Scarlatina is reported as fatal in several of the metropolitan districts; the mortality on the whole is nevertheless low.

WILLIAM HENRY ARCHER,

Registrar General's Office,
Melbourne, 21st January, 1864.

Registrar General.

MARYBOROUGH MINING DISTRICT.

BYE-LAW.—4th December, 1863.

AT a meeting of the Mining Board of the Mining District of Maryborough, begun and holden at Maryborough, in the said district, on the 4th day of December, One thousand eight hundred and sixty-three, it is ordained by the said board as follows, that is to say:—

BYE-LAW OF THE MARYBOROUGH MINING BOARD.

By an Act, entitled, *An Act for amending the Laws relative to the Gold Fields*, 21 Victoria No. 32, it was enacted that any person who shall infringe any lawful bye-law of any board shall, on conviction thereof, forfeit and pay for every such offence any sum not exceeding Ten pounds.

DISOBEYING THE ORDER OF MINING REGISTRAR.

In accordance with the provisions of the amended Gold Fields Act, 24 Victoria No. 115, sec. 2, any person or persons who shall refuse to comply with any order given by any mining registrar of this district, in pursuance of any lawful bye-law, shall forfeit and pay for every such offence, any sum not exceeding Ten pounds.

1. *Repealing clause.*—All bye-laws, excepting an enactment made by the said board for prescribing the mode in which the validity of disputed elections shall be decided, gazetted the 5th day of May, 1858; and also excepting the bye-law or standing orders regulating the proceedings at meetings of the Maryborough Mining Board, gazetted the 18th day of November, 1859, regulating mining operations now in force, in the mining district of Maryborough, shall be and are hereby repealed and rescinded, always saving the rights of all persons obtained previous to and held at the time of this bye-law coming into operation. And any miner or miners occupying any claim under any mining regulations in force previous to its passing, shall be at liberty to take advantage of all the benefits accruing from this bye-law, provided that the then existing rights of any other miner or miners be not thereby interfered with.

2. *Interpretation clause.*—In the construction and for the purposes of this bye-law the following terms, if not inconsistent with the context or subject-matter, shall have the respective meanings hereby assigned to them; that is to say:—The words "registrar," "mining registrar," and "surveyor" shall mean and be interpreted to mean the mining registrar of the division for which he shall have been appointed; the term "lead," shall mean the alluvial deposit or wash-dirt containing gold, running in a continuous course or occurring successively in spots or patches; and words importing the singular number shall include the plural number, and words importing the plural number shall include the singular number; words importing the masculine gender shall include females; the words "miner," "person," "claimholder," "shareholder," "party" shall mean and include his or her agent respectively; and, for the purposes of this bye-law, any act done by an agent duly authorised, shall be deemed to have been done by the person by whom he shall have been authorised to act.

3. *Payable ground and quartz.*—Payable ground and quartz shall be understood to mean any quantity of quartz, stone, earth, or other auriferous substance, obtained by any miner or miners from any claim or claims which will pay the expenses of carting same from the claim to the nearest crushing machine or watering place for washing purposes, also expenses of crushing or washing same, as the case may be, and which will also pay the miner or miners so obtaining such quartz, stone, earth, or other auriferous substance, the current rate of wages in that particular district.

RELATING TO MINING REGISTRARS.

4. *Duties of mining registrars.*—It shall be the duty of the mining registrar appointed for each division, under the provisions of an Act 24 Victoria No. 115, section 2, to keep his office in a convenient place in his division, and to keep it open during certain hours each day, Sundays and holidays excepted, that is to say, from Ten o'clock a.m. to Two o'clock p.m., and to post outside of said office a notice to that effect; and such mining registrar shall also perform within his division all the several duties, and shall, on payment of the fees prescribed in this bye-law, make all necessary surveys specified under this bye-law in reference to such mining registrar; and he shall keep a register book in the form of schedule A hereunto annexed, and a register of mortgages in the form of schedule I, and such other books as by this bye-law are required; and he shall register therein all transactions which under this bye-law he shall be required to register, and he shall furnish monthly a true copy of all transactions in the first week of every month to the mining board, and shall also produce such register book when required by the mining board. The mining registrars shall also prosecute in all cases of breaches of this bye-law coming under their notice. And no such mining registrar shall, either directly or indirectly, hold any claim, or share, or interest in any claim, or any lease granted for mining purposes in the division for which he shall have been appointed.

5. *Powers of mining registrars.*—Any mining registrar shall have power within the division for which he shall have been appointed, to effect registrations in accordance with this bye-law; and in cases where an objection or complaint, as hereinafter mentioned, shall have been lodged against any registration, the registrar shall not register same until such complaint or objection shall have been determined by the warden, or the proper authority, or allowed to lapse.

6. *Information to the public.*—Any person requiring any information from the books of the mining registrar may obtain same on payment of One shilling, and it shall be the duty of the mining registrar to furnish such information; and if such in-

formation be required in writing, he shall give an extract on the payment of an additional fee of One shilling.

RELATING TO PROSPECTING.

7. *Alluvial sinking.*—The first miner or party of miners commencing and continuing to prospect for a lost lead of gold or gold workings which have been abandoned or then unoccupied, and discovering a payable deposit of gold therein, shall be entitled to an area of ground of 100 feet square.

8. *Sinking on newly discovered or established leads.*—The first miner or party of miners commencing and continuing to sink a shaft, or taking up and continuing to work a shaft which has been partly sunk or bottomed in any claim, on any newly discovered or established lead or gold working, the boundary of such claim not being less than 200 yards distant from the nearest boundary of the last claim bottomed, and then being worked on the same end of such lead or gold working, shall be entitled on discovering a payable deposit of gold therein, to an area of ground of 100 feet square; provided that he or they shall have previously marked off such area; provided also, that all prospecting claims under this and the last preceding section shall be at least 200 yards apart.

9. *Prospecting for new gold fields.*—Prospectors, previous to discovering payable gold, shall be protected in holding an area of 120 yards square, provided they are searching for gold at a greater distance than a quarter of a mile from any other gold field; and at a greater distance than two miles they shall be protected in holding an area of 400 yards square, so long as they continue to work their prospecting claims in a *bond fide* manner; and on obtaining payable gold, they shall mark off their claims in accordance with section 10.

10. The first miner or party of miners so prospecting, discovering payable gold, shall be entitled to an extent of prospecting claim, as specified in the following table:—

Not less than $\frac{1}{4}$ mile distant from any other gold field	150 feet square
Not less than $\frac{1}{2}$ mile distant from any other gold field	200 " "
Not less than 1 mile distant from any other gold field	250 " "
Not less than 2 miles distant from any other gold field	300 " "
Not less than 3 miles distant from any other gold field	400 " "
Not less than 5 miles distant from any other gold field	600 " "

Such distances to be taken from the nearest point thereto of any abandoned or existing gold workings.

11. *Wet alluvial sinking.*—The first party of miners not exceeding sixteen (16) in number, commencing and continuing to prospect in wet alluvial ground for any gold field, new or lost lead, or taking up and continuing to prospect any unoccupied ground not less than a quarter of a mile distant from the nearest boundary of the nearest claim bottomed (and then being worked at the time such miners commence to prospect) and discovering a payable deposit of gold therein, shall be entitled to sixty (60) feet for each miner along the supposed course of the lead by a width of three hundred (300) feet, provided that in no case shall surface water be deemed wet sinking; and all such prospecting claims granted under this section shall be at least a quarter of a mile apart.

12. *Discovering payable gold.*—Any prospector discovering payable gold, and neglecting to report the same to the mining registrar without delay, have his prospecting claim registered, and obtain a certificate of registration in the form of schedule B hereunto annexed, shall not be entitled to more than an ordinary sized claim.

13. *Marking prospecting claim.*—All prospecting claims shall be marked by four substantial pegs being firmly driven in the ground, one at each corner of the claim, such pegs to be kept visible during the working of the same.

14. *Information to adjoining claimholders.*—The owner or owners of prospecting claims shall, on the application of adjoining claimholders, give every information in his or their power as to the course of the gold and the quantity he or they are obtaining from his or their prospecting claim.

15. *Forfeiture.*—If any miner or miners shall leave his or their claim or claims, share or shares, unworked in his or their prospecting claim, during the working thereof, for a longer period than three (3) consecutive working days, his or their claim or claims, share or shares, shall be deemed forfeited, unless, in case of dispute, he or they can justify such absence under this bye-law; but in no case, even for the three days specified, shall claimholders allow the water to accumulate so as to be injurious to the owners of adjoining claims. Non-compliance with the latter part of this section shall be deemed a breach of this bye-law.

RELATING TO ALLUVIAL MINING.

16. *Claims, how to be marked.*—Any miner or miners marking out a claim in alluvial sinking shall evidence his or their boundary by firmly driving in a substantial peg at each corner of the claim, except as provided for in section 35, such pegs to be kept visible during the working of the claim.

DRY SINKING AND SURFACING.

17. *Extent of claim in new ground.*—The extent of claim in new ground shall be, for

One miner	42 feet square
Two miners	60 feet square

18. *Rock sinking.*—Rock sinking shall mean where a depth of not less than thirty (30) feet of rock has to be sunk through. The extent of claim shall be, for

Four miners	105 feet square
Six miners	130 feet square
Eight miners	150 feet square

19. *The wall.*—A wall of two feet in width shall be left between adjoining claims by the miner or miners last marking out, which wall may be worked by either of the adjoining claimholders, provided they securely timber the same.

20. *Shepherding.*—All claimholders must be present on his or their claim every day, except as provided for in sections 105 and 123 (after that on which the claim was taken possession of), two consecutive hours between Nine o'clock a.m. and Twelve o'clock at noon, until the shaft thereon has been bottomed. Any miner or miners not complying herewith shall be deemed to have forfeited his or their claim or share, unless, in case of dispute, he or they can justify such non-compliance under this bye-law.

21. *Extent of claim in old ground.*—The extent of claim in dry sinking in ground previously worked and abandoned shall be, for

One miner	100 feet square
Two miners	142 feet square
Three miners	174 feet square
Four miners	200 feet square

22. *Claims flooded by storm water.*—In the event of any lead in dry alluvial workings becoming flooded by means of a fall of rain or storm water, then and in such case the miner or miners holding a claim or claims, or a share or shares in any claim or claims on such lead, shall bale the water from his or their claim or claims for at least eight hours every lawful day until such claim or claims are cleared of such water. The non-compliance with this section shall be deemed a forfeiture of the share or shares, claim or claims, of any such miner or miners, unless in case of dispute he or they can justify such non-compliance under this bye-law.

23. *Claims becoming wet.*—Any claim taken up under sections 17 and 18, in which the owner or owners have struck water, and where slabbing may be necessary on account of such water, shall be worked in accordance with the provisions of section 23, relating to wet alluvial sinking.

24. *Forfeiture.*—If any miner or miners shall neglect to work, or cause to be worked, his or their claim or claims, or share or shares in a claim, after the shaft thereon has been bottomed, and during the working thereof, for a longer period than two consecutive working days, his or their share or shares shall be deemed forfeited, unless in case of dispute he or they can justify such neglect under this bye-law.

WET SINKING.

25. *Interpretation.*—The term "wet sinking" shall mean sinking where slabbing and baling water may be necessary, provided that in no case shall surface water cause any claim to be considered wet sinking.

26. *Extent of claim in wet sinking.*—The extent of claim in wet sinking shall be, for

Four miners	105 feet square
Six miners	130 feet square
Eight miners	150 feet square

and where the depth of sinking exceeds eighty (80) feet, the extent of claim shall be, for

Four miners	140 feet square
Six miners	173 feet square
Eight miners	200 feet square

27. *The wall.*—A wall of four feet in width shall be left between adjoining claims by the party last marking out, which wall may be worked in accordance with section 19 of this bye-law.

28. *Wet sinkings, how to be worked.*—All claimholders within six (6) claims in every direction of any shaft which has struck water shall sink their shaft every lawful working day until the well is completed or the claim abandoned, and shall with proper sized vessels bale the water from their shaft or shafts for at least eight (8) hours daily till it be exhausted or the claim abandoned; unless as provided for in section 161, or the water prove too heavy and work be struck with the consent of adjoining claimholders. Non-compliance with the foregoing part of this section shall be deemed a breach of the bye-law. Beyond the limits mentioned, that is to say, beyond six (6) claims in every direction from any shaft which has struck water, the claimholders shall be allowed to hold their claims unworked, provided they are all present on their claims, in accordance with the provisions of section 20 of this bye-law. Non-compliance with the latter part of this section shall be deemed a forfeiture.

29. *Night work.*—Whenever the mining registrar shall decide night and day baling to be necessary, all parties who have struck water shall bale their fair proportion of such water all and every day and night till it be exhausted, or the claim abandoned; and the share or shares of the party not complying with this section of the bye-law shall be deemed forfeited, unless the party shall prove too heavy and work shall be struck with the consent of adjoining claimholders.

