GEOFFREY EAGAR.

NOTICE TO MARINERS.

South Passage.—Moreton Bay.

The leading beacons at the entrance to the South Passage, which were blown away during the recent gales, having been again erected, the channel can be used as formerly, due attention being paid to the following temporary changes in the buoys and beacons, viz. :—

The small red beacon on the west side of, and midway through, Mount Cotton Reach, is wanting.

A black buoy is substituted for the small black beacon which stood on the elbow of a bank to the westward of the Mount Cotton leading beacon.

The westernmost black beacon is replaced by a temporary small beacon.

The beacon on the south edge of the reef off Mud Island is replaced by a red buoy.

As soon as circumstances will admit, beacons will be erected as formerly.

G. P. HEATH, Lieut. R.N.,
Portmaster.

RULES FOR MINING SURVEYORS IN THE ARARAT,
 BEECHWORTH, CASTLEMAINE, GIPPSLAND,
 MARYBOROUGH, AND SANDHURST MINING
 DISTRICTS.

THE Governor, with the advice of the Executive Council, by Order made on the 3rd day of June, 1867, in exercise of the power conferred in the 47th section of *The Mining Statute 1865*, has made the following Rules for Regulating the Duties of Mining Surveyors in the matter of the Survey of Mining Tenements in the Mining Districts of Castlemaine, Maryborough, Sandhurst, Ararat, Beechworth, and Gippsland, under the Bye-laws of the Mining Board, and for prescribing the Fees to be charged by the Mining Surveyors for the Survey of such Tenements:—

1. Every mining surveyor shall be required to keep an office within the division to which he shall have been appointed, and shall keep such office open for the transaction of business not less than two (2) hours during each day (Sundays and public holidays excepted), and the hours during which such office will be so kept open shall be notified by a notice legibly painted outside and in front of such office.

2. Upon receipt by a mining surveyor of a formal application for the survey of a mining tenement, if the same be situated in the division for which he is appointed, the mining surveyor shall enter in a proper book, in the form of the schedule hereto numbered one (1), to be by him kept for that purpose, the particulars of such application, and each such entry shall be numbered in the order and dated of the day and hour on which the formal application was received by him.

3. At the time of the receipt of the formal application for survey the mining surveyor shall appoint a time with the applicant or applicants for making survey of the tenement referred to in such application.

4. Every survey of a mining tenement shall be connected with some fixed point in the survey of some other mining tenement or in some Government survey.

5. Within fourteen (14) days from the date of the formal application for the survey of any mining tenement, the mining surveyor shall make a survey of the tenement, and shall furnish to the applicant or applicants or his or their agent a plan and a tracing of the tenement so surveyed, together with a report containing a full and accurate description of all the boundary, connecting, and other surveyed lines, and stating clearly the nature and locality of such tenement; and in the case of any water-right, the lengths and course of any race or channel referred to in such application, the source or sources from which the water is to be diverted or obtained, and the point to which it is to be conducted; the position, locality, and extent of the site of any dam or reservoir in which water is to be stored, the quantity (in sluice-heads) to be taken, and the order to the priority of such water-right in respect to any other water-right from the same source; and the surveyor shall further state whether any such tenement will or will not in his opinion interfere with any other tenement or with the rights of the holders of any other tenement, and shall state the date of the survey and by whom made.

6. Upon every plan of a mining tenement shall be clearly delineated all the boundary, connecting, and other lines that may have been surveyed, and the length and bearing of each such line distinctly marked thereon.

7. Each plan of a mining tenement other than a water-right shall be drawn to the following:—

If containing 2 acres and under ... 2 chains to an inch.

From 5 up to 20 acres ... 8 chains to an inch.

From 20 acres upwards ... 20 chains to an inch.

Each plan of a water-right shall be drawn to a scale of eight chains to an inch if delineating a race or channel not more than one mile in length, and to a scale of sixteen chains to an inch if beyond that length.

8. The mining surveyor shall keep locality plans of his division in his office, upon which shall be delineated in neutral tint the boundaries and dimensions of all mining tenements surveyed by him, such plans to be drawn to a scale of eight chains to an inch, and the tenements shall be plotted thereon within one month from the date of survey.

