A PROCLAMATION

For declaring Gold Coins made at the Branch Mint at Sydney, New South Wales, a Legal Tender within the United Kingdom of Great Britain and Ireland, and for imposing a Charge of Threepence per Ounce Troy of Standard Gold on the Coinage of Gold at the said Branch Mint, being a Charge sufficient to defray the Expenses of Coinage over and above the Expenses of Assay and Refining.

VICTORIA R.

WHEREAS by an Order in Council, bearing date the nineteenth day of August, One thousand eight hundred and fifty-three, We have thought fit to order that a branch of our royal mint should be established at or near Sydney, in New South Wales:

And whereas in the eighteenth year of our reign, by an Order in Council, dated the eighteenth day of October, One thousand eight hundred and fifty-four, we have thought fit to order that certain pieces of gold money should be coined at the said branch of our royal mint, to be called respectively Australian sovereigns and Australian half-sovereigns, and to be of the same respective weights, fineness, and values with the sovereigns and half-sovereigns now current within this our realm:

And whereas, pursuant to and in virtue of the powers given in our said Orders in Council, it is provided that a coinage of the said Australian sovereigns and half-sovereigns shall be made, and that every such Australian sovereign shall have for the obverse our effigy, with the inscription, "Victoria, D.G. Britannia Regina, F.D.," and the date of the year, and for the reverse the word "Australia" placed in the centre of the piece, encircled by a laurel wreath, and surmounted by the royal crown with the inscription "Sydney Mint, One Sovereign," and with a graining on the edge; and that every such Australian half-sovereign shall have the obverse in every respect similar to that of the sovereign, and for the reverse the same word, "Australia" in the centre, encircled and surmounted in like manner, but for the inscription the words "Sydney Mint, Half Sovereign," and a graining on the edge:

And whereas pieces of gold money have been and will be coined at our said branch of the royal mint in pursuance of orders issued and to be issued:

No. 57.—MAY 18, 1866.—1.

And whereas by an Act made and passed in the twenty-sixth and twenty-seventh years of our reign, intituled "An Act to enable Her Majesty to declare gold coins to be issued from Her Majesty's branch mint at Sydney, New South Wales, a legal tender for payments, and for other purposes relating thereto" it is provided that "it shall be lawful for Her Majesty, by proclamation issued with the advice of her Privy Council, to declare that, after a date specified in such proclamation, gold coins made at the said branch mint at Sydney aforesaid, of designs approved by Her Majesty, and being of the same weight and fineness as are required by law with respect to gold coins of the same denominations made at Her Majesty's mint in London, are to be a legal tender for payments within the United Kingdom of Great Britain and Ireland, and upon such proclamation being issued gold coins, made of such designs and being of such weight and fineness as aforesaid, shall be a legal tender for payments accordingly."

And whereas by the same Act it is further provided that "it shall be lawful for Her Majesty by proclamation issued with such advice as aforesaid, from time to time to impose on the coinage of gold at the said branch mint at Sydney a charge sufficient to defray the expenses of coinage over and above the expenses of assay and refining; and it shall be incumbent on the said deputy master to coin gold at the charge so imposed."

We therefore, by and with the advice of our Privy Council, have thought fit to issue this our Royal Proclamation, and we do ordain, declare, and command, that from and after the date of the publication of this our proclamation in the *London Gazette* coins made at the said branch mint, of designs approved by us, at Sydney aforesaid, and being of the same weight and fineness as are required by law with respect to gold coins of the same denominations made at our mint in London, shall be a legal tender for payments within the United Kingdom of Great Britain and Ireland.

And we do hereby, by and with the advice of our Privy Council, by this our Royal Proclamation, impose on the coinage of gold at the said branch mint at Sydney the charge of Threepence per ounce troy of gold of standard fineness, being a charge sufficient to defray the expenses of coinage over and above the expenses of assay and refining.

LITTLE RIVER AND DUCK PONDS FARMERS' COMMONS.

RULES AND REGULATIONS.

ALL persons entitled to depasture stock upon the above commons shall be permitted to do so, subject to the following regulations, and on payment of the undermentioned fees.

2. Each person shall be allowed to run one head of cattle for every acre he may have in cultivation up to twenty acres; and from twenty to sixty acres one head for every two acres; or an equivalent in horses, one horse to reckon as two head of cattle.

3. No person shall be allowed to run more than forty (40) head of cattle on the commons, nor more than twenty (20) horses; neither will bulls or entire horses be permitted to depasture thereon without the written consent of the managers.

