MINING DISTRICT OF BEECHWORTH.

BYE-LAWS.—[7th May, 1867.]

At a meeting of the Mining Board of the Mining District of Beechworth, begun and holden at Beechworth, in said district, on the 7th May, in the year of Our Lord one thousand eight hundred and sixty-seven, it is ordained by said Board as follows, that is to say:—

BYE-LAW No. 58.—DAMS.

Any person intending to construct a dam for the purpose of changing the course of any creek or river may do so, provided he shall have first marked off a site for such dam, not exceeding 20 yards in width, and shall have registered the same with the registrar within 48 hours of the time of occupation.

BYE-LAW No. 59.—SHARES IN INCORPORATED MINING COMPANIES.

Holders of shares in incorporated mining companies shall be exempt from the necessity of registering their shares or interests, or transfers of such, with the registrar, provided the claim and other mining tenements of such companies have been duly registered in accordance with the provisions of these bye-laws.

BYE-LAW No. 60.—DRAINAGE.

1. The owner of any machine, drain, or other appliance which drains water from any claims, gold mining or mineral leases, shall be entitled to hold, subject to the provisions of this bye-law, a drainage area, not exceeding one thousand yards square, for the purpose hereinafter provided.

2. When the owner of any efficient drainage appliance, erected or constructed before or after the passing of this bye-law, is desirous of holding any such drainage area, he shall define such area by erecting posts painted white, not less than three inches in diameter, extending not less than three feet above the ground, such posts to be not more than 200 yards apart on the boundary-line; and shall register the same with the registrar within 48 hours of the time of occupation, and shall employ the mining surveyor to survey such area, who shall show by a plan thereof all claims or leases, with their respective numbers and names, included within such area; together with the position and character of the drainage appliance and datum water-level; such survey to be connected with some fixed survey or permanent landmark.

3. When the holder of any drainage area, by efficient drainage appliances, drains such area, he shall be entitled to drainage rates, as hereinafter provided, from every claimholder or leaseholder occupying within such area.

4. The principle on which drainage rates shall be charged to each claimholder or leaseholder within such area shall be by

equitably proportioning (according to the areas held by each of the said claimholders or leaseholders whose workings are on or below the datum water-level) the ascertained monthly expenditure incurred in working and maintaining such drainage appliance, together with interest not exceeding 25 per centum per annum on the amount of capital expended on the purchase, erection, or construction of any such drainage appliance.

5. The datum water-level shall be the level at which the water is or has been reached during the sinking of any shaft within the drainage area, such level to be ascertained and fixed by the mining surveyor.

6. The holder of a drainage area shall keep his drainage appliance continuously at work, if necessary, and shall at all times maintain such in an efficient state, so as to prevent the water from rising in the works of the claims or leases within said area; but no holder of such drainage area shall be held liable for any damage caused to any claim or lease through the sudden stoppage of his drainage appliance, if it can be proved that such stoppage was necessary or caused by an accident to such appliance, and that the necessary repairs were made and drainage resumed with the utmost despatch by the said holder.

7. The holder of any such drainage area refusing or neglecting to comply with any of the conditions herein stated shall be deemed to have committed a breach of this bye-law, and shall be liable to a penalty not exceeding £10, nor less than £5; and if within 14 days after the imposition of the said penalty he shall not have resumed efficient drainage of such area, he shall be deemed to have forfeited all right and title to such drainage area and rates from the claimholders or leaseholders occupying within such drainage area.

8. All rates imposed under this bye-law shall become due once a month, and shall be payable to the clerk of the Beechworth mining board, at his office, Beechworth, and shall (after deducting cost of collection) be paid to the holder of such drainage area, as provided for in 76th section *Mining Statute* 1865.

9. The owner of any claim or lease within any drainage area who is necessitated in order to effect the efficient drainage of his claim or lease to erect or construct and maintain a separate drainage appliance to drain such claim or lease, shall be held to be exempt from the payment of any drainage rates on account of such claim or lease.

10. The holder of any drainage area shall notify his occupation of the same to the clerk of the Beechworth mining board, accompanied by a copy of the plan of survey and a voucher of the monthly expenditure incurred in maintaining such drainage appliance, together with a statement of the locality, the extent of area held, the number of claims or leases contained therein, the area of such claims or leases, the names and addresses of the registered owners from whom he claims drainage rates under this bye-law; and the said clerk shall thereupon serve or cause to be served upon the respective owners thereof a notice setting forth the amount of drainage rate awarded on the principle hereinbefore named, to be paid by them; and the rate so notified shall be the rate levied and claimed on account of the drainage of any such claim or lease, unless the same be varied or set aside on appeal, as provided for in sec. 75 of *The Mining Statute* 1865.

11. Any holder of a drainage area who desires to relinquish such may do so, provided he obtain the written consent of the manager of each claim or lease within the said area, otherwise he shall give notice of his desire to the manager of each claim or lease within said area at least two months before stopping his drainage appliance; and any holder of a drainage area neglecting to give such notice may be proceeded against for all damage or injury that such claimholders or leaseholders may have sustained in consequence of such stoppage.

12. In the event of any of the owners of claims or leases situate within any drainage area transferring their interest to any other persons, notice of such transfer, with the name of the transferee, shall be given to the clerk of the mining board, Beechworth.
