DISTRIBUTION OF NAVAL PRIZE-MONEY, ETC.

THE following Proclamation by Her Most Gracious Majesty the Queen, with reference to the Distribution of Naval Prize-Money, &c., was this day received by Sir William Foster Stawell, Knight, Judge and Commissary of the Vice-Admiralty Court of the Colony of Victoria, from the Lords Commissioners of the Admiralty, and is now published for general information.

Dated this seventeenth day of August, One thousand eight hundred and sixty-six.

JOHN A. PORTEE,

Registrar of the Vice-Admiralty Court of the Colony of Victoria.

BY THE QUEEN. A PROCLAMATION.

VICTORIA B.

WHEREAS by Our Order in Council of this day's date We were graciously pleased to annul, from and after the thirtieth day of *September* next, Our Royal Proclamation of the twenty-ninth day of *June* One thousand eight hundred and sixty-five, regulating, according to the scheme set forth therein or recognized thereby, the distribution of the net proceeds of prizes captured from the enemy, of captures and seizures under the several Acts of Parliament passed relating to the Revenues of Customs, and to Trade and Navigation, for the Abolition of the Slave Trade, for the Capture and Destruction of Pirates and Piratical Vessels, and of the rewards conferred for the same, as also of the awards for all salvage granted to the crews of Our ships and vessels of war, when not otherwise specially apportioned by the terms of the respective awards and allowances, and in consequence of certain alterations in the apportionment and classification of the shares being desirable, it is expedient that provision should be made for the future distribution of such net proceeds and salvage not otherwise specially apportioned, and all other monies whatsoever granted to be shared among the officers and crews of Our ships and vessels in the manner of prize-money :

We do, therefore, now make known to all Our loving subjects, and to all others whom it may concern, by this Our Proclamation, by and with the advice and consent of Our Privy Council, that Our royal will and pleasure is, and We do hereby direct, that ships or vessels being in sight of a prize, as also of the captor, under circumstances to cause intimidation to the prize and encouragement to the captor, shall be alone entitled to share as joint captors, and that the distribution of all such net proceeds of prizes, rewards, allowances, salvage awards, and of all bounties and grants whatsoever distributable to Our Royal Navy in the manner of prize-money, shall be made as follows, videlicet,—

That the flag officer or officers shall have one thirtieth part of the whole net proceeds arising from prizes captured from the enemy, and from all other captures and seizures, &c., as aforesaid, made by any of the ships or vessels under his or their command, and of the rewards conferred for the same, according to the following conditions and modifications, save and except as hereinafter provided and directed; that is to say;

When there is but one flag officer he shall have the entire one thirtieth part; when two flag officers shall be sharing together, the chief shall have two thirds, and the other flag officer shall have the remaining one third of the one thirtieth part; and when there shall be more than two flag officers, the chief shall have one half of the said one thirtieth part, and the remaining half shall be equally divided among the junior flag officers; commodores of the first class and captains of the fleet to share as flag officers: Provided always, that no flag officer, unless actually on board any of Our ships or vessels of war, and at the actual taking, sinking, burning, or otherwise destroying any ship or ships of war, privateer or privateers, belonging to the enemy, shall share in the distribution of any head money or bounty money granted as a reward for the taking, sinking, burning, or otherwise destroying any such ship or vessel of the enemy.

That no flag officer, unless actually present at the capture or destruction of any pirates or piratical ship, vessel, or boat, shall share in any distribution of the proceeds or bounty in respect of such pirates, or of the crews of such piratical ship, vessel, or boat.

That no flag officer shall share in any remuneration or reward conferred or awarded to the crew of any of Our ships or vessels as salvage, unless he shall have been actually on board the ship or vessel to which the award shall be made, or have personally aided and assisted in the transaction at the time the service was rendered.

That no flag officer commanding in any port in the United Kingdom shall share in the proceeds of any prize captured from the enemy, or in other captures, seizures, rewards, or any distributive proceeds as aforesaid, made by any ships or vessels which shall sail from or leave such port by order of the Lord High Admiral, or of Our commissioners for executing the office of Lord High Admiral.