30. *Extent of claim in old ground, wet sinking.*—The extent of claim in wet sinking in ground previously worked and abandoned shall be, for

Four miners	200 feet square
Six miners	250 feet square
Eight miners	300 feet square

31. *Beds of creeks or rivers.*—The extent of claim in the beds of creeks or rivers shall be for each miner 20 yards along the

course of said creek or river, by a breadth not exceeding 23 yards.

32. *Forfeiture.*—If any miner or miners shall neglect to work or cause to be worked his or their claim or claims, or share or shares in a claim, after the shaft thereon has been bottomed and during the working of such claim, for a longer period than three (3) consecutive working days, his or their claim or claims, share or shares, shall be deemed to have been forfeited, unless in case of dispute he or they can justify such neglect under this bye-law; provided, also, that section 15 of this bye-law has been complied with.

RELATING TO FRONTAGE SYSTEM.

33. *Interpretation.*—Frontage system shall mean a width of claim of 600 yards in alluvial ground until the lead has been discovered and the course thereof ascertained, when the width shall be in accordance with section 37 of this bye-law.

34. *Declaration of frontage lead.*—The mining registrar shall, on the application in writing of twenty miners working on any lead or workings, proceed to such lead or workings seven days after receiving such application, hear all the evidence that may be offered, and on his finding that the majority of miners present are in favor of such application, declare the same under the frontage system; provided that a payable lead or working has previously been discovered, and that a copy of such application shall have been kept posted for seven consecutive days on some conspicuous part of such lead or workings, also a copy at the mining registrar's office, and that a similar notice of application be inserted once in some newspaper published in the district, previous to the mining registrar proceeding to such lead or working as aforesaid.

35. *Claims to be laid out by registrar.*—After the declaration of any frontage lead, claims shall be marked by the mining registrar in accordance with the principles of plan B hereunto annexed; and the mining registrar shall also receive applications for claims or shares on such lead, and every such application shall be registered under the date and hour upon which such application is made, in a book to be kept for that purpose. The claims shall be numbered consecutively, and priority of right to any claim or share in any claim shall be according to the priority of registration.

36. *Certificate of registration.*—A certificate of registration, in the form of schedule B hereunto annexed, shall be given by the mining registrar to every miner registered for a share in any claim on a frontage lead.

37. *Extent and position of claim.*—The extent of ground for every six miners shall be 200 feet along the course or supposed course of the lead, with a width of 600 yards until such lead is discovered in the claim, when the width shall be 200 feet, to be marked off so as to include the portion where gold in payable quantities was first obtained.

38. *The wall.*—A wall of six feet shall be left between adjoining claims, and may be worked by either of the adjoining parties, provided they securely timber the same.

39. *Mode of taking possession.*—Every miner wishing to take up a share in any frontage claim shall first apply to the mining registrar to be registered for such share, and the mining registrar shall inform every person so registered of the number of the claim for which he is registered; and within four days after the necessary number of shares have been registered for any claim, the owners of the same shall commence to sink their shaft, and continue to do so all and every lawful day; and when such parties shall strike water, they shall, if necessary, sink their shaft all and every day and night until their well is complete, after which they shall continue to bale the water all and every day and night until the water is exhausted or the claim abandoned, except in cases of erection or breakage of machinery, such machinery and breakage, as the case may be, to be erected and repaired without delay. The non-compliance with this section shall be deemed a forfeiture of the claim or share therein, unless in case of dispute non-compliance can be justified under this bye-law.

40. *Names of claimholders shall be posted.*—As soon as any party or company shall have legal possession of their claim such party or company shall post the names in full, legibly written, of each shareholder, on some conspicuous part of their claim, and the names of the shareholders of such party or company shall be kept so posted until the claim is abandoned.

41. *Discovering lead.*—As soon as payable gold has been discovered in any frontage claim, the shareholders shall immediately report the same to the mining registrar, who shall cause to be erected a post six (6) feet high, with a flag attached, to indicate on the surface the position underground where payable gold has been discovered. The mining registrar shall also, as soon as he has ascertained the course of the lead, mark off, or cause to be marked off, the claim, in accordance with section 37 of this bye-law, but in no case shall the time allowed for ascertaining the course thereof exceed three months from the time of reporting payable gold. Non-compliance herewith shall be deemed a forfeiture of the claim or claims.

42. *Position of claims in case of deviation of lead.*—In cases where the gutter or lead changes its course from the original supposed one, the position of the undefined claims shall be changed accordingly by the mining registrar, such claims taking precedence as before according to their number, provided the ground is not previously occupied.

43. *Stoppage and re-opening of registration.*—When it shall appear to the mining registrar that two or more leads are likely to form a junction, he shall post on his office a notice in the form of schedule B hereunto annexed; and after the posting of such notice he shall refuse to register any person for any claim, except on the first declared lead then in work; but if at any time after having stopped the registration upon any lead as aforesaid, the mining registrar shall find that any unoccupied ground exists between the point at which the registration was

stopped and the point at which the leads join, he shall post, on his office, and on such ground, notices in the form of schedule F hereunto annexed, stating that at a certain day and hour he will register applicants for shares or claims upon the aforesaid unoccupied portion of the said lead.

41. *Rights of shareholders in case of a junction*.—When a junction of leads shall have been discovered to exist, the holders of claims, in respect of which registration shall have been first effected, shall be entitled to hold the claims for which they have been so registered as against the holders of claims in respect of which registration shall have been subsequently effected, notwithstanding that all such claimholders may have been duly registered for the same ground as having been supposed to be on different leads, such priority to be determined by reference to the first or original registration, and not to be affected by any subsequent transfer of any share or interest in such first-mentioned claims.

45. *Declaration of frontage lead may be rescinded*.—At any time that the majority of miners working on any frontage lead may think it expedient to have the frontage system rescinded on such lead, and it being apparent to the mining registrar that such is the opinion of the majority, he may declare the frontage system to have ceased on such lead; provided that such declaration shall not interfere with any parties being in possession of any frontage claim in accordance with this bye-law. The frontage system shall further cease on any lead which has been deserted or abandoned for one month.

46. *Protection to shafts, &c.*—Where parties have sunk their shaft outside the lead and cannot be included in the claim they are entitled to hold under section 37, they will be protected in holding their shaft, a surface area of 150 feet square around such shaft, and a drive not exceeding (6) six feet wide, connecting it with the claim, provided the shaft is not more than 200 feet from the nearest boundary of the claim.

47. *Absence from claim*.—If any miner or miners shall be absent from his or their claim for more than three consecutive working days after the expiration of the time allowed in section 39, the share or shares of such miner or miners shall be forfeited, unless he or they shall have sent a proper representative to work his or their share during his or their absence.

RELATING TO AMALGAMATION OF CLAIMS.

48. *Interpretation*.—An amalgamated claim shall mean any number of claims taken up under sections 17, 18, 21, 26, 30, 31, and 37, as hereinafter mentioned, the owners whereof have combined to facilitate the working thereof.

49. *Dry alluvial sinking*.—The holders of adjoining claims which have been taken up under sections 17, 18, and 21, may amalgamate them by posting on some conspicuous place, near the centre of such claims, a notice in writing, containing the number of claims amalgamated, and the name of each shareholder, and which shall be kept posted until the claim is worked out or abandoned; and such amalgamated claim shall be worked every working day by at least two of the shareholders; and all shareholders shall be present on their claim during *shepherding hours*, in accordance with section 20, until the shaft thereon has been bottomed, except those shareholders who may be employed in sinking such shaft eight hours between Nine p.m. and Six a.m. the following day, but in no case shall there be more than three shareholders recognised as being employed on the night shift; and when the shaft thereon has been bottomed, the full number of shareholders shall be employed therein, or otherwise be upon such claim in accordance with the provisions contained in sections 17, 18, and 21. The non-compliance with the foregoing section shall be deemed a forfeiture of the share or shares of the miner or miners not complying.

50. *Wet alluvial sinking*.—The holders of adjoining claims which have been taken up under sections 26 and 30, may amalgamate them by posting on some conspicuous place near the centre of such claims, a notice in writing, containing the number of claims proposed to be amalgamated, and the name of each shareholder, and which shall be kept posted until the claim is worked out or abandoned. The party shall at once commence to sink their shaft or shafts, and at least one-half the number of shareholders shall be employed thereon, working night and day until water is struck, when the full number of shareholders shall be employed on the claim, in accordance with the provisions of sections 26, 28, 29, 30, 31, and 32 (but it shall be necessary for all shareholders to be present on such amalgamated claim at the amalgamation of such claims). Any miner or miners not complying herewith shall be deemed to have forfeited his or their share or shares in such amalgamated claim, unless he or they can justify such absence under the bye-law relating to wet sinking.

51. *Frontage leads*.—The holders of adjoining claims which have been taken up under section 39, may amalgamate them by keeping posted for seven consecutive days, on some conspicuous place near the centre of such claims, a notice in writing containing the number of claims, not exceeding six (6) claims, proposed to be amalgamated, and the name of each shareholder, a copy of which shall also be left with the mining registrar of the division, and any objections to such amalgamation shall be made in writing, stating the nature of such objections and the name or names of the miners so objecting; such objection shall be made and lodged with the mining registrar within the above-mentioned seven days, and if no such objection is lodged within the time specified, the mining registrar shall grant a certificate of registration in the form of schedule B hereunto annexed, on receipt of which the party shall at once commence to sink their shaft or shafts, and at least one-half the number of shareholders shall be employed thereon, working night and day until water is struck, or the shaft bottomed, when the full number of shareholders shall be employed on the claim in accordance with the provisions of section 39. Any miner or miners not complying herewith shall be deemed to have forfeited his or their share or shares in such amalgamated claim.

RELATING TO RACES OR WATER-COURSES.

52. *Interpretation*.—The word race shall mean a channel made for the purpose of conveying water; the words tail-race shall mean a race cut for the purpose of draining any claim or claims, or for carrying off the water used for sluicing, or for any other mining purpose; the words right, or water-right, shall mean the privilege of diverting and using water from any creek or river.

53. *Races or water-courses*.—Any miner or miners desirous of securing water for mining purposes from any river, creek, or other source which may be lawfully diverted by constructing a race or water-course, may do so by virtue of his or their miner's rights on registering such water privilege with the mining registrar, and subject to the conditions as hereinafter provided.

54. *Conditions*.—A notice in the form of schedule G, hereunto annexed, shall be posted on some conspicuous part of the place where it is intended to divert the water, and also a copy at the mining registrar's office of the division or divisions in which the source or sources from which the water is to be taken, and in which the claim or claims is or are situate, and through which such water shall be conveyed, for a period of fourteen days previous to the registration thereof, and also inserted in the nearest local paper at least twice. Whereupon the mining registrar shall make a survey thereof and a plan of the same, and on making such plan he shall connect the same with some point, so as to secure its identity.

55. *Objections*.—Any objection to the registration of such water privilege shall be made in writing to the mining registrar, stating the nature of the objection, and the names of the person or of each of the persons objecting, and any such objection shall be made within the above-named fourteen days.

56. *Certificate*.—A certificate of registration in the form of schedule H, hereunto annexed, shall be given by the mining registrar, in case of registration, to the applicants.

57. *Priority of water-right*.—The right to any water shall take precedence according to the date of registration; and if at any time the supply of water shall become insufficient, the party or company being last registered shall cease to enjoy such right during such deficiency of water as against any antecedent registration.

58. *Water gauge*.—All races or water-courses shall have placed at the head of the race, at the place from where the water is diverted, a box for the purpose of gauging or measuring the quantity of water flowing into the race or water-course, such gauge box to be at least 12 feet long, with a fall of half an inch to the foot; and the gauge or measurement which shall be considered a sluice-head shall be such a quantity of water as will pass through an aperture at the top end of the above-named gauge-box of 20 inches wide and 3 inches deep, or 60 square inches.

59. *Quantity of water allowed to each race*.—The quantity of water or number of sluice-heads for any race or water-course shall be in proportion to the number of miners forming the party or company constructing or being in possession of any race, at the following scale, that is to say:—

One or two miners	One sluice-head of water
Four miners	Two sluice-heads of water
Seven miners	Three sluice-heads of water
And so on	at the rate of one sluice-head to every additional three miners.

60. *Width allowed on each side of race*.—Any person or persons occupying a race for the conveyance of water for mining purposes shall be entitled to a width of ten feet on each side of such race, measuring from the centre thereof; provided always that where the depth of a cutting exceeds twelve feet, or when a tunnel is required, the width shall be twenty feet on each side of such race, measuring from the centre thereof.

61. *Races may be constructed through claims*.—Any miner or miners shall be entitled to cut and construct any race, tail-race, or drain, for mining purposes, through any claim or claims held by any other miner or miners, or under, over, or across any other race, tail-race, or drain; provided always that such first-mentioned race, tail-race, or drain be cut, constructed, timbered, framed, and formed in such a manner as not to injure the claim race, tail-race, or drain through or across which it may be cut or constructed.

62. *Water-races may be extended or altered*.—Any miner or miners may extend his or their race or water-course beyond the point for which he or they were originally registered, or make any alteration or deviation therein, in accordance with the provisions of section 54; provided that no such extension or alteration shall interfere with any registered right obtained by any other miner or miners subsequent to the application for said alteration or extension.