9. In the event of any mining tenement being forfeited by the holders thereof, the mining surveyor shall, on discovering the same, make a record of such forfeiture in the remark column of his register-book, and neatly deface the boundary-lines of the tenement thus

10. The mining surveyor shall be entitled to demand, and receive as payment for the survey of mining tenements, fees in accordance with the scale in the schedule annexed; but no surveyor shall, under any circumstances, be entitled or permitted to demand or receive in payment for the survey of any mining tenement any fees other than, or in excess of, those prescribed in such scale.

Tenders to be endorsed with the subject tendered for, as "Tender for —."

J. F. SULLIVAN,
Commissioner of Railways and Roads.

OCCUPATION OF LANDS FOR PASTORAL PURPOSES.

TENDERS will be received (under the 39th section of *The Amending Land Act 1865*) by the Board of Land and Works up to Noon of Tuesday, the 18th day of June instant, for the occupation (for pastoral purposes only) of the portions of land hereunder described, subject to the following terms, conditions, limitations and provisions contained in *The Land Act 1862* and *The Amending Land Act 1865*, relating to the ordinary pastoral occupation of Crown lands, and to the provisions of the 78th section of the first-named Act defining the privileges of travellers.

1. The period of occupation will be one year from the date of the acceptance of the tender.
2. The minimum fee in each case will be £5, in accordance with the Regulations of the 16th May, 1865.
3. The license fee must be paid every year in advance; the first fee must accompany the tender or be paid by the successful tenderer or his agent immediately on the declaration of the tenders, otherwise the offer of the next highest tenderer who may be prepared to comply with this condition will be accepted.
4. The licenses will be subject to the granting of licenses under the 42nd section of *The Amending Land Act 1865*, without any reduction of the license fee or allowance for compensation during the current year of occupancy.
5. If the land be not required for sale or for other appropriation, the license will be renewable at the option of the said Board, on the same terms and conditions, provided application be made by licensee two months prior to the expiry of the current license, and payment of license fee for the ensuing year be made on approval of the Board being signified.
6. If any error whatsoever be made to appear in the description or area of the portions of land to be licensed hereunder, the same shall be rectified, and a compensation, or equivalent in satisfaction thereof, shall be determined by the Board of Land and Works, and accepted by the licensee in full of claim for loss or damage sustained thereby, or in the event of the licensee being dissatisfied with the amount so determined, the Board may cancel such license and return to the licensee the proportionate part of the license fee for the unexpired term of such license.
7. Any improvements made upon the land will be so made at the risk of the licensee, as no compensation will be made for such improvements, neither will any time after the expiration of this license be allowed to remove any improvement so made.

Plans and information may be obtained in this office.

J. M. GRANT,
President of the Board of Land and Works.

Schedules of the articles required, and printed forms of tender, may be obtained from the Inspector of Stores, by whom also any information or explanation will be afforded to persons tendering.

Separate tenders will be received for each schedule, but tenders must include the whole of the articles mentioned in such schedule, and one price only must be stated for each article. The value of all necessary packages, whether bulk be broken or not, must be included in the prices demanded, and the net weight or quantity only will be paid for.

Tenders must state the security proposed, whether in debentures, bank deposit-receipt, cash deposit, or sureties; if the latter, the certificate on the printed form of tender must be signed by two responsible persons willing to become bound in the sum specified for the due fulfilment of the contract, and the names of the tenderers and their proposed sureties, together with their respective addresses, must be stated at full length upon such certificate.

Tenders must be accompanied by bank notes, or a bank draft in favor of the Chairman of the Tender Board, for ten per cent. of the amount of security required, which will be returned within ten days to unsuccessful tenderers. Such deposit to be forfeited in the event of the successful tenderer failing to complete the security within the prescribed period.

The Government may elect to require a cash deposit; but any approved security must be completed within ten days of acceptance of the tender, failing which the contract may be again advertised, or another tender accepted.

Tenderers failing to take up their accepted tenders will be disqualified from tendering for Government supplies for a period of twelve months.

The Government will not necessarily accept the lowest or any tender.

All tenders must be enclosed in a separate envelope, marked "Tenders for —" (as the case may be), and be deposited in the Tender-box at the Government Stores, King street; or (if sent by post) must be addressed to the Chairman of the Tender Board, Stores and Transport Office, Melbourne.

CONDITIONS.

1. The supplies are to be according to sample, and of the particular manufacture indicated in the schedule of tenders. In the case of different makers' goods, the contractor will be required to supply the kind ordered. In other cases the supplies are to be the best quality of their several kinds or manufacture.