That when ships or vessels under the command of several flag officers belonging to separate stations shall be joint captors, &c., each flag officer shall receive a proportion of the one-thirtieth part, according to the number of officers and men present under the command of each such flag officer; and when ships or vessels under orders from the Lord High Admiral, or from Our commissioners for executing the office of Lord High Admiral, are joint captors, &c., with other ships or vessels under a flag or flags, the like regulations as to the apportionment of the flag share to the flag officer or officers are to be observed.

With reference to flag officers it is to be noted,—

That when an inferior flag officer is sent to reinforce a superior officer on any station, the superior flag officer shall not share in any prize taken by the inferior flag officer before he has arrived within the limits of that station, unless the inferior officer shall have received some order directly from, and shall be acting in execution of some order issued by, such superior flag officer.

No chief flag officer quitting any station, except upon some definite urgent service, and with the intention of returning to the station as soon as such service is performed, shall share in any prize taken by Our ships or vessels left behind after he has passed the limits of the station, or after he has surrendered the command to another flag officer appointed by the Admiralty to command in chief upon such station.

An inferior flag officer quitting any station (except when detached by orders from his commander-in-chief upon a special service, accompanied with orders to return to such station as soon as the service has been performed,) shall have no share in prizes taken by the ships and vessels remaining on the station after he has passed the limits thereof.

In like manner flag officers remaining on such station shall not share in the prizes taken by such inferior officer, or by ships or vessels under his immediate command, after he has quitted the limits of the station, except he has been detached as aforesaid.

A commander-in-chief or other flag officer belonging to any station shall not share in any prize or prizes taken out of the limits of that station by any ship or vessel under the command of a flag officer of any other station, or under orders from Our commissioners of the Admiralty, unless such commander-in-chief or flag officer is expressly authorized by Our said commissioners to take the command of that station in which the prize or prizes is or are taken, and shall actually have taken upon him such command.

Every commodore having a captain under him shall be esteemed a flag officer with respect to the thirtieth part of prizes taken, whether he be commanding in chief or serving under command.

The first captain to the admiral and commander-in-chief of Our fleet, and also the first captain to any flag officer appointed to command a fleet of ten ships of the line or upwards, shall be deemed to be a flag officer for the purpose of sharing in prize, and shall be entitled to share therein as the junior flag officer of such fleet.

Any officer on board any of Our ships of war at the time of capturing any prize or prizes who shall have more commissions than one shall be entitled only to share in such prize or prizes according to the share allotted to him by the abovementioned distribution in respect to his superior commission or office.

And with reference to these regulations it is to be noted, that a captain, commander, or other commanding officer of a ship or vessel shall be deemed to be under the command of a flag when he shall actually have received some order from, or be acting in the execution of some order issued by, a flag officer, whether he be or be not within the limits of the station of such flag officer; and in the event of his being directed to join a flag officer on any station, he shall be deemed to be under the command of such flag officer from the time when he arrives within the limits of the station, which circumstance is always to be carefully noted in the log book; and it shall be considered that he continues under the flag officer of such station until he shall have received some order directly from, or be acting in the execution of some order issued by, some other flag officer, duly authorized, or by the Lord High Admiral, or Our commissioners for executing the office of Lord High Admiral.