63. *Water to be left running in creeks, &c.*—In all river beds and main creeks, from which water is diverted for mining purposes, there shall at all times be left running at least one sluice-head of water for general use; and in all tributary creeks from which water is diverted for mining purposes, there shall be left remaining in its natural channel a quantity of water not less than half a sluice-head.

64. *Heads of races not to be shifted*.—No miner or miners shall shift the head or heads of his or their water-race so as to prejudice the right of any person or persons, or diminish the supply of water to which such last-mentioned person or persons may be entitled. The non-compliance herewith will be deemed a breach of this section of the bye-law.

65. *Commencing and continuing the formation of races*.—Any miner or party of miners who shall not within one calendar month from the registration with the mining registrar begin to form such race, or having begun, who shall discontinue the formation thereof for a longer period than six consecutive working days, shall forfeit his or their right and title to the whole race as registered with the mining registrar.

66. *Side streams not claimable.*—When any race shall cross any gully, creek, or stream, the owner or owners of such race shall conduct all water in such gully, creek, or stream, either under or over said race, so as to flow in its usual course, if said owner or owners be requested to do so in writing by any other person or persons requiring the same, he or they being at the time legally entitled to do so.

67. *Protection to water-right during drought.*—The race and the right to the water shall not be held forfeited by the owner or owners working in other claims when the supply of water is insufficient.

68. *Extent of sluicing claim.*—The extent of mining claims for sluicing purposes in new surfacing, or ground previously worked and unoccupied, shall not exceed forty (40) yards in length by a width of sixty (60) yards for each miner forming the party. Any miner or miners leaving his or their claim unworked for a period not exceeding three consecutive working days, the share or shares of the miner or miners leaving the same unworked shall be forfeited.

69. *Forfeiture.*—Any registered water-right or water-rights wherein there is a sufficient supply of water for the due working thereof, and wherein operations thereon or in connection therewith shall have been wholly discontinued for a space of sixty consecutive working days, shall be forfeited, unless in case of dispute the owner or owners thereof can justify such discontinuance under this bye-law.

70. *Registration.*—All mining claims for sluicing purposes may be held unworked for any time during which there may be an insufficient supply of water, if registered with the mining registrar, who shall on registering the same give a certificate of such registration in the form of schedule B hereunto annexed, a copy of which shall be kept posted on the claim during such registration.

RELATING TO PUDDLING MACHINES, WATER-DAMS, ETC.

71. *Interpretation.*—Surfacing ground shall mean any alluvial ground where the average depth from the surface shall not exceed three feet.

72. *Puddling machines, water-dams, &c.*—Any miner or miners may erect a puddling machine, or form water-dams, or take up any unoccupied or forfeited site of any puddling machine or water-dam, on registering the same with the mining registrar, subject to the conditions as hereinafter provided.

73. *Conditions.*—A notice of the intention to register any such site of a puddling machine, water-dam, or any other site of a machine, engine, or water-dam, not otherwise specially provided for, shall be kept posted on a conspicuous part of the claim for a period of not less than seven (7) days, where it is intended to erect or construct any of the above-named machines or water-dams, and also a copy at the mining registrar's office, for the same period, previous to the registration thereof; and any objections to such registration shall be made to the mining registrar in writing, stating the nature of the objection, with the names of the person or of each of the persons objecting; and any such objection must be made within the above-named seven days. This clause shall not apply to section 79.

74. *Certificate.*—A certificate of registration in the form of schedule B hereunto annexed shall be given by the mining registrar, in case of registration.

75. *Excavation of water-dams.*—Any miner or miners constructing a water-dam shall, on the lower side of such dam, excavate a trench not less than three feet wide the entire width of such dam to the bed rock, provided that such rock shall not be more than five feet from the surface; and if in excavating for the bed rock gold in payable quantities should be discovered, the miner or miners so discovering the same shall, within seven days, give information thereof to the mining registrar; and upon doing so he or they shall be entitled to a prospecting claim, in accordance with and subject to the provisions of sections 8 and 10 of this bye-law. Should any party so excavating obtain gold in payable quantities, and not make the discovery known as aforesaid, he or they shall forfeit all right to his or their water-dam.

76. *Area for site of puddling machine.*—The area for the site of any horse puddling machine shall be 100 feet square.

77. *Area for site of water-dam for puddling machine.*—The area for the site of any water-dam for the use of puddling machines shall not exceed 70 x 70 yards, or 4900 superficial yards.

78. *Artificial reservoirs.*—To encourage and facilitate the erection of large reservoirs for the storage of water for mining and domestic purposes, any miner or miners may erect any such reservoir, by complying with the provisions laid down in sections 72 and 73 of this bye-law; the extent of ground which he or they may be entitled to hold and occupy in order to obtain the necessary supply of surface drainage for such reservoir, shall be determined in every instance by the mining registrar, but shall in no case exceed the superficial area of 50,000 square yards.

79. *Water-holes for domestic use.*—Where any miner or miners find that a water-hole is necessary for domestic purposes, the same shall be protected for such purposes; provided that he or they shall affix a notice in writing on a post at least six feet high close to such water-hole, signed by at least four miners or holders of business licenses, stating that such water-hole is reserved for domestic purposes only. Any person disputing the right of the above to such water-hole shall first apply to the warden to settle the matter in dispute.

80. *Protection for water-dams.*—Any miner or miners having lawful possession of a water-dam, in compliance with this bye-law, shall be protected against any other miner or miners, person or persons using any water therefrom (domestic purposes excepted); and no person or persons shall be allowed to take water from such dam for the purpose of sale, except the owner or owners

thereof, or by his or their authority in writing; nor shall any person or persons drive or allow his or their cattle into any reservoir or water-dam, held under this bye-law, or in any way defile, destroy, or damage the same. The non-compliance with the foregoing shall be deemed a breach of this section of the bye-law.

81. *Catch drains.*—The owner or owners of any catch drain cut and constructed for the collecting and conveyance of water to any water-dam, shall be protected in the possession thereof for a distance not exceeding 200 yards from any such water-dam.

82. *Extent of claim for puddling.*—The extent of mining claim for the holders of puddling machines shall be, in surfacing or previously worked and unoccupied ground, 30 yards in length and not exceeding 20 yards in breadth for every miner employed thereon, not exceeding four; any such claim not being registered as hereinafter mentioned or being left unworked for a longer period than six consecutive working days, such claim or the share of the miner so left unworked shall be deemed forfeited. In cases where any miner or miners hold or occupy two or more claims for puddling machines, such miner or miners shall work or cause the same to be worked every lawful day, except as provided for in section 83 of this bye-law. The non-compliance herewith shall be deemed a forfeiture of the share or shares, claim or claims, so left unworked.

83. *Registration.*—All mining claims for puddling may be held unworked for any time that there may be an insufficiency of water for the working thereof if registered with the mining registrar, who shall on registering the same give a certificate in the form of schedule B hereunto annexed, a copy of which shall be kept posted on the claim during the time of such registration. And any miner or miners obtaining such registration by wilfully assigning false reasons shall, on proof of having so assigned the same, forfeit his or their interest in such claim or claims.

84. *Forfeiture of water-dams, &c.*—All water-dams and sites of puddling machines, if left unused for a period of two months, shall be deemed forfeited, provided a sufficient supply of water has been in such water-dam to enable the mining operations for which same was constructed to be carried on during such period of two months.

85. *Space to be left between puddling machines or water-dams.*—Any miner or miners taking possession of a site for a puddling machine or water-dam shall leave a space of 200 yards between the nearest boundary of such site and the nearest boundary of the site of the puddling machine or water-dam nearest thereto.

86. *Commencing to work after receiving grant.*—Any miner or miners having obtained from the mining registrar a certificate of registration in accordance with this bye-law, for the erection of any water-dam, reservoir, or puddling machine, who shall not within seven days from the date of registration commence and continue to erect the same until completed, shall forfeit such grant.

87. *Protection to sites for water-dams, &c.*—When the site occupied by any water-dam, water-race, reservoir, tramway, or site for stacking tailings or cement, shall be proved to be auriferous, it may be mined upon; provided the miner or miners intending to mine thereon shall (before breaking the ground or commencing to work) compensate the owner or owners of such water-dam, water-race, reservoir, tramway, or site for stacking tailings or cement, for any loss, damage, or injury that may be sustained by him or them in consequence thereof. Such compensation may be determined by arbitrators appointed by the parties interested; one to be chosen by the owner or owners of such water-dam, water-race, tramway, or site for stacking tailings or cement, and one by the miners wishing to mine thereon. In the event of the two arbitrators failing to arrive at a decision, they, the arbitrators, shall, in such case, call in a third party. The decision arrived at by the majority shall be final.

RELATING TO BUSINESS LICENSES AND RESIDENCE SITES.

88. *Area of ground under business license.*—The holder of a business license shall be entitled to an allotment of ground having a frontage of 45 feet by a depth of 120 feet. Should the owner or occupier of any business site neglect to erect or cause to be erected suitable premises, and occupy the same within six (6) weeks from the date of taking possession thereof, the site shall be forfeited.

89. *Streets.*—Wherever a large rush may be anticipated, the mining registrar shall mark off, or cause to be marked off, a site for a street or streets in a convenient situation, but not likely to be auriferous (such street or streets to be one chain wide), and shall mark the allotments for business places along such street or streets; and after such site has been marked off, it shall be reserved for holders of business licenses only, and no holder of a miner's right shall be allowed to occupy any of such allotments for the purpose of residence except such as had erected their abodes previous to the marking off of same as aforesaid; and to entitle any holder of a business license to occupy any of such allotments for business purposes, he shall first cause same to be registered by the mining registrar, who shall give a certificate of such registration in the form of schedule B hereunto annexed. The party applying shall produce to the mining registrar his business license for the time being, whereupon the mining registrar shall register the owner thereof for only one allotment under such business license. When any mining registrar shall commence to lay off a line of street, no miner or holder of a business license shall take possession of or occupy any allotment on such street until the same is properly surveyed and marked off by the mining registrar. When such street or streets shall be duly surveyed, all sites that have not previously been taken possession of by the holders of miners' rights or business licenses shall be balloted for by the holders of business licenses only.

90. *Space to be left between allotments.*—A space of 10 feet available for mining purposes and public thoroughfares, shall be left between adjoining allotments, and the stores and premises may be undermined; provided that such undermining does not injure or endanger such stores or premises. And in case such space of 10 feet has not been left as aforesaid, or that the same having been left shall be afterwards occupied or built upon, such buildings are liable to be removed, if required for mining purposes or public thoroughfares, without compensation to the owner or owners thereof; and any miner or miners requiring the same for mining purposes shall first apply to the warden to be put in possession thereof.

91. *Nuisances.*—Every holder of a business or residence site fronting a new street or thoroughfare shall be required to keep the same in such a state of cleanliness so as not to become a nuisance to his neighbors or the public. The non-compliance with this section shall be deemed a breach of the bye-law.

92. *Land to be occupied for residence.*—Every holder of a miner's right shall be entitled to hold 20 perches, or 73 square feet of land, for the purpose of residence, which shall be marked by a substantial peg at each corner of the claim, not less than 4 feet high, to be kept visible during the occupation thereof, and he shall be protected in the possession of such holding against any other party; and if such residence site is required for mining purposes, the miner or miners requiring the same shall, before commencing to mine thereon, compensate the holder of such residence site for any loss or damage sustained by him, the amount of such compensation to be determined by two arbitrators chosen by the parties interested. Should the owner of any residence site held under a miner's right, upon which he has erected a residence and resided thereon for four consecutive weeks, leave such residence unoccupied for a longer period than six months, such site shall be deemed forfeited.

RELATING TO REGISTERED EXTENDED CLAIMS:

93. *Extended claims.*—Any party of miners may, by virtue of their miner's right, mark off and take possession of extended claims in new or previously worked and unoccupied ground, subject to the conditions as hereinafter provided.

94. *Conditions.*—Every such extended claim shall be registered with the mining registrar, and a notice of the intention to apply for such registration shall be kept posted on some conspicuous part of the claim, and also a copy at the mining registrar's office, in the form of schedule G hereunto annexed, for seven consecutive days previous to the registration thereof; and any objection to such registration shall be made in writing to the mining registrar, stating the nature of the objection, with the names of the person or persons objecting; and any such objection must be made within the above-named seven days.

95. *Further conditions.*—Before any party shall be registered for any extended claim, they shall show to the satisfaction of the mining registrar that they will work the claim efficiently with steam machinery within a reasonable time after the date of such application, and in no case to exceed six (6) months; or, if proposed to be worked with a horse whim, or puddling machine, the time allowed for the construction of same shall not exceed one month. Failing to comply with these conditions, the claim shall be forfeited.

96. *Certificate.*—A certificate of registration, in the form of schedule B hereunto annexed, shall be given by the mining registrar in case of registration, a copy of which shall be kept posted on the claim.

97. *Old ground, dry alluvial sinking.*—An area of not more than six acres in dry alluvial sinking, previously worked and unoccupied, may be occupied by any party of not less than three miners to each acre.

