### NAVAL CADETS.

**T**HE Governor has directed the subjoined Despatches to be published.

By His Excellency's Command,  
J. McCULLOCH.

Chief Secretary's Office,  
Melbourne, 6th May, 1865.

(CIRCULAR.)

Downing street,  
18th February, 1865.

SIR,—With reference to previous correspondence relative to the appointment of Naval Cadets from certain colonies, I transmit to you herewith, for your information, a copy of a letter from the Admiralty (25th January, 1865), intimating that arrangements must be made by the friends of such cadets for their lodging and maintenance during the usual periods of vacation while they are attached to the training ship.

I have, &c.,

(Signed) EDWARD CARDWELL.  
Governor Sir C. H. Darling, K.C.B.,  
&c., &c., &c.

Lord Clarence Paget to the Under Secretary of State for the Colonies.

Admiralty, 25th January, 1865.

SIR,—I am commanded by my Lords Commissioners of the Admiralty to acquaint you, for the information of the Secretary of State for the Colonies, that in consequence of the great inconvenience that has been found to arise from the fact that many of the naval cadets who are natives of the colonies, after joining the training ship in England, have no friends with whom to pass the vacations, my Lords have laid down the following regulations, which they request may be communicated to the parents or friends of all boys nominated to a cadetship upon the recommendation of the Secretary of State.

"In the case of a candidate for a naval cadetship who is a native of one of the colonies, he will be examined in the first instance on board the ship of the senior officer on the station, and will then be required to join the training ship in England, as in the case of other cadets. It is, however, to be fully understood that arrangements must be made for his lodging and maintenance during the vacations (six weeks at Midsummer and five weeks at Christmas), during which periods he will not be permitted to remain on board the training ship.

I am, &c.,

(Signed) C. PAGET.  
The Under Secretary of State for the Colonies.

### COMMERCIAL CODE OF SIGNALS.

**T**HE accompanying Instructions to Registrars of Shipping in the British possessions abroad respecting the Commercial Code of Signals are published for general information.

JAS. G. FRANCIS,  
Commissioner of Trade and Customs.  
Department of Trade and Customs,  
Melbourne, 6th May, 1865. 1844.

Circular No. 190.—1st November 1864. }  
Board of Trade.

INSTRUCTIONS TO REGISTRARS OF SHIPPING IN BRITISH POSSESSIONS ABROAD.

#### COMMERCIAL CODE SIGNALS.

To be substituted for paragraph 10 of the Original Instructions.

In consequence of the recent adoption by the French Government of the Commercial Code of Signals for the use of the Imperial and Mercantile Navies of France, the Board of Trade has had under consideration the necessity of causing to be published in a cheap and handy form "A Code List," to contain the names and particulars of those ships only which make their names by and use the Commercial Code Signals.

It has been found that under the present system of coupling the signals with the official numbers, and thus appropriating a distinguishing signal to every registered vessel, a large number of signals has not only been wasted, but the bulk and the cost of the present signal book have been greatly increased in consequence of thousands of vessels having had distinguishing signal letters allotted to them which are not and cannot be used.

The Board of Trade have therefore considered it advisable—

- (1.) At once to separate the signals from the official numbers;
- (2.) To recall all signals which are not actually in use; and
- (3.) In future to issue signals only to those vessels which require them.

By this plan a number of the signals will be utilized which are now comparatively useless from the causes above stated, and the publishers of the Commercial Code Signal Book will be able to produce a Code List at a small charge.

In future, Registrars of Shipping in the British possessions abroad are to discontinue issuing, as a matter of course, the signal letters with the official numbers, and they are only to give the distinguishing signal letters in cases where it has been ascertained by them that the owner desires to have a signal for his ship, and intends to use the Commercial Code Flags.

It will be seen from what has been stated above that the distinguishing signal letters will not necessarily accompany the official numbers, but will henceforth be disconnected. The

Registrar will therefore issue them seriatim, without reference to the official numbers, giving the first unappropriated signal letters on his list to the first ship for which signal letters are required.

Whenever a signal is issued by a Registrar he is to enter the signal letters appropriated in the Ships Certificate of Registry, and is to forward a notice by the next mail to the Registrar General of Seamen, London, according to the form of which a specimen is annexed.

For the purpose of informing the Registrar General of Seamen, when the new principle of allotting signals is commenced by the Registrars of Shipping in the British possessions abroad, each Registrar will upon receipt of these Instructions at once forward to the Registrar General of Seamen, 6, Adelaide Place, London Bridge, a statement of all the signal letters on his list which remain to be appropriated under these Regulations.

Whenever a Registrar requires additional signal letters for ships registered at his port he should apply to the Registrar General of Seamen in London for a further list, and this application should be made in sufficient time.

T. H. FARRER,  
Secretary.

COMMERCIAL CODE SIGNALS FOR USE OF ALL NATIONS.

Port of day of 186

SIR,

I beg to acquaint you that the following Commercial Code Signals have since the despatch of the last mail to England been appropriated to the undermentioned British registered ships.

Date of Appropriation.	Signal Letters.	Name of Ship, and Port of Registry.	Reg.	Registered Tonnage.	Horse Power.	Official Number.	Name and Address of sole registered Owner, or of Managing Owner when there are more Owners than one.

I am,  
Sir,  
Your obedient Servant,

Registrar of Shipping.

THIS is to notify that George Simpson Millar, of Geelong, engineer, did, on the sixth day of December, 1864, deposit at the office of the Chief Secretary, in Melbourne, a specification, or instrument in writing, under his hand and seal, particularly describing and ascertaining the nature of the said invention, and in what manner the same is to be performed; and that by reason of such deposit the said invention is protected and secured to him exclusively for the term of six calendar months thence next ensuing. And I do further notify that the said George Simpson Millar has given notice, in writing, at my chambers, of his intention to proceed with his application for letters patent for the said invention, and that I have appointed Monday, the fifth day of June next, at Eleven o'clock in the forenoon, at my chambers, to hear and consider the said application and all objections thereto; and I do hereby require all persons having an interest in opposing the grant of such letters patent, to leave before that day, at my chambers in Melbourne, particulars in writing of their objections to the said application, otherwise they will be precluded from urging the same.
