BLACKWOOD GOLD ESCORT.

THE Blackwood Police Gold Escort will be re-established on the following conditions, and will run fortnightly until further notice, commencing on Tuesday, the 24th of May, and reaching Kyneton in time for the mid-day train:—

Gold will be received on alternate Mondays, commencing the 23rd proximo, at Blackwood, for escort, but only for delivery to known residents at Kyneton, or to bank agents on route by the mid-day train, whose appearance must be previously guaranteed by the banks, and who must be provided with orders from the managers of their respective banks to receive parcels of treasure from the police at Kyneton.

The police will take delivery of such parcels of treasure, sealed, at Blackwood, and take receipts for the same number with unbroken seals, at Kyneton; but no responsibility whatever will be incurred by the police as to their value or contents.

Should doubt arise as to the person presenting himself to receive the treasure being duly authorised to receive it, or should no person appear at all, the treasure, if any, will be stored at the Police Barracks, Kyneton, until removed by the bank; no responsibility being incurred, no charge will be exacted for its custody.

Managers of Banks or other persons desirous of availing themselves of this escort will therefore be good enough to notify, in writing, before the 15th proximo, to the officer of police in charge at Kyneton, whether they will appoint agents to take delivery on the foregoing terms, of parcels of treasure from the police escort officer, on the stoppage of the mid-day train at the Kyneton railway station.

Should no such notification be received from either residents at Kyneton or bankers there or elsewhere, the escort will not start.

Mean of four years	324	65.8°	29.905 "

The deaths, which numbered 310 in February and 324 in January, fell to 279 in March. This is 45 below the average of the month in the previous four years, and 8 less than the deaths in March, 1863, which showed the lowest mortality during that period. The mean temperature of the month was 63.5°, and the mean atmospheric pressure 30.065 inches; the former being 2° lower and the latter 16 inches higher than the average of the month of March in the four years named.

Deaths of males and females during the month occurred in the respective proportions of 56 and 41 per cent.; those of persons under and over five years of age in the proportions of 55 and 42 per cent. respectively.
