boundary of block 54; on the south by Owen street; and on the west by Canning street. The corners of the above-described portion of land are to be curved with a radius tangential to the straight boundaries of the streets surrounding the same.

The foregoing areas are reserved in accordance with plans deposited in the Crown Lands Office, Melbourne.

SANDHURST MINING DISTRICT.

GENERAL BYE-LAW, No. 6.—[22nd February, 1864.]

AT a meeting of the mining board of the mining district of Sandhurst, begun and holden at Sandhurst, in the said district, on the 22nd day of February, One thousand eight hundred and sixty-four, it is ordained by the said board as follows, that is to say:—

1. *Regulations of local courts and former bye-laws of mining boards repealed.*—Whereas it is expedient that the bye-laws enacted by the mining board of the mining district of Sandhurst should be revised and amended, the said bye-laws are hereby repealed, and the following bye-laws substituted in lieu thereof, excepting an enactment made by the said board for prescribing the mode in which the validity of disputed elections shall be decided; and excepting also the bye-laws or standing orders regulating the proceedings at meetings of the Sandhurst Mining Board, dated the twenty-first (21st) day of May, One thousand eight hundred and fifty-nine (1859); and excepting also a frontage system bye-law, made and passed by the said board on the twenty-eighth (28th) day of July, One thousand eight hundred and sixty-two (1862), and gazetted on the twenty-sixth (26th) day of August, One thousand eight hundred and sixty-two (1862); and also a bye-law to regulate the drainage of sludge and water in the Heathcote division of the Sandhurst mining district, made and passed by the said board on the thirty-first (31st) day of July, One thousand eight hundred and sixty-two (1862), and gazetted on the twenty-sixth (26th) day of August, One thousand eight hundred and sixty-two (1862); and further also excepting those portions of such bye-laws heretofore enacted by any local courts or mining board of the said district, as it may be necessary to retain for the purpose of deciding any dispute respecting the boundaries of claims occupied before this bye-law shall have come into force; and also further provided that nothing herein contained shall in any manner affect any right, title, or interest existing at the time when this bye-law shall come into force.

2. *Construction of words and terms.*—For the purpose of this bye-law, and any other or others that may be subsequently made, the word "miner" shall also be construed to mean any holder of a miner's right; and the word "machine" to mean any engine, mill, or other apparatus (not being a trough or puddling tub) used in mining, or for the purpose of separating gold from any other substance; and throughout these bye-laws every word and term used in the singular number or masculine gender only, shall be construed equally to imply and include the plural number, and females as well as males, unless there be something in the context repugnant to such construction; and the word "warden" shall mean one of Her Majesty's wardens in and for the colony, or in and for any district thereof; and "payable quartz" shall mean that which shall yield a return after the expenses of procuring and crushing twenty (20) tons irrespective of sinking a shaft, or putting in drives or levels, or assessments for pumping; and the words "mining board registrar" and "registrar" shall mean any officer or officers to be appointed under the 24th Victoria No. 116, to carry out this bye-law.

3. *Rules and regulations for mining partnerships.*—In any mining partnership or company formed for the purpose of extracting gold from any claim held under miners' rights, where the rules and regulations of said company shall not otherwise provide, or where the said company shall not have any rules and regulations in writing, the rights and privileges of the several members shall be held and enjoyed subject to the following rules and regulations:—

The decision of any number of shareholders representing or holding a majority of the shares of the company according to their relative value, shall (subject to any bye-law made or hereafter to be made by this board) be final on all questions relating to the working of the mine, or the amount of money to be paid by each member into the funds of the company for the purpose of carrying on the works, or for the erection of machinery, or for draining purposes; provided that each member shall be liable to pay a share of the expenses, and shall be entitled to receive a share of the profits of the company, proportionate to the value of the share held by him. When any call of money shall have been made by a majority as aforesaid of the members of any company, for any of the purposes aforesaid, every member shall forthwith pay unto the person appointed to receive the same his part or proportion thereof; and every call shall become due twenty-four (24) hours after the same shall have been made.

When any member shall make default in payment of any such call for the space of fourteen days next after such call shall have become due, a meeting of the company shall be called, in the same manner as the meetings of said company have heretofore usually been called; and notice of such meeting, in the form, and to the effect hereinafter provided, shall be delivered to the defaulting member, or advertised three (3) clear days in one or more newspapers circulating or published in the division in which the claim is situated, before the time of holding such meeting, and such notice shall be signed by the manager or other presiding member of the company.

And when said meeting shall be held, if the said defaulting member shall not in the meantime have paid up all arrears due by him, and shall not be present, or, being present, shall not then pay up the amount due, a majority of the members then present having paid up all arrears may declare the share or shares of the said defaulting member to be forfeited, and without any further notice to the defaulter; and the said share or shares, with all right, title, and interest to or in any capital, machinery, or other property of the company, shall be forfeited.

Provided always that when any share or shares have been declared by the said shareholders forfeited, such share or shares shall be put up for sale by public auction, of which previous notice shall be given on at least three (3) succeeding days in

some newspaper published or circulating in the division; or if there be no such newspaper, then in two newspapers circulating in the district where the claim is situated, and shall at such sale be sold to the highest bidder, and the proceeds of such sale, after the payment of the expenses thereof, shall, so far as they will extend, be appropriated in liquidation of the debt due to the company on such share or shares; and after payment of the expenses of such sale and of the call or calls due on such share or shares, the surplus, if any, shall be delivered to the former owner of said share or shares, on his executing to the said company and the shareholders thereof a release of all claims in respect thereof.

The following is the notice referred to:—

186

To A.B. (the defaulter).

Sir,—You are requested to take notice that a meeting of the company, of which you are a shareholder, will be held at _____, on the _____ day of _____ 186____, at which you are requested to attend.

You are indebted to the company, for calls now due over fourteen (14) days, in the sum of £____, and unless that sum be paid at or before said meeting your share (or shares) will be forfeited.

C.D.,
Manager.

GENERAL CLAUSES.

1. *Preparatory work in claims.*—Any miner employed in making necessary preparation for the working of any claim, or employed in the erection of machinery in connection with the same, shall be deemed as working upon the claim.

2. *Walls.*—No wall shall be allowed between any two claims, but if a wall shall be necessary it shall be lawful for the warden of the division to prescribe, and from time to time to vary, the extent and thickness of any wall which may be necessary, and excise the same in equal proportions from the claims of the several parties who may be benefited by such wall being allowed. And no person shall mine into, remove, or damage any wall which shall have been left by agreement between the parties, or which may have been prescribed as aforesaid to be left, unless by permission of said warden.

3. *Air passages may be made.*—When air passages are required between one claim and another, it shall be lawful for the warden, on being appealed to by the owner of any claim so situated, to compel any adjoining claim owner to perform whatever amount of work he may deem equitable and requisite for the due ventilation of such claim or claims.

4. *Warning before blasting.*—Ten minutes previous to the discharge of any blast of gunpowder, or other explosive substance, within fifty (50) feet from the surface of the ground, due notice of such discharge shall be given by the persons who shall have prepared or caused such explosion to all other persons working, residing, or passing within a distance of one hundred (100) yards from the place of such discharge.

5. *Pegs, posts, and all mining plant and easements protected.*—No person shall remove, injure, destroy, or deface any posts, pegs, logs, fence, notices, or any mining plant, of whatsoever description, without permission from the owner of the claim on which they may be situated.

6. *Duplicates of forms, &c.*—For the purposes of this bye-law, all printed forms, schedules, or other documents appertaining to them, shall be issued in duplicate, one copy of which shall be filed in the proper office, and the other retained by the person requiring them.

