## BOMBAY INTERNATIONAL EXHIBITION OF 1866.

THE accompanying Documents relative to the holding of an International Exhibition at Bombay, in September, 1866, are published for general information.

By His Excellency's Command,  
J. McCULLOCH.

Chief Secretary's Office,  
Melbourne, 6th June, 1865.

No. 8 of 1865.

To the Chief Secretary to His Excellency the Governor General,  
Victoria.

Bombay International Exhibition Office,  
Town Hall, 14th April, 1865.

SIR,—By direction of the promoters of the International Exhibition of Bombay Company, Limited, we have the honor to submit, for the information of His Excellency the Governor General of Victoria, that they propose to hold an Exhibition of the Industries of all Nations, in Bombay, either in 1866 or 1867.

2. To assist them, the Government of Bombay has made over a site to them for the purpose, and the promoters are to deposit (£50,000) Fifty thousand pounds with this Government as a pledge of their *bona fides*.

3. This Government has further consented to remit all customs duties on articles sent for exhibition while exhibited or until sold.

4. The promoters have appointed a commission in London to undertake all the business of Europe, and have remitted (£70,000) Seventy thousand pounds to London for the cost of the building.

5. They have also appointed a commission in New York, to which city they have also remitted (£10,000) Ten thousand pounds.

6. The promoters propose to pay freight on all articles for exhibition passed by these commissions.

7. Space will be allowed free to all passed exhibitors.

8. The promoters would now respectfully solicit the co-operation of the Government of Victoria towards their design, by making known the objects of the intended exhibition, and by inviting and assisting persons interested in the raw products and manufactures of Victoria to exhibit.

9. The promoters believe that the proposed exhibition will be particularly useful in promoting the trade between Bombay and China, the Australian Colonies, the Cape, and the United States of America, and are therefore particularly anxious to have Victoria well represented.

10. The committee are unable, in the case of Victoria, to suggest the machinery by which their objects could be best promoted, and would be happy either to receive suggestions on that point, or to sanction any measures which your Government might adopt.

11. Mr. W. E. Frere, late member of council of this Government, who proposes to visit Victoria before going to England, will present a copy of this letter to you, and make any explanations needed.

12. The promoters' rules for European and American exhibitors are enclosed. It will be seen that freight will be paid on all articles for exhibition approved by the local authorities. But all articles *bona fide* of indigenous production and articles of commerce will be admitted, if the owners send them, at their own cost.

We have the honor to be,

Sir,  
Your most obedient servants,  
G. C. M. BIRDWOOD,  
BHAI DAJI,  
Secretaries.

No. 65 of 1865.

General Department,  
Bombay Castle, 13th January, 1865.

To Dr. G. Birdwood, Secretary to the proposed International Exhibition of Bombay.

SIR,—I have had the honor to receive your letter, No. 1, dated the 28th of December, 1864, with reference to the proposed exhibition in Bombay.

2. This letter was considered by His Excellency the Governor in Council, who ordered the formation of a committee to determine, in conjunction with the promoters, the various questions raised by you.

3. The result of the committee's deliberations is contained in the accompanying memorandum.—His Excellency the Governor in Council, I am directed to inform you, [agrees] to the terms contained in the memorandum, and will immediately have them put in legal form.

4. Government will also furnish the promoters with credentials, as solicited by you in paragraph 2 of your letter under acknowledgment.

I have the honor to be, &c.,  
(Signed) E. W. RAVENSCROFT,  
Officiating Chief Secretary to Government.

No. 155.

EXTRACT from the Proceedings of the Government of Bombay in the General Department, dated 27th January, 1865.

Read, the following letter from J. Bickersteth, Esq., Solicitor to Government, to E. W. Ravenscroft, Esq., Officiating Chief Secretary to Government, No. 1, dated 2nd January, 1865:—

I have had the honor of receiving your memorandum, No. 2247, of the 30th ultimo, desiring me, with the other officers named, to meet four gentlemen selected by the promoters of the Bombay Exhibition, to discuss certain details connected with the proposed exhibition.

2. I think it right to mention, that the firm of which I am a member are solicitors to the proposed undertaking, and hence that it may probably give rise to misconception if I, as a government officer, form one of the committee appointed to discuss on behalf of Government the details referred to in the accompanying to your memorandum, though this fact would be no obstacle to my preparing the contract when the details have been arranged between Government and the promoters.

3. I therefore propose to abstain from attending the meetings of the committee until I receive the further instructions of Government on the subject.

Resolution—Government have agreed to the terms of the memorandum dated 3rd instant, and there is, therefore, no objection to Mr. Bickersteth putting them in legal form.

2. The credentials promised in Government letter No. 65, dated 13th instant, should be prepared in the Political Department, to which copies of the papers on the subject should be furnished for guidance.

