4. The licensees will be subject to the granting of licenses under the 42nd section of *The Amending Land Act 1865*, without any reduction of the license fee or allowance for compensation during the current year of occupancy.

6. If any error whatsoever be made to appear in the description or area of the portions of land to be licensed hereunder, the same shall be rectified, and a compensation, or equivalent in satisfaction thereof, shall be determined by the Board of Land and Works, and accepted by the licensee in full of claim for loss or damage sustained thereby, or in the event of the licensee being dissatisfied with the amount so determined, the Board may cancel such license, and return to the licensee the proportionate part of the license fee for the unexpired term of such license.

7. Any improvements made upon the land will be so made at the risk of the licensee, as no compensation will be made for such improvements, neither will any time after the expiration of this license be allowed to remove any improvement so made.

Printed forms of tender and conditions of contract, with storage capacity, may be obtained from the Inspector of Stores, Melbourne, or from the officer in charge of police at each station, by whom also any information or explanation will be afforded to persons tendering.

The tenders for each station will be accepted or rejected separately.

Tenders will be received for either oats, bran, hay, or straw; but if all be included in one tender, it may be accepted for one article only, if advisable.

Tenders must express the prices in words as well as in figures, and without alterations or erasures.

As much forage as the storage will accommodate will be ordered at a time for the convenience of contractors.

The price must be per ton for hay and straw, and per bushel of 40 lbs. for oats and 20 lbs. for bran (net weight), including delivery at the stations and all charges; bags to be returned on application when empty.

Tenders not complying with the terms of advertisement will not be entertained.

The successful tenderer will be required to enter into a bond for one-third of the estimated amount of the contract, within ten days after the acceptance is notified. Two approved securities are required for contracts amounting to £150 and upwards, and one surety for contracts under £150.

Tenderers failing to take up their accepted tenders, or failing to carry out their contracts satisfactorily, will be ineligible to again hold contracts for Government supplies.

All tenders must be enclosed in a separate envelope, marked "Tender for Forage," and deposited in the box at the Government Stores, King street; or, if sent by post, they must be addressed to the Chairman of the Tender Board, Stores and Transport Office, Melbourne.

The Government will not necessarily accept the lowest or any tender.

The decision of the Government will be made known by *Gazette* notice, and by letter to accepted tenderers.

#### Tenders.

#### CONTRACT SURVEYS.

SEPARATE Tenders for the performance of the several surveys enumerated below will be received at the Department of Lands and Survey up to Twelve o'clock on Monday, the 30th March, 1868, under the conditions notified to tenderers for contract surveys in the *Government Gazette* of the 14th May, 1861.

Survey of detached residence areas on gold fields under five acres in extent.

Survey and marking of main and secondary roads, and occupation roads.

Survey of connected township allotments, ranging from twenty perches to half an acre.

Survey of detached agricultural allotments, ranging from twenty up to six hundred and forty acres in extent.

Such surveys to be made at the instance of and under the specific directions of the district surveyor, and will embrace only such surveys as may not be let by the department by tender in the usual way. The successful tenderer under this advertisement will therefore have no monopoly of the surveys required in the district.

Tenderers will state separately for each district:—

Rate per lineal mile trenched as directed in specification for township surveys.

Rate per lineal mile marked as directed for suburban surveys.

Rate per lineal mile marked for main and secondary roads unconnected with survey of allotments (both sides of road marked, but payment made by single measurement).

Rate per lineal mile chained in feature survey and connection lines.

Rate per lot for marking detached allotments under five acres in extent.

1st class.—Containing under fifteen allotments in one connected survey.

2nd class.—Comprising fifteen allotments and upwards in one connected survey.

The requisite plans of these surveys to be finished in accordance with the specifications for contract surveying, and preparation of plans for photolithographic purposes.

The rates accepted for these surveys to be in operation up to the 31st December, 1868.

The surveys to be executed personally by the contractor, unless under very special circumstances, authority for which will have to be obtained from the Surveyor-General.

The surveys in future are to be proceeded with in the following order:—Lists of the applications for surveys in each district received in one calendar month will be handed to the contractor on or about the first day of the month following, and such surveys are to be proceeded with at once, and finished before any further applications of a more recent date can be commenced:—

65/10 Camperdown District.

Further particulars may be obtained at the above District Survey Office.

The Board of Land and Works will not necessarily accept the lowest or any tender.

Printed forms of tender and conditions of contract, with storage capacity, may be obtained from the Inspector of Stores, Melbourne, or from the officer in charge of police at each station, by whom also any information or explanation will be afforded to persons tendering.

The tenders for each station will be accepted or rejected separately.

Tenders will be received for either oats, bran, hay, or straw; but if all be included in one tender, it may be accepted for one article only, if advisable.

Tenders must express the prices in words as well as in figures, and without alterations or erasures.

As much forage as the storage will accommodate will be ordered at a time for the convenience of contractors.

The price must be per ton for hay and straw, and per bushel of 40 lbs. for oats and 20 lbs. for bran (net weight), including delivery at the stations and all charges; bags to be returned on application when empty.

Tenders not complying with the terms of advertisement will not be entertained.

The successful tenderer will be required to enter into a bond for one-third of the estimated amount of the contract, within ten days after the acceptance is notified. Two approved securities are required for contracts amounting to £150 and upwards, and one surety for contracts under £150.

Tenderers failing to take up their accepted tenders, or failing to carry out their contracts satisfactorily, will be ineligible to again hold contracts for Government supplies.

All tenders must be enclosed in a separate envelope, marked "Tender for Forage," and deposited in the box at the Government Stores, King street; or, if sent by post, they must be addressed to the Chairman of the Tender Board, Stores and Transport Office, Melbourne.

The Government will not necessarily accept the lowest or any tender.

The decision of the Government will be made known by *Gazette* notice, and by letter to accepted tenderers.