And We hereby direct, that the captain, commander, lieutenant commanding, staff commander commanding, master commanding, or any other officer duly commanding any ship, sloop, or vessel of war, singly making a capture or seizure, or otherwise entitled to the distributive benefit arising from any proceeds, reward, grant, bounty, salvage, or other award as aforesaid, that is to say, the officer actually in command at the time shall have one tenth of the remainder, or if there is no flag, one tenth of the entire net proceeds, except that if the single capturing ship be a rated ship, having a commander under the captain the commander shall take a portion of the one tenth part as if he were commander of a sloop according to the proportion hereinafter set forth; and if more than one commanding officer of the same rank of command shall be entitled to a share as joint captors, &c., the one tenth shall be equally divided between them; but when captains, commanders, lieutenants commanding, staff commanders commanding, and masters commanding respectively Our ships and vessels of war, and commanders under captains in rated ships, shall share together in whatever variety of combination, the one tenth shall be so divided into parts for a graduated apportionment as to provide for each captain receiving six parts; each commander of a sloop or commander under the captain in a rated ship, three parts; and each lieutenant commanding, staff commander commanding, or master commanding, or other officer actually commanding a small vessel of war, two parts; which We hereby direct shall be the proportion in which they shall respectively share; commodores of the second class, and field officers of marines or of land forces serving as marines, doing duty as field officers, above the rank of major, to share as captains, and field officers of marines or of land forces serving as marines, and doing duty in the rank of major, to share as commanders of sloops. And We further direct, that after provision shall thus have been made for the flag share (if any), and for the portion of the commanding officer or officers and others as above specified, the remainder of the net proceeds shall be distributed in ten classes, so that each officer, man, and boy composing the rest of the complements of Our ships, sloops, and vessels of war, and actually on board at the time of any such capture, seizure, &c., as aforesaid, and every person present and assisting, shall receive shares, or a share, according to his class, as set forth in the following scale:—

And in the event of difficulty arising with respect to any of the regulations hereby ordered, or if any case should occur not herein provided for, or not sufficiently provided for, We are pleased hereby to authorize the Lord High Admiral, or Our commissioners for executing the office of Lord High Admiral for the time being, to issue such directions thereupon as may appear just and expedient; which directions shall have the same force and effect as if specially provided for in this Our Royal Proclamation: Provided always, and the distribution hereinbefore ordered shall take effect only with respect to the proceeds of captures, seizures, and services as aforesaid, which shall be made and performed on and after the first day of October One thousand eight hundred and sixty-six; and that the proceeds arising from all captures, seizures, and services as aforesaid, made or performed prior to that date, shall be distributed in accordance with any Proclamation or Proclamations now in force or in force at the time of such captures, seizures, or services respectively and applicable thereto, which We are pleased hereby to direct accordingly.

PASSPORTS FOR FOREIGN TRAVEL FOR
FOREIGNERS NATURALIZED IN VICTORIA.

THE Governor has directed the subjoined Despatch, together with its accompanying enclosures, to be published for general information.

By His Excellency's Command,

J. McCULLOCH,
Chief Secretary.

Chief Secretary's Office,
Melbourne, 16th August, 1866.

Downing street, 5th June, 1866.

SIR,—Her Majesty's Government have had under their consideration certain applications that foreigners naturalized in one or other of Her Majesty's colonies may be enabled, like foreigners naturalized in this country, to obtain British Passports for Foreign Travel, with their attendant advantages.

A circular which Lord Clarendon has addressed to Her Majesty's Ministers and Consular Officers abroad, and of which I enclose a copy, will show you the extent to which passports, granted under the authority to be conferred upon you by his despatch will be available for the holders in countries beyond Her Majesty's dominions.

I have now to authorize you to issue passports to persons naturalized as British subjects in the colony under your government. In exercising this authority care must be taken that every passport is signed by the Officer administering the Gov-

ernment, that it contains an express declaration that the person receiving it is naturalized as a British subject in the colony under your government, and that it states the period for which it is available, which must not exceed twelve months from the date of issue. A memorandum on a separate paper should be given with each passport, stating that it may be exchanged in London for a Foreign Office Passport on the recommendation of the Secretary of State for the Colonies, but that it will not be renewed by any of Her Majesty's missions or consulates abroad, but only at the Foreign Office in London, except under the special circumstances stated in the Foreign Office Circular, when it may be exchanged, once for all, at any of those missions or consulates for a passport strictly limited to such a length of time as will enable the bearer to reach England or any of Her Majesty's possessions abroad, and that the passport will not confer on the bearer any claim to British protection in the country of his birth.

I annex a form of passport which may be adopted, and of the memorandum which should be given with it.

I have, &c.,

(Signed) EDWARD CAIRDWELL.

The Officer administering the Government of Victoria,
&c. &c. &c.

FORM OF PASSPORT.