7. *Warden to authorise the making of crossing-places.*—Where any two or more miners are desirous of forming a road or bridge or crossing-place over or across any gully, creek, reef, or claim, they shall be at liberty to do so, provided that the consent of a warden shall have been previously obtained, and the exact line of such road or crossing-place fixed by him; Provided however that no such road or crossing-place shall be authorised to be made over or through any mining claim, unless compensation for damage or loss shall be immediately paid or tendered to the owner thereof; and provided further, that such road, bridge, or crossing-place shall be of a breadth, when practicable, of not less than fifteen (15) feet, and be so constructed that no injury shall accrue to any drain, creek, or culvert passing under it.

8. *Protection of private roads.*—No person shall dig within the distance of five (5) feet from the nearest wheel track of any private road used for mining purposes, or drive underneath the same unless the drive shall be more than ten (10) feet beneath the surface of the road, nor shall any person interfere in any way with any such road.

9. *Work to be done in claim when marked off.*—All claims marked off under this bye-law shall be in full work within forty-eight hours from the time of marking, unless where the contrary is provided in any clause hereinafter following; and any claim not in full work with the number of men defined by this bye-law within such time shall be deemed to be abandoned.

QUARTZ WORKINGS.

1. *Working of quartz claims.*—All quartz claims shall be marked by substantial posts at least three (3) inches in thickness, and standing three (3) feet above the surface, and in addition an angular trench at least six (6) inches in depth and three (3) feet in length, to be cut at each corner of the claim; and all such posts and trenches shall be maintained free from any rubbish or soil so as to be readily observed.

2. *Forfeiture of claims.*—No claims shall be declared forfeited by any holder of a miner's right on the ground that such claims were not properly marked, or for any act or omission for which

a penalty is provided; but any claim may be declared to be forfeited (in addition to any other causes of forfeiture or presumptive abandonment in this bye-law contained), on the ground that the same has not, in proportion to the time of occupation by him, been fairly worked by such owner, or that the claim has been left unworked for a longer period than ninety-six (96) consecutive hours, or that less than the minimum number of men required by this bye-law have been employed thereon; but herein it shall be competent for such owner to bring forward as a reasonable plea in excuse absence caused by the sickness of himself and family: Provided that no claim shall be liable to forfeiture during any period for which a drainage assessment or contribution of not less than three (3) pence per lineal yard per week, is being paid, although the owner thereof may neglect to work such claim in accordance with this bye-law.

3. *Claims not forfeited by neglect of hired workmen or tributors.*—No miner holding a claim or portion thereof, or share or interest therein, who employs hired labor to work the same, shall be deemed to have forfeited or abandoned his right, title, or interest in the same through any neglect, absence or omission on the part of any workman thereon employed by him; and further, no claim or portion of a claim shall be declared forfeited, or be deemed to be abandoned where the same is *bona fide* worked by the number of miners required by the bye-laws now in force on tribute, that is to say, where a portion of the gross or net proceeds of the claim (as the case may be) is returned by the tributator or tributors to the owner or owners of the claim by way of tribute, rent, or royalty.

And the owner or owners of such claim shall be deemed to be working the same in a *bona fide* manner as much as if they employed hired workmen for that purpose, and shall enjoy all the rights, privileges, and exemptions contained in the bye-laws now in force.

Provided always that if after seven (7) days' notice, in writing, of such neglect, absence, or omission being given to such miner, either personally or by leaving the same at his last known place of residence; or in the event of the owner or owners having been absent and not to be found, such notice has been advertised in one or more newspapers circulating in the division in which the claim is situated, such neglect, absence or omission is continued, such miner shall be deemed to have abandoned his claim or portion of claim, or share or interest therein, as the case may be.

4. *Extent of claim.*—Any one or more miners shall be entitled to hold more than one claim on any line of reef, but such claim shall not exceed eighty (80) yards in length, by a width at right angles to the supposed line of reef of one hundred and fifty (150) yards, and all the quartz or other auriferous rock lying within or beneath the boundaries of any such claim shall be the property of the owners or holders thereof: Provided the right to any such claim shall not be taken to include a right to any alluvial deposits that may exist within the boundaries of the same, except as hereinafter provided: Provided further that not less than two (2) miners or workmen shall be kept regularly employed upon or at work in connection with each such claim.

5. *Prospecting.*—When any miner may be desirous of searching for any new lode or vein of quartz, or the continuation of any discovered vein, he shall be entitled to mark off and occupy a claim two hundred (200) yards in length on the supposed line of reef, by a width at right angles to said line of one hundred and fifty (150) yards: Provided the end boundary of such claim be not within the distance of four hundred (400) yards from the nearest end boundary of any claim occupied on the supposed line: Provided further that any claim taken up under this clause shall be worked in a *bona fide* manner during the ordinary hours of labor, for a period of twelve (12) months, or in default the extent of said claim beyond an ordinary claim shall be deemed to be abandoned: Provided also that the occupant of any such increased claim shall, within seven days after the making thereof, report the particulars to the mining board surveyor of the division or sub-division wherein the said claim is situated: Provided also that within seven days after the discovery of any payable auriferous lode or vein of quartz, the owner or occupier of said claim shall give notice of such discovery to such mining board surveyor aforesaid, and any miner neglecting to give such notice, shall forfeit his right to such extended claim. And further, on the discovery of any new line of reef, or of the continuation of any known existing line of reef as aforesaid, the said occupant shall defray the expenses of surveying the same, with the view of laying down the definite bearing of the said reef; and any such claim shall be surveyed and registered as required by the other provisions of this bye-law relating to the survey and registration of quartz claims.

6. *Temporary amalgamation of quartz claims.*—It shall be lawful for the owners of any number of adjoining claims on the same line of reef, the length of which said claims taken together shall not exceed two hundred and forty (240) yards, to amalgamate such claims temporarily for the purpose of mining in search of any lode or supposed lode, at their joint expense and under their joint management, until the discovery of a payable auriferous lode shall be effected; and under the aforesaid circumstances and until such discovery, the *bona fide* working of any one of such amalgamated claims shall be deemed a legal working of the whole of them. And it shall be lawful for any owner of a claim to hold the same unworked if he shall pay in to the miners nearest (at the time of such arrangement), and mining in search upon the same line or supposed line, a weekly money contribution or an equivalent. But the owner of any claim or claims amalgamated or contributed for and so held unworked shall be bound to work the same in a *bona fide* manner within one month from the day upon which such mining in search ceased to be carried on in a *bona fide* manner: Provided that the hereinbefore-named contribution money shall be deemed to be only an advance, and the same, or a just proportion of the same, shall be returnable should payable quartz be struck; and

that the owner of the claim whereupon is the prospecting shaft shall make use of said shaft as a working shaft, but not otherwise. And the proprietors of any shaft upon such amalgamated claims, or the owners of any prospecting shaft receiving any such contribution, shall post up on each shaft, and at all times maintain, a ticket containing a list legibly written of the number of such claims amalgamated or paying in the length of each claim respectively, and the names of the owners thereof. And the miners working at any such shaft shall, in addition, at all times give such information respecting any contributing claim as shall be required of them by any authorised miner; and the owner of the claim to which such contributions are paid, or in which the work is carried on, shall immediately after such amalgamation lodge with the registrar of the division wherein the said amalgamated claims are situated, a memorial in the form of schedule B hereunto annexed, and shall pay to the registrar therewith the sum of Two shillings and sixpence for every claim included in such amalgamation: Provided however that it shall not be lawful for any claimholder to let his claim stand unworked under this clause so as in any manner to interfere with any bye-law enacted by the mining board for the drainage of wet reefs.

