Tenders will be accepted or rejected separately. The contracts for fuel, Melbourne, must comprise the suburbs mentioned.

Tenderers are to specify the kind of coal tendered for delivery by them, also the kind or kinds of wood, and the proportions of each kind.

Printed forms of tender may be obtained from the Inspector of Stores, Melbourne; the Chief Harbor Master, Williamstown; and the Police Magistrate at Geelong; by whom also any information or explanation will be afforded to persons tendering.

Tenders must state the security proposed, whether in debentures, bank deposit receipt, cash deposit, or sureties; if the latter, the certificate on the printed form of tender must be signed by two responsible persons willing to become bound in the sum specified for the due fulfilment of the contract; and the names of the tenderers and their proposed sureties, together with their respective addresses, must be stated at full length upon such certificate.

Tenders must be accompanied by a bank draft or other tangible money deposit for ten per cent. of the amount of security required, which will be returned within ten days to unsuccessful tenderers. Such deposit to be forfeited in the event of the successful tenderer failing to complete the security within the prescribed period.

The Government may elect to require a cash deposit; but any approved security must be completed within ten days of acceptance of the tender, failing which the contract may be again advertised, or another tender accepted.

Tenderers failing to take up their accepted tenders, will be disqualified from tendering for Government supplies for a period of twelve months.

The Government will not necessarily accept the lowest or any tender.

All tenders must be enclosed in a separate envelope, marked "Tender for _____" (as the case may be), and be deposited in the Tender Box at the Stores and Transport Office, King street; or, if sent by post, they must be addressed to the Chairman of the Tender Board, Stores and Transport Office, Melbourne.

CONDITIONS.

1. The house coal is to be the best of its kind, free from shale, small coal, dust, or other impurities. The smiths' coal must be free from dust, ashes, shale, or other impurities. The water is to be fresh and pure. The firewood (box, she-oak, red or white gum) is to be dry and of good burning quality.

2. The orders will be issued by the departments requiring the supplies, and should an order be not complied with within forty-eight hours, it will be competent for the department concerned to purchase at the contractor's risk, and to deduct from the contractor's account the extra expense, if any, over and above the contract price. Supplies are to be delivered in quantities from one to twenty tons at a time on board steam dredges, wherever the same may be employed; and on board steam tugs at any wharf or hulk selected by the contractor in Hobson's Bay, the Yarra River, or Geelong, as the case may be.

3. The contractor for coal will be bound to furnish scales and weights, and to weigh the coal on delivery. The contractor for firewood will be bound to supply the wood in billets cut into two-foot lengths, and to place the same in suitable stacks for measurement on such ground as may be pointed out; each stack to be only two feet wide, leaving a space between each stack.

4. As soon as the order for the coal or wood shall have been completed, the contractor will be required to furnish his account in the prescribed form, with the order attached thereto, to the department supplied. For water, the account is to be rendered monthly for the quantity supplied during the previous month. Accounts will be payable at the Treasury, Melbourne or Geelong, as the contractor may require.

5. In the event of a difference of opinion between the contractor and the officer receiving the supply, as to the quality, the same is to be decided by a board of survey, composed of persons named by the head of the department, and the decision of the board is to be considered as final.

6. If the board shall decide that the article is not of proper quality, it must be immediately replaced by the contractor, failing which it will be procured elsewhere, and the extra expense, if any, will be deducted from the contractor's account.

7. If from any cause injury would accrue to the public service by waiting for a board of survey, the head of department, or officer in charge of station, will have the power to reject such articles as are obviously of inferior quality, it being understood that he will be responsible to the Government for so doing, and the contractor must take back the rejected article, and supply good in its stead, failing which it will be procured elsewhere, and the extra expense, if any, will be charged as in condition 6.

8. A repetition of irregularity in the quantity or quality of the supplies, or of delay in delivering or replacing them when required, will subject the contractor to such mulct, not exceeding £50, as the Government may direct. It will also be in the power of the Government, upon such repetition, to terminate the contract forthwith.

9. It will be competent for the Inspector of Stores on behalf of the Government, or the contractor on his own behalf, to terminate the contract by giving in writing a notice of three full calendar months; it being understood that such notice can be given only from the first day of a month, and within the period of which the contract is made.

The contractor or his agent must reside at Point Nepean; and should he fail to supply when required, the meat will be otherwise procured, the expense over and above the contract price being chargeable to the contractor.

The contract will be terminable by three months' notice, either from the Inspector of Stores on behalf of the Government, or the contractor; such notice to date from the first of a month.

Security will be required in the sum of £100 for the due fulfilment of the contract, and the bond must be entered into within ten days from the date of acceptance.

The Government may elect to require a money surety.

The names of the tenderers and their proposed sureties, together with their addresses, must be stated at full length.

Tenderers failing to take up their accepted tenders, will be disqualified from tendering for Government supplies for a period of twelve months.

All tenders must be endorsed, "Tender for Medicines, &c.," and deposited in the tender-box at the Government Stores, King street; or, if sent by post, must be addressed to the Chairman of the Tender Board, Stores and Transport Office, Melbourne.

The Government will not necessarily accept the lowest or any tender.

CONDITIONS.

1. All articles must be of the best quality of their several kinds, and all preparations or compounds are to be those of the new British Pharmacopœia, unless otherwise specially ordered.

2. All orders for supplies under this contract will emanate from the Chief Medical Officer, or from the departments requiring the supplies, and the articles must be delivered at such place in Melbourne as may be stated in the order; and for the purposes of this contract, all Government offices within a radius of three miles from the General Post Office will be deemed to be within Melbourne.

3. All supplies, when delivered, must be accompanied by the order, which, when receipted, is to be rendered with the contractor's account. No supplies can be received unless accompanied by the order, and the net weight or quantity only will be paid for.

4. The contractor shall, at the time of delivering the supplies, furnish his account in the prescribed form, and present it in a complete state to the Chief Medical Officer, or to the officer, taking delivery of the supplies, for payment at the Treasury.

5. In the event of a difference of opinion between the contractor and the officer receiving the supply, as to the quality, the same is to be decided by a board of survey, composed of persons named by the Government; and the decision of the board is to be considered final.

6. If the board shall decide that the article is not of proper quality, it must be immediately replaced by the contractor, failing which it will be procured elsewhere, and the extra expense (if any), will be deducted from the contractor's account.

7. If from any cause injury would accrue to the public service by waiting for a board of survey, the Chief Medical Officer, the inspector of stores, or the head of the department ordering the supplies (as the case may be), will have the power to reject such article or articles as are obviously of inferior quality, it being understood that they will be responsible to the Government for so doing, and the contractor must take back the rejected article and supply good in its stead, failing which it will be procured elsewhere, and the extra expense (if any) will be charged as in condition 6.

8. A repetition of irregularity in the quantity or quality of the supplies, or of delay in delivering or replacing them when required, will subject the contractor, upon report from the Tender Board, to such mulct, not exceeding the sum of Fifty pounds, as the Government may direct. It will also be in the power of the Government, upon such repetition, to terminate the contract forthwith.

9. It will be competent for the inspector of stores, on behalf of the Government, or the contractor, on his own behalf, to terminate the contract by giving a notice in writing of three full calendar months; it being understood that such notice can be given only from the first day of a month, and within the period for which the contract is made.
