Sample of sugar for Melbourne and Williamstown districts lies at the office of the Inspector of Stores for inspection.

Printed forms of tender and conditions of contract may be obtained from the Inspector of Stores, Melbourne; the Sheriff

at Geelong, Ararat, Ballarat, Beechworth, Castlemaine, Kilmore, Maryborough, Sandhurst, and Portland; from the officers in charge of the police at Belfast, Warrnambool, and Palmerston; and from the officer in charge of the Industrial School, Sunbury; by whom also information will be afforded to persons tendering.

The value of all packages, whether in bulk or otherwise, is to be included in the price demanded (except flour, meal, and potato bags, which will be returned when empty).

Security will be required, either in Government debentures, bank deposit-receipt, or cash deposit, as the tenderer may elect.

Tenders must be accompanied by bank notes, or a bank draft in favor of the Chairman of the Tender Board, for ten per cent. of the amount of security required, which will be returned within ten days to unsuccessful tenderers. Such deposit to be forfeited in the event of the successful tenderer failing to complete the security within the prescribed period.

The security must be completed within ten day of acceptance of the tender, failing which the contract may be again advertised, or another tender accepted.

Tenderers failing to take up their accepted tenders will be disqualified from tendering for Government supplies for a period of twelve months.

The Government will not necessarily accept the lowest or any tender.

All tenders must be enclosed in a separate envelope, marked "Tenders for _____" (as the case may be), and be deposited in the Tender-box at the Government Stores, King street; or (if sent by post) must be addressed to the Chairman of the Tender Board, Stores and Transport Office, Melbourne.

CONDITIONS...

1. All the articles are to be of the best quality of the several kinds, in the best condition, and to be delivered in sound packages.

2. Bread. A sample of the best ordinarily retailed to the public will be considered as a test loaf for first quality. Second quality to be made of flour known in the trade as "best seconds," and the third quality (that issued for prisoners of the Crown) to be made of flour, the produce of prime wheat, from which twelve per cent. has been extracted in bran and waste.

3. Fresh meat is to be supplied in such proportions as may be required, and when the quantity admits, to be delivered in fore and hind quarters alternately. When shins of beef form a portion of the supply, a fair proportion of the bone, not less than five inches, must have been cut off.

4. The supplies coming under the head of Rations and Medical Comforts are to be delivered direct to the establishment entitled thereto on the written order of the officer in charge. All other supplies will be ordered by the head of department, either for delivery at the Stores and Transport Office, or at the office of the department concerned, as may be stated in the order.

5. The order issued by the head of department must accompany the goods, and the account is to be rendered simultaneously with delivery of the supplies. In other cases the account is to be rendered monthly. The rates quoted in the orders cannot be exceeded.

6. Should the contractor fail to supply any articles at the time mentioned in the order they will be otherwise procured, and the expense over and above the contract price will be deducted from his account.

7. In the event of a difference of opinion between the contractor and the officer receiving the supplies as to the quality, the same to be decided, in cases where the article is not of a perishable nature, by a Board of Survey composed of persons named by the head of the department, and the decision of the board is to be considered final.

8. If the board shall decide that the article is not of proper quality, it must be immediately replaced by the contractor; failing which, it will be procured by the person requiring it, and the expense charged as in clause 6.

9. In cases where the article is of a perishable nature, or when from some other cause injury would be sustained either by the person to whom the rations are due, or to the contractor in waiting for a Board of Survey, the head of the department, or officer in charge of the station, will have power to reject such article or articles as are obviously of inferior quality, it being understood that he will be responsible to the Government for so doing, and that the contractor must take back the rejected article and supply good in its stead; failing which it will be obtained by the officer requiring it, and the expense charged as in clause 6.

10. A repetition of irregularity in the quantity or quality of the supplies, or delay in delivering or replacing them when required, will subject the contractor, upon report of the Tender Board, to such mulet, not exceeding £50, as the Government may direct. It will also be in the power of the Government to terminate the contract forthwith.

11. Contractors are not at liberty to transfer their contracts under cover of power-of-attorney, coupled with an interest or otherwise, and no such transfer will be recognized by the Government.

12. It will be competent for the Inspector of Stores, on behalf of the Government, or the contractor, on his own behalf, to terminate the contract, by giving, in writing, a notice of three full calendar months, it being understood that such notice can be given only from the first day of the month. It will also be competent for the Inspector of Stores to terminate the contract, without notice, on infringement of condition No. 11, or should there be reason to know that the contractor takes advantage of his contract to communicate improperly with a prisoner.