2. All orders for supplies will emanate from the departments requiring the goods, and be transmitted through the Inspector of Stores, except in the case of supplies for the local Military Store Department, the Harbor Department, the Naval Training Ship, and for works and buildings. From these departments the order will be sent direct to the contractor. All orders must

accompany the goods on delivery, otherwise the goods will not be received. Delivery as a rule is to be of the full quantity ordered.

3. Supplies for ports and harbors are to be delivered at the Marine Yard, Williamstown; or at the Transport Office, Melbourne, as may be stated in the orders. All other supplies are to be delivered at the department requiring the goods; or at the Transport Office, Melbourne, as may be directed in the order; and for the purposes of these contracts all Government establishments within a radius of three miles from the General Post Office will be deemed to be within Melbourne.

4. Arrangements as to time of delivery and inspection of goods will be made by the following officers:—

For materials for Works and Buildings	} The Inspector-General of Public Works.
For supplies for Ports and Harbors	
For supplies for the local Military Store	} The Superintendent.
Ditto Naval Training Ship	
For all other supplies	... The Lieut. commanding. The Inspector of Stores.

5. Orders must receive prompt execution; and in the event of the goods not being delivered within forty-eight hours after the contractor shall have received the order, or within such other time as the order may specify for delivery, it will be competent for the officers named in condition 4, or the head of department to whom the goods are to be supplied, on giving the contractor twenty-four hours' notice, to purchase the supplies at the contractor's risk, and the extra expense incurred over and above the contract price (if any) will be deducted from the contractor's account.

6. The contractor will be required to furnish his account in the prescribed form simultaneously with delivery of the full quantities of goods ordered, the account being rendered with the order to which it relates.

7. The acceptance of the supplies shall be subject to the approval of the officers named in condition 4. The contractor may, however, claim a survey on any goods objected to; but in that case he must, within twenty-four hours after objection is made, give notice thereof in writing to the officer rejecting the goods.

8. Delivery will not be deemed to have been made until the goods have been approved of. All articles rejected must be immediately replaced by the contractor, otherwise purchases will be effected at contractor's risk, and the extra expense deducted as in condition 5.

9. The members of boards of survey will be appointed by the Government, and the decision of the board is to be considered as final. If the board shall decide that the article is not of proper quality, it must be immediately replaced by the contractor, failing which it will be procured elsewhere, and the extra expense (if any) will be charged as in condition 5.

10. A repetition of irregularity in the quantity or quality of the supplies, or of delay in delivering or replacing them when required, will subject the contractor, upon report from the Tender Board, to such mulct, not exceeding Fifty pounds, as the Government may direct. It will also be in the power of the Government, upon such repetition, to terminate the contract forthwith.

11. Contractors are not at liberty to transfer their contracts under cover of power-of-attorney, coupled with an interest or otherwise, and no such transfer will be recognised by the Government.

12. It will be competent, either for the contractor on his own behalf, or for the Inspector of Stores on behalf of the Government, to terminate the contract by giving a notice in writing of three full calendar months to the opposite party; it being understood that such notice can be given only from the first day of a month, and within the period for which the contract is made.

13. In the event of any alteration in the Tariff affecting any of the items included in these Contracts, the Government, or the Contractor, as may be the case, will make a proportionate allowance by way of deduction from, or increase of, the price of the item so affected.

14. The contracts entered into under this notice are not to be considered as being infringed or vitiated by the importation of stores for the Government service, or by any contracts made by the Imperial Commissariat, or on account of other Governments; or by any article being made at or for the use of any Government establishment.

Treasury,
Melbourne, 4th June, 1867.

GEO. VERDON.

MEDICINES, CHEMICALS, ETC.

TENDERS will be received until Noon on Wednesday, the 26th June, from persons willing to furnish Medicines, &c., in such quantities as may be required for the service of the Government (except for Railways and Aborigines) during twelve calendar months, commencing on the 1st January, 1868.

Schedules of articles required, and printed forms of tender, may be obtained from the Chief Medical Officer, or the Inspector of Stores, by whom also any information or explanation will be afforded to persons tendering.

Security will be required in the sum of £100; and the tenders must include the whole of the articles mentioned in the schedule, one price being stated for each article.

Oils, tinctures, decoctions, infusions, and liquid preparations generally must be delivered in oval glass bottles. Fuming and other acids, spirits of ammonia, and deliquescent salts, in bottles

having ground glass stoppers. In no case will hollands gin bottles be accepted.