4. The fees charged for depasturing stock shall be a uniform rate of five shillings per head per annum for horned cattle of all ages; and ten shillings per head per annum for horses of all ages, payable to the managers half-yearly in advance, viz. — on or after the first day of April and the first day of October in each year respectively.

5. The herdsman will take delivery of stock at the commons stockyard, on Tuesday of each week, between the hours of Nine in the morning and Four in the afternoon. A written description of each beast, with their brands, must be given at the same time, together with an order for their admission, signed by one of the managers. The owner will be required to assist in branding the cattle with the commons pitch brand, and in no case will the herdsman be liable for poundage fees for any stock that is not delivered into his charge as aforesaid.

6. After delivery has been taken by the herdsman, no person (except those specially mentioned hereafter) will be allowed to remove stock from the commons without first applying to the herdsman for information as to the portion of the commons the required cattle or horses may be running; and before removal, they must be driven to the commons stockyard for the purpose of having the same entered in the delivery book.

7. All stock must be fire-branded with their owner's brand, and no person or persons will be allowed to transfer his or their depasturing right, nor to place any stock upon the commons that is not their own *bona fide* property.

8. A general muster of all stock running upon the commons will be held half-yearly, of which due notice will be given, and all owners of cattle, or some authorised person must attend thereat for the purpose of assisting to collect and brand their cattle. A fine of five shillings will be inflicted for non-attendance, and all stock unclaimed after said muster may be impounded by the managers.

9. Any person interfering with or disturbing the common stock during the muster will render himself liable to a penalty of One pound for so doing.

10. In the event of stock being impounded after having been duly delivered into the herdsman's charge, in accordance with Rule 5, the herdsman will release the same at his own expense, provided said stock be not impounded by their owner or any person on his behalf.

11. Cattle or horses returning to their owners, after being given in charge to the herdsman, will be driven back to the commons three times by the herdsman; and should such cattle or horses be impounded after having been so driven back as aforesaid, the herdsman will not be liable for any impounding fees that may be due thereon, nor be supposed to release said stock from pound until the same be re-delivered into his charge by the owner.

12. Commoners to whom Rule 6 does not apply are those requiring their milking cattle, or working bullocks, or horses daily, and for such stock the herdsman will not be accountable in the event of their being impounded.

13. Owners of stock resident in the vicinity of the commons will not be allowed to drive their herds or flocks across the commons to water without first applying to the managers for permission to do so. The managers shall, if they see fit, grant the application, and then mark out a roadway, which the applicant shall be strictly required to keep.

14. The herdsman shall be required to compel persons in charge of travelling stock to keep the same within the limits prescribed by the 78th clause of *The Land Act 1862*, whilst passing over the commons; but residents of the district desirous of removing cattle or sheep from one portion of their land to another must keep the direct road leading thereto, and such stock will not be considered as travelling.

15. Special licenses may be issued to licensed limeburners residing within the prescribed limits, to depasture stock upon the said commons at the rate of Six shillings per head per annum for cattle, and Twelve shillings per head per annum for horses, the number to be determined by the managers. A monthly report to be made to the shire council of all special licenses issued.

16. A registration fee of Sixpence will be charged for all stock first entered upon the managers' books. A copy of the regulations for the management of the commons will be supplied to the person so registering.

17. The managers may decline to issue a depasturing license to any person applying for the same, unless the applicant make a declaration before a justice of the peace, in accordance with the last schedule to Act 24 Victoria No. 117.

18. The herdsman will be required to take every possible care of all stock delivered into his charge, but in no case will either the managers or herdsman be responsible for the safe keep of any cattle or horses depastured upon the commons.

19. No complaints against the herdsman will be entertained unless the same be set forth in writing and addressed to the managers.

20. The managers will inflict a fine of Sixpence per head on the herdsman for all cattle found depasturing on the commons without the commons pitch brand.

21. All intended improvements upon the commons shall be let by tender, including the situation of herdsman, and the same shall be publicly notified both by advertisement and placard throughout the district.

22. The managers will meet at the Shire Hall, Duck Ponds, on the Monday evening previous to the ordinary monthly meeting of the Corio Shire Council, for the transaction of general business pertaining to the commons.

The foregoing rules and regulations were made and passed at a meeting of the Corio Shire Council, held at the Shire Hall, Duck Ponds, on the twenty-first day of March, 1866.