13. In the event of any alteration in the Tariff affecting any of the items included in these contracts, the Government or the contractor, as may be the case, will make a proportionate allowance, by way of deduction from or increase of the price of the item so affected.

14. The contracts entered into under this notice are not to be considered as being infringed or vitiated by the importation of stores for the Government service, or by any contracts made by the Imperial Commissariat, or on account of other Governments; or by the consumption of the produce or surplus stock of any Government establishment.

The above substitutions are to be made whenever it may be considered advisable by the officer authorized to draw the rations, but not otherwise.

The supplies are to be immediately placed on board by the contractor by day or night, if so required, on the written order of the officer in command, failing which they will be otherwise procured, and the expense over and above the contract price will be deducted from the contractor's account.

The contractor will be bound to put on board rations either for one day or one month, or more or less, as may be required.

The contractor will be required to prepare his own account monthly in the prescribed form, and to present the same in a complete state to the officer in command, for payment at the Treasury, Melbourne.

In the event of a difference of opinion between the contractor and the officer receiving the supplies, as to quality, the matter is to be decided by a board of survey composed of persons named by the officer in command, and the decision of the board is to be final; but if, from the perishable nature of the goods, this course cannot be adopted, the officer in command will have power to reject such article or articles, it being understood that he will be responsible to the Government for so doing.

Contractors are not at liberty to transfer their contracts under cover of power-of-attorney, coupled with an interest or otherwise, and no such transfer will be recognized by the Government.

In the event of any alteration in the Tariff affecting any of the items included in these contracts, the Government, or the contractor, as may be the case, will make a proportionate allowance by way of deduction from, or increase of, the price of the item so affected.

It will be competent for the Inspector of Stores on behalf of the Government, or the contractor on his own behalf, to terminate the contract by giving a notice in writing of one calendar month to the opposite party; it being understood that such notice can be given only from the first day of a month, and within the period for which the contract is made.

Tenders will be accepted or rejected separately. The contracts for fuel, Melbourne, must comprise the suburbs mentioned. Tenderers are to specify the kind of coal tendered for delivery by them, also the kind or kinds of wood, and the proportions of each kind.

The wood is to be split out of large forest timber of either red or white gum, box, or she-oak, perfectly sound, and cut into billets not exceeding nor less than two feet in length.

Printed forms of Tender may be obtained from the Inspector of Stores, Melbourne, and the Police Magistrate at Geelong, by whom also any information or explanation will be afforded to persons tendering.

Security will be required in cash, Government debentures, or bank deposit-receipt.

Tenderers must state the security proposed, whether in debentures, bank deposit-receipt, or cash deposit.

Tenders must be accompanied by a bank draft in favor of the Chairman of the Tender Board, or by bank notes for ten per cent. of the amount of security required, which will be returned within ten days to unsuccessful tenderers. Such deposit to be forfeited in the event of the successful tenderer failing to complete the security within the prescribed period.

The security must be completed within ten days of acceptance of the tender, failing which, the contract may be again advertised, or another tender accepted.

Tenderers failing to take up their accepted tenders will be disqualified from tendering for Government supplies for a period of Twelve months.

The Government will not necessarily accept the lowest or any tender.

All tenders must be enclosed in a separate envelope, marked "Tender for —" (as the case may be), and be deposited in the Tender-box at the Stores and Transport Office, King street; or if sent by post, they must be addressed to the Chairman of the Tender Board, Stores and Transport Office, Melbourne.

CONDITIONS.

1. The house coal is to be the best of its kind, free from shale, small coal, dust or other impurities. The smiths' coal must be free from dust, ashes, shale, or other impurities. The water is to be fresh and pure. The firewood to consist of either box, she-oak, red or white gum, and must be dry, perfectly sound, and of good burning quality.

2. The orders will be issued by the departments requiring the supplies: and should an order be not complied with within forty-eight hours, it will be competent for the department concerned to purchase at the contractor's risk, and to deduct from the contractor's account the extra expense (if any) over and above the contract price. Supplies are to be delivered in quantities from one to twenty tons at a time on board steam dredges wherever the same may be employed, and on board steam tugs at any wharf or hulk selected by the contractor in Hobson's Bay, the Yarra River, or Geelong, as the case may be.