The value of all packages, whether bulk be broken or not, must be included in the prices demanded; the weights and measures mentioned in the schedule are to be those of the new "British Pharmacopœia."

Tenders must be accompanied by bank notes or a bank draft in favor of the Chairman, Tender Board, for ten per cent. of the amount of security required, which will be returned within ten days to unsuccessful tenderers.

Tenderers must state the security proposed, whether in debentures, bank deposit-receipt, cash deposit, or sureties; if the latter, the tender must be accompanied by a certificate from two responsible persons willing to become bound in the sum specified for due fulfillment of the contract; and such security must be completed within ten days of acceptance of the tender, failing which the deposit will be forfeited, and the contract may be again advertised or another tender accepted.

The Government may elect to require a money surety. The names of the tenderers and their proposed sureties, together with their addresses, must be stated at full length.

Tenderers failing to take up their accepted tenders, will be disqualified from tendering for Government supplies for a period of twelve months.

All tenders must be endorsed, "Tender for Medicines, &c.," and deposited in the Tender-box at the Government Stores, King street; or, if sent by post, must be addressed to the Chairman of the Tender Board, Stores and Transport Office, Melbourne.

The Government will not necessarily accept the lowest or any tender.

CONDITIONS.

1. All articles must be of the best quality of their several kinds, and all preparations or compounds are to be those of the new "British Pharmacopœia," unless otherwise specially ordered.

2. All orders for supplies under this contract will emanate from the Chief Medical Officer, or from the departments requiring the supplies, and the articles must be delivered at such place in Melbourne as may be stated in the order; and for the purposes of this contract, all Government offices within a radius of three miles from the General Post Office will be deemed to be within Melbourne.

3. All supplies, when delivered, must be accompanied by the order, which, when receipted, is to be rendered with the contractor's account. No supplies can be received unless accompanied by the order, and net weight or quantity only will be paid for.

4. The contractor shall, at the time of delivering the supplies, furnish his account in the prescribed form, and present it in a complete state to the Chief Medical Officer, or to the officer taking delivery of the supplies, for payment at the Treasury.

5. In the event of a difference of opinion between the contractor and the officer receiving the supply, as to the quality, the same is to be decided by a board of survey, composed of persons named by the Government, and the decision of the board is to be considered final.

6. If the board shall decide that the article is not of proper quality, it must be immediately replaced by the contractor, failing which it will be procured elsewhere, and the extra expense (if any) will be deducted from the contractor's account.

7. If from any cause injury would accrue to the public service by waiting for a board of survey, the Chief Medical Officer, the Inspector of Stores, or the head of the department ordering the supplies (as the case may be), will have the power to reject such article or articles as are obviously of inferior quality; it being understood that they will be responsible to the Government for so doing, and the contractor must take back the rejected article, and supply good in its stead, failing which it will be procured elsewhere, and the extra expense (if any) will be charged as in condition 6.

8. A repetition of irregularity in the quantity or quality of the supplies, or of delay in delivering or replacing them when required, will subject the contractor, upon report from the Tender Board, to such mulct, not exceeding the sum of £50, as the Government may direct. It will also be in the power of the Government, upon such repetition, to terminate the contract forthwith.

9. Contractors are not at liberty to transfer their contracts under cover of power-of-attorney, coupled with an interest or otherwise, and no such transfer will be recognised by the Government.

10. In the event of any alteration in the Tariff affecting any of the items included in this Contract, the Government, or the Contractor, as may be the case, will make a proportionate allowance by way of deduction from, or increase of, the price of the item so affected.

11. It will be competent for the Inspector of Stores, on behalf of the Government, or the contractor, on his own behalf, to terminate the contract by giving a notice in writing of three full calendar months; it being understood that such notice can be given only from the first day of a month, and within the period of which the contract is made.

RULES FOR MINING SURVEYORS IN THE BALLARAT MINING DISTRICT.

THE Governor, with the advice of the Executive Council, by Order made on the 3rd day of June, 1867, in exercise of the power conferred in the 47th section of *The Mining Statute 1855*, has made the following Rules for Regulating the Duties of Mining Surveyors in the matter of the Survey of Mining Tenements in the Mining District of Ballarat, under the Bye-laws of the Mining Board, and for prescribing the Fees to be charged by the Mining Surveyors for the Survey of such Tenements, viz. :—

1. Every mining surveyor shall be required to keep an office within the division to which he shall have been appointed, and shall keep such office open for the transaction of business not less than two hours during each day (Sundays and public holidays excepted), and the hours during which such office will be so kept open shall be notified by a notice legibly painted outside and in front of such office.