Ordered—That copies of the above be forwarded to—

The Solicitor to Government;  
The Political Department of the Secretariat, with copies of the papers referred to in the resolution;  
Dr. Birdwood, Secretary to the proposed International Exhibition in Bombay.

(Signed) H. E. JACOMB,  
Officiating Under Secretary to Government.

(True copies)  
BHAI DAJI,  
Secretary.

26th December 1864.

1. The promoters have fixed upon Monday (*sic*) the 4th day of September, 1866, for opening the exhibition.

2. The exhibition building will be erected on the Esplanade.

3. The decision whether goods proposed to be exhibited are admissible or not, must, in each case, rest with the commissioners appointed in each country.

4. Subject to the necessary limitation of space, all persons, whether designers, inventors, manufacturers, or producers of articles, or proprietors, will be allowed to exhibit; but they must state the character in which they do so.

5. The promoters will communicate with foreign and colonial exhibitors only through the commission which may be appointed for that purpose in each foreign country or colony; and no article will be admitted from any foreign country of colony without the sanction of such commission.

6. No rent will be charged to exhibitors.

7. Every article produced or obtained by human industry, whether of raw materials, machinery, manufactures, or fine arts, will be admitted to the exhibition, with the exception of living animals and plants, fresh vegetables and animal substances liable to spoil by keeping, detonating or dangerous substances. Copper caps, or other articles of a similar nature, may be exhibited, provided the detonating powder be not inserted; also lucifer matches with imitation tops.

8. Spirits or alcohols, oils, acids, corrosive salts, and substances of a highly inflammable nature, will only be admitted by special written permission, and in well-secured glass vessels.

9. The articles exhibited will be divided into the following classes:—

## SECTION I.

- Class 1. Mining, quarrying, metallurgy, and mineral products.  
2. Chemical substances and products, and pharmaceutical processes.  
3. Substances used for food, including wines.

  26. Leather, including saddlery and harness.
  27. Articles of clothing.
  28. Paper, stationery, printing, and bookbinding.
  29. Educational works and appliances.
  30. Furniture and upholstery, including paper-hangings and papier-mâché.
  31. Iron and general hardware.
  32. Steel and cutlery.
  33. Works in precious metals and their imitations, and jewellery.
  34. Glass.
  35. Pottery.
  36. Manufactures not included in previous classes.

## SECTION IV.—MODERN FINE ARTS.

- Class 37. Architecture.
38. Paintings in oil and water colors, and drawings.
  39. Sculpture, models, die-sinking, and intaglios.
  40. Etchings and engravings.
10. Prizes, or rewards for merit, in the form of medals, will be given in sections I., II., and III.
11. Prices may be affixed to the articles exhibited in sections I., II., III., and IV. These may be sold at any period during the exhibition, or by general auction at the close of the exhibition; a small commission being in all cases deducted on account of the exhibition charges. No article exhibited can be removed before the close of the exhibition.
12. The promoters will be prepared to receive all articles which may be sent to them on or after the 1st of April, and will continue to receive goods until Monday (sic) the 31st of July, 1866, inclusive.
13. Articles of great size or weight, the placing of which will require considerable labor, must be sent before Saturday (sic) the 1st of July, 1866; and manufacturers wishing to exhibit machinery, or other objects that will require foundations or special constructions, must make a declaration to that effect on their demands for space.
14. Any exhibitor whose goods can properly be placed together, will be at liberty to arrange such goods in his own way, provided his arrangement is compatible with the general scheme of the exhibition and the convenience of other exhibitors.
15. Where it is desired to exhibit processes of manufacture, a sufficient number of articles, however dissimilar, will be admitted for the purpose of illustrating the process; but they must not exceed the number actually required.
16. Exhibitors will be required to deliver their goods at such part of the building as shall be indicated to them, with the carriage, portage, and all charges and dues upon them paid, excepting freight.
17. The carts will be unloaded, and the articles and packages taken to the places appointed in the building, by the officers of the promoters.
18. Upon receipt of notice from the promoters that the articles are deposited in the building, exhibitors, or their representatives or agents, must themselves unpack, put together, and arrange their goods.
19. Packing cases must be removed at the cost of the exhibitors or their agents, as soon as the goods are examined and deposited in charge of the promoters. If not removed within three days of notice being given, they will be disposed of, and the proceeds, if any, applied to the funds of the exhibition.
20. No counters or fittings will be provided by the promoters. Exhibitors will be permitted, subject only to the necessary general regulations, to erect, according to their own taste, all the counters, stands, glass frames, brackets, awnings, hangings, or similar contrivances which they may consider best calculated for the display of their goods. Exhibitors will, however, be assisted in every way in setting up fittings.
21. Exhibitors, or their representatives, should provide whatever light temporary covering may be requisite (such as sheets of oiled calico) to protect their goods from dust; and, in the case of machinery and polished goods, should make the requisite arrangements for keeping the articles free from rust during the time of the exhibition.
22. Exhibitors must be at the charge of insuring their own goods, should they desire this security. Every precaution will be taken to prevent fire, theft, or other losses; and the promoters will give all the aid in their power for the legal prosecution of any persons guilty of robbery or wilful injury in the exhibition, but they will not be responsible for losses or damage of any kind which may be occasioned by fire, or theft, or in any other manner.
23. Exhibitors may employ assistants to keep in order the articles they exhibit, or to explain them to visitors, after obtaining written permission from the promoters; but such assistants will be forbidden to invite visitors to purchase the goods of their employers.
24. Articles once deposited in the building will not be permitted to be removed without written permission from the promoters.
25. Persons who may wish to exhibit machines or trains of machinery in motion, will be allowed to have them worked, as