3. The contractor for coal will be bound to furnish scales and weights, and to weigh the coal on delivery. The contractor for firewood will be bound to supply the wood in billets cut into two feet lengths, and to place the same in separate stacks of two feet in width and five feet high for measurement; on such ground as may be pointed out, a space being left between each stack.

4. As soon as the order for the coal or wood shall have been completed, the contractor will be required to furnish his account in the prescribed form, with the order attached thereto, to the department supplied. For water the account is to be rendered monthly for the quantity supplied during the previous month. Accounts will be payable at the Treasury, Melbourne or Geelong, as the contractor may require.

5. In the event of a difference of opinion between the contractor and the officer receiving the supply, as to the quality, the same is to be decided by a Board of Survey, composed of persons named by the head of the department, and the decision of the board is to be considered as final.

6. If the board shall decide that the article is not of proper quality, it must be immediately replaced by the contractor, failing which it will be procured elsewhere, and the extra expense, if any, will be deducted from the contractor's account.

7. If from any cause injury would accrue to the public service by waiting for a Board of Survey, the head of department, or officer in charge of station, will have the power to reject such articles as are obviously of inferior quality, it being understood that he will be responsible to the Government for so doing; and the contractor must take back the rejected article, and supply good in its stead, failing which it will be procured elsewhere, and the extra expense, if any, will be charged as in condition 6.

8. A repetition of irregularity in the quantity or quality of the supplies, or of delay in delivering or replacing them when required, will subject the contractor to such mulct, not exceeding £50, as the Government may direct. It will also be in the power of the Government, upon such repetition, to terminate the contract forthwith.

9. Contractors are not at liberty to transfer their contracts under cover of power-of-attorney, coupled with an interest or otherwise, and no such transfer will be recognized by the Government.

10. In the event of any alteration in the Tariff affecting any of the items included in these Contracts, the Government, or the Contractor, as the case may be, will make a proportionate allowance by way of deduction from, or increase of, the price of the item so affected.

11. It will be competent for the Inspector of Stores on behalf of the Government, or the contractor on his own behalf, to terminate the contract by giving, in writing, a notice of three full calendar months; it being understood that such notice can be given only from the first day of a month, and within the period for which the contract is made.

TENDERS are hereby invited and will be received until Noon of Wednesday, the 30th October, 1867, for the Conveyance of Post Office Mails, as undermentioned, for one year from the 1st January, 1868, to 31st December, 1868.

Tenders are required to be written on a form, printed copies of which may be had gratuitously on application at any post office in the colony, and may be forwarded (if by post, pre-paid) addressed to the Deputy Postmaster-General, with the words "Tender for the Conveyance of Mails" endorsed on the cover, or placed in the Tender-box at the General Post Office.

Tenderers are requested to describe by their numbers, as below, the mail services for which they tender, and every tender will be taken to include the entire service as called for.

Every tender must bear the *bona fide* signatures and addresses of the tenderer, and of two responsible persons willing to become bound for the fulfilment of the same in such sum as the Government may direct, not exceeding the gross amount of the contract.

Every tender must be accompanied by a bank deposit-receipt for a sum equal to twenty per cent. of the amount for which the tenderer is willing to undertake the service; the money to be lodged to the credit of the Deputy Postmaster-General, and to be absolutely forfeited to the Government in case the person whose tender may be accepted shall fail to complete, within ten days of the date of notice being given of the acceptance of his tender, the usual bond and contract to the satisfaction of the Government. The notice of acceptance, if delivered at the address named in the tender, shall be deemed sufficient.

The money deposited by unsuccessful tenderers will be returned to them on application, and on their signing receipts for the respective amounts, but not otherwise.

Persons tendering are requested to state the description of the vehicle they intend to use, and the number of horses, by which it is to be drawn.

A separate tender must be sent in for each service, but notwithstanding this condition, any offer will be entertained for the performance of any number of services for a lump sum. The number of the service or services tendered for must be plainly endorsed on the outside of the cover.

The tender of any person failing to comply with the foregoing conditions will not be entertained.

The general conditions referred to in the printed form of tender, and upon which the tender is to be made, can be inspected by persons proposing to tender, either at the General Post Office or at any post office in the colony.

The attention of tenderers is drawn to the condition which requires that in cases where vehicles are used Members of Parliament shall be conveyed free of charge between the districts they represent and Melbourne.