2. Upon receipt by the mining surveyor of a certificate of application for a mining tenement, signed by the mining registrar of the division in which such tenement is situated, the mining surveyor shall enter in a proper book, in the form of the schedule hereto numbered one, to be by him kept for that purpose, the particulars of such application, and each such entry shall be numbered in the order and dated of the day and hour on which the certificate was delivered to and received by him.

3. The mining surveyor shall endorse upon the certificate the date and hour on which it was delivered to him, and the number of the entry made as aforesaid in his book respecting it, and such certificate, so endorsed, shall, after survey of the tenement, be handed by him to the applicant or applicants for the tenement, or his or their agent.

4. At the time of the delivery to him of the certificate of application the mining surveyor shall appoint a time for making a survey of the tenement referred to in such certificate.

5. Every survey of a mining tenement shall be connected with some fixed point in the survey of some other mining tenement, or in some Government survey.

6. Within eighteen days from the date on which the certificate relating to any mining tenement other than a water-right shall have been delivered to him, the mining surveyor shall make survey of the tenement, and furnish to the applicant or applicants, or his or their agent, a plan and tracing of the tenement so surveyed, together with a report containing a full and accurate description of all the boundary and connecting lines, and stating clearly the nature, extent, and locality of such tenement, and whether such tenement will or will not, in his opinion, interfere with any other tenement, or with the rights of the holders of any other tenement; also stating the date of the survey and by whom made. In the case of alluvial claims, the extent in acres of the claim and the approximate depth of sinking shall be stated in the report, and every such plan and report shall be signed by the mining surveyor.

7. The depth of the lead shall mean the depth to which it shall be necessary to sink a shaft for the purpose of working or mining any auriferous deposit, or any alluvial deposit, earth, drift, or gutter containing or supposed to contain gold, within the claim, or the depth below the surface of the claim, at which the bed-rock immediately under the lead, gutter, deposit, or drift shall be found, or shall be known, or shall be supposed to exist; and when the depth of the lead shall not have been previously ascertained, it shall be by the mining surveyor computed from the most reliable data obtainable.

8. Within twelve days from the date on which the certificate of application for a water-right shall have been delivered to him, the mining surveyor shall make survey of the water-right referred to in such certificate, and shall furnish to the applicant or applicants, or to his or their agent, a plan and tracing of such water-right, together with a report containing a full and accurate description of the length and course of any race, tail-race, or channel referred to in such certificate; the source or sources from which the water is to be taken, diverted, or obtained, and the point to which it is to be conducted; the position, locality, and extent of any dam or reservoir in which water is to be stored; and stating clearly whether in his opinion such water-right will or will not interfere with any other water-right, or with the rights of the holders of any other water-right; and in the event of the water being diverted from any river, creek, or running stream, stating the point in such river, creek, or running stream at which it is to be diverted, the quantity (in sluice-heads) of water to be taken, and the order as to priority of such water-right in respect to any other water-right from the same source; and also stating the date of the survey, and by whom made; and every plan and report shall be signed by the mining surveyor.

9. Upon every plan of a mining tenement shall be clearly delineated all the boundary, connecting, and other lines that may have been surveyed, and the length and bearing of each such line distinctly marked thereon.

10. Each plan of a mining tenement other than a water-right shall be drawn to the following scale:—

If containing 2 acres and under ... 2 chains to an inch.
From 5 up to 20 acres ... 8 chains to an inch.
From 20 acres upwards ... 20 chains to an inch.

Each plan of a water-right shall be drawn to a scale of eight chains to an inch if delineating a race or channel not more than one mile in length, and to a scale of sixteen chains to an inch if beyond that length.

11. The mining surveyor shall keep locality plans of his division in his office, upon which shall be delineated in neutral tint the boundaries and dimensions of all mining tenements surveyed by him, such plans to be drawn to a scale of eight chains to an inch, and the tenements shall be plotted thereon within one month from the date of survey.