7. *Exemption of quartz claims.*—The owner of any quartz claim in which six (6) months' *bona fide* work or upwards has been done, shall be entitled to be exempted from working the same for a period of six (6) months from the date on which such *bona fide* work ceased; and the owner of any claim which has been in *bona fide* work for any period less than six (6) months, and not less than one (1) month, shall be entitled to similar exemption for a length of time equal to that during which his claim was in work: Provided that the said owner shall, within three (3) days of the commencement of such period of exemption, lodge with the registrar of the division wherein the claim is situated an application in the form contained in the schedule C. hereunto annexed, and headed "Exemption Certificate;" and the registrar shall thereupon issue to the aforesaid owner a duplicate of certificate. And further, it shall be lawful for any such owner as aforesaid, at the termination of the time named in his exemption certificate, to make application to the warden to have the time extended for a further period equal to that originally given in any such certificate; and the warden may, at his discretion, authorise the registrar to issue to aforesaid owner a certificate in the form of schedule K. hereunto annexed, and headed "Extended Exemption Certificate;" but previous to such authority being given, or to any such extended certificate being issued, the aforesaid owner shall serve or cause to be served on the owners of the two (2) quartz claims on the same line nearest to his own a printed notice of application for extended exemption, according to the form contained in schedule L. annexed; and should there be only one claim as aforesaid in occupation, or should the owners of any of the two nearest be absent and not to be found, then the service of the notice upon the owners of the next nearest claims on the same or any other line, or should there be only one quartz claim in occupation within one quarter of a mile from the claim for which exemption is sought, service of the notice upon the owners of such claims as are occupied, and in default of a sufficient number, upon the miners residing nearest to such claim as aforesaid shall be sufficient; and the aforesaid owner shall, if required by any person on whom such notice is served, go and point out to him the exact boundaries of the claim for which such exemption is sought; and every person upon whom such notice is served in accordance with this bye-law shall insert in writing on the back thereof, and in the manner therein prescribed, the date on which it was served on him and his approval or disapproval of such extended exemption being granted; and until the expiration of three (3) clear days from the day on which the notice was served on the miners adjoining, during which period any miner whatever may enter his objection to the issue of the certificate, and until all and every such objection has been heard and overruled by any warden or warden and assessors, no extended exemption certificate shall be granted to such owner; and such owner shall also truly answer all such questions as are prescribed on the face of the certificate of exemption and sign the same; and whenever any miner has obtained any certificate as aforesaid he shall, for the information of all other persons, securely fix and at all times maintain, somewhere within the boundaries of the claim for which exemption has been given, a piece of board at all times visible, with the letter E, if exemption only, and the letters EE, if extended exemption, and the number and date of the certificate, legibly painted thereon: Provided that any certificate as aforesaid shall not exempt the owner thereof from any liability to pay drainage assessment under any of the bye-laws of this board: Provided also that if it shall come to the knowledge of the warden that an exemption certificate or any extended exemption certificate has been issued upon false representations, it shall be competent for such warden, in his discretion, to cancel any such certificate; and if upon notice to the holder that such certificate is cancelled, he does not proceed to work the claim within four (4) days, such warden may declare it to be forfeited. The fees to be paid to the registrar are, for an exemption certificate, (5s.) Five shillings; for extended exemption certificate, (2s. 6d.) Two shillings and sixpence.

8. *Claims may be declared forfeited.*—It shall be lawful for the warden, on application being made by any miner, to declare the right, title, and interest of any other miner to or in a quartz claim forfeited, on the ground that the same has not been fairly worked during the term of occupancy, or that the same has been left unworked for a greater length of time than is permitted by this bye-law, and in the event of the same being declared forfeited the warden shall then put the applicant in full possession of said forfeited claim: Provided that when a claim is declared forfeited, it shall be lawful for the warden to have any road, shaft, drives, timber, mining plant or other materials, absolutely beneficial to the applicant, valued, and that the amount of said valuation (if any), together with the cost of estimating such value, shall be paid within forty-eight (48) hours to the original

owner, and such payment shall be a condition precedent to putting the applicant in possession of such claim.

9. *Claims may be declared abandoned.*—Any quartz claim unworked for six (6) calendar months from the date on which *bona fide* work ceased in such claim, or from the date of expiration of period of exemption, shall be deemed to be abandoned, and any duly authorised miner may make application to the warden to declare the said claim to be abandoned, and on such declaration of abandonment being made, may take possession thereof without being called upon to pay any compensation or to give any notice whatever to previous owner; and no such previous owner shall have any right or title to any claim on account of any previous ownership if such right be not claimed within six (6) months from the date on which *bona fide* work ceased, or from the expiration as aforesaid of period of exemption.

10. *Amalgamated claims, or when manual labor is found to be inadequate.*—It shall be lawful for the owners of any number of adjacent quartz claims which cannot be worked by manual labor, and the length of which in the aggregate shall not exceed three hundred and twenty (320) yards, and have been worked two hundred and twenty (220) feet below the surface, or to the original water level, to amalgamate their claims into one area, which shall be called a working area, so that such amalgamated claims may be worked from one main shaft and drives, and the working of any one of such amalgamated claims shall be considered equivalent to working the whole of said claims: Provided always that there shall be one miner employed to every eighty (80) lineal yards contained within such area as hereinbefore mentioned: Provided also that said miners are employed for the benefit of all the claims within the said area; such an amalgamation as aforesaid shall not in any way invalidate or interfere with any right, title, or interest of any claimholders or part claimholders that may have existed prior to its formation, unless by special agreement. But no working area shall be considered legally formed until a survey and plan have been made showing the boundaries of all the claims proposed to be amalgamated within said area, and said plan shall have been signed by the warden for the division wherein said area is situated; but it shall not be lawful for the said warden to sign said plan unless it be accompanied by a request for him to do so, signed by the majority of the shareholders in each of the claims shown on said plan and proposed to be amalgamated. And further the warden may allow the holders of any claim to withdraw the same from any working area three (3) months after they have given to the warden and to the manager of the area notice of their intention so to do: Provided that the said claimholders have paid their share of all the expenses incurred, and of all the expenses they have agreed to incur by the execution of any work that they have consented to have done for the benefit of the whole of the said area; but the withdrawal of any claim from any working area shall not deprive the owners of the claims which have not been withdrawn from the free use of any shafts or drives in the said withdrawn claims that may have been made at the joint expense of the claimholders within the said area.

The plans of all working areas shall be left in charge of the warden of the division, who shall certify the withdrawal of any claim by writing across the face of said claim as shown on said deposited plan.

11. *Claims to be registered.*—Every owner or part owner of a claim held by "miner's right," shall within seven (7) days after first becoming possessed of the same, cause his or their interest in the claim to be registered in a book to be kept for that purpose by the mining registrar, and no miner shall be deemed to be legally in possession of any quartz claim, or share in any such claim, until such claim or share as aforesaid has been so registered; and no transfer made of any quartz claim or share in such claim by transfers, though in legal possession, shall be deemed a legal transfer unless such transfer has been duly registered by the registrar of the division in which the claim sought to be transferred is situated; and when any quartz claim or share in any such claim has been transferred, and the transfer duly registered, the registrar shall certify the same by signing his name across the face of the transfer-ticket, and affixing the day and date; and for the duties named in this clause the registrar shall receive the following fees:—

	s.	d.
Registering a quartz claim	2	6
Ditto, share in ditto	1	0
Ditto, transfer of ditto	2	6
Ditto, ditto, share in ditto	1	6

All quartz claims to be numbered consecutively as they are registered, and the registrar shall issue to each applicant for registration a certificate in the form set forth in schedule I. annexed to the aforesaid bye-law, and shall keep a duplicate copy of the same. This clause shall not apply to any alluvial claims whatever, nor to quartz claims situated ten (10) miles or more from the nearest warden's office: Provided always that the owners of any quartz claim situated a further distance off may avail themselves of said clause, should they deem it advisable.