98. *Old ground, wet alluvial sinking.*—An area of not more than twelve acres of ground in wet alluvial sinking, previously worked and unoccupied, may be occupied by any party of not less than three miners to each acre.

99. *Extent of claim for steam machinery.*—Any party of miners will be entitled to hold a claim of one acre for every three miners forming the party.

100. *Extended claims, how to be worked.*—Extended claims shall be worked every lawful day by at least one-half of the party, until the steam or other machinery required by this bye-law is erected, when the full number forming the party shall be employed thereon. The non-compliance with the former part of this section shall be deemed a breach of the bye-law.

101. *Claims shall be surveyed.*—Before any party shall be registered for any extended claim under this bye-law, the mining registrar shall survey the same, and make a plan thereof, giving a copy of such plan to the applicant; and in making such survey and plan he shall also connect such extended claim with some point so as to secure its identity.

102. *Forfeiture.*—If any miner or miners shall neglect to work, or cause to be worked, his or their share or shares in any extended claim held under this bye-law, after the erection of such machinery as hereinbefore mentioned, and during the working of such claim or claims, for four (4) consecutive working days, his or their share or shares shall be forfeited, unless in case of dispute he or they can justify such neglect under this bye-law.

RELATING TO TUNNELLING.

103. *Tunnelling.*—Hills that cannot be efficiently worked in the ordinary manner, owing to the presence of cement, rock, or water, shall be considered tunnelling ground. The claim in such case shall be 84 feet square for each miner employed. But in no case shall any one claim exceed five acres. All parties

taking up tunnelling claims shall be allowed 12 feet on each side from the centre of their tunnel, as a protection to the same, and for any distance along the course of their tunnel not exceeding 1000 yards, and with a space of 150 feet square, to deposit any substance taken from such claim. Any party taking up a claim under this bye-law shall be subject to conditions as provided for in sections 94, 96, and 101.

104. *Priority of claims in tunnelling ground.*—In tunnelling under hills, on the frontage of which angles occur, or which are of an oblong or elliptical form, no party shall be allowed to tunnel from any of the said angles, or from either end of such hills, so as to interfere with parties tunnelling from the main frontage of such hills. In cases of two or more parties tunnelling from opposite sides of the same hill, and their side boundary lines meeting or intersecting, or their claims meeting, the party that first marks off their claim shall be entitled to priority of claim thereon. In cases of tunnelling under hills or fronts of hills, such as occur at the junction of creeks, in which there may be two leads or gutters, all parties shall, if required, take their claim or claims on the lead or gutter nearest the side of the hill at which their tunnel commences.

105. *Claims, how to be worked.*—A tunnelling claim shall be worked every working day by at least two of the party, until payable gold is discovered, when, within six days after such discovery, the full number of shareholders shall be employed on the claim; the non-compliance herewith shall be deemed a forfeiture of the share or shares of the miner or miners not complying.

RELATING TO QUARTZ REEFS.

106. *Quartz reefs.*—The first miner or party of miners commencing to prospect a quartz reef, or taking up a previously worked and unoccupied quartz reef, shall be entitled to 150 feet along the course of any such reef, if it be defined, or the supposed course thereof, by a width of 400 feet, 200 feet on each side from the centre of such reef, if it be defined; or the supposed centre thereof (except in the Avoca division of this district, where the width allowed shall be 600 feet, 300 feet on each side from the centre of such reef, if it be defined, or the supposed centre thereof); and the owner or owners thereof respectively shall be entitled to every reef, vein, and leader, and all gold in the alluvial deposits within such limits.

107. *Encouragement to prospect.*—To encourage and facilitate the prospecting of quartz reefs it shall be lawful for any number of miners, not less than four nor exceeding twelve, to combine for the purpose of sinking a prospecting shaft or shafts in common. A list of the names of the miners forming such party, and a description of the locality where it is intended to prospect, shall be sent to the mining registrar at the time of their commencing to work, and a copy of such list shall be kept posted on a conspicuous part of the claim. The extent of claim for such party shall be at the rate of 60 feet in length along the course of such reef, if it be defined, or the supposed course thereof, by a width of 400 feet, 200 feet on each side from the centre of such reef, if it be defined, or the supposed centre thereof (except in the Avoca division of this district, where the width allowed shall be 600 feet, 300 feet on each side from the centre of such reef, if it be defined, or the supposed centre thereof), for every miner forming such party. Such party may employ only as many of their number as are necessary to sink such shaft or shafts, or otherwise to prospect the ground; provided that if they discover a payable quartz reef they shall employ, within two months after such discovery, the full number of miners forming such party. And in case such prospecting claim is left unworked previous to payable quartz being obtained for a longer period than three consecutive working days, such claim shall be forfeited; and in case any miner or miners shall neglect or fail to work, or cause to be worked, his or their share or shares in such claim or claims after the expiration of the aforesaid two months, or after having so commenced after such expiration as aforesaid, and during the working thereof, for three consecutive working days, the share or shares of such miner or miners not complying with the provisions herein contained shall be forfeited, unless in case of dispute he or they can justify such non-compliance under this bye-law; and the owner or owners of such claim or claims respectively shall be entitled to every reef, vein, and leader, and all gold in the alluvial deposits within such limits.

108. *Further encouragement to prospect.*—The first miner or party of miners discovering a quartz reef shall be entitled to an extent of prospecting claim as specified in the following table:—

Not less than 3 miles distant from any other gold field ...	300 feet
Not less than 5 miles distant from any other gold field ...	600 feet

along the course of such reef, if it be defined, or the supposed course thereof, by a width of 400 feet, 200 feet on each side from the centre of such reef, if it be defined, or the supposed centre thereof (except in the Avoca division of this district, where the width allowed shall be 600 feet, 300 feet on each side from the centre of such reef, if it be defined, or the supposed centre thereof); and the owner or owners of such claim or claims respectively shall be entitled to every reef, vein, and leader, and all gold in alluvial deposits within such limits.

109. *Distance between prospecting claims.*—No second prospecting quartz claim shall be granted on the same line of reef within four hundred (400) yards from the centre of any prospecting claim already granted on the same line of reef and then being worked, and registered under the provisions of this bye-law, or from the centre of the claim of any party prospecting for the same reef.

110. *Taking possession of prospecting claims.*—All quartz reef prospecting claims shall be marked by fixing two substantial posts one at each end of the claim, on the supposed course of

the reef, to stand at least three feet out of the ground, and to be kept visible during the working of the claim. And such marking and working shall be deemed a good and sufficient title to such claim until payable gold has been discovered in the claim, on the discovery whereof the miner or party of miners making such discovery shall, within seven days from the date of such discovery, give information thereof to the mining registrar, and thereupon apply for registration of such prospecting claim; upon which the mining registrar shall register such minor or party of miners therefor, and give a certificate of registration in the form of schedule B hereunto annexed, a copy of which shall, as soon after as possible, be posted on the claim, and continue so posted until same shall be abandoned. The mining registrar shall also keep a list or schedule of all such prospecting claims so registered posted outside of his office for at least one week from the day of such registration. And further, within sixty days after payable quartz has been obtained in any such prospecting quartz claim, the owner or owners thereof shall make application to the mining registrar of the division to make a survey of same; whereupon the mining registrar shall survey the same and make a plan thereof (giving a copy of such plan to the applicant), laying down a datum line on the supposed or ascertained course of the reef in any such prospecting quartz claim, and the mining registrar shall on making such survey and plan, connect the said prospecting claim with some point, so as to secure its identity. Any miner or miners neglecting to give notice as hereinbefore mentioned, shall forfeit all his or their right, title, and interest to any such prospecting claim.

111. *Information to adjoining claimholders.*—The occupier or occupiers of prospecting claims shall, on application of the occupier or occupiers of adjoining claims, give the utmost information in his or their power to such occupier or occupiers as to the course of the gold and the quantity he or they may have obtained or are obtaining from such claim, and all such prospecting claims shall be subject to the conditions set forth in section 15 of this bye-law.

112. *Extent of ordinary claim.*—Every miner shall be entitled to fifty (50) feet along the course of the reef if it be defined, and if not, along the supposed course thereof, by a width of 400 feet, 200 feet on each side from the centre of the reef if it be defined, or if not defined, the supposed centre thereof (except in the Avoca division of this district, where the width allowed shall be 600 feet, 300 feet on each side from the centre of such reef if it be defined, or the supposed centre thereof); provided that when the full width of ground hereby authorised to be held cannot be taken up by reason of a part thereof being occupied as an alluvial claim, the deficiency shall be supplied the instant such deficiency of ground becomes vacated under the operation of this bye-law, as effectually as if such deficient ground had been unoccupied at the time the owners of the quartz claim put down their pegs on the supposed line of reef, and that without any formal act of reducing such deficient ground into possession, and notwithstanding anything hereinafter implied to the contrary; and the owner or owners thereof shall be entitled to every reef, vein, and leader, and all gold contained in the alluvial deposits within such limits.

113. *Marking claim.*—Any miner or miners marking a claim on a quartz reef shall do so by fixing six (6) posts thereon, that is to say, two (2) posts to stand in a line with the datum or ascertained line of the reef laid down in the prospecting claim by the mining registrar, and one at each corner of the claim; such posts to be at least three feet out of the ground, and to be kept visible until such claim shall have been worked out or abandoned.

114. *Claims, how to be worked.*—All quartz claims marked off under section 112, shall be worked every working day, except as hereinafter provided. Any quartz claim exceeding fifty (50) feet and not exceeding four hundred (400) feet, shall be worked as aforesaid by two (2) miners; exceeding four hundred (400) feet and not exceeding six hundred (600) feet by three (3) miners, and by one (1) miner for every two hundred (200) feet or portion of two hundred (200) feet comprising the claim, and when and so soon as payable quartz shall have been obtained in any such claim, the owner or owners thereof shall within six days from the date of obtaining such payable quartz, employ the full number of miners forming such party in such claim; should the claim at any time fail to be remunerative for one month, the number of miners limited as set forth for the working of the claim previous to payable quartz being obtained will be deemed sufficient for the working of such claim until payable quartz be again obtained. And when payable quartz shall have been obtained as hereinbefore mentioned, then, if the proper number of miners be not employed thereon according to the extent of such claim as already set forth and prescribed, then the share or shares of such miner or miners remaining unworked shall be deemed forfeited, unless in case of dispute such non-employment can be justified under this bye-law.

115. *Names of shareholders must be kept posted.*—The name of the owner or of each of the owners of a claim, together with the number, date, and place of issue of the miner's right of him or of each of them, and also the number of the claim in its order north or south of the prospecting claim, must always be kept posted on some conspicuous part of the claim.

116. *Registration.*—Any quartz claims taken up under sections 106, 108, and 112, held under the provisions of this bye-law, may be held unworked for a period of three months if registered with the mining registrar, and subject to the conditions as herein-after provided. The mining registrar shall give a certificate of registration in the form of schedule B, hereunto annexed, a copy of which shall be kept posted on some conspicuous part of the claim during the period for which it shall be so registered, and such registration may be renewed from time to time whenever the conditions attached to such registration shall have been complied with.

Conditions.—The reasons and periods for which a quartz claim may be registered, shall be as follows:—

(a.) Any quartz claim taken up under section 112, not exceeding four hundred (400) feet in length, having been worked for at least three (3) consecutive months previous to any registration, no payable gold having been obtained for at least one month previous. Any prospecting claim held under sections 106 and 108 respectively, having been worked for at least twelve consecutive months previous to any registration, no payable quartz having been obtained for at least one month previous.

(b.) Any quartz claim taken up under section 112, not exceeding four hundred (400) feet in length as aforesaid, in which a shaft has been sunk and worked to the water, the party being unable to overcome the same, the adjoining claims not being down to water: Provided always that the registration shall not protect any claimholders from the operation of any bye-law in force in this district for the drainage of quartz reefs.

All applications for such registration shall be made to the mining registrar in writing, previous to any registration; and any miner or miners obtaining such registration by assigning false reasons, shall, on proof of the same, forfeit all his or their interest in such claim or claims. And in all cases where the owner or owners of any quartz claim or claims, share or shares therein, who shall not, within twenty-four hours after the expiration of the period of registration, cause work to be renewed on or in such claim or claims according to the usual course of proper and efficient mining, such claim or claims, share or shares, shall be forfeited.

117. *Water in old shafts or openings.*—When quartz claims have old shafts or openings containing water injurious to adjoining claims, the owner or owners thereof shall, on receipt of a complaint in writing, cause the said water in such shafts or openings to be immediately baled, and take the necessary measures to prevent the accumulation of surface water; the non-compliance with the foregoing shall be deemed a breach of this section of the bye-law.

118. *Claims remaining unworked.*—Any unregistered claim which may have been worked for a less period than three months remaining unworked for two consecutive working days shall be forfeited; any unregistered claim which has been worked for a longer period than three months remaining unworked for six consecutive working days shall be forfeited.

119. *Water baling and night work.*—Whenever the mining registrar shall decide night and day baling to be necessary, all parties who have struck water shall bale such water all and every day and night until it be exhausted or the claim abandoned; and the share or shares of the party not complying with this section of the bye-law shall be deemed forfeited, provided that such claim is or has not been included within the limits of any drainage committee.