This passport is granted to A. B., naturalized as a British subject of _____, to enable him to travel in foreign

parts, and is available for the period of 18 months, from the day of (Signed) C.D., Governor [or otherwise as the case may be] of the colony of

MEMORANDUM.

The passport accompanying this memorandum may, on the recommendation of the Secretary of State for the Colonies, be exchanged in London for a Foreign Office passport, available for the unexpired portion of the period for which it was originally granted.

It can be renewed only at the Foreign Office in London, on the recommendation of the Secretary of State for the Colonies, but it may be exchanged, if run out, at any of Her Majesty's missions or consulates in foreign countries, for a passport strictly limited to such length of time as will enable the bearer to reach England or any of Her Majesty's possessions abroad. Such limited renewal may be effected once, and once only, by a British minister or consul in foreign parts. The passport confers on the bearer no claim to British protection in the country of his birth.

Circular.
No.

Foreign Office, May 21, 1866.

I have to acquaint you that I have arranged with the Secretary of State for the Colonial Department, that I should send instructions to Her Majesty's Ministers and Consuls abroad, directing them to extend to persons naturalized in British colonies, and holders of passports either from the Colonial Governors or from the Foreign Office, bearing on the face of them the place of naturalization and the period for which the passports are good, the same protection during that period as they are now in the habit of extending to persons holding passports in which they are described as "Naturalized British subjects."

I have to instruct you to act in conformity with this arrangement.

You will understand that passports granted to persons naturalized in the colonies, like passports granted to naturalized British subjects generally, cannot, as a general rule, be renewed by any of Her Majesty's ministers or consuls abroad; but in order to relieve any such persons from inconvenience in case they should have remained abroad beyond the time specified in their passports, you are authorized, in any such cases, to give such parties, in exchange for their original passports, passports strictly limited to the time required for a direct journey back to the United Kingdom, or to any of Her Majesty's possessions abroad, but no second passport of the same kind must be given, without the case being submitted to this office, to a person who shall appear to have prolonged his stay beyond that limit.

I am, with great truth,

Your most obedient
Humble Servant,

SOUTH AUSTRALIAN LIGHTS.

THE following Notice to Mariners, received from the Hydrographic Office, London, is published for general information.

J. G. FRANCIS,

Commissioner of Trade and Customs.

Department of Trade and Customs,
Melbourne, 21st August, 1866. 3057.

The substance of this notice, as soon as it is received on board, is to be inserted, in red ink, on the charts affected by it; and introduced into the margin, or otherwise in the pages, of the sailing directions to which it relates. See Instructions, Navigation and Pilotage, p. 172.

Notice to Mariners.

(No. 29.)

SOUTH AUSTRALIA—ST. VINCENT GULF.

SEMAPHORE JETTY LIGHT, PORT ADELAIDE.

THE Marine Board at Port Adelaide, South Australia, has given notice that the red light on the Semaphore Jetty, Port Adelaide, is now elevated 27 feet above high-water, and is visible, from seaward, when bearing from N. $\frac{1}{2}$ W. round by east to S.E. by S., at a distance of 6 miles.

The light is obscured eastward of the latter bearing, in order to keep vessels a mile westward of the sands, at the Outer Bar of Port Adelaide Creek; as it is in contemplation to remove the light-vessel, after the erection of a lighthouse on the south sand head of the outer bar, of which due notice will be given.

WONGA SHOAL.

The Wonga, a sandy shoal, extends in a north-westerly direction from the sand hills southward of the Semaphore. A bell-buoy painted red and shaped like a boat, with a staff and ball, has been placed in 17 feet at low-water, on its northern extremity, off the end of the jetty, and may be seen during day at a distance of 2 $\frac{1}{2}$ miles. From the buoy the water shoals gradually in a south-easterly direction to the shore.

The buoy should be left to the southward and eastward, but small vessels may cross the shoal southward of the buoy in 12 feet water, by bringing the Semaphore jetty light to bear E. by S. $\frac{1}{2}$ S., and anchor according to draught of water off the end of the jetty. Large vessels should avoid crossing the shoal southward of the buoy, by bringing the jetty light to bear S.E. by E. $\frac{1}{2}$ E., and not stand further in than to have the light-vessel bearing N. $\frac{1}{2}$ W.