12. *For defining and fixing the boundaries of quartz claims.*—The owners of any quartz claims shall, for the better identification of their respective claims, cause the same to be surveyed by the mining board surveyor, who shall make a plan of the same, showing the area and boundaries, and shall connect each claim with one fixed point; and the said surveyor shall issue to the owner whose claim he has surveyed a sketch or duplicate of the plans made; and the said owner shall pay to the aforesaid surveyor the sum of Ten (10) shillings, together with travelling expenses as is allowed by this bye-law in connection with other surveys. And such mining board surveyor shall make, and always maintain at the registrar's office, a plan of each line of reef within his division, or within such portion of a division as may be allotted to him, on a scale not less than twenty (20) yards to the inch; and such plans shall be called office plans,

and shall be kept in conspicuous places in the registrar's office, and shall at all times be accessible for inspection by the public; and, in the event of no objection being raised by any miner, the said surveyor shall enter such survey in the office plan to which it respectively belongs, fourteen (14) days after such survey has been made. And further, the said surveyor shall, at the time of making such surveys as aforesaid, afford every facility for adjoining claimholders to ascertain whether any encroachment is being made; and any miner deeming that an encroachment has been made, may lodge an objection with the warden against the survey, and shall lodge a copy of such objection with the registrar of the division; but no such objection shall hold good unless made within fourteen (14) days after the survey has been made. And no survey objected to shall be entered on the office plan until all objections made have been heard and set aside by the warden; and the fact of any such claim surveyed as aforesaid being entered on any such office plan shall be deemed good and conclusive evidence that such claim, with such boundaries as are therein set forth, was at the time of survey legally in possession of the aforesaid owner, unless direct evidence can be brought showing that mistakes have occurred. And in the event of any such owner being desirous of having his boundaries altered, he may mark off the claim temporarily in such altered form as he may require, and shall, within three (3) days thereafter, lodge with the registrar an application for a re-survey, signed by a majority of his partners, together with a further fee of Ten (10) shillings as aforesaid; and when such re-survey shall have been made, and the alterations entered on the office plan as aforesaid, the boundaries shown in such survey shall be deemed the boundaries of such claim, whether all the partners have assented to such alterations being made or not.

13. *Shafts shall be made safe for the public.*—Any miner who may sink a shaft, or make an excavation upon his claim, in search of auriferous quartz within twenty (20) feet of any public road or ordinary crossing-place, shall substantially fence in such shaft or excavation to the height of at least four (4) feet, and maintain the same during the occupancy of such claim.

ALLUVIAL CLAIMS.

1. *Claims to be properly marked.*—All alluvial claims taken up or occupied under this bye-law, shall be marked as follows, that is to say:—In alluvial ground the claim shall be marked by substantial pegs standing at each corner of the claim, at least one (1) foot above the surface of the ground, and in addition, an angular trench, at least six (6) inches in depth and three (3) feet in length, to be cut at each corner of the claim.

2. *Prevention of accidents.*—Any miner working in alluvial ground a claim within twenty (20) feet of any public road or ordinary crossing-place, shall enclose any shaft or excavation which he shall make upon such claim by an embankment, or other fence, at least four (4) feet in height, so as to afford thereby a reasonable security against accidents to passengers; and no miner shall, when he abandons his claim, destroy or remove any such fence or embankment, or portion thereof.

3. *Extent of ordinary block claims.*—The extent of ground which miners shall be entitled to mark off and hold as claims shall be as follows, namely:—

	Feet.	Feet.	Sq. Feet.
One miner shall be entitled to	35	35	or area of 1,225.
Two	50	50	" 2,500.
Three	60	60	" 3,600.
Four	70	70	" 4,900.
Five	80	80	" 6,400.
Six	85	85	" 7,225.
Seven	95	95	" 9,025.
Eight	100	100	" 10,000.

But whenever the extent of sinking shall exceed fifty (50) feet, the extent of ground for—

	Feet.	Feet.	Sq. Feet.
Two men, shall be	70	70	or an area of 4,900.
Three	85	85	" 7,225.
Four	100	100	" 10,000.

4. *Form of claim on alluvial ground.*—As far as practicable, all claims shall be marked off in a rectangular form, the length of the same in any case not to exceed twice the breadth.

5. *Prospecting claims.*—The extent of claims which miners prospecting on new alluvial ground of lost leads may mark off and hold, shall be as follows:—

One miner	66 yards.
Two	100 "
Four	166 "
Six	193 "
Eight	200 "

And where the sinking is found to be over fifty (50) feet—

One miner	75 yards.
Two	112 "
Four	150 "
Six	187 "
Eight	225 "

with a width in all cases of two hundred (200) yards: Provided at the time of marking off any such claim the nearest boundary of the same be distant not less than two hundred and fifty (250) yards from any alluvial ground, either old or new, then held and being worked by any miner; and any miner or miners holding a prospecting claim shall, upon the discovery of gold, notify the same to the warden of the division wherein such claim is situated within three (3) days after which such discovery has been made; and upon the discovery of payable gold, and within six (6) days of such discovery, shall notify the same to the warden of the division wherein said claim is situated, by delivering to him or

leaving at his office a notice in the form or to the effect set out in schedule D. hereunto annexed.

6. *Extended claims.*—Where in an alluvial claim the nature of the ground and the proposed mode of working is such that a very expensive race or cutting, or work or timbering, or machinery is necessary, the owner thereof may mark out and occupy as a portion of his claim, such additional area of adjacent unoccupied ground as the warden may deem an equivalent for the extra expense: Provided that such extended area shall not in any case exceed ten thousand (10,000) square yards; and immediately after such extension, the owner of said claim shall cause the same to be surveyed by the mining board surveyor of the division wherein the same may be situated, who shall connect said claim with some fixed point, and shall deliver to said owner a plan of said claim; and for such survey and plan the surveyor shall be entitled to receive the sum of One pound five shillings (£1 5s.), together with Two (2) shillings per mile for every mile of distance over three (3) miles from the warden's office nearest said claim; and the owners of said claim shall cause a memorial in the form or to the effect set forth in schedule F. to be written on parchment, and together with the plan aforesaid, delivered to the mining registrar of the division wherein said claim may be situated, within seven (7) days after said survey, and shall forthwith pay to said registrar the sum of Five (5) shillings.

7. *Adjoining claims may be amalgamated.*—The owners of any number of adjoining claims may by writing, under their respective heads, amalgamate the same for the more economical working thereof; and immediately upon the execution of the said writing, the owners of the amalgamated claims shall cause the same to be surveyed by the mining board surveyor of the division where the same may be situated, who shall connect said claims with some fixed point, and shall deliver to said owners a plan of said claims; and for such survey and plan the surveyor shall be entitled to receive the sum of Ten (10) shillings for each claim up to and including five (5) claims, beyond which the fee shall be such as may be agreed between the parties, together with Two (2) shillings per mile for every mile of distance over three (3) miles from the warden's office nearest said claim; and the owners of said claim shall cause a memorial, in the form or to the effect set out in schedule A, to be written upon parchment, and, together with the plan aforesaid, delivered to the mining registrar of the division wherein said claim may be situated, within seven (7) days after such survey, and there-with pay to such registrar the sum of Five (5) shillings; and from and after the delivery of the said memorial and plan as aforesaid, said claims so amalgamated may be held and worked as one claim: Provided that unless a number of men equal to one-half of the full number necessary to hold said claims severally shall be employed in connection with said amalgamated claims, such amalgamation shall be null and void.

8. *Co-operative claims.*—It shall be lawful for any number of owners of adjacent claims to combine together in the use of steam machinery for the working of previously worked alluvial ground, and to hold any quantity of that ground not exceeding twenty (20) acres: Provided however, that when the horse power of the steam engine or engines used on such claim shall not amount to fifteen (15) horse power, such claim shall not exceed ten (10) acres: Provided also, that any such owners of adjacent claims not employing at least five (5) horse power shall not be entitled to hold more than five (5) acres: And provided that in all such claims at least one (1) man to every acre shall be constantly employed during the ordinary working hours: Provided that in all such cases claims shall be taken possession of only upon being laid out, surveyed, and reported to the warden by a mining board surveyor, and the expenses of such survey shall be defrayed by the applicant.