EXTENDED CLAIMS.

120. *Interpretation.*—Only those portions of quartz reefs on which a number of shafts have been sunk and worked to the water level, or one hundred (100) feet in depth, and then abandoned and unoccupied, shall be understood to mean and be considered as abandoned or unoccupied reefs for the purposes of this bye-law.

121. *Extent of claim.*—Any party of miners taking up a claim on an abandoned or unoccupied quartz reef shall be entitled to hold seventy-five (75) feet in length along the course of such reef by a width of four hundred (400) feet, two hundred (200) feet on each side from the centre of such reef if it be defined, or the supposed centre thereof (except in the Avoca division of this district, where the width allowed shall be six hundred (600) feet, three hundred (300) feet on each side from the centre of such reef if it be defined, or the supposed centre thereof), for each miner employed thereon, provided the conditions set forth in sections 94 and 101 have been complied with.

122. *Extent of claim for steam machinery.*—Any party of miners erecting steam machinery on an abandoned or unoccupied quartz reef, shall be entitled to hold ninety (90) feet along the course of such reef by a width of four hundred (400) feet, two hundred (200) feet on each side from the centre of such reef if it be defined, or the supposed centre thereof (except in the Avoca division of this district, where the width allowed shall be 600 feet, 300 feet on each side from the centre of such reef if it be defined, or the supposed centre thereof), for each miner employed thereon, provided the conditions set forth in sections 94, 95, and 101 of this bye-law have been complied with.

123. *Tunnelling.*—Any miner or party of miners may cut a tunnel for a quartz reef, and shall be allowed 20 feet in breadth as a protection for same along the entire length of such tunnel outside the boundary of their quartz claim, such tunnel not to exceed 1000 yards in length; and they will be further protected in holding a space of 150 feet square at the mouth of such tunnel, on which to deposit quartz or other substances taken from their tunnel or claim; and if payable quartz is struck in the tunnel outside the claim, the holders of such claim shall be entitled to a prospecting claim, of the area and under the conditions as in sections 106 and 108, if the ground be then unoccupied, provided also that the conditions attached to sections 103, 104, and 105 of this bye-law have been complied with.

124. *Quartz crushing machines.*—Any miner or miners may erect any quartz crushing machine, on registering the site for same with the mining registrar, subject to the conditions set forth in sections 73 and 74 of this bye-law, and the area for the site of any quartz crushing machine shall not be more than (3) three acres, and if proved to be auriferous may be mined upon under the conditions provided for in section 87 of this bye-law.

125. *Prevention of accidents from foul air.*—It shall be lawful for the warden to grant any miners permission to drive into any

neighboring claim, for the purpose of ventilating their claim, subject to the following conditions:—

1. A written notice must be served on the owners of the claim or claims such parties wish to drive into, three (3) clear days previous to commencing operations.
2. In case of objection written application must be made to the warden for a certificate of permission to do so, stating name of reef, width of lode, yield per ton, names of shareholders, and the proposed depth at which such drive is required.
3. On obtaining such certificate, a copy thereof shall be given to the owners of the claim previous to commencing the ventilating drive.
4. No quartz, washdirt, or casing, shall in any case be removed without written permission from the owners of such claim or claims.
5. On completion of the drive, where necessary, a frame containing a trap-door shall be fixed at the boundary, at the expense of the parties making the same, in order to prevent inconvenience from too much draft.
6. Such ventilator shall become the joint property of claimholders, and no miner or miners will be allowed to choke up the drive, or any old workings supplying ventilation, without giving six (6) clear days' notice to adjoining claimholders to that effect, so that, should it be necessary, the parties wishing to retain the ventilation may have the option of inserting a pipe or air shute.
7. Any person or persons convicted of wilfully destroying such ventilator, shall be deemed guilty of a breach of this bye-law.

RELATING TO MINING IN GENERAL.

126. *Justifiable absence from claim.*—No miner or miners shall forfeit his or their share or shares in a claim by being absent through accident or sickness, or in consequence of attendance on any sick person, a court of justice or mining board, or if a member of a volunteer corps in this district on any order from the commanding officer of such corps; and miners may be further absent from their claims without forfeiting their shares on the following days:—Good Friday until Easter Tuesday inclusive; 23rd December until 4th January inclusive; and from the day before until the day after the polling for members of parliament and the mining board, and all other public holidays.

127. *Injury to shafts.*—No party shall be allowed to remove the pipeclay or any other substance from the top of any shaft without leaving an embankment around the mouth of the same sufficient to prevent water running into such shaft, neither shall any party be allowed to cut a drain into any shaft whereby another may be injured, neither shall any person injure a tunnel or tramway which the owners are in possession of. The non-compliance herewith shall be deemed a breach of the bye-law.

128. *Plurality of claims.*—Any miner or miners may hold, by virtue of his or their miner's right, one or more than one claim or share in any such claim; provided each and every such share shall be fully represented by a miner holding a miner's right in accordance with this bye-law.

129. *Ground to be secured with props.*—Any miner or miners working any claim in alluvial sinking shall secure the ground by placing good and sufficient props and caps, not more than six feet apart, throughout the whole extent of ground so worked and removed, and no person or persons shall remove any props or timber the removal of which may endanger the working of adjoining claims.

130. *Measurement of disputed ground.*—In all cases where the right to certain ground forms matter of dispute between miners, each claim shall be measured from the boundary pegs opposite to the side of the claim in dispute, and no party shall be protected from encroachment unless the boundary pegs shall have been kept visible during the working of the claim.

131. *Inspection of claims.*—Every claimholder shall, upon a written authority from a warden, allow any miner, or surveyor, to enter into and upon his claim, for the purpose of measuring the depth of any shaft, or the dip, direction, inclination, or length of any tunnel or drive; but such inspection shall only be made during ordinary working hours, and in the presence of one or more of the owners of the claim under examination.

132. *How to take possession of any claim.*—Any miner or miners considering himself or themselves justified in taking possession of any claim, water-right, or any other easement or share therein respectively, may do so provided that no other person or persons is or are then in the possession or occupation thereof respectively; but in the event of any other miner or miners so in possession disputing the right of possession, the first-named party shall apply to the warden to enquire into the subject matter in dispute; but in no case shall any person take forcible possession of any claim without forfeiting all right and title to such claim he may have acquired therein.

133. *Boundary pegs and notices.*—No person shall remove, destroy, or cover any pegs marking the boundary of any claim, or shall efface, remove, or destroy any notice posted on any claim, or shall wilfully cut a channel so as to cause the escape of water from any water-dam that is being used by any miner or miners.

134. *Marking more ground.*—Where any miner or miners has or have marked more ground than he or they is or are entitled to under this bye-law, any other miner or miners may mark off such ground on any side of the claim, and the miner or miners having marked too much ground shall not be entitled to a wall on the side taken from him or them.

135. *Neglecting to leave a wall.*—Any miner or party of miners who shall neglect to leave the proper space required by this bye-law for the wall dividing any claim from the adjoining claims,

the necessary length may be deducted from the claim of the party neglecting to leave such wall, and which shall be assigned as a wall between such claim and the claim previously marked.

136. *Drawing slabs from abandoned shafts.*—Any person or persons drawing slabs from an abandoned shaft in any claim or claims where there is drift or any other strata whatever from whence water proceeds, shall immediately fill up such shaft in such claim or claims to a sufficient height to prevent the water flooding adjoining claims; the non-compliance herewith shall be deemed a breach of this section of the bye-law.

137. *Claims or shares that belong to individuals deceased.*—In case of the death of any partner in a mining claim, the surviving partner or partners shall be entitled to hold possession of the share or shares of such deceased miner or miners as against every other person or persons, but without prejudice to the rights of the personal representatives of such deceased by agreement or by law against the surviving partners.

138. *Protection to parties applying for ground.*—Any miner or miners posting any authorised notice or marking off any ground to be applied for under this bye-law shall be deemed in possession of the same from the time of marking or posting such notice, except as provided for in sections 49, 50, and 51, till the application is disposed of; provided that no other miner or miners be then in the possession or occupation of such ground; and any miner or miners failing to apply to the mining registrar within twenty-four hours after the expiration of the time specified in any application, a copy of which has been sent to such mining registrar, and obtaining the necessary certificate of registration (if no objection be lodged thereto), shall not be entitled to the ground applied for.

139. *Objections.*—Where objections are allowed under this bye-law, any person or persons objecting shall, within the time specified for lodging objections against the registration of the ground or other right specified in any application, lodge the same, and if he or they shall fail to prosecute the same with as little delay as possible, such failure shall be a sufficient cause for the mining registrar to grant the registration so applied for.

140. *Blasting.*—Any party blasting through rock or any other substance shall cover their shafts so as to prevent any pieces from being thrown up into the air.

141. *Old alluvial ground.*—Old alluvial ground, previously worked and unoccupied, shall mean only such ground on which a number of shafts have been sunk, and which for the greater part has been undermined or otherwise worked out.

142. *Absence from claim through neglect.*—In all cases of absence through neglect the working party shall have power to hire a miner in the place of such absentee, such hired miner to work and hold possession until his wages shall be paid, and if the wages are not paid for a period of six (6) weeks then such share shall be deemed forfeited, and may be held and enjoyed by the working miners so working such share as aforesaid, unless in case of dispute he or they can justify such absence under this bye-law. Also provided that no agreement has been made to the contrary.

143. *Taking possession of vacant ground.*—In any case where vacant ground exceeding the wall shall have been left between adjoining claims, any miner or miners may take possession of such vacant ground, and the party leaving such vacant ground shall not be entitled to a wall on the side next such vacant ground.

144. *Declaration of loss of miner's right.*—When any miner loses his miner's right, or certificate of registration, or transfer certificate or mortgage certificate, by virtue of which he holds any share or portion of share, he shall make a declaration of such loss before a justice of the peace, and the registrar shall for all the purposes connected with the transfer of such interest, receive such declaration in lieu of the miner's right, register, or transfer certificate, or any or either of them.

145. *Protection to sleeping shareholders employing labor.*—The interest of any party in a claim or claims shall not be deemed forfeited through any neglect or omission of the workman or workmen employed, provided such interest has been registered with the mining registrar, in the form of schedule B hereunto annexed; and the party or parties complaining shall post a notice in writing on some conspicuous part of the claim for fourteen (14) days, and also cause a notice of such neglect to be served at his last known address; and if the shareholder shall refuse or neglect thereupon to cause such interest to be worked, as by this bye-law directed, then the said share shall be deemed to be forfeited.

146. *Presence of parties marking claims.*—It shall not be necessary for all shareholders in a partnership to be present at the marking out of partnership claims, except in quartz claims, when one miner at least shall be present for every 200 feet marked off along the course or supposed course of any quartz reef, except as provided by sections 106, 108, and 123.

147. *Erection of steam machinery.*—When steam machinery is required for the efficient working of any claim, the miner or miners erecting such machinery, or during the repairs of machinery which has been previously erected, shall be protected in holding their claim unworked, provided that the time occupied in erecting or repairing such steam machinery does not exceed four months, and that the claim is registered with the mining registrar, who shall give a certificate of registration in the form of schedule B hereunto annexed, a copy of which shall be kept posted on the claim; and not less than one-half of the party shall be employed in the procuring, erecting, or repairing of such machinery. Non-compliance with the provisions hereinbefore contained shall be deemed a forfeiture of the claim.

148. *Auriferous earth and quartz may be stacked and registered.*—Any person or persons having forfeited or abandoned

any quartz or other gold workings, shall be at liberty to retain possession of any quartz, stone, cement, or other substance containing gold (the produce of such workings) that may have been raised at the time of the forfeiture or abandonment, provided such quartz, stone, cement, or any other substance, shall be stacked, and a notice posted thereon, containing the name and address or names and addresses of the owners.

149. *Providing for the non-appointment or neglect of mining registrar or surveyor.*—In any division for which there is no mining registrar appointed, non-registration shall not be deemed a breach of this bye-law, nor shall the exercise of any privilege under this bye-law in a division where there is no mining registrar duly appointed be affected by the want of such appointment, and the non-fulfilment of any of the mining registrar's duties shall not invalidate the title to any claim. When any mining registrar shall refuse to perform the duties attached to his office, and thereby prevent the fulfilment of the conditions imposed by this bye-law on any claimholders, such non-fulfilment shall not be deemed a breach of said bye-law, and shall not invalidate the title to any mining interest or privilege held or enjoyed by such claimholder.

150. *Persons leaving the district shall appoint an agent.*—Any person holding an interest in any claim shall, in the event of being absent from the district wherein such claim is situate for a longer period than fourteen (14) days, appoint an agent, whose name and address shall be registered with the mining registrar on payment of a fee of One shilling.

151. *Disposing of sludge.*—Any person or persons who shall cause or permit sludge, tailings, or water to flow from any source whatever, or to accumulate so as to cause injury to any public road or thoroughfare, or to any claim, drive, water-race, water-dam, water-holes for domestic purposes, old or new workings, puddling machine, or to any other machinery, or to any garden or place of residence held under miner's right or business license, belonging to any other person or persons, shall be deemed to have committed a breach of this section of the bye-law, and he or they shall, in all cases when required to do so, dispose of such sludge, &c., in such way as the mining registrar may direct.