far as practicable, under their own superintendence and by their own men.

26. Intending exhibitors in the United Kingdom are requested to apply, without delay, to the London commission for a *Form of Demand for space*, stating at the same time in which of the four sections they wish to exhibit.

27. The following is the form which has to be filled up:—

1. Name and christian name of applicant (or name of firm).
2. Nature of business carried on.
3. Address { No. of street or square, &c.,  
and  
Name of town.
4. Nature of articles to be exhibited.
5. Number of class in which they are to be exhibited.
6. Probable space that will be required for articles or case in which they will be shown:—

Floor Space		
Length	... ..	Feet.
Breadth	... ..	Feet.
Height	... ..	Feet.
Hanging or Wall Space.		
Height	... ..	Feet.
Width	... ..	Feet.

28. Foreign and colonial exhibitors should apply to the commission, or other central authority appointed by the foreign or colonial government, as soon as notice has been given of its appointment.

29. No articles of foreign manufacture, to whomsoever they may belong, or wheresoever they may be, can be admitted for exhibition *except with the sanction of the central exhibition authority of the country of which they are the produce*. The promoters of the London or New York commission respectively will communicate to such central authority the amount of space which can be allowed to the productions of the country for which it acts, and will also state the further conditions and limitations which may, from time to time, be decided on with respect to the admission of articles. All articles forwarded by such central authority will be admitted, provided they do not require a greater aggregate amount of space than that assigned to the country from which they come; and provided also that they do not violate the general conditions and limitations. It will rest with the central authority in each country to decide upon the merits of the several articles presented for exhibition, and to take care that those which are sent are such as fairly represent the industry of their fellow-countrymen.

30. Separate space will be allotted to each foreign country, within which the commissioners for that country will be at liberty to arrange the productions entrusted to them, in such manner as they think best, subject to the condition that all machinery shall be exhibited in the portion of the building specially devoted to that purpose, and all pictures in the fine art galleries, and to the observance of any general rules that may be laid down by the promoters for public convenience.

31. By arrangements made with the Government of Bombay it is hoped that all foreign or colonial goods intended for exhibition sent and addressed in accordance with these regulations, will be admitted into the country, and allowed to be transmitted to the exhibition building without being previously opened, and without payment of any duty.

32. Every article sent separately, and every package, must be legibly marked with the name of the foreign country or colony of which it is the produce or manufacture, and, as far as practicable, with the name of the exhibitor or exhibitors.

33. The following are the forms of addresses which should be adopted:—

*By Exhibitors in Europe.*

To the Commissioners for the Exhibition of Bombay of 1866,  
London.

From (state country and exhibitor's name).

*By Exhibitors in America.*

To the Commissioners for the Exhibition of Bombay of 1866,  
New York.

From (state country and exhibitor's name).

*By Exhibitors in Egypt, Persia, China, Japan, Australia, the Cape, or India.*

To the Promoters of the Exhibition of Bombay of 1866,  
Bombay.

From (state country and exhibitor's name).

34. To prevent loss, miscarriage, or mislaying, articles, or packing cases containing them, which occupy less bulk than two cubic feet, should not be sent separately, but packages under such size, containing, as far as possible, the same classes of articles, should be transmitted in combination.

35. It is not the intention of the promoters to take any steps in reference to the protection of inventions, or designs, by patent or registration.

*Decisions specially applicable to Section IV.—Modern Fine Arts.*

## Class 37. Architecture.

38. Paintings in oil and water colors, and drawings.
39. Sculpture, models, die-sinking, and intaglios.
40. Engravings and etchings.

36. The arrangement of the works of art within the space allotted to each foreign country will be entirely under the control of the accredited representatives of that country, subject only to the necessary general regulations.

37. Detailed customs regulations in regard to free exhibition packages will be issued hereafter.

By Order of the Promoters,

BHAU DAJI,  
GEORGE C. M. BIRDWOOD, M.D.,  
Honorary Secretaries.

Town Hall,  
Bombay, 10th January, 1865.