9. *Exempted alluvial claims.*—The owner of any alluvial claim held under this bye-law, and in which a shaft fifty (50) feet deep has been sunk, not being a puddler's claim, shall be exempted from working the same for a period of one month from the date that *bona fide* work ceased: Provided that the owner of such claim post up a notice upon a substantial post upon a conspicuous part of the said claim, stating that the claim is under exemption, and that he shall immediately acquaint the mining board registrar of the division of the cessation of work, and pay him the sum of Two shillings and sixpence (2s. 6d.); and the said registrar shall keep a record of the same open to the public; and the said owner shall include in such notice the number and date of such record and exemption.

10. *Claim may be taken up over termination of drive.*—When any miner shall sink and drive in alluvial ground in search of gold, and discover any deposit or lead of gold, he shall, if the ground be unoccupied over the place where such deposit is situated, be entitled to mark off his claim over or in advance of the termination of the drive; and should such discovery of gold be a discovery within the meaning of clause five (5) of this bye-law, he may also occupy such additional quantity of ground as this bye-law may authorise him to hold, and the miner exploring in such manner shall enjoy the use of the drive and the shaft from which such explorations have been made, and such a thickness of wall around both shaft and drives as may be necessary for its preservation: Provided that if the said miner shall sink any new shaft within the boundaries of the claim taken up, he shall be deemed to have abandoned all claim to the shaft and drive first made: Provided further, that in the event of any other miner occupying the ground in which the aforesaid shaft and drive are situated, and wishing to use or interfere with the same, he may make application to the warden for permission to sink a new shaft for the discoverers in lieu of the shaft and drive aforesaid, and the warden may at discretion grant such permission; and the completion of such new shaft to his satisfaction shall entitle the applicant to be put in possession of the shaft and drive first owned by the discoverers.

11. *Creek claims.*—Any miner or party of miners desirous to work the bed of any creek, shall be entitled to mark off and

occupy not more than two hundred (200) yards in length of said creek, and for each fifty (50) yards in length of said claim there shall be at least one (1) man kept constantly employed in or in connection with the working of said claim; and if any miner or miners take up a claim to search for gold at a distance of six hundred (600) yards from the nearest boundary of the nearest creek claim on said creek, he or they shall be entitled to mark off and occupy a claim not exceeding three hundred (300) yards, and for each seventy-five (75) yards in length of said claim there shall be at least one man constantly employed at or in connection with the working of said claim. And when any miner or party of miners shall take up a claim to search for gold a distance of one (1) mile from any other claim now being worked, or on any creek whereon no work has been done, he or they shall be entitled to mark off and hold four hundred (400) yards, and for each one hundred (100) yards in length of said claim there shall be at least one (1) man constantly at work on or in connection with the working of said claim, and any such claim shall extend for fifty (50) yards on each side from the centre of the creek at every point; and within seven (7) days of the marking out of any such claim, the owner or owners shall give notice thereof in writing to the mining registrar of the division wherein the same is situated, and the owner or owners of said claims shall pay to the registrar the sum of Five (5) shillings if an ordinary claim, and Ten (10) shillings if a prospecting claim.

12. *Shepherding claims in alluvial ground.*—In order to prevent "shepherding," all holders of alluvial claims must be present on his or their claim every lawful day (except prevented through sickness or any public holiday) after that on which the claim was taken possession of, two consecutive hours, from Nine (9) of the clock a.m. to Eleven (11) of the clock a.m., until the shaft therein has been bottomed. Any miner or miners not complying herewith, shall be deemed to have forfeited his or their claim, or share or shares therein; and further, the warden may at discretion declare any alluvial claim forfeited, on the ground that the same has not been fairly and energetically worked during the time that it has been held by any miner or miners.

PUDDLING AND CEMENT CRUSHING.

1. *Machines not to be placed on workable ground.*—No race, dam, dam-bank, machine, roadway, water-hole or water, shall be made, placed, formed, or collected upon auriferous ground, nor in such a position as to prevent or hinder any miner from taking out auriferous earth, quartz, or other substance; and the owner of any such race, dam, dam-bank, machine, water-hole, or water so situated, shall be compelled to remove the same: Provided always, that no such owner shall be compelled to remove the same until compensation for such removal shall have been paid or tendered to him by the miner or miners seeking to enforce such removal, and the amount of compensation to be determined by the warden.

2. *Dams, machines, &c., authorised.*—Any miner about to form a dam, well or water-hole, or to erect a puddling machine, shall first obtain the authority of a warden: Provided that the said miner shall first personally serve upon the owners of two machines or registered dams nearest to the site applied for, or upon the person in charge of such machines, a written notice of such application in the form prescribed in schedule G annexed to this bye-law, provided such machines are not over half a mile distant from the site so applied for. And the applicant shall, if required by any person upon whom such notice is served, go to and point out to such person the exact site for which application has been made; and any person to whom such application is tendered, if tendered in accordance with this bye-law, shall insert in writing on the back of said notice, and in the manner therein prescribed, the date on which it was served upon him, and his approval or disapproval of the grant of such authority as aforesaid to the applicant; until the expiration of three (3) clear days from the day on which the service of the notice was completed, and until such objection (if any) has been heard and overruled, such authority shall not be granted to the applicant to make, nor shall he make or commence to make, any dam, well or water-hole, or erect any machine as aforesaid in that place.

3. *Sites of dams, &c., to be surveyed.*—No person shall obtain the grant of a site for a puddling mill, dam or easements therewith connected save upon the survey and report made to the warden by a mining board surveyor, and his (the said warden's) approval of the same, and upon payment to the said surveyor of a fee of Twenty-five (25) shillings, with an additional charge of Two (2) shillings per mile for each mile distant over three (3) miles from the nearest warden's office, as travelling expenses to the surveyor; and the said surveyor shall see that a notice has been received by at least two (2) owners of mills or registered dams in accordance with clause 2 before making the survey, and shall give a copy of his report and plans of said site to the applicant; and also the said surveyor shall, on making such plan, connect the site of the proposed mill or dam, &c., with some point so as to secure its identity.

4. *Claims when exempted.*—When any miner is engaged in the erection of steam or horse machinery for puddling, or crushing cement, it shall be competent for him to mark off the claim which he proposes to occupy in connection with such machinery, and said claim shall be deemed his claim to occupy in connection with such machinery, and said claim shall be deemed his claim to all intents and purposes, but he shall duly work within two (2) months after the so marking it off; and when any miner having any such claim shall have, notwithstanding proper precautions on his part, his supply of water exhausted, he shall not be liable to forfeit such claim or any portion thereof, and such miner may hold the same unworked for a period not exceeding twelve (12) weeks in twelve (12) months, if at the

time of such cessation of work not less than three (3) months' *bona fide* work has been done in the claim by such miner: Provided further, that he shall post up a notice on a conspicuous part of the claim, and also record the particulars of the same at the office of the registrar of the division, in accordance with schedule II annexed to this bye-law.

5. *Changing a road.*—If any miner desires to change the direction of any private road, he shall, for a period of three (3) days previous to such change, affix a notice of such desire in a conspicuous place in such road, and shall also acquaint the warden of such desire, and thereupon, if the warden shall approve of such alteration, the same may be made by the miner.

6. *Machines, &c., not to be too close to roads.*—No puddling or crushing machine of any description shall be placed within the distance of fifteen (15) feet from the edge of any road or crossing place in use.