152. *Roads to be bridged.*—When it may be found necessary to make a sludge or water drain across any road or thoroughfare, the owner of such drain shall construct a substantial bridge, not less than 14 feet wide, over such drain across the road, which bridge shall be kept in repair by the owner of the drain.

153. *Machines, tailings, &c., obstructing creeks.*—It shall not be lawful for any person or persons to hold, place, construct, or erect any machine, water-dam, bank of earth, or building of any sort, on, upon, or over any creek, so as to impede the passage of water or sludge in any channel or creek within this district.

154. *Liabilities of holders of shares worked by working shareholders.*—Any person or persons holding a share or shares in any claim or claims which is or are being worked by a working shareholder or shareholders, who shall neglect or refuse to pay the wages agreed upon at the time of commencing to work in such claim or claims, or at any time during the working thereof, or who shall neglect or refuse to defray the expenses incurred during the working thereof for a period not exceeding three weeks (provided no agreement in writing to the contrary has been entered into), shall be deemed to have forfeited such share or shares in accordance with this bye-law, and such share or shares may be taken possession of by any other miner or miners, subject to such wages and working expenses as may be due on such share or shares: provided that no forfeiture shall be incurred under this section of the bye-law for non-payment as aforesaid, unless notice in writing, setting forth the particulars of the demand due to such working shareholder or shareholders, shall have been served on the person or persons whose interest or interests is or are intended to be forfeited, seven days after the expiration of the aforesaid three weeks; and in case the person or persons liable to pay such demands cannot, after reasonable enquiry, be found, so that any such notice can be served on him or them, it shall be sufficient to post such notice on some conspicuous part of the claim in which such share or shares are held, and also at the office of the mining registrar of the division in which such claim or claims are situate, for a period of seven days after the expiration of the aforesaid three weeks; and also cause such notice to be inserted in the nearest local newspaper; and such notice and publication shall be deemed a sufficient service of such notice on the defaulting shareholder or shareholders; and in case payment of the liabilities shall not have been made within the time specified as aforesaid, then the share or shares of such person or persons shall be forfeited.

155. *Liability of holders of sleeping portions of shares.*—In the event of the working portion of a share being forfeited, and no person taking possession of and working the same, the liability to work it shall fall upon the holder for the time being of that portion of such share which shall have been last transferred by the original shareholder, or his transferee or representative (in case such share shall have been the subject of transfer); and in default of such holder working such share, and paying all liabilities due in respect thereof, he shall forfeit his interest therein, and in every such case the holder of the next last transferred portion of said share shall work or pay the expenses of working the forfeited portion of said share and liabilities due in respect thereof, and such work or payment shall entitle him to the portion of the said share so forfeited, and to be registered in respect of the same; and failing to work such share or make such payment, he shall forfeit his interest and so on in like manner until the whole of said share shall have been forfeited, or until the forfeited portion or portions shall be taken up and worked.

156. *Owners of alluvial claims entitled to all reefs and other deposits.*—The owner or owners of any alluvial claim shall be

entitled to have and enjoy all quartz reefs, veins, leaders, and other deposits of gold within the area of such claim under the operation of this bye-law.

157. *Open shafts near thoroughfares.*—Any person or persons removing earth or other substance from around any shaft or opening situate near a road or thoroughfare, so as to render the same unsafe, shall secure such shaft or opening either by filling up with earth or securely covering the same with logs not less than six inches in diameter, such logs to rest on a bench at least two feet from the surface, and to be covered with earth to the level of such surface. The non-compliance with the foregoing shall be deemed a breach of the bye-law.

158. *Forfeited shares.*—In all cases where the interest of any shareholder in any claim or claims, share or shares, or part thereof, shall by any means become forfeited, lapsed, or lost, such forfeiture shall be deemed and held to extend to and include only the portion, share, or interest then claimed as the legal property of the shareholder or shareholders incurring such forfeiture at the time such forfeiture has occurred, but if the other shareholder or shareholders in the claim has or have been to any expense or loss in consequence of neglect of such absentee whose interest has become forfeited, such loss shall be made good to the shareholder or shareholders by the person to whom such forfeited share is transferred; and any person or persons taking possession of a forfeited claim or share, or any part thereof, shall be subject to the conditions (if any) under which such share or interest may have been previously held.

159. *Transfer.*—When the holder of any share or other interest in a mining claim intends to transfer such share or interest to another miner, and in case the holder of such share, &c., or the miner to whom it is transferred, wishes such transfer to be registered, the same shall be done by the mining registrar, who shall give a certificate of registration in the form of schedule H hereunto annexed.

160. *Registration.*—The mining registrar shall, upon application being made to him for registration by the holder or holders of any claim or claims, or any quartz, stone, cement, or other substance containing gold, stacked under the provisions of section 148 of this bye-law, register every such claim or claims, share or shares, quartz, stone, cement, or other substance containing gold, and give a certificate of registration in the form of schedules B and K hereunto annexed, as the case may be.

161. *Protection to claimholders.*—Claimholders actually employed in procuring timber for the sinking of their shaft or shafts in a wet alluvial claim, shall be held to be in lawful possession of such claim for one period of fifteen (15) consecutive days, provided that they post upon a conspicuous part of their claim a notice in writing, stating that they are so employed, together with the names of the shareholders, and the date of commencing to procure such timber. Before the commencement and after the expiration of the aforesaid fifteen days, such claim to be worked in accordance with sections 28 and 29 of this bye-law; and any party during the working of their claim employed in erecting upon such claim a whim or other machinery to be worked by horse power, shall be held to be in lawful possession of such claim, for the space of (21) twenty-one days for the erection thereof, except in cases where a longer absence is specially provided for under the bye-laws of this board.

162. *Form of claim.*—Claims taken up in dry or wet alluvial sinking, under this bye-law, shall in no case exceed in length three times their width, except as provided for in sections 37, 68, and 82.

163. *Mortgagee not liable for neglect or default of mortgagor.*—The registered mortgagee of any claim or share in a claim, whether quartz or alluvial, shall be protected from the consequences of any neglect or omission committed by the mortgagor or his agent in contravention of this bye-law, and shall not be deemed or held to have relinquished, forfeited, or lost his claim or lien upon the mining claim of the mortgagor through or by such his the mortgagor's neglect or default; provided always that fourteen days after due notice to the registered mortgagee his interest be duly represented in conformity with this bye-law.

164. *Relating to mortgages.*—A. *Register of mortgages.*—The mining registrar shall keep in his office a book which shall be called the "Register of Mortgages," and it shall be the duty of the mining registrar to enter daily therein the following particulars of all mortgages left at his office, in the order they are presented to him—the number, name or names, of the mortgagor or mortgagors, and of the mortgagee or mortgagees, the share or shares, or part of share or shares, the name and situation of the reef, workings, or company, and the respective number or numbers of the claim or claims, the amount of consideration money, the time of repayment, and the name of the attesting witness; and shall also endorse on the outside of the instrument of mortgage that such mortgage has been duly registered in accordance with this bye-law, the day and hour of registration, and the name of the person registering, and such endorsement shall bear the signature of the mining registrar.

B. *Index to register of mortgages and search book.*—The registrar of mortgages shall keep an index of the register of mortgages, and shall enter daily therein the number of each mortgage, the name of the mortgagor and mortgagee; also a book containing the name and address of all persons searching the register of mortgages, to be called the "Search Book."

C. *Inspection of register of mortgages.*—The register of mortgages and index thereto shall be open to the public for inspection during the office hours of the mining registrar, on payment of the fee scheduled, and on the person searching entering in a book to be kept for that purpose his name and address; but no such person shall be allowed to take any extract therefrom in writing, nor shall any such person be per-

The fees for registration and surveying to be paid to the mining registrar and surveyor, and which he or they may demand, shall be as follows:—

Surface survey, if required under the following sections:—7, 8, 9, 11, 17, 18, 26, 41, 49, 50, 78, 110, 112 ...	0	2	6
Underground survey, if required ...	1	0	0
Surface ditto, under sections 54, 101, and 124 ...	2	0	0
Ditto ditto and plan, under sections 110 and 122 ...	1	10	0

In all cases where the claim to be surveyed exceeds one mile in distance from the registrar or surveyor's office, an additional fee of 2s. 6d. per mile to be allowed.

Where a plan of the ground is required under any of the preceding sections, in which the fee for such plan is not stated, the mining registrar shall be entitled to a fee of Ten shillings for each and every plan that he may be required to furnish to any person or persons holding a claim or claims, or being interested in mining claims held under this bye-law.

[illegible]

I hereby certify that I have this _____ day of _____
 registered _____ and _____ claim (or share in a
 claim) situated _____ under the provisions of
 sec. _____ of the bye-law of the Maryborough Mining
 Board.

Mining Registrar Division of the
Maryborough District.

I hereby certify that I have this .. day of
registered for a quartz claim, situated
for the following reason and under the
provisions of sec. .. of the mining regulations of the Mary-
borough District.

Mining Registrar.

I (or we) hereby apply for registration of a claim situate under the provisions of sec. of the mining regulations of the Maryborough District, the reason being

(Signed)

To the Mining Registrar Division of
the Maryborough District.

I, _____, Mining Registrar for the division of the Maryborough Mining District, do hereby give notice that in consequence of the convergence of the leads, the registration of persons for shares or claims will cease upon all but the _____ lead until further notice.

(Signed)

'Mining Registrar.

I, _____, Mining Registrar for the _____ division of the Maryborough Mining District, do hereby give notice that upon the _____ day of _____ at the hour of _____ or at any time thereafter, I will register persons for claims or shares upon _____ lead.

(Signed)

Mining Registrar.

I (or we) hereby give notice that after the expiration of _____ days I (or we) will apply for _____ of _____ to the mining registrar of this division in accordance with sec. _____ of the mining regulations of the Maryborough Mining District.

Date: _____

Signature _____

I hereby certify that I have this _____ day of _____ transferred _____ in claim (or other property) originally registered by the mining registrar on the _____ day of _____ register fol. _____ to A.B. _____ under the provisions of sec. _____ of the mining regulations of the _____ district.

Miner's right.
No. Date.

[illegible]

I, _____, Mining Registrar for the _____ division
of the Maryborough Mining District, have this _____ day of
_____ 186____, at the hour of _____ registered for protection
for a term of _____ months from the date hereof, all the

at belonging to and stacked by him (or them)
Miners' rights. under the provisions of sec. 160.
No. and date. Names of owners {
Mining Registrar.

The undersigned members of the said mining board concurred in making the foregoing bye-law.

ROBERT C. ELLISON (except secs. 1, 85, 97, 98, 162, and the Registrar's Fees),
JAMES GRANGER (except sec. 162),
JOHN FARRELL (except secs. 46, 49, 50, 99),
DAVID BECKETT (except sec. 99),
THOMAS HINDMARSH (except secs. 97, 98, 125, and 162),
RICHARD JAMES LAMB (except secs. 14, 19, 20, 23, 24, 27, 32, 33, 37, 38, 46, 49, 51, 60, 70, 79, 82, 83, 91, 95, 99, 100, 103, 105, 107, 110, 114, 118, 120, 121, 123, 125, 130, 131, 135, 138, 145, 146, 147, 148, 152, 159, 162, 163; also to last provision of section 10; also to the words "and surfacing," after dry sinking, at the head of section 17; also to the fees allowed mining registrar for making underground surveys in quartz claims).

EDWARD O'FARRELL,
Chairman.

It is hereby certified that the foregoing bye-law of the mining board for the district of Maryborough has been made in the form and has been signed in the manner prescribed by law; and any person desirous to dispute the validity of such bye-law is hereby required to do so in accordance with the provisions of 21 Victoria No. 32, sec. 112.

Gazetted on the 22nd day of January, 1864.

J. McCULLOCH.

Chief Secretary's Office,
Melbourne.

MARYBOROUGH MINING DISTRICT.

DRAINAGE BYE-LAW.—[4th December, 1863.]

At a meeting of the mining board of the mining district of Maryborough, begun and holden at Maryborough, in the said district, on the 4th day of December, One thousand eight hundred and sixty-three, it is ordained by the said board as follows, that is to say:—

1. *Application for drainage committee.*—Whenever, under the 3rd section of 21 Victoria No. 115, it is intended to make application for the establishment in this mining district, or any portion thereof, of a committee for the purposes of drainage under the said Act, the parties intending to make such application shall deposit with the clerk of the mining board of this district a statement, in writing, of such application, in the form in the first schedule hereunto annexed, and at the time of making such deposit, the said clerk shall fix upon the earliest day and hour, having regard to the business of the said board, but not less than fourteen days from the making of such deposit, upon which the said application can be heard, and shall inform the persons making the same thereof, and make a memorandum of the said day and hour, and also of the day on which he shall have received such application, in the words following, that is to say:—

Application received this _____ day of _____, 186____, to be heard on the _____ day of _____, 186____, at the hour of _____ o'clock in the fore (or after) noon. And the said board shall have the power of adjourning the hearing of the said application from time to time as occasion shall require.