12. In the event of any mining tenement being forfeited by the holders thereof, the mining surveyor shall, on discovering the same, make a record of such forfeiture in the remark

column of his register-book, and neatly deface the boundary-lines of the tenement, thus

13. The mining surveyor shall be entitled to demand and receive as payment for the survey of mining tenements, fees in accordance with the scale in the schedule annexed; but no surveyor shall, under any circumstances, be entitled or permitted to demand or receive, in payment for the survey of any mining tenement, any fees other than or in excess of those prescribed in such scale.

TITLE DEEDS.

THE following Deeds, now ready for issue, are awaiting payment of fees and contribution to the assurance fund. The total amounts may be remitted by post office orders, payable to William Kearsy Hughes, Registrar of Titles, Office of Titles, or may be paid to the Receivers and Paymasters. Lessees can execute their leases either in Melbourne or at any country receipt and pay office.

Grantees and lessees can have their deeds made deliverable at any receipt and pay office on notifying to that effect at the time of making the above payments.

Receipts for fees on grants or leases will have to be produced on delivery of the deeds.

Office of Titles,
Melbourne, 14th June, 1867.

W. K. HUGHES,
Registrar of Titles.

Tenders to be endorsed with the subject tendered for, as "Tender for ---."

J. F. SULLIVAN,
Commissioner of Railways and Roads:

OCCUPATION OF LANDS FOR PASTORAL PURPOSES.

TENDERS will be received (under the 29th section of *The Amending Land Act 1865*) by the Board of Land and Works up to Noon of Tuesday, the 18th day of June instant, for the occupation (for pastoral purposes only) of the portions of land hereunder described, subject to the following terms, conditions, limitations and provisions contained in *The Land Act 1862* and *The Amending Land Act 1865*, relating to the ordinary pastoral occupation of Crown lands, and to the provisions of the 78th section of the first-named Act defining the privileges of travellers.

1. The period of occupation will be one year from the date of the acceptance of the tender.

2. The minimum fee in each case will be £5, in accordance with the Regulations of the 16th May, 1865.

3. The license fee must be paid every year in advance; the first fee must accompany the tender or be paid by the successful tenderer or his agent immediately on the declaration of the tenders, otherwise the offer of the next highest tenderer who may be prepared to comply with this condition will be accepted.

4. The licenses will be subject to the granting of licenses under the 42nd section of *The Amending Land Act 1865*, without any reduction of the license fee or allowance for compensation during the current year of occupancy.

5. If the land be not required for sale or for other appropriation, the license will be renewable at the option of the said Board, on the same terms and conditions, provided application be made by licensee two months prior to the expiry of the current license, and payment of license fee for the ensuing year be made on approval of the Board being signified.

6. If any error whatsoever be made to appear in the description or area of the portions of land to be licensed hereunder, the same shall be rectified, and a compensation, or equivalent in satisfaction thereof, shall be determined by the Board of Land and Works, and accepted by the licensee in full of claim for loss or damage sustained thereby, or in the event of the licensee being dissatisfied with the amount so determined, the Board may cancel such license and return to the licensee the proportionate part of the license fee for the unexpired term of such license.

7. Any improvements made upon the land will be so made at the risk of the licensee, as no compensation will be made for such improvements, neither will any time after the expiration of this license be allowed to remove any improvement so made. Plans and information may be obtained in this office.

Schedules of the articles required, and printed forms of tender may be obtained from the Inspector of Stores, by whom also any information or explanation will be afforded to persons tendering.

Separate tenders will be received for each schedule, but tenders must include the whole of the articles mentioned in such schedule, and one price only must be stated for each article. The value of all necessary packages, whether bulk be broken or not, must be included in the prices demanded, and the net weight or quantity only will be paid for.

Tenderers must state the security proposed, whether in debentures, bank deposit-receipt, cash deposit, or sureties; if the latter, the certificate on the printed form of tender must be signed by two responsible persons willing to become bound in the sum specified for the due fulfilment of the contract, and the names of the tenderers and their proposed sureties, together with their respective addresses, must be stated at full length upon such certificate.

Tenders must be accompanied by bank notes, or a bank draft in favor of the Chairman of the Tender Board, for ten per cent. of the amount of security required, which will be returned within ten days to unsuccessful tenderers. Such deposit to be forfeited in the event of the successful tenderer failing to complete the security within the prescribed period.

The Government may elect to require a cash deposit; but any approved security must be completed within ten days of acceptance of the tender, failing which the contract may be again advertised, or another tender accepted.

Tenderers failing to take up their accepted tenders will be disqualified from tendering for Government supplies for a period of twelve months.

