NOTICE TO MARINERS.

[No. 60.]

AUSTRALIA, EAST COAST.—ALTERATION IN THE POSITION OF YELLOW PATCH LIGHT, MORETON BAY.

THE Portmaster of Queensland has given notice, in consequence of the changes that have taken place in the Middle Channel, at the entrance of Moreton Bay, that on and after the 16th day of April, 1868, the Lower or Yellow Patch Light would be exhibited to the northward of its former position.

The light is a fixed white light, at an elevation of 49 feet above high water, and visible in clear weather, when bearing from S. $\frac{1}{2}$ W. round by east to E. by N., at a distance of 10 miles.

The illuminating apparatus is dioptric or by lenses of the fifth order.

The tower is hexagonal, 43 feet high, white, and stands W. $\frac{1}{2}$ N. from Cape Moreton Lighthouse, and 30 yards from high water mark.

Also, at the same date, that the Comboyuro Light will be obscured between the red light outside the east banks, and the white light inside the Inner Middle Channel Buoy.

Directions.—After rounding Cape Moreton, bring the lighthouse on that cape, Yellow Patch Lighthouse and the roadway on the slope of Lighthouse Hill, in line bearing E. $\frac{1}{2}$ S.; keep these marks on until the Inner Middle Channel Buoy is passed, and the Ship Patch comes open westward of Cowan-cowan Point, then proceed towards Yule road. The eastern buoy of the Middle Channel is red, and also those on the north side of the channel, whilst the buoy on the Knoll is black.

At night, after rounding North Point and sighting Comboyuro Point red light, steer for it until Cape Moreton and Yellow Patch lights are in line; then steer about W. $\frac{1}{2}$ N. keeping the latter lights in line until Comboyuro red light is obscured and the white light seen bearing S.S.E.; when steer south, making due allowance for the tide, until Cowan-cowan Light is open, and proceed up the bay as before. The Cowan-cowan Light leads clear of the western edge of the Venus Bank.

These directions will lead over the East Bank, and to the northward of the Knoll, in not less than 3 fathoms at low water.

(All bearings are Magnetic. Variation at Moreton Bay 9° 45' East in 1868.)

By Command of their Lordships,

GEO. HENRY RICHARDS,
Hydrographer.

Hydrographic Office, Admiralty,

Tenders are required to be written on a form, printed copies of which may be had gratuitously on application at any post office in the colony, and may be forwarded (if by post, prepaid), addressed to the Honorable the Postmaster-General, with the words "Tender for the Conveyance of Mails" endorsed on the cover, or placed in the tender-box at the General Post Office.

Tenderers are requested to describe by their numbers as below the mail services for which they tender, and every tender will be taken to include the entire service as called for.

CONVEYANCE OF MAILS, 1869.

TENDERERS are hereby invited, and will be received until Noon of Wednesday, the 23th October, 1868, for the Conveyance of Post Office Mails as undermentioned, for one year, from the 1st January, 1869, to 31st December, 1869.

Tenders are required to be written on a form, printed copies of which may be had gratuitously on application at any post office in the colony, and may be forwarded (if by post, prepaid), addressed to the Honorable the Postmaster-General, with the words "Tender for the Conveyance of Mails" endorsed on the cover, or placed in the tender-box at the General Post Office.

Tenderers are requested to describe by their numbers as below the mail services for which they tender, and every tender will be taken to include the entire service as called for.

Every tender must bear the *bond fide* signatures and addresses of the tenderer, and of two responsible persons willing to become bound for the fulfilment of the same in such sum as the Government may direct, not exceeding the gross amount of the contract.

Every tender must be accompanied by a bank deposit-receipt for a sum equal to twenty per cent. of the amount for which the tenderer is willing to undertake the service; the money to be lodged to the credit of the Acting Deputy Postmaster-General, and to be absolutely forfeited to the Government in case the person whose tender may be accepted shall fail to complete, within ten days of the date of notice being given of the acceptance of his tender, the usual bond and contract to the satisfaction of the Government. The notice of acceptance, if delivered at the address named in the tender, shall be deemed sufficient.

Persons tendering are requested to state the description of the vehicle they intend to use, and the number of horses by which it is to be drawn.

A separate tender must be sent in for each service; but notwithstanding this condition, any offer will be entertained for the performance of any number of services for a lump sum. The number of the service or services tendered for must be plainly endorsed on the outside of the cover.

The tender of any person failing to comply with the foregoing conditions will not be entertained.

The general conditions referred to in the printed form of tender, and upon which the tender is to be made, can be inspected by persons proposing to tender, either at the General Post Office or at any Post Office in the colony.

The attention of tenderers is drawn to the condition which requires that in cases where vehicles are used, Members of Parliament shall be conveyed free of charge between the districts they represent and the districts in which they reside and Melbourne.