2. *Notice of application.*—The parties making such application shall, fourteen days previous to the day fixed for the hearing thereof, affix on each of two conspicuous parts of the reef or ground on which it is proposed that the drainage should be effected a copy of the said application, with subjoined thereto a notice in the form in the second schedule hereunto annexed, and shall also cause a copy of such application and notice to be inserted in each of two successive publications of the local newspaper published in this district nearest to the said reef or ground.

3. *Application to registrar for plan.*—Previous to the depositing as aforesaid of such application, the parties making the same shall apply to the mining registrar of the division wherein such reef or ground shall be situate, to make a plan thereof, which plan, together with the report hereinafter mentioned, shall, with the said application, be lodged with the said clerk, who shall file the same in his office, and shall permit the same to be inspected during office hours by all persons interested in the intended drainage.

4. *Mining registrar to make surveys, &c.*—The mining registrar shall, on being applied to as aforesaid, survey the reef or ground, the plan whereof he shall be so applied to to make, and he shall make such plan or plans thereof, fixing and defining the limits or boundaries over which the applicants desire the intended drainage committee to have jurisdiction, showing the number of claims liable to be assessed, the area therein occupied, the natural water level, drawn to a scale of one chain to half an inch; and shall, on making such survey, connect the same with some point so as to secure its identity. The mining registrar shall also furnish a list of the names of the holders of claims likely to be assessed, and the quantity of ground held or occupied by each; also a specification of the manner by which the applicants propose to drain the said ground, whether by machinery or otherwise, with a report on the general features of the ground and drainage requirements. He shall also define the limits or boundaries of the said reef or ground by placing at each angle of the same good and substantial posts, to be supplied by the applicants, not less than six feet high by twelve

inches in diameter, and cutting a V trench extending six feet therefrom, showing boundary lines.

5. *Objections.*—Any person or persons liable to be affected by the drainage proposed in any application, who shall object to the appointment of any drainage committee, shall give notice in writing, in the form in the third schedule hereunto annexed, to one or more of the persons whose signatures are attached to such application, a copy of which shall be lodged with the clerk of the mining board; and any such notice shall be given and lodged as aforesaid seven days previous to the day appointed for the hearing of such application.

6. *Hearing of application.*—Upon the day fixed for the hearing of such application, or upon any day to which such hearing shall be adjourned, the mining board, upon hearing the same, and the said applicants and objectors, if any, or upon consideration of the written documents deposited by them with the clerk of the mining board, shall make such decision in the matter of such application as shall seem fit; and in case such application shall be granted, the holder of, or shareholder in, a claim likely to be charged with the expense of such drainage, or with any part thereof, may propose one or more than one such holder or shareholder (producing at the same time the consent, in writing, to act of each holder or shareholder so proposed) to act as a member or members of the intended drainage committee; and from the persons so proposed the said board shall select the persons who are to form the said committee, and shall proceed to fix and define the limits or boundaries of the jurisdiction of such committee; and the clerk of the said board shall make in the minute book of the said board a memorandum of the names of the persons so selected, and of such limits or boundaries, and stating that such persons were on that day established a drainage committee under the said Act, to act within the said limits or boundaries; and upon the making of such memorandum the persons so selected shall be a committee for drainage purposes within such limits or boundaries within the meaning of the said Act; provided that notwithstanding any vacancy in the said committee the members thereof from time to time existing shall be deemed to be the drainage committee established under the said Act.

7. *Vacancies amongst members of committees.*—In case of a vacancy amongst the persons so selected, by death, resignation, or otherwise, it shall be lawful for any person interested in such drainage to apply to the said board for the appointment of a person to fill such vacancy, such application to be in writing, in the form in the fourth schedule hereunto annexed, and to be deposited with the said clerk; and the said clerk shall, upon receiving the said application, act with respect thereto in the manner hereinbefore provided in respect of an application for a drainage committee; and the said board shall have the power of adjourning the hearing of such last-mentioned application from time to time as occasion shall require.

8. *Notice of application to fill vacancies.*—The person making such last-mentioned application shall, fourteen days previous to the day fixed for the hearing thereof, affix on each of two conspicuous parts of the reef or ground where such drainage is to be or is being effected, a copy of the said last-mentioned application, with subjoined thereto a notice in the form in the fifth schedule hereunto annexed; and shall also cause a copy of such application and notice to be inserted in each of two successive publications of the local newspaper published in this district nearest to the said reef or ground.

9. *Hearing of such application.*—Upon the day fixed for the hearing of such last-mentioned application, any holder of, or shareholder in, a claim chargeable or likely to be charged with the expense of such drainage, or with any part thereof, may propose one or more than one such holder or shareholder to fill up any such vacancy; and from the persons so proposed the said board shall, after making such enquiries and hearing such persons as they shall think right, select such person as shall be deemed the most fit for such purpose, or in case one person only shall be so proposed, shall appoint such one person to fill such vacancy; and the said clerk shall make in the said minute book a memorandum of the name of the person so selected or appointed, and that he was selected or appointed to supply the said vacancy amongst the members of the drainage committee in respect of which he shall have been so selected or appointed. And upon the making of such memorandum, such person shall be a member of the said drainage committee as fully, and to all intents and purposes, as if he had been appointed *ab initio*.

10. *Mining registrar's fees.*—The fees to be paid to the mining registrar by any such applicants, and which he may demand, shall be as follows:—

Scale of Fees.		£ s. d.
Making survey of ground, including original and duplicate plans and report	3 3 0
Vertical section, showing water level, &c.	2 2 0
Mileage (one way), if distance be over one mile from surveyor's office, at per mile	0 2 6

FIRST SCHEDULE.

Drainage Application.

To the Mining Board of the Maryborough Mining District.

We, the undersigned claimholders, being holders of miners' rights, and interested in the claims hereinafter set forth, and which are liable to be interfered with by the drainage proposed to be effected, do hereby make application for the establishment of a drainage committee (under the provisions of an Act 21 Victoria No. 115) on the line of reef, which has been surveyed and marked off by the mining registrar, the description and particulars whereof, and of the intended drainage, appear by the plan and report hereunto annexed.

Dated this day of 186 .

SECOND SCHEDULE.

Notice of Application for Drainage Committee.

And notice is hereby given, that on the day of 186 , at the hour of o'clock, the mining board will, at the mining board room, Maryborough, take into consideration such application; and all parties objecting to the establishment of such drainage committee are hereby required to attend and urge their objections, or forward the said objections in writing to the clerk of the mining board at the time and place above mentioned. And notice is further given, that a plan of the reef or ground to be affected by such intended drainage, as also a report of the mining registrar upon such drains, now lie in the office of the clerk of the mining board of this mining district, which may be inspected during office hours by all persons interested. In case such application be granted, the board will receive nominations at the time and place aforesaid from the holders of, or shareholders in, claims liable to be assessed, of persons to serve on such committee; and should the number proposed exceed the number to be appointed, the selection shall be made by the board.

Dated this day of 186 .
Miners' rights. Names of applicants.
No. Date.

THIRD SCHEDULE.

Notice of Objection.

To of the persons whose signatures are attached to the application for a committee for the drainage of the reef.

Take notice—That I (or we), the undersigned, do hereby object to the establishment of a drainage committee on the line of reef, applied for by under these bye-laws, on the following grounds:—

Dated this day of 186 .
Miners' rights. Names of objectors.
No. Date.

FOURTH SCHEDULE.

I (or we), the undersigned, being a holder (or holders) of a miner's right (or of miners' rights), and interested in the drainage to be (or being) effected by a drainage committee established under the provisions of the Act 24 Victoria No. 115, on the reef, do hereby apply to the mining board of the district of Maryborough for the appointment of a person to fill the vacancy occasioned amongst the members of the said committee by the

of late a member thereof.
Dated this day of 186 .

FIFTH SCHEDULE.

Notice is hereby given, that on the day of 186 , at the hour of o'clock in the noon, the mining board of the abovementioned district will, at the mining board room, Maryborough, take into consideration the abovementioned application, when any person interested therein may appear and suggest such person as he shall think proper as a person to fill the abovementioned vacancy.

Dated this day of 186 .
Miners' rights. Name of applicant or of each
No. Date. of the applicants.

The undersigned members of the said mining board concurred in making the foregoing bye-law.

ROBERT C. ELLISON,
JAMES GRANGER,
DAVID M. DAVIES,
DAVID BECKETT,
JOHN FARRELL,
THOMAS HINDMARSH,
RICHARD JAMES LAMB,
EDWARD O'FARRELL,
Chairman.

It is hereby certified that the foregoing bye-law of the mining board for the district of Maryborough has been made in the form and has been signed in the manner prescribed by law; and any person desirous to dispute the validity of such bye-law is hereby required to do so in accordance with the provisions of 21 Victoria No. 32, sec. 112.

Gazetted on the 22nd day of January, 1864.

Chief Secretary's Office,
Melbourne. J. McCULLOCH.

MARYBOROUGH MINING DISTRICT.

BYE-LAW FOR THE APPOINTMENT OF MANAGERS OF GOLD FIELDS COMMONS.—[4th December, 1863.]

At a meeting of the mining board of the mining district of Maryborough, begun and holden at Maryborough, in the said district, on the 4th day of December, One thousand eight hundred and sixty-three, it is ordained by the said board as follows, that is to say:—

In accordance with the provisions of *The Land Act, 1862*, section 69, the mining board of any district is authorised and empowered to make bye-laws to regulate the election and appointment of managers of gold fields commons within the district for which such mining board has been elected, the num-

ber of managers to be so appointed being limited to three for each such common; and whereas it is expedient to alter and amend the bye-laws now in force in this mining district, regulating the appointment of such managers, it is therefore ordered and ordained by the said board as follows:—

1. *Repealing clause.*—All bye-laws regulating the appointment of managers of gold fields commons, now in force in the Maryborough mining district, shall be and are hereby repealed, always saving the rights of all persons obtained previous to and held at the time of this bye-law coming into operation.

2. *Appointment of managers.*—All candidates for the office of manager of any gold field common shall be nominated, in writing, by at least ten (10) persons, who are entitled to commonage under *The Land Act, 1862*.

3. *Duties of proposers.*—The proposers of a candidate shall forward to the chairman of this board the christian name and surname of such candidate, and also the name of the gold field common for which he is proposed as manager; and such candidate shall also forward his consent, in writing, to act as manager if appointed by this board; and such nomination and consent shall be forwarded in the form of schedule A hereunto annexed.

4. *Votes to be taken.*—If the number of candidates proposed as managers of any gold field common does not exceed the number of managers required for such common, this board may appoint such candidate or candidates as manager or managers of the gold field common for which he or they have been respectively nominated; but in the event of more candidates being nominated than there are managers allotted to any such common, it shall be decided by a vote of this board, and any candidate or candidates having a majority of votes shall be declared duly appointed.

5. *Resignation of managers.*—Any manager of a gold field common desirous of resigning his office as manager shall forward to the chairman of this board his resignation in writing, and the board shall at its next or any subsequent meeting (duly constituted) after the receipt thereof, take such resignation into consideration, and accept it, or otherwise, as the case may be; and every such manager shall, if required, show to the satisfaction of this board that all moneys or fees received by him, if any, on account of such common, have been duly and satisfactorily accounted for; and all vacancies, whether such vacancies have occurred through the death, resignation, or removal from office of any manager or managers of a gold field common, shall be filled up in accordance with the provisions of sections 2, 3, and 4 of this bye-law.

6. *Managers may be removed from office.*—This board may, at any time, remove any manager or managers of a gold field common from office, if it appears to the satisfaction of the board that any such manager or managers has or have, through neglect, mismanagement, or in any other form, failed to discharge the duties of his or their office with zeal and efficiency.

7. *Complaints against managers.*—In all cases in which a complaint is preferred against any manager or managers of a gold field common to this board (and such complaint must be made in writing and signed by the persons making same), in reference to the manner in which such manager or managers discharge or discharge his or their duties in relation to such office, a copy of such written complaint shall, in all cases, be forwarded to the manager or managers aforesaid, if he or they can be found, and if not, a copy to be sent to their last known address, requesting explanation from him or them, in reference to the allegations or charges therein set forth; and if, on receiving such explanation, the same be not satisfactory to this board, the manager or managers against whom such complaint has been made may be removed from office by the board; provided that if any manager, against whom a complaint has been so preferred, fails to forward an explanation to the chairman of this board within fourteen (14) days from the date on which a copy of such complaint has been delivered to him or sent by post to his last known address, his appointment as manager shall be cancelled, unless he accounts for such omission in a manner satisfactory to this board.

8. *Annual election.*—That the annual election or appointment of managers of the various gold fields commons within this mining district shall take place on the fourth Friday in the month of August in each year; but, in the event of there not being a quorum of this board present on such occasion, such election shall be held at the next ensuing or any following meeting of the board, duly constituted, and such annual election shall be in accordance with the provisions contained in sections 2, 3, and 4 of this bye-law.