The Government will not necessarily accept the lowest or any tender.

All tenders must be enclosed in a separate envelope, marked "Tenders for ---" (as the case may be), and be deposited in the Tender-box at the Government Stores, King street; or (if sent by post) must be addressed to the Chairman of the Tender Board, Stores and Transport Office, Melbourne.

CONDITIONS.

1. The supplies are to be according to sample, and of the particular manufacture indicated in the schedule of tenders. In the case of different makers' goods, the contractor will be required to supply the kind ordered. In other cases the supplies are to be the best quality of their several kinds or manufacture.

2. All orders for supplies will emanate from the departments requiring the goods, and be transmitted through the Inspector of Stores, except in the case of supplies for the local Military Store Department, the Harbor Department, the Naval Training Ship, and for works and buildings. From these departments the order will be sent direct to the contractor. All orders must accompany the goods on delivery, otherwise the goods will not be received. Delivery as a rule is to be of the full quantity ordered.

3. Supplies for ports and harbors are to be delivered at the Marine Yard, Williamstown; or at the Transport Office, Melbourne, as may be stated in the orders. All other supplies are to be delivered at the department requiring the goods; or at the Transport Office, Melbourne, as may be directed in the order; and for the purposes of these contracts all Government establishments within a radius of three miles from the General Post Office will be deemed to be within Melbourne.

4. Arrangements as to time of delivery and inspection of goods will be made by the following officers:—

For materials for Works and Buildings	} The Inspector-General of Public Works.
For supplies for Ports and Harbors	
For supplies for the local Military Store	} The Superintendent.
Ditto Naval Training Ship	
For all other supplies...	The Lieut. commanding. The Inspector of Stores.

5. Orders must receive prompt execution; and in the event of the goods not being delivered within forty-eight hours after the contractor shall have received the order, or within such other time as the order may specify for delivery, it will be competent for the officers named in condition 4, or the head of department to whom the goods are to be supplied, on giving the contractor twenty-four hours' notice, to purchase the supplies at the contractor's risk, and the extra expense incurred over and above the contract price (if any) will be deducted from the contractor's account.

6. The contractor will be required to furnish his account in the prescribed form simultaneously with delivery of the full quantities of goods ordered, the account being rendered with the order to which it relates.

7. The acceptance of the supplies shall be subject to the approval of the officers named in condition 4. The contractor may, however, claim a survey on any goods objected to; but in that case he must, within twenty-four hours after objection is made, give notice thereof in writing to the officer rejecting the goods.

8. Delivery will not be deemed to have been made until the goods have been approved of. All articles rejected must be immediately replaced by the contractor, otherwise purchases will be effected at contractor's risk, and the extra expense deducted as in condition 5.

9. The members of boards of survey will be appointed by the Government, and the decision of the board is to be considered as final. If the board shall decide that the article is not of proper quality, it must be immediately replaced by the contractor, failing which it will be procured elsewhere, and the extra expense (if any) will be charged as in condition 5.

10. A repetition of irregularity in the quantity or quality of the supplies, or of delay in delivering or replacing them when required, will subject the contractor, upon report from the Tender Board, to such mulct, not exceeding Fifty pounds, as the Government may direct. It will also be in the power of the Government, upon such repetition, to terminate the contract forthwith.

11. Contractors are not at liberty to transfer their contracts under cover of power-of-attorney, coupled with an interest or otherwise, and no such transfer will be recognised by the Government.

12. It will be competent, either for the contractor on his own behalf, or for the Inspector of Stores on behalf of the Government, to terminate the contract by giving a notice in writing of three full calendar months to the opposite party; it being understood that such notice can be given only from the first day of a month, and within the period for which the contract is made.

13. In the event of any alteration in the Tariff affecting any of the items included in these Contracts, the Government, or the Contractor, as may be the case, will make a proportionate allowance by way of deduction from, or increase of, the price of the item so affected.

14. The contracts entered into under this notice are not to be considered as being infringed or vitiated by the importation of stores for the Government service, or by any contracts made by the Imperial Commissariat, or on account of other Governments; or by any article being made at or for the use of any Government establishment.

Treasury,
Melbourne, 4th June, 1867.

MEDICINES, CHEMICALS, ETC.

TENDERS will be received until Noon on Wednesday, the 26th June, from persons willing to furnish Medicines, &c., in such quantities as may be required for the service of the Government (except for Railways and Aborigines) during twelve calendar months, commencing on the 1st January, 1868.

