(From 1st April to 31st December, 1868.)

Williamstown (including all vessels in Hobson's Bay during the currency of the contract, except the <i>Victoria</i> s.s., and harbor rations for the s.s. <i>Pharos</i>)	£50 for breadstuffs £50 for groceries £20 for vegetables.
<i>Pharos</i> s.s. daily harbor rations	£20
Portland	£5 for breadstuffs.

(From 1st May to 31st December, 1868.)

Ararat, breadstuffs

Tenders for each schedule and for rations to the s.s. *Pharos* will be accepted or rejected separately.

Sample of sugar lies at the office of the Inspector of Stores for inspection.

Printed forms of tender and conditions of contract may be obtained from the Inspector of Stores, Melbourne; the Sheriffs at Ararat and Portland, by whom also information will be afforded to persons tendering.

The value of all packages, whether in bulk or otherwise, is to be included in the price demanded (except flour, meal, and potato bags, which will be returned when empty). The prices must be quoted in words as well as in figures.

Security will be required, either in Government debentures, bank deposit-receipt, or cash deposit, as the tenderer may elect.

Tenders must be accompanied by bank notes, or a bank draft in favor of the Chairman of the Tender Board; for ten per cent. of the amount of security required, which will be returned within ten days to unsuccessful tenderers. Such deposit to be forfeited in the event of the successful tenderer failing to complete the security within the prescribed period.

The security must be completed within ten days of acceptance of the tender, failing which the contract may be again advertised, or another tender accepted.

Tenderers failing to take up their accepted tenders will be disqualified from tendering for Government supplies for a period of twelve months.

The Government will not necessarily accept the lowest or any tender.

All tenders must be enclosed in a separate envelope, marked "Tenders for —" (as the case may be), and be deposited in the Tender-box at the Government Stores, King street; or (if sent by post) must be addressed to the Chairman of the Tender Board, Stores and Transport Office, Melbourne.

CONDITIONS.

1. All the articles are to be of the best quality of the several kinds, in the best condition, and to be delivered in sound packages.

2. Bread. A sample of the best ordinarily retailed to the public will be considered as a test loaf for first quality. Second quality to be made of flour known in the trade as "best second;" and the third quality (that issued for prisoners of the Crown) to be made of flour, the produce of prime wheat, from which twelve per cent. has been extracted in bran and waste.

3. Fresh meat is to be supplied in such proportions as may be required, and, when the quantity admits, to be delivered in fore and hind quarters alternately. When shins of beef form a portion of the supply, a fair proportion of the bone, not less than five inches, must have been cut off.

4. The supplies coming under the head of Rations and Medical Comforts are to be delivered direct to the establishment

entitled thereto on the written order of the officer in charge. All other supplies will be ordered by the head of department, either for delivery at the Stores and Transport Office, or at the office of the department concerned, as may be stated in the order.

5. The order issued by the head of department must accompany the goods, and the account is to be rendered simultaneously with delivery of the supplies. In other cases the account is to be rendered monthly. The rates quoted in the orders cannot be exceeded.

6. Should the contractor fail to supply any articles at the time mentioned in the order they will be otherwise procured, and the expense over and above the contract price will be deducted from his account.

7. In the event of a difference of opinion between the contractor and the officer receiving the supplies as to the quality, the same to be decided, in cases where the article is not of a perishable nature, by a Board of Survey composed of persons named by the head of the department, and the decision of the board is to be considered final.

8. If the board shall decide that the article is not of proper quality, it must be immediately replaced by the contractor; failing which, it will be procured by the person requiring it, and the expense charged as in clause 6.

9. In cases where the article is of a perishable nature, or when from some other cause injury would be sustained either by the person to whom the rations are due, or to the contractor in waiting for a Board of Survey, the head of the department, or officer in charge of the station, will have power to reject such article or articles as are obviously of inferior quality, it being understood that he will be responsible to the Government for so doing, and that the contractor must take back the rejected article and supply good in its stead; failing which it will be obtained by the officer requiring it, and the expense charged as in clause 6.

10. A repetition of irregularity in the quantity or quality of the supplies, or delay in delivering or replacing them when required, will subject the contractor, upon report of the Tender Board, to such mulct, not exceeding £50, as the Government may direct. It will also be in the power of the Government to terminate the contract forthwith.

11. Contractors are not at liberty to transfer their contracts under cover of power-of-attorney, coupled with an interest or otherwise, and no such transfer will be recognized by the Government.

12. It will be competent for the Inspector of Stores, on behalf of the Government, or the contractor, on his own behalf, to terminate the contract, by giving, in writing, a notice of three full calendar months, it being understood that such notice can be given only from the first day of the month. It will also be competent for the Inspector of Stores to terminate the contract, without notice, on infringement of condition No. 11, or should there be reason to know that the contractor takes advantage of his contract to communicate improperly with a prisoner.

13. In the event of any alteration in the Tariff affecting any of the items included in these contracts, the Government or the contractor, as may be the case, will make a proportionate allowance, by way of deduction from or increase of the price of the item so affected.

14. The contracts entered into under this notice are not to be considered as being infringed or vitiated by the importation of stores for the Government service, or by any contracts made by the Imperial Commissariat, or on account of other Governments; or by the consumption of the produce or surplus stock of any Government establishment.