9. *Accounts, returns, &c.*—The managers of the various gold fields commons in this district shall forward to the chairman of this board an annual account, on or before the 24th day of August in each year, of all moneys received and disbursed on account of the gold fields commons for which they have been respectively appointed; and such account shall be furnished in the form of schedule B hereunto annexed; and such managers shall also forward a return to the said chairman, at the time hereinbefore mentioned, in the form of schedule C hereunto annexed; and the correctness of such accounts and returns shall be verified by the signatures of the managers or a majority of the managers forwarding same.

SCHEDULE A.

We, being entitled to commonage under *The Land Act, 1862*, hereby nominate _____ of _____ as a fit person to be appointed a manager of the Gold Field Common _____

R. HEALES,
President of the Board of Land and Works.

Lands and Survey Office,
Melbourne, 20th January, 1864.

FORT FELLOWS AGRICULTURAL AREA FARMERS' COMMON.

THE description of the above-mentioned Common, contained in the *Gazette* of 8th September, 1863 (page 1937), requires to be corrected as follows:—

In the 3rd and 4th lines from the bottom, instead of the words "parish of Moornmurg," read "parish of Wyung."

R. HEALES.
Lands and Survey Office,
Melbourne.

267.

RENTS OF RUNS FOR 1862-3 ALTERED.

REFERRING to the List of Rents published in the *Government Gazette* of 1863, pages 2318 and 2319: It is hereby notified that the following amounts are to be received without penalty up to the 31st instant, with respect to the undermentioned runs, in lieu of the amounts therein stated:—

District, Castlemaine; run, Avoca Forest; amount of rent to be received for half-year ending 31st December, 1862, £103 11s. 4d.; amount of rent to be received for half-year ending 30th June, 1863, £103 11s. 4d.

District, East Wimmera; run, Avoca Forest; amount of rent to be received for half-year ending 31st December, 1862, £93 13s.; amount of rent to be received for half-year ending 30th June, 1863, £93 13s.

R. HEALES,
President of the Board of Land and Works.
Office of Lands and Survey,
Melbourne, 18th January, 1864.

R. HEALES,
President of the Board of Land and Works.
Office of Lands and Survey,
Melbourne, 18th January, 1864.

TO ARCHITECTS.

A COMMISSION, composed of Members of the Parliament of Queensland, having been appointed for the purpose of determining on plans for New Houses of Parliament proposed to be erected in Brisbane, Architects are hereby invited to furnish Complete Designs for suitable buildings, the estimated cost of which shall not exceed Twenty thousand pounds (£20,000).

A premium of Two hundred pounds will be awarded for the most approved design, and One hundred pounds for the second best, furnished according to the conditions therein referred to, such designs becoming the property of the Government.

Designs to be sent in on or before the 31st day of March, 1864, under cover, to the undersigned, from whom a plan and levels of the site, a printed form of conditions of the competition, and all necessary information may be obtained, on application in writing.

LEWIS A. BERNAYS,
Clerk of the Legislative Assembly,
Acting as Secretary to the Commission,
Legislative Chambers,
Brisbane, Queensland, 14th December, 1863.

CROWN GRANTS.

THE following List of Crown Grants, lying in the several Receipt and Pay Offices mentioned, is published for general information.

J. F. SULLIVAN,
Minister of Mines.

Office of Mines,
Melbourne, 8th January, 1861.

GLENDARUEL CEMETERY.

RULES and Regulations, in accordance with the provisions of the Act 17 Victoria 12, for the Glendaruel Cemetery.

1. All charges must be paid when orders are given, or before the ground is broken, or a vault re-opened.
2. On application for permission to make a vault, or erect a monument in the cemetery, being made to the trustees, a certificate of permission will be granted on payment of the fees set forth in the schedule.

3. Charges will be remitted on the burial of any poor person in such cemetery, on the certificate of a minister of religion, or other evidence proving to the satisfaction of the trustees that the relatives of the deceased were unable to pay the usual fees.

4. The sexton shall dig all ordinary graves unless otherwise specially ordered, on payment of the fees mentioned in the schedule.

5. All monuments, vaults, graves, and gravestones must be kept in repair and in proper condition at the expense of the owners.

6. All persons destroying the fences or in any manner injuring the cemetery will be prosecuted as the law directs.

7. Every coffin in a vault must be bricked in, or cemented, or covered by a slab of stone, slate, or iron.

8. A plan of the ground and a register will be kept, which may be examined on payment of the charges set forth in the schedule.

9. When a meeting of the trustees is required the same to be called by the secretary; three to form a quorum.

10. The trustees reserve to themselves the right of making any alteration from time to time in these regulations and charges, subject to the approval of His Excellency the Governor in Council.

SCHEDULE OF CHARGES.

	£	s.	d.
For showing and laying off the ground for each interment	0	5	0
For filling each title deed for single graves	0	5	0

ROBERT HAVERY, Chairman,
WILLIAM PARRY DUNSTAN,
ROBERT HUCKERBY,
PATRICK SHEAHAN, } Trustees.

The foregoing Rules and Regulations, made by the Trustees of the Glendarruel Cemetery, have been submitted to and approved by the Governor in Council, on the 11th day of January, 1864.

MATTHEW HERVEY.

Public Works Office,
Melbourne.

Tenders.

PROVISIONS.

TENDERS will be received until Noon on Tuesday, the 9th February, for the supply of Provisions at

Alberton,
Kilmore,
Warrnambool,

in such quantities as may be required during the remainder of the year 1864.

Copies of the conditions, with forms of tender and full particulars, can be obtained from the Sheriff at each place, or from the Government Storekeeper, Melbourne.

Tenders, endorsed "Tender for Provisions, —," are to be addressed to the Government Storekeeper, Melbourne.

J. McCULLOCH.

Chief Secretary's Office,
Melbourne, 19th January, 1864.

PUBLIC WORKS OFFICE, MELBOURNE.

TENDERS will be received at this office until Twelve o'clock on the days and for the purposes undermentioned.

Particulars may be learnt at this office, and also at the offices named in each instance.

Attaching Compulsory Services ... 27th January.

Leasing Stand-pipes at Flemington, Brunswick, and Pentridge ... 27th January.

Extending Water Supply to the Town Pier, Sandridge ... 27th January.

MATTHEW HERVEY.

RAILWAY WORKS, ETC.

TENDERS will be received until Twelve o'clock on the days undermentioned.

Tenders are to be endorsed with the subject-matter tendered for, as "Tender for —."

The tenders are to be addressed to the undersigned, and deposited in the Tender-box at the Crown Lands Office, La Trobe street west.

Until Friday, 29th January, 1864.

For works to be executed in completing the eastern approach to Ellis's Bridge, near Malmsbury. Full particulars at the office of the Engineer-in-Chief, Batman's Hill, and at the office of the District Engineer, Elphinstone.

J. M. GRANT.

Office of Railways, William street,
Melbourne.

ROADS AND BRIDGES OFFICE, MELBOURNE.

TENDERS will be received by the Board of Land and Works, until Twelve o'clock on the days and for the purposes undermentioned.

Particulars may be learnt at the Office of Roads and Bridges, Melbourne, or at the Road Engineers' Offices of the districts in which the works are respectively situated; that for the Western District being now at Ararat.

The Board will not necessarily accept any tender.

Tenders are to be endorsed with the subject matter tendered for, as "Tender for —."

1. Until Friday, 29th January, for channelling, &c., in Northcote, on Upper Plenty road, in the Melbourne District.

J. M. GRANT.

SALE OF GOVERNMENT SCHOONER "APOLLO."

FRESH tenders will be received at this office, and at the Harbor Master's Office, Port Albert, until Twelve o'clock noon on Tuesday, the 9th February, from persons willing to purchase the Government buoy vessel *Apollo*, as she now lies at Port Albert.

Particulars may be obtained from the Chief Harbor Master, Williamstown, or the Harbor Master, Port Albert.

The Government will not necessarily accept the highest or any tender.

Tenders to be addressed to the Commissioner of Trade and Customs, Melbourne.

JAS. G. FRANCIS,

Commissioner of Trade and Customs

Department of Trade and Customs,
Melbourne, 20th January, 1864.

146.

FUEL AT DAYLESFORD.

NOTICE is hereby given that a Meeting of the Tender Board will be held at the Court House, Daylesford, on the 29th January instant, at Noon, for the purpose of considering tenders for the supply of Fuel for the Service of 1864. All tenders should be enclosed in separate envelopes, described as "Tenders for —" &c., and be forwarded to the Court House, Daylesford, on or before the 28th January, 1864.

JAMES DALY, P.M.,
Chairman of the Board.

SMYTHESDALE.

FIREWOOD AND WATER, 1864.

TENDERS will be received by the Chairman of the Tender Board at Smythesdale up to Twelve o'clock noon on the first day of February, 1864, for the supply of Firewood and Water for the year 1864 to the various Government Departments at Smythesdale.

Full particulars may be obtained on application to the chairman of the board.

J. P. HAMILTON,
Chairman of Tender Board at Smythesdale

NOTICE.

MESSRS. GORDON AND GOTCH, of Great Collins street west, Melbourne, and 4, Hunter street, Sydney, are appointed Agents to receive Advertisements and Subscriptions for the *Government Gazette*.

J. FERRES,
Government Printer.

1st October, 1862.

THE GOVERNMENT GAZETTE.

SUBSCRIPTIONS.—The subscription, on and after the 1st January, 1864, including Postage, will be at the rate of £2 per annum, or 10s. per quarter, payable in advance.

Subscriptions can commence at the beginning of any month, but are required to terminate with the quarters ending March, June, September, or December; a less period than three months cannot be subscribed for.

ADVERTISEMENTS will be charged at the uniform rate of Sixpence per line throughout.

The GOVERNMENT GAZETTE is published on TUESDAY and FRIDAY in each week, and Notices for insertion must be received by the Government Printer on or before Ten o'clock of the day preceding the day of publication.

POSTAGE STAMPS cannot in any case be received in payment from any place at which Post Office Orders are issued, and under any circumstances are SUBJECT TO A DEDUCTION AT THE RATE OF ONE SHILLING IN THE POUND.

Single copies of the GOVERNMENT GAZETTE will be 1s. each.
* * * All payments are required in advance, and Letters and Remittances should be addressed to "The Government Printer, Melbourne."

December, 1863.

Private Advertisements.

DISSOLUTION OF PARTNERSHIP.

TAKE notice that the partnership heretofore existing between Frederick Kidd and Joseph Wertheim, of the Star Hotel, Chiltern, lately trading together under the style or firm of "Kidd and Wertheim," as hotel keepers and otherwise, is this day dissolved by mutual consent.

The business will in future be carried on by the said Joseph Wertheim, to whom must be paid all accounts due to the said firm, and by whom all its liabilities will be paid.

Dated at Chiltern this 9th day of January, 1864.

FRED. KIDD,
JOSEPH WERTHEIM.

Witnesses—
GEORGE RAE,
T. B. SOMERS CARWITHEN,
Chiltern.

No. 81

DISSOLUTION OF PARTNERSHIP.

WE, the undersigned, have this day dissolved partnership by mutual consent. All accounts due to and against the late firm will be received and paid by Frederick C. Lamb, who continues to carry on the business.

21st January, 1864.

GEO. TREEN,
FREDERICK C. LAMB,
Chemists, &c.,
34, Clarendon street north, Emerald Hill.

Witness—
G. B. DUINS.

No. 115

No. 91 DAVID M. FINDLAY.

In the Supreme Court—No. 128.

Between ROBERT MURRAY SMITH and JOHN STRACHAN,
Plaintiffs,

and

FRANCIS COOKE, Defendant.

NOTICE is hereby given that an action has been commenced in this court by the above-named plaintiffs against the above-named defendant, for that the defendant is indebted to the plaintiffs in the sum of Two hundred and fifty-five pounds three shillings, for goods sold and delivered by the plaintiffs to the defendant, and for difference of exchange; and a writ of foreign attachment has been issued, directed to John Franklyn McMullen, of the city of Melbourne, in the colony of Victoria, banker, and to Henry Cooke, of Bond street, in the city of Melbourne, merchant, for the purpose of attaching in the hands of the said John Franklyn McMullen, and Henry Cooke, all and singular the lands and other hereditaments, moneys and chattels, bills, bonds, and other property, of whatsoever nature, in the custody or under the control of the said John Franklyn McMullen and Henry Cooke, or either of them, at the time of the service of the said writ belonging to the above-named Francis Cooke, or to or in which such defendant shall at the time be legally or equitably entitled or otherwise beneficially interested (and whether solely or jointly with any person or persons), and all debts of every kind then due by the said John Franklyn McMullen and Henry Cooke, or either of them, to such defendant, although the same or part thereof may be payable only at a future day; and if at any time before final judgment in this action the said Francis Cooke, or any person on his behalf, will give the security required by law, the said Francis Cooke, upon entering an appearance, and upon giving notice thereof to the plaintiffs, may apply to the court and have the attachment dissolved.

Dated this nineteenth day of January, in the year of Our Lord One thousand eight hundred and sixty-four.

EDWARD JOSEPH MURPHY,

No. 100, Great Bourke street west, Melbourne,
Plaintiffs' attorney.