Schedules of articles required, and printed forms of tender, may be obtained from the Chief Medical Officer, or the Inspector of Stores, by whom also any information or explanation will be afforded to persons tendering.

Security will be required in the sum of £100; and the tenders must include the whole of the articles mentioned in the schedule, one price being stated for each article.

Oils, tinctures, decoctions, infusions, and liquid preparations generally must be delivered in oval glass bottles. Fuming and other acids, spirits of ammonia, and deliquescent salts, in bottles having ground glass stoppers. In no case will hollands gin bottles be accepted.

The value of all packages, whether bulk be broken or not, must be included in the prices demanded; the weights and measures mentioned in the schedule are to be those of the new "British Pharmacopœia."

Tenders must be accompanied by bank notes or a bank draft in favor of the Chairman, Tender Board, for ten per cent. of the amount of security required, which will be returned within ten days to unsuccessful tenderers.

Tenderers must state the security proposed, whether in debentures, bank deposit-receipt, cash deposit, or sureties; if the latter, the tender must be accompanied by a certificate from two responsible persons willing to become bound in the sum specified for due fulfilment of the contract; and such security must be completed within ten days of acceptance of the tender, failing which the deposit will be forfeited, and the contract may be again advertised or another tender accepted.

The Government may elect to require a money surety.

The names of the tenderers and their proposed sureties, together with their addresses, must be stated at full length.

Tenderers failing to take up their accepted tenders, will be disqualified from tendering for Government supplies for a period of twelve months.

All tenders must be endorsed, "Tender for Medicines, &c.," and deposited in the Tender-box at the Government Stores, King street; or, if sent by post, must be addressed to the Chairman of the Tender Board, Stores and Transport Office, Melbourne.

The Government will not necessarily accept the lowest or any tender.

CONDITIONS.

1. All articles must be of the best quality of their several kinds, and all preparations or compounds are to be those of the new "British Pharmacopœia," unless otherwise specially ordered.

2. All orders for supplies under this contract will emanate from the Chief Medical Officer, or from the departments requiring the supplies, and the articles must be delivered at such place in Melbourne as may be stated in the order; and for the purposes of this contract, all Government offices within a radius of three miles from the General Post Office will be deemed to be within Melbourne.

3. All supplies, when delivered, must be accompanied by the order, which, when receipted, is to be rendered with the contractor's account. No supplies can be received unless accompanied by the order, and net weight or quantity only will be paid for.

4. The contractor shall, at the time of delivering the supplies, furnish his account in the prescribed form, and present it in a complete state to the Chief Medical Officer, or to the officer taking delivery of the supplies, for payment at the Treasury.

5. In the event of a difference of opinion between the contractor and the officer receiving the supply, as to the quality, the same is to be decided by a board of survey, composed of persons named by the Government and the decision of the board is to be considered final.

6. If the board shall decide that the article is not of proper quality, it must be immediately replaced by the contractor, failing which it will be procured elsewhere, and the extra expense (if any) will be deducted from the contractor's account.

7. If from any cause injury would accrue to the public service by waiting for a board of survey, the Chief Medical Officer, the Inspector of Stores, or the head of the department ordering the supplies (as the case may be), will have the power to reject such article or articles as are obviously of inferior quality; it being understood that they will be responsible to the Government for so doing, and the contractor must take back the rejected article, and supply good in its stead, failing which it will be procured elsewhere, and the extra expense (if any) will be charged as in condition 6.

8. A repetition of irregularity in the quantity or quality of the supplies, or of delay in delivering or replacing them when required, will subject the contractor, upon report from the Tender Board, to such mulct, not exceeding the sum of £50, as the Government may direct. It will also be in the power of the Government, upon such repetition, to terminate the contract forthwith.

9. Contractors are not at liberty to transfer their contracts under cover of power-of-attorney, coupled with an interest or otherwise, and no such transfer will be recognised by the Government.

10. In the event of any alteration in the Tariff affecting any of the items included in this Contract, the Government, or the Contractor, as may be the case, will make a proportionate allowance by way of deduction from, or increase of, the price of the item so affected.

11. It will be competent for the Inspector of Stores, on behalf of the Government, or the contractor, on his own behalf, to terminate the contract by giving a notice in writing of three full calendar months; it being understood that such notice can be given only from the first day of a month, and within the period of which the contract is made.