7. *Sludge and water to be kept off roads.*—No person shall allow any water or sludge flowing from his mill, dam, or machine, to run or spread over any road, footpath, or crossing place in common use, unless the same shall be in an authorised drain.

8. *Dams, &c., to be properly made.*—When any person shall receive authority under this bye-law to make any water-hole or dam, he shall excavate the earth to the depth of twelve (12) feet, unless the bed rock lies nearer to the surface, in which latter case the said dam or water-hole shall be excavated to the rock; and he shall, when required to do the same by the warden, cast up embankments or cut such escape drains in connection with the said dam as may be directed by the warden of the district.

9. *Dams not to be made near reefs.*—No water-hole, race, or dam shall be made by any miner within the distance of twenty (20) yards from the line of any quartz workings; and the removal, alteration, or drainage of any race, water-hole, or dam, respectively, which is proved to discharge water into any underground workings, may be directed, such removal, alteration, or drainage to be made on payment of such sum of money as the warden may deem equitable to be paid by the person benefited to the owner of the said water-hole or dam; and any such removal or alteration of any such race or dam shall be effected in such manner as may be directed by the warden of the district.

10. *Water not to be taken from dams.*—No person shall, without the consent of the owner thereof, take away or make use of any water which may be in any duly authorised water-hole or dam except for domestic purposes: Provided however, that it shall be lawful for any person to take water from any dam or water-hole when such dam or water-hole shall have been (under the provisions of this bye-law) unused for the purposes intended for a period of three (3) months.

11. *Forfeiture of puddling dams, &c., by neglect to use them.*—The owner or occupier of any dam, well, water-hole, or site of machine, neglecting or discontinuing the use of the same for a period of six (6) months, except in the case of the want of water, shall thereby forfeit all right, title, and interest therein.

12. *Puddlers not to pump water from other miners.*—No puddler or person shall pump, take away, or damage any water which may be in any unregistered water-hole or excavation of any kind, if any other miner shall be at work at such water-hole or excavation, and require the water for puddling purposes, unless such puddler or other person shall have previously obtained the consent of such miner or the authority of an authorised officer.

13. *Machines, &c., obstructing certain creeks.*—It shall not be lawful for any person to hold or place any machine, dam, water-hole, bank, washing stuff, or building of any kind, so as to impede the passage of water or sludge in any channel or creek within the district in which mining operations are carried on, or within the distance of fifteen (15) feet from the edge of any channel or creek as aforesaid.

14. *Drains for machines, &c., to be made.*—The owner or occupier of any machine or claim which discharges sludge or water, shall, if necessary, under the direction and subject to the approval of the superintendent of drains for the time being, make for the proper conveyance of such sludge or water to the main drain of the gully or flat in which such machine is situated, a good and sufficient drain; and every such private drain shall be excavated and made as nearly as possible to the same depth as that of the main drain into which it shall discharge and join; and when in any branch gully there shall be no proper main drain, then such private drain shall, subject and under like direction, be made and united in the manner most convenient to the private drain of any other machines in the same gully, and the owner of such private drain shall at all times maintain the same in good order and free from obstruction.

15. *Making drains across roads, &c.*—Any person who may enjoy the use of any drain crossing any road or footpath, or who may be desirous to make any drain of any kind across any road or footpath, shall make or hold such drain only upon obtaining permission from the owner of said road or footpath, or from the warden of the division; and such drains, and the bridges in connection therewith, shall be constructed and kept in repair by the owner of such drains.

16. *Protection of sludge and water drains.*—No person shall in any way whatever interfere with any private or public sludge or water channel without the written authority of the owners or superintendent of sludge and water drains.

17. *Puddling and cement crushing.*—In all partially worked ground where horse machinery is employed, any miner or miners employing not less than three (3) men to each machine shall be entitled to hold one (1) acre to each machine, exclusive of the site of his or their mill; and where steam machinery is employed, three (3) acres: Provided that the amount of ground

allowed be taken up in not more than two (2) blocks; that is to say, the owner or owners of any such claim being entitled to a greater area of ground than that which shall be contained in his or their claim, and adjacent to his or their machine, may hold elsewhere additional ground in one (1) block: Provided however, that both blocks taken together shall not exceed the extent of claim to which miners are entitled under this clause; and the working of any portion of the full quantity of ground marked off by such miner or miners shall be deemed a working of the whole, and all cement contained within the boundaries of such claim shall be the property of the holder thereof.

SLUDGE.

1. *Purposes of this bye-law.*—Funds to be expended by the said board in and about the repairing, clearing, and keeping clear all main and intermediate sludge channels, not being private sludge channels, existing within the division of Sandhurst, and for defraying all costs incurred in raising the said funds, and for the due distribution of such funds, shall be raised as follows.

2. *Assessment on horse puddling machines, &c.*—For the purpose aforesaid, the owner or occupier of every horse puddling machine situated on ground held by miner's right or by lease, and for every site for a horse puddling machine situated as aforesaid, shall pay in advance to the said mining board a quarterly assessment of One pound ten shillings (£1 10s.): Provided always, that in case such owner or occupier shall hold two (2) or more such puddling machines, all of which shall be situated within a distance of one hundred and fifty (150) yards from each other, he shall for every such machine exceeding one pay as aforesaid a quarterly assessment of Fifteen (15) shillings; and the owner or occupier of such machine or site shall be responsible for the payment of such assessment until he shall have sold or abandoned said machine or site, and given notice in writing of such sale or abandonment to the superintendent of the subdivision wherein the same is situated.

3. *Assessment on steam puddling machines.*—For the purpose aforesaid, the owner or owners of every puddling machine worked by steam power shall pay in advance to the said mining board a quarterly assessment of Ten (10) shillings per horse power of the engine or engines used by him or them for such puddling purposes.

4. *Assessment on steam crushing machines.*—For the purposes aforesaid, the owner or occupier of every machine situated on ground held by miner's right or by lease, worked by steam power and used for the purpose of crushing cement, alluvial soil, gravel, or quartz, shall pay as aforesaid a quarterly assessment of Three (3) shillings per stamper head used by him for such purpose.

5. *When assessments payable.*—The foregoing assessments shall be due and payable quarterly, in advance, by the owners or occupiers of machinery, on the twenty-eighth (28th) day of March, the twenty-eighth (28th) day of June, the twenty-eighth (28th) day of September, and the twenty-eighth (28th) day of December, in each year.

6. *Duties of collector.*—That it be the duty of the collector to demand, receive, and collect all fees and charges imposed by this bye-law, and upon receipt thereof pay the same into such bank as the mining board may from time to time appoint, to the credit of the members of the finance committee, to be hereafter appointed in pursuance of and subject to the provisions of clause seven (7) of this bye-law; and each collector shall, at such times as the board may appoint, furnish to the board a correct account of his receipts, together with his bank book, with a list of all arrears in the subdivision of which he is collector.

7. *Duties of superintendent, finance committee, &c.*—It shall be the duty of the superintendent to compile an assessment roll once every three (3) months for the Sandhurst division, containing the names of all owners or part owners of machinery, driven either by horse or steam power, whether such machinery is in work or not, and to furnish a copy of the same to the mining board. It will also be the duty of the superintendent to take cognizance of the various sludge channels under the control of the board throughout the division and to supervise the work being carried on in maintaining and clearing the same, and shall furnish a weekly report of his proceedings thereon to the mining board; and shall further furnish to the mining board, once a month, or at such times as the board may require, a clear statement of the works then in progress, together with the cost of the same, and shall apply once a fortnight to the board for the sum necessary to defray such cost; and thereupon three members of the board, who shall be appointed by the board to act as a finance committee, may draw a cheque in their joint names for the required amount, and said cheque shall be countersigned by the clerk of the board: Provided that such committee shall be appointed at a meeting of the board to be specially called for that purpose, of which meeting one week's notice in writing shall be given by the clerk to each member of the board.