The best anchorage for large vessels is anywhere northward of the bell-buoy, with the light-ship bearing from north to N.E. in 4 or 5 fathoms at low-water. Vessels waiting for orders will find it convenient to anchor tolerably close to the buoy; whilst those only waiting for tide to pass the bar, should anchor with the jetty light bearing S.E., and the light-vessel from N.N.E. to N.E. Small vessels may anchor inside the bell-buoy with the light-vessel bearing from the north to N. by W. $\frac{1}{2}$ W., and the jetty light from E. by S. to E.S.E.

It is high-water at full and change, at the Outer Bar of Port Adelaide, at 4h. 30m.; and the rise is about 8 feet. Tidal signals are shown from the Semaphore flagstaff on the hill, but as strangers are required to take a pilot, it is unnecessary to describe them here. The signal for a steam tug is the ensign at the fore. A signalman is stationed on the hill above the inner end of the jetty, to attend to vessels' signals.

PORT WILLUNGA.

A red buoy has been placed in 10 $\frac{1}{2}$ fathoms water, near the edge of reef stretching westward from Snapper Point, the southern horn of Willunga Bay; the buoy should be left to the southward.

(All bearings are magnetic. Variation 5° 30' east in 1866.)

GEO. HENRY RICHARDS,
Hydrographer.

The mortality of Melbourne and suburbs, together with the mean temperature in the shade, and the mean atmospheric pressure, during the month of July, for the last seven years, were as follow:—

Year	Number of Deaths.	Mean Temperature.	Mean Height of Barometer.
July 1860	319	47.3°	30.114 inches.
" 1861	268	46.6°	29.859 "

" 1864	216	48.0°	29.909 "
" 1865	270	46.4°	30.010 "
" 1866	268	47.5°	30.003 "
Mean of seven years	253	48.0°	29.944 "

The deaths in July were fewer by 73 than those in June. They were above the average for July, extending over seven years, but not more so than might be expected from the increase of population. The mean temperature was half a degree lower than the average.

Males contributed 54 per cent. and females 46 per cent. to the mortality of the month. Forty per cent. of the deaths were of children who had not attained their fifth year. This is a lower proportion of infant mortality than that which obtained in the same month of any of the six previous years. In July, 1865, and also in July, 1861, 44 per cent. of the deaths were of children under five; 45 per cent. in July, 1863; 46 per cent. in July, 1862; 50 per cent. in July, 1861; and 48 per cent. in July, 1860.

Most deaths occurred on the 24th. The number was only 14. On one day of the previous month as many as 24 deaths took place. The smallest mortality occurred on the 11th, for which day only 3 deaths were recorded.

Five persons over 75 years of age died during the month, viz., a male aged 76, and a male aged 77, of old age; a male aged 78, of cancer; a male aged 81, of apoplexy; a female aged 95, of erysipelas.

The occurrence of only seven violent deaths was reported during the month, which is a number much lower than the average. Of these, two were accidental, viz., those of an infant under a year old, and a child aged 2, of scalds, the latter by tea. One was homicidal, viz., that of a woman whose throat was cut by her husband. Four were suicidal, viz., those of a man aged 33, described as a swindler, who destroyed himself by taking prussic acid; of a boots aged 34, who cut his throat; of a merchant aged 35, who poisoned himself with strychnine; and of a female aged 35, who cut her throat.

Fifty-nine deaths, or 22 per cent. of the whole, occurred in Public Institutions, as follow: 33 in the Melbourne Hospital, 2 in the Lying-in Hospital, 7 in the Benevolent Asylum, 3 in the Immigrants' Home, 7 in the Yarra Bend Asylum, 6 in the Industrial Schools, and 1 in the Melbourne Gaol.

The following table shows the number of persons of all ages according to the last census, the number of deaths of persons under and over five years of age, the total at all ages, and the number of deaths to every 1000 of the population during the month of July, in the Statistical District of Melbourne and suburbs, and in each of the sub-districts of which it is composed:—