8. *Interpretation clause.*—For the purposes of this bye-law, the word "owner" shall be held to include the members of a mining partnership; the word "claimholder" shall be construed to mean the owner of any claim held either by miner's right or by lease.

RESIDENCE CLAUSE.

1. *Residence under miner's right.*—Any holder of a miner's right may occupy for residence, exclusive of his mining claim, the full extent of land allowed by the Act 21 Victoria No. 32, namely, twenty (20) square perches or six hundred and five (605) superficial square yards, and the said area for residence shall be

marked off where practicable in a rectangular form, of which the length shall not exceed twice the breadth: Provided that in the event of such holder of a miner's right having marked off such quantity of land for the purpose of residence not residing upon such land, he shall be deemed to have abandoned the same; and said miner shall mark off such residence claim by substantial posts placed and maintained three (3) feet above the ground.

2. *Buildings not to be crowded.*—No miner or holder of a business license shall erect a dwelling-house or stable, or stack any hay, washing stuff, stone, tailings, or any other thing within forty (40) feet of any residence erected on land alienated from the Crown, or on land held for residence or mining under miner's right, or as a residence under a business license.

3. *Extent of ground under business licenses.*—The holder of a business license shall be entitled to an allotment of ground having a frontage of thirty-six (36) feet by a depth of one hundred and fifty (150) feet; and wherever a large rush may be anticipated the mining registrar shall mark off a site for a street or streets in a convenient situation not likely to be auriferous, such streets to be one and a half (1½) chains wide, and shall mark the allotments for business places along such street or streets; and after such site has been marked off, it shall be reserved for holders of business licenses only, and no holder of a miner's right shall be allowed to occupy such allotments for the purpose of residence, except such as had erected their abode previous to the marking off of same as aforesaid; and to entitle any holder of a business license to occupy any of such allotments for business purposes, he shall first cause same to be registered by the mining registrar, who shall give a certificate of such registration in or to the effect of the form of schedule M hereunto annexed.

4. *Registration of residence.*—Any holder of a miner's right who may have resided on the portion of land allowed him for residential purposes for a period of not less than six (6) months, shall be entitled to leave the said residence unoccupied for a period not exceeding six (6) months, on his lodging due application with the registrar of the division in which his residence is situated, asking for the protection thereof.

PROSPECTING ALLUVIAL.
Mining District of Sandhurst. Division
Mr. *Mining Board Surveyor.*

Sir,—
I hereby notify to you that I have discovered payable gold in alluvial ground at least yards from the nearest claim in the nearest payable workings.
[If supposed to be a lead state direction, and if supposed to be the continuation of a known lead give the name thereof.]
I marked off a prospecting claim on the day of 186 .
[State distance from nearest warden's office.]
I enclose the sum of £ (surveyor's fee and mileage), and request that you will have my prospecting claim surveyed as soon as possible.
I have, &c.,
(Signed) Prospector.
(The date on which the above is received by the surveyor, and on which it is returned by him to the registrar, must be endorsed.)

No. **SCHEDULE G.**
Mining District of Sandhurst. Division

To all whom it may concern.
I hereby give notice that has, on behalf of himself and partners, applied to me for authority to occupy a site for a gully, and that in accordance with the mining bye-law of this district, I have required him to serve this notice upon the owners of the two (2) machines or registered dams nearest to the site applied for by him; and in case there should not be so many as two (2) machines or registered dams within the distance of one-quarter of mile from such site, then upon any storekeeper or smith residing within such distance aforesaid, or if there be none such, then upon any miner or miners working nearest to such site; and I have further required the said to go to and point out to any person upon whom he serves this notice the exact site applied for, if demanded so to do. And I likewise require each of you, upon whom this notice is served in accordance with the bye-law, to express to me, by signing

your name in the appropriate column on the back, your approval or disapproval of such site being granted to the applicant, and to state also the day on which this notice was served upon you; and I further caution each of you against unreasonably or vexatiously refusing your consent, lest the cost of hearing the case between the applicant and the objector, and for loss of time, should be imposed upon you.

Sandhurst, 186 . Registrar.

N.B.—This notice must not be kept for more than seven (7) clear days from the day on which service of it is made.

The person upon whom this notice is served must, on behalf of himself and partners (if any), signify his approval or disapproval of authority to occupy the site applied for being issued to the applicant, for if such person refuses to do either he is liable to be fined Ten pounds (£10).

Date on which notice was served.	I approve of the application being allowed.	Date on which notice was served.	I disapprove of the application being allowed.

I hereby declare that this notice has been served in the manner and upon the persons prescribed by the bye-law, and that the signatures and date were inserted by them.

Signature of Applicant.

SCHEDULE H.

To all whom it may concern.

I hereby give notice that I have placed this claim under exemption for weeks from the date hereof, under clause of the General Bye-law, 1864. This claim was last worked on the day of 186 . I reside at

SCHEDULE L.

NOTICE.

To all whom it may concern.

I hereby give notice that on behalf of himself and partners, applied to me for authority to hold a quartz claim, situated unworked for a period of months, and that in accordance with the mining bye-law, I have required him to serve or cause this notice to be served upon the owners of the four (4) quartz claims upon the same line nearest to his own; and should there not be so many as four (4) claims in occupation, or should the owners of any of the four (4) nearest claims be absent and not to be found, then to serve the notice upon the owners of the next nearest claim on the same or any other line; and should there not be so many as four (4) quartz claims in occupation within one quarter of a mile, then to serve the notice upon the owners of such quartz claims as are in occupation; and in default of a sufficient number, upon any miner or miners residing nearest to the claim to be exempted. And I likewise require each of you, upon whom this notice is served in accordance with the bye-law, to express to me, by signing your name in the appropriate column on the back, your approval or disapproval of a certificate of extended exemption being granted to the applicant, and to state also the day on which this notice was served on you; and I caution each of you against unreasonably or vexatiously refusing your consent, lest the costs of hearing the case between the applicant and the objector, and for loss of time, should be imposed upon you.

Warden.

Warden's Office, 186 . Sandhurst,

N.B.—This notice to be kept for four (4) clear days from the day on which the service of the notice was completed.

One person in each party upon whom this notice is duly served in accordance with the bye-law, must, on behalf of himself and partners, signify to me his approval or disapproval of a certificate of exemption, authorising the applicant to hold his claim unworked for the period of time within mentioned being issued to him; for if such person refuses to do either he commits a breach of the bye-law, and is liable to be fined in any sum not exceeding Ten pounds (£10). The day also on which the notice was served upon him must be stated in the proper place.

Date on which notice was served.	I approve of the applicant being allowed to hold his claim unworked for the time within mentioned.	Date on which notice was served.	I disapprove of the applicant being allowed to hold his claim unworked for the time within mentioned.

I hereby declare that this notice has been served in the manner and upon the persons prescribed in the bye-law, and that the signatures and dates were inserted by them.

Signature of Applicant.

I hereby authorise the registrar to issue an extended exemption certificate to the above applicant for a period of from this date.

Warden.

SCHEDULE M.

I hereby certify that I have this day of registered A.B. for a business allotment, situated under the provisions of Bye-law No. 6.

T. H. FELLOWS,
 Postmaster General.

General Post Office,
 Melbourne, 25th February, 1864.

GENERAL STORES.

TENDERS will be received until Noon on Friday, the 18th March, from persons willing to furnish the undermentioned supplies, in such quantities as may be required by the Government Storekeeper, or other Officer acting on behalf of the Government, except for Railways, during seven calendar months, commencing on the 1st June, 1864.

Articles.	Amount of Security.
Copper, iron, steel, and other metals	£ 200
Linendrapery, prisoners' clothing materials	500
Oils—Polar, best	} 500
Pure sperm, best strained	
Chinese or tea, ditto ditto	
Olive for machinery, ditto	
Lard, best, ditto	

Schedules of the articles required, and printed forms of tender, may be obtained from the Government Storekeeper, by whom also any information or explanation will be afforded to persons tendering.

Separate tenders will be received for each schedule, but they must include the whole of the articles therein mentioned, and one price must be stated for each article. The value of all packages, whether bulk be broken or not, must be included in the prices demanded.

Tenderers must state the security proposed, whether in debentures, bank deposit receipt, cash deposit, Guarantee Society's bond, or sureties; if the latter, the tender must be accompanied by a certificate from two responsible persons that they are willing to become bound in the sum specified for due fulfilment of the contract; and such security must be completed within ten days of acceptance of the tender, failing which the contract may be again advertised, or another tender accepted.

In cases where two or more manufacturers' names are indicated on the schedule, tenderers are to state which of those makers' goods they intend to supply.

The names of the tenderers and their proposed sureties (if any), together with their addresses, must be stated at full length.

All tenders must be enclosed in a separate envelope marked "Tender for —" (as the case may be), and be deposited in the Tender-box at the Government Stores, King street, or, if sent by post, must be addressed to the Government Storekeeper, Melbourne.

The Government will not necessarily accept the lowest or any tender.

CONDITIONS.

1. The supplies are to be according to sample, where so indicated, and other items are to be the best of their several kinds or manufacture.

2. All orders for supplies under these contracts must issue from the Government Storekeeper's Department, and unless otherwise specially ordered, the supplies must be delivered to the Government Stores. When ordered, they are to be delivered free of charge to any part of Melbourne, and in the case of Oil for Lighthouses, at the Marine Yard, Williamstown.

3. The contracts entered into under this notice are not to be considered as being infringed or vitiated by the importation of stores for the Government service, or by any contracts made by the military commissariat, or by other departments of the public service.

4. All supplies when delivered must be accompanied by the order, which will be receipted, and must be rendered with the contractor's account. No goods will be received unless accompanied by the order.

5. In the event of supplies ordered under these contracts not being delivered within forty-eight hours, it will be competent for the Government Storekeeper, should circumstances require it, to purchase the same, or such articles as may be suitable for the service, at the risk of the contractor, from whose account any expense over and above the contract price will be deducted.

6. Each contractor will be required to prepare his own account monthly in the prescribed form, and present the same to the Government Storekeeper for payment at the Treasury, or at the Government Stores.

7. In the event of a difference of opinion between the contractor and the head of the department requiring the supply, as to the quality, the same is to be decided by a board of survey, composed of persons named by the Government, and the decision of the board is to be considered final. Any expense incurred on account of the rejection of supplies by a board of survey will be charged to the contractor.

8. If the board shall decide that the article is not of proper quality, it must be immediately replaced by the contractor, failing which it will be procured elsewhere, and the extra expense, if any, will be charged as in clause 5.

9. The Government Storekeeper will have power to reject such article or articles as are obviously of inferior quality, it being understood that he will be responsible to the Government for so doing, and the contractor must take back the rejected article, and supply good in its stead, failing which it will be procured elsewhere, and the extra expense, if any, will be charged as in clause 5.

10. A repetition of irregularity in the quantity or quality of the supplies, or of delay in delivering or replacing them when required, will subject the contractor, upon report from the Government Storekeeper, to such mulct, not exceeding one-fourth the amount of the monthly account, as the Government may direct. It will also be in the power of the Government, upon such repetition, to terminate the contract forthwith.

11. It will be competent, either for the contractor on his own behalf, or for the Government Storekeeper on behalf of the Government, to terminate the contract by giving a notice in writing of three full calendar months to the opposite party; it being understood that such notice can be given only from the first day of a month, and within the period for which the contract is made.

Treasury,
Melbourne, 29th February, 1864.

GEO. VERDON.

FORAGE.

TENDERS will be received until Noon on Friday, the 11th March, for the supply of Forage in such quantities as may be required for the service of the Government, at the undermentioned stations, up to the 31st January, 1865.

N.B.—At stations marked thus * tenders will be received for either oats or maize.

The conditions of contract will be those published in the *Government Gazette*, dated 22nd December, 1863.

The tenders for each station will be accepted or rejected separately, and may be for either of the supplies required, oats, bran, hay, or straw only, and if all be included in one tender, it will be accepted for one article only if advisable.

The price must be per ton for hay and straw, and per bushel of 40 lbs. for oats, 20 lbs. for bran, and 54 lbs. for maize, including delivery at the station and all charges; bags to be returned to the contractor when empty.

The net weight only after deducting the tare is to be charged.

Security will be required either in debentures, bank deposit receipt, cash deposit, guarantee societies' bonds, or sureties to the extent of one-third of the estimated amount of the contract.

The names and addresses of the tenderers, and of their proposed sureties (if any) must be stated at full length.

Tenders, endorsed, "Tender for —" (as the case may be), are to be deposited in the box at the Government Stores, or addressed to the Government Storekeeper, Melbourne.

The decision of the Government will be made known by *Gazette* notice, and by letter to accepted tenderers.

J. McCULLOCH.

Chief Secretary's Office,
Melbourne, 12th February, 1864.

METCALFE ROAD DISTRICT.

NOTICE is hereby given that the map of a proposed lateral extension of a road at Green Hill, in the parish of Metcalfe, is deposited for inspection at the board's office, Snodgrass Gully, and all persons affected by the proposed alteration are required to set forth in writing, addressed to the board, any objections they may have to the same. Such objections (if any) to be lodged with me within forty days from publication hereof in the Government Gazette.

(By Order) THOS. B. HUNT,
 Clerk.

Board's Office,
 Snodgrass Gully, Green Hill, 1st March, 1864. No. 432

PROPOSED NEW ROAD, PARISH OF GLENDARUEL.

NOTICE is hereby given that the Council of the Shire of Ballarat deem it expedient to make a new road one chain wide in the parish of Glendaruel, in the county of Talbot, leading from the Ballarat and Amherst Government road through certain lands belonging to or in the occupation of one John Cleaver and of one Joseph Wright, and for that purpose propose to take a portion of the said lands, being parts of allotments ninety-five and ninety-six in the parish of Glendaruel aforesaid.

The following is a description of the proposed diverted road:— Commencing at a point in the east boundary line of allotment ninety-five, distant seventeen chains fifty links south from the north-east corner of that allotment, bearing south seventeen degrees seventeen minutes west twenty-three chains fifty-six links to a point in the south boundary line of the said allotment ninety-five, distant eight chains west from the south-east corner of allotment ninety-five; thence crossing a Government road one chain wide; thence entering allotment ninety-six at a point eight chains west from the north-east corner of allotment ninety-six, bearing south twenty-one chains nine links in a line parallel with the east boundary line of allotment ninety-six to the south boundary of that allotment; thence bearing easterly along the south boundary of allotment ninety-six one chain, or thereabouts; thence bearing to a point in the east boundary line of allotment ninety-five, distant twenty-two chains fifty links north from the south-west corner of that allotment in a line equidistant one chain from the western boundary line of the said proposed road; thence bearing along the east boundary line of allotment ninety-five to the commencing point.

The specifications, maps, and other papers relating to the proposed undertaking are deposited in the office of the said council, situated at Learmonth, in the said colony, for inspection by all persons interested, the purport of such specifications, maps, and other papers being a description and delineation of the proposed new road and the general manner in which the same is required to be executed.

All persons affected by the proposed undertaking are hereby called upon and required to set forth in writing, addressed to the said council or their secretary, within forty days from the publication of this notice in the Government Gazette, all objections which they may have to the said proposed undertaking.

Dated this seventeenth day of February, 1864.
 JAMES BAIRD,
 No. 440 President of the Council of the Shire of Ballarat.
